### **About the Exhibitor**

Brookdale Community College offers Art Classes in "state of the art" studio facilities. In addition to Drawing, Painting, 2- and 3-D Design, Jewelry, Sculpture, and Ceramics courses available, there are 2-Year Programs offered in Architecture, Digital Animation, Fine Arts, Graphic Design, Interior Design, and a Major in Photography. In addition, Brookdale offers wonderful Non-Credit Courses through its Continuing & Professional Studies Office.

Most of the works on display are by traditional, college-aged students enrolled in Digital Animation, Architecture, Interior Design, and Photography courses. In contrast, all of the ceramics that are currently on display are by members of the Brookdale Community who are not matriculating for college credits. They have made their pottery and sculpture to satisfy their own creativity.

This exhibition is entitled, "Made at Brookdale Community College," because we welcome artists who are interested in a wide variety of disciplines to learn their disciplines there so that they, too, can create their art at Brookdale. Please come to Brookdale's Open House, Sunday, November 17th, 2019, and learn what Brookdale Community College may have in store for you.
