**ROTARY CLUB
HAS ANNIVERSARY
EVENT TUESDAY**Affair At Buttonwood Manor
Attracts Many Members
and Guests

Members and friends of the South Amboy Rotary Club gathered at Buttonwood Manor, Matawan, on Tuesday evening, when they celebrated the fifteenth anniversary of the club, together with the annual Ladies Night. The affair turned out to be one of the most successful social events ever held by the club, and from the opening of the festivities started by president Donald W. Reed, Jr. until the last guest had left, the evening was enjoyed by those present. The many events planned by the committee left not one dull moment.

The entertainment was declared to be the best ever secured by the club for such an occasion, and consisted of dancing and acrobatic acts and vocal selections by professional entertainers. Henry Leonard, of this city, also rendered two vocal selections to the enjoyment of his listeners. The music for the dancing was furnished by Ernest Christoferson and his orchestra.

At the conclusion of the dinner, which consisted of turkey and all the trimmings, President D. W. Reed, Jr. introduced Dr. E. H. Euler, told of his memories and when the club was organized in 1924. Dr. Euler, in a well delivered and timely, told of his memories and pleasant association with the club. Other charter members who spoke briefly were O. W. Welsh and James L. Housel. President and Mrs. Reed were presented with a bouquet of roses by the club. Bob Mason acted as master of ceremonies during the evening.

Among those present were: President and Mrs. D. W. Reed, Jr., Melvin Safran, Dr. E. H. Euler, Miss Katherine Euler, Henry Leonard, Jr., Mr. and Mrs. J. T. Thompson, of Philadelphia; Mr. and Mrs. Wm. S. Day, Mr. and Mrs. R. P. Mason, Mr. and Mrs. T. Kwikinski, Mr. and Mrs. J. M. Roll, Mr. and Mrs. Ira Safran, Mr. and Mrs. C. Hutson, Mr. and Mrs. R. Ohrens, Miss Doris Brennan, Miss Olive Welsh, Mrs. Miriam Moore, O. O. Barr.

Mr. and Mrs. D. Burke, Mr. and Mrs. Sidney Komar, Ray Kitchell, Mr. and Mrs. Manvel Applegate, Sr., Mr. and Mrs. Earl Applegate, Jr., Mr. and Mrs. James L. Housel, Mrs. Housel, of California, Mr. and Mrs. Howard Lambertson, Mr. and G. T. Wilhelm, Mr. and Mrs. J. H. Dawson, Mr. and Mrs. O. W. Welsh, Mr. and Mrs. Samuel Stock, Mr. and Mrs. George Kress and G. Frank Disbrow.

**REPUBLICAN PARTY
STARTS PLANS FOR
FALL CAMPAIGN**Young Republicans Invited To
March Meeting to Take
Part in Activities

Active work on a plan of campaign covering the years 1939 and 1940 which was recently outlined, has been begun by the strategists of the local Republican party, who feel confident the plan will put the party in control of the council at the next election and in 1940 will give South Amboy a Republican mayor in addition to contributing a large vote for all candidates because of the presidential election.

The chief problem being considered at the present time is the forthcoming election of officers of the Hoffman Republican Club, axis around which the party revolves. The club election will take place in May and efforts are being made to have a slate of officers elected which will give recognition to some of the younger members of the party who have been active in the past several years and at the same time retain some of the older members, because of their experience. While the election will not take place until May, the nomination of officers will be held at the April meeting and since the March meeting will be more or less of a social nature, strategists are giving the selection of a slate major consideration at the present time.

The movement recently inaugurated to include all young Republicans of South Amboy in a city wide organization is making great progress and the next meeting of the club on Thursday, March 9th will be devoted largely to a discussion of this phase of the work and the Young Republicans will be guests of the club.

**LEGION WILL CONSIDER
BY-LAW AMENDMENT**

Considerable business of an important nature is slated for transaction for the next meeting of Lake A. Lovely Post, American Legion, to be held at the headquarters on Lower David Street, Thursday evening.

Foremost among the matters to be given consideration is an important amendment to the by-laws providing for the creation for of a social club.

If it's a GREETING CARD, it's at KUHN'S, or nowhere.

**Woman's Club
Program to Mark
Wash'ton's Birthday**

At Meeting Held Tuesday Afternoon in Parish House

When the Woman's Club held its meeting Tuesday afternoon at the Parish House, a program in celebration of Washington's Birthday was presented. Mrs. William P. Nichols read a story, "Why are they stars?" and Mrs. George Miller read an article on George Washington.

Mrs. Helen Newman, an interior decorator, from a Newark department store gave a talk on wall paper and draperies in which she stressed the importance of harmonious slip covers and other room furnishings.

Club president, Mrs. E. Robert Owen announced the next meeting of the executive board will be held at her home on Tuesday afternoon, February 28 instead of on Thursday March 2nd.

At a recent meeting of the Literary department, two books "Rebecca" and "Admiral Byrd Alone" were reviewed. Mrs. Donald Reed, Jr. was the hostess.

Hostesses at the Tuesday meeting were Mrs. Harold Edgcomb and Mrs. Andrew Craig.

**Hoffman High
Students Celebrate
Presidents' Birthdays**

Washington's and Lincoln's birthdays were fittingly celebrated in the Harold G. Hoffman High School auditorium Tuesday morning, when the pupils of the seventh and eighth grade English and music classes entertained at the morning assembly.

The high light of the program was the presentation of a one act play, "Massa Linkum's Sojer". The play was coached by Miss Sylvia Brimamen, teacher of English in the seventh and eighth grades. The musical numbers were arranged, and coached by Mr. William Eicher, the supervisor of music.

The program follows:

Recitation, "Washington's Birthday", by Ethel Mundy.
Play: "Massa Linkum's Sojer".
Characters: Lilly, Lois Neill; Araminty, Jeanne Bodine; Minnie, Frances Meisner; Manumy, Anna Krutzel; Susie, Phyllis Bennett; Noah, Morris Rosenthal; Joe, Leroy Kurtz; Cicero, Arthur Richmond; Rastus, Doanl Czek; Sammy, Marvin Sprague.

Chorus: Selections: 1. "Heaven (Negro spiritual); 2. "I ain't goin' to grievin'"; (Negro spiritual). 3. "John Brown's Body".
Members of chorus: Rose Mehrlander, Caroline English, Eleanor King, Betty Primka, Lois Nelson, Jane Magee.

Banjo solo by William Munk. "Dark Town Strutters' Ball"; "Alexander's Rag Time Band".
Tap dancing by Rose Mehrlander, Caroline English, Eleanor King, Betty Primka, Lois Nelson and Annette Larsen.

**Prepare Program
For Night In Ireland
Here On March 17th**Irish Music and Dances Will Be
Featured

Rapid progress in plans for the "Night in Ireland" to be held under the auspices of St. Mary's Parish in the school hall on Friday evening, March 17 was reported this week.

The main award will be a Dorsey Ford or \$500 in cash. Award books have been distributed among the members of the parish and there will be a meeting of the committee next week.

A program of Irish entertainment and games will be presented, including a series of Irish jigs by the school children and the singing of traditional Irish songs by the choir boys. The program which will be of interest to young and old will also include dancing with music furnished by Walter Kay. The Mello-Deutsches Modesta Casey, Margaret Edwards and Grace Suma, who made such a hit at the recent minstrel, will render a group of vocal numbers.

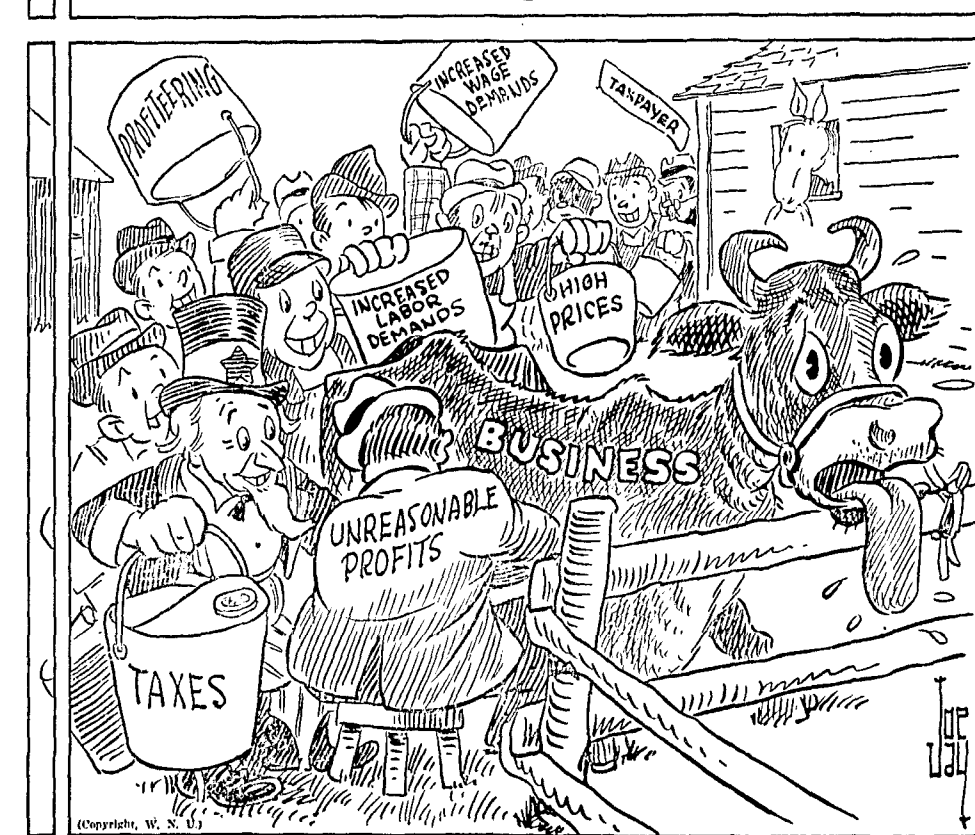

Refreshments will be served the committee has announced.

**LEWIS A. A. TO HOLD
BENEFIT GAME AND
DANCE FOR BOY SCOUTS**

For the benefit of the Boy Scout Finance Drive now going on, the Lewis A. A. and Auxiliary will hold a basketball game and dance tomorrow evening at the Hoffman High School auditorium.

The Lewis A. A. quintette will play the South Amboy Catholic Club in a return game starting at 9:15. In the preliminary, the Auxiliary team will meet the fast Kant Association of Perth Amboy. This will be the rubber game of a series in which each team has secured a victory.

There will be dancing before and after the game with music furnished by Nicorov's Orchestra.

Overworking the Cow**Program Of Services
For Lenten Season At
St. Mary's Announced**Special Talks Will Be Delivered
On Sundays and Wednesdays

It was announced this week at St. Mary's Roman Catholic church that during the Lenten season, services will be held on Wednesday, Friday and Sunday evenings. The Wednesday night services will begin at 7:30 and the Friday and Sunday evening services at 7:45.

On Fridays the Stations of the Cross will be said in the afternoon at 2:30 and during the evenings.

On Wednesday evenings there will be a special course of instruction based on the Five Sorrowful Mysteries and on Sunday evenings, Rev. John Horan will deliver a course on topics of the day upon which Catholics should be informed.

Three Lenten masses will be celebrated at 7 A. M.; 7:40 A. M. and 8:10 A. M. in the mornings. For services, confessions will be heard.

**Two Local Clubs
Sponsored Father
And Son's Night**

About seventy-five members of the South Amboy Lions Club and their guests assembled in the social hall of the First Presbyterian Church on Wednesday evening when the club held a father and son night in conjunction with the Men's Club of the church. Willard King and Oliver Lockhart headed the arrangement committees of the two organizations.

Captain Snooks of the State Police was the principal speaker, delivering an address on fingerprinting methods and motion pictures were shown.

Rev. Charles F. Van Horn of the Presbyterian Church was the toastmaster and Herbert Dix, Sr. was the song leader.

**DAVID ST. GIRL MISSING
SINCE LAST SUNDAY**

Local authorities have been asked to investigate the disappearance last Sunday of Phyllis McCracken, 15 years old, of 347 David street. The girl left her home last Sunday morning at eleven o'clock to visit in Perth Amboy and has not been seen or heard from since that time.

Although only fifteen years old, the girl is said to look to be nearer twenty years of age. She is stout, weighs 150 to 155 pounds, is five feet, six inches tall and has fair complexion and light brown hair. When she left her home here she was wearing a black cloth coat, brown low shoes and blue and white anklets.

The family came here to live from Perth Amboy last June and last Sunday was the first anniversary of the mother of Phyllis. The father is employed in Perth Amboy and lives at 347 David street with Phyllis. Anyone learning anything about the case are requested to communicate with the police or with the girl's father.

Whoever may have known Angelo Mossi, also known as Louie Mossi, formerly a resident of South Amboy, at 14 East Pine Ave., are requested to please communicate with the U. S. Consular Agency of Italy, in Trenton, N. J. (346 Elmer St.).

Guaranteed white toilet seats, special \$2.19. Monaghan's, corner of Stevens Ave. and David St. Tel. 253.

**One Thirty Club
Held Annual Banquet
Tuesday Evening**John P. McGuire Suggests Installation of Traps at
Cheesequake Park

With the traditional good fellowship and loyalty much in evidence, the One Thirty Hunting Club held its fourth annual banquet in honor of retiring officers at Brennan's Grill Tuesday evening, with officials of the various sporting organizations, as well as officials of the state conservation departments as their guests. Laurance Kenny served as the toastmaster.

In the principal speech of the evening, City Attorney Jon P. McGuire declared when the New Jersey Trap Shooting Association arranges for its annual shoot it has difficulty in securing a suitable site to run off its events. He suggested that the club inaugurate a movement to have suitable facilities for events of this nature installed in the Cheesequake Park now being laid out. He suggested that resolutions embodying this request be presented to the state assembly.

The necessity of organizing the sportsmen to preserve wild life in the state was stressed by Henry Kutcher, a Past President of the President of the Middlesex County and State Federations of Fish and Game Clubs. He reviewed legislation that has already been passed for this purpose as a result of organized effort by the sportsmen which he said has been extended to every state in the Union. He also paid tribute to Hugh Farrell, a member of the club for the work he has done among junior sportsmen in this city which he said was the best in the state.

Wess Woodruff of the State Fish and Game Commission declared that the club was not only furthering the principals of good sportsmanship but was also building for the future so that the younger generation might not be deprived of something to which they were entitled.

William Brennan, the recently elected president of the club told of the deer camp at Ramby Lake recently acquired by the club and predicted that by the time deer season rolls around the club will have one of the best deer shooting camps in the state.

Other speakers were James Bloodgood, vice president; Luke Lenahan, treasurer; Hugh Farrell, president of the Junior Sportsmen's Club; Fred Clarkson, vice president; Geo. Cronce, past president; Councilmen Patrick Grimley and Frank Stanton and Postmaster Thomas Downs.

At the beginning of the meeting a minute of silence was observed in memory of the late Undersheriff, Thomas Lyons, a former member of the club.

In accordance with the usual custom, outgoing president Cronce was presented with an engraved gavel.

Henry Leonard rendered several vocal numbers and piano-accompaniment numbers were presented by Miss Elaine Jensen of Fords.

**BOARD OF HEALTH GETS
DENTAL CLINIC REPORT**

The Board of Health recently received the second report of City Dentist, Dr. F. J. Farrell in charge of the dental clinic here.

The report covering the period from January 17 till February 17th, showed sixty-seven patients treated during that period, with 84 extractions and 3 gum treatments.

Dr. Farrell reported all adult appointments for about a month ahead have been taken and there is at present a heavy influx of applications from children.

**Federation Of
Church Women Holds
Services Here Today**Afternoon and Evening Sessions
At M. P. Church

Today the local Federation of Church Women will hold their annual day of prayer with afternoon and evening sessions at the Methodist Protestant church.

The afternoon session will begin at 2:45 with Mrs. John Perkins as the leader. The evening session will begin at 7:30.

At the afternoon session the speakers will be the Rev. Charles J. Champion, pastor of the Methodist Episcopal church; the Rev. Charles F. Van Horn, pastor of the First Presbyterian church and Paul Milburn, secretary of the local YMCA.

Miss Emma Morris, a missionary recently returned from India, will be the guest speaker at the evening service when other speakers will be the Rev. W. W. Minninger of the First Baptist Church and the Rev. John Hulzer, of the Methodist Protestant Church.

**W. Burczyk Elected
Last Night As Head
Of S'ville Fire Dept.**May Serve Only To Dec. 31, If
New Ordinance Is Passed

Last night the Sayreville Fire Department elected a new chief of the department for what may turn out to be the shortest term served, by any chief in the history of the department. William Burczyk, member of the Sayreville Engine Company was selected to head the department by a vote of 36 to 25 over A. Luckie, candidate of the Melrose Hose Co. A total of 62 of the 66 members of the department cast ballots in the election which was held at the engine company headquarters in Sayreville.

Burczyk will succeed Joseph Gearegthy, member of the Morgan Hose and Chemical Company. Under the existing regulations there are no assistant chiefs of the fire department. But under the provision of a new ordinance the fire department wants the Borough to adopt there will be an assistant chief from each of the fire companies except the one furnishing the chief.

If the ordinance is adopted the chief elected last night will serve only until the end of this year and will then be succeeded by the first assistant, which officer will be selected from the next oldest fire company. The second assistant chief will come from the youngest company. The assistants owe up year to become chief in time and thus insure each fire company having a chief at least every three years.

Sayreville's department now numbers 66 men but is expected to eventually drop to 60; the quota approved by the State Firemen's Relief Association. The reduction is being gradually effected by not filling vacancies as they occur, this practice being modified to some extent by the intention to finally have twenty members in each fire company. As it is now, the Engine Company has 28 members; Morgan 17 and Melrose 17.

DEPUTY COLLECTOR HERE

The Deputy Collector of the Treasury Department of Internal Revenue Service will be at the First National Bank here on Friday, Mar. 10 to assist taxpayers in filing their income tax returns.

**Walczak Again Disputes
Bills At Council Meeting**

Questions Whether Amount of Material Billed Can Be Used By
Four Inmates of Institution. Also Opposes Naming of Oscar

Says He Was Not Called In On Conference
When Appointment Was Discussed

EDUCATION AND HEALTH BOARDS PRESENT BUDGETS

The fireworks started early at the Tuesday night's meeting of the Council, and it was Councilman Anton Walczak, who has contributed much of the oratory at recent meetings who started things off.

When City Clerk Disbrow had finished the customary reading of bills approved by the council, Walczak arose to question some of those that had been read. He inquired if the City Clerk had an itemized bill of the expenditures for the almshouse during the months of January and at his request, the City Clerk began to read off the items. Walczak declared the bill covered among numerous other items, 21 pounds of butter; 17 pounds of coffee; 103 loaves of bread 19 bottles of cleaning fluid; and \$5.50 worth of tobacco for four inmates of the institution, which he charged was an exorbitant amount. "How anyone can show me where we can use this amount of material is beyond me," he declared.

Walczak then questioned a bill for \$52.00 presented by Dr. Farrell, city dentist which he declared was too high. He concluded by offering an amendment to a motion already made that the bills be paid. His amendment provided for the payment of all bills with the exception of the two questioned. Councilman at large Zdanewicz joined him in voting against their payment but the motion was lost when affirmative votes were cast by Councilman Stanton, Grimley and Nehrkorn.

The Board of School Estimate reported to the council that it had a total of \$79,970.50 as the amount needed to run the schools for the current year. Of this amount \$68,783 will be required for current expenses, \$4,500 for repairs and replacements and \$2,687.50 for manual training.

The Board of Health also submitted its annual budget calling for the appropriation of \$4,170. Both these reports were by motion referred to the council committee on finance.

A series of resolutions were introduced pertaining to the sewage disposal plant now under construction. Councilman Nehrkorn fathered a resolution engaging the Jersey Testing Laboratories to test materials used in the construction of the plant. The second resolution, of which, Nehrkorn was also the sponsor established a scale of wages for trades and occupations in connection with WPA labor on the plant construction equal to those recognized as standard.

A resolution introduced by Councilman-at-large Zdanewicz authorized John Conlogue, engineer in charge, of the construction to make certain changes in the plans for the plant found necessary as the result of unforeseen difficulties encountered since the actual construction began.

Two new jobs in connection with the sewage plant construction were created by motions presented at the meeting. Patrick Grimley introduced a motion placing George A. Kress in charge of the bookkeeping and accounting work in connection with the construction. His salary will be \$50 per month.

Councilman Nehrkorn introduced a resolution naming Oscar M. Mundy, city inspector for the plant. The resolution stipulated he was to work no more than eight hours a day and forty hours per week. The salary set was \$80 to be paid semi-monthly.

This resolution brought Councilman Walczak to his feet with objections. Walczak declared the appointment had been decided upon at a meeting to which neither he nor Councilman Zdanewicz had been invited. Walczak offered a resolution substituting the name of Frank Stockel for that of Mundy, but the resolution was lost, Councilman Zdanewicz voting with him for the substitution, while Stanton, Grimley and Nehrkorn voted for the appointment of Mundy.

Street Commissioner Michael F. Nagle, in a communication to the Mayor and Council asked that they make arrangements for the purchase of oil, asphalt, sand and stone for street projects already authorized. The council authorized the City Clerk to advertise for bids to be submitted to the council within one month.

The Council was informed by the secretary of Mechanicsville Hose Co. of the recent election of Andrew Selover to fill the vacancy created by the resignation of Henry Kurtz. The action was sustained.

**Mrs. Sarah Heston
Congratulated On
92nd Birthday**Ridgeway Ave. Woman Passed
Another Milestone On
Sunday

On Sunday, February 19th, Mrs. Sarah W. Heston, of 532 Ridgeway avenue one of the oldest residents of this city, celebrated her ninety-second birthday.

Mrs. Heston received many floral tributes, telegrams, letters and cards of congratulation. A dinner was served in her honor at which all of her near relatives and many friends and neighbors were present.

Mrs. Heston is active and in good health, being in possession of all her faculties, and is a constant reader of the "Citizen", as well as two daily papers and converses interestingly on current topics.

In an interesting manner, she recalls her travels, especially her trip with her father to California, when she was ten years of age, in 1857. Her father, the late Captain John Fouratt, was one of the California pioneers.

Mrs. Heston has 2 children living in this city, Mrs. Melvin Nichols and E. Scott Heston and a grandson, R. Connors.

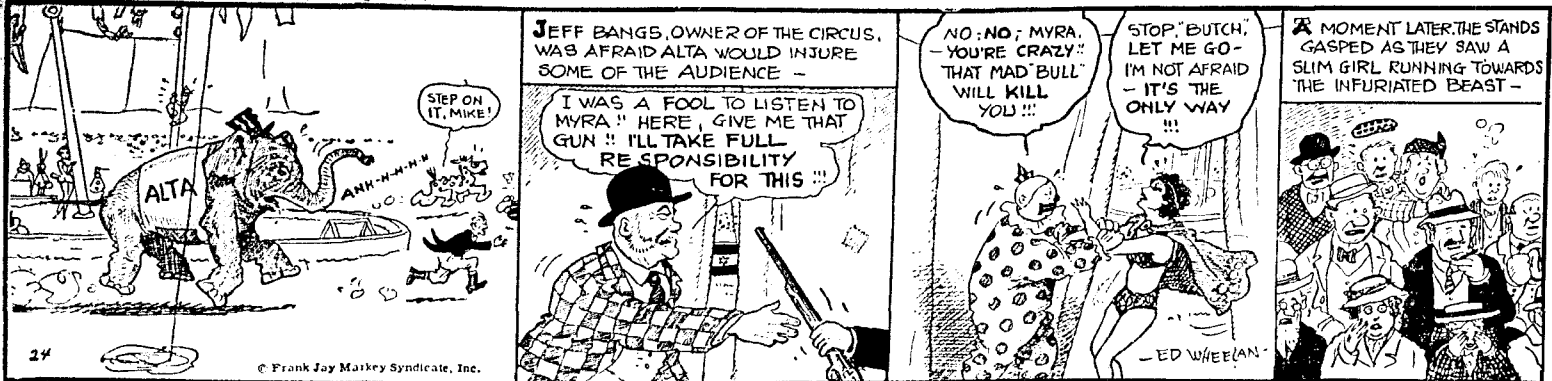

BAN ON BAY RUM

Local police are making a drive to clean up bay rum drinking and panhandling on the streets of this city. Yesterday Frank Brown, of Newark, was arrested by Patrolman Gleason for panhandling. In the local police court last night a sentence of 60 days in the County Work House was Brown's reward for panhandling here.

Local police are investigating the robbery of the garage of A. Sweetner, 207 George Street. A quantity of valuable electrical tools was taken and police expect to make an arrest in this case in a very short time.

LOOKING BACK
22 YEARS

Issue of February 24, 1917

The budget was not completed at the meeting of the Board of Freeholders held in New Brunswick on Monday, but on motion of Freeholder Kerr was continued until Monday next, at which time bids will be received for improving Main street and Washington avenue, this city.

Among the matters considered that was of interest to this city was a statement made by Freeholder Kerr that the Pennsylvania Railroad Company desired to relocate their present tracks at the Deep Cut Bridge on the South Amboy-Sayreville road, and that if the board would grant the company permission to relocate Washington avenue at this point, they would agree to construct a modern type bridge to replace the present narrow structure.

That portion of Washington road to be vacated is about 1,000 feet in length. The westerly line of the new road to be opened will not be more than 3,000 feet distant westerly along the center line of the South Amboy-Sayreville road from the northerly abutment of the present Deep Cut Bridge. The new road will have a width throughout its entire length of not less than 50 feet between property lines.

The Pennsylvania Railroad also agrees that the roadway on the new road to a width of 30 feet shall be placed in a condition of pavement equivalent to that on that part of the present Washington road to be abandoned.

Once again the perpetual and ever increasing drain on the taxpayers of the county, the bridge across the Raritan River between Perth Amboy and Sayreville Township has piled up another bill of expense.

Early on Wednesday morning the ice piling against the piling broke eighteen piles off on the south side, thus greatly weakening the structure. The broken piling are near the steel span over the channel some distance from the draw.

The weakening of the understructure caused an immediate suspension on trolley traffic over the bridge and passengers are now compelled to transfer over the damaged spot. Heavy automobile trucks are not allowed to go across either, now that several more piling have given away.

Bituminous coal has now reached a price at the mines beyond all reason—\$6 a ton. This is a serious blow to manufacturing industries.

On Tuesday afternoon the home of Mrs. Richard M. Mack on Main street was the scene of a merry "Blue Bird Party," given in honor of Mrs. John Coyne, who returned this week from a honeymoon trip spent at Old Point Comfort, Va. It was somewhat of a surprise to the guest of honor who is one of the most popular matrons of which this city can boast.

The guests were: Mrs. Frank Gordon, Mrs. James Dolan, Mrs. Anthony Cristiani, Mrs. John A. Conroy, Mrs. George Delaney, Mrs. William O'Connor, Mrs. Romera Everitt, Mrs. James W. Rea, Mrs. Oliver Welsh, Mrs. Timothy F. Sullivan, Mrs. John Licht, Mrs. John Sutcliffe, Mrs. John Coyne and the Misses Anna Scully, Margaret Gallagher and Bertha T. Kaufman.

On Tuesday evening, St. Mary's Hall was the scene of a reception given by Mrs. J. F. Weber of Stevens avenue, to her newly formed friends in this city. The affair was an unusually delightful one and was hugely enjoyed by all who attended.

The arrangements were quite elaborate and the decorative scheme a tasty and pretty one. Westervelt's orchestra, of Newark, furnished the music for the dancing. Dainty refreshments were served at a late hour to the some fifty couple that composed the guests. Altogether the evening was one that will not soon fade from the pleasant recollection of those who attended.

On Thursday morning, Washington's Birthday, the strong Freshman team of the South Amboy High School was defeated by the Y.M.C.A. Midgents in a hard fought and well

earned battle, the score being 13 to 12. The lineup was: Midgents—E. Parker and C. James, forwards; R. Waterman, center; J. Parker, and H. Petty, guards. Freshmen—R. Bennett and F. McCarthy, forwards; A. Hartman, center; C. Emmons and A. Bogner, guards.

Our dealers are still having great difficulty in securing a supply of coal—a real serious condition having existed the past week.

Last Saturday several members of the local Grand Army of the Republic, William S. Truex No. 57, visited Major Dandy Post, No. 43, at Perth Amboy. Among those who composed the party were Commanders William H. H. Dey and Comrades Aaron Stillwell, George Seward, and R. P. Mason, Sr. The attraction was addressed by Mayor Ten Broeck, Past Department Commander Samuel G. Garretson, and several others. After the speaking, the old soldiers were treated to refreshments that pleased them mightily.

Two of the bills introduced in the Assembly Wednesday related to the proposed ship canal across New Jersey, both by Mr. Gilbert. One provides an appropriation of \$1,000,000 for a State Board of Commerce and Navigation to purchase land for a right of way from Morgan to Bordentown. The appropriation is conditioned upon the construction of the canal by the Federal Government. The other bill authorized the board to donate the land to the Federal Government.

WASHINGTON TOPICS

By J. E. Jones

Government Leadership

Washington, Feb. 22 The habit of remedying all conditions by having "the Government pass a law" hasn't worked out convincingly enough so that the present process of Government leadership is accepted as the answer to all of our people's perplexities and problems. We all know that there are differences of opinion about Government relief, as wide as the continent. A Government health and medicine plan would undoubtedly help a lot of people. But, if this is to be a fight against our family doctors, then there are millions of people who will side with the doctors, before falling in line.

The claim of Senator Wagner and others that the doctors need to be helped by the legislation is not endorsed by the doctors themselves. If there must be a public movement in behalf of health, it ought to be on a very high plane.

Approval of the legislation will be urged upon Congress. But it doesn't seem quite in line with Democratic government to expect the Government to spend tax money on this reform. The notion that the Government can pay "from the cradle to the grave" is running out. It is not hard to be impressed by the objections of the American Medical Association—which has lined up against the Government plan.

The Ring of Silence

Nicholas Roosevelt this week rips the covers off from international affairs and asserts that "the danger to the American continent is from within." Principal sore spot at the moment is to the south of our border.

Former under-Secretary of State William R. Castle says that in Mexico "a more and more Communist government has gone ahead implacably with the confiscation of foreign property," and he can find no existing intention of payment for anything except possibly with "printed I. O. U's."

Hillierites Are Mad

The news duly arrives at the United States Capitol that "the Nazi press rages" at the President's statement to the Senate Military Affairs Committee, in which he laid down the principle that the democracies of the United States, Britain and France, stand firmly against the Nazi government and other dictatorships. There is a new spirit towards these dictatorship governments, and it breeds defiance to their moves that are oppressive.

While the United States cannot use the military forces of our own

country in a conflict to pull Britain and France out of a hole, the fact remains that the Western Hemisphere is our pasture and that we don't expect German Hitlerites to fatten in it. In looking both ways neither a fight nor a frolic is in evidence.

Industry Uses Finest Materials

The finest materials that the metallurgists can possibly produce are utilized in the transportation industry of today. In the past two years a remarkable transition has become evident in this giant industry. Airplanes, trucks, trailers, buses, and even railroad trains are now being made from the new light weight alloys which are not only stronger but much lighter than the heavy carbon steel and iron construction of just a few years ago.

The next result is the development in this country of a tremendous range of new hi-tensile steels, aluminum, and magnesium alloys which are miraculously light but of tremendous capacity.

Social Hygiene

There is significance to be derived from the meeting of the American Social Hygiene Committee in Washington a few days ago. At that time the William Freeman Snow Award for Distinguished Service to Humanity was presented to Dr. Thomas A. Parren, Surgeon General of the United States Public Health Service, on account of the latter's activity and work in suppressing venereal diseases. Mrs. Roosevelt participated, and in her remarks extended congratulations in behalf of the American people, whom she and the health leaders declared were being freed through education and knowledge from these social diseases—just as another public movement was eradicating paralysis. This campaign against social diseases has grown like a snowball, having had

its origin in the local Social Hygiene Society in Washington.

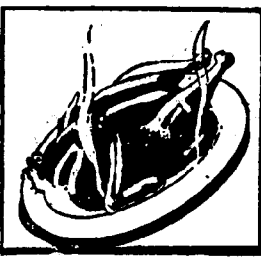

Dissent Over Dissensions

A collection of opinions of Senators, party chairmen and leaders resulted, in effect, to an agreement that there are no serious dissensions among conservatives, radicals and others in the Republican party. Says Senator Arthur Capper: "Dissensions in the Republican party today are not as much in evidence as in the late twenties." The observations of our Washington correspondents agrees with Senator Capper. They add the comment: "Maybe the Republican party is a better party, after its numerous 'good lickings' in

What's Wrong With the Weather-

It suddenly dawns on us—and we pass the discovery along—that the weather is neither better nor worse, than in the horse and buggy, or the Toonerville trolley age. But, you're right, there's something wrong about it. It's the radio—whose news broadcasters have for ten years started, ended—or both, with weather reports, until it can't rain without fear that it will end in a flood like Noah was caught in; or snow without fear that the trains will be a day or two late. The weather is suffering from too much talk about it—so we say no more!

St. Mary's School News

As the Pope of the missions, and the Pope of peace—the author of 30 famous encyclicals and the negotiator of some half score of treaties between Vatican and world State—His Holiness, Pius XI was variously known. Almost unknown was his part in the "18th decisive battle of the world," which turned back hordes of Bolshevism and saved Christian civilization in Poland and Western Europe. Postwar Europe, newly rescued from her partition between Austria, Germany and Russia, had been sent English and French missions—together with military, munitions and men—but the military and diplomatic experts dispaired of Poland's ability to withstand the vast advancing army of Bolshevism. The Papal mission to Poland, Archbishop Ratti, rallied bootless, ragged, broken-spirited people, inspiring them to miraculous resistance that turned into a glorious victory. The discouraged and defeated Polish army had retreated 400 miles in 40 days in May, 1920. By August, they had become so inspired by "the man from Rome" that while Archie Ratti with his high school cadets and the men and wo-

men of Warsaw held the "front." General Pilsudski was able to execute a flank attack which surprised and frightened the Russians. An all but unarmed band of Polish patriots captured 60,000 Bolshevik soldiers, and huge stocks of guns and munitions.

Not as a theoretical library student of the Marxist menace, therefore, but as a veteran back from the front line trenches, Archie Ratti, who became Pope Pius, was able to write about the peril of Communism to the Western world. With the power of Christian prayer, the titular Archbishop of Lepanto like his famous predecessor who turned back the Saracens—saved European civilization for Christianity and turned back an Oriental pagan horde.

Plus XI, who led the fight against Communism in this most practical way in his days as Papal Nuncio to Poland in 1920, saw the evil of Bolshevism stopped in Western Europe by the rise of Fascism and Nazism, but found cause to lament the excesses to which these political systems were carried in some instances. The Pontiff scored the Fascist profession that the Roman Empire saved Christianity from oblivion in the Dark Ages, maintaining that this position was heretical. He insisted, too, upon the right of found Catholic Action societies of youth, devoted to purposes other than political. In setting forth this credo, Pius won the respect of Italy's Fascist leaders, who soon drew in to agreement with his pronouncements.

As Bolshevism was put down in Germany under the rise of National Socialism, the Pope expressed regret at the lengths to which Nazi leaders carried in their enthusiasm for nationalism. However, the Pontiff reached an accord with Chancellor Adolf Hitler, in 1933, an accord that, however, it was strained in the face of unfortunate circumstances, was not broken.

The attack of Bolshevism was concentrated in Spain after the failure of Stalinite world-plotters in Italy and Germany, and the Pope sorrowed at the turn of events.

Speaking of the "destructive forces" unleashed in that unfortunate land, the Pope warned that the barbarities would be pushed elsewhere unless checked. "Here are signs and portents of terrifying reality of what is being prepared for Europe and the whole world if they do not hasten to adopt the necessary remedies of defense," he said. In May, 1938, the Pontiff extended formal recognition to the government of Generalissimo Franco in Spain. To a delegation representing Franco, he said: "We welcome you and charge you to bring to Generalissimo Franco the sentiments of our spiritual fraternity and give you the assurance, if you should have need for it, that you will always have, as long as the Divine Goodness gives us life, our support, our full co-operation, so that you may work with ever greater fruit for your dear Spain."

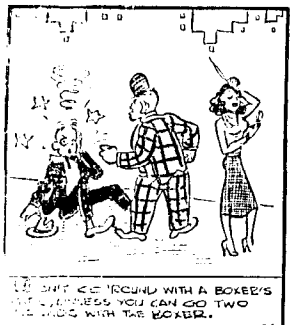

As the world stood on the brink of another war when Mussolini, Hitler, Premier Daladier of France and the Prime Minister of England, sat down around a conference table in Munich last September, the Pontiff prayed for peace and in a world-wide broadcast, asked all Christians to do likewise. The eventual attainment of peace found him enthusiastic for the accomplishment. He thanked leaders of Czechoslovakia for the sacrifice which made peace possible, and gave his blessing to the "New Czechoslovakia" which will certainly have a happier future.

BARBOUR REPORTS

By John D. Osbourne
Washington, Feb. 22.—Social security and national defense continue to monopolize Congressional attention. Members of Congress are working hard on legislation dealing with both problems.

Secrecy as to plane sales to France apparently is ended. American manufacturers are being encouraged to sell as many planes as France can buy. The newest models, however, and latest devices developed for use in military aviation, are still carefully guarded, and only a few Americans know what is being done or planned in this field, except as tests now and then disclose that America leads the world in effective air weapons if not in volume of production.

It is to expand and speed up the country's productive capacity that sales to friendly governments of planes already in production are being encouraged by Washington.

Two bills sponsored by Senator Barbour of New Jersey, were receiving friendly study by colleagues as well as the War and Navy Departments.

The Senator's Espionage Bill, to tighten penalties for peacetime espionage, as a national defense measure, was before the Naval Committee.

Another measure which seemed likely to have the solid support of the National Guard as well as of the Navy, would increase the number of National Guard aviation units and supply the planes necessary to train them.

Barbour Relief Bills Up
Senator Byrnes, of South Carolina, chairman of the Special Committee on Unemployment and Relief, was asked by Senator Barbour today to include the three Barbour bills—one to transfer relief administration to the States, and two others to provide a "shock absorber" to ease the transfer of needy persons from relief to social security rolls by assuring them an income during the interval of transition, during Senate hearings on the problem. The committee has indicated that it would at-

tempt to whip the new legislation into shape for early action. The Byrnes bill, to divide relief functions between the Social Security Board and a new department of public works, is serving as the basis for the study.

Anti-Lynching Bill Introduced
Senator Barbour has offered a formula for removing what he calls the "last objection" to consideration and passage by Congress of anti-lynching legislation.

Introducing an anti-lynching bill of his own, built around the Wagner-Van Nuys bill which almost reached a vote in the last Congress, he wrote into it a provision restricting penalties for failure to prosecute lynchings or take precautions to prevent lynchings to cases of proven "wilful" neglect or failure in the performance of official duties.

TWO POLISH BATTLESHIPS TO VISIT NEW YORK FAIR

Two Polish war vessels, the destroyer Grom (Thunder) and the submarine Orzel (Eagle) as well as the cadet sailing ship Zawiska Czarna will arrive in New York during the month of July for a visit to the New York World's Fair, it was announced today by the Polish Commission at the Fair.

The two war vessels are the latest additions to the Polish Navy, the Grom having been commissioned last year and the submarine Orzel, which has an underwater displacement of 1,460 tons, and a length of 252 feet, only a few weeks ago.

The Zawiska Czarna is the training ship of the State Naval School of Gdynia and will arrive in New York with a complement of cadets.

The traditions of the Polish Navy will be further stressed in the Polish Pavilion at the Fair by large scale models of the Polish frigates built in the XVIII and XIX centuries in Polish yards at Oliwa.

It was also announced today that a special exhibit at the Polish Pavilion will be devoted entirely to labor, illustrating by means of charts and graphs the conditions of labor in Poland such as wages, hours and protective legislation. Among the

exhibits, a large plaque will show a Polish workman pointing to a sentence from Article XIII of the Polish Constitution—"Labor is the basis of development and power of the Republic."

Industrial Insurance Policy Owners! You Hate to Be Called "SUCKER"

Yet What Do You You Know About the Insurance You Own?

Do you know that you, who pay weekly or monthly industrial insurance premiums, are charged a heavy penalty for the privilege? Do you know that you can receive much greater protection and much greater returns in the form of loan and cash value if you bought a regular policy? Do you know that you receive more for your money (dollar per dollar) on certain regular policies as against other so-called "regular policies?"

Many insurance collectors or salesmen realize the injustice and unfairness of certain industrial policies, but quotas, contest ratings, and commissions are their measurements of success.	Policy Holders Advisers, Inc. could go on and on about 20 payment life policies, endowment policies, retirement policies, 10 payment life, family protection plans and many others.

LINCOLN'S BIRTHDAY

IN THE days of Lincoln dried fruits were used in making winter desserts. However, the variations were extremely limited. While fresh fruit did, and still does, answer the dessert problem in warm weather, it requires more ingenuity to provide for winter suppers.

Since we are returning to Lincoln's days for so many of our fashions in clothes and furniture, let's try a few of the desserts housewives gave their families back in the 1860's.

Perhaps you still have, in some safe corner of the kitchen pantry, a real old fashioned compote dish. If so, get it out. The recipe below is one that really tastes delicious in one of grandmother's stemmed glass dishes.

Peach and Rice Custard Loaf
2 cups boiled rice
1 No. 2 1/2 can sliced peaches
3/4 cup sugar
4 tablespoons flour
1/2 teaspoon salt
1 1/2 cups milk
2 egg yolks
1 teaspoon almond extract
1 cup sifted dry bread crumbs
Drain peaches. Mix together sugar, flour and salt in top of double boiler or over low heat. Add 1/2 cup milk; add egg yolks; beat well; add remaining 1 cup milk. Cook in double boiler or over low heat for about 20 minutes until thick, stirring occasionally. Remove from heat; add flavoring; fold in rice. Cover bottom of greased loaf pan with 1/2 of bread crumbs; pour in 1/2 of rice custard; then cover with a layer of 1/2 of the peaches.

Repeat layer of custard, remaining peaches and remaining 1/2 of custard. Sprinkle with remaining bread crumbs. Bake in moderate oven at 350° F. about 20 to 30 minutes. Let cool 10-15 minutes before unmolding. Slice and serve with

Peach Sauce

4 tablespoons brown sugar
4 tablespoons butter
1 egg
1 cup peach juice
1/2 teaspoon almond extract
Cream butter and sugar in top of double boiler or over low heat. Add egg; beat well. Cook over boiling water, adding peach juice slowly while stirring. Add flavoring. Take from heat; beat well with rotary beater. Serves eight.

For unexpected guests. Do you know that there is a Gingerbread batter you can keep in the refrigerator, ready to pop into the oven at a moment's notice? This perfect recipe is Ice Box Gingerbread. The batter may be made up ahead of the baking period, stored for several days in the refrigerator, and then baked when convenient. So you need never be "caught short" by unexpected company!

Ice Box Gingerbread

1/2 cup shortening
1 cup granulated sugar
2 eggs, unbeaten
1/2 cup molasses
2 cups sifted flour
1 teaspoon soda
1 1/2 teaspoons ginger
1/2 teaspoon cinnamon
1/2 teaspoon allspice
1/2 teaspoon salt
1/2 cup sour milk or buttermilk
Cream shortening and sugar. Add eggs, one at a time, beating after each addition. Add molasses and beat well. Combine dry ingredients and add alternately with milk, a small amount at a time, and beat. To store cover bowl tightly first with a damp towel, then with waxed paper, tie securely with a cord, and store in the refrigerator until ready to bake. Bake in greased gingerbread pan in moderate oven, temp. 350° F. about 45 minutes. Serve hot with whipped cream to which has been added strained crushed pineapple.

PRESBYTERIAN AID TO HAVE SOCIAL

A roll call and calendar social will be held by the Ladies Aid Society of the First Presbyterian Church under the direction of Mrs. Herbert B. Dix on Wednesday evening in the lecture room of the church.

Tables will represent the months of the year and present officers and past presidents of the society will be in charge of tables and will be hostesses.

A splendid program of entertainment has been arranged and all members of the church and their friends have been invited to be present.

ST. MARY'S WILL PLAY ST. PETER'S IN FIRST CHAMPIONSHIP GAME

St. Mary's High School basketball team, entered in the Group 2 state championships has been assigned to play St. Peter's of New Brunswick at the Rutgers University gymnasium in the first game of the playoffs. No date has yet been set.

St. Mary's rooters look forward with interest to this meeting between the two teams. Twice during the regular season, the Blue and Gold met the New Brunswick school representatives, losing at the county seat by seven points and on the local court by a single point.

K. OF C. WILL GIVE THIRD DEGREE HERE ON MARCH TWELFTH

On Sunday evening, March 12, at St. Mary's Hall, the local council, Knights of Columbus will exemplify the Third Degree of the order with a large class of candidates and representatives present from various councils in Middlesex County.

Because of the size of the class to be initiated, the ceremonies will take place in St. Mary's Hall.

BICYCLE RECOVERED

On Wednesday, Patrolman John Gleason recovered a bicycle reported stolen by Jack Bringham of 130 North Broadway.

On the same morning, Walter Casey of Catherine street reported his Chevrolet two door sedan stolen from his garage on Louisa street.

Hindu Temple on Southern Campus
There is a Hindu temple on the campus of Florida Southern college, overlooking Lake Hollingsworth at Lakeland. The temple is a memorial to the late Frederick B. Fisher, who was a Methodist bishop in India, and who brought it in pieces from Benares, India, to have it erected on the college grounds. Said to be the only imported Hindu temple in the United States, it is 25 feet high, 5 feet wide and 9 feet long, weighing about 10 tons. It is hand carved from red sandstone, painted pure white and surmounted by the Christian cross. A reflecting pool lies in front of the temple and a garden of meditation is beautifully landscaped.

Discovering Goodness
With a quickened eyesight, go on discovering much good on the worse side, remembering that the same process should proportionably magnify and demonstrate to you the much more good on the better side.

Each Key Gives Two Notes
The accordion produces greater volume of sound for its size than any musical instrument. Each key gives two notes, one when the bellows are compressed, the other when they are opened. Moisture affects the vibration of delicate reeds, thus changing the tones of the instrument.

ARKY'S

Where Hard Woods Come From
Hard woods are obtained from trees of the dictyodendron group, such as the oak.

Learn the modern Guinevere prefers her Lancet, a dashing young man in a streamlined car, to a dull fellow who is a dabbler in the old-fashioned beauty. Beauty is not enough in itself, the wisely known—it must be supplemented by the finishing touch that turns plainness into something different and interesting, beauty into mystery and glamour! And that finishing touch is expert beauty service—the kind we know so well how to give!

PIPE DREAMS

By Nick-o-Time

Recently they started looking for a man on the city payroll. They searched, and they searched, and they searched. And where do you suppose they found him—in the garbage.

A Melrose girl, who formerly worked in a local factory doesn't any more because the boy friend objects, saying it makes her too nervous when she works.

The girl gets nervous when she works, but it's not the work that makes her that way, it's the other boy friends who crowd around her and she's afraid the main one will find out about it. She admitted it herself recently.

Two members of that orchestra formed recently by high school students, one a red head, the other with black hair, went up to Newark Sunday to hear the "Jitterbug" music of Art Shaw, but although the two lads are "jitterbugs" themselves they apparently weren't impressed, for they slept all the way home in the car.

One sure way to make the face of "Slender" red is to ask him with whom he had a conference recently. And he is supposed to be a good Democrat.

Bushy haired soda jerker in a local pharmacy who lives in Perth Amboy keeps company with a girl who also lives in that city and when he rides home in the bus, the girl gets on at Mechanicsville and rides home with him.

The pharmacist is a fiend for pickled tomatoes and the other night, when he got in the bus had a jar of them with him. When he started to leave the bus, he offered the driver one of them and the latter replied, "I don't go in for sour things." Just then the girl impatiently said, "Oh come on" and grabbed the soda jerker by the arm. The jar of pickled tomatoes fell from his arm to the street, breaking and spilling the juice all over the soda jerker's overcoat and decorating the street with pickled tomatoes.

"Stop and go", the super-politician from the hill section apparently never intends to run for office but now we suspect he may attempt to jump into office. During a political argument up on Pine avenue the other day he was accused of being a "fence jumper".

Monday afternoon, one of the bus drivers carried a pocket sized magazine in the bus with him and when he came to the end of the line he waited the time while waiting to start another trip by reading an article in the magazine entitled, "How to get along without a woman."

Why he was reading the article we don't know, since he is one of the two unmarried drivers on the line, (lives in Mechanicsville, carries the same name as a former president).

Evidently believing that local politics is parties within parties, three local politicians are holding frequent night meetings in an office within an office, in the main part of town. Of course they may be playing pinocchio or poker, or maybe fan tan.

It's been a long time since we saw a funnier sight than we did Monday afternoon. The WPA boys on the measure and classify trees project were working on John St. and a former bar tender whose getting fatter daily and is now the circumference "engineer" on the tree project, stood with his arms wrapped around a tree looking as though he was making love to it. Closer inspection revealed he was trying to wrap a tape measure around the

tree, but his increased girth of waist plus the heavy overcoat and his short arms made you wish you had a camera handy.

Tuesday morning a local way-up in the political field went to Brunswick for a conference and apparently didn't have much success for he came out in bad humor, very bad humor.

Getting into the elevator on the fourth floor, about 9:30, he caught the tail of his overcoat in the elevator door and threatened to sue the elevator boy because he caught his coat tail in the door.

There's a politician in town whose goat no one has even been able to get during years of service, but there's one way of disturbing him and a piece of wood resting on a man's knee out in Hollywood can be the means of doing it.

He's a Charlie McCarthy enthusiast and gets much disturbed if you call him on the telephone Sunday nights when Edgar Bergen's meal ticket is on the radio, and he's forced to miss part of the program to answer the telephone.

Some of the WPA boys who always have the answer for everything, were reluctant to put them in black and white when they got their first papers Monday morning. Seems they were fearful they might turn out to be their "walking papers".

Every Time You Telephone

you talk through precious metals!

...PLATINUM...GOLD...SILVER...

in more than 20 alloys used in special metal contact points. Anything less fine, would break down from constant wear, would fail to give the best possible service.

Some of these contact points are in your telephone—tiny points that move scarcely a hair's breadth as they open and close. Some are in the central office operating switchboard signal lamps and controlling the many protective and switching mechanisms in use there.

Contact points are used by the millions

in the system back of your telephone. They are typical of the 43,000 different kinds of equipment made for your telephone service, all designed and built to work together dependably on every call you make, near or far.

Your telephone service today is the product of 60 years of constant effort in research, manufacture, methods and operation to meet the pioneering standard of service... "in every case...the best". It enables you to talk quickly, clearly and cheaply with almost anyone, anywhere, whenever you wish.

You can call 18 miles for 15c; 42 miles for 35c, any time in New Jersey. After 7 at night and all of Sunday reduced rates apply on calls of over 50 miles. (10% to 40% less than day rates depending on the distance called).

THIS IS THE WAY I LIKE VITAMIN D

Extra Vitamin D Reduces a Winter Peril

Growing bodies need the benefits of extra vitamin D during the winter months. Some children don't like ordinary vitamin D "medicines." But everybody likes **Sheffield Vitamin D Milk**. Here is one delicious food in Nature's finest source of calcium and phosphorus. These minerals strengthen bones and teeth... help produce well-shaped bodies... and vitamin D helps these minerals to do their work. Every quart of **Sheffield Vitamin D Milk** contains 400 U.S.P. units—enough vitamin D to fill the daily needs of a normal body. Don't wait. Telephone for home delivery tomorrow.

Editor's Note: The opinions expressed here are those of the writer and do not necessarily agree with

"Say, Charmello, why don't you wise up to yourself. Place your money on Charmello's selections and you'll end up in the poor house. Say Joe, you're wasting your time around here. They pay eighteen dollars for guys like you down in Marlboro'."

The above were a few of the wise cracks that were hurled at yours truly after the completion of the Governor-St. Mary's game Friday night when the Governors proved to this writer that they can beat the Saints any day in the week.

To be truthful with you I wasn't surprised when the Saints were defeated. When I say this don't think for a minute that I knew the men of Dobrynski were going to be victorious but selected the Saints because of loyalty. I honestly believe that the Blue and Gold could win.

But my reasons for thinking were based on hunches instead of sound logic.

To Hoffman High School I offer my sincere congratulations for possessing one of the finest teams this city has ever seen. Their fighting spirit and unlimited stamina should bring the state championship to the Governors. And with a leader like Coach Jim Dobrynski I'm most certain that the above statement will be realized.

All of us sport fans who have been rejoicing in the Governor victories have been overlooking the main factor that has been the base of all the Purple and Gold victories. And that important factor is Coach Dobrynski.

When the season commenced we all knew that the Governors would possess a winning team. We even spoke of an undefeated season. All this favorable propaganda came back to the Governor athletes and lodged in their heads which were steadily swelling after their five straight victories.

The coach sensed this but refrained from making any assertions to the boys for fear that he might discourage them. Then came the storm. Egotism overwhelmed the boys and they were caught sleeping and were handed two straight losses.

This was a drastic situation for the coach. He immediately checked the boys in their lethargy by one of the most strategic moves this corner has ever heard of. He had an artistically inclined person from H. H. S. draw him some sketches of a basketball player who had a head the size of an overgrown watermelon.

Under this sketch the following words were written: "This is my head." He then had these sketches placed in envelopes and had them passed out to the boys. When the boys read and saw the impression that the coach and the students formed about them they wrecked their self centered attitudes and once again became themselves.

From that day to this the Governors have never tasted defeat. And they can thank their smart coach who placed the stitch in the proper time. In the opinion of yours truly Jim Dobrynski is one of the finest coaches this city has ever possessed. He's a gentleman and a scholar.

In the opinion of yours truly I believe that the main reason that the Saints lost was due to the fact that they have no control of their energy. They are a very fast team in the first half but are unable to keep up the past in the second.

Up to the third quarter I honestly thought that the Governors might take it on the chin. But the Saints were helpless against the fury of the Governors' everlasting attack. Their first half vitality dwindled so that the Blue and Gold were playing on mere instinct for the latter part of the game.

After the Governors registered their decisive victory I became aware of the fact that they were better than the Saints in every capacity. It was simply a case of the best team won.

Carl Marks was the hero of the Governors victory while reliable Ernie Reid helped his team considerably with his taking the ball from the backboard antics.

Young Fleming, the boy who checked Reid was the best player on the floor for the Saints even though Tom Weinman played his usual brilliant game. Fleming reminds of somewhat of his formidable brother, Ed. Ed, as you know was one of the finest basketball players ever graduated from St. Mary's.

IN CHANCERY OF NEW JERSEY

TO: HENRY SPINDLER.
By virtue of an order of the Court of Chancery, made on the day and date hereof, in a cause wherein ANNA GORKA, is Complainant, and MAE BARKALEW, individually, and as the Executrix of the Estate of Mary Switzer, dec'd., et als., are Defendants, you are required to appear and answer the bill of said complainant, on or before the 3rd day of April, next, or the said bill will be taken as confessed against you.

The said bill is filed to foreclose a certain mortgage given by Mary Switzer, widow of Jetho Switzer, to George Gorka, dated April 12th, 1933, and recorded in the Middlesex County Clerk's Office, in Book 664 of mortgages for said County, at page 157, which mortgage covers the lands and premises described in the bill of complaint filed herein.

And you, Henry Spindler, are made a party defendant because you are the husband of Fannie Spindler, who may be or may claim to be the owner of part of the premises mentioned and described in the bill of complaint, under and by virtue of the last will and testament of Mary Switzer, dec'd., who died seized and possessed of said premises, and by virtue thereof claim an interest as tenant by courtesy in said premises described in the said bill of complaint.

Hoffman High Hands St. Mary's 2nd Defeat Of Basketball Season

Hoffman High took the second game of the local championship series from St. Mary's Friday night on the John street court, with a decisive eight point victory, the score being 38-30.

Except for a brief spell during the first quarter, Hoffman was in the lead throughout the entire game, by virtue of a display of superior basketball in all departments.

Marks' hook shot started off the scoring in the first quarter which ended with St. Mary's in possession of a 10-7 lead. In the second quarter however, Hoffman proceeded to take up the slack, scoring twelve points while holding the blue and gold to five. The third quarter, closest in the game, finished with Hoffman annexing eight points, while St. Mary's accumulated seven. In the final quarter Hoffman came through with eleven points while allowing St. Mary's but eight.

The victory was the twelfth straight for the Governors and their seventeenth win in nineteen starts. In the junior varsity game, Hoffman won by a score of 18-12.

The score:
Hoffman High: arks, f 5; 0: 10. Dobrynski, f 6; 0: 12. Sprague, c; 5; 2: 12. Richmond, c 0 0: 0. Read g; 1; 0: 2. Henry, g 0: 0. O. Kelly, g; 1; 0: 2. Totals, 18; 2: 38.

17 Rutgers Fraternities Initiate 134 This Week

When initiation period for Rutgers fraternities ends within the next few weeks, 134 men will have become affiliated with 17 of the 19 Greek letter organizations on the campus. Eleven of the fraternities have already held their induction ceremonies and six more are planning their initiations for the near future. Two fraternities will hold no initiations this year.

Among those affiliating with fraternities is Howard Goldberger, '42, Phi Epsilon Pi.

Freshmen, numbering 10, make up the largest group to join fraternities. Twenty-three sophomores, 5 juniors, 2 seniors, 3 unclassified students, and one graduate assistant make up the remainder of the initiates.

Hints For Motorists

By Joseph R. Rollins
The Atlantic Refining Company

PETROLEUM and automotive engineers figure that the average car depreciates a cent and a quarter for every mile it is driven, but this depreciation can be slowed down or speeded up according to the care and attention the car receives. Regular scientific lubrication will retard depreciation; neglect of lubrication will hasten it.

Don't try to save gasoline by coasting down hill with the ignition turned off. If your gear shift is in neutral you can't stop or pick up speed as quickly as you might have to to escape an accident. If the car is in gear you are using gasoline anyway, and you may have a dangerous backfire when you turn the ignition on.

Brakes that squeal and squeak should be given immediate attention, for the chances are the cause is worn brake linings with consequent metal to metal contact between the drum and the lining rivets. It doesn't take much of this to damage the drum to the point where the cost of repairs will be far greater than the cost of promptly retiming the shoes.

Wrestling, Boxing Swimming Feature Rutgers Alumni Day

Rutgers alumni returning to the campus for their annual mid-winter gathering Saturday will be offered a varied athletic program as three of the five Scarlet winter sports teams will see action at home.

The wrestling team, with possibly three new faces in the line-up meets a strong Army team in the gymnasium at 3 P. M. and in the evening, the only double-header attraction of the winter season is on tap. The swimming team faces Penn State's up and coming nators at 8 o'clock, and at 9, the boxing team will conclude its season playing host to Villanova.

Otto Kinkel, a letterman from last year, will replace Ray Phillips at 165 pounds when the Rutgers grapplers face the Army; and Andy Graham, a sophomore will be the Scarlet entry at 155, replacing Bob Stierli who will drop down to 145. A possible third change will send Guido Daponte, a sophomore, to the mat at 120 pounds instead of Dick Mansfield, regular entry who has been giving away 10 pounds in his matches this season.

Hope for a victory over Penn State in swimming took a rise after the showing made by the Rutgers tankmen against Princeton's powerful team last Saturday. The return to form of Co-captain Bill Lakamp, who won both the 50 and 100 yard events in the Princeton meet, and the fine performances turned in by Ormond McClave and Charley Leone in placing one-two in the dive, has caused a surge of optimism on the campus concerning the remainder of the swimming season.

Origin of Pate de Foie Gras
Goose livers were considered a delicacy by some of the ancients who fattened the geese by feeding them figs. The popularity of pate de foie gras, however, dates from 1765 when Jean-Pierre Clause, governor of Alsace and connoisseur of good food, introduced it as an experiment among his friends. More than 2,000,000 pounds of foie gras are produced annually in Alsace alone.

Margaret Schneider Bride of J. Scannell At St. Mary's Church

Saturday afternoon at 3 o'clock in St. Mary's Church, Miss Margaret Schneider, daughter of Mr. and Mrs. Elmer Parson of 313 Dand street, became the bride of Jerry Scannell, son of Mr. and Mrs. Patrick Scannell, of 406 High St., Perth Amboy. The ceremony was performed by the Rt. Rev. Msgr. E. C. Griffin, D. D.

The bride was attired in a gown of white silk with court train and finger tip veil of illusion and a tulle caught with orange blossoms. She carried a bouquet of calla lilies.

As bridesmaid, Miss Jean Leonard of Elizabeth wore a gown of orchid chiffon with a short veil surmounted with an orchid floral wreath.

Edward Scannell of Perth Amboy, brother of the bridegroom, was the best man and the ushers were Thomas Burke of Perth Amboy and Leroy Jordan of New York.

The bride's gift to her husband was a gold cross and chain and the bridegroom's gift to his best man was a monogrammed gold tie and collar set.

Following the church service, a reception was held at the home of the bride's parents, when about fifty guests were present from Perth Amboy, Amboy, New Brunswick, Elizabeth, New York City, Camden, Philadelphia and this city.

The bride's going away outfit was of grey eubonnet with matching accessories. After a honeymoon trip through the Southern states, Mr. and Mrs. Scannell will make their home in a newly furnished apartment at 128 North Broadway.

MICHAEL MOCHEN FUNERAL TUESDAY

Following a stroke, Michael Mochén died at his home, 22 Canal street, Somerville, Saturday.

Mr. Mochén is survived by five sons, John and Michael, of this city; Frank, Joseph and Peter of Sayreville; three daughters, Mrs. Anna Novack, of this city; Mrs. Frances Kwitkowski and Mrs. Walter Romanowski, of Sayreville; and twenty-one grandchildren.

The funeral was held Tuesday morning at 8:30 o'clock in the home and at 9 o'clock at St. Stanislaus Church, Sayreville. Interment was in the church cemetery.

Hoffman Quintette Has Little Trouble With Manasquan Hi

Functioning in the same flawless manner that it has for the past month, the Hoffman High School basketball machine bowled over Manasquan High Tuesday night, the score 41-35.

The victory, thirteenth in a row, was largely the result of a fruitful second period during which the Purple and Gold scored seventeen points while Manasquan scored but four. With this lead in their possession, Hoffman found it possible to coast along to victory during the remainder of the game, despite a rally staged in the closing period by the Manasquan quintette.

The Junior Varsity however, was not as successful and fell before the Manasquan Jay Vees 31 to 25.

Hoffman's regular season will be brought to a close tonight when they play a return game with Metuchen on the "Brainy Borough" court.

Peter J. Coakley Will Is Probated

This week the will of former City Clerk Peter J. Coakley, who died on January 10, was probated at the Surrogate's office in New Brunswick. A sister, Cecilia C. Brady, of this city, was named executrix and sole legatee.

The will, dated July 22, 1933, was witnessed by A. T. McMichael and Leo J. Coakley.

During the Time of Christ
There are no actual statistics on the population of the world during the time of Christ. Little of the world was known then. An estimate placed the number at 50,000,000 in the known world.

LETTER TO EDITOR

Penalize Holding Land Unused
Editor South Amboy Citizen:
Most persons who talk about taxes, unemployment and relief, overlook that all employment of either labor or capital, is upon land and materials from land.

The lower the tax is on unused land, the easier it is to hold land out of use indefinitely, speculating for higher prices. That makes it more difficult, and costly, to get land to use.

Penalize holding valuable land unused, and make it easier to get land, by levying a surtax on it. That would put land to use, encourage building, increase employment, reduce relief costs; also produce revenue to reduce taxes on homes, farms and industry.

Think it over!
A. L. TOOLE.
