Christ Church Group To Visit New York City Next Monday

To Attend Mass At Church Of St. Mary the Virgin.—Afterwards the Theatre

The Christ Church Chapter of the Order of St. Vincent will leave the Parish House promptly at 8 o'clock on the morning of Lincoln's Birthday Holiday, Monday, February 13, by bus for New York City, where at 11 o'clock they will attend vespers, a Pontifical High Mass in the Church of St. Mary the Virgin.

The Right Reverend The Bishop of Milwaukee, will be the celebrant. The Reverend Spence Burton, S.S. J.E., D.D., Superior of the American Congregation, Society of St. John the Evangelist and Suffragan Bishop-Elect of Haiti, will be the preacher.

This annual festival service for acolytes in New York City and some of the churches in New Jersey is held every Lincoln's Day under the direction of the Guild of St. Mary the Virgin, New York.

After luncheon the Acolytes of Christ Church will attend the theatre.

The Reverend Harry Stansbury Weirich, Chaplain of the Chapter and C. R. Stults, Warden, will supervise the visit to New York.

The Christ Church Chapter has 40 members. They served at 179 Sunday services; 70 Holy Day services and 112 other day services in Christ Church in the year 1938, a total of 367 services for the year.

PERFECT VEST CO. TO RELOCATE ON BORDENTOWN AVE.

To Occupy Building At Present Occupied By Schott Brothers

On the tenth anniversary of its establishment as a local industry, the Perfect Vest Company of this city, is making preparations to move into larger and more modern headquarters.

About the end of the month, the company will move from its present headquarters at 210 North Broadway, to the brick factory building at 248 Bordentown avenue, at present occupied by Schott Brothers, manufacturers of leather jackets.

Officials of the Perfect Vest declared they had purchased the Bordentown avenue building two years ago and were moving into it because it afforded them considerable additional floor space and at the same time lent itself readily to conversion into a modern factory building.

While they were not able to state definitely, officers of the firm, declared it was possible additional help would be added when the renovations were completed. Contractor Morgan Lambertson began the work of renovating on Saturday.

In addition to alterations to accommodate its equipment, the Perfect Vest will install accommodations for employees, such as wash rooms and showers.

Schott Brothers, present occupants of the Bordentown avenue building, who have been located here for the past eight years, will relocate at 285 King street, Perth Amboy.

Schott Brothers officials declared they regretted the necessity of leaving this city and had endeavored in vain to secure a suitable site for relocation here. They declared local residents employed at the factory will be retained in their employ and they will make every endeavor to give employment to additional South Amboyans when they have relocated in the neighboring city.

Final Arrangements Rotary Anniversary Nearing Completion

Club Will Also Celebrate Ladies' Night At Buttonwood Manor, Feb. 21st

Final arrangements for the fifteenth anniversary celebration and ladies' night of the South Amboy Rotary Club will be held at Buttonwood Manor, Lake Lefferts, Matamoras, on Tuesday evening, February 21st, are expected to be completed during the coming week. This announcement was made at a meeting of the club Tuesday by Ray Ketchell, chairman of the committee in charge. Other members of the committee are Robert F. Mason, Samuel Stock, James L. Housel and J. M. Roll.

It was announced by Sidney Komar, chairman of the program committee, that Major Harvey S. Moore, a well known Trenton attorney, would be the speaker. He spoke before the local club about a year or so ago.

President D. W. Reed, Jr., appointed a committee to take charge of the task of revising the club's constitution and by-laws, and bring the same up to date. This committee consists of Frank Reid, chairman; D. W. Reed, Jr., Manuel Applegate and Paul Milburn.

One of the features will be a miniature minstrel, presented by the Sacred Heart school children. Edward Powers will be the master of ceremonies for the "Pumpkin Center Review" to be staged at the conclusion of the minstrel, when such famous other local comedians (Continued on Page 8)

LAMBERTSON AIDS IN CAPTURE OF ALLEGED MURDERER

Participates In Spectacular Raid At Burlington, N. J.

Howard Lambertson of this city, detective sergeant in the State Police force, participated in a spectacular raid and arrest Monday night in Burlington when a Philadelphia waterfront holdup slaying was taken into custody.

The suspect, Edward Golden, 19, was named by an alleged accomplice Walter Tankard, as the slayer of Nathan Krewitzky, Philadelphia banana dealer, who was beaten to death with a piece of pipe on January 25 and robbed of \$200.

Philadelphia police reported that Golden was armed with a piece of pipe and concealed himself while Krewitzky went to a restaurant for breakfast at 7 o'clock on the morning of January 25, and when he returned after completing a number of cash transactions, Golden hit him three times on the head with the pipe.

Lambertson and other troopers familiar with Golden's former habits started a systematic search of Bordentown and Burlington and on Monday night the trail led to the home of William Upshaw in Burlington.

A cordon of heavily armed police was thrown about the Upshaw home and at a signal, troopers entered the house. Golden was found seated in the kitchen. He offered no resistance. A search of his room disclosed no weapons.

The prisoner was taken before a Burlington justice of the peace and docketed as a fugitive from justice. He was committed to the Burlington County jail at Mount Holly without bail, to await extradition to Philadelphia.

Sacred Heart Minstrel and Review Sunday and Monday

Will Take Place At Sacred Heart Hall

On Sunday and Monday, the big minstrel and Pumpkin Center review of the Sacred Heart Parish Club will take place in Sacred Heart Hall.

The production is staged under the direction of Arthur J. Scully, assisted by Joseph Lagoda.

Thomas Koziorowski will be the interlocutor and the end men will be Joseph Malik, Frank (Mooney) Andrejewski, Malik Zamorski, Sam Turner, John Tryano and Les Peterson. In addition to the solos by the end men, there will be a number of other musical numbers, dance specialties and novelty numbers.

Walter Kay and his orchestra will furnish music. Among the soloists will be William Johnson, Frank Zyskowski, Edward Bisset, Leon Skarzynski, Stanton Ryan, Henry Leonard, William Johnson, John Leonard, Thomas Keyes, Fred Dohn and Helen Beute. Dance numbers will be presented by Evelyn Conway and Edith Dougal, and among the specialties will be mouth organ and banjo numbers by S. Batrukiewicz, and song and accordion numbers by J. Flana, John Plaskonka and Charles Krawacki.

One of the features will be a miniature minstrel, presented by the Sacred Heart school children. Edward Powers will be the master of ceremonies for the "Pumpkin Center Review" to be staged at the conclusion of the minstrel, when such famous other local comedians (Continued on Page 8)

POPE PIUS XI DIES LAST NIGHT

Members of the Catholic Churches in this city and vicinity were saddened this morning upon learning of the death of Pope Pius XI, who died last evening at Vatican City, Rome, at 11:31 P. M., New York Time, soon after it was announced that he was sinking and that the end was near.

Death came following a recurrence of heart trouble supervening on a cold. The Pontiff was eighty-one years old and the 281st of the Popes, having been elected February 6, 1922, to succeed Benedict XV.

Up to press time this morning, it was learned that no services or masses have as yet been arranged at St. Mary's church in connection with his death.

Bids Received By Council For Sewage Bonds

H. B. Boland Co., of New York, Successful Bidders

There were four bidders for the \$75,000 worth of city bonds disposed of at the meeting of the Council on Tuesday evening. The bonds, in \$1,000 denominations, dated February 1, 1939, will mature in numerical order on February 1st of each year, and are to finance the city's portion of construction costs for the new sewage disposal plant.

H. B. Boland & Co., of New York City, were the successful bidders with a figure of \$75,083.78 with 3.20% interest. The three unsuccessful bidders were M. M. Freeman & Co., of Philadelphia, with a bid of \$75,582.50 and 4 1/4% interest; South Amboy Trust Company with \$75,285.63 and 3 1/4% interest, and Boening & Co., of Newark, with \$75,514. and 3.70% interest.

The Council also considered the reports of four groups of commissioners of assessments who rendered their report recently on sidewalk and curb improvements to various streets of the city. There were no objections from property owners at the hearing and the Council adopted and confirmed all reports. Property owners have five years to pay for the improvements, the first payments due on April 1 of the present year.

The Council unanimously adopted a set of resolutions on the death of the late Peter J. Coakley, war time City Clerk of the city. By motion the resolutions will be spread on the minutes of the meeting and a copy forwarded to the family of the deceased.

Councilman Walczak rose to ask an explanation of bills for incidents in connection with the sewage disposal plant. He expressed the opinion that they should be paid for by the engineer in charge, out of his salary of 7 1/2% of the cost of the job. In the discussion that followed, City Clerk Disbrow, City Treasurer Kress and Mayor Gleason participated, and since there was apparently in the minds of all concerned, a technical question involved, it was decided to settle the matter at the next business meeting. Commenting on the situation Walczak declared: "There is no job worth 7 1/2% just to have the title. It just doesn't seem right to me."

Councilman at Large Zdanewicz and Councilman Niedkorn were absent from the meeting and Councilman Stanton presided.

Unlucky Number Is Most Popular With Auto Owners

All 13's Given Out By Local Agency Kurovsky Reports

The new type of auto licenses for 1939 appear to be in great favor with the majority of automobile owners in the city, according to Frederick Kurovsky, local agent.

Agent Kurovsky reports that because it is possible, by the new system, to receive low numbers, or licenses with two or three numbers alike, frequent approval of the new system is heard.

In former years, one of the problems of the agency was to get rid of numbers containing the numbers 1 and 3 consecutively, because applicants were superstitious and avoided these numbers. Now, however, when it is possible to get the number 13 alone, in 72 different letter combinations, it is the most popular of all, and already all 13 license numbers assigned to the local agency have been issued and additional requests for the number are received daily.

As usual, the agency reports, there is a big demand for auto license numbers that correspond to telephone or house numbers of the applicant. Agent Kurovsky reports, that because of the new system, it is possible to satisfy a greater number of these requests than under the old license system.

STERNER PREDICTS BOTTLENECK END WITH NEW CUTOFF

Says Value of Relocating Heavily Traveled State Routes Has Been Proved

State Highway Commissioner E. Donald Sterner today pointed out that officials, merchants and residents of the areas affected, as well as motorists, are recognizing the value of relocating heavily-traveled state routes of New Jersey's highway system on the outskirts of communities, through the construction of by-passes.

Launched primarily for the purpose of reducing the accident toll in congested business centers, as well as for speeding up through traffic, Sterner declared the by-passes are filling these needs and are proving a boon to business people established on municipal thoroughfares that formerly served as connecting links in the highway system.

Sterner declares that more than 85 municipalities are now skirted by State roads which used to run through their business centers. Foremost in the current construction program is the Route 35 by-pass of Perth Amboy and Woodbridge, to relieve the "bottle neck" traffic jams of seashore bound traffic the Route 6 by-pass of Paterson and the Route 4 by-pass of Freehold.

With regard to the local situation Sterner remarked, "It has always been my belief that it is an injustice to expect municipalities to handle the involved traffic problems created by state roads running through congested areas. South Amboy, Perth Amboy and Woodbridge have been burdened with the vast seashore traffic for many years. South Amboy already has been relieved of the traffic by the completed section of the Route 4 and 35 viaduct. Perth Amboy and Woodbridge will be similarly relieved this summer when those sections of the Route 35 by-pass are completed."

Local People At Birthday Dinner For Ex-Governor

William L. Dill Among Speakers at Hoffman Affair

About twenty local people were among the more than 1,500 who attended the annual birthday dinner to former Governor Harold G. Hoffman Tuesday evening at the Hotel Commodore in New York City.

The former governor, now executive director of the State Unemployment Commission, was presented with a set of oriental rugs as a birthday gift.

Hoffman in his speech drew a contrast between present conditions in this country and Europe and said "the democratic form of government of the United States is the most cherished possession of every American."

William L. Dill of Paterson, Hoffman's gubernatorial campaign rival in 1934 was one of the speakers. Others who spoke were: Col. Hugh A. Kelly, secretary to Governor A. Harry Moore, Motor Vehicle Commissioner Arthur Magee; Secretary of State Thomas Mathis and Joseph G. Buch, chairman of the Unemployment Compensation Commission.

SEACROFT INN DESTROYED BY NIGHT BLAZE

Building Occupied Only By Two Caretakers at Time of Fire

Nothing remains but a few charred timbers to mark the location of the once famous Seacroft Restaurant at Morgan, which went up in flames early yesterday morning.

The building, which had been used as an inn, was occupied by two youths who served as watchmen at the time of the fire, and contained only bar equipment.

The two watchmen, Perth Amboy residents, started a fire in a dummy fireplace, to take the chill off the building. Noticing the reflection from the fire in the building, a passing motorist turned in an alarm at 11:30, but when firemen found there was no call for their services they returned home. They were called back later at 3:10 when the building caught fire. The Sayreville, Morgan and Melrose fire companies fought the blaze until 8:30 Thursday morning, but were unable to save the building. The total damage was estimated at \$7,000.

The property is owned by the Universal Loan Co., of Elizabeth.

Comedy Features The Program At Women's Meeting

Presented Under Direction Of Mrs. O. I. Carr, Drama Chairman

An hilarious comedy sketch, the purpose of which was to demonstrate the speed with which gossip travels in a small community was the feature of the entertainment portion of the meeting of the South Amboy Woman's Club held Tuesday afternoon in Christ Church Parish House. The sketch, "Miss Susan's Fortune", was presented under the direction of Mrs. O. I. Carr, drama chairman and the cast was: Miss Susan Slant, heiress; Mrs. Tilda Mell; Marie, her niece; Mrs. H. C. Bergen; fair weather friends, Mrs. A. J. Fenzel, Mrs. H. Edgcomb, Mrs. Burrows Lambertson, Miss Charlotte Long, who wants Susan's boy friend, Mrs. George Miller. Mrs. Carr also gave a group of readings, assisted at the piano by Mrs. William Spencer.

In the absence of Mrs. E. Robert Owen, Mrs. Harold Edgcomb presided at the business session when Mrs. William P. Nichols, civic chairman, talked on the Consumer's Tax Commission. Mrs. Nichols described the Commission as a nation wide organization which she urged the club women to join. The Commission members, she declared, interest themselves in hidden taxes, reveal their causes and conduct studies to remedy the evil through organized effort.

Mrs. Herman Eulner, chairman of the Ways and Means Committee, reported the card party held recently was a social and financial success.

The meeting hostesses were Mrs. David Greenspan and Mrs. George Miller.

CAMPAIGN PLANS WERE DISCUSSED BY HOFFMAN CLUB

Mason Asserts "Divine Right of Kings" Now in Force

Comprehensive campaign plans involving not only 1939, but next year as well, were discussed when the Hoffman Republican Club held a meeting last evening.

Reiterating his prediction that Republican victories in the First and Fourth Wards this year will give the party control of the Council, Municipal Chairman Mason declared: "If the Democrats in control of the city keep up the way they are going, we will have no trouble. If this kind of government continues, I don't know whether South Amboy will be a good place to live in the future or not," he said. "We are now experiencing the 'divine right of kings' with power handed down from one member of the family to the other. I was a pikier during the four years I was Mayor. I had a lot of ideals. I said if I was elected I would steer clear of the appointment of relatives and friends alike and I made a lot of enemies by doing it. I don't blame anyone for helping a friend or relative, but I don't believe they should hog the whole thing. If people permit a continuation of this policy, they deserve to feel the effects of it."

In connection with the campaign plans discussed, Mr. Mason outlined plans that have been made for the organization of a Young Republican unit in the city. According to the plans the movement will be city-wide, the club to include not only the youth of voting age, but those who will cast their first vote in 1940 as well. It is planned to have the Young Republicans as guests of the club at the next meeting when Joseph DeHart County Chairman of the Young Republicans, will be the speaker. A refreshment committee consisting of Mrs. Frank Hoffman, Jr., Mrs. Ada Hoffman, John Larkin and George Cosnoski was appointed.

Mrs. Harold Fliskov outlined the plans for the birthday party the club will tender to Mrs. Bridget Houlihan at Brennan's Grill on February 17, and reported a large sale of tickets all over the county.

Joseph DeMarco announced at the meeting that he would become a candidate for the nomination as Councilman in the Fourth Ward.

DeMarco's announcement officially brings the number of candidates in this Ward to three, George Cronce and Yutes Romeo having announced their candidacy at a previous meeting. Mr. Romeo, present at the meeting, also talked urging harmony regardless of the outcome of the primary race.

Minstrel Plans Progressing For St. Mary's A. A.

Girls' Singing and Dancing Chorus To Feature Affair This Year

On Sunday evening, February 19 at 8:15 the curtain will raise on St. Mary's Hall on the second annual minstrel of St. Mary's A. A.

Rehearsals under the direction of Vincent Higgins and John Triggs, co-directors, have been conducted for the past two weeks and the show is rapidly rounding into shape. In addition a humorous nautical sketch entitled "Rock and Roll" will be presented with a number of local thespians in the leading roles.

A feature of this year's minstrel will be the inclusion of two girls choruses and a number of vocal number by members of the fair 6-2. There will be a girls' trio, which will render several numbers and Henry Leonard and Helen Delaney will render several duet numbers.

The members of the girls' singing chorus are: Margaret Edwards, Modesta Casey, Catherine Quinlan, Helen Coman, Ruth Campton and Grace Suma.

The members of the girls' dancing chorus are Katherine Coakley, Margaret Coakley, Kay Seaman, Mary Tarallo, Catherine Solius, Agnes Coan, Joan Dowling and Mary Quinlan.

Democratic Club Endorses Walczak And Zdanewicz

At a regular meeting of the Anton Walczak Democratic Club held in the headquarters on Cedar street Wednesday evening, the club went to record as endorsing Councilman Anton Walczak as the party's choice for renomination in the First Ward at the coming election. Resolutions endorsing John Zdanewicz as a candidate for appointment at Mid-dlesex County under-sheriff were also unanimously adopted.

It was decided to hold a game social on the evening of Thursday, March 9th, with Frank Bosock, as chairman, and Adam Schultz as co-chairman. This will be held at the headquarters.

The club will hold its regular meeting, hereafter, monthly, on the first Thursday of each month, and whatever special meetings are necessary will be called by the president.

LOOKING BACK 22 YEARS

Issue of February 10, 1917

The Board of Education gave further evidence of a desire for the speedy erection of an entirely new building to replace the present condemned structure on George street at a special meeting held on Wednesday evening. A resolution was unanimously adopted appealing to the State Commissioner of Education in an endeavor to hurry along the issue of bonds, thus insuring the immediate start of the construction work. The resolution was introduced by Mr. Mason.

From time to time various railroads are publicly commended by the press for their record in transporting passengers from place to place without injury to any of the patrons so carried. The figures of tentimes mount to such heights that they are not really at all comprehensible to the average mind, the average mind being incapable of conceiving what a million, for instance, really is. The figures in connection with the passenger business of the Raritan River Railroad for the year 1916 were given out on Thursday of this week. According to their statistics the railroad in question carried during the year a total of one million five hundred thousand passengers on the road. The number of passengers carried one mile amounts to 8,364,696. This record is unblemished by a single accident to a single passenger while on the trains of the company.

On next Wednesday evening in Christ Church Parish House, St. Martha's Guild will give a "Masquerade Party." Prizes are to be given to the ones who have the most unique costume. The hall will be decorated with hearts and valentines.

There will be games, music, dancing and simple refreshments. Mrs. C. S. Stults is chairman and she is being assisted by the following women: Mrs. C. S. Parker, Mrs. W. A. Chapman, Mrs. G. H. Mack, Miss Charlotte Muirhead, Mrs. Sigvard Emilussen, Mrs. Mary Campbell, Mrs. S. T. Bastedo, Mrs. W. Hayes, Mrs. George Clarke, Miss Dora Fredericks and Miss Alice Van Sandt.

The testimonial dinner to Hon. T. J. Scully which will be held in St. Mary's Hall next Monday night, Lincoln's Birthday, promises to be a most successful affair.

Among the speakers of prominence who have promised to be present are: United States Senator J. Ham Lewis, of Illinois; topic "Citizenship," or "Lincoln." Hon. Geo. F. O'Rourke, of Rhode Island, topic "United States."

When the Common Council holds its bi-weekly meeting next Tuesday it is expected that the City Solicitor will have a report ready for the new school building, which was referred to him at the last meeting of that body. In view of the anxiety of the Board of Education to get the new structure under way and the reluctance on the part of the Common Council to incur the necessary expense to the taxpayers because of the delicacy of the water situation at the present time, the result of a controversy along similar lines between the Board of Education and the Common Council of the City of Bridgeton may be of timely interest.

Chickenpox is quite prevalent in the city, and many children are being kept from school.

The regular bi-weekly session of the Common Council will be held on Tuesday evening. At this time the ordinance governing the payment of munitions through this city will come up for second reading.

Two bills will be introduced into the legislature this session affecting the city, one to take in the section of the city known as the "Bridgeton" and the other to take in the section known as the "Bridgeton" and the other to take in the section known as the "Bridgeton."

A very enjoyable social was held in the lecture room of the First Presbyterian Church on Tuesday evening, Feb. 8. Judging from the financial returns, the people attend-

ing all have good sized feet. In the miniature sock sent out with the invitation, twice the size, worn by the recipient was supposed to be represented by the coins placed in the small sock and returned the evening of the social.

The President of the P. R. S. C. E. Miss Dorothy Bergen, the chairman of the Social Committee, Miss Tona Bennett, and all the young people who so ably assisted in the preparation for this successful event are to be cordially congratulated.

On Wednesday there was a hearing before the Public Utilities Commission on the complaint or petition of the city against the Public Service Gas Company on the failure or refusal of the said company to give gas service to various residents along streets down which gas mains were not laid. Among these streets were Conover, in the Mechanicsville section; Highland in the Maxwell section, and Fourth street. A hearing was held before the Commission at Trenton some time ago, following which the Gas Company agreed to give the desired service to Conover street by at once extending its mains down that street. In view of this assurance on the part of the Gas Company, the petition for Conover street was withdrawn and the hearing in Newark was on the Highland and Fourth Streets petitions.

BARBOUR REPORTS

The Relief Situation

Washington, Feb. 8.—There is no reason for any apprehension on the part of any WPA worker over the action of Congress in holding the current relief appropriation the \$725,000,000 instead of allowing the full \$875,000,000 asked by the President, Senator W. Warren Barbour has declared. He predicted that Congress will appropriate any additional sum found to be necessary to carry the relief load until the end of the fiscal year, June 30 next, if it should develop that the amount provided is insufficient for this purpose.

"In effect," he said, "Congress has given the President \$725,000,000 to finance current relief requirements with the understanding that if more money should be needed, it will be provided. The issue between the President and Congress was not whether Congress should provide adequately for those who need relief, but whether the job can be done for a smaller sum than the President asked."

"Congress simply said to the President, 'See if you can't get along on \$725,000,000, without causing anyone to suffer. If you can't, we will give you whatever additional amount is required.'"

"It is as if a board of directors said to an executive, or a father to a son: 'You think you need this larger sum. You may be right, but we think you can do the job for less than that. Take this smaller sum, do the best you can with it, and see how you come out. If you need more money before you get through you can have it.'"

"That is all there is to the relief controversy. The smaller appropriation moreover wisely provided that no relief allowances need be cut at all during the winter months, and from statements made by relief officials since the \$725,000,000 was approved, I do not believe any worthy relief recipient will be dropped from the rolls now or later."

"Certainly Congress will take care of any deficiency if one should develop before June 30. I know I should vote without question to do so."

Dutch Elm Disease
Rapid progress in New Jersey's war against the ravages of Dutch Elm disease, the scourge that has resulted in the destruction of more than 30,000 of these trees in the state, is seen if the requested increase in the appropriation of \$200,000 for that purpose, asked of the Senate Committee on Agriculture by Senator Barbour this week, is granted. New Jersey, and particularly North Jersey, has suffered more from the blight than any section of the country. The appropriation of \$338,000 granted nine months ago already has been exhausted.

Guard, to consider favorably recommending that the coast guard base located at the Cape May Airport Station be restored to its former status with full complement of men and ships.

Named on Foods Committee
Senator Barbour this week was named to the sub-committee on Foods and Drugs of the Commerce Committee.

DRY LAND BOAT
Without ever touching water, a huge boat is to be brought from Soviet Russia as one of its exhibits at the New York World's Fair. The boat is 79 feet long, 33 feet broad and 20 feet high. It is coming on a cargo steamer and, upon arrival at New York, will be placed upon a powerful truck for transportation to the fair site.

HOW TO CATCH A VITAMIN

SUNSHINE Vitamin D is as elusive as a butterfly. But we know how to catch it. Why catch it? Because we want firm, sound teeth, and straight, sturdy legs, and well-formed chests and heads for our children. And we can't have them without plenty of Vitamin D to put the calcium and phosphorus in milk to work for us.

But how can you capture enough Vitamin D now that the sun has gone into winter hiding? It's a lot simpler than the artist shows in the sketch above. You don't have to be a butterfly chaser. All you do is phone or drop us a line, and the Borden Man will do the rest. He'll bring you, rain or shine, Golden Crest Irradiated Vitamin D Milk. And then you can drink your sunshine Vitamin D. St. Mary's School News

On the Day of Pentecost the Holy Spirit manifested His coming by a visible and audible sign: the tongues of fire indicated the enlightenment of the Apostles and the gifts of tongues; the mighty mind the power imparted to them. In like manner, to convey grace to us by means of it is the good pleasure of our Lord sensible signs. He ordained for the communication of grace the use of such words and objects as clearly signify the grace bestowed; for the washing away of original sin He ordained that water should be poured on the head (because water cleanses) and at the same time a form of words used which indicates that it is done by the power of the Holy Trinity. In order to impart to us the gifts of the Holy Spirit, light and fortitude, He instituted the laying on of hands, with prayer and anointing with oil (oil being used to give light and warmth).

The seven sacraments, Baptism, Confirmation, Penance, Holy Eucharist, Holy Orders, Extreme Un-

tion and Matrimony, therefore, are sensible signs instituted by Christ, by means of which the graces of the Holy Spirit are communicated to us. In every sacrament there is: An appropriate ceremony, called the matter, and a form of words, which accompanies the sign or ceremony, and besides there is the grace conveyed. The sign, or visible part of the sacrament, not only signifies what it is effected in the sacrament, but effects what it signifies. They are therefore, practical signs; they may also be termed instruments, and the graces conveyed through them the effect of those instruments. The signs of the sacraments are like our Lord's humanity and the graces conveyed like the Godhead concealed beneath this humanity. Sensible signs were instituted by our Lord for this purpose; that the graces conferred by their means might be made duly apparent, and thus recognized by men. As water cleanses from impurity and extinguishes fire, the use of water signifies that our souls are cleansed and the fire of hell is quenched in us. As oil gives light and strengthens the body, its use in Confirmation indicates plainly that our souls are enlightened and fortified by the Holy Spirit. Our Lord made use of distinct signs in conferring graces and benefits, although a thought, a word on His part, would have sufficed; He touched the eyes of the blind man (Matt. IX 29); He touched the leper; He breathed on the Apostles and said to them: "Receive ye the Holy Ghost." (John XX, 22). Under the old Dispensation likewise, God bestowed His favors through signs; witness Moses' rod, the brazen serpent, the gall of the fish wherewith Tobias' sight was restored, the cure of Naaman by washing in the Jordan. Sensible signs were instituted by our Lord for the purpose of humbling the pride of man. Man who aspired to be as God, is now dependent for the recovery of the grace he lost upon what is lowest in creation, lifeless matter. As for the sake of what is sensible man renounced heaven, it is meet that by use of what is sensible he should rise again to that which is suprasensible. Sensible signs are, in fact, required by the nature of man. If we were pure spirits we could dispense with corporal signs for the communication of spiritual gifts, but as we are composed of body and soul, we have need of them. In addition to the signs instituted by Christ, certain ceremonies have been appointed by the Church, in order to indicate still more perceptibly the graces conferred, and to increase the devotion of those who dispense and those who receive the sacraments. The various significant ceremonies are like a mirror, wherein a man sees the reflection of what goes on within the soul. The benefits God bestows on us are more deeply impressed upon our minds by the accompanying ceremonial; it also deepens the devotion of both the dispenser and the recipient of the sacrament.

Through the seven sacraments we receive divine grace at the very time of our life when we are most in need of it. These times occur at birth, a tour entrance into youth, when we have lost friendship of God, when we embrace a new state of life, and at the hour of death. As at sea there are islands and harbors, where the mariner can cast anchor and take in supplies; as there are roadside inns where the traveler can pause to rest and recruit his strength, so on the weary journey of life the sacraments are provided to afford support and refreshment now and again to the pilgrim. By the three sacraments, Baptism, Confirmation and Holy Orders, there is imprinted upon the soul a certain spiritual and indelible mark or character on account of which they cannot be repeated. (Council of Trent). This indelible mark consists in a special consecration and dedication to Christ. This mark is not effected by mortal sin; it can never be removed from the soul. Consequently these three sacraments can never be received a second time, not even by one who has apostatized from the faith and has been received back into the Church. These three sacraments will be like a seal upon the soul in a future life; they will be a cause of eternal glory and rejoicing to the blessed; to the reprobate they will be a source of shame and confusion.

Helen Chandler In "Outward Bound"

Helen Chandler and Alexander Kirkland are appearing in the star cast of Sutton Vane's "Outward Bound" which is now in its eighth week at the Playhouse, New York. In the famous comedy they play the "Half-Ways," Henry and Ann, who are not always quite sure why they are taking passage on the ship which is heading into the beyond. Peons of critical acclaim greeted "Outward Bound" when it was presented December last, and the praise has never ceased. The play was recently the feature of the President's Birthday Celebration in Washington, where it journeyed one Sunday night for a "command performance" at the National Theatre, returning next day to the Playhouse, in New York, so that its run would not be interrupted.

If You BELIEVE IN INSURANCE WE CAN SAVE YOU MONEY (yet we do not sell insurance)

- ★ Do you know that all lapsed policies are not worthless?
- ★ Do you know that accident policies do not cover every type of claim?
- ★ Do you know that you can obtain a loan on your insurance policy at approximately one-half the six per cent interest rate, generally charged by insurance companies?
- ★ Do you know that your policy can often be cashed in?
- ★ Do you know that since December, 1938, you should be receiving 1939 dividends on your weekly policies?
- ★ Do you know that a 20-payment life policy is expensive?
- ★ Do you know that every time you pay a premium on an Endowment policy your protection is decreased?

Although you spend hard earned money to secure insurance for yourself and your family—do you know these facts?

These are only a few of the many startling factors which the average insurance policy holder does not realize. He might as well be blindfolded. In the long run he finds himself many dollars poorer.

The Policy Holders Advisers

has been created:

1. To bring these important facts to the insurance policy holding public.
2. To advise the buying public on how to receive the greatest amount of protection for its money.

WE do not sell insurance.
WE do not recommend any Insurance Company.
WE give you honest, expert, unbiased advice on how to buy insurance intelligently.
WE show you how to get more protection for less premium.
WE show you how to have a legal beneficiary on your policy.
WE show you how to save 30% to 50% on the amount you pay.

Bring your premium receipt books and policies (valid or lapsed) with you. They may be worth much more than you think. We receive no profit or commission. Our charge for consultation is \$1.00 regardless of the size of your policies. If our services are necessary to help you enforce your rights with your insurance company, a further modest charge will be made based on services rendered. Ask for William Ligorner, your friend and insurance counselor.

PIPE DREAMS

The irony of it, the irony indeed, is composed of local sportsmen who go out in the woods and on the water and come back and kick the truth all around in telling about the fish that got away or the deer that ran faster than the bullets and yet the club has set Feb. 21st, the eve of Washington's birthday for their annual dinner. And George Washington was noted for never having told a lie.

Boys equipped with a rifle shot a tame duck down by the waterfront the other day and there was much complaint about the incident from the owner.

Aggravation increased, however, when the former owner of the former duck, who had been endeavoring to have the loss replaced, received a wooden decoy duck in the mail, accompanied by directions on how to prepare it, for a meal.

Now having a double complaint, the person who formerly owned the duck made visits to city officials to complain, but the mystery of who sent the duck is still unsolved, although we understand a local cop is privately working on the case, hoping to find the answer to the riddle.

The word "shakeup" will probably be heard about the city shortly as the result of a case in which there will be considerable local interest.

One recent night local man and his wife went to Newark and stopping in one of the restaurants hung their coats on a clothes tree back of the table at which they sat. When they had finished eating, the man asked his wife if she would turn around and get his cigarettes, he noticed they were not his brand and discovered she had put her hand in the pocket of someone else's overcoat hanging beside her husband's. When she attempted to put the cigarettes back, the overcoat owner sitting close by, saw her with her hand in his overcoat pocket and set up a howl that she was attempting to rob him. It took considerably fast explaining on the part of both the husband and wife to talk themselves out of the situation and in the future the woman will probably be very careful whose overcoat pocket she puts her hand in when she leaves Main St.

Never heard that they gave it a name, but the station plaza might well be called "Alcohol Park." First of all, you can stand in the center of it and see three gin mills and a retail liquor store within a stone's throw, and second, it's the principal place for outdoor consumption of alcohol after the sun goes down. There are so many drinks taken there during the night that a woman who works nearby and can look out over the plaza, counts the dead soldiers every morning.

Saturday morning, we saw a new one, when a small group of boys scampered about the plaza gathering together the empty bottles which they placed in a fire nearby to listen to them explode when the heat began to work on the few drops left in the bottles.

The boys are complaining about picture replacement at the famous "Pinochle Inn." For a long time there was a picture of the President hanging over the bar, then suddenly the picture disappeared to make way for one of the proprietor and a group of fishermen. A guy must have a pretty good opinion of himself, they argue, when he takes down the president's pictures to put his own up.

One night recently the Broadway Butler Boys went to New York City and one of the clerks was seeing the Metropolis for the first time.

In all that big city, the most interesting thing to him were the blue lights on top of a high pole on one of the high buildings. He stood there gazing up at the lights and asked the tall and slim clerk, who knows all the answers, how they changed the bulbs in the lights when they burned out.

Then the tall, slim one explained: "A monkey does that, and he's the cutest little thing." Then he went on to explain that the monkey is trained to climb the pole with a little belt containing electric lights trapped about him, take out the burned bulb and insert a new one. The inquiring clerk believed every word of the explanation.

Bordentown avenue girl, who's a cream puff salesman, had a date to go to New York with the Laurence Harbor boy friend recently.

When the time came for them to make the trip, the boy friend contacted her and told her he was sick. The girl friend apparently had doubts and figured he might be planning a date with someone else and was taking no chances, so she went to his home and spent all day sitting beside him in the daylight.

FAIR'S FLORAL CARPET
The planting of 1,000,000 flowering bulbs, donated to the New York World's Fair 1939 by the Holland government, is now well under way throughout the 390 acres of the Main Exhibit Area. The approximate totals of these bulbs, which will add greatly to the splendor of the Fair's landscaping are: Tulips, 935,000; alliums, 41,000; hyacinths, 11,700 and carnations, 7,000.

Tomato Called 'Love Apple'
The tomato was known in early America as the "love apple." Italian call it the "golden apple."

Blue Comet Marks Tenth Anniversary

Makes Special Trip To Shore For Holiday Week-ends

Commemorating the tenth anniversary of the Blue Comet, Seashore's fastest train, the Jersey Central Railroad announces a special trip to Atlantic City on Friday, February 10, to accommodate those planning to spend the Lincoln's Birthday weekend at the shore resort.

For this special trip, the Blue Comet will leave West 23rd Street Station at 4:45 P. M.; Liberty Street Station at 5:00 P. M. This in addition to the train's regular daily run, leaving West 23rd Street at 10:45 A. M.; Liberty Street at 11:00 A. M.

The Blue Comet, which made its initial run to Atlantic City on February 21, 1929, was the first all-color train in the East, and one of the pioneers in the trend on the part of the railroads to concentrate their attention on passenger traffic. The Jersey Central designed this train for the purpose of providing coach passengers with the very finest in modern rail transportation, at standard coach fares. Often called "a modern hostelry on wheels," the Blue Comet is decorated throughout in a blue and cream color scheme. The diner, incidentally, has gained widespread fame for its excellent cuisine.

This fine, fast, modern train offers a number of unusual features. Individual coach seats may be reserved free; there's a ladies' lounge, observation car and diner—all for regular coach fare.

Boston, June 26 1879.

Dear Sir,

Before putting in any exchanges or starting in or even planning for a central office system I think it would be well for you to consult thoroughly with Mr. Klatansky, and immediately into our standard system for central office connections. What we want to do in every case is to adopt the best system and that we think we have, then if there is anything better we should of course want to adopt that.

Please let me hear from you in regard to this.

Yours truly,
Theodore N. Vail

Reproduction of a letter written on June 26, 1879 by Theo. N. Vail, pioneer leader in telephone development and long a resident of New Jersey.

"In every case... the best..." The standard of service set for telephone men and women by Theodore N. Vail in 1879 is as sound a working basis today as it was then. The tiny organization of '79, has become a force of three hundred thousand skilled workers, using a highly perfected system to make telephoning a natural, easy part of daily life. Sixty years of steady progress in design, methods equipment training and leadership has extended the range of your speech to the limits of the earth. Today 37,000,000 telephones are within your call... you can talk with almost anyone, anywhere, whenever you wish... quickly, clearly, cheaply.

The fencing team, badly beaten by Drew in its opener last Saturday, will meet Montclair Teachers in the gymnasium at 2 P. M., while the wrestling team, victorious over Johns Hopkins, 31 to 5, last week, also meets Montclair, but on the latter's mat.

The basketball team will also play away from home facing Brown at Providence. This will be the first meeting in history between the fives of the two universities.

William Ligorner Heads Policy Holders Advisers

Company Opens Offices in Perth
Amboy—To Give Advice
To Policy Holders

William Ligorner, for five years in the employ of the Metropolitan Insurance Company in this area, is the president of the recently organized Policy Holders Advisers, Inc., with offices at 145 Smith street, Perth Amboy.

Mr. Ligorner, during his employment with the insurance company was known as one of its star salesmen and was elected president of the \$100,000 club in 1936. He also was an ace salesman in the accident department, receiving several medals and other evidences of his proficiency. He also is a graduate of several schools of insurance salesmanship, and administration.

Recently, Mr. Ligorner resigned from the insurance business to head the Policy Holders Advisers, Inc., which he organized.

The Policy Holders Advisers, Inc., does not sell insurance, but is organized as a counselor firm to advise regarding the placing of insurance. The company does not recommend any particular company, nor is it connected as a subsidiary representative, or otherwise, of any life insurance company. Its prime purpose of the company, declares Mr. Ligorner is to tell the people the truth about insurance.

Hoffman High Continues Win Streak Against Roselle Pk.

Hoffman High continuing its victory march, downed Roselle Park on the local court Tuesday afternoon, 46-30. Hoffman scored almost at will annexing fifteen points to five for their opponents in the first quarter then with the exception of the second quarter, continued to outscore their opponents in each division.

Carl Marks and Chet Sprague were the outstanding scorers for the John Streeters. Sprague collected eighteen points with nine field goals and Marks scored seven in from the field and scored twice from the foul line, to make a total of sixteen points.

Tonight Hoffman meets Keyport High, away; Tuesday night they meet Neptune here and next Friday evening they are scheduled to meet the faculty.

BAY VIEW ROD AND GUN CLUB HAS 8TH BIRTHDAY

Last night the Bay View Rod and Gun Club celebrated their eighth birthday with a dinner and entertainment at the Club headquarters on lower Pine avenue. There was a large crowd in attendance, among whom was Assemblyman Fred W. DeVoe who gave the club an interesting talk on the possibilities of the new state park being established at Morgan and Cheesapeake.

From club members came the suggestion that a rifle range be included in the improvements to be made at the Cheesapeake park, the range to be used to relieve the load on the state ranges at Sea Girt. Mr. DeVoe termed the suggestion one of the most constructive that has been made in connection with the new park and he promised the gathering that he would take immediate action in the matter.

E. C. Thomas Joins Giants As Member Of Scouting Staff

This week E. C. "Gene" Thomas, of Stevens avenue, received notice of his appointment as a member of the regular scouting staff for the New York Giants. Last year he had a working agreement with both the Giants and the Brooklyn Dodgers, but this is the first time he has served the Giants as a full fledged member of the regular scouting staff.

The financial arrangements in connection with his appointment were not disclosed by Mr. Thomas but it is to be presumed that there will be a salary and expense arrangement, or a salary plus percentage agreement. Whatever it is will make little or no difference to prospective ball players for Mr. Thomas will be chasing ball games and coaching ball players whether he gets paid or not so long as can get going at all. In the same mail with his commission, Mr. Thomas received orders to check up on a pair of ball players, one living in Perth Amboy, the other up toward Linden. To make a report all he had to do was refer to his copious notebook, for he'd scouted both of them just before the season closed last fall. But he'll be looking them over again as soon as the season opens.
