

## \$6,000,000 Cheesequake Park Work Begins Next Week—De Voe

Work on the new \$6,000,000 Cheesequake State Park will be started within the next ten days according to a statement made Tuesday by Assemblyman Fred DeVoe, of New Brunswick, at a meeting of the South Amboy Rotary Club held in Wilhelm's Hall. The speaker, who has been the instigator and prime supporter for the construction of this new park, said that Project No. 1, which includes a \$256,000 WPA grant from the Federal government and a \$10,000 grant from the State will employ 283 men for a total of 351,924 hours.

Mr. DeVoe's talk was very interesting and for the first time enlightened those present as to what is to be done when the park is fully completed. He gave a history of the park from its beginning in both houses of the State Legislature. The first project will start inland at Cheesequake and work its way toward the shorefront, which, according to the speaker, would be some time before the entire park will be finished and the necessary additional appropriations secured both from the government and from the State.

Mr. DeVoe said that the construction of this park had been his dream for many years. He said that this would afford the family of limited means a chance for the enjoyment of a day's outing without the necessity of traveling many miles as is necessary at present. Sixteen lawyers in this county have been given the business and have secured the necessary searches for the first project. Land for this project ranged in price from \$10 an acre for meadow land, \$25 an acre for wooded land and \$35 for land that had been cleared.

When completed, the park will begin at Raritan Bay at Morgan, the present bungalows all to be torn down, and a fine bathing beach provided. By means of a number of cars may proceed further inland to the shaded areas, where comfort stations, fire places, benches and large parking areas will be provided. In the area between the pres-

ent highway and the railroad, a fine yacht basin will be constructed and above the railroad to the west, a fine salt water swimming pool will be constructed, water to be taken from Cheesequake Creek by means of automatic tidal gates. About the same idea would be followed in the project in the highlands at Laurence Harbor, and here too a swimming pool will be constructed. This second project, which includes the Laurence Harbor property, would probably be approved by the government this week, according to the speaker.

Purchase of the property at Morgan Beach would entail the expenditure of about one hundred thousand dollars, according to the present price wanted by the owners, Mr. DeVoe stated; likewise the purchase of beachfront property at Laurence Harbor.

Mr. DeVoe quoted many figures of various parks in this state and also in New York state as to the many thousand people who enjoy these advantages. He said that in New Jersey there were only five miles of developed ocean front between Sandy Hook and Barnegat Bay. If some additional facilities are not shortly found, people will go out of the state to enjoy park and ocean front advantages, Mr. DeVoe said.

The speaker said he was pushing the State Board of Health and its attorney, Russell E. Watson, of New Brunswick, to force Woodbridge and South Amboy to complete the installation of sewage disposal plants. He added, when this has been done, the purification of the waters of Raritan Bay would be complete, and tests made to determine just what the condition was.

Mr. DeVoe urged all the Rotarians to get behind the park movement and become "Park Conscious," and thanked them for the opportunity of addressing them.

Samuel Stock, new vice-president of the First National Bank, was a guest at the meeting of R. C. Stephenson, and Charles Davis, of the Perth Amboy Club, also was present.

## James (Jay) Sexton Second St. Resident Died of Heart Attack

Entering Bath Room of Home Here This Morning

Entering the bath room of his home on Second street, shortly after eight o'clock this morning, James Sexton, about 58 years old, suffered a heart attack and died before medical assistance could be secured.

Local Police Headquarters was notified and Coroner Mullen, of Perth Amboy, was summoned to give official permission for removal of the remains. Other arrangements are pending completion at press time. Funeral Director R. P. Mason is in charge.

Surviving are: the widow, one daughter, Mrs. Blanche Dowdell, a granddaughter; his sister, Mrs. J. Compton all of this city; and a brother, W. Sexton, of Keyport.

## Junior Order Men Were D. of A. Guests At Meeting Last Night

Last night a number of the members of Joel Parker Council, together with the Jr. O.U. tuchen, Perth Amboy, and Woodbridge attended a "Junior Order" night, held by the local council of the Daughters of America at the Junior Order home here.

At the meeting of Joel Parker council tonight a report will be received from the committee considering a forty-eighth anniversary celebration, September 20th has been set as the tentative date for the anniversary meeting, and the committee is composed of Serrill Newman, William Kurtz, Charles Johnson, Baron Butlew, O. H. Miller, Melvin Ferguson and John Dowling.

After a cessation during the summer months a meeting of the Past Councilors Association will be held on Thursday evening, Sept. 15th, at Monmouth Junction, with Royal Council No. 139 as the host council. Plans are also being formulated by the local council members for a series of monthly social meetings when a program of entertainment will be presented and refreshments will be served.

## DR. VINCENT J. FAZIO, M. D.

WISHES TO ANNOUNCE THE OPENING OF AN OFFICE FOR THE PRACTICE OF MEDICINE AT 360 MAIN STREET, SOUTH AMBOY TELEPHONE S. A. 297

## Republican Women To Meet In Monroe Next Thursday

State Senator James Allardice To Be the Principal Speaker

Many local Republican women are expected to be in attendance at a meeting of the United Republican Women to be held in the Commu-

STATE SENATOR JAMES R. ALLARDICE

nity House in Monroe Township next Thursday afternoon at two o'clock. This will be the only meeting of this group before the Primary Election.

James Allardice, of Ocean County, Republican candidate for the nomination of Congressman from this district, will be the principal speaker.

## Bayview Manor Woman Was Fatally Injured In An Accident Wednesday

Miss Theresa Farrell Succumbs To Injuries Received When Auto Runs Into Pole

Miss Theresa Farrell, 45 years of age, of Lincoln street, Bayview Manor, received fatal injuries as the result of an automobile accident on the Washington road, Sayreville, Wednesday morning.

Although there were no witnesses to the accident, it is believed the car she was driving east on the road got out of control. A passing motorist discovered the car run against a pole and Miss Farrell lying inside. The Sayreville First Aid and Safety Squad was called and started with the woman for the South Amboy Hospital, but she died on the way.

The accident took place on the road close to Such's clay banks, about three hundred feet from the intersection of Washington Road and the road connecting it with Erms-ton.

Miss Farrell was returning from the DuPont plant in Paris, to which she had taken Edward Higgins, a relative, with whom she lived, to work, at the time of the accident.

The funeral will be held from the home of Mr. and Mrs. John J. Ryan, of Lincoln avenue, Bayview Manor, on tomorrow morning at 8:30 and at 9 o'clock at St. Mary's Church, when a Solemn High Mass of Requiem will be celebrated. Interment will be made in St. Mary's cemetery.

## Many Reservations Made For Knights' Outing, Sept. 24th

Will Be Held At The Pines In Metuchen

The large number of reservations made, assure the committee arranging for the outing of South Amboy Council No. 426, Knights of Columbus on Saturday, September 24, a large attendance. The outing will be held at the Pines in Metuchen.

A game between the married and single men's softball teams will start off the activities at 1:30. Among the other athletic activities will be foot races, touch football, foot races and other events.

The married men's softball team will be captained by Joseph McGonigle, while Joseph Vail will lead the single men.

The bake will be served at five o'clock.

Arrangements are in charge of a committee consisting of John Connors, Sr., chairman; John P. Mullane, John E. Mullane, Henry Leonard, Sr., John Zdanewicz, Edward Powers, Richard Mack, John Pot-hoff, Edward Grimley, Joseph Vail, Thomas Vail, John Vail, Thomas McKoon, Jr., Joseph McKoon, Frank Gelsion, Joseph McGowan, Adam Lovely, Joseph Gundrum, Thomas Grimley, Thomas Downs, Henry Benfield, Allen McDonald, Joseph A. Smith, James Harlan, Harvey Emmons, John Nolan, James McCarthy, Charles Eppinger, John Sulliff, Jr., Frank Cleary, William Nekorn, Stanton Ryan, William Brophy, William Bulman, Richard Malone, Mayor Thomas Gleason, John Gleason, Lawrence Winter and Chas. Thompson.

## POSTOFFICE WILL BE CLOSED LABOR DAY

Because of Labor Day, the local postoffice will be closed all day on Monday, Postmaster Downs has announced.

There will be no deliveries of regular mail on Monday, although parcels post packages will be delivered in the morning.

## Council Plans Appointment of City Engineer

The permanent appointment of a City Engineer for a term of three years is anticipated when the Council holds its regular session on Tuesday evening.

For some time it has been the opinion of various members of the official family here that the permanent appointment of a City Engineer should be made. The job was abolished some time ago, at the instigation of former Councilman Harold Fiskov, who inaugurated the move as an economy measure.

Since the abolition of the City Engineer job, Carl Wilbur has been acting in that capacity, performing the engineering work of the city on a contract basis.

Almost since the job was stricken there has been agitation for its restoration, and the matter has been from the list of city appointments, frequently discussed at conferences, but no progress was made because the members of the council failed to agree.

Now, however, it is understood the necessary votes to pass the appointment ordinance have been assured.

Arthur T. McMichaels is slated to receive the appointment. McMichaels was the last man to hold the job before it was abolished, having served but one year of the three-year term to which he was appointed.

## Rumors Manion Would Withdraw Prove Unfounded

Remains As Third Ward Candidate in Only Democratic Fight

Despite rumors prevalent about the city during the past week, there have been no withdrawals of primary petitions, filed on August 25.

One persistent rumor was to the effect that James Manion, who filed as a candidate in the Third Ward, to oppose Frank Stanton, present councilman, would withdraw, but Manion's petition is still on file.

The Third Ward contest is the only major primary fight looming on the Democratic ticket. E. Kress, who had previously filed to run against Charles Hess in the Second Ward, having withdrawn shortly before the petition filing deadline, while Joseph McKoon, a candidate for Councilman at Large, did likewise, leaving John Zdanewicz unopposed.

Tuesday will be the last day for the appointment of challengers and it is also the date for the start of the house to house canvass by district boards in those places where there is no permanent registration.

Thursday, Sept. 15th, is the last day for filing of individual petitions for places on the general election ballot.

The primary elections will be held on Tuesday, Sept. 20th, when polling places will be open from 7 a. m. to 8 p. m. Eastern Standard Time. This is also the second registration day.

## Special Holiday Program Is Arranged For Empire Theatre

Two Features Will Be Presented on Labor Day

A special holiday program for the Labor Day Week-end has been announced by Manager John Zanzalari of the Empire Theatre.

On Sunday, George Raft and Sylvia Sydney will appear in "You and Me." Monday, Labor Day, a complete change of program will take place, with a continuous program from 2 till 11 P. M. Two features will be presented, "The Nurse from Brooklyn," starring Sally Eilers, and Paul Kelly, and "Win Boyd, Hopalong Cassidy, in 'The Heart of Arizona'."

Friday and Saturday, September 9 and 10, Shirley Temple will appear in "Little Miss Broadway," and on Friday, September 9, a continuous performance will be held from 2 till 11 P. M.

City Clerk G. Frank Disbrow has been confined to his home on Bordentown avenue the latter part of the week by illness.

It's a GREETING CARD it's at KUIIN's or nowhere

## Sacred Heart Picnic Will Be Continued Three More Days

Annual Labor Day Event Is Attracting Large Crowds

Opening Wednesday evening, the annual Labor Day picnic of Sacred Heart Parish is attracting one of the largest crowds in history. The event will continue tomorrow night, Sunday and Monday nights on the grounds at Washington avenue, adjoining the church. Many new features which are proving popular, have been introduced.

A grand drawing for \$150 in cash prizes will be held Monday evening at 9 P. M. In addition, a \$5 door prize is awarded each night.

The committees in charge are: Rosary-Parent Teacher Societies, chairlady, Mrs. A. Zlobro; assistants, Home Collections, Mrs. L. Roskowska, Mrs. V. Kosmoska, Mrs. J. Gomolka, Mrs. E. Janas, Mrs. A. Maliszewska, Mrs. A. Zyskowska, Mrs. J. Cieslarczyk, Mrs. M. Surman, Mrs. E. Hrankowska, Mrs. B. Kallisz, Mrs. P. Zlobro, Mrs. P. Archacka, Mrs. K. Baranowska, Mrs. E. Jankowska, Mrs. M. Dynarska, Mrs. H. Hoffman, Mrs. Szuruleta.

Refreshment Committee: Mrs. A. Zlobro, chairlady; Mrs. M. Krolak, Mrs. J. Zientak, Mrs. H. Wojtyls, Mrs. A. Zientak, Mrs. H. Pero, Mrs. M. Mackiel, Mrs. A. Plaskonka, Mrs. V. Cizewska, Mrs. F. Lowandowska, Mrs. M. Wilk, Mrs. P. Archacka.

Grocery Stand: Mrs. H. Woznica, Mrs. K. Jarusiewicz.

Blessed Virgin Sodality: Miss Beatrice Ginter, chairlady; Miss R. Szczepanik, Miss K. Kosmoska, Miss V. Zienkiewicz, Miss C. Stochel, Miss Mary Kuc, Miss H. Stochel, Miss H. Zdanewicz, Miss M. Zrebiec, Miss P. Skulski.

Sacred Heart Parish Club: Cigarette Stand: Walter Urbanik, chairman, C. Sharo, C. Szymanski, S. Urbanik, F. Zrebiec, R. Hrankowski, M. Marczak, S. Sharo, J. Pohl, J. Koch, P. Kilmek, W. Jankowski.

Rev. Walter Urbanik is general chairman, assisted by C. Wisniewski and S. Sieracki.

## Public Schools Here Will Begin Sessions Tuesday, Sept. 7th

Beginning Pupils in First Grade May Register and Enter Then

The public schools of South Amboy will open on Wednesday morning, September 7th.

Beginning pupils may be registered and entered that morning, in the first grade rooms of the George street and Fourth street schools respectively. Birth certificates and vaccination certificates must be shown to teacher in charge of registration. Beginning pupils must be five years of age on or before November 1, 1938.

Pupils who have been in other schools, and wish to enter the South Amboy schools, should register in the office of the Superintendent of Schools on Tuesday, September 6 or Wednesday, September 7.

## Many Prizes Will Be Offered Local Youths In Fishing Contest

Will Be Held Saturday Morning, September 10th

South Amboy will be represented by a large delegation of juvenile nimrods at the county fishing contests to be held at Roosevelt Lake, Metuchen, on Saturday morning, September 10th.

Boats and pleasure cars will leave from Wilhelm's hall at 5:30 A. M. and the contest will begin at 6 A. M.

Through the efforts of a committee consisting of Hugh Farrell, Postmaster Thomas Downs and William Brennan, a number of prizes have been secured which will be awarded to members of the local Junior Sportsman's Club. Among them are two fly casting rods, two boat rods, two creels, three landing nets, two tackle boxes, three hunting knives, three fly reels and lines, camera and case, bathing suit, sweat shirt and two polo shirts.

These prizes are now being displayed in the window of Christiansen's store, next to the post office. In addition, the local lads will be eligible to compete for the prizes offered by the State Federation of Fish and Game Clubs, sponsor of contests. No prizes will be awarded unless the winners hold a membership card in the Junior Sportsman's Club.

Postmaster Thomas Downs has been appointed chairman of the official weighing and measuring committee by the Federation, and will be assisted by William Brennan.

Stove and Furnace Repairs of any and all kinds. Parts carried in stock. Monaghan's, Stevens Ave. and David St. Phone 253.

Moss Rosenberg and Adolf Steinhilber, local businessmen, have returned from a vacation spent in the Catskills, in New York State.

## Mason Suggests Mrs. Holzwarth Resign as State Committeewoman To Relieve G. O. P. Embarrassment

Declares She Is "Ducking" Issue and Should Reply Through Medium of the Press. Denies Controversy Is Of Local Concern Only. Cites Reasons For Contention It Is State and County Issue.

AGAIN RAISES QUESTIONS ON WHICH FIGHT HINGES

In a statement released last night in the Mason-Holzwarth controversy which has aroused state-wide interest, Former Mayor Charles T. Mason expresses the opinion that Mrs. Thera Holzwarth should resign as State Committeewoman, and "relieve the Republican party of the embarrassment which they are now under."

The Mason-Holzwarth controversy has been waging since the local Republican leader charged Mrs. Holzwarth at a meeting of the Hoffman Republican Club about a month ago of being one of the persons responsible for the stirring up of discord among the members of the local party.

In his charges, Mason accused former Governor Hoffman and State Chairman Henry Jeffers, of Plainsboro, as being co-workers in the disruption plan. No response to the charges have been made by either of these leaders.

In a reply made last week, Mrs. Holzwarth declared the controversy concerns only South Amboy and is of no particular interest to the county at large, and she expressed the hope that the former Governor, together with State Chairman Jeffers and herself, be invited to answer the charges at a meeting of the Hoffman Republican Club, where Mason made them.

Mason's statement of last evening is as follows: Editor, South Amboy Citizen, South Amboy, N. J. Dear Sir:

An article appearing in your issue of August 26th, which contains a statement by Mrs. Holzwarth has been read with interest. As I informed you under date of August 24th, this whole matter has been placed in the hands of the State Committee and it is not my intention to do or say anything which might affect their consideration of the case. However, there is one very marked erroneous statement in the reply of Mrs. Holzwarth which needs clarifying, and this is my reason for again writing you.

The article of August 6th attributed the following statement to Mrs. Holzwarth, "Inasmuch as this concerns only South Amboy, it is of no particular interest to the county at large." I should like the Republicans of Middlesex County to review the questions contained in your issue of August 19th and decide whether the questions concern only South Amboy. For purpose of review, I briefly refer again to these questions.

Out of a possible 500%, it would seem there is but 100% of concern to the City of South Amboy as against 400% concern of the county and state.

The very apparent effort of Mrs. Holzwarth to "duck" the issue does not appeal to me as being even clever. She should truthfully reply to the questions referred to through the medium of the press as that was the medium through which the questions were raised, and failing to so answer these questions and substantiate them, it is my sincere opinion that she should resign as State Committeewoman and relieve the Republican party of the embarrassment which they are now under."

## Doll Contest Was Held At Local Playground Wednesday Afternoon

Dramatic Hour and Shuffleboard Finals Will Be Held Today

On Wednesday afternoon, a playground doll contest was held under the direction of the local WPA Recreation Department.

Winners were Emily McCoy, oldest doll; Florence Pawlowski, prettiest doll; Mary Holton, funniest doll and Mary Farley, most original doll. The oldest doll exhibited was fifty six years old. The contest was conducted by the Misses Ruth Keane and Gertrude Grimes and the following took part: Ann Monaghan, Ann O'Leary, Betty Seaman, Janet Seaman, Rita Ellison, Frances Zaleski, Doris Seaman, Betty Lee Kurtz, Ann Sully, Emilie McCoy, Theresa Cheeseman, Mary Kelly, Mary Sergei, Mary Farley, Babs Mauer, Mary Alice Pearson, Rose Marie Lynn, Marion Holton, Dorothy Sisolak, Joan Munch, Marie Filiskov, Almeda Ferguson, Gail Higgins, Mary Triggs, Theresa Kelly, Rita Dooling, Kathleen Monaghan, Virginia McDonald, Catherine Dunham, Regina Minnick, Mary Helen Reid, Mary Claire Connors, Catherine Elsie, Helen Dunham, Florence Pawlowski, Dorothy Hulet, Joan Cleary, Mary Jankowski, Mary June Erickson, Jean Novak.

Today the finals in the junior division of the shuffleboard tournament will take place and there will be a dramatic hour at three o'clock conducted by Thomas Fitzmorris, when there will be singing, dancing, reciting and imitating.

## JERSEY CENTRAL P. & L. WILL PAY QUARTERLY DIVIDEND OCTOBER 1

The Board of Directors of the Jersey Central Power & Light Company have declared quarterly dividends on their preferred stock payable October 1st to stockholders of record at September 10th. The dividends are \$1.75 per share on the 7 per cent preferred stock; \$1.50 per share on the 6 per cent, and \$1.375 a share on the 5 1/4 per cent preferred stock.

Plans for an old fashioned straw ride are being formulated by the members of the Lewis A. A. and Ladies Auxiliary. The affair will be held the latter part of next month. The destination will be somewhere in the vicinity of Freehold, where a barn dance will take place. Frank Morgan, Ted Winnegar and Joseph Prinka are the members of the committee making arrangements.

BY CONGRESSMAN  
WILLIAM H. SUTPHIN

#### The Navy Honors New Jersey

The United States Navy is honoring two of New Jersey's naval heroes who helped make our glorious history, by naming two new destroyers after them. One of these ships, the U. S. S. Lang, named after John Lang of New Brunswick, was launched at the yard of the Federal Shipbuilding Company in Kearny on Saturday.

John (or Jack) Lang was a seaman on board the U. S. S. Wasp, commanded by Master Commandant Jacob Jones at the engagement between the Wasp and His British Majesty's ship Frolic, October 18th, 1812. Captain Jones decided to board the Frolic when every brace of the Wasp was shot away and her rigging so torn that he feared the masts would fall and the Frolic be enabled to escape.

In wearing ship for the purpose of boarding, the vessels came together in such a position that the Frolic lay fair for raking, and it was decided not to board until she was given a final broadside. While the guns were being loaded for this, Seaman Lang who had once been impressed into service on a British man of war, jumped on a gun with his cutlass, and was springing on board the Frolic. His impetuosity could not be restrained, and he was already on the bowsprit of the Frolic when Lieutenant Biddle, seeing the ardor and enthusiasm of the Wasp's crew, mounted the hammock cloth to board. At this signal, the crew followed and proceeded to take the Frolic.

The selection of Lang's name for the new destroyer is the result of an earnest desire by the Navy Department to at the same time honor an heroic seaman, the historic city of New Brunswick, and the Colonial State of New Jersey. Mrs. William D. Leahy, wife of the Chief of Naval Operations of the Navy Department, Admiral William D. Leahy, christened the ship. The Admiral, with Assistant Secretary of the Navy Chas. Edison and his assistant Lewis D. Compton, also officiated, and Congressman and Mrs. Sutphin were present.

Commodore Kearny Honored  
The contract for another destroyer, also to be named in honor of a Jerseyman, has been awarded. The ship will be named the U. S. S. Kearny after Commodore Lawrence Kearny, who was born in Perth Amboy on November 30, 1789. The vessel named after this outstanding New Jersey naval officer, also will be constructed in a New Jersey shipyard by New Jersey workmen. It will be built at Kearny, a community named after the famous Kearny family.

Commodore Lawrence Kearny entered the naval service as a Midshipman on July 24, 1807. During the War of 1812 he was actively engaged at sea off the coast of South Carolina in command of the United States Schooner Porpoise. As the commanding officer of the United States brig Enterprise, from 1819 to 1822, he was actively engaged in the suppression of piracy in the Gulf of Mexico. In 1827 as the commanding officer of the U. S. S. Warren, Commander Kearny was actively and successfully engaged in fighting the Greek pirates in the Mediterranean Sea.

Kearny's outstanding service to his country, however, occurred between the years 1841 and 1844 when he served as the Commodore of the East India Squadron, protecting U. S. interests in China, and controlling the opium trade. While on this duty he learned of a commercial treaty between China and Great Britain, and he urged upon the Chinese Government the granting of equal privileges to American citizens. Here he demonstrated his ability not only as a naval officer but also as a diplomat.

The successful negotiations of Kearny at that time assured equal rights in trade for all nations, and for the first time established what has become known as the Open Door Policy in China. For the first time, China fully opened her ports and her people to intercourse with the Occident and introduced herself to the family of nations.

On his way back to the United States, his squadron stopped at Honolulu, where Kearny learned that King Kamehameha the Third had made a provisional cession of the islands to Great Britain. Kearny immediately issued a formal protest to the King, which caused the islands to be returned to the native government. Were it not for Kearny's action in this instance, the Hawaiian Islands may never have become the property of the United States as they are today, serving as one of our most important advanced naval posts in the Pacific.

Commenting on the work Kearny accomplished, the then Secretary of the Navy said: "The little squadron has done all that could have been expected of it, and it deserves much credit for its great vigilance and activity, and for the prudence and sound discretion with which Commodore Kearny has acquitted

himself of the important trusts imposed in him."

The original home of Commodore Kearny still may be found in Perth Amboy, where, through the medium of a WPA project, it is being renovated and restored to serve as an historical shrine and museum.

#### Naval Academy Vacancy

This is a second notice to boys who may be interested in the U. S. Naval Academy vacancy for 1939 entrance. Inform the Congressman immediately if you wish to qualify. Candidates must have graduated from high school by June, 1939.

They must be 16 and not yet 20 on April 1, 1939. They must reside in the Third Congressional District. Examination will cover Physics, English Composition, Algebra, Geometry, Ancient and American History and will be held October 8th.

#### St. Mary's School News

We have responsibility not only toward marginal Christians, but also toward the masses. What Communists call the proletariat, the capitalists call labor; government call the unemployed, and social agencies call the maladjusted, and what we must call potential children of the Kingdom of God. This group has so long been the victim of social injustices that it feels any force which

will ameliorate their economic lot, is necessarily their savior. Communism, knowing that souls can be bought for thirty pieces of silver, immediately presents itself as their champion and the great enemy of social injustices. And the significance of Communism and the power of its appeal cannot be minimized. Communism is right in its protests: The masses do have too many wants and too few rights. But it is wrong in its reforms. It falsely leads the masses to believe they have only stomachs, as capitalism falsely led them to believe they had only hands. Who will get to the masses first? Will it be Communism mobilizing them into a revolutionary force? The answer depends on how seriously we take our faith. It is here that our responsibility begins—namely, to feed not only their stomachs and busy their hands, but also to teach them they have souls as well as bodies, that the happiness of man consists not in what he has, but in what he is, not in the quantity of his possessions but how he uses them. It is our solemn duty to go down to them and build up just as strong, just as vigorous a Christian proletariat as others would build up a Communistic proletariat. It is our duty not alone because they are poor, and the poor in spirit are the stuff from which the future civilization will be built.

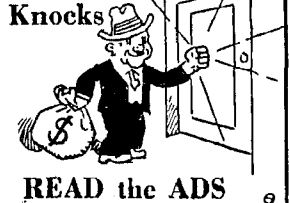

The influences making for the new era will not come from above, but from below, not from individuals with wealth, but from groups with holy purposes, not from the well to do, but from the will to reform. The Church itself even more than civilization will draw its strength from them, as our Lord drew His Apostles from them. By their very nature they possess a power of cohesion which the rich often lack, for wealth without religion breeds false distinctions and snobbery.

They possess a natural solidarity which can easily be woven into the supernatural unity of the Mystical Body of Christ. In Spain, in Russia, in Mexico, they have in fires of indignation, burned churches, but this is because they were told the church was against them. The church that was born of the Poor Man of Galilee cannot tolerate this lie! It is not enough for us to shout it down. The shouts cannot be heard amid burning embers and falling steeples. It must be lived down, and it can be lived down only by Catholics taking seriously the Beatitude: "Blessed are the poor in spirit, for theirs is the Kingdom of heaven."—From "Wisdom," by Msgr. Fulton J.

#### First Iron Ore Furnace

The first successful iron ore furnace in the American colonies was erected at Saugus Centre near Lynn, Mass., in 1642. An earlier forge erected in Virginia in 1619 was destroyed by the Indians three years later. The development of the industry in Pennsylvania received impetus from William Penn, who controlled several iron works in Sussex, England.

8-12-4t

#### FOR BEAUTY...

#### Hot Water

#### Automatically

Frequent bathing with good hot water is essential to care of the skin.

In fact, there are so many uses for hot water in the home that it is good logic to have the supply automatic.

An Automatic Gas Water Heater keeps hot water on tap, day and night, at little cost. Here's an example, based on the monthly gas bill of a family of seven\* living in Plainfield:

The difference between the last full month's bill before installing an Automatic Gas Water Heater and the first full month's bill after installation amounted to \$3.03, or about 10 cents a day.

Have an estimate made of the cost for this service in your home. Ask Public Service or your local plumber.

**PUBLIC SERVICE**

Specials. While every public spirited citizen realizes his duty to vote at election time, his interest in public affairs should not cease after he casts his ballot.

Elected office-holders invariably appreciate co-operation by their constituents. They are willing to follow demands of the public if the demands are expressed through organized action.

Actual experience along these lines has proved the effectiveness of co-operative action in government. For a number of years, local Taxpayers Associations have organized in New Jersey under the guidance of the New Jersey Taxpayers Association. The results of this organization have been numerous and important.

Extensive research work by local units as well as the State Association have resulted in the acquisition of a thorough understanding of the functions of government, and the operation of various governmental

branches, with emphasis on the financial structure of government.

Equipped with this information, taxpayers have taken an articulate part in managing their government. Legislation that affects taxes is scrutinized closely by the association, to safeguard against measures that will increase government costs. Because of intense campaigning against extravagant policies, New Jersey taxpayers have been saved millions of dollars.

Thrifty measures are rarely initiated by legislators. Because of constant pressure of political job-seekers, and work by lobbyists of minority interests, the line of least resistance is in spending measures. The welfare of taxpayers is usually overlooked because of the persistent demands of a favored few.

Since these demands are made by organized groups, organized action by taxpayers has been necessary to combat the tendency to increase public expenditures.

## LOOKING BACK 22 YEARS

Issue of September 2, 1916

The City Solicitor was instructed by the Common Council last Tuesday night to immediately commence action against the New York and Long Branch Railroad with a view to compelling the railroad to install under its tracks at Henry street pipes to carry the surplus surface water which collects in time of heavy rainfall at this point. This action was taken upon motion of Councilman Parisien to that effect following a report from the Solicitor that he had been in communication with the officials of the railroad and had obtained the opinion that the railroad would not stand the expense of laying the pipes. The motion offered by the Second Ward representative was upheld by the Democratic section of the body, but was opposed by the other side of the house upon roll call vote being taken.

The Board of Freeholders held a meeting in the County Records Building, New Brunswick, on Monday afternoon and transacted considerable business.

That of most interest to this city was a resolution by Freeholder Kerr for the paving of Main street and Washington avenue with warrentite, which was passed without a dissenting vote. At the last meeting, Freeholder W. S. Day opposed warrentite, claiming the property owners favored asphalt block.

This Friday night there will be a large delegation of the Jr. O. U. A. M. from this city journeying to Matawan. The local initiation team will perform at Matawan and initiate a large number of candidates, some of whom will be their own.

Two large trucks have been engaged to take the members from this city and in addition there will be a lot of cars that will be driven by their owners which will carry others. There is expected to be a gathering from all parts of the county to witness the initiation ceremony performed by the local team, which is winning quite a reputation for the excellence of its work. Those who go are assured of a good time for their hospitality.

Seneca Tribe No. 23, I. O. R. M. had quite an entertainment in their council rooms in the building corner of First and Stockton streets, on Tuesday night. Two new candidates were initiated into the mysteries of the order and Past Sachem Frank Grace was presented with a magnificent regalia in appreciation of his services.

After the initiation ceremony was over refreshments were served during the enjoyment of which a drawing was held. The winner of first and second prizes in the drawing contest was Daniel Bischoff, who is Senior Sagamore of the local tribe. Lee Stults won the third prize of two dollars, the first and second being five and three dollars respectively. Speeches were made by several of the local members as well as several visitors.

The evening was very pleasantly passed and the visitors from the several nearby towns expressed themselves as being favorably impressed with the hospitality of the local tribe.

Among those on the training cruise for civilians is "Jack" Scully son of Congressman Thomas J. Scully, of this city. He is stationed on the battleship "Kencucky," and is going through with all the requirements of a sailor on board ship. Just whether Old Neptune treated him good or not, he fails to state. However, he is getting some experience and knowledge that will be to his advantage in years to come.

The Marion Hotel has been greatly improved in appearance by general repairs and a new coat of paint.

Charles Agan, Jr., of this city, won a Ford runabout at the harvest home of the Independent Volunteer Fire Company at Morganville Wednesday night.

During the sudden and heavy wind storm last Sunday afternoon, several barges broke their moorings at the P. R. R. stakes and were rapidly drifting down the bay when they ran foul of a barge at anchor and were halted from further drifting.

## WHO WROTE IT?

"Put On Your  
Old Grey Bonnet"

CHORUS:  
Put on your old grey bonnet

His father was postmaster of Joplin, Mo., with a fine voice and the knack of writing songs for political rallies. His mother played the organ; she taught her young son all she knew.

At twenty-one he was sent to Chicago Musical College, where he began to write instrumental pieces. The first popular song he wrote was for Frank "Big Back Alive" Duck, called "Ashy Africa" which the game hunter published with another by the same composer "Just Because I'm From Missouri." He got a job as a song plugger in Gimble's department store in Milwaukee, but after six months came to Manhattan where he wrote his first big hit—"Rainbow."

He followed with "Moonlight Bay," "When You Were a Tulip And I Wore a Big Red Rose" and in 1914 when the American Society of Composers, Authors and Publishers was organized he became one of its first members.

He toured vaudeville and wrote songs for the next fifteen years. During the war, he wrote "Where Do We Go From Here, Boys?"

Now he is living in Hollywood, writing instrumental numbers and occasional popular tunes.

His name is

### SHERIFF'S SALE

In Chancery of New Jersey. Between Louis A. Reilly, Commissioner of Banking & Insurance of the State of New Jersey, in charge of liquidation of the Citizens Building and Loan Association owned by Mary Finley (now deceased), and Samuel Crozier, her husband, et al. Defendants, Pl. Fa. for the sale of mortgaged premises dated August 12, 1938.

By virtue of the above stated writ, to me directed and delivered, I will expose to sale at public vendue on

WEDNESDAY, THE 21ST DAY OF SEPTEMBER, A. D., 1938 at two o'clock Daylight Saving Time in the afternoon of the said day, at the Sheriff's Office in the City of New Brunswick, N. J.

It was ordered, adjudged and decreed that the fifty shares of capital stock No. 3529 of the Citizens Building and Loan Association owned by Mary Finley (now deceased), on which there was due to her \$545.32 and assigned by her to the Citizens Building and Loan Association as collateral security for the said loan be first sold, and so much of certain mortgaged premises with the appurtenances, in the said bill of complaint in said cause particularly set forth and described, that is to say:

All that certain lot, tract or parcel of land and premises, hereinafter particularly described, situate, lying and being in the Borough of South Amboy, in the County of Middlesex, and State of New Jersey, bounded and described as follows, viz:

Beginning at a point in the northerly line of Main Street (eighty feet wide) at the distance of one hundred and sixty-four feet southwesterly from the southwesterly line of Stevens Avenue (seventy five feet wide), as said street and avenue are laid down on the general plan of the said Borough of South Amboy, in the southwesterly corner of lot No. 5, and extending thence southwesterly along the said line of Main Street thirty three feet to a point in the southeasterly corner of lot No. 7; thence northerly along the said lot No. 7 one hundred and fifty feet to a point in the southeasterly line of an alley (ten feet wide); thence northeasterly along the said line of said alley thirty three feet to a point in the northerly corner of lot No. 5 aforesaid; and thence southeasterly along the said lot No. 5 one hundred and fifty feet to the place of beginning.

Containing four thousand nine hundred and fifty square feet more or less.

Being lot No. 6 in Block "C" as laid down on the aforesaid plan.

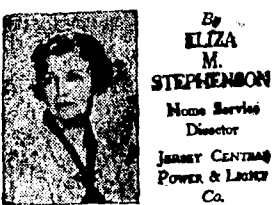

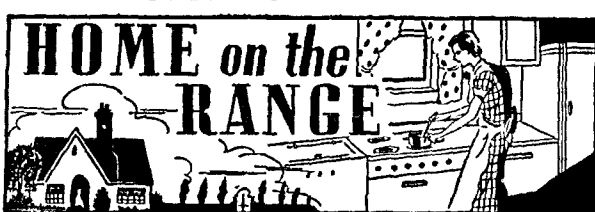

The approximate amount of the decree to be satisfied by said sale is the sum of Six Thousand One Hundred Thirty Dollars (\$6,130.00) together with the costs of this sale.

Together with all and singular the rights, privileges, hereditaments and appurtenances thereunto belonging or in anywise appertaining.

F. Herdman Hardin, Sheriff.

Hayler E. Romond, Solicitor.

\$34.44 8-20-4t

### FISH AND SAUCES

IN the season of plenty let's talk about fish. The market abounds in all kinds of delicious fresh fish, and if you have a friend or husband who is an enthusiastic fisherman, you know the blues are running. You probably are placed in the position from time to time of having to cook the price of the catch and it is your place to do a good job on it too. There are many number of ways of preparing fish, such as boiling, steaming, frying and baking, but there are many other methods just as easy and you will find them very appetizing.

Keep in mind that fish is made up of tender, flaky tissues which soften quickly; hence, fish should never be overcooked. People who claim not to like fish, usually have not had it properly prepared.

Fat or lean fish weighing 3 to 5 pounds may be boned and filled with any desired stuffing to increase the flavor, adding variety to the menu. The edges may be sewed together and strips of salt pork inserted if fish is especially lean, or fat may be brushed over the top of fish. Rub with salt. Bake in uncovered shallow pan in a moderately hot oven (temperature 375°-400°), allowing 10 minutes per pound for fish under 4 pounds. For every pound over 4 pounds, add 5 minutes to the total cooking time.

To encourage a taste for fish in your family dress up the fish with a relish or sauce. Following are recipes for sauces from the American Cook Book which we have used and found that people like:

**Tartar Sauce**  
1 tablespoon chopped capers  
1 tablespoon chopped parsley  
1 tablespoon chopped pickles  
1 cup Mayonnaise  
Combine ingredients just before serving. Serve with fish, hot or cold or as dressing for fish salad.

**Fluffy Horseradish Sauce**  
½ cup heavy cream, sweet or sour  
4 to 6 tablespoons prepared horseradish  
½ teaspoon salt  
Dash of pepper  
Whip cream until stiff; fold in horseradish and seasoning. Serve with fish.

## Behind the Scenes in American Business

New York, August 29th.—Industrial production went into a nosedive just about one year ago. Instead of having the customary seasonal business spurt last fall, the country entered a new depression which persisted for 10 months. Not until July, 1938, did the clouds begin to lift. Further clearing of the skies occurred in August, and by now the frown has disappeared from the brow of most business forecasters.

Their prediction for fall and winter business is "fair and warmer."

The outlook is excellent, they say, the more so because there is much lost ground to be made up. Factory sales of automobiles, for example, amounted to only 1,345,311 the first seven months this year compared with 3,227,266 in the same period last year. This means that the average life of all automobiles on the road has been increasing during 1938, and a potential demand is being stored up which sooner or later flow of wages, salaries, dividends, interest and profits of individual owners must exert itself. Estimates of national income, represented by the sales of businesses, for 1938 have been revised upward a billion dollars by the Department of Commerce to \$61,000,000,000 as a result of trade improvement since June. This figure, however, falls almost 12 per cent below last year's \$69,000,000,000 national income.

Washington—One of the liveliest issues the next session of Congress will have to deal with in the opinion of observers here, is a matter which is going to hit the average man in the place that hurts most—his pocketbook. The federal government has had a deficit every year since 1930, and more taxes are needed. Recently the Treasury Department drew up a schedule of income tax rates that would be necessary to increase government revenues \$2,000,000,000 annually, a figure which would still leave the government from \$1,500,000,000 to \$2,000,000,000 in the red this fiscal year and the two

succeeding years. According to the Treasury estimates, the normal income tax rate for individuals, now four per cent, might have to jump to 10 per cent if Congress does vote to increase revenues by \$2,000,000,000. This would be politically unpopular, however, and it is therefore likely that any tax rate increases on individual incomes would be applied in easy stages rather than all at once. A ten per cent normal tax rate, if it ever became law, would mean that a single man who earned \$30 a week last year and paid a federal income tax of \$22.40, would be called upon to pay a tax of \$56 annually.

Things to Watch For—Brushes made of plastic material instead of hog bristles; the plastic is said to last longer than real bristles. . . . New cocktail shaker discs which prevent leakage from over-zealous mixers; they are made of a synthetic, rubber-like material called kersolac that outlasts ordinary cork. . . . Cellophane like sheets and photographic film made from leather scrap and waste. . . . A shirt designed so that suspenders can be worn concealed beneath it. . . . A device which automatically raises and closes all the windows of an automobile when the key is turned in the lock of the car door. . . . Beer brewed from sweet potatoes; fermentable syrup from the potatoes is said to be better than corn sugar or syrup heretofore used in beer making.

## HOME FROM VACATION?

## MUNICIPAL TOPICS

By the New Jersey State League  
Of Municipalities

### Trailer Tourists

Municipalities have a new problem in the increasing number of trailer tourists. A novelty only a few years ago, the trailer has become a popular mode of conveyance and living. New Jersey can expect an influx of such visitors next year with the opening of the New York World's Fair. Communities not prepared for the invasion, and few are, should not delay in planning for it.

In the past, the trend of trailer travel has been largely toward the South and West. The mild climate, national parks and vast area of open space explain this tendency. Next year, however, the tide of travel will turn eastward. The Chicago Exposition demonstrated the attraction offered by such events for motorists traveling at minimum cost and New Jersey will be called to play host to a number running well into thousands.

A few statistics on trailer sales give an inkling of the growth of the industry. In 1935 there were some 25,000 house trailers on American highways. At the end of 1936 it is estimated the total had leaped to 300,000 and factory production for the current year is variously put at 85,000 to 100,000 units. The American Automobile Association is authority for the statement that approximately 1,000,000 people make use of trailers for vacation purposes. With many they constitute an all year manner of living.

Because of New York traffic conditions and the difficulties of parking, North Jersey counties will no doubt be favorite spots for World's Fair visitors to uncouple their trailers and make camp. After daily trips to the fair by bus or their detached auto, the shore resorts and historic shrines for which the State is famous will be their probable next points of interest and there will be a trailer invasion of the coast counties and other sections.

While the revenue the visitors will bring promises to be a considerable amount in the aggregate, there are undesirable aspects for communities failing to adopt regulations. The menace of unsupervised the trailer camps to the general health of the municipality is paramount among the evils against which safeguards should be enacted. The use of municipal facilities without adequate compensation is another phase that calls for consideration as a matter of simple justice to the taxpayers.

In municipalities where the problem has been recognized and received thought, there seems to be two methods of approach. Some have prohibited the placing or parking of trailers on any street or premise within the community limits, but unless there is co-operation and a unity of action the effect of such ordinances is to drive the trailers just outside the municipal boundaries, where camps are established under conditions worse than if they were segregated in supervised locations.

The other method of treatment, viewed by many authorities as far the preferable, is to designate areas where trailers are permitted to remain for a stated period, subject to definite regulations upon payment of a fee to compensate for the services enjoyed. In this way control is established.

### NOTICE

Notice to Creditors of the Pacemaker Building and Loan Association.

## Kiddie Keep Well Camp Closed Its 1938 Season Wednesday

The Kiddie Keep Well Camp closed its 1938 season Wednesday morning with record gains, the best in three years, reports Dr. W. London, head of the medical committee. The average gain per girl was almost four pounds for the month of August spent at camp.

Especially good gains were reported among the younger campers. "This may be attributed to the Junior camp, a new development this year which separated younger children from the older, allowing them a more leisurely program," explains John Zdanewicz, camp director.

The Kiddie Camp, Middlesex County's camp for undernourished children, has now completed its 14th year. Three hundred children were cared for at the camp this season. One hundred and fifty boys during July and one hundred and fifty girls during August. Each child made a substantial gain in weight and health.

Miss Marie Klaus, Kiddie Camp nurse, reports that her winter follow-up work reveals that most Kiddie campers not only retain their weight gains, but also continue to gain at the normal rate.

The last week of camp was filled with a varied program of activity. In addition to the usual hours of nature lore, singing, games, dramatics and craft work, the children were entertained with special programs of plays, puppet shows, camp fires, doll shows, stunt night and other activities.

A farewell banquet was held on Monday evening when the mayors of Middlesex county dined at the camp and made an inspection of camp buildings and exhibits.

Prizes donated to the camp by private individuals and clubs were awarded to the girls making the best weight gains after the final weighing in Tuesday morning.

Tuesday evening "Parents Day" was held, at this time parents of the campers were shown about the camp and entertained by their children. Exhibits of all work done during the camp season were on display for the parent's attention. On Tuesday evening campers were permitted to return home with their parents. All children not called for were transported back to their homes on Wednesday morning by the camp authorities.

## LEWIS AUXILIARY SOFTBALL TEAM TO PLAY TWICE NEXT WK.

The Lewis A. A. Auxiliary softball team will play two games during the coming week. On Monday they will meet the Spotswood G.O.P. girls at Spotswood and on Friday, they will meet the Arbor Girls Club at Arbor, N. J.

Both games will begin at 6 P.M. Gertrude Suchorski will pitch for the Lewis team with Dot Inman doing the receiving.

## Trenton State Fair Has Many Attractions For Its Visitors

Is Held Annually During the Last Week in September

While the manifold exhibits, from an agricultural standpoint, in the various departments of the New Jersey State Fair held at Trenton the last week in September annually, are worthy of the most inspection and comprise an education in many subjects all the way from stock breeding to home economics, there are thousands of visitors who give them only a casual attention and discover almost their only interest in what they can see from the grandstand. In other words, a great many people go to the fair for entertainment only.

Those that have the agricultural interests at heart also enjoy the entertainment features, and after a strenuous morning or afternoon viewing the wonderful livestock exhibition held in the mammoth coliseum, viewing the splendid exhibits of the 4-H Clubs, they flock to the grandstand from which may be seen every day and night, one of the biggest and most spirited programs of show entertainment that the master showmanship of George A. Hamid, president of the fair, can assemble.

Many enjoy the sight of horses being put through their paces over the fastest half-mile track in the entire East, and delight at the spectacular steeple-chase races and runners, combined with the thrilling and sensational circus acts recruited from all over the world including this year performing wild animals. High-schooled horses and ponies, comedy by eccentric clowns and music by the Madison Square Garden Band.

## Walczak Association To Meet Wednesday Nite At Headquarters

Plans Are To Be Made For Activities During Fall Campaign

The Anton Walczak Association will hold an important meeting at club headquarters, corner Cedar & Center streets next Wednesday evening, Sept. 7th, at which time plans for the fall political campaign will be made. The meeting has been called by the officers and trustees of the club. There will be out of town speakers and refreshments will be served.

The trustees of the organization are: Walter Walczak, John Sharo, Frank Bosiak, William Norek, Edward Opola, Terry Slorcarski and Reuben Forgotson.

Corpuscles Count Given  
In a cubic millimeter of human blood there are about 5,000,000 red corpuscles and 10,000 white corpuscles.

## Old Time Baseball Stars Will Perform At Stanton Clambake

"Trigger" McDonald and Jim Rea Will Captain Teams

Diamond fans of the present generation will have an opportunity to see some of the old time stars whose prowess in other days they have often heard of, in action on Sunday, when the Ray Stanton Association holds its first annual clambake at Sowa's Grove, Old Bridge.

Colonel Jake Ruppert, owner of the Yankees, has promised to be present as honorary umpire and virtually all the leading stars of teams in this section of the county in former years have been signed up for the game. "Trigger" McDonald of the old "Orioles" will captain one of the teams, while "Jim" Rea, one of the stellar performers of the old "Stars" will lead the opposition. The game is scheduled to start at 9 A. M.

The bake will be served at 3 P. M. and the menu will consist of clams, clam broth, blue fish, chicken, white and sweet potatoes, corn, watermelon and beer.

Tickets may be secured at Stanton's Tavern or at the gate.

## Com. Magee Pleads For Precaution By Drivers and Walkers

During Holiday Rush Periods  
To Reduce Automobile  
Accidents

With New Jersey ninth among the States that have reduced traffic fatalities this year, Motor Vehicle Commissioner Arthur W. Magee today pleaded with every automobile driver and pedestrian to be extra careful over the Labor Day week end in their use of the streets and highways.

"Every man, woman and child shares the state's pride in this life saving achievement and everyone should do his utmost to keep this record unscathed during the coming holidays," said the Commissioner. "Drivers can do it by keeping alert, reducing speeds and observing the common sense rules of the road; pedestrians by cautious crossing and walking."

Records of the Motor Vehicle Department show last Labor Day week end accounting for 383 traffic accidents that injured 296 persons and killed fourteen.

Deaths over the major summer holidays during the past two years were as follows:

	1938	1937
Memorial Day	8	19
Fourth of July	9	27
Labor Day	7	14
	60	

## Harry Lambertson Is G. O. P. Candidate In Madison Towns'p

Will Oppose John Partridge In  
Race For Township  
Committee

Harry W. Lambertson, for many years a prominent figure in Democratic political circles in Madison Township, and a former Township Collector, but who for a few years has taken but little interest in active politics, has re-entered the lists, and his name will appear on the Republican ballots for Township Committee.

John Partridge, the Democratic aspirant, is a candidate to succeed himself.

Neither man was opposed for the nomination it was disclosed at the closing hour for filing petitions.

## CATHOLIC CLUB PLANS SOCIAL AND DANCE

The South Amboy Catholic Club will start its fall social program with a social and dance to be held some time next month. Plans for the affair are in the course of preparation.

On Sunday the annual mystery ride and outing of the club was held, when the members traveled to Lake Hopatcong, where they enjoyed bathing, games and athletic events. David Kelly and Edward Lynn were in charge of the event.

## JOHN PERLOWSKI RUN DOWN AT MELROSE INTERSECTION SUNDAY

Another accident took place at the corner of Oak street and Ridgeway avenue, Melrose, Sunday evening when John Perkowski, 52, of Melrose, was injured.

Perkowski was attempting to cross the intersection when he was struck and thrown to the ground by a passing car. Taken to the So. Amboy Memorial Hospital by the local First Aid and Safety Squad, he was found to be suffering from numerous bruises.

## Extra Flagmen Will Caution Car Drivers Where Roads Need It

State Highway Commission Con-  
tractors To Thus Aid  
Safety

Trenton, Sept. 2: To lessen delays and increase safety in the heavy Labor Day traffic, State Highway Commissioner E. Donald Sterner today said that contractors will have extra flagmen at locations requiring special caution by drivers.

"New Jersey's present highway construction gives but little traffic interference as it is largely one of widened alignment," Commissioner Sterner said.

"In our planning to eliminate sharp curves, however, the old paving has been torn up for cross-overs on several projects. At these points flagmen will be on duty to keep motorists in line in order to curtail holiday week end crack-ups.

"Our contractors are hastening the completion of their contracts. The heavy rains this year, however, interfered with operating schedules and the contractors have been required to work overtime to take full advantage of the comparatively few favorable days available for grading and laying of concrete."

## Southern District Of Boy Scouts Will Increase Its Staff

Development Program Was Ap-  
proved At Recent  
Meeting

At a meeting held recently by executives of the Southern District of the Boy Scouts of America, a program of extension and development was planned, and it was decided to add several new men to the staff.

It was announced that R. A. Macfarlan, former Camping Commissioner of the District, has been appointed chairman of the Camping Committee. A new Camping Commissioner will be appointed in the near future, one man will be added to the Training Committee of which Gordon Linn of Perth is a member, and another man will be added to the Health and Safety Committee, of which H. Singleton is a member.

The Advancement Committee is being developed, so that a definite schedule of test passing awards may be promoted and Courts of Honor set up on a definite schedule, in order that the boys may have an opportunity to receive awards. The chairman of the Court of Honor and the chairman of the Board of Review of the District are to be selected.

Under direction of the Neighborhood Commissioners of the Council, an excellent program is being carried on. The members of this committee are: Everett Sheppard, Troops 91 and 95; James Mershon, Troops 93 and 94; and Gordon Linn, Troops 92 and 96.

## WALTER SARAGER HURT IN AUTO ACCIDENT

Young Walter Sarager of John street, was slightly injured in an automobile accident Saturday afternoon on the Old Bridge-Englishtown road.

The lad was riding with Joseph Lewandowski of Willett avenue, South River, when their car ran into the rear of another driven by Robert Miller of Matawan road, Old Bridge. A third car, driven by Erich Steinbach of Westfield, crashed into the rear of Lewandowski's car.

## A STRAW IN THE WIND

For those who have been worried by the inroads of Communism and other beliefs alien to real Americanism, here are at least some crumbs of comfort from an erstwhile "liberal" Congressman recently defeated in his campaign for renomination and re-election:

"Although local issues played an important part in my defeat, it seems to me that it also reflected a growing national attitude. That is an attitude of belief in and willingness to fight for Americanism as against all the other isms.

"The Americanism of some of my backers was questioned. The voters were frightened, not by me but by my supporters. They voted against me.

"I see that trend developing all over the country. And I predict that within the next eighteen months or two years this country will see a wave of Americanism such as it has never seen before."

## ARE YOU A HYPOCRITE?

The average motorist is an unconscious hypocrite. That's a strong characterization—but a little impersonal analysis will substantiate it.

How often have you roundly criticized some driver for an offense which you commit periodically yourself? How often have you taken comfort in the thought that accidents are caused by some reckless breed of motorists with whom you have nothing in common, thus dodging the fact that only pure fool's luck has saved you from a crash on a dozen occasions? Have you ever attempted to get a ticket "fixed"—even though you pay lip service to the cause of aggressive, impartial law enforcement?

It is a fact that a large proportion of accidents are caused by the reckless ten per cent, but the other ninety per cent periodically take chances and are responsible for many of our annual automobile deaths.

Who, for example, doesn't sometimes pass a car when the stretch of empty road that can be seen is too short for safety? Who doesn't occasionally succumb to the lure of excessive speed—even though he has little or nothing to do when his destination is reached? Who doesn't periodically neglect necessary repairs to brakes, lights or steering mechanisms, on the theory that he will get around to it when more convenient?

We'll go a good way toward reducing accidents when the average driver begins asking himself such questions and returning honest answers. Accident prevention, so far as it concerns the human element, is a personal, individual matter—and each individual has to really want to drive safely at all times before he can analyze his driving errors and correct them.

## FIRE TAKES 7,500 LIVES

This year, if past precedent holds, some 1,500 people will be cremated in burning buildings. Six thousand more will die as the result of burns and scalds.

When an airplane crashes and a dozen people burn to death, the news makes international headlines and the world is horrified. Yet the public at large is callous to the fact that our annual total of deaths from fires is greater than the toll would be from 600 airplanes carrying to flaming doom 12 persons each.

Practically every one of those thousand of fire deaths could easily be prevented. But to the carelessness of adults, children are among the principal sufferers. Unprotected stoves, matches left about, steam and hot water—these are major causes of death and suffering among the very young. Death takes no holiday when those things which may cause fires and scalds are within reach of a child's untaught, exploring fingers.

Equally dangerous, particularly in the case of adults, is the practice of starting stoves and furnaces with kerosene, gasoline or other inflammable liquids. You may get away with it a thousand times. But the thousandth and first time may mean a job for the undertaker—with you and possibly others as the objects of interest.

Next time you read of a spectacular disaster, reflect that something equally horrible can occur in your home. Think of this before you stir up a balky fire with kerosene. Think of it again when children are about. It is easy to prevent a fire—but it is impossible to ever make up for the consequences of a fire that takes a life.

The five Texas Congressmen who were committee chairmen, and who were blacklisted by the C. I. O., and who were renominated just the same, doubtless will develop ear trouble when C. I. O. lobbyists ask them for favors next session.

## George Raft in "You and Me," Playing One Day Only, Sunday, at the Empire Theatre

## PERSONAL MENTION

Corrado Spezzi, son of Mr. and Mrs. C. Spezzi, of Washington avenue, was operated upon in the local hospital last Friday for appendicitis. He is recovering nicely now.

A regular meeting of the Common Council will be held next Tuesday evening at the City Hall.

Mrs. Anna Christian of Ward avenue was the recent guest of Mr. and Mrs. H. J. Sandberg at their summer home at Breton Woods.

Mrs. Kathryn Hanaway of Stockton street returned home this week after spending some time as the guest of relatives in Brooklyn.

Mr. and Mrs. Dominic Sorrentino and daughters Victoria and Joan spent the week end in Washington, D. C.

Mr. and Mrs. W. J. Dobrynski of John street were recent visitors at Atlantic City.

Mr. and Mrs. Stanley Lagoda of Pine avenue entertained relatives from Trenton over the past week end.

Mr. and Mrs. Willard King and family were Asbury Park visitors on Sunday.

Councilman-at-Large John Zdanewicz and Vincent Joswiak are touring Canada.

Miss Fannie Carbone, of Highland street, recently returned to her home after visiting Mr. and Mrs. Freda of Brooklyn.

Charles Leach, of Catherine st., is enjoying his annual vacation from duties with a New Brunswick banking institution.

Joseph T. Heckman, of 137 Augusta street, is confined to his home by an attack of pneumonia. He was stricken last week.

Mrs. J. W. Mahoney and son Frank of Broadway, have returned from a trip through New York State and Canada.

Mr. and Mrs. Frank Hall, of Collingswood, and their sons, Franklin and Robert, were local visitors last Friday, renewing old acquaintances. The son, Franklin, who was stricken about a year ago by infantile paralysis, has by now recovered the full use of his legs and is gradually getting the use of his arms, his hands being now back to normal. His recovery is remarkable and is astonishing medical authorities.

## SHERIFF'S SALE

IN CHANCERY OF NEW JERSEY. Between The South Amboy Trust Company, a Trust Company of New Jersey, Complainant, and PHILIP J. SULLIVAN and ANNA SULLIVAN, his wife, et als., Defendants, Pl. Fa. for the sale of mortgaged premises dated August 25, 1938.

By virtue of the above stated Writ, to me directed and delivered, I will expose to sale at public vendue on WEDNESDAY, THE 28TH DAY OF SEPTEMBER, A. D., NINETEEN HUNDRED THIRTY-EIGHT at two o'clock, Standard Time in the afternoon of the said day at the Sheriff's Office in the City of New Brunswick, N. J.

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the City of South Amboy, in the County of Middlesex and State of New Jersey.

FIRST TRACT: BEGINNING at a point in the easterly side of Stevens Avenue one hundred (100) feet northerly from the point where the easterly line of Stevens Avenue intersects the northerly line of Henry Street and running thence (1) easterly and at right angles with Stevens Avenue and parallel with David Street one hundred (100) feet to the westerly line of lot No. 45; thence (2) northerly and parallel with Stevens Avenue twenty-five (25) feet to the southerly line of lot No. 42; thence (3) westerly and parallel with David Street one hundred (100) feet to the easterly line of Stevens Avenue; thence (4) southerly along the easterly line of Stevens Avenue twenty-five (25) feet to the place of Beginning. Being known as lot number 41 in Block Number 26.

SECOND TRACT: BEGINNING at a point in the easterly line of Stevens Avenue one hundred and twenty-five (125) feet northerly from the point where the easterly line of Stevens Avenue intersects the northerly line of Henry Street; thence (1) easterly at right angles with Stevens Avenue parallel with David Street one hundred feet to the westerly line of lot number forty-five; thence (2) northerly and parallel with Stevens Avenue twenty-five feet to the southerly line of lot number forty-three; thence (3) westerly and parallel with David Street one hundred feet to the easterly line of Stevens Avenue; thence (4) southerly along the easterly line of Stevens Avenue, 25 feet to the place of Beginning.

Being the premises commonly known and designated as No. 105-107 So. Stevens Avenue, South Amboy, New Jersey.

The approximate amount of the decree to be satisfied by said sale is the sum of eleven thousand three hundred fifty-five dollars (\$11,355.00) together with the costs of this sale.

Together with all and singular the rights, privileges, hereditaments and appurtenances thereto belonging or in anywise appertaining.

F. HERDMAN HARDING, Sheriff.

LEWIS S. JACOBSON, Solicitor.  
534-02  
9-2-44

Dr. R. B. Pinnerman, Bordentown avenue physician, is enjoying a vacation at Schroom Manor on Schroom Lake, N. Y. He will return to his practice here next Wednesday.

Blaine Bastedo, of Kingston, visited with his brother S. T. Bastedo, of Portia street, last week-end.

Mr. and Mrs. Robert Greenleaf and daughter Dorothy and Miss Dorothy Bergen spent several days in Atlantic City recently.

Maurice Steiner of Church street is enjoying his annual vacation from his duties with the Metropolitan Life Insurance Co. in New York City.

Wednesday evening in the social hall of the First Presbyterian Church, a meeting of the South Amboy Lions Club will be held with Maxwell H. Mayer, presiding.

Secretary Paul Milburn of the local YMCA is enjoying his annual vacation.

Miss Winnie Barry, of Boston, visited this week with Miss Mabel Batchelor, of First street.

Mr. and Mrs. A. T. Hartshorne, of outer Bordentown avenue are enjoying a motor trip through the Thousand Islands and points of interest in New York state.

Miss Edith Bergen, a member of the nursing staff of Pitkin Hospital, Neptune, N. J., has returned to her duties after visiting several days of this week with her parents, Mr and Mrs. Howard Bergen, of Stevens avenue.

Miss Leah English, of East Orange, was the guest of Miss Doris Leonard of First street during the past week.

## FUNERAL RITES FOR FRANK SZAREJKO HELD SATURDAY

Funeral services for Frank Szarejko were held Saturday morning from his residence, 242 Feltus St., followed by a requiem high mass at Sacred Heart church at 9 A. M. The celebrants were Rev. Alexander Zdanewicz, Rev. Walter Urbanik and Rev. T. Madura. Interment was in Sacred Heart cemetery. The pall bearers were: Walter Wojtaszek, Paul Brylinski, John Pohl, Martin Ruszala and Edward Kuc.

## NOTICE OF BIDS FOR COAL

The Board of Education of the City of South Amboy

Notice is hereby given that sealed proposals for supplying three hundred (300) tons, more or less, of No. 1. Buckwheat, White Ash, freely mined coal, will be received and opened by the Board of Education of the City of South Amboy, N. J., at a meeting to be held on Wednesday evening, September 28th, 1938, at 8 o'clock P. M., Daylight Saving Time, in the office of the Superintendent of Schools, in the High School Building, South Amboy, New Jersey.

It is hereby specified that all deliveries are to be made as may be required at any time between the months of August, 1938, and June 1939, both inclusive, and at any of the School Buildings as specified and ordered.

It is hereby specified that the Board of Education of the City of South Amboy, N. J., reserves the right and power to reject any or all bids, as may seem discretionary to the board.

BOARD OF EDUCATION, City of South Amboy  
H. W. Dillon, President.  
Lella L. Neill, Secretary.

9-2-2t

## Georgette's To Move To New Highway

Georgette's, the popular road side restaurant and tavern on the far end of the old Pennsylvania right of way road, will move this week end to a new location on the new State Highway cutoff road in Melrose. A wholly new and up to date building has recently been completed on the new highway at a very high cost to the proprietors. The diversion of the automobile traffic when the new cut off was opened last fall is said to have necessitated the move. It is the second time the Georgette business has been hit by State Highway alterations.

## FRANK A. KOBOSKI WINS PRIZE IN GULF OIL SLOGAN CONTEST

Frank A. Koboski, of Pine avenue, was the winner of a \$25 prize award in the recent safety slogan contest sponsored by the Tydol Oil Company. An entrant of Jacklin & Cross Garage, Main street, Mr. Koboski received his check at ceremonies held Wednesday.

## NOTICE FOR BIDS

The Board of Education of the City of South Amboy will receive bids at the next regular meeting on September 28th, 1938, at 8 P. M., in the Superintendent's Office of the High School, John Street, South Amboy, N. J., for the furnishing of 50,000 gallons, more or less, of No. 4 Fuel Oil, delivered during the present school year, in such quantities and at such times as may be ordered by the Board from time to time, which said Fuel Oil must meet the following specifications:

Four Point: below 0 Fahrenheit.  
Viscosity: maximum 75 seconds at 100 degrees Fahrenheit.  
Fahrenheit, Saybolt, Universal.  
Flash Point: Maximum 200 degrees Fahrenheit.  
Gravity: Minimum, 24 degrees Baume.  
Carbon Residue: Maximum 1/4 of 1%.

Sulphur: Maximum 1%.  
The Board of Education reserves the right to reject any or all bids as may best seem to serve the best interests of the City of South Amboy. The Board proposes to submit a sample from each lot of oil delivered at the school to analysis to insure the product being up to specifications.

H. W. DILLON, President.  
Mrs. Lella Neill, Secretary.

## FABLES IN SLANG

## REG'LAR FELLERS

## PIPE DREAMS

By Nick-Tine

Now that the primary petitions are filed, we wonder if David street will still continue to be the scene of political conferences. Almost every night for the two weeks before the filing deadline, conferences were held in cars parked on that street.

Generally cars are parked in which the planning was going on, were parked just a short distance below Stevens avenue, or a short distance above the avenue.

Generally cars are parked in the dark for necking purposes, but in these cases it was for the purpose of giving it to someone in the neck. Throat cutting is the term more commonly used in politics.

A short time ago, the ex-marine on the police force and his son went down state fishing. They caught three weak fish and a blue fish and tied them to the oarlocks and hung them over the side of the boat to keep them fresh while they were fishing.

When they came in shore, they were both so busy thinking of stories to tell when they got back home, about the ones that got away, that they forgot about the fish they really did catch and it was necessary for them to turn back for their catch after they were halfway home.

The long distance political canvassing which characterizes the local game is going on strong.

One of the plans hinges on the election of a council candidate, who, if he gets in, will try to seat a young fellow with a different color hair from that of any member of the council, in one of the choice appointive jobs in the city.

Looks like it's going to be a cold winter. Second street man was observed sitting on the front porch knitting stockings one recent Sunday morning.

Having won most of the prizes offered for First Aid Squads in the state, the local First Aid and Safety Squad would do well to inaugurate a state-wide "sowdest sleeper" contest and enter one of their members.

This member, who spends most of his nights sitting around the headquarters waiting for a call, was sleeping in his car along the Morgan road one night recently, when two cars came together with a loud report right alongside him. The injured began yelling and spectators ran for the scene yelling, but the First Aid man slept on.

Then the two ambulances of the Squad of which he is a member came tearing down the road, sirens blowing, but he slept on. Then another ambulance with siren screaming, came up to take him away. Then the ambulances with sirens and all was quiet again, and still screaming rushed off to the hospital.

The handicapper and bard of the WPA who lives on David street, is credited with composing the following poem about himself that is certainly descriptive:

"Rain, snow or sleet,  
"You'll always find me on the street!"

A group of amateur sailors from town sailed up to New York to see the ball game Monday and it took them sixteen hours to get back home.

The pilot didn't look Scharff enough at the waves and they took the wrong ones. First they sailed up the Passaic River looking for South Amboy, and when they found it was nowhere around, they came down again, then sailed and sailed

and sailed until they discovered land again; but this time the land was Sandy Hook. Finally they turned the boat in the only other direction in which they hadn't gone before and believe it or not, they got home.

Mystery to be solved: Why are there two mirrors in bus No. 27 when all the rest have but one. Is it because the two drivers who customarily pilot this vehicle think they are better looking than the others, or is it that they are more anxious to watch their passengers than the other drivers. Investigation will reveal the adjustability of the mirror is unique.

When the One Thirty Club held its excursion recently, there was one resident of the Hill who might have had two pals with him, if he hadn't pulled a fast one.

He and the two pals bought tickets for the excursion, then he told the others he wasn't going and had given his ticket away. Hearing this the other two gave their tickets away too.

On the afternoon the excursion left, he suggested the three of them go down to see the excursion off, which they did. When they arrived at the dock, he pulled the ticket from his pocket and stepped on the boat, leaving his two companions standing there cursing him under their breath.

"Who Ray," the thirslatorium proprietor got to bragging about his fishing ability recently so the boys took him out in the Bay to see if he could back it up.

He certainly can throw the ball, but when it comes to slinging the fishing line, he's not so good. He demonstrated that on Friday, the first time he went out, when he was barely able to cast the line over the side of the boat and he was kidded plenty because of it.

Saturday he bought a new reel, line and pole and went out Sunday determined to show the boys how real casting is done. The first time he threw the line out, the reel came off and went with it and just at that time, he caught a week fish on the line and it was necessary to pull it in by hand to land the fish. With the new reel, line and pole, the best distance he could get in casting was twenty feet.

"Red" the demon bartender of the Hill section went to New York for his first visit the other day accompanied by a local cop. "Red" got big city fright when he saw the tall buildings, and it was necessary for the cop to keep holding his hand to keep him from getting lost. When the cop wasn't holding "Red's" hand, "Red" was holding on to the cop's coat.

"Red" got his biggest disappointment as they neared the Yankee stadium. Seeing the concrete sides of the structure, he thought it was a hotel and when they started to go in he exclaimed "Oh, gee, we're gonna get something to eat before we go to the ball game, ain't we?"

There are many stories back of the filing and not filing, as well as the withdrawing of primary petitions here recently.

Probably the most interesting story in this connection concerns a young man who was politically ambitious and wanted to become a committeeman. The reason he did not file a petition, however, is that his father is the godfather of the present committeeman, who filed for re-election.

## THE M. D. SAYS

Health Question: Can cosmetics supply "skin foods" which nourish the skin?

The food for all parts of the body is derived from the food we eat. It is prepared by our digestive system and transported by the blood stream to all parts of the body. The skin is nourished in this way only.

The skin may temporarily become softer, smoother, and more pliable as the result of the application of creams and lotions, but the skin is not fed by the exterior application of cosmetics.

Some cosmetic products have been advertised as containing vitamins which are beneficial to the skin. There is no evidence to show that vitamins can be absorbed into the body from the application of creams to the surface of the skin.

This feature is prepared by the Medical Society of New Jersey, an organization of physicians of the State.

## The Laws of Draco

In the latter part of the Seventh century B. C., the people of Athens, suffering under the unjust administration of justice by the ruling class of nobles, demanded a written code. Draco, an Athenian, was employed to draw up such a body of laws. The severity of these laws, under which the penalty for most offenses was death, gave rise to the saying that the Draconian code was written not in ink, but in blood.

## ELECTION NOTICE

## REGISTRY AND ELECTION

**MADISON TOWNSHIP**  
Notice of Registration and Primary and General Election in and for the Township of Madison, Middlesex County, New Jersey.

Notice is hereby given that the Boards of Registry and Election of each of the Election Districts in the Township of Madison, will meet at their respective polling places on

One (1) Mayor.  
One (1) Councilman-at-Large.  
One (1) Councilman from the Second Ward.  
One (1) Councilman from the Third Ward.  
One County Committeewoman of each Political Party for each District.  
One County Committeeman of each Political Party for each District.

The aforesaid Registration and General Election will be held in the following places in the City of South Amboy:

**First Ward**—First District, Mechanicsville Fire House, Harrison Street, Second and Third Districts at School No. 2, Fourth Street.  
**Second Ward**—First District at Protection House, Second and Third Districts at New Broadway Fire House, 127-129 North Broadway.  
**Third Ward**—First and Second District at School No. 1, George Street.  
**Fourth Ward**—First District at Progressive Fire House, Harrison Street, Second and Third Districts at School No. 1, George Street.

The following is a description of the boundary lines of the election districts in the City of South Amboy:

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the low water mark of the Raritan River, and running thence (1) along the northerly boundary line of the City of South Amboy to a point where it intersects the center line of the right of way of the Pennsylvania Railroad, and thence (2) along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (3) along the low water mark of the Raritan River to the point or place of beginning.

**Second Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along said center line to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Third Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Fourth Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Second Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Third Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Fourth Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Second Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Third Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Fourth Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Second Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Third Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Fourth Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Second Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Third Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**Fourth Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad to the center line of the right of way of the Pennsylvania Railroad, and thence (3) easterly along the center line of the right of way of the Pennsylvania Railroad to the low water mark of the Raritan River; thence (4) along the low water mark of the Raritan River to the point or place of beginning.

**First Ward**—Beginning at a point where the northerly boundary line of the City of South Amboy intersects the center line of the right of way of the Pennsylvania Railroad, and running thence (1) southerly along the center line of the right of way of the Pennsylvania Railroad to the center line of the intersection of the center line of the City of South Amboy and the center line of the right of way of the Pennsylvania Railroad, and thence (2) easterly along the center line of the intersection of the center line of the City of South Amboy and the

## Hearts, DeSantis and Tigers in Three Way Tie for League Lead

Behind the five hit pitching of Stan Urbanik Monday night, the Sacred Hearts played air tight ball and climbed from third place into a three way tie for first place honors at the finish of the City League schedule. Sharing the honors with them are the DeSantis, victims of the Hearts win on Monday night, and the Tigers.

Contrary to reports prior to game time, the DeSantis outfit was out to win the game and they brought Eddie Jankowski down from his season of pitching semi-professional ball to pitch Monday night's game. But Eddie didn't have what it takes to hold back a team like the Hearts, all pepped up from a 12-1 victory in Perth Amboy the day before. For the first three innings the DeSantis managed to keep the Hearts from scoring, although once there was a man on third and twice men were on first and second. In the fourth, three singles in a row netted two runs for the Hearts. Again in the sixth they scored a third run.

Urbanik's slow ball pitching throttled the DeSantis batters and not until the sixth inning did a tavern runner dent home plate. The game ended with the score 3-1 to douse the hopes of the Romeo team of getting into the playoffs. The way the teams stood going into the game the Hearts could lose and thus fall into a tie with the Romeo team for third place honors, which would have meant a playoff game. If the Romeo team could win that playoff Mickey Soo's charges felt they had a chance to cop the big money prize for they have been tough all season for both the DeSantis and Tiger outfits. As it is the Romeo's are out of the playoffs now.

The lineups:

DE SANTIS	AB.	R.	H.
Post, c	2	1	0
Hysong, 3b	3	0	1
E. Jankowski, p	3	0	1
G. Jankowski, lf	3	0	1
N. Morgan, 1b	3	0	1
H. Morgan, rf	3	0	2
H. Conroy, cf	2	0	0
Pothoff, s	2	0	0
<b>Totals</b>	<b>25</b>	<b>1</b>	<b>5</b>

SACRED HEARTS	AB.	R.	H.
Tugch, 2b	3	0	1
Budniak, c	3	0	1
S. Jankowski, cf	3	0	0
H. Jankowski, 3b	3	1	1
Zlobro, 1b	3	1	1
L. Lagoda, rf	3	1	3

Gomolka, lf	3	0	1
S. Urbanik, p	3	0	0
<b>Totals</b>	<b>27</b>	<b>3</b>	<b>9</b>

Summary: Errors, Pohl 1. Double, E. Jankowski, Triple, Budniak. Sacrifice, Post. Base on balls, off Urbanik 1; off Jankowski 2. Struck out, by Jankowski 10. Umpire, Ryan.

## DIAMOND DUST

Editor's Note: The opinions expressed here are those of the writer and do not necessarily agree with those of the management.

The most interesting topic of the week was the defeat the Sacred Hearts handed to Ed Jankowski. But it was something of a hollow victory after all—all but two of the Hearts' hits were of the "lucky" type.

Believe it or not, when the Hearts defeated Jankowski Monday night, it was the first time they vanquished the portside in more than fifteen attempts. And I believe it was the first time Lou Lagoda made a base hit from Lefty's slants.

Jankowski completed the season with Montpelier with a record of eight wins and seven defeats. He will report with the same outfit again next year unless something better turns up in the future. Ed was voted the second fastest runner in the Northern League.

Pete Pavich will be home the 7th or 8th of this month. And Gene Thomas tells us that Pete will undoubtedly be playing second base for Jersey City next year.

Had a conversation with some Totenville baseball fans and they claim that Pete Pavich is the best shortstop they had seen perform in that burg. Ed Jankowski and Pete are the idols of Totenville fans.

We Told You So: That the team that won the city league would have at least six victories to their credit. And that the Tigers, DeSantis and the Sacred Hearts would be the teams that finished in the playoff positions.

Boots Inman tells us that all positions are open on his football team and that he'd like to see more football players try out for the Tiger grid team. He says all prospective players will be given a thorough try-out.

Next to Pete Pavich, Ed Gomolka is one of the best shortstops this town has ever seen. Who do you think was the better shortstop: Pete Pavich, "Pudney" Stinson or "Taj" Welczak? Was George Lagoda in his day a better catcher than Budniak is today?

Was Murry Borlund a better pitcher than Reggie the Cop? Was Mike Soo a better pitcher than either Borlund or Reggie? Do you think Diddy Maxfield was a better twirler than any of the three mentioned above?

Joe Conroy tells us that he hopes St. Mary's plays Woodbridge this coming season.

John Kue is coming along nicely and wishes to thank everybody for the wonderful things they are doing for him.

## Romeos Win From De Santis Friday After Late Start

Coming up to expectations of the fans, the Romeos took the game from the DeSantis outfit in the City League tilt last Friday night. But they waited until the tail end of the game to do it, and then it was experience that comes from years of ball playing that ran up the 3-2 score to give the Romeos a fighting chance to win at least third place in the league finals.

A triple by Garry in the first inning and a sacrifice fly gave the DeSantis the edge by a 1-0 score up to the sixth inning, with Mickey Soo opposing Henry Conroy on the mound. In the sixth Conroy pitched too carefully to Earl Weisner, and deliberately passed Soo. With two out Stratton raised a high fly that looked like an out but the two old timers legged it for home and when Flemming muffed the catch the runs were in, and Stratton made third. He came in on Dobryzinski's single with what proved to be the winning run. Hyson got a double and scored on sacrifices in the closing innings but Soo saved the game by strike outs.

The box score:

## Newark Bears Have Again Captured International Flag

Have Led League From Opening Day of Season

Again the Newark Bears are the champions of the International League. They have clinched the gonfalon and no wit is just a question of keeping it wrapped up until they are ready to unfurl it from the flag pole in center field.

It is the second consecutive year they have won the biggest prize in the Shaugnessy wheel. Since 1932 when Colonel Ruppert bought the club, the Bears have finished first four times. The Bruins stepped into first place on opening day and have been there ever since. Under the leadership of Manager Johnny Neun the Bears set a stiff pace, despite many serious handicaps. Once the Newark team started rolling the opposition found it impossible to halt it on its pennant journey.

**Deer Sketch Traced to Ice Age**  
Scientists date the drawing of a deer, found on the wall of a cave in the lower Altamuel valley in Bavaria, back to the Ice age.

## Darkness Halts Final Game In City League

Mechanicsville scored ten runs against Erston Tuesday night in the final game of the City League schedule. But Erston was given credit for winning the game by a 6 to 3 score, because it got too dark to finish the inning in which the Mechanicsvillers made seven runs to add to the three they had piled up earlier. When the umpire, Charles Hess, called the game because of the approach of total darkness, the score reverted to the figures of the last previous complete inning, or 6 to 3 in favor of Erston.

The game did not mean much in the way of league standing for there was only a single percentage point separating the two teams in the league standing when the game started, with Mechanicsville already in the cellar. It was their last chance to escape finishing in the rabooose position of the league.

Tom Phillips started on the mound for the Erston tribe and made out well until the beginning of the seventh. Rynles in his second appearance for the Mechanicsvillers, ran into trouble in the third and again in the fifth and sixth innings when two runs scored in each frame. He gave up a total of 11 hits including a home run by Mackiel, and a triple by one of the Petners.

## No. Amboy-So. Amboy Game Last Night Nets 'Umpire's Nightmare'

Benefit Game Lost By Locals  
Because of Night Falling  
Too Soon

Umpire Stanton Ryan ran into one of those "Umpire's Nightmares" last night in handling an exhibition game between Joe McGonigle's North Amboy's and an All-Star aggregation from the City League at the local stadium.

Here's the picture: the local team at bat in the last half of the seventh inning, score 10 to 8, two out, three on base, three runs had been scored, the enemy pitcher was on the run, his team up in the air, the local heavy hitting end of the batting order coming up. The umpire called the game because of the darkness making it dangerous to continue play. He was absolutely right, but that didn't make it any more agreeable for him so far as the treatment in the way of a verbal dressing down that he got from the local players.

There was nothing at stake—the collection (which netted not quite twenty-five dollars for the benefit of Johnny Kuc) had already been taken up. The fans were more than satisfied at having seen a good game with plenty of everything, including dumb or unfortunate plays by both sides, and pretty much all the local stars had had a chance to strut their stuff, mostly to their own advantage too.

The game started off with Teddy Winnegar doing the pitching for the locals. A base on balls, plus a sacrifice and a ringing single off Joe McGonigle's bat scored a run for the North Amboy's in the first inning. There the score stood until the fourth when Stratton came in to pitch for the locals.

The local team seized Stratton's appearance on the mound to stage a whole collection of stunt plays that resulted in five runs being scored, four of them before the ball was batted out of the infield once, the other coming from the only hit of the inning up to that time. For instance, the shortstop stopped a hit ball and couldn't stop himself in time to throw. The catcher tried to field a bunt, but the batter had just dropped, and roll where nobody

## This Small Home Will Be Popular Everywhere

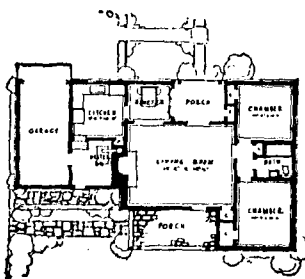

Monterey-type House Designed by  
Randolph Evans for Leisure  
Comfortable Living.

LIKE its historic ancestor—the ranch house—this Monterey type house is justly famed for its gracious hospitality. Introduced first into California, it spread with astonishing rapidity to all parts of the country and is now as much at home in New England as it is in the Southwest. It is perfectly designed for leisurely, comfortable living.

It is a close-to-the-earth kind of house. A low-pitched roof, covered with distinctively colored asphalt shingles, reaches down almost to the tops of the garden hollyhocks, emphasizing the length and rambling beauty of its old fashioned exterior.

In plan, it is a model of modern compactness. A large living room, dominated by an open fireplace, looks out over both front and rear gardens, and is but a few steps from the two corner bedrooms, an efficiently ordered kitchen and the built-in garage.

Several other features show the thoughtfulness exhibited by its well-known architect, Randolph Evans, who designed it for the Monterey Small House Club of 227 East 46th Street, New York City.

The dinette, for instance, can be extended almost into the garden for summer dining by opening the paired French doors that separate it from the covered porch, and the utility room, containing laundry trays, heating and hot water plants, can be made into a laundry and store room by building a small cellar to accommodate the heating equipment.

A roof of mineral surfaced asphalt shingles adds much to the safety and beauty of this romantic looking, but very practical home. It forms a fire-resistant shield that permanently protects the roof from flying sparks and burning embers, one of the chief causes of conflagration in the United States,

according to fire insurance, statisticians.

Whether built far out in the country, where it may sometime be endangered by brush fires or burning outbuildings, or built in town with many close-by neighbors, such a fire-safe roof is an indispensable protection. More than 600 cities and towns in this country require such a fire-resistant roof by law.

Another illustration of the sound specifications prepared by its architect is the mineral wool insulation in all side walls and above the ceiling. Mineral wool is also placed under the floor so that there will be no danger of cold floors in this cellarless house.

A family of three or four can be comfortably accommodated in this simple house. Approximately 47 feet wide, it should stand on a 75 foot lot, or roomier, to give sufficiently large side yards, and when finally completed, with flagstone walks, brass door knocker and shutters painted to match the asphalt shingles of the roof, it will seem a fit part of the land on which it stands.

Though expensive in appearance, Randolph Evans reports that this house can be built for from \$4,800 to \$5,500, depending upon its locale.

have not been entirely completed as yet, it is understood, because of managers not having had time to contact all their players, particularly the pitchers.

Sunday afternoon Ted Winnegar is scheduled to pitch for the Tigers with the DeSantis team using either one of the Jankowski pitchers or one of the Conroys in the box.

**WILLIAM HUTCHINSON**  
—FULLBACK—  
**DARTMOUTH**

HE DID MAKE SOME MISTAKES, BUT HE DIDN'T MAKE ANY MORE. DISCOURAGED ANOTHER YOUNGER WHO WASN'T BEING ADVISED BY A WISE AND EXPERIENCED COACH LIKE DARTMOUTH'S BLANK.

FOOTBALL WORLD HEARD ABOUT BILL HUTCHINSON LAST FALL WHEN HE SCORED 5 TOUCHDOWNS AGAINST HARVARD—TWO OF HIS LONG PASSES HE THREW WERE FROM MID-FIELD OR BETTER. AFTER THIS PERFORMANCE, EXPERTS NAILED HIM AS BEING THE GREATEST BACK SINCE A.D. GRANGE.

HE WAS A HURLER IN FOOTBALL, AS WELL AS A CRICKETER AT LAMAR MOORE HIGH SCHOOL.

Bishop

could field it. There was a double play in the making another time, but the second baseman couldn't find the base to tag it and another time he got a runner going into second on a sort of squeeze play, but got knocked down and couldn't recover in time to stop the scoring half of the squeeze. The first baseman and pitcher trapped a runner off first and in throwing to second, the ball hit the runner in the head and bounced into left field while the runner made third on the error. And so it went, with Stratton walking out of the box in disgust, to be relieved by Whitey Phillips.

With two out and the score 6 to 3 against them in a later inning, the locals got the bases loaded. A consultation on whether to put Ogborne in as a pinch hitter resulted in Hyson batting and grounding out to end the inning.

Again, with two out and the score 10 to 5, Ogborne was put in as a pinch hitter and he hit the first ball pitched out of the lot between left and center for a two base hit, but got caught trying to stretch the hit into a triple. Two runners on base scored however.

North Amboy had a lot of luck too. Joe McGonigle in center just happened to be playing away back

when Hyson hit a long fly that should have been good for extra bases. Both the third baseman and shortstop pulled line drives out of the air to rob the locals of extra base hits at critical moments. But in the last inning their luck turned too and just about half of the team did everything but what the book says to do with the ball, if and when a player gets it—including kicking, stepping on, falling on and miffing the ball.
