Councilman Howley really in earnest about making more "light traffic" streets in the sity. At the last council mosting, he specifically requested the following streets to be termed as such: Highland, Pres-pect, Church, Welch, and Cath-erine (from Plac Ave. to haspitel). He further made it known that any other streets known by the respective councilmen in need of such a designation should be brought up for consideration.

the basis of any inquiry made by a resident of Spots-weed concerning the parking situation at the local railroad plaza en Masen Avenue, o review to currently being made by the police department.

it appears as though the 6-hr. limit at the plaza is causing the hardship, and Council President Wisniewski has asked that the Chief of Police review the situation, with the hope of coming up with valuable information to Benefit both the commuter and the businessmen in tewn.

Another Item that is up for some heavy discussion around eity half is the "spite fence" situation. A local citizen has twise appealed to the council for some ruling on the matter, and his case has been cited as ene that is in need of immediate setion.

Spite fences are usually something people jake about, but but when an actual eltuation arises it becomes a problem. With proper attention and conalderation by both parties in-volved, coupled with municipal sid, such horrible acts by indi-viduals could be avoided.

We think the matter will be straightened out in the very near future, and all this "silly" setion by certain individuals will come to an end.

Here and there:-Jim Hollywood still trying to find out which padal is the broke......Fred Leslie up and about after recent surgery and John Fitzmorris coming along nicely after several eperations of a serious nature... dering taking up "rotatilling" after his recent experience..... and everyone noticed the "Adlai-Estes" packet handkerchiefs of the last council meet-Ing.

happenings and events of twenty-five years ago, this week we'd like to bring back on event that happened just thirtyeight years ago....yes, it was an October 4, 1918 that the greatest catastrophy in the history of the city, the Morgan explosion,

It was just after dark, around B e'cleak, that the city rocked as if shaken by a mighty hand, and a deafaning roor was heard. Celtings came down, houses should and windows fell in with s. crash. People rushed from their homes into the street crying to each other, "It's the Morgan Arsenal." The sky in that direction was lighted up, and intermittently tongues of flame could be seen shooting high in the air Particles of exploded shells screeched thru the air.

"Something had gone wrong, and the instruments of death being manufactured at the arsenal for the destruction of the enemy threatened to exterminate their makers. People in their terror had forgot about everything, leaving their homes, valuables and everything to flee from the outcome that was eminent.

Using every means possible, such as the Roritan River bridge, etc., every avenue out

columns of people, wearing whatever they could grob os they rushed from their homes. Many eventually landed in Newark or New York.

The actual damage to property and the loss of lives as the result of the awful catastrophe will never be known. The official estimate of the government placed the loss at lifty killed and 150 wounded The property loss was fixed at \$20,000,000

This is one way of keeping your family safe from fire!

...but who wants to live in fire-proof suits that weigh hundreds of pounds. There is a much simpler way for every American family to protect itself, its home and belongings from fire. It doesn't cost a penny. It's plain ordinary, available to everybody, common sense.

Few fires start by chance. Most fires are caused by ignorance or carelessness. A fire-informed family is familiar with fire—its uses and benefits as well as its dangers. Parents should make sure their children's fire education is not left to chance.

Some good rules to keep in mind are:
Don't smoke in bed—Use only non-inflammable cleaning fluids—Don't use frayed electric cords—Keep matches away from young children—Clean out junk from attic and basement—Make sure your electric wiring is not over-loaded—Don't

wiring is not over-loaded - Don't use ordinary extension cords on heaters or irons - Be careful with lighted cigarettes - Make sure you know how to operate your oil stove - Watch out for sparking chimneys! Most of all,

COLUMBUS DAY

Columbus Day points up the fact that so much progress has been packed into the years since that great day Columbus sailed his fleet this way. So, as we

pay a tribute to the skipper and his hearty crew let's not forget the rest who came and gave this nation its great name.

Let us point up the fact that a Winkler Oil Burner has many advantages. One of its major features is the Winkler Turba Nozzle. Its opening is so large that it does not become clogged and changes in oil viscosity do not affect its capacity. Get the full details today at Wm. H. NO WEATHER WORRIES

Live Better...DRY ELECTRICALLY!

Unlike the weather, an automatic electric clothes dryer is always dependable! Wash when you want to - night or day, rain or shine - drying's never a problem! Just toss in the wet wash - set the dial and forget it. Your clothes come out bone-dry ready to fold and put away, or damp-dry ready to iron. And they're sweeter-smelling and cleaner, too, since they're never exposed to outside soot and smoke. Visit your Reddy Kilowatt dealer and see the many models of dependable electric dryers.

The SPORTS WHIRL South Amboyan's

With the World Series just about | Driving License behind us, bowling and football are beginning to crowd the headlines around us. Locally, bowling gets the ned, with just about every evening filled with league matches at the local Y.

This newspaper will be happy to print the weekly standings of the various leagues in the city If It is so desired. During the past year the Wednesday and Friday Nite Leegues were quick to submit their individual and team results to the paper, and we were happy to earry them on our sports page, much to the delight of the respective par-Heipents.

If any of the other league secretaries are desirous of having their weekly standings and honor reli secres published, a quick call at the Citizen Office on First Street will produce appropriate record shoots designed especially for this purpose. We will be only too hoppy to publish them, provided they are submitted in ample time to be printed.

Backetball season is just around the corner also, with the high schools about ready to stort practicing. St. Mory's team can be seen running thru slight drilts currently at the Augusta Street autdoor court, under the tutelage of Coach Woody McCarthy.

At the annual State Knights of Columbus Galf Tournament held last weekend at Foretgate Country Club, Jack Howley come through in fine style to garner a tie for first place, with the Calloway system of scoring being used.

As there was only one trophy available, it was presented to the other winner, but Jock has been promised a similar trophy in the very near future for his accomplishment.

At the same tournament, Mart Pryga was awarded three golf balls as a sort of 'unique prize'. It seems as though Marty, a rabid Yankee fan, decided to tie a radio on the side of his golf bag cart to keep abreest of his "Yankees." Despite the fact that the radio was dropped during the course of play, (batteries fell out, and the case brake) he still managed to get the play by play description of the game.

Just about twenty-five years ago in sports locally, Coach Eddie Primoka's high school gridders opened up their sea-son with a 6 to 0 victory aver Freehold at the Manmouth County oridiren.

The lone score came in the third period, after South Amboy had carried the ball to the Freehold five yard stripe. Losing the bell on downs, they forced their opponents to lose two yards on their first play, and when Freehold attempted to kick the ball out, Beshada rushed through and blocked it recovered the ball over the goal

Meanwhile, St. Mary's opened up their season against a seasoned St. Benedict's team, and went down to defeat by a resounding score of 33 to 0

Coach Eppinger's charges went into the game rather green, and ful St. Benedicts squad. How- two years, ever they exhibited some great possibilities as far as it coulds be said, and with the experience, gained, it was indicated SPIKE McCARTHY STRONG that towards the end of the seacan they would be able to give a good account of themselves. Incidentally, one name on the roster for the Gray Bees was that of Joe McGanigle, former St. Mary's athlete.

In the second game of the playoffs for the Twilight League Boseball Championship, Mechanicsville defeated the Hibernions by a score of 7 to 6.

Maskal hurled for the winning Mechanicsville team, while Lee Ryen was the loser for the Irish. Bob Armstrong had three hits for the winners, including two doubles, while Mit New: mark had three hits for the AOH, one of them a four-bogger.

Because of requests from patrons, it has been announced that Loew's new 25 Drive-La Theatre, on Route 25 near Keyges the weather man to be as exprisious as he likes. To insure the comfort of moviesaers, even in sub-zero weather, technicians are busily engaged in installing the latest type of Thermolator in-car heater, specifically designed and constructed for drive-in threatre operating conditions.

The heater, created for use only on 200-voit circuits, will hang on the speaker post next to each car. One has merely to reach out, bring the heater into the car and crank the window shut and then see the movies in living-room comfort. An automatic thermestatic control will guarantee the proper degree of temperature. The heaters are harmless to children or pets and will not burn or scorek upholstery or clothing. The impelled air will warm an entire car and keep windshields dry and clear with no forging. The device is shockproof, the case being grounded to a neutral line. During the five months that

Loew's 35 has been operating, it has been received with such favor that the capacity was recently enlarged by several hundred cars.

An exceptionally strong schedule of movie attractions has been announced for the Fall and Winter at Loew's 35. The gates at Loew's 35 open each evening at 6:30 with the main feature beginning between 7:00 and 7:30. This enables those who must rise early the following morning for school or work to see the show and still get home at a reasonable hour.
