

## THIRD WAR LOAN

While other communities in this section were debating about the wisdom and value of a curfew law, Madison Township adopted one immediately, when the need became evident.

There are still those who look upon the curfew as an ancient custom, and one that has no benefits and for which there is no place in the modern scheme of living.

However, there can be no doubt about the wisdom of a curfew for every municipality, large and small nowadays, when in addition to other dangers, there are the hazards resulting from curtailed lighting because of the dimout regulations and the possibility of an occasional unexpected blackout.

Then too, mothers are employed in war industries and because of shift work, children sometimes do not have the parental supervision they should have.

Like the youngsters elsewhere, the younger generation of Madison Township may not look upon this curfew with favor, but in the years to come they will appreciate the solicitude for their welfare shown by the township fathers.

In a letter sent to the Asbury Park Area Administration concerning the failure to receive the "all clear" signal in time in this city during the blackout Monday night, Commander Nehrkorn said, in commenting on the effects of the delayed signal on the morale of defense personnel, "We are now right back where we started."

The Commander was referring to the fact that lack of blackout tests had caused a severe slump in interest in defense among members of the local organization, and recent efforts of local defense executives had revived this interest, but the mixup Monday night set the efficiency of the organization back again.

The Monday night affair was just another instance that shows that the local Defense Council was aware of the necessity for more frequent blackouts when it made its recent protest against their infrequency.

It would seem that aside from maintaining the interest of defense personnel, there is another reason why blackouts should be more frequent, the fact that the notification system is far from efficient.

There have been several cases of few blackouts since the defense organization was set up, but we can recall two other cases besides that Monday night, when the inefficiency of the notification system was demonstrated, there was the case where a blackout was held and when an investigation was conducted after the "all clear" was evidently delayed, no one could tell who ordered the blackout, then there was the other case where a previously announced blackout was not held at the time announced because someone forgot to order it.

Clearly the notification system needs considerable more study before we can be sure it can be depended upon.

The New Jersey Taxpayers Association advocates the passage of legislation requiring the Federal government to pay taxes on property acquired for governmental use. Under existing law, such property taken over by the national government becomes practically tax free, representing a loss of tax income to the local taxing district and placing an increased tax burden on citizens already heavily burdened with taxes.

How great is the reduction in tax income throughout the state can be gained from the fact that Middlesex County which had the largest tax-free property as compared with total valuations in the 1943 tabulation, showed 38 per cent of the county's property valuations exempt from taxation as against 34 per cent last year.

In 1942, the tax exempt property in the county amounted to \$99,618,298, and for this year it has jumped to \$122,956,755, an increase of \$23,338,457 or 38 per cent.

Way back in the days when "Teddy" Roosevelt with the "big stick" and his prominent set of teeth, had a prominent place in the national picture, Vice President Marshall said, "What this country needs most is a good five cent cigar."

A good five cent cigar is much needed in this country today. The average man, despite the fact that he may be making more money than he ever did, finds the cost of food and other articles eating up that increased pay with the result that he feels no more able to buy more than a five cent cigar than he ever did.

It is rather disconcerting to walk into a cigar store and be told there are no five cent cigars in stock, and that they are unobtainable, while the stock of ten cent cigars is up to normal. Investigation reveals that

## Third War Loan Starts September 9

Members of Local Committee Named

The personnel of the committee which will conduct the Third War Loan drive to begin on Thursday, September 9th, was announced this week by James K. Horne, local War Securities chairman and executive chairman of the drive.

Further Governor Harold G. Hoffman and Mayor William Nehrkorn have been named as honorary chairman of the drive Horne announced.

The various subcommittees have been announced as follows: Banking and Finance, George A. Kress chairman and Louis R. Clayton and Samuel Stock, associate chairmen; Education, James F. Tuglin, with Sister Mary Wilfred and Sister Mary Esperance as associate chairmen; Public Employees, City Clerk, G. Frank Dabrow, Industry, Sidney Komar, with J. R. Ketchel and Bernard Frank, associate chairmen; Women's Organizations, Miss Edna Chase, assisted by Miss Dora Forsgott, Mrs. Freda Andrews and Mrs. Helen Bennett.

Postmaster Thomas Downs is chairman of the Post Office Committee, which will seek subscriptions from Post Office employees. John E. Mullane heads the Labor Committee as chairman with John D. Mullane as associate chairman. Walter Peterson is chairman of the Trade Committee, Howard Pfeffer, chairman of the Service Clubs Committee, Michael F. Nagle, Local Headquarters Committee and M. C. Bloodgood Information Committee.

The objective of the drive, Horne explained is the selling of \$15,000,000 in War Bonds to help finance the war and the buying of an extra \$100 War Bond by millions of Americans.

Discussing the drive, Chairman Horne pointed out that one and one half million dollars was subscribed in the First War Loan and three and one quarter million dollars was subscribed in the Second War Loan and there is little doubt that the coming loan objective will also be reached.

"The personal objective of each person must be at least one \$100 War Bond in addition to what they are buying regularly through the payroll savings plan or other means," Horne declared.

## G. T. Wilhelm Elected President Of New Company

Stockholders Of South Amboy Publishing Company Organized Monday

Stockholders of the new South Amboy Publishing Company, Inc., publishers of the Citizen holding their organizational meeting, on Monday evening, elected a five man Board of Directors consisting of G. T. Wilhelm, Walter Peterson, Alonzo T. Grace, J. E. Coogan and M. C. Bloodgood.

In turn, the directors holding their organizational meeting, elected G. T. Wilhelm, president, A. L. Grace, vice president, M. C. Bloodgood, secretary, and J. E. Coogan, treasurer.

The new company, recently incorporated, is capitalized for \$100,000.

## One-and-a-Half Tons Of Scrap Tin In Last Drive

Borlund Urges Greater Fat Collecting Effort

Louis Borlund, local War Scrap Collection Chairman, reports that the last drive, conducted here on Tuesday, resulted in the collection of five and one-half tons of scrap tin, approximately the average amount collected in local drives in the past.

In making the announcement, Borlund urged local housewives to expend greater energy toward the collection of fat, of which there is a greater need than ever before.

Save coal by having Monaghan vacuum clean your furnace — it pays!

The jobbers are always able to furnish ten cent cigars, but when five centers are ordered, they give off a frown.

Plainly a racket is being worked, and there is a movement afoot to wean American smokers away from five cent cigars and put ten cent cigars in the mouths of smokers, whether they want them or can afford them or not.

It is about time we as a nation revived that good old American custom of boycott, and it might be well to start in with the ten cent cigars that are being forced upon us, when really all we want, and feel that we can afford are five centers.

If you are in a hurry, try Monaghan, Cor. Stevens Ave. and David St., Tel. 253.

## Expect Slight Decrease Public School Enrollment

Estimate On Cost Of New Roof Is Submitted

Discussing the impending beginning of another term of local public schools, with members of the Board of Education at their meeting on Wednesday evening, Superintendent of Schools Tustin, declared he anticipated an enrollment of about 550, slightly less than last year. He estimated that in the high school there will be 283 pupils; in School No. 1, 157 pupils and in School No. 2, 110 pupils. Those estimates, he said, include a preparatory class of 26 pupils.

Mr. Tustin declared he had spent practically the entire time since school closed, in an attempt to secure a science teacher to take the place of Joseph Vail, recently named principal of the high school, but his endeavors to date had proved unsuccessful and it might be necessary to make some emergency adjustments in the teacher schedule in order to provide the necessary instruction in these subjects.

A communication was received from John D. Mullane, local attorney in which Captain Edward Van Buren offered to sell to the board, the plot of land at the corner of George street and Clinton place for \$1800. The communication was received and filed.

Thomas Gleason, chairman of the Buildings and Grounds committee submitted a report on a recent survey made of the condition of the roof on the John Street School building, in which it was revealed that a large portion of the present roof would have to be removed, after minor repairs of other nature had been made. Part of the roof, it was revealed, would last for at least another year. The total cost of the work, it was estimated, would be in the neighborhood of \$655. The matter was left in the hands of Mr. Gleason for further action.

Following a favorable report on his qualifications made by Mrs. Williams Nichols, chairman of the teacher's committee, the Board decided to hire Milton Gordon, formerly on the Camden Junior High School staff, as a science teacher and athletic coach for the coming year at a salary of \$2200.

## Local Rotarians Will Attend Picnic At Metuchen

Will Be Guests Of Perth Amboy Club On Wednesday

The customary weekly meeting of the South Amboy Rotary Club will not take place next Tuesday noon, since a majority of the members have arranged to accept the invitation of the Perth Amboy Rotary Club to attend the picnic to be held by the cross-river club at Roosevelt Park, Metuchen, on Wednesday.

At the meeting this week, Frank O'Connor was admitted as a member of the local club and Dr. Verne Bassett of Dunellen was a visiting Rotarian.

## Estimate Of Income Blanks Are Mailed Out

Forms Must Be Filed On Or Before September 15

John E. Manning, collector of Internal Revenue, has announced that copies of the Declaration of Estimated Income for the Calendar year 1943 had been mailed out to 1,250,000 taxpayers in the 34th New Jersey District. It is estimated that 450,000 taxpayers in the district will be required, under the Current Payment Tax Act of 1943, to file the form on or before September 15 and make payment of at least half the amount of the balance of 1943 tax estimated to be due at that time.

While most taxpayers will not be required to file the Declaration, Collector Manning said, because they are paying their tax in full through the withholding deductions made by their employers, he urged all taxpayers to read carefully the instruction sheets which accompanied the forms to determine whether they are required to make a declaration, so as to avoid penalties for either failure or for making substantial underestimates of 1943 income.

Many persons do not realize, Collector Manning said, that the withholding tax does not automatically make all persons current on their 1943 incomes. Generally speaking, single persons earning over \$2700 a year or married persons earning over \$3500 a year; those with outside incomes, such as from dividends, interest, etc., are required to file.

## School Board Expresses Resentment At Councilman McKee's Statements

When Council President Joseph McKee at a recent council meeting criticized the members of the Board of Education for granting pay increases to the members of the teaching staff later than the increases were granted to other city employees, and at a later date than similar raises were granted to the teachers of other municipalities, his criticism was unfair and unwarranted, members of the Board declared at their meeting on Wednesday evening.

Practically all the members of the Board took part in the discussion, and declared that while they had no desire to enter into a political controversy, nor did they feel called upon to justify or defend their action, they felt that some points in connection with the granting of the increases should be pointed out.

For one thing, it was pointed out, the business of the Board of Education is run as any other business and it was impossible for the Board to spend money it did not have for teacher raises, until it was certain the money necessary was available. It would have been bad business policy, it was declared, to spend

savings before it was actually assured they had been made.

It was also pointed out that the minimum and maximum salaries as well as the average teacher salary for the past year, compared favorably with those of other municipalities, and was better than those in many municipalities. To bear out this statement, reference was made to the report of minimum, maximum and average salaries for men and women teachers, submitted by the Superintendent at the current meeting, in the course of his review of the past term and preparations for the coming term.

It was also pointed out that while Councilman McKee freely criticized the Board for what he apparently regarded as laxness in granting raises for the teachers, he did not, when he sat as a council representative on the Board of School Estimates, take any active part in the discussion of the budget when it came up.

It was also declared that he did not sign the budget on the year previous and voted against raises the year before that.

## Certificates Will Be Distributed To Defense Personnel

Will Be Proof Of Patriotic Service Rendered

Donald Reed Jr., secretary of the local Civilian Defense Council has announced that certificates of membership and service are now ready for all members in good standing in the organization. These certificates indicate membership in the organization and are designed as proofs of the patriotic service rendered by members.

The certificates will be distributed to the various department heads, who in turn will hand them out to the members of their divisions.

Mr. Reed, who is also personnel officer of the local council, pointed out that these certificates would immediately take the matter up with their superiors, since failure to receive a certificate is an indication that they are not registered as regular members with the result that they are not registered for insurance benefits in the event they are injured during performance of their duties as defense organization workers.

Mr. Reed said that all persons who have completed the prescribed courses of instruction and have given actual service are entitled to the certificates.

## "All Clear" Signal Received Here Late In Monday Test

A delay in receiving the "all clear" signal that caused considerable confusion, was experienced here Monday evening during the surprise test blackout.

The official signal was received here forty minutes late, Mayor William Nehrkorn, Commander of the Civilian Defense organization announced, with the result that when the "all clear" has heard over the radio, house lights went on and the members of the Civilian Defense organization, not having received the signal, endeavored to have the lights extinguished again, with the result that there was a great deal of confusion until the "all clear" was received by Control Center.

Immediately upon the conclusion of the test, Commander Nehrkorn dispatched a letter to Area Administrator Alfred N. Bendisone of the Asbury Park Area Office, reporting the delayed signal and pointing out the confusion that had resulted.

The first blue was received here at 9:34, the red at 9:40, the second blue at 9:50 and the all clear at 10:40.

There were only minor violations of the regulations reported, and only one police case noted, that when a member of cars parked on Main street in the vicinity of Stevens avenue, were ransacked during the blackout, and ration cards and car licenses stolen, and the contents of the cars strewn about.

## MCCORMACK FINDS STOLEN AUTO

A car stolen from Broadway on Saturday afternoon and belonging to Stephen Kovacs of 95 Fulton street, Woodbridge, was later recovered by Police Captain John McCormack who notified Woodbridge, Police.

## Decontamination Sta. Finished At Fourth Street School

McKenna And Assistants Worked Since June On Construction

This week the final touches were being put on the decontamination station of the South Amboy Civilian Defense Council, located in the basement of the Fourth Street School.

Three men are largely responsible for the completion of this station, George McKenna, chairman of the decontamination committee, P. E. Harman, McKenna's Deputy chairman, and Thomas Conway. Since early June, these men have worked at the station for at least three hours practically every night, and the station is now in a condition of their own manufacture, so that while other municipalities have spent thousands of dollars on decontamination stations, the one in this city cost considerable under one hundred dollars.

The men were given permission by the Board of Education to use a part of the basement section, and they tore out old wooden floors laid on concrete, and used the boards for building considerable of the equipment.

A special window, to permit the entry of a stretcher without creating the danger of showing too much light during a blackout, and endangering occupants of the station by the admission of too much gas, has been constructed in the rear of the building. In the admission ward, directly below this window, is a platform upon which those on the inside handling the patients, being brought in on stretchers, can walk easily and quickly in getting the gassed patients inside the building.

The receiving ward is equipped with curtains screening the men's section from the women's, and here too there are tables upon which the patients can be laid while being prepared for the decontamination treatment.

Directly behind the receiving room are the shower baths, and at the rear of this room is the first aid room, where patients who need additional treatment are administered to.

Drains have been placed in all floors in the station, so that gas may quickly be flushed from the floors, and double gas curtains have been placed at several locations where the official Army regulations for decontamination stations require only one curtain, and while the station has been constructed according to Army specifications in every particular, a number of additional safety precautions, not provided for in the Army specifications have been installed.

## BOWLERS MEETING AT BRENNAN'S TONIGHT

A meeting of local bowlers for the purpose of forming a league will be held tonight at 8:30 at Brennan's Alleys at the corner of Broadway and John street.

A number of the bowlers who rolled in the league last year, which was one of the most popular in the city, have signified their intention of enrolling again this year. Last season the league was composed of eight teams, and it is expected a like number will be entered this year.

It is planned to start the season on Friday evening, September 17th.

AND SPEAKING OF CANADA, remember in the old Volstead Days how we used to have to go up there to get real refreshments. That's no longer necessary, now people have to go no further than Joe Jerome's Tavern, Ridgeway and Scott avenues, for the best in the refreshment line.

LOOKING BACK  
22 YEARS

Issue of August 27, 1921

At the council meeting Tuesday evening, the question of getting some sort of relief for the residents who live in the vicinity of Main street and Stevens avenue was brought up.

According to statements made the heavy trucks crossing the depression caused by the sinking of the paving blocks between the trolley tracks is ruining the interiors of the homes nearby. Plaster is cracking in every direction, even falling down, joints loosening and the buildings generally being racked to ruin.

At the Wednesday night meeting of the Board of Education, Miss Gosner, teacher of drawing in the schools for the past two years, sent in her resignation, stating that she had been offered a position at a much larger salary in the schools of Chicago. The resignation was received and accepted.

Applications were received from Miss C. A. Haydon of Camden, for position as teacher of drawing and Charles M. Thomas of the University of Pennsylvania as manual training teacher. The applications were referred to the committee on teachers and the superintendent.

The State Highway Commission will receive bids on September 7 for repairs to the Amboy bridge over the Raritan river, on State Highway, Route No. 4. The repairs will consist of replacing piling where necessary, new caps, new sway bracing, new stringers and complete re-decking of structure. Should many of the caps on the piling have to be replaced, it will mean many new piling, as it will be impossible to remove the present caps without destroying the usefulness of the piling. The contract evidently means the closing of this bridge for a long time, and probably for the winter months. The buses will be put out of business, but the trolley service will not be interrupted. Should the closing of the bridge be a reality, the trolley company would be wise in giving better service, and thus win the people over to the trolley way of transportation.

At the regular weekly meeting of Luke A. Lovely Post, held in the City Hall Tuesday evening, Athletic Officer Chris Mulrain announced everything set for the big fights the Post is to pull off at the Empire Theatre on September 1st.

Among those signed up for four round bouts are: Red Hyland of Orange to meet Benny Franklin of Newark, Eddie Meier of Newark to face Young Rich of Newark and Billie Darch will slack up against Johnny Dixon.

The grand rally in connection with the Past President's Association night was held in the rooms of Camp 36, P.O.S. of A. last Monday night. It was a big time, large delegations being present from Ocean, Monmouth, Warren and Middlesex Counties, together with the state officers of the order.

Many came in automobiles and cars were parked in all the available space on Stockton street.

After a brief session of routine business, a social time was held, when those present entered heartily into the occasion. Addresses were made by Mr. Edgar, Assemblyman Albert W. Appleby and others, which proved very entertaining.

Refreshments were served to all present, after which an evening of great enjoyment came to a close, and the visitors left for home, being greatly pleased with the hospitality shown by Camp 36.

Camp 36 is a live organization and with a capable set of officers is growing in membership rapidly.

A Fireman's Fall Jubilee will be held under the auspices of the Progressive Fire Company, co-operating with the Mechanicsville Hose Company from September 19 to 24 at Stevensdale grounds. The fire ladies purpose to liven up the old town with this jubilee, and there is

going to be a good time for everybody.

A certificate of incorporation was filed with the County Clerk Tuesday by the Progressive Fire Company of this city naming Clarence E. Applegate, John E. Coogan, J. P. Fulton, Walter Inman, Robert Manaker, Charles Nau, J. Newmeyer, I. D. Reese, Robert Thorpe and Linwood Van Cleef as incorporators.

The former F. E. DeGraw property on Main street has undergone a decided renovation and transformation. As it nears completion it takes on an attractiveness that lends added value to its surroundings. Mr. Miller the new owner, displays faith in the future of that section of this city, in the taste and liberal measures he has taken with this property to make it adorn its excellent location.

Know  
Your  
Government

Disclosure of New Jersey's tax exempt property situation has brought to light many startling and little-realized facts about Federal acquisition of property — facts which affect thousands of taxpayers in communities in each of the State's 21 counties.

It revealed an increase of 84 million dollars of tax-free property since last year bringing the total of exempt property in New Jersey to \$1,242,822,872 in 1943 or nearly one-fifth of all evaluated property in the State. This is due chiefly to Federal acquisition of lands for military purposes.

Immediately following disclosure of these facts the New Jersey Senate memorialized Congress to adopt legislation which would provide municipalities with compensation in lieu of taxes lost by reason of Federal land purchases.

"The tabulation of tax exempt property in New Jersey," reads the Senate Resolution as passed, "made by the New Jersey Taxpayers Association shows that tax exempt property within New Jersey this year increased \$84,210,759 over 1942 as compared with an average rise of \$25,000,000 over the previous seven years indicating that Federal acquisition of property has absorbed approximately 60 or more millions of dollars of the State's tax ratables during the past two years."

The Joint Congressional Committee on Reduction of Non-essential Expenditures, of which Senator Harry F. Byrd is chairman, has reported that the government owns or is acquiring 395,987,725 acres of land in the United States. That amounts to the combined land areas of Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, West Virginia, Virginia, North Carolina, South Carolina, North Carolina, Alabama, Ohio, Illinois, and Indiana with enough left over to make 32 Districts of Columbia. It is about one-fifth of the total area of the United States.

Land taken over by the Federal Government — according to law — is practically tax free. Yet, most income of the taxing districts is received from property taxation. Where the government gains land and a tremendous tax burden is placed upon the people the result is either a greatly increased tax rate or a lowering of the standards of community services. In some instances it is both.

Since war is the problem of the nation as a whole no single community should be penalized by unfair and inequitable tax burdens. Members of Congress are aware of "citizen consciousness" of high taxes, high governmental costs, extravagance and unfair governmental practices. Your Congressman wants to know just how you feel about these things. No citizen need hesitate to communicate with his representatives in Congress. His voice

## Self-Sufficiency Basis of Youth Forest Camp

Boys who have been made wards of the juvenile court in California are being sent to a forestry camp in Calaveras State park if a check of their records and behavior indicates they are worthy of an opportunity. Self-sufficiency is stressed at the camp. Top left: Custodian A. A. Beck and J. H. Knight, assistant warden, kneeling, instruct two of their charges in the care of young trees. Bottom-left: Two youths learn to mix concrete for camp foundations. Right: A youth gives his companion a haircut.

is no longer a "voice in the wilderness", but now when he speaks his voice, added to the voice of the multitude, really means something.

Such unfair practices as placing an undue burden upon small communities where the nation as a whole should carry the load must be stopped. Taxpayers should join in "storming" Washington through their elected representatives.

Two Faced  
For appearance or economy, plywood panels are sometimes constructed with faces of one kind of wood and backs of another—for example, they may have a birch face for appearance, the rest of the plies of Douglas fir.

Getting in the Scrap  
War Production Drive headquarters has been informed that workers in the Federal Shipbuilding and Dry Dock company, Kearney, N. J., have collected 11,700 pounds of rubber and 147,650 pounds of paper in two months in addition to tons of steel, copper, aluminum and brass normally saved.

### USE YOUR HEAD!

Probably the most destructive weapon in the world is the common match. Over a period of years, loss of life and property traceable to this minute stick of wood dwarfs the ghastliest work of the bombers. Fire prevention authorities state that matches and smoking constitute together the largest single fire cause. They have urged upon people the pithy maxim: "Matches have heads, but no brains. When you use their heads, use your brains." Never before has this advice been so applicable. The nation is at war. Every home, every factory and every farm are part of the struggle. When fire strikes now it strikes with double deadliness. In its ashes lie a portion of the war effort, irretrievably lost. Of course, property swept by fire will one day be restored. But in the meantime, the nation is weakened the same as is a person with a cut finger.

The importance of caution with matches can be well understood when it is realized that each year about 300 billion matches are consumed in the United States alone, or 850,000,000 daily. This means that, in terms of averages, approximately 600,000 flames are started every minute. Each of these flames holds the possibility of causing a disastrous fire.

No laws can prevent carelessness with matches. The most elaborate fire department in the world is helpless in the face of the potential destructive power of matches. They constitute a spectacular demonstration of the fact that real fire prevention is largely up to the individual. Use your head!

### KEEP "DIGGING"

Harold L. Ickes, Petroleum Administrator for War, has said that: "We must keep digging to find as near a billion and a quarter barrels of new oil each year as possible." But the plain fact is that we are not digging and this nation which is geared to the use of huge quantities of oil, faces a dangerous crude oil shortage.

Main reason for new well shortage can be found within the government. Restrictions on material and equipment, together with adequate crude oil prices set by government officials, are threatening our oil supply.

John M. Lovejoy, president of the Seaboard Oil Company, alarmed at the complacency of authorities, shows that "wildcat" drilling, far from being sufficient, should be immediately more than tripled. He warns that: "If new discoveries are to keep pace with withdrawals, which is a reasonable desideratum, and assuming a continuation of the percentages of hits and average size of new fields as shown for the years 1941 and 1942 . . . more than 10,000 wildcat wells should be drilled in 1943 . . . Any statement carrying the implication that currently equaling 1942 exploratory activity is sufficient, is misleading and will not bear even casual analysis."

Oil men know the facts about oil resources. Their advice should be heeded.

### WHO WILL PAY?

In the course of the coal strike and accompanying wage controversy, hardly a word was heard as to the effect which the demanded wage increase might have had on the coal industry. The miners have now reached a new wage agreement with the Illinois coal operators, the basis of which is the payment of \$1.25 per day to every minor for underground travel time, but which must be approved by WPB and OPA before becoming effective.

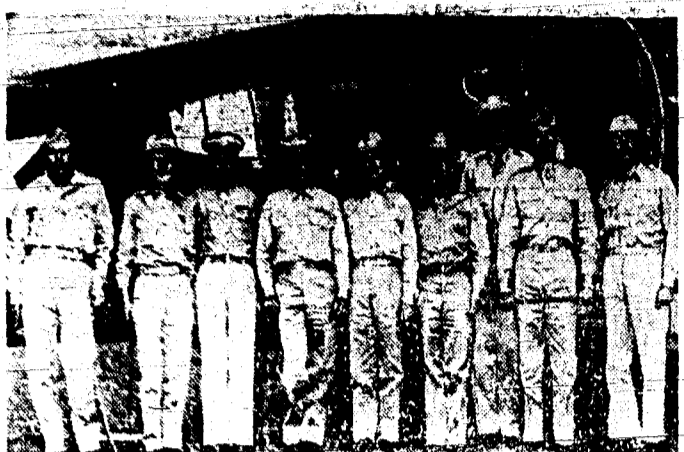

How would this agreement affect coal mines? The effective date of the agreement was supposed to be August 1, but the wage increases under the agreement are to be retroactive to April 1. If the agreement had gone into effect on August 1, for the nation's 500,000 coal miners, back wages for the four-month period would amount to \$62,500,000.

As the Herald Advertiser, of Huntington, West Virginia,

points out: "Could the coal industry stand such a disastrous blow? Records of the Bituminous Coal Division of the United States Department of Interior show that the gross profits of the industry for 1942 — before deduction of Federal income and excise taxes and other expenses — was only eight cents per ton. On the 1942 production of 500,000,000 tons, therefore, gross profits amounted to only \$40,000,000. Net profits did not exceed \$24,000,000. Thus, the back wages called for in the model contract would be nearly three times the net profits of the industry for the year of 1942."

If the effective date of the contract is delayed for six months, it is estimated that retroactive wages will amount to \$95,000,000. It is now this that we should have some concern for the safety of millions of dollars of the people's savings invested in coal mines.

## General View in the Caribbean

Nine generals are photographed together at an air field in Panama. Left to right: Brig. Gen. Harry A. Johnson, Maj. Gen. Robert R. Harmon, Brig. Gen. Douglas L. Wiert, Lieut. Gen. George H. Brett, Maj. Gen. William F. Shedd, Maj. Gen. E. F. Harding, Brig. Gen. Joseph E. McHaffey, Brig. Gen. Gordon H. Young and Lieut. Gen. H. Woolen.

## Allied Skirted Soldiers Meet

Uniformed women of America and Britain meet on an English road and like their male contemporaries on other battlefronts, they get along as well as old chums. These WACs were among the first contingent of American women to arrive in England. They were striding and the English WACs were marching when the meeting occurred.

## U. S. Privates Round Up Some 'Supermen'

These German prisoners include parachute troopers, vaunted supermen of many campaigns. They were rounded up by a few ordinary soldiers in the invasion of Sicily. It appeared that the total number of such prisoners taken by the Allies would run into several thousands.

### Feathers Wanted

Feathers now are on the list of things wanted to protect soldiers and sailors from cold. The U. S. formerly imported most of its supply of waterfowl feathers from foreign countries which now are inaccessible. Some waterfowl pluck geese as often as every six weeks in spring, summer and fall.

## State and County

Some weeks ago, William Marx of Tennessee, in talking of his experiences with the Seventy-seventh Division in World War I, with a member of his Civilian Defense organization, mentioned the fact that he had been gassed.

When asked if he ever wore his Purple Heart medal, to which all men wounded in that war are entitled, he declared he had received none.

The War Department was immediately notified, and last week Mr. Marx received the decoration from Washington.

Crops all over New Jersey are rapidly shriveling up in the field as the result of the drought, farmers report.

Irrigation plants have been forced to full capacity during recent weeks to save some of the vegetable crops, but reports from the fruit belt indicate that even peach and apple trees are being hard hit by the dry weather and production of these crops is being cut.

One peach grower near Glasboro has been using tank trucks to haul water to his orchards to try to save wilting peach trees and their fruit. Entire fields of cabbage, snap and lima beans have wilted away and even peppers, which can stand a great deal of dry weather, are curling up in lower Gloucester County and in parts of Camden, Atlantic, and Cumberland Counties, where this crop is grown extensively. Late white potatoes planted both for seed and food purposes, have made little progress since they were planted in early July.

Pasture lands have turned brown and dairy farmers are having to draw on their winter reserve of stored hay for their cattle.

Banks of the Newark area have inaugurated an intensive campaign to secure "duration repeal" of the state law compelling banks to close on Saturdays from June 15 to September 15.

A committee representing banking institutions in the area has reached an agreement with the War Manpower Commission on establishing a forty-two-hour week. It was decided that the present average work week of forty hours could not be extended to forty-eight hours because banks themselves were short of help.

Bankers, it is said, want the Saturday closing law repealed so they can spread their work over six days, thus better utilizing the personnel they have, and the WMC wants banks open on Saturdays for the convenience of all plant workers.

When the word recently came to Morristown that the Standard Oil Company of New Jersey was going to drill for oil in Morris or Harding Township, residents greeted the news with considerable skepticism. Few people believe that the "black gold" is in the hills. The prospect of becoming an oil boom town, with all the disruptions that would come is not pleasing to them.

The company is not too optimistic on the possibility of securing oil either, but on the slim chance that results may be secured, the company is prepared to spend at least \$100,000 to make a deep test drill.

The well, which is to be drilled to at least 5,000 feet, will be the first deep one to be bored in New Jersey. Several shallow wells drilled along the coast some years ago failed to produce.

Recently the Elizabeth Chamber of Commerce under the direction of a group of women's organization and its Citizens OPA Advisory Committee began a drive against inflation and the "black market," with the distribution of cards to housewives who are asked to sign, pledging refusal to pay more than OPA prices for food or to buy food without ration stamps.

The drive was formally launched Monday night at a mass meeting of consumers in the Elks Auditorium when food users were told about the campaign and how it will help to hold down food costs and speed the winning of the war.

According to a survey made by the State Chamber of Commerce, for the fourth successive year 566 municipalities in the state have reduced their tax rates.

The survey shows that tax rates in 314 municipalities are lower this year than in 1942. Rates for 1943 were increased in 238 municipalities, while sixteen had no change.

The average 1943 tax rate for the State, according to the chamber's study is \$4.63 per \$100, as compared with \$4.74 in 1942 and \$4.82 in 1941.

Traveling Tuberculosis Clinic  
A tuberculosis clinic that travels about on wheels in a truck is operated by the state board of health in Georgia.

U. S. Sugar Beet Crop  
The U. S. sugar beet crop is expected to be about 13,000,000 tons, which is 26 per cent larger than the 1941 crop. The Ohio beet crop also is approximately 26 per cent better than that harvested last year.

## TO NEGLECT YOUR HOME IS NOT WARTIME THRIFT

### ★ Ask For an F.H.A. Loan

One of the approved ways in which money may be used in wartime is to put it into needed repairs for your home.

It is considered a legitimate part of "civilian economy" to make old things last longer. Therefore, you will be doing the right thing by yourself and your duty as a good citizen if you keep your home in good condition.

We are lending money for this purpose under F.H.A. Title I provisions and will be glad to consider your application.

## Walczak Club Held First Meeting Of Fall Campaign Wednesday

Councilman Anton Walczak Was Among Those Who Spoke

Wednesday night in Hrankowski's Hall in Bergen Hill, the Anton Walczak Democratic Club of the First Ward held the opening meeting of the present campaign and there was a large attendance.

During the evening the club gave its endorsement to the entire Democratic ticket and several of the new members made short speeches.

Councilman Anton Walczak, standard bearer of the club, attended and delivered a speech in which he asked all members to attend meetings and familiarize themselves with the current issues, and lend their support for the election of the entire Democratic ticket.

### PAST CHIEFS TO MEET MONDAY

A meeting of the Past Chief's Club local Samaritan Temple will be held Monday evening at the home of Mrs. Mary Smith, 397 Hall avenue, Perth Amboy.

Mrs. Smith and Mrs. Sarah Clayton will be the hostesses.

## Politicians Night At Old Bridge This Evening

St. Thomas Fiesta Will End Sunday With Mardi Gras Night

Tonight the Fiesta of St. Thomas Church at Old Bridge, which opened on Friday evening of last week, and has continued each night with large crowds present will be continued, and the special feature will be Politician's Night when political figures of the county and various municipalities of this section will attend.

Tomorrow night, Servicemen's Night, is planned when men in uniform will enjoy free rides, and cartons of cigarettes will be given to the two servicemen whose names are drawn. These men need not be present, it was announced.

The affair will close Sunday night with a Mardi Gras Night celebration when the grand prizes will be awarded.

The Lobster Glen where the ladies of the parish serve steamed clams, clam chowder, fish sandwiches, clam broth and honey corn is proving exceedingly popular.

Sunday night a country Sunday supper will be served from 5 until 9 P. M.

## Defense Group Staged Incidents Sunday Afternoon

Commander Nehr Korn Finds Only Minor Faults Revealed

That the local Defense Council was familiar with the situation here when it recently protested to the State Defense officials that the absence of blackouts was having the effect of diminishing the interest of members of the local organization, was demonstrated Sunday afternoon.

Although the series of four previously planned incidents was run off as planned with fair success, it was evident that many of those previously interested in the organization had lost their interest, and only a small percentage of those enlisted, were on hand despite the fact that the time and location of the incidents was previously announced. However, aside from the fact that the turnout was small, incidents went off smoothly.

At the control center, from which he directed the tests, Mayor Nehr Korn, Commander of the organization described them as "generally satisfactory," adding that errors discovered were only minor and they would be corrected after being discussed at a future meeting of the defense council. As an indication of the fact that the members of the organization were well schooled in their duties, Nehr Korn pointed to the fact that none except those in charge of the tests had any blemish of their nature, until they were announced as they began.

The incidents were so arranged that they brought into action all the

various divisions of the defense organization, and three regular police under command of Captain John McCormack were also assigned to duty where they were being conducted.

The first incident took place at the corner of Ridgeway avenue and Conover street, the second at the corner of Augusta street and Stevens avenue, the third at the corner of George street and Clinton place, and the fourth at the corner of Broadway and John street.

### Demolitionist

A group of manufacturers who recently visited Fort Benning, Ga., were introduced to a fully equipped parachuting demolitionist — Lieut. Samuel Calhoun. Fort Benning is a parachute and infantry school. Airborne troops were credited by military authorities for much of the success of the Sicilian campaign.

## REDEDICATION SERVICES CLOSED SUNDAY AT CALVARY METHODIST

Studies of the rabbit brush as a source of rubber are being made by Federal scientists. A desert dweller like guayule, it is distributed over ten western states. It grows well at elevations around 7,000 feet, frequently on inaccessible rocky hillsides, and rarely occurs in solid stands. Authentic analysis of the rubber content, together with current estimates of the existing stands of rabbit brush, indicate that not more than 30,000 tons of rubber could be obtained from the slaughter of this domestication of which is not favored by plant scientists.

The week of special rededication services at the Calvary Methodist Church closed on Sunday when the Rev. A. C. Brady of Red Bank, Superintendent of the New Brunswick District occupied the pulpit at the morning service, preaching upon the subject, "Giving Our Time to the Church."

At the evening service the pastor, Rev. Harry P. Grim, preached his topic, "The Presence of God."

Mr. and Mrs. V. J. Hobbs of Bethlehem, Pa., on Sunday.

Jack Linsen and son, Donald, of Morgan, have returned from a lengthy stay at Miami, Fla.

P. E. Blodgett of Morgan is recovering from a severe and long illness.

Montie Green, of Red Bank, was a local visitor on Thursday.

Rev. and Mrs. A. C. Brady of Red Bank and the Misses Rachel B. Ingersoll and Louise Grim of Mays Landing, N. J., were the guests of the Rev. and Mrs. Harry P. Grim last Sunday.

Daniel Scally, mail carrier of the local post office has returned to his duties after his annual vacation.

Mr. and Mrs. Paul Milburn of Allentown, Pa., visited here several days recently.

Andrew Craig of David street, is enjoying his annual vacation from duties in the local Public Service office.

Mr. and Mrs. Laurence Kenny of Second street have returned home after a vacation spent at Surf City.

Mr. and Mrs. Edward Phillips and Mr. and Mrs. Roland Lehman were Atlantic City visitors on Sunday.

Mr. and Mrs. George McKenna are visiting relatives in Canada.

Nina Cristman and daughter, Gene Thorpe of Herkimer, N. Y., recently visited Mr. and Mrs. Calvin Thorpe of outer Bordentown Avenue.

## Miriam W. Moore Wed Saturday To Martin Hofffelder

Saturday morning, the wedding of Miriam Welsh Moore, daughter of Mr. and Mrs. Oliver W. Welsh of First street and Joseph Francis Hofffelder, son of Mrs. Martin Hofffelder and the late Mr. Hofffelder of South River, took place.

The ceremony was performed at 9 o'clock by the Rev Joseph Keenan, before the altar decorated with lilies. Mrs. Regina McGovern, of the bride's family, played the wedding music and Miss Mary Gundrum, the soloist, sang Ave Maria.

The reception took place at the Buttonwood Manor in Matawan. The bride wore a gown of ice blue satin, trimmed with pearls and a tiara of satin with pearl trim.

Miss Olive E. Welsh, sister of the bride was the bridesmaid. She wore a gown of yellow lace and net and a yellow Juliet cap.

The best man was John L. Murphy of South River, and the ushers were J. Joseph McGonigle of this city and William Denny of South River.

The bride is a graduate of St. Mary's High School here and Georgian Court College, Lakewood. She is librarian of Hoffman High School. Mr. Hofffelder is a graduate of South River High School and Holy Cross College and is principal of the Campbell School in South River.

## THEODORE SAUNDERS WILL BE PROBATED

The will of Theodore Saunders, who died here on May 12, was probated at the Surrogate's office in New Brunswick this week. It names his widow, Johanna, as executrix to receive the estate for life. Upon her death it will be divided among the following children: Walter Saunders of South River; Mrs. Ethel Roxbury of Metuchen; Mrs. Henrietta Gaulsba; Mrs. Bertha Malkiewicz; Theodore, Johanna, Kathryn, Margaret, Gladys and Robert Saunders of this city.

The will dated April 15, 1930, was witnessed by John A. Lovely and John A. Mullen.

## New Guinea Warriors

Archibald Roosevelt, son of Theodore Roosevelt, and Capt. Carl Abner are pictured strolling in Guinea. Their commander, Douglas MacArthur, stated that he is now on the defensive.

## Irvin L. House Funeral Rites To Be Held This Evening

Irvin L. House Sr., of 110 Henry street, died suddenly at the South Amboy Memorial Hospital Tuesday evening. He was 63 years of age and was retired from the service of the Hercules Powder Company, where he was a foreman operator for many years.

Mr. House was born at House's Corner, Sussex County and is survived by his wife, Jane, and the following children: Mrs. Chester Bowman of Morgan; Mrs. J. W. Van Cleef, Mrs. Otto H. Miller, Irvin L. House Jr., Mrs. John E. McNeary, all of this city and Sergeant Richard M. House stationed at Fort Bliss, Texas. Also surviving are two brothers, Edward D. of Flanders, N. J. and Raymond A. of Morris Plains, N. J., also grandchildren.

Masonic and funeral services will take place from the residence Friday evening at 8 P. M., with the Rev. Charles F. Van Horn of the First Presbyterian Church officiating.

Interment will take place on Saturday at the convenience of the family, with interment in Christ Church Cemetery.

## DEFENSE COUNCIL TO MEET MONDAY

Dr. E. H. Eulmer, chairman of the local Civilian Defense Council, has called for a meeting of the Council to be held Monday evening in the Control Center, beginning at 8:30 P. M.

**Blue Haze**  
The Great Smoky mountains are so called because of an ever-present blue haze.

## Funeral Rites Held Yesterday For Rachel W. Safran

Mrs. Rachel Wolf Safran, died at her residence, 224 North Fifth street, Tuesday evening.

The funeral took place from the residence Thursday afternoon at 2 P. M., with services at Beth Mordecai Temple, 224 High street, Perth Amboy.

Interment took place at Beth Mordecai Cemetery Perth Amboy. The deceased was the daughter of the late Henry Wolf, and is survived by her husband, Charles, and two sons, Ira and Melvin.

## S. Harry Parisen Funeral Rites Held Tuesday Afternoon

After a long illness, S. Harry Parisen died at his residence, 327 David street, Saturday evening at the age of 74.

The funeral was held from the residence Tuesday afternoon at 2:30 with the Rev. Harry P. Grim of Calvary Methodist Church officiating. Interment was in Christ Church Cemetery.

He is survived by his wife, Anna, daughter Mrs. Florence Bean, brother, Elmer S. Parisen and a granddaughter, Doris Bean.

Mr. Parisen was well known here, a member of one of the oldest families in the city. He was for many years a boatman, later running a stage line from this city to Perth Amboy and in later years he conducted a music store on Broadway.

## INCOME TAX BLANKS MAILED TO CLIENTS

(Continued from Page 1)

trust, rents, professional fees, or business profits, and those cases not subject to withholding, such as persons in the armed forces, clergymen, domestics, servants and farm laborers, will all be required to file declarations in order to place all taxpayers on an equal footing.

If there is doubt in any case as to whether or not a taxpayer will have to file a declaration, Collector Manning said, "I suggest that they communicate with this office or at any sub-office located nearest their residence or place of business."

Deputy collectors will be at the First National Bank on Tuesday, Sept. 7th, and at the South Amboy Trust Company on Wednesday, Sept. 8th, to give assistance in preparing the declaration form to any taxpayers asking for help. Those seeking aid should have figures to answer the following six questions:

1. Total wages from Jan. 1st, 1943 to Aug. 31, 1943.
2. Income and Victory Tax amounts withheld by employer on above wages.
3. Additional wages expected from Sept. 1, 1943 to Dec. 31, 1943.
4. Additional taxes to be withheld.
5. Total compensation for entire year 1943.
6. Total taxes withheld and to be withheld in entire year.

## To Whom It May Concern:

My wife, Genevieve Ellison, having left my bed and board, notice is hereby given that I will not be responsible for any debts contracted by her hereafter.

Joseph Ellison,  
130 John Street,  
8-27-31 South Amboy, N. J.

## What You Buy With WAR BONDS

Powder Monkey

On board ship and in the artillery their buddies call them "powder monkeys." Not disrespectful, just a personal, intimate term between friends. Civilians call them gun crews. During a battle the crews of "powder monkeys" must work like trojans bringing the ammunition to the guns.

The gun may fire an anti aircraft .50 calibre shell or a broadside from the 16 inch guns of a great battleship, but in either event the "powder monkey" must pass millions of dollars' worth of ammunition to make the gun effective, and your savings in War Bonds are necessary to supply the financial ammunition that provides the shells.

U. S. Treasury Department

## Old Timers To Stage Return Game Here Sunday

Melrose-Mechanicville To Meet Sayreville On St. Mary's Field

A return game between the combined Melrose-Mechanicville old timers baseball team and the Sayreville representatives will be played on Sunday afternoon at 3 P. M. at St. Mary's Field the proceeds to be turned over to the Melrose First Aid Squad. The proceeds of last Sunday's game were donated to the Sayreville Emergency Squad.

Manager Bill Erickson of the local combine has announced some shifts and changes in the lineup of his team and will have "Pip" Malick and Dick Moskal all primed up to handle the pitching assignment. "Yupie" Gregor will be the catcher, Joe Jerome will perform at first base, Peter Piechinski at second base, Munn at shortstop, Zish at third base, Norek in left field, P. Kath, center field, P. Yanas, rf, Bill Defort, cf, and Dick Murphy, utility.

## IN APPRECIATION

The undersigned wish to express their appreciation to relatives and friends for their acts of kindness and words of comfort at the recent bereavement of our brother, Frank Grynkiewicz.

We wish to especially thank all those who sent flowers, sympathy cards and spiritual bouquets, the Rev. Walter Urbanik, employees of Brennan's Bowling Alleys, members of the CIO union of the A.S. & R. members of the 130 Hunting Club and Funeral Director Frank Kurzawa.

## PIPE DREAMS

Last week we changed the heading of the column and the inquiries have been coming in thick and fast. The little man in the cut that headed the column for years, you will recall, was running. Finally he wore himself out running, and last week he was "The Little Man who Wasn't There."

It may be hard to believe but it is actually a fact that these old timer's baseball games help the fire companies.

Two members of the Melrose Fire Company were recently restored to active membership, one of them after being out of fireman's harness for seventeen years, and the reason they were put back in circulation, is because they showed so much pep while playing in the old timer's ball game that they figured they could climb ladders, drag hose, etc., if they had that much pep on the ball field.

The incidents staged by the defense council here on Sunday afternoon were of necessity considerable of a strain on the imagination, with imaginary airplanes dropping imaginary bombs and causing imaginary damage. However, we noted that when it came to refreshments, the boys in the defense setup were not satisfied with imaginary stimulants, and they went to real thiristatoriums and partook of some very real refreshments.

Some of the boys too, must have been wearing some imaginary bullet-proof vests, for despite the fact that the "Hole in the Wall" suffered an imaginary bombing, and the imaginary bombs were falling all around, a well-known bowler and defense cop, drove right through it, and suffered no imaginary injuries as the result.

As one of the "victims" during the incidents Sunday afternoon, they picked a red-headed messenger of the defense organization, told him he had been injured, and was to lay there until they picked him up and carted him off.

After a while he became impatient at having to be a victim, and when they came up to him he said, "What is supposed to be the matter with me, hurry up and get me fixed up, I'm supposed to be swimming at 2 o'clock."

A local resident of the Fourth Ward recently inaugurated a new dance that might be called the "Spark Plug Serenade."

The Fourth Warder, with several local companions and three of the houses from the plant, stopped at a Ford's tavern on the way home for work for some stimulation. Before leaving the plant however, the Fourth Warder noticed three good spark plugs lying around the plant and knowing he could use them, he simply picked them up and shoved them in his pockets.

After the first series of refreshments at the plant, the Fourth Warder decided to oblige when requests were made that he do some singing, and he got out in the middle of the song and began his dance. The singing about loosened the spark plugs from his pockets, and they began falling on the floor right in front of where the houses sat watching. He kept right on dancing trying to act nonchalant and pick up the plugs as he danced along, and in his anxiety to recover them,

he kept kicking them across the floor as he attempted to lean over and recover them while continuing the dance.

After kicking the spark plugs about the floor for ten or fifteen minutes, he concluded the dance and the performance was greeted with a great deal of applause. All the spectators thought it was a new dance and was supposed to be danced the way he did it.

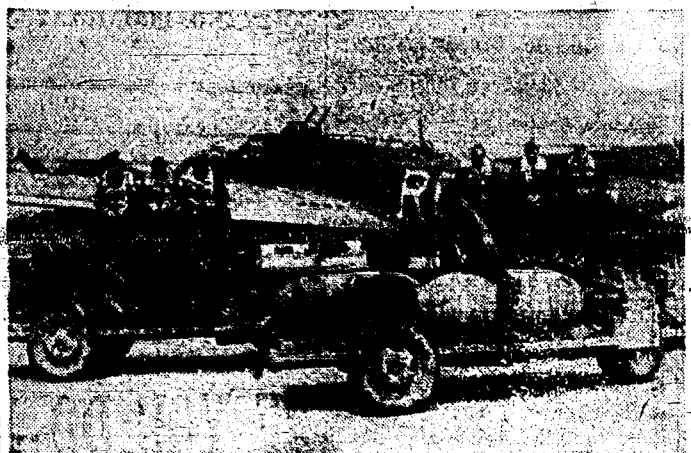

The present shortage of nickel

cigars is so acute that it is driving people to drink.

Cigar and confectionary stores do not have the cigars, but generally thiristatoriums do have them, so those wishing cigars go into the thiristatoriums to buy them, then while they are in there drink also.

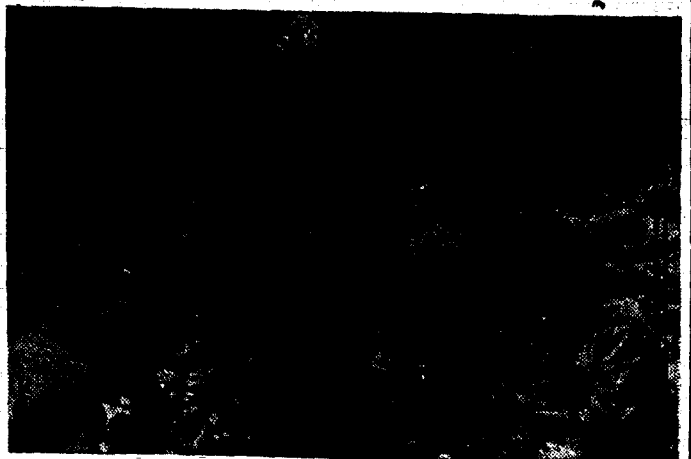

English Oil Reclamation  
In England, oil is being recovered from oily rags, cotton waste, and wipers used in government factories, services, and railway companies.

## Nemesis to Axis Aircraft

The crew of a Flying Fortress sits on the scores of boxes of ammunition which feeds through 12 or more machine guns during an average raid. So effective is this defense that the big forts have been able to fly through to objectives in the face of the most powerful fighter opposition the Axis could muster. One crew member at right sits on a 2,000-pound "block buster" bomb.

## It's an Old English Custom

In a Sicilian orchard, Gen. Bernard Montgomery, commander of the British Eighth army and a key leader of the invasion, takes time out for afternoon tea. On the back of the Sicilian offensive came an Allied ultimatum telling Italy to get out of the war. This was soon followed by a bombing of military objectives in Rome.

## What You Buy With WAR BONDS

Para-Ski Troopers

When will this war end? Nobody knows, so the Army is continuing its training of Para-Ski Troopers. They're parachute troops who know their way about on skis or any other place in snow covered mountainous country.

A great measure of the success of Russia's victories was under the distributed of these troops who move with the speed of a snowflake. Our work on the home front is not as hazardous as that of the Para-Ski Troopers, but it is important that we exert our daily efforts and make every effort to increase our regular purchase of War Bonds.

## Typically American Film At Empire On Sunday And Monday

Typically American, Mary O'Hara's beloved story, "My Friend Flicka," comes to the screen with Roddy McDowall, Preston Foster and Rita Johnson in the top featured roles. Catching the spirit of today's glorious West, the deep and tender love of its women and the courage of its rugged men, the Technicolor version of the popular novel is slated for Sunday and Monday at the Empire Theatre.

## 'Little Italy' Rejoices at Benito's Fall

New York's "Little Italy" went wild with joy at the news of Mussolini's sudden political demise. A jubilant family is shown on the fire-escape balcony outside their flat. A picture of President Roosevelt hangs on the balcony railing. Italians throughout the country generally hailed Italy's change of government.

## Sicilian Invaders Pass the Ammunition

Allied forces, in one of the greatest combined land, sea and air military operations of all time, swarmed over 100 miles of southeastern Sicilian coasts commencing the long-awaited European invasion. Men in sound-photos above are passing ammunition to attacking forces which rapidly pushed far inland. More than 2,000 Allied ships transported troops and helped pound the enemy. Despite the tremendous size of the attacking forces, most units were reported to have arrived at their objectives exactly on time.

## Restrictions On Rubber Boot Sales Have Been Relaxed

Now Available For Farmers,  
Garage Men And Others

Farmers, garage men and others having need for the below-knee lightweight rubber boots known as type-4 are eligible under relaxed regulations effective yesterday for ration certificates. According to an announcement by Ralph W. Hackett, director of the Trenton District of the OPA, in addition, certain boots no longer made and limited stocks of which are in retail stores, may be sold "at a discount."

A. Thomas Williams, shoe rationing representative, explained that type-4 boots formerly were available only to carpenters doing work classified as "essential" but that increased allocations of materials by the War Production Board permits OPA to allow rationing of the boots to others having need of such protection. He added that boots released from rationing include olive drab or khaki-colored boots, over-the-shoe boots, and all light-weight, ankle-fitting rubber boots which de-

pend upon stretch at the ankle for fitting. Mr. Hackett called shoe dealers' attention to regulations which require that every shoe store post by September 1 a sign reading: "Rationing Regulations Prohibit this Store from Accepting Loose War Ration Stamps for Shoes Selected or Delivered at the Store," and suggested that the sign be posted at once.

"In fairness to shoe retailers, I am going to warn them not that check will be made of posting immediately after September 1. Excuses such as 'did not know' or 'forgot' will not be accepted. The best way is to put the sign up now. The only loose stamp a dealer may take is one issued by a local board to a consumer in exchange for a regular shoe stamp inadvertently detached."

## 5-Year-Old Milker

Allan Schuckman, five years old, of Livingston, N. J., continues milking one of his grandfather's cows in steady rhythm even while his picture is snapped. He has been milking since the age of 3 1/2 years and makes spending money at the rate of five cents a cow.

## Controlling Rust on Roof

At the first sign of rust, says D. S. Weaver, extension agricultural engineer of North Carolina State college, or when the roof shows dark discoloration, the galvanized roofing should be painted with metallic zinc paint. Before applying the paint, the roof should be put in good physical shape and all gutters and low places should be cleaned of fallen leaves and dirt. If the roof has been painted with any kind of paint previously, all loose and scaly parts must be removed with a wire brush, rinsing the roof with water, and allowing it to dry.

## SHERIFF'S SALE

IN MIDDLESEX COMMON PLEAS COURT—Between Semer Hardware Co., Inc., a corporation, is Plaintiff, and William J. Cohen, Defendant. For sale at public sale of premises dated July 19, 1943.

By virtue of the above stated writ to me directed and delivered, I will expose to sale at public vendue on WEDNESDAY, THE FIFTEENTH DAY OF SEPTEMBER, A. D., NINETEEN HUNDRED FORTY-THREE

at one o'clock Standard Time and two o'clock Eastern War Time in the afternoon of the said day, at the Sheriff's Office in the City of New Brunswick, N. J.

All the right, title and interest of William J. Cohen, in and to an undivided 1/2 interest in the following described premises:

All that certain lot, tract or parcel of land and premises hereinafter particularly described lying and being in the City of Perth Amboy, County of Middlesex and State of New Jersey:

BEGINNING at a point on the westerly side of Madison Avenue, (formerly Woodbridge Avenue) distant two hundred and seventy-five (275) feet, southerly from the southwest corner of Madison Avenue and Paterson street; and running thence (1) westerly and parallel with Paterson Street, one hundred and eighteen (118) feet; thence (2) running northerly and parallel with Madison Avenue, twenty-five (25) feet; thence (3) running westerly and parallel with Paterson Street, thirty-two feet; thence (4) running southerly and parallel with Madison Avenue fifty (50) feet; thence (5) running easterly and parallel with Paterson Street one hundred and fifty (150) feet; thence (6) running northerly and along Madison Avenue twenty-five (25) feet to the point or place of beginning.

Subject to and together with all rights and obligations in and to a right of way between the aforesaid premises and the premises immediately adjoining to the north thereof, being known and designated as No. 119 Madison Avenue, Perth Amboy, N. J.

The approximate amount of the judgment to be satisfied by said sale is the sum of One Thousand Five Hundred Sixty-four Dollars and Fifty-nine Cents (\$1564.59) together with the costs of this sale.

Together with all and singular the rights, privileges, hereditaments and appurtenances thereunto belonging or in anywise appertaining.

WILLIAM A. ALLEGRA, Sheriff.

HENRY K. GOLENBOK, Attorney  
\$31.50 8-20-43

## SHERIFF'S SALE

IN CHANCERY OF NEW JERSEY—Between NEW YORK LIFE INSURANCE COMPANY, is Complainant, and GEORGE ROBIN and ELIZABETH ROBIN, his wife, are Defendants. For sale of mortgaged premises dated July 27, 1943.

By virtue of the above stated writ, to me directed and delivered, I will expose to sale at public vendue on

## DAY OF SEPTEMBER 1, 1943 MIDDLESEX COUNTY

at one o'clock Standard Time and two o'clock Eastern War Time in the afternoon of the said day, at the Sheriff's Office in the City of New Brunswick, N. J.

All the following tract or parcel of land and premises hereinafter particularly described lying and being in the City of Perth Amboy, in the County of Middlesex, and State of New Jersey:

Known and designated as lots numbers twenty-one (21) and twenty-two (22) in Block three hundred seventy-nine B (379-B) as shown on a certain map entitled: "Revised Map of Cleveland Heights, Property of Soli R. Kelley, situated in Perth Amboy, Middlesex County, New Jersey," dated June 1924 and filed in the Middlesex County Clerk's Office on August 26, 1924 in File No. 612 as Map No. 1058 and more particularly described as follows:

BEGINNING at the intersection of the southerly side of Harding Avenue with the westerly side of Lee Street and from said point of beginning running thence (1) along the said westerly side of Lee Street south twenty degrees seventeen minutes forty seconds west one hundred (100) feet to the northerly line of Lot twenty (20) on the above mentioned map; thence (2) along the said side of Lot twenty (20) north sixty-nine degrees, forty-two minutes twenty seconds west and at right angles to Lee Street fifty-three (53) feet to the easterly side of lot twenty-three (23); thence (3) along the said side of lot twenty-three (23) and parallel with Lee Street north twenty degrees seventeen minutes forty seconds east one hundred (100) feet to the said southerly side of Harding Avenue; thence (4) along the said side of Harding Avenue south sixty-nine degrees forty-two minutes twenty seconds east fifty-three (53) feet to the point or place of BEGINNING.

BEING also known as lots numbers twenty-one (21) and twenty-two (22) in Block three hundred seventy-nine B (379-B) on the Official Assessment Map of the City of Perth Amboy.

Being the premises commonly known and designated as No. 609-611 Harding Avenue, Perth Amboy, N. J.

The approximate amount of the decree to be satisfied by said sale is the sum of Four Thousand Two Hundred Eighty Dollars (\$4,280.00) together with the costs of this sale.

Together with all and singular the rights, privileges, hereditaments and appurtenances thereunto belonging or in anywise appertaining.

WILLIAM A. ALLEGRA, Sheriff.

JOSEPH KAHS, Solicitor.

Two (2) Justices of the Peace from the Third Ward.  
Three (3) Justices of the Peace from the Fourth Ward.

And the State, Public Question: To Wit: Shall the one hundred sixty-eighth Legislature be authorized to agree upon a revised Constitution for the State and to submit the same as a whole and in such manner as the people, for their approval and ratification or rejection as a whole, at the general election to be held in the year one thousand nine hundred and forty-four?

The aforesaid Registration and General Election will be held in the following places:

First Ward: First District, Mechanicsville Fire House, Hartman Street, Second District, at School No. 1, George Street.

Second Ward: First District at Protection Engine House, Second District at New Broadway Fire House, 127-129 North Broadway.

Third Ward: First and Second Districts at School No. 1, George Street.

Fourth Ward: First District at Progressive Fire House, Bordentown Avenue and Garden Street, Second District at School No. 1, George Street.

The following is a description of the boundary lines of the election districts in the City of South Amboy:

FIRST WARD—First District  
Beginning at a point in the center line of Main street, and running thence (1) easterly along the center line of Main street to the center line of Thompson street; thence (2) southerly along the center line of Thompson street to the center line of Stockton street; thence (3) southerly along the center line of Stockton street to the center line of Stevens Avenue; thence (4) southerly along the center line of Stevens Avenue to the center line of David street; thence (5) westerly along the center line of David street to its westerly extremity; thence (6) by the same course produced to a point 150 feet southerly from the center line of David street; thence (7) westerly and parallel with the center line of Main street and 150 feet distant therefrom to a point in the westerly line of the city; thence (8) northerly along the westerly line of the place of beginning.

Second Ward—Second District  
Beginning at a point in the center line of Stockton street and the center line of Second street; thence (1) easterly along the center line of Second street to its easterly extremity; thence (2) by the same course produced to the shore of the Raritan Bay; thence (3) southerly along the center line of David street; thence (4) westerly along the center line of David street to the center line of Stevens Avenue; thence (5) northerly along the center line of Stevens Avenue to a point opposite to the center line of Block 28; thence (6) easterly along the northerly line of Block 28 to the center line of Stockton street; thence (7) northerly along the center line of Stockton street to the place of beginning.

Third Ward—First District  
Beginning at a point in the center line of Stevens Avenue and David street; thence (1) westerly along the center line of David street to its westerly extremity; thence (2) by the same course produced to a point 150 feet southerly from the center line of David street; thence (3) westerly and parallel with the center line of Main street and 150 feet distant therefrom to the westerly line of the city; thence (4) southerly along the westerly line of the city to a point in the westerly line of Block 60; thence (5) easterly and along the said line of Block 60 and 100 feet southerly from the southerly line of John street; thence (6) westerly and parallel thereto to a point in the center line of Stevens Avenue; thence (7) northerly along the center line of Stevens Avenue to the place of beginning.

Fourth Ward—Second District  
Beginning at a point in the center line of Stevens Avenue and David street; thence (1) easterly along the center line of David street to its westerly extremity; thence (2) by the same course produced to a point 150 feet southerly from the center line of David street; thence (3) westerly and parallel with the center line of Main street and 150 feet distant therefrom to the westerly line of the city; thence (4) southerly along the westerly line of the city to a point in the westerly line of Block 60; thence (5) easterly and along the said line of Block 60 and 100 feet southerly from the southerly line of John street; thence (6) westerly and parallel thereto to a point in the center line of Stevens Avenue; thence (7) northerly along the center line of Stevens Avenue to the place of beginning.

FOURTH WARD—First District  
Beginning at a point in the center line of Stevens Avenue and David street; thence (1) easterly along the center line of David street to its westerly extremity; thence (2) by the same course produced to a point 150 feet southerly from the center line of David street; thence (3) westerly and parallel with the center line of Main street and 150 feet distant therefrom to the westerly line of the city; thence (4) southerly along the westerly line of the city to a point in the westerly line of Block 60; thence (5) easterly and along the said line of Block 60 and 100 feet southerly from the southerly line of John street; thence (6) westerly and parallel thereto to a point in the center line of Stevens Avenue; thence (7) northerly along the center line of Stevens Avenue to the place of beginning.

FOURTH WARD—Second District  
Beginning at a point in the center line of Stevens Avenue and David street; thence (1) easterly along the center line of David street to its westerly extremity; thence (2) by the same course produced to a point 150 feet southerly from the center line of David street; thence (3) westerly and parallel with the center line of Main street and 150 feet distant therefrom to the westerly line of the city; thence (4) southerly along the westerly line of the city to a point in the westerly line of Block 60; thence (5) easterly and along the said line of Block 60 and 100 feet southerly from the southerly line of John street; thence (6) westerly and parallel thereto to a point in the center line of Stevens Avenue; thence (7) northerly along the center line of Stevens Avenue to the place of beginning.

G. FRANK DISBROW,  
City Clerk.

**War Workers — Both**

He puts in strenuous hours on the production line—she is busy with her regular housekeeping and with all the extra duties that fall to the homemaker in war time. This is why it is so important to exhibit her canning. When the government issued its request that we do home canning, we asked our House Economists Department to compile a booklet. Be sure to get a copy of "Can It." It is given away at our Nutrition and Conservation centers.
