

IN APPRECIATION...

To the students of St. Mary's Grammar School, Tuesday was considered "the big day," being it was the wind-up of the school year.

To Special Officer John Casey it was also "the big day," but in a different way. Officer Casey received the highest honor that could be bestowed upon a cop in the form of a "diploma of gratitude" presented to him by the children whom he helped across the street, their grateful parents, and the neighbors in the block, for services rendered and trust beyond the call of duty during the past school year.

Peggy Dohan, an eight-grade student is seen presenting Casey with the framed verse especially dedicated to him, and an engraved rosary—a gift from the assembled group.

Earlier in the school year, when it was learned that Casey was to be rotated from his job for one month, a petition was sent to the Mayor and Council requesting that he remain on his post. The petition was honored.

In spite of the fact that the re-opening day of school can't come soon enough for Casey so that he could go back to his post on the corner of Stevens Ave. and Second Street, the kids say, "he's the grandest guy."

Mechanicsville Hose Co. Open House Sat. Eve.

In the second stage of its 65th Anniversary Celebration, the Mechanicsville Hose Co. will hold open house at its firehouse on Raritan Street on Saturday evening.

The company's president Joseph Kudelka said Saturday's affair will get under way with a block dance at 7:00 p. m. A popular orchestra will furnish the music.

A buffet dinner and refreshments prepared by the house committee will be served to the guests.

The first phase of its anniversary celebration was held in the form of a banquet at John's Hallway House. The final stage will be held in conjunction with the 30th anniversary celebration scheduled for August 7 to 10.

Oil Burner Fire Causes Slight Damage

At 12:30 this morning, the South Amboy Fire Department's quick response checked a basement fire caused by an oil burner in the home of Frank Reshadia of 406 South Feltus Street.

The damage reported was very slight.

Officers James Tedesco and LeRoy Kurtz investigated for the police department.

President Park Firemen Aid in Recovery of Unreported Stolen Car

The alertness of the members of the President Park Ind. Fire Co. last night aided in the recovering of a stolen car while its owner slept peacefully, unaware of the theft.

The firemen were returning from an Old Bridge firemen's carnival about 11:30 p. m. when the truck's headlights picked-up a parked car on Washington Road. As they came closer to the car, they saw two men dashing away in the woods.

The firemen notified the Sayreville Police who in turn found out that the car belonged to Miss Beatrice Carroll of 320 N. Feltus St.

Local Organizations and Business Invited to Participate in Parade

William E. O'Leary, general chairman of the 50th anniversary committee announced that the committee is extending a bid to all local organizations, business and industrial firms, as well as individuals who wish to participate in the parade by sponsoring floats, etc. are asked to contact Francis X. O'Brien, parade chairman. His phone is PA 1-0739.

To date the 4-H Club has announced its intentions to participate along with several business and industrial firms.

The parade is scheduled for the afternoon of August 9th, and will be the main feature of the city's 50th anniversary celebration.

Baby Parade Plans Set for August 9th

At a meeting with the 3 PTA groups of the city, General Chairman William E. O'Leary announced that the Baby Parade in conjunction with the 50th anniversary celebration will be held on Saturday morning, August 9th, starting at 10 o'clock.

Mrs. Joyce Gewanus was named general chairman of the Baby Parade, while Mrs. Frances Keenan will be publicity chairman.

O'Leary stated that tentative plans for the route of march will be along Broadway from Bordenown Ave. to First Street.

The parade will consist of two groups: the walking group and the float group.

Application blanks for the baby parade entries will be published in the "Citizen" next week.

The chairman announced that the age limit for entries will be up to 7 years, but older children will be accepted on the discretion of the baby parade committee.

Although, July 26th will be the deadline for all entries, the chairman asked that applications be in by July 21st wherever possible.

South Amboy Gardens Model Home Goes On Display Saturday

The long anticipated opening of the first building project within the city limits will open Sat. afternoon.

Mayor Joseph Charnello and the members of the City Council will be on hand at eleven o'clock Sat. morning for the official opening.

The model home, which is the first of 63 units is located on the northerly end of Stevens Avenue near Sixth Street.

George Peck and James Peckorillo of the Inter-County Builders, Inc. and the Peckorillo Agency, are the builders of numerous projects in Bergen County, as well as Parkway Homes and South River Gardens.

In agreement with the city fathers and the contractors, South Amboy residents will have a 30-day option over non-residents.

The homes are reported to be selling for \$15,500 and up. They will be available in six different models. The outstanding features of the new homes are: 4 finished bedrooms, 2 complete baths, 8 closets, full basement, gas fired automatic conditioned heating, fully landscaped, seeded and shrubbed plots; plus all utilities, sewers and improvements.

The first group of homes at the site expect to be ready for occupancy in the Fall. The section will be composed of 4 new streets named after veterans of World War I and II. The new street names will be: Lovely Drive, Barkolow Drive, Pupek Drive and Jasko Court.

SWIMMING POOL ORDINANCE AND AMENDMENT TO EXISTING PARKING ORDINANCE ADOPTED AT PUBLIC MEETING

Mayor Joseph Charnello affixed his signature to two ordinances at Tuesday's public hearing, thus making them law. Another ordinance, prohibiting the use of trailers for housing purposes within the city unless permission is obtained from the governing body, was passed on first reading, and will come up for a public hearing and final passage at the July 1st meeting of the council.

The swimming pool ordinance defines public and private pools, as well as private wading pools; sets forth regulations concerning their construction and maintenance; stipulates building permit requirements, location of pools and their enclosures. A violation of the ordinance would bring about a fine up to \$100 for the first offense, and not exceeding \$200 and/or 90 days confinement for each subsequent offense.

The other ordinance adopted on final reading was an amendment to an existing parking ordinance. The new amendment sets forth a ten minute parking limit on the easterly side of Broadway for a distance of 100 feet in front of the Post Office Building; and a two hour limit on the easterly side of Broadway from Bordenown Avenue to the Second Street Alley.

Another section of the existing ordinance was amended, and designates Prospect Street as one-way street for southbound traffic only; Highland Street a one-way street for southbound traffic only; and providing for 45 degree angular parking on the northerly side of John Street. Parking will be in a general westerly direction.

A public hearing was held on a resolution authorizing the issuance of plenary retail consumption and distribution licenses to tavern and liquor store owners within the city. No objections were heard, and the resolution was unanimously adopted to issue the licenses, to thirty-six taverns, eight liquor stores and two club licenses.

The council passed an emergency resolution appropriating \$600 for the installation of a 6-inch sewer line in the vicinity of the Hole-in-the-Wall. The resolution stipulated that the Inter-County Builders, Inc., the contractor who is building the new homes in that vicinity, would dig the necessary trenches and complete the work at a cost of \$600 to the city, which includes the engineering fees.

The city council went on record by means of adopting a resolution expressing their favor in adoption of two bills recently presented to Congress for passage, the Smithers and Byrne bills, which affect local railroad employees. A copy of the resolution was forwarded to the Pennsylvania Railroad.

Another resolution was adopted designating the section below the railroad tracks as "East of Broadway." According to Mayor Charnello, the resolution was brought up in response to requests of citizens that

the designation "Bowery" connected "rowdiness" and "roughness" with it, and wanted it changed.

Councilman Vanderveer deemed the resolution "superfluous," in that its passage will not change the thinking of the people. He didn't think the people of South Amboy thought of the so-called "Bowery" in such a light. Councilman Jankowski believed it was just reviving something, while Councilman Howley remarked that to his knowledge there was no such official designation as the "Bowery" before.

After a short discourse on the merits of the resolution, it was unanimously adopted by the council.

A communication was received from the National Foundation for Muscular Dystrophy requesting permission to solicit funds in the city, which the council granted.

The Ladies Auxiliary of the So. Amboy Boat Club informed the council by letter of the forthcoming warm weather, and with many children and parents using the facilities at the waterfront for swimming, that some effort be made to provide a lifeguard there for protection. After a discussion on the issue, it was moved that the Mayor and Council meet with the Recreation Commission, the Chief of Police and representatives of the Boat Club to decide on what action is necessary.

City Clerk John J. Triggs read a copy of a letter written by City Attorney John E. Mullane to Cornelius Wall, Country Traffic Coordinator, expressing the city's feelings toward increasing the speed limit on Bordenown Avenue. The letter, which was in reply to a request from the State Highway Dept. to increase speed limit from 20 miles an hour to 35 miles an hour, stated that the Mayor and Council, and the Chief of Police termed the proposed increase as "excessive."

The council received a reply to their letter to the Garden State Parkway Authority requesting access for local residents to the Parkway by means of an entrance in the Cheesequake area. The letter informed them of certain requirements set forth in the parkway's makeup which would prevent them from taking action. They deemed it inadvisable at this time, and if at any future date the necessity for such an access becomes warranted, they would again consider the request and study it further.

Mayor Charnello expressed concern over the condition of the Raritan Bay regarding pollution, bringing forth a statement issued by Commissioner Donald Olsen from Perth Amboy as to the results of

the outfall of sewage from the new Trunk Sewer.

The Mayor felt that So. Amboy shouldn't stand by and be imperiled by the waste being dumped into the Raritan Bay because of the outfall being in this location. He felt that the council should go on record as objecting to it, and approach the Trunk Sewer Authority to remove the outfall to another location.

Council President Wisniewski informed the Mayor that he has requested the Board of Health to take samples of the water in the Bay, and determine its safety. Councilman Howley stated that the State Board of Health frequently takes samples of the water, and requests that they be contacted to determine the results of such tests.

The recent fires at the city dump became the topic of conversation at the meeting, when Bernard Mackiel, a local fireman, expressed concern over the condition. He informed the council that approximately 15 hours were spent by local firemen over the past two weeks trying to curb the fire, and asked the council to take some action to prevent further recurrence.

Council President Wisniewski and Councilman VanDerveer mentioned that after July 1st the new garbage collection program will go into effect, whereby the garbage will be collected, and taken out of the city to be burned. VanDerveer assured Mackiel that the dump would be covered with four inches of fill in the very near future, and hoped that would prevent any further calls to the dump.

Councilman Jankowski informed VanDerveer that the state required two feet of fill over existing open dumps, and VanDerveer assured him that he would comply with the requirements.

It was brought to light in trying to curb the spread of the recent fire at the dump, the city's fire department suffered damages to hoses amounting to approximately \$900.

Another request forthcoming from the firemen was the possibility of providing food for the men when they were fighting the fires at the dump.

The men who responded to the call are sometimes away from home during mealtime, and for several straight hours, and asked if the council could do anything to perhaps provide coffee and sandwiches for them.

Council President Wisniewski assured the firemen that the matter would be given serious consideration by the Mayor and Council at their next meeting.

Seven Police Reserves Complete Training

Seven members of the local Police Reserve unit were granted certificates for the completion of the 17-week Police training course given at the Woodbridge vocational school under the auspices of the Middlesex County Police Chiefs Assn., and N. J. State Civil Defense.

Of the class of 52, local recipients of the certificates were: Anton Weiler, Milton Phillips, Wm. Kohler, Jos. Russell, G. Mansville Applegate, Jr., John Kelly, and Harry Powell.

"Go West Young Men" ... and They Did

According to Police Chief John Gleason, a missing persons alarm was sent out on Thursday evening for a fourteen year old George St. lad who had not reported for school on that morning nor been in touch with his parents.

The youth is a student Middlesex County Vocational and Technical High School. He and three companions, from Laurence Harbor, Edison and Metuchen respectively were located by authorities on Saturday in Clinton, Missouri, and were shipped East in a hurry.

Serving on the committee are: Mrs. Viola Kosmoski, Mrs. Christine Baranowski, Miss Loretta Pavich, Stanley Boyes, Donald Fitzgimmons, and Charles Levandowski.

Adam I. Rzepka, Edward Nebus and Valentine Juriewicz are on the property committee.

The carnival will feature carnival rides, prizes and refreshments. A nightly feature will be Pierce Knox, a nationally known marimbist plus varied entertainment.

The affair is for the benefit of the Sacred Heart Parish School.

Jury Returns Verdict in Auto Accident Case

Last week, after deliberating for more than two hours, a jury returned a verdict to Superior Court Judge Bernard W. Vogel in favor of John G. Matiejunas of RD 1, East Brunswick, in the amount of \$12,500, and against F. Mataranglo and his father, Samuel of this city.

Injuries and property damage suffered by Matiejunas were the subjects of the \$26,000 suit brought against Mataranglo and his son as the result of an accident Jan. 29, 1957 when the plaintiff's car and one owned by the defendants were in collision at Washington Road and Main St., Sayreville.

Baruch S. Seidman, attorney for the plaintiff, told the jury the accident was caused by the defendant's car striking the Matiejunas car after it had stopped for the traffic signal at the Main Street intersection.

Ishmail Sklarew, attorney for the defendants, stated that the plaintiff contributed to the accident and was the one who caused it by making a sudden stop without warning.

Councilman Swiatkowski Gets Red Cross Award

Fourth Ward Councilman Lee Swiatkowski, local Red Cross Chairman was the recipient of an Award of Merit for his outstanding achievement in the 1958 American Red Cross Drive for funds.

Mayor Charmello presented the award to Swiatkowski at Tuesday's council meeting, on behalf of the American Red Cross Assn. Swiatkowski expressed his thanks for receiving such an honor, and publicly stated, "this would not be possible had it not been for the great cooperation and work put forth by the members of my committee ... to them, I express my thanks."

ORDINANCE NO. 615 AN ORDINANCE TO REG- ULATE THE CONSTRUCTION AND USE OF PRIVATE SWIMMING POOLS IN THE CITY OF SOUTH AMBOY, MIDDLESEX COUNTY, NEW JERSEY.

Be it ordained by the Mayor and Council of the City of South Amboy, as follows:

Section 1. The words, terms or phrases listed below for the purposes of this ordinance shall be defined as follows:

"Public Swimming Pool" shall mean and include either outdoor or indoor pools which are artificially constructed to provide recreational facilities for swimming, bathing, or wading for the use of the public or for use of the membership of any private club, group or organization.

"Private Swimming Pool" shall mean and include any artificially manufactured or constructed swimming pool or tank permanently or temporarily established or maintained upon any premises by any individual for his own or his family's use or the use of guests of his household which has a capacity for a water depth of more than 18 inches, and whether maintained above or below ground level.

"Private Wading Pool" shall mean and include any artificially manufactured or constructed swimming pool or tank permanently or temporarily established or maintained upon any premises by any individual for his own or his family's use or the use of guests of his household which has a capacity for a water depth of 18 inches or less and whether maintained above or below ground level.

Section 2. No Public Swimming Pool shall hereafter be constructed or installed in any residential zone of this City as set forth in the zoning ordinances thereof.

Section 3. No Private Swimming Pool shall hereafter be constructed, installed or maintained without having first obtained a permit therefor in the manner hereinafter described, no permit being required for the construction, installation, or maintenance of a Wading Pool.

Section 4. PERMITS. Application for a permit shall be made on such form or forms as may be required by the Building Inspector to disclose the information necessary to determine whether such Private Swimming Pool will be in compliance with the ordinances of this City and the laws of the State of New Jersey. Said application together with three sets of plans and specifications or descriptive brochures and a plot plan drawn to scale showing the entire lot upon which said pool is proposed to be constructed, installed or maintained, indicating thereon the exact size, shape, depth and location of said pool, the type, height and location of the fence, and the distance from the pool to property lines and from all other structures on said lot, shall be delivered to the Building Inspector with an application fee of \$10.00. Said Building Inspector shall forward the application with one copy of the plans and specifications to the Board of Health for approval. On the approval of the Board of Health, and if the said proposed pool complies with this ordinance and the ordinances of this City and the laws of New Jersey, the Building Inspector will issue said permit.

Section 5. Said Private Swimming Pool is a structure and an Accessory Building and must be planned to comply with the provisions of the zoning ordinances applicable thereto. No Private Swimming Pool, however, will be constructed, or installed nearer than 10 feet from any property line. No Private Swimming Pool will be constructed on any lot or plot unless there is a residence thereon and no property will be subdivided if the result will be that said pool will be separated in ownership from the residence property to which it originally attached.

Section 6. Every Private Swimming Pool shall be fenced in with a fence and gate not less than four nor more than six feet high and said gate shall be provided with a lock. No part of said fence shall be closer than 5 feet from any part of the pool, and the side of said fence closest to the residence shall be constructed with a mesh type material that does not restrict vision. Any opening or mesh in the fence as finally constructed shall be no greater than sixteen square inches in area.

Section 7. If said pool is required to have a filtration system and pump, said pump shall be located at a maximum distance from all property lines and in no event shall it be nearer than 15 feet from any property line.

Section 8. LIGHTING. All artificial lighting of the pool area shall be shielded from direct view of neighboring properties and no artificial lighting shall be maintained or operated in connection with said pool in such a manner as to be a nuisance or an annoyance to neighboring property owners.

Section 9. Any person who violates this ordinance or any part thereof shall upon conviction in the Municipal Court forfeit and pay a fine not exceeding \$100.00 for the first offense and not exceeding \$200.00 and/or 90 days confinement for each subsequent offense.

Section 10. SEPARABILITY. The provisions of this ordinance are declared to be severable, and if any sections, sub-section, sentence, clause or phrase thereof shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sub-sections, sentences, clauses and phrases of this ordinance, but they shall remain in effect; it being the legislative intent that this ordinance shall stand notwithstanding the invalidity of any part.

Section 11. REPEALER. All ordinances and parts of ordinances directly inconsistent with the provisions of this ordinance are hereby repealed to the extent of the direct inconsistency.

Section 12. EFFECTIVE DATE. This ordinance shall take effect immediately after final passage and publication as provided by law.

AN ORDINANCE REGULATING TRAILERS IN THE CITY OF SOUTH AMBOY, NEW JERSEY

Whereas, due to the lack of space in the City of South Amboy, no provision has been made for a Trailer or Camp or Court; and

Whereas, it is the opinion of the Governing Body that the establishment of such a Camp or Court, or the use of property for a Trailer site would affect the safety, welfare and property rights of the citizens of South Amboy;

Therefore be it and it is hereby ordained:

Section 1. That the use of a Trailer or Trailers for housing purposes is hereby forbidden until permission is obtained from the Governing Body of the City of South Amboy.

Section 2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect immediately upon its passage and publication as prescribed by law.

NOTICE
The foregoing ordinance was introduced and passed on first reading at a meeting of the City Council of the City of South Amboy, held on the 17th day of June, 1968, and it will be considered for second reading, and final passage at a meeting to be held at City Hall, on July 1st, 1968 at 8:00 p. m. at which time all persons having objections thereto are hereby notified to be present and to present the same.

JERSEY FISHING

By Professor Lee

Of all the incongruities in the field of semantics, the most incongruous terms are fisherman and juvenile delinquent. In all my years of fishing I have yet to meet a young fisherman who was a J. D. The reasons are obvious. Fishing is a wholesome, healthful sport that develops not only a spirit of competition and respect but also a spirit of perseverance and patience. A fisherman can enjoy all the privacy he wants, or he can bask in the spirit of camaraderie so common among the anglers.

With the closing of school, the youth of our "pleasant little city," finding time on their hands, have ample opportunities to test the lakes and ponds of the area. The facilities are legion, and the picket, bass, and perch are plentiful. I spent the past few days checking the areas adjacent to South Amboy. Do you have access to a car? Then you can visit some of the most picturesque fishing areas in Central Jersey. Weston's Mill, the section of Lawrence Brook to the left of Route 18 heading toward New Brunswick, is a beautiful site. In addition, Herb Grove rents aluminum canoes and plexi-glass rowboats for \$8.00 per day—\$6 a m. to dark — \$9.50 on weekends. By car you can follow the brook thru Middletown, where there are ample fishing spots, to Farrington Lakes. Al Esbach of the fisheries lab in Middletown tells me that Farrington has been stocked with 5,000 hand-labeled herring. These serve as forage fish to be preyed on by the game fish. They are found in many productive lakes such as Hopatcong. The State plans on planting another 2 or 3,000 in the future.

So you don't have a car, and Dad takes him to work. How about a bicycle outing? Six miles from

our town, down Bordentown Avenue, you will find Duhrnal Lake in Old Bridge. The day before yesterday, Tuesday, I watched two youngsters, aged about 10-12, take out 11 pickerel, the smallest of which was 15 inches. They were using "lilies" which they had bought at Ted Hehn's on Route 18 in East Brunswick. If you can get shiners your chances are much more improved.

On the way from our "Pleasant Little City" you can stop at the Raritan Diner on Bordentown Avenue for a good cup of coffee and some sandwiches to take out. The diner is open 24 hours a day.

If you haven't fished before, you can purchase a complete spinning outfit for less than \$7.00 or a bait casting outfit for less than \$4.00. If you make a good catch leave your name and address with Ray at the Melrose Toy and Sport Center, 161 Broadway, S. A., or at the Raritan Diner.

SALT WATER:

The fluke and flounders are in and the large blues are on their way up from the Carolinas. Accompanied by his wife and another married couple, boated 36 flounders Sunday off Barnegat Light. The fish averaged 14 lbs. and the largest was hooked by one of the distaff members. Bill drifted, using lilies for bait. Yes, he assured me they were flounders, not fluke.

Some blues are in, but the big one, 16 pounders, are on their way up from the Carolinas. Putting myself on a limb, the weather being what it is, I predict they will hit our mid-coast by the weekend of the 27th.

Our next column will deal with tips on the technique, gear, and bait to be used on blues and stripers for surf fishermen and trollers.

Local Firm Incorporates

Included in the trade names, articles and certificates of incorporation which have recently been filed in the office of Middlesex County Clerk M. Joseph Duffy was that of the Jay Dee Manufacturing Co., Inc. of Feltus St. and Washington Ave., this city. The company will manufacture wearing apparel.

Minnie Doroshkin is corporate agent. The total authorized capital stock is 200 shares of common stock, including 100 shares of Class A stock and 100 shares of Class B stock. Forming the firm are Emanuel Rothstein, Nathan S. Briskman and Mildred Bauer, all of New York City. They each will hold one share.

ORDINANCE NO. 614
AN ORDINANCE ENTITLED: "AN ORDINANCE TO AMEND AN ORDINANCE PRESCRIBING REGULATIONS GOVERNING THE PARKING OF VEHICLES IN THE CITY OF SOUTH AMBOY, MIDDLESEX COUNTY, NEW JERSEY, ESTABLISHING VARIOUS PARKING ZONES, PROHIBITING PARKING IN CERTAIN AREAS, PROVIDING FOR THE ENFORCEMENT OF THE SAID REGULATIONS AND PROVIDING PENALTIES FOR THE VIOLATIONS THEREOF." Approved Feb. 18, 1958.

Be it ordained by the Council of the City of South Amboy:

Section 1. That Section 1, paragraph b, be amended as follows: On the easterly side of Broadway from the northerly line of Bordentown Avenue and for a distance of 100 feet northerly from the northerly line of Bordentown Avenue in front of the Post Office building on Broadway, parking will be permitted for a period of ten (10) minutes only, and from this point northerly on the easterly side of Broadway to Second Street Alley, parking shall be prohibited between the hours of 8 A. M. and 6 P. M. for a longer period of time than two (2) hours as heretofore.

Section 2. That Section 3 be amended as follows:
(a) All of Prospect Street is hereby designated as a one-way street for northbound traffic only;
(b) All of Highland Street is hereby designated as a one-way street for southbound traffic only;
(c) On the northerly side of John Street from Broadway to the westerly end of John Street, parking shall be on a 45 degree angle in a general westerly direction.

Section 3. All ordinances or sections of ordinances and amendments thereto or supplements thereto inconsistent herewith are hereby repealed.
Section 4. This ordinance shall take effect immediately upon its passage, approval and publication in the manner prescribed by law.

Scholarship Fund to Benefit From Proceeds of Sports Event

The Middlesex County Chapter of Georgian Court College Alumni Association will sponsor a Golf Sports Event on Monday evening, June 23rd, at the Tara Golf Green Club, State Highway 27 in New Brunswick.

The Tara Golf Club features a modern driving range, an 18-hole miniature course and a 9-hole pitch-and-putt course, in addition to elaborate surroundings.

Miss Peg Monaghan is chairman of the sports event, assisted by Mr. Joseph Hoffelder. Tickets are priced at 1.50 for adults, and 75 cents for children, which entitles the donor to participate in any or all of the facilities of the Tara Golf Club. In addition to the above, a "club pro" will be available if any pointers are requested from golf enthusiasts.

Proceeds from the affair are destined for the scholarship fund set up by the Alumni Association of Georgian Court College.

Former Resident Rutgers Research Assistant

John E. LaTourette, formerly of South Amboy, has been named a research assistant in the Bureau of Economic Research at Rutgers University in Newark.

A graduate of Hoffman High School, Mr. LaTourette received his bachelor's and master degrees from Rutgers in 1954 and 1955 respectively. A lieutenant in the Air Force from June of 1955 until March of this year, he has been residing in Topeka, Kansas.

Archery Range Planned by Gun Club

The Bayview Rod and Gun Club is furthering its plans for popularizing the sport of archery among its members and other interested persons. The Club has received a permit from the borough of Sayreville for the maintenance of an archery range which has been laid out on the club grounds alongside the clubhouse off Route 35.

The installation of all the approved safety guards has been completed and several club members are to act as archery instructors. A program of instruction in range shooting as well as bow and arrow hunting and hunter safety has been set up with the approval of the state.

It was mainly through the efforts of several club members who have been archery enthusiasts for some time that the program was set up.

KNOW YOUR GOVERNMENT

COUNTY REVENUE UP

County government revenues continued their upward climb last year, but at a somewhat slower rate than in previous years.

According to local government statistical data compiled annually by the New Jersey Taxpayer Association, total revenues of the 21 county governments in 1957 aggregated \$182,203,344. This was a 7 per cent increase over the \$161,648,419 collected in 1956.

Included in the county revenue total last year were nearly \$118 million paid over from local property taxes, \$38 million in "other revenues" and about \$7 million taken from surplus.

These totals showed the average county revenue dollar last year was made up of 72 cents property tax; 5 cents surplus and 23 cents other revenue. As compared with 1956, this represented a larger share of income from property taxation and surplus and less from the "other revenues" category which includes state aid, institution collections, and other fees.

Percentage-wise, among the individual counties, Mercer realized the greatest proportion of revenue from the property tax, with nearly 75 per cent of its revenue dollar coming from the property tax source in rural Sussex County, which, conversely, received 43 per cent of its income from "other sources." Hunterdon County took more than 9 per cent of its revenue from surplus last year, topping the list on a percentage basis, of counties relying on this source of income.

In Middlesex County, revenues in 1957 totaled \$4,967,015 as compared with \$4,718,419 last year. Of the 1957 total, 75.5 per cent came from property tax; 5.2 per cent from surplus tax and 19.3 from other revenues.

Service Notes

The Navy Department has announced the May 16 promotion of Donald B. Leitch of Highway 35, So. Amboy, to aviation structural mechanic second class, USN, while serving with Fighter Squadron 82.

Pvt. William K. Currie, 23, son of Mr. and Mrs. William W. Currie, 364 Conover St., South Amboy, recently completed the basic Army administration course at Fort Dix, N. J.

He received training in typing, clerical procedures and record keeping. Currie entered the Army last January and completed basic training at Fort Dix.

What you don't know may not hurt you . . . but what you suspect can be awfully disturbing.

Bd. of Education Seeks More Funds for Budget

Mayor Joseph Charnello has disclosed that the Board of Education has requested a special meeting of the Board of School Estimate in order to seek more funds for its operation.

As president of the estimate group, Charnello stated that the school board is asking for funds to expand the science facilities at Hoffman High School and possibly for additional funds to end the fiscal year.

The estimate group had cut the budget for the fiscal year of July 1, 1957 to June 30, 1958, to below a quarter million dollars and held to that same level at budget time this year.

The estimate board is composed of the mayor, two councilmen, M. J. Jankowski and Leon Wisniewski, and two school board members—Andrew Peterson and Joseph Herrmann.

THE RELEASE of manager Jack Tighe by the injury-riddled Detroit Tigers points up for me the longevity of Yankee managers. The Bengals now have their fifth leader in seven years while the Yank trio of Miller Huggins, Joe McCarthy and one Charles Dillon Stengel account for 38 of the last 41 seasons of Yankee baseball.

THE PROFESSOR is in his 10th year at the Stadium while McCarthy reigned for 16 and little Hug held forth for a dozen glorious years.

CASEY'S PENNANT winning ways are unprecedented, of course, and a win this year would put his personal pursuit of the American League bunting at the .900 mark, 9-out-of-10. Oddly enough Huggins and McCarthy each had a .500 pennant record, Mack, 8-for-16 and Hug, 6-for-12.

THAT STRANGE Stengel team of '54 which didn't win the pennant is the only club fielded by the Glendale genius to win 100 or more games. That year, you will remember, 103 wins wasn't good enough because the Cleveland Tribe was massacring the league's weaker teams and setting a new A. L. record of 111 scalps.

IT IS the poorest kept secret in baseball that the Yanks are rooting for a Milwaukee pennant repeat in the National League. The Braves are the only team holding a world series edge on the Bombers and they want only the chance to avenge last fall's Burdette labelled beating.

Aluminum and steel storm and screen doors often become scratched and weathered-looking after some usage. A good way to prevent excessive dust scratches from dulling the appearance of such doors is to use a good quality exterior wax, such as automobile finish wax.

Q. I operate a small rooming house but do all the work myself. Therefore there doesn't seem to be any direct costs for carrying on my business. Do I have to show any expenses in figuring the amount of my yearly income?

A. Labor is only one item of expense. You must prorate all the costs of operating and maintaining your home, according to the number of rooms used for business purposes. If you use one half of the rooms in your home for business, half the cost would have to be charged against the business. If you use one-fourth of your home for business, the same percentage of the total cost will be charged to your business. You can obtain additional information from the nearest Director of Internal Revenue on preparation of your self-employment tax returns.

Q. I've heard that a self-employed person must have a full time business before he comes under social security? Is that correct?

A. No. Joe Owner may run a hot dog stand for only a month or so in the evenings and Sundays during the school vacation. If his net earnings come to \$400, he is under social security, just the same as the man who operates his business day and night all year long. The amount of net earnings in a year alone determines coverage for the self-employed.

Q. I've heard a lot about substantial services in connection with self-employment. Does that mean that I must go to my gas station and work a certain amount of time to get social security coverage?

A. The term substantial services has nothing to do with building up coverage and protection under the program. An absent or silent partner, who never goes near the business, is under social security coverage, on a compulsory basis, if his share in the partnership's profit is at least \$400. Rendering of services is important only for persons getting benefit payments.

"Rained-Out" Pros Return Friday Rookies Battle Sun. at Old Bridge

Batting a week .500 for the NASCAR stock car racing circuit's weather honors, sportsman and modified division contenders have their fingers crossed as they wait for Friday night's program at Old Bridge Stadium.

Rookies who have the big Central Jersey plant to themselves on Sun. nights will stage another of the wild programs for which they are noted, come this weekend.

The professional speedsters were hit last Friday by their fourth "rain-out" in eight weeks, the poorest weather record known at the stadium since the exciting sport was introduced six years ago. Only twice have they been able to operate on two consecutive nights, that being in early April, when the 1958 campaign got going, and earlier this month.

Victories have been spread out, too, with Fla. Pa. and N. J. drivers sharing top honors. Miami's Bob Malzahn won opening day and become the first to repeat in the most recent meet at the stadium, which boasts the fastest half-mile paved oval in five eastern states. Pennsy's Joe Kelly, Jersey's Pete Frazee and Budd Olson—from Rahway and Paulsboro, respectively—have also won.

A heavy entry list for Friday's schedule of four qualifying dashes and the 25-car, 25-lap "money race" show how eager are the oft-tormented racers who get underway at 8:30 p. m. Among them will be Frazee, track champion who has constructed a new power-house machine to replace the title-winning car from which he was fired recently after spectacular crashes said to be due to envious rivals deliberately "fencing" him in high-speed competition.

Rookies have heat races and 20-lap finale set for Sunday night, also using 8:30 for a send-off time.

Defiant comes not so much from physical effects, as from a state of mind which makes men redoubt or resist their efforts.

18th Anniversary Marked by Women's Motor Corps

The 18th anniversary of the South Amboy Women's Motor Corps was celebrated at a banquet held at the Shadowbrook in Shrewsbury last week, with Mrs. Robert Rehn acting as chairman of the affair.

Mrs. Sally Quinlan, captain of the corps for the past 15 years, was presented with a gift during the celebration. Miss Ann Coakley made the presentation.

Organized about six months prior to World War II, the motor corps was first operated under the American Red Cross. The first instructor in first aid was Mrs. Vincent Higgins and when Pearl Harbor was attacked the corps went into service at Army camps, hospitals, in air raid drills and helped staff and maintain the local emergency hospital. Since that time the corps became a unit of the local Civil Defense organization, and Mrs. Quinlan has constantly served as head of the unit.

SAYREVILLE MAYOR ATTACKS OPTIONAL CHARTER PLAN PROPOSAL

Mayor of Sayreville Anthony J. Popowski issued a statement attacking the optional charter plan of government. Although the petitions have not as yet been filed with the Borough Clerk, the Mayor stated all he knew about the proposal is "what he read in the newspapers."

Popowski said he normally would not comment on the merits of the plan until he had an opportunity to study it fully, but has "grave doubts as to whether the movement is not prompted by partisan and perhaps selfish motives."

"Can it be that they realize that they cannot possibly win the support of the voters at a normal election and seek to use this novel, untried and experimental method of 'reorganizing' the local government in a desperate effort to distract the voters by appealing to unhealthy sectional rivalries in order to try to win support for themselves? Apparently they would not hesitate to destroy all the good we have accomplished in local government—if they could only gain control."

Popowski also deplored the fact that "the proponents of this drastic change in government have not seen fit to extend the mayor and council the simple courtesy of even discussing the proposals with us. I am advised the prime movers urged absolute secrecy. The question is why? Are they afraid the public might learn the truth about their plan or the motives behind it?"

The proposed new form of government is known as "Plan D" under the Faulkner Act and the mayor pointed out the statute "calls first for the election of a five-man 'Charter Study Committee' to study the alleged need for changes in our local government and recommend same to the voters. This group has not even done this."

"Instead," Popowski said, "a small group has apparently met in some private office and decided to bypass the study group recommended by the Legislature and presumably decided that the local government in Sayreville is so bad (even though we have the fourth lowest tax rate in the entire county) that it should be abolished immediately."

Popowski asserted too, "It appears to me the plan suggested would only mean more red tape, many more jobs—much more expense and hence much more taxes—and poorer government as well." Under the new plan the council "would not administer the affairs of the town." They "would be administered" by a "director of administration," another fancy name for a municipal manager," he said.

The manager's salary, according to Popowski, would be up to \$30,000.

Gala Celebration at Loew's "35"

In honor of their second anniversary Loew's "35" Drive-In Theatre will have a week-long celebration beginning Monday evening June 30th!

The management is extending an invitation to all couples celebrating their second anniversary during the month of June to be the "guests" of the theatre Monday night—bring proof of marriage to box-office; Tuesday the parents of all two-year-olds will be admitted "free"; Wednesday has been set aside for a local band-competition and the Keyport prize winning accordion band will play on the patio.

Thursday evening youngsters will compete in a giant hot-dog-eating contest and a watermelon eating competition, to be held on the patio before showtime.

Friday, the 4th of July, kiddies will be invited to ride the "free" donkey cart and pony rides. Saturday is "game nite" with prizes and surprises for the kiddies. Sunday, terminating the celebration, there will be dancing on the patio.

Be sure to be on hand for your share of the fun at "35" during the week of June 30th. Check the theatre for time of each event, call their new number Col fax 4-2928.

Not all guide dogs used by blind people are scientifically-trained at a recognized school. A Second Sight guide dog, schooled at the Smithtown, L. I. training center of the Guide Dog Foundation for the Blind cannot be obtained for street solicitation.

GRADUATION

Right now as you stand there above the rest of us, you're master of the world below, or as they say, you are lord of all that you survey. You have reached a very high plateau and it is our wish that you will go as far as you are aiming to, that all your hopes will all come true.

All your hopes for a heating system that is efficient, yet low costing, will come true with a Winkler Oil Burner. This revolutionary burner will slash your fuel and service bills, as it's doing in thousands of homes today. Get the particulars at Wm. H. Lewis, Plumbing & Heating, 133 Henry Street.

The mayor declared, "I urge the people of Sayreville to carefully study any such drastic proposal before giving it their approval. Partisanship, personal ambition, secrecy and haste are not conducive to a sound decision on such an important issue. I feel confident that when the voters know the real facts behind this move, they will vote against this new plan as a partisan and selfish proposal and against the best interests of Sayreville."

The mayor said residents who signed the petitions—about 1,000 signatures have reportedly been affixed to the petitions—"as a result of misunderstanding or misinformation may have their names removed by writing a letter to Borough Clerk Mary C. Guilfoyle."
