Richard Schultz Sworn In For Second Term

With his god-child, Ann Marie Kudelka, holding the Bible, and City Clerk John Triggs administering the Oath of Office, Richard Schultz was sworn in for his second term as Mayor of South Amboy.

Schultz was re-elected to office by defeating Thorvald Olsen in the November 1966 election.

Following the swearing-in of the Mayor, the City Clerk administered the oath of office to Fred Henry, Councilman-at-large; John Connors, Councilman of the Second Ward; and John Howley, Councilman of the Third Ward.

Councilman Henry was selected to be President of the Council.

In his yearly address to the Council, and to the residents of South Amboy, Mayor Schultz reviewed the activities of the city during the year 1966. The full text of the Mayor's remarks will be found elsewhere in this issue of the CITIZEN.

The City Clerk read off the appointments of Mayor and all of these, with one exception met with unanimous approval by the Council.

Councilman Joseph Rush protested the complete

change that Schultz made in the Board of Public Works. He stated that although he was heartily in favor of a complete change, he felt that it would be done over a period of time. Rush was told that it was the consensus of the Council to make the complete change because there are men named to the Board who are well experienced with City affairs.

A full list of the Mayor's appointments are in a related story in this issue of the CITIZEN.

A temporary budget with which to conduct the city affairs until the main budget is approved, was passed with no dissent.

Chief of the Fire Department for 1967 will be Joseph Keegan of the Independence Fire Co., and he took the Oath of Office with his mother holding the Bible. Councilman Frank Zebro pinned the Badge of Office on Keegan.

Father Leon Kasprzyk of the Sacred Heart Parish gave the invocation and Father Edward Cook, the Benediction.

The floral pieces that were sent to the Mayor and Council were taken to the local hospital.

ANOTHER TERM - City Clerk John J. Triggs reads the oath of office as Mayor Richard J. Schultz, Council President Fred Henry and Councilman John Howley are

sworn-in for new terms of office. Councilman John Connors, who did not face re-election this past year, looks on in the City Hall ceremonies held Monday afternoon.

CHIEF'S BADGE - Councilman Frank Zebro, chairman of the Fire Department, pins the chief's badge

on Joe Keegan, who heads the department for 1967. Looking on are 1st Assistant Chief Chet Meinzer and 2nd Assistant Chief Joe Halmi.

YEAR'S EVENTS KEYNOTED

IN MAYOR'S MESSAGE

The following is Mayor Richard J. Schultz's New Year's Day address given at the reorganization meeting of the City Council.

"I want to wish everyone a Holy and Prosperous New Year, and as the New Year comes so does the year of 1966 end, and to begin this message on a happy note, I will briefly review the progress made by us during the year of 1966.

"We have a beautiful library at Stevens Avenue and Second Street, and not only has it improved this location and is one of the city's nicer buildings, and I am informed that our citizens are making excellent use of it. A great deal of credit is due to not only the members of the council for purchasing this building, but to the Librarian and the Library Board who deserve a lot of credit in the excellent way it is being managed. It would not be right if I didn't give special thanks to Councilman Connors our Bldg. and Grounds Chairman who worked so hard on this project.

We have just completed purchasing additional land adjacent to our Sewerage Disposal Plant, and our council should be congratulated in purchasing this property because we never know when our facilities and our Sewerage Disposal Plant will be expanded and with this new acquisition we are in a position to expand, if necessary.

Many of you have read where we are purchasing a water tank in conjunction with the Borough of Sayreville. This will not only be a much needed addition to our Water Department but it will also give our Board of Public Works above ground storage of water which they so sorely need. By way of comparison in relation to the money being spent by the Borough of Sayreville for this tank, South Amboy's share is surprisingly low. Just when this tank will become a reality we have no way of knowing, but the plans are being drawn and when it is completed it will be another asset to the City of South Amboy.

The Board of Public Works is about to drill a new well. The well from which they have been drawing water for the last thirty odd years is beginning to suck sand, and many attempts have been made by them to repair this well but it evidently has outlived its usefulness. The cost of this well will be some \$25,000.00 and the bond ordinance has already been acted upon by the City to pay for this new well for the Board of Public Works and to insure sufficient water supply to our citizens.

As most of you know, Mr. Nagle has tendered his resignation to the Board of Public Works and is now employed by them in a consultant capacity. It would be disastrous to the City if we did not have the services of Mr. Nagle, as he has been a very loyal and faithful employee down through the years. However

Continued on page 2

Council Fights To Keep Station Open

In what appears to be a one-sided affair, the Mayor and Council went on record opposing the closing of the local railroad station.

In recent hearings before the Public Utility Commission in Newark, the City appears to be losing their fight with the railroads. According to the City Fathers, the Commission seems to be non-biased in favor of the railroads. This was confirmed when the Commission told the City that the agreement of the railroad to keep a station on the westerly side of the tracks can't be held binding because, "After all, times change, and you can't expect the Company to adhere to an agreement that was made more than thirty years ago."

Councilman Connors warned the present Council Members that the governing body of the 1930's did not draw up a tight enough agreement, and that the present body should take heed.

Sitting in the audience was a very prominent antagonist of the closing of the streets in the 1930's, and when questioned after the meeting he recalled that the public apathy at that time is responsible for the conditions of today.

Another bystander stated that if the railroad can forego their part of the agreement, with the blessing of the P.U.C., why can't the City demand that the streets in question be re-opened?

Mayor Schultz pointed out to the CITIZEN that due to the closing of the station, passengers are required to purchase their tickets on the train and are charged extra for this inconvenience.

Close Safety Isles: Schultz and O'Leary

In his remarks to the City Council, Mayor Richard Schultz said that both he and Police Chief Edward O'Leary have requested the State Highway Department to close the openings in the median strip along Highway 35. "There are three of these openings," said Schultz, "and O'Leary and I met with the state officials in regards to the so-called China Wall that is going to be constructed on the Edison Bridge, and we went on record approving this action and also asked that the three openings in South

Continued on page 2

MAYOR WIELDS BIG BROOM!

With one stroke of his broom, Mayor Schultz swept out of office the complete membership of the Board of Public Works, and named in their place Frank O'Brien and Richard Servis, for a period of one year. For a period of two years he named former Mayor William O'Leary and Ted Lewandowski. Named for three year terms were Chester Clazewski and Woodrow McCarthy.

In other appointments, James Harrigan was named to the Board of Education replacing Leslie Batchelor.

Thomas Cross was named to a five year term on the Planning Board.

Appointed to the Board of Recreation were James Walczak and Robert Eppinger.

City Clerk, John Triggs, was appointed to serve as the municipal representative on the Planning Board for 1967.

Schultz appointed Alphonse Kolakowski to the Industrial Commission and named Joseph Halmi to fill the unexpired term of Frank Cicala, who resigned last week.

Pat Mullane was re-appointed to the Shade Tree Commission and Violet Lewandowski was appointed to a full term on the Welfare Committee. Councilman Frank Zebro was named Chairman of the Welfare Board.

Miss Edna Chase was named to the Library Board and Mr. Richard Sullivan was re-appointed Harbor Master for 1967.

John Szatkowski will again be Civil Defense Director with Michael Szraga and Harry Peterson as his assistants.

Charmello Memorial Suggested By Schultz

In his remarks to the Council, Mayor Richard Schultz suggested that a new street be named after the late Mayor, Joseph Charmello.

"This would be a most fitting gesture on the part of the city," said the Mayor, "The name of Joseph Charmello should be forever remembered by the residents of South Amboy, and I can think of no better way to perpetuate his name."

Ed's Note: Since the street leading to the city ballfields, and to the boat club, is nameless, and knowing that the landfill area is the next obvious development area of South Amboy, why not call this Charmello Drive?

YEAR'S EVENTS KEYNOTED

Continued from page 1

they are fortunate in having him continue as a consultant until someone else can take his place.

We have had two tragedies in the City of South Amboy in the past year - something that has been unprecedented in our City, to have two murder cases. I am proud to say as the head of the Police Department, that these murders were solved in a very efficient manner and those responsible have been brought to justice. For this I wish to thank our Chief; the members of the Police Department; the members of the Prosecutor's Staff, and the outside Police Departments who have assisted us in the investigations.

During the year 1966 our recreation program was more than adequate, and our people should be proud of it; proud of the work of the Recreation Commissioners, and Councilman Frank Zebro who not only acts in an advisory capacity and is instrumental in securing these funds for the Recreation Commission, but he works very closely with it, and any recreation that can be brought to our children is money well spent.

In speaking of our Councilmen, Councilman Zebro and Councilman Rush have been quite ill during the year of 1966, and I am happy that they are well and with us again today.

Our Fire Department with its new additions of the two fire trucks which we purchased during the year 1965 have proved a very beneficial expenditure on the part of the City, keeping our fire loss to a bare minimum, to say nothing of the fact that no lives were lost through any fire catastrophe within our City, due to the efforts of these brave men.

I have talked with our Auditor and he has given me the assurance that we are in a very favorable financial position and some of us have heard rumors of a loss of tax rates; however, we have also heard rumors of railroad expansion and other acquisitions that will increase the tax rates within our City.

You all have read the papers and realize by this time that not only I, but the members of the Council are against apartment buildings in the City of South Amboy. Some of our Boards have made the statement that we are against progress. Speaking for myself and the members of the Council, none of us are against progress in the City of South Amboy, and we are willing to sit down at any time, with anyone, and at any place, and discuss anything that will mean progress for the City of So. Amboy. However, building apartments on undersized lots, in my opinion is not progress.

We are against them not only because we do not approve of them but because the citizens do not want them. Most of them are being built on small parcels of land and it is a proven fact that they are not being built on standard size lots when the builder is compelled to go before the Zoning Board of Adjustment to get a variance, and this has been the case in every apartment that has been built so far in our City. Why permission is granted for these apartments is beyond me; however, neither I as the Mayor, nor the Council, have anything to do with granting permission for these apartments.

We have met many times with the Board of Education concerning their expansion program and the demands made upon them by the State. This problem will

be resolved in the near future and we hope it will be resolved to the best interest of our citizens and the children attending the schools.

In the closing I want to assure you that I have enjoyed working with our Councilmen, who are most generous with their time spent here at City Hall and elsewhere, solving problems that come up from time to time. It has been my pleasure to work with them and all of the Boards, Departments and Employees of the City, and again I wish you all a most Holy, Happy and Prosperous New Year. Thank you."

Close Safety Isles:

Continued from page 1

Amboy be closed and that the wall be continued on down Highway 35 to Madison Township.

In what was otherwise a rather prosaic meeting, the Council approved the transfer of \$2,875 from Police and Street items to Snow Removal and City Dump accounts.

Two proclamations were ordered by the Mayor, with approval of the Council. One calls for the week of Feb. 12 to be designated as National Beauty Salon Week, and the other names January as the month for the March of Dimes.

Police Chief O'Leary submitted his approval on the application of a Mrs. Theresa Trygar of 108 W. 15th St. Linden, and Mr. Andrew Loya of 352 W. Grand Ave., Rahway to purchase the C-4 License of Robert Doran Inc. of 117 N. Broadway.

On a motion made by Councilman J. Rush, and seconded by Councilman F. Zebro, the Council voted to hold this in the transfer file.

SECOND BABY FOR POLICE DEPARTMENT

For the second time during the year of 1966, the South Amboy Police Department assisted Sir Stork in the delivery of a baby.

Officers Frank Norek, and Tom Kelly, both members of the South Amboy First Aid Squad, delivered Mrs. Ann Marie Di Mattia, of 23 Macedulski Terrace of a girl child, at 1:45 a.m. on Dec. 31, 1966.

Sergeant James Tedesco helped on the delivery of a baby girl to Mr. and Mrs. Charles Reilly of 252 1st St. in the early part of November.

NEW FIRE CHIEF - New Fire Chief Joseph Keegan Jr. is shown during the swearing-in ceremonies at City Hall at which his family was prominently in attendance. In the back row are City Clerk John J.

Triggs, his sons Joseph Jr. and Dennis, Chief Keegan, and his wife Caroline. In the front row are his son Ronald, his mother holding the Bible, his daughter Debra Ann, and his son David.

Standing City Committees For 1967

Council President Fred Henry submitted the following as the make up of the City Committees for 1967:

Streets: Howley, Connors and Henry.

Fire: Zebro, Howley and Rush.

Buildings and Grounds: Henry, Connors and Zebro.

Insurance: Howley, Rush and Zebro.

Police: Connors, Rush and Zebro.

Advertising: Connors, Henry, Zebro.

Taxes: Henry, Howley, Rush.

Finance: Zebro, Rush, and Connors.

Recreation: Zebro, Howley and Connors.

Contingent: Rush, Howley, Zebro.

Licenses: Rush, Henry and Howley.

Board of School Estimate: Henry and Howley.

The first named, in each committee will be the chairman.

CHIEF CHARMELLO GIVES ANNUAL REPORT

In his report to the Mayor and Council, Fire Chief Anthony Charmello listed a variety of 12 different types of calls, plus the answering of 12 false alarms.

The highest number in one category was "brush fire" for a total of 56 calls.

Next highest, 11 in all, were automobiles. Garage fires accounted for 7, and railroad fires totaled 6.

There was one church fire, 1 school fire, 4 industrial fires, and 2 store fires, and 2 tavern fires.

A total of 116 fires resulted in estimated damage of \$950,000.

Self-control is a great virtue but few individuals even seek to attain it. - Joseph M. Shaw, Jr., Cherokee County (Ala.) Herald.

"I reckon the most of us display our patience best while waiting for someone else to do what we should have already accomplished." - A. J. Hudson, The Olustee (Okla.) Chieftain.

"In olden days when one country overran another, they were called wars. Nowadays they are called 'current events.'" - John Maverick, The Cherryvale (Kans.) Republican.

"The automobile may have replaced the horse, but the man who drives should stay on the wagon." Lee Call, Star Valley (Afton, Wyo.) Independent.

"An emergency is generally an opportunity. Take advantage of it." Fred W. Grown, The Bergen (N. J.) Citizen.

Four Resolutions Passed By Council

Four resolutions that are necessary to conduct the city business were passed by the City Council at their re-organization meeting held last Monday, Jan. 2, 1967; they are:

Resolution naming the CITIZEN, along with the Home News of New Brunswick and the Evening News of Perth Amboy, as the official newspapers of the City;

A resolution making the first and third Tuesdays of the month, at 8:00 p.m., the regular meeting nights for the Council, and the Mondays preceding these Tuesdays as the regular business meeting nights;

A resolution naming Charles Goldstein of 214 Smith St., Perth Amboy, as the Accountant of the City of South Amboy; and a resolution naming the Amboy-Madison National Bank and the South Amboy Trust Company as the official depositories for the City of South Amboy.

Standard Shift
Her mind is as keen
And as quick as I've seen;
I'm puzzled at how she arranges it:
By the time that I find
She has made up her mind,
She changes it.

CALENDAR OF EVENTS

The Sacred Heart P.T.A. will hold the annual Candlelight Supper on Sunday, January 8, 1976 at 5 p.m.

St. Mary's Grammar School P.T.A. executive board will meet on Monday, January 9, at 7:30 p.m. in the school.

The regular meeting will be held on Thursday, January 12, in the cafeteria at 7:00 p.m.

January 7, B.Y.F. Ice Skating.

January 14, CLEAN UP DAY!!! 9:30 a.m. 'C. E. Cellar.

January 8, Installation Service 2:30 p.m.

On January 8 the church will officially install her new Pastor, Rev. David B. Brown. Because this is a high moment for him and for the church, we would urge that each member make it a point to attend. Following the ceremonies a Covered Dish Supper will be served. Those wishing to bring a covered dish should contact Mrs. Emma Beauregard or Mrs. Virginia Estelle.

January 12-13 Word of Life Institute of Teen Leadership, 7:00 to 10:00 p.m. each night. Here is an excellent and inexpensive (\$2.50) opportunity to gain skills in serving this very vital area of the church. Pastor will be driving.

FIRST BAPTIST CHURCH NEWS

On January 8, Rev. David Brown will be speaking on the subject: The Imperative of Christian Missions. "When missions and missionaries are mentioned, most people think of going way away to preach and teach. Most segments of Christendom do send representatives to foreign shores for that reason. And yet recent restlessness in several quarters of the Christian Church have been in the area of defining "mission" and its sphere of influence. Some radical shifts in thinking are before us for consideration."

Rev. Brown will be speaking on the WHY of Christian missions, rather than the WHERE.

The normal form of church services will resume this week. Of especial note is a meeting of Sunday School teachers and officers, Tuesday evening at 7:30, at the church parsonage.

THAT'S A FACT

Engaged

Agnes Ryan

Robin Applegate

Miss Agnes Ryan, 402 Washington Ave., South Amboy, has announced the engagement of her niece, Donna Ann Ryan, to Mr. Harold Francis Britto Jr., son of Mr. and Mrs. Harold Francis Britto Sr. of 218 Danbury Road, Wilton, Conn.

Miss Ryan is the daughter of the late Mr. and Mrs. James T. Ryan Sr. She is a graduate of St. Mary's High School, South Amboy, and attended Seton Hall University and Newark State College. Presently, she is a fourth grade teacher at Our Lady of Victories School, Sayreville, N. J.

Mr. Britto is a graduate of Norwalk High School, Norwalk, Conn. and the McAllister School of Mortuary Science, New York City. He is the director of the Wilton Funeral Home, Wilton, Conn.

No wedding date has been set.

ELECTION HELD BY ENTERPRISE

In an election held by the men of the Enterprise Hook and Ladder Co. No. 1, the following were elected to office:

President, John Nemeth; Vice President, Raymond Nebus; Treasurer, Robert McGowan; Secretary, Bernard Mackiel; Captain, George Quirk; 1st Lieutenant, Charles Thompson; 2nd Lieutenant, John Nemeth; Chief Driver, Earl Connors; Custodian, Walter Kozak, Sr.; Trustee to Firemen's Relief, Michael Klimchak; Fireman's Relief, John Guiro (3 years); Thomas Downs (2 years); Paul Ust (1 year); House Committee, Michael Sherry, Jr., Gordon Krauss; Raymond Nebus; Kenneth Sharo; and Ernest Sherry.

Elected as Trustees of the Company were Stanley Jankowski, Thomas Conroy, and Michael Klimchak.

The Wardens are: Leon Credico; Stanley Jankowski; George Gattas; Gordon Krauss; John Nemeth; and John Guiro.

Serving as drivers under Chief Driver Connors will be Frank Conroy, John Bringham, Edward Clark; Francis Gorman; Joseph Conroy; Stanley Jankowski; Joseph Quinlan; Ernest Sherry; Raymond Nebus; Charles Thompson; Walter Kozak, Jr.; Robert McGowan; Charles Conroy, Jr. and Robert Wisniewski.

Mr. and Mrs. George M. Applegate, Jr. of 16 Macedonski Terrace, South Amboy, have announced the engagement of their daughter, Robin to Joseph J. Conley, son of Mr. and Mrs. Joseph Conley of 175 Chestnut Avenue, Kearny.

Mr. Conley is a physical education teacher at Edith Bogert School in Upper Saddle River, N. J. He was graduated from Montclair State College in 1966 where he received a Bachelor of Arts degree in physical education.

Miss Applegate is a junior at Montclair State College where she is majoring in English and minoring in Speech.

The couple plan to be married in June of 1968.

POST 578 AUXILIARY LIST EVENTS

The Sacred Heart Post 578 Ladies Auxiliary will hold their regular monthly meeting on Thursday, January 12, at 8 p.m. at the home of Mrs. Betty Marczak, president. All officers are urged to attend since the installation ceremony will be held.

On January 8, the members will participate in the County Bowling Tournament at Carteret Lanes. All units will hold a ward party at the Lyons Hospital. Members are requested to meet at the Sacred Heart parking lot at 6:30 p.m.

On January 16, county officers will meet at Mrs. Marczak's home at 8 p.m. to judge reports for county convention awards. All Sacred Heart officers are also invited to attend this meeting.

The Lyons Winter Social will be held January 26. Members will meet at the Sacred Heart parking lot at 6:30 p.m.

On January 29, the Annual County Convention will be held at Sacred Heart Church. Members are urged to purchase their tickets as soon as possible. All reservations must be in by January 20.

Domestic Farce
A man's home is his castle. It's often been said. Where wife and kids honor Their winner of bread.

But my brood's adept at Ignoring my wishes. And I'm frequently called on To help wash the dishes.

To this sad conclusion I find Myself spurred:
My castle's a theater of the Absurd!

ANNUAL CANDLELIGHT SUPPER SET BY PTA

The annual Candlelight Supper sponsored by the Sacred Heart PTA will be held on Sunday, January 8 at 5 p.m. in the school cafeteria.

A roast beef dinner and beer will be served. Tickets are \$3.00 per person.

A limited amount of tickets are still available and may be obtained from the co-chairladies, Mrs. Claire Moskwa, at PA-1-1275, and Mrs. Mary Bringham at PA-1-2754.

Woman's Club Hears Car Safety Lecture

William Baker, a safety representative of General Motors Corp., was the guest speaker at a meeting of the South Amboy Woman's Club held Tuesday afternoon at the Masonic Temple.

In his talk, Mr. Baker demonstrated, by showing slides, the importance of using safety belts and locking car doors before starting out to drive. He said that in nine out of ten instances, many accidents could be prevented by using these precautions.

The President's Council of the Fifth District women's clubs will be held at the Asbury Park Women's Club on January 17 beginning at 10:30 a.m. and will be attended by Mr. Edna C. Chase, Fifth District Vice-President; Mrs. Ada Cozzens, Mrs. William C. Brown and Mrs. John Abaray, all of the local club.

Department meetings scheduled this month are American Home on January 7 at the home of Mrs. Ellen Hammell; Literary on January 17 at the home of Mrs. George Tooker; and Garden on January 27 at the home of Mrs. Edward Smith.

The Executive Board will meet on February 15 at 1:30 p.m. at the home of the president, Mrs. Ernest Alazzone, Merritt Ave.

The next regular meeting will be held on Tuesday, February 7, also at 1:30 p.m. at the Masonic Temple. A program entitled "Fashions, Fads and 'Phones" will be presented by the N. J. Bell Telephone Co.

Baptists To Install New Pastor

On Sunday, January 8, the Rev. David B. Brown will be officially installed as pastor of the First Baptist Church, South Amboy. He succeeds Rev. Maynard Hatch.

Rev. Brown hails from Long Branch and received his education at Barrington College, Hardin-Simmons University and Eastern Baptist Seminary. Prior to coming to South Amboy, he served for three years as Minister to Youth, Immanuel Baptist Church, Wilmington, Delaware.

Officiating in the service will be Dr. Joseph Heartberg, N. J. Baptist Convention Executive Secretary; Rev. Homer Tricules, Long Branch; Rev. Stanley Mugridge, Red Bank and Rev. Donald Whitman, Osbornville.

The services will begin at 2:30 p.m., to which the public is invited.

BOOK FAIR NOW IN PROGRESS

The South Amboy P.T.A. is sponsoring a Bookmobile for the children of the public schools as well as the general public, daily at the Hoffman School, and will continue until 3 p.m. tomorrow.

There are a variety of books for all age groups.

New Name, New Image For Leisure World New Jersey

Robert Moon, national advertising manager, announced that Rossmoor Leisure World New Jersey would henceforth be advertised and publicized as Rossmoor and that the goal for 1967 would be to identify the mammoth new community as an exceptional housing buy rather than a "new way of life."

In announcing this change of image, Mr. Moon stated that all other features of Leisure World would be retained . . . one monthly payment covers use of the clubhouse facilities, swimming pool, 18 hole, par 71 championship golf course, riding stables, 24 hour security protection, all exterior maintenance, 80/20 medical plan, lifetime guarantee on major appliances . . . only the name of the community is being changed.

Moon explained that this decision was the result of an intensive market survey conducted by an independent research organization. The survey showed that Rossmoor offers the highest quality building for the lowest monthly expenditure of any project in the country but it also pointed out that Leisure World on the East Coast denotes an entirely different mental picture than it does to West Coasters. The West Coast, particularly Southern California, has become a mecca

for retirees, thus Leisure World means a life of fun in the sun via a retirement income. However, to the East Coaster Leisure World conjures up a picture of idle ex-employees who no longer are in the swim of business. Conversely, almost half of the present Leisure World New Jersey purchasers are fully employed and will continue to be after moving into Leisure World. Therefore, to draw the correct image of the New Jersey community the survey indicated all identification with retirement, leisure, etc. should be eliminated. Thus, identification as of this date should be and will be Rossmoor.

In four years of selling time, sales at the four currently occupied Leisure Worlds . . . Seal Beach, Laguna Hills, Walnut Creek and Maryland . . . have totaled 15,800 units, housing 29,000 people, for a total of \$275,000,000, making Ross W. Cortese, founder of the Leisure World concept, the world's largest home builder.

The change of name will be phased out over a period of time. First move will be the advertising which, as of January 1, 1967, will stress the name Rossmoor and the multitude of benefits included in the low monthly payment, including the fact that half of the monthly payment is tax deductible.

Green Acres Program Praised

Progress of New Jersey's Green Acres program was praised last week by the State Fish and Game Council.

The Council's Land Acquisition Committee met last month to review the program with Wildlife Manager Edward Bevan, Fish and Game representative on the Land Use Committee of the Department of Conservation and Economic Development. After receiving the committee report, the Council reiterated its support of the Department of Conservation's administration of the program.

Commissioner Roe's devotion to sportsmen's interests was especially praised by Council Chairman David H. Hart. He noted that 55 projects submitted by the Division of Fish and Game have been approved for acquisition by the Commissioner. These total over 76,000 acres, of which over 16,000 have been purchased and assigned to Fish and Game. Other acquisitions will also provide fishing and hunting opportunities, under the principle of multiple-use which Commissioner Roe advocates. For example, Green Acres is adding to the 162,000 acres of State Forest already open to hunting.

Chairman Hart cited Commissioner Roe's initial announcement of the recent purchase of the 1,000-acre Shelton College property. While stressing the natural beauty of the area and development of various types of recreation, the Commissioner listed "outstanding opportunities for extensive hunting and fishing activities" as a factor in long range plans for the tract.

A preliminary report on the tract noted that good numbers of deer, rabbits, grouse, pheasants and squirrels were taken by hunters under permit from the former owners. Several of the six ponds contain largemouth bass, and the ponds and two brooks will be surveyed by State biologists with the aim of improving their fishing potential.

Major Public Shooting and Fishing Grounds purchased

through Green Acres include the 1,000-acre Whittingham tract in Sussex County, the 1,000-acre Stafford Forge tract in Ocean County and the 750-acre Port Republic tract in Atlantic County, all complete. Substantial additions have been made to Colliers Mills, Greenwood Forest and other tracts. The partially-acquired Assumpink tract in Monmouth County and Black River tract in Morris County are expected to prove particularly welcome.

Coastal wetland acquisitions will be especially important, Chairman Hart said. Purchase of over 33,000 acres of wetland has been projected. While not all of this area will be assigned to Fish and Game, all will serve to protect spawning, nursery and habitat areas for valuable fish and wildlife resources.

Make Toboggan For Good Sliding

If Dad or a high school lad is handy with tools, he can make a short toboggan in the home workshop using materials available at building material dealers. A free plan, AE-609, may be obtained by sending a postcard to the Home Service Bureau, Box B, Chicago, Ill. 60690.

Parts required are lumber for side, nose and aft pieces; a 2'x4' panel of Masonite Tempered Presdwood for the bottom; an 8' length of tow rope, plus screws, waterproof glue and paint.

Tempered Presdwood is splinter-free and easy to work. It bends readily to form the front curve of the toboggan.

Welfare Aid—1975

An estimated 9.2 million persons will receive aid in meeting their regular living costs — as compared with just under 8 million in 1965, according to a recent study of the Tax Foundation, Inc. And state-local spending under this phase of public welfare is anticipated to increase from 1965 levels of \$4.1 billion to \$5.4 billion by 1975.

The report states that although the number of those receiving old-age assistance is projected to decline by 375,000 by 1975, this decrease will be more than offset by an estimated rise of 1.54 million persons in the aid to dependent children category.

ACCEPTED BY NCE

Robert J. Rock

Robert J. Rock, son of Mr. and Mrs. Patrick F. Rock of 369 Sixth Street, South Amboy has been notified of his acceptance to the Newark College of Engineering, Freshman class of 1967.

Bob has been a member of the National Honor Society for the past two years and is the treasurer this year. He has also been a member of the Math Club and the F.T.A. during his 10th, 11th and 12th grades. Last year he was selected as councilman during the Youth Day Program. Bob has been on the varsity basketball team for the past two years and also enjoys all kinds of other sports. Besides his school work and sports, Bob manages to keep himself busy working at Bulman's Shell Service Station.

At college, Bob expects to major in electrical engineering, a vocational objective he has had since he began high school.

By Mary Whitman

Is a boy a born scientist? At an early age his pockets become collector's kits for rocks, nails, chunks of tree bark, hunks of metal.

The curiosity that prompts him can be guided into useful channels, many teachers point out. Even grammar-schoolers like to form science clubs these days, like to read about great discoveries, and welcome an adult leader. There are trips to museums that can be taken and other outings that lead to more learning.

"Stories about famous scientists are always popular with boys," according to H. M. Benstead, Jr., editorial director of Whitman Publishing Company of Racine, Wis., leading producers of juvenile books.

A good starter book for grammar schoolers tells the story of men of science. There is Louis Pasteur, battling for children's safety with test tubes. The child meets George Washington Carver striding fields that are "empty bowls" and learning to rotate crops. The saga of Henry Ford inventing the model T appeals to tinkers. Guglielmo Marconi inventing the wireless, the Wright brothers soaring into the air at Kitty Hawk, N.C. — all make up a gallery of heroes for a boy.

Science books of many kinds can be found at the counters of variety stores, supermarkets, drug and discount and department stores. There are help-yourself workbooks. Non-fiction volumes help explain physics, rocketry, meteorology. All have bright illustrations and easy-to-read captions.

Most of the books are well within a boy's allowance. Many teach him safe projects to try at home — nailing wires to a board to test pitch and sound waves, for instance.

The scholar in sneakers who gets a book today just might discover tomorrow's miracle cure or draw a new space map.

But be doers of the word, and not hearers only. — (James 1:22)

Engaged

Lois Jeanne Batruk

Mr. and Mrs. Stanley J. Batruk Jr., 800 Borden-town Ave., South Amboy, have announced the engagement of their daughter, Lois Jeanne, to Sp/4 Royal C. Schultz, son of Mr. and Mrs. Edward M. Schultz, 792 Greenwood Ave., Lawrence Harbor.

Both are graduates of St. Mary's High School, South Amboy.

Miss Batruk was also graduated from the Career Academy for Medical Assistants, New York City.

Sp/4 Schultz is now stationed at Fort Bragg, North Carolina.

Barrier Curb Bid Date Changed

The State Department of Transportation will receive bids Jan. 26 for construction of a center barrier on U.S. Route 9 on the Edison Bridge and its approaches between the Borough of Sayreville and Woodbridge Township in Middlesex County.

The Department had announced last week that bids for the safety improvement project would be received Jan. 19. However, a minor change in plans necessitated delaying receipt of bids one week.

Construction is expected to begin early in March and is to be completed in 30 working days.

The contractor will be limited to closing one lane at a time on the bridge. From 6 a.m. to 3 p.m. daily the contractor will be permitted to occupy the inner southbound lane, leaving the two northbound lanes and the southbound curb lane clear for traffic. From 3 p.m. until the end of the day, the contractor will occupy the inner northbound lane, leaving the two southbound lanes and the northbound curb lane open to traffic.

Signs will be erected both north and south of the project area, advising motorists of two possible detour routes. These are the Garden State Parkway Bridge to the west of the Edison Bridge and the Victory Bridge to the east of it.

Traffic is expected to increase at the intersection of Route 35 (Convery Boulevard) and Smith Street, principal business artery in Perth Amboy, when motorists may bypass the construction area through use of the Victory Bridge.

Thus, in addition to the usual safeguards in the immediate project area, the contractor will be required to furnish a uniformed traffic director at this key

Perth Amboy intersection when directed by the project engineer.

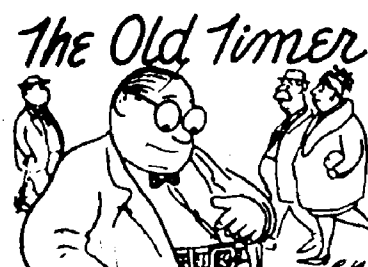

The Department also will require that each traffic director "be properly trained, experienced and instructed in his duties and shall be deputized as a police officer by the City of Perth Amboy." No traffic director is to be employed for less than a four-hour period at this post.

Aliens To Register

Mr. Dominick F. Rinaldi, District Director of the Immigration and Naturalization Service, advised today that the annual alien address report program is again under way.

Mr. Rinaldi stated: "It is easy for an alien to report his address. Cards with which to make this report are available at post offices and offices of the Immigration and Naturalization Service. Completed cards should be returned to the clerk. Parents or guardians may submit reports for alien children under fourteen years of age and a relative or friend may obtain a card for an alien who is ill."

Mr. Rinaldi added that trained personnel will be available at all offices of the Immigration and Naturalization Service to answer any questions that reporting aliens might have regarding immigration and naturalization matters.

"The weight of a man's years invariably settles around his belt line."

WHAT A DIFFERENCE A DOME MAKES!

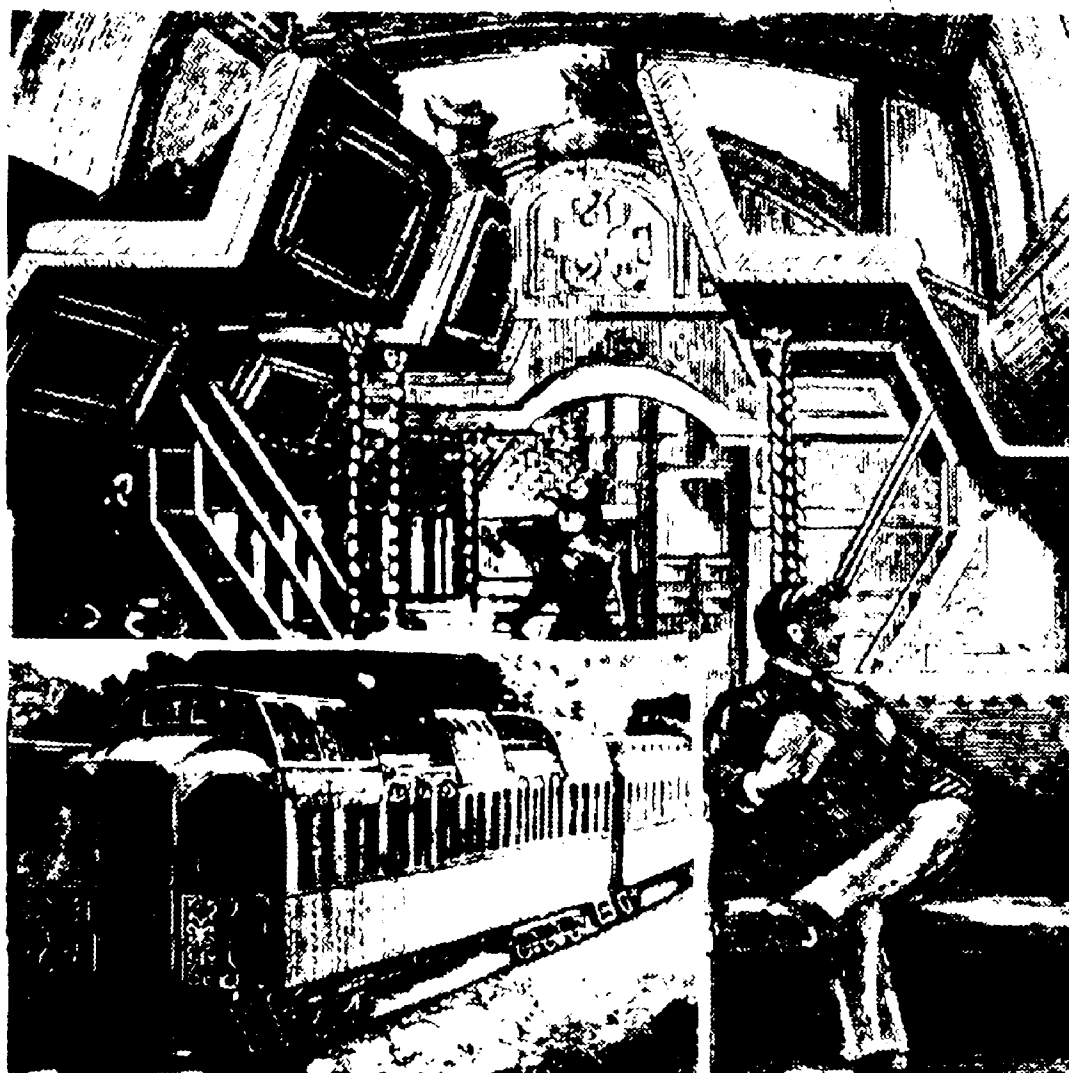

Photo Courtesy: Canadian National Railways

Even back in the 1880's it was fashionable for first class rail passengers to while away daylight hours in dome cars. As may be seen from the old time sketches it was a case of scaling the heights for merrily to reach the choice seats. And these, it appears, were at a premium. An indication of the revolution that has taken place in dome car development may be had by contrasting the old with the new Canadian National "Scenicrama" cars. Lower photo. CN has a variety of dome cars in service in Canada running from coast to coast. Whether it be the Rocky Mountains in the West, the lakes, forests and streams of Ontario and Quebec, or the refreshing views of the Atlantic Provinces, Canadian rail travellers are getting a better look through the picture windows of CN's Domes. F.N.C.

HOUSE'S CORNER

By Irv House

Do you know that Middlesex County, between the years of 1950 and 1960, lost approximately 1/3 of its total acreage to the so-called population explosion? By "lost" we mean that this land which was mostly farmland, or, unused land, was converted to urban usage. Some went for living space, some for transportation, and the rest for service facilities for the 168,984 people who moved into this area between 1950 and 1960.

According to the United States Department of Agriculture, in their Soil Conservation Service Information Bulletin #244, for each new family that moves into a new home, about one acre of ground is required to meet their needs.

Using this as a basis, and by simple arithmetical calculations, we arrive at the alarming fact that Middlesex County is approaching, or rather, has approached, a very dangerous situation, namely, water shortage.

Assuming that in 1960 there were 144,619 families in Middlesex County and figuring that each family uses 100,000 gallons of water per year, we conclude that 12,685 acres of ground are needed to gather enough water to supply our needs. This last figure, 12,685 acres, is based on the fact that one inch of rain produces 27,143 gallons of water per acre. Our mean average rainfall in this area is about 42" per year over the thirty year span between 1931-1960, according to the statistics compiled by the United States Department of Commerce.

Knowing that Middlesex County has an area of 325 square miles and multiplying this by 247 acres per square mile, we find that there are 80,275 acres in Middlesex County.

Again referring back to the figure of one acre per family for living space, transportation and service, we find that as of 1960, and here we are in 1967, our county is already over-populated by about 63,344 families!

By reducing our natural watershed to accommodate this huge influx of people, we reach a rather paradoxical situation. We need more water to meet this huge demand, but, by the same token, we are reducing the means of satisfying this demand!

Where do we go from here? What do we do to conserve this precious rainfall that is being diverted from roof-tops to storm sewers and thence to the ocean?

This rain, that should rightfully go back into the ground, is being wasted. How much longer will we be able to draw on our reserves? There is an old saying about going to the well only so many times. How many more times will we be able to go to the well?

Hundreds of books, pamphlets, and other literature, containing thousands of words, have been written to try to awaken us to this perilous crisis and what have we done about it? Nothing, that's what we have done. Nothing! Oh, perhaps we have said to ourselves and to each other, "That's why we have elected officials, let them do something about it."

And perhaps we have said, "No sweat. I opened the water faucet just a little while ago, and the pressure seems to be the same as yesterday. Why worry? I don't think that we will 'go dry' today. Maybe tomorrow, but, not today."

And, we may have said, "Well, all of this may be true, but, what can I, as one person, do to alleviate this situation?"

Now here is where we have you! You, as one person, can do a lot! There is another old saying about a little old woman pouring the contents of an unfinished drink of water into the ocean and saying, "every little bit helps." Ed's Note: - This fellow, House, is loaded with ok sayings, and he can't even get them straight!

You can do your "little bit" by preventing the rainfall on your roof from entering the ocean by diverting the outfall of your rainspouts from the storm sewers to dry wells and/or "french-drains". Better still, why not steer this out-fall to your shrub bed, thus doing two jobs at one time?

Building a french-drain may be rather tiring, but it is really rather simple. Dig a trench one foot deep and one foot wide along your sidewalk, extending from your rainspout to a distance of about twelve feet. (Set the sod aside very carefully.)

Fill the ditch to a depth of 8 inches with 2 1/2" stone, cover with salt hay and add a couple of inches of top soil plus the sod that you had previously removed so carefully. (Where the drain meets the rainspout, have a one foot square filled to the top with the stone.)

This drain will take care of any water flowing from your roof by dispersing it along its length. With the sandy-type of soil that we have here in South Amboy we have very good percolation, and there will be no problems of flooded areas.

If it isn't possible to build a french drain, try a dry well. Dig a hole about two feet square and three feet deep and fill with stone. This will also work very nicely, the same as the french drain.

A variation of the above is to sink a bottomless barrel, with several holes punched in the sides, into a hole in the ground beneath the rainspout. Fill the barrel with stones and you're in business.

To show you what results will be produced if every homeowner in South Amboy would adopt the above suggestion, please bear with the following figures:

Approximating 3,000 roofs in South Amboy and allowing an average of 1,000 sq. ft. per roof, we find that this amounts to a total of 3,000,000 sq. ft., or, roughly 75 acres of rooftops!

Again, going back to previous computations of 27,143 gallons of water per one inch of rainfall, multiplied by 75, and by 42" per acre, we come to the astounding figure of 85,500,000 gallons of water being diverted from the ocean back to "Mother Earth", where it belongs. In other words, enough water to supply 855 South Amboy families for a period of one year! Think about it.

PRESENT CHECK - Pictured above are members of the Masonic-Knights charity committee turning over their donation of \$700.00 to the South Amboy First Aid and Safety Squad. The money was realized from the charity dance sponsored by both local organizations.

Left to right, seated, are: chairmen, Curtis Smith and James P. Hagerman; standing, William Coman, Frank Nagle; president of the SAFAS; and Thomas Craney.

Federal Tax Facts

GATHER YOUR TAX RECORDS.

Taxpayers who kept good financial records during 1966 will find it easy to prepare their Federal income tax returns in January.

Many taxpayers who use one of the two standard deductions instead of itemizing could save sizeable sums by keeping records and itemizing their actual deductions.

Joseph M. Shotz, New Jersey District Director of Internal Revenue suggests that you start collecting cancelled checks, receipts, records of contributions and all other papers which will help in preparing your 1966 income tax return. These records should be filed in an orderly manner and stored in a safe place so that they will be available when they are needed.

Some of your income may not be taxable but unless you have records identifying the non-taxable cash or property, you may be unable to prove that it is non-taxable.

Expenses may be overlooked or forgotten when you prepare your tax return unless they were recorded at the time they were incurred or paid. An overlooked deductible \$25 item could cost you \$3 or more in extra tax dollars.

The housewife who doubles as financial secretary for the family can easily save the price of a new outfit by devoting a few minutes each week to properly maintaining records on deductible expenditures.

Good records not only save tax dollars, they are useful in preparing credit applications and they are essential for efficient management of the family finances.

agement of the family finances.

All Internal Revenue Service offices in New Jersey will be closed on Monday, December 26th and again on Monday, January 2nd.

Joseph M. Shotz, Director of the IRS New Jersey District, explained that whenever legal holidays fall on Sunday, Federal employees are given the following day off.

Uncle Sam Okays JFK Coin in 3-D

The face of John F. Kennedy, in the thrilling full dimension of a bust, will cast its "3-D" shadow upon the face of a genuine half-dollar memorial coin just approved by the U.S. Government.

A new and secret engraving process developed by the Coinage Corporation has made the sculptured coin possible.

Hailed a masterpiece, the coin shows Kennedy's head, in three-quarter view, moulded in the round upon the memorial coin now in circulation. It can be purchased as a money clip, pendant or mounted on a key chain from the Beverly Hills, Calif., Corporation.

Thus, a celebrated coin becomes a memento and an heirloom piece.

IN APPRECIATION

I would like to extend my deep appreciation to my friends and neighbors and all the firemen who made my inauguration as Fire Chief for 1967 a memorable event.

I am especially thankful to the Enterprise Hook & Ladder Co. and the Ladies' Auxiliary and the Independence Fire Co. for the wonderful reception they honored me with on January 2 at the Broadway Firehouse.

(Signed) Fire Chief Joe Keegan and family

PROTECTION ENGINE COMPANY ELECTS

A letter to the Mayor and Council informed them of the recent election held by the members of the Protection Fire Co. They are: President, Martin I. Keays; Vice-President, Joseph A. Carroll; Secretary, John D. Leonard; Treasurer, Arthur Draper; Custodian, Anthony Charmello; Chief Driver, Robert Munk; Drivers, John Howley, Joseph Carroll, Edward Szatkowski, John Szatkowski, James Zebro, Henry Megill, and George Krauss.

Elected Captain was Frank Zebro; 1st Lieutenant, Joseph Casey; Second Lieutenant, Donald Riley; Third Lieutenant, George Krauss.

Firemen's Relief Trustee is Robert Noble. Elected as Firemen's Relief Representatives were: James Quinlan, 3 years; Arthur Thomas, 2 years; and Edward Szatkowski, 1 year.

Company Trustees are John Howley, Richard Schultz, John E. Quinlan, Edward Moran, and John Szatkowski.

EAGLE-ECHO

by Monica Hrankowski

Saint Mary's annual retreat is being held this week. Retreat Master is Father Flavian O'Donnell, a Passionist Father, who held conferences on Tuesday and Wednesday for the girls and today and Friday will be speaking to the boys.

Ralph Scully has been notified of his acceptance to the Newark College of Engineering and to the Stevens Institute of Technology. Ellen Mignone and Richard Harrigan have been notified of their acceptance to Marquette University in Wisconsin.

Defending champs, Saint Joseph's of Metuchen, copped the title of the Monsignor Sullivan Holiday Tournament by defeating J. P. Stevens, Iselin, by a score of 68-56.

The Eagles will see court action at home tomorrow evening when they will be pitted against cross-town rivals Hoffman in the first game of the coveted City-Series. Game times will be J.V. at 6:30 and the varsity clash at 8:00.

TO BE FEATURED IN MUSICAL

Lyric soprano Evelyn Bloom and the Trenton State College Clarinet Ensemble will be featured in the annual Evening School Musical in the new Fine Arts Center at 8:15 p.m. Sunday, January 8, on the Rider College campus.

Mrs. Bloom, a graduate of the Wisconsin Conservatory and the Raiti-Rimini School of Opera in Chicago, has performed in major roles with the Chicago Opera, Niagara Falls Symphony Orchestra Company and with the Princeton Opera Association.

The Trenton State College Clarinet Ensemble has appeared throughout New Jersey. Composed of 12 to 16 clarinet artists ranging from soprano clarinet

to bass clarinet, the group is directed by Prof. Roger McKinney.

Tickets can be obtained by contacting the Evening School Office at Rider or at the box office on the night of the performance.

The Old Timer

"A borrower is a man who tries to live within your means."

A HEAVENLY TORTE FOR FROZEN FRUIT

Thanks to today's modern frozen food industry, many of our favorite fruits are available all year at food stores throughout the country. Once restricted to brief seasons, they now can be enjoyed at any time at economical prices.

One excellent way to serve frozen fruit is in this delicious Viennese torte. The dessert is foolproof, easy to assemble and outstandingly good. Frozen raspberries are suggested in the recipe, but other frozen fruits such as strawberries, blueberries, peaches or mixed fruits may be substituted.

RASPBERRY TORTE

- 5 eggs, separated
- 1 teaspoon salt
- 1 cup sugar
- 1 teaspoon vanilla extract
- 1 cup zwiebach crumbs
- 1 cup grated blanched almonds
- 1 teaspoon baking powder
- 2 packages (10 ounces each) frozen raspberries
- 1 pint heavy cream

Beat egg whites with salt until stiff but not dry. Beat egg yolks with vanilla until thick and lemon colored. Gradually beat in sugar, 2 tablespoons at a time. Gradually fold in beaten egg whites, zwiebach crumbs, almonds and baking powder.

Divide batter equally between two prepared 9-inch layer cake pans (first grease bottoms, line with wax paper and grease again). Bake in preheated moderate oven (350°F.) 20 to 25 minutes, or until deeply browned and cake springs back when lightly touched. Cool layers in pans placed on wire racks for 5 minutes. With sharp knife, cut cake away from sides of pans. Turn out on racks. Remove wax paper. Cool thoroughly.

When ready to assemble torte, cut each layer crosswise into two layers. Defrost raspberries. As soon as they can be separated, place about a dozen berries in a small dish and return to freezer for later use as garnish.

Thoroughly drain defrosted raspberries. Whip cream until stiff, then gently fold in drained berries. Spread mixture between torte layers and on top. Garnish with reserved frozen berries. To serve, cut into wedges and accompany with remaining whipped berry mixture.

Makes 1 9-inch torte.

OBITUARY

ROSALIE ENGELS

Mrs. Rosalie Engels of 37 Barkalow St., South Amboy, passed away Thursday, December 29, at the Perth Amboy General Hospital. She was 33 years of age.

Born in Jersey City, she resided in the South Amboy area for 3 years.

She was a communicant of St. Mary's R. C. Church. Surviving are her husband, Robert; 1 son, Robert; and her parents, Mr. and Mrs. John Lenza.

Funeral services were held on Tuesday from Beatrice DeMarco's Funeral Home, Jersey City, followed by a Solemn Requiem Mass at 9 a.m. in St. Bridget's R. C. Church, Jersey City. Interment was held in Holy Name Cemetery, Jersey City.

CHARLES J. YANIAK (Skippy Young)

Charles J. Yanlak, 56 Merritt Ave., South Amboy, died Sunday, January 1, at the South Amboy Memorial Hospital.

Born in Perth Amboy, he was the son of Mr. and Mrs. Charles J. Yanlak, Sr. He resided in South Amboy for 2 1/2 years.

Mr. Yanlak was employed as a foreman at the Amacoda Raritan Copper Works, Perth Amboy, for 8 years.

He was a leader of the Regionals Trio at Mel's Lounge, Morgan, and Z.P.A. Club in Perth Amboy.

He held membership in the Metuchen Elks #1914 and the Musician's Local #373 of Perth Amboy.

Surviving is his wife, Mary Kathryn Pokluda; 2 daughters, Robin and Debbie; his parents, Mr. and Mrs. Yanlak Sr.; and one sister, Miss Francine Yanlak of Perth Amboy.

Funeral services were held yesterday from The Gundrum Service Home for Funerals.

DAVID H. CALDECOTT

Mr. David Howard Caldecott of 39 Forest Ave., Keansburg, passed away on December 30 at the Veterans Administration Hospital, East Orange. He was 42 years of age.

Born in Little Ferry, N. J., he was the son of the late Ridgley V. and Madeline Hugly Caldecott.

Mr. Caldecott was employed as a dry cleaning plant operator with the Keyport Dry Cleaners.

He formerly resided in South Amboy and was a former partner in Caldis Laundry and Dry Cleaning, South Amboy.

A veteran of World War II, he served with the 7th Fighter Squadron of the U.S. Air Force from 1942 to 1945.

Survivors include two brothers, George of Englishtown and Ridgley V. Jr. of New York City; one sister, Mrs. Bernice Iversen of Yonkers, N. Y.; and several nieces and nephews.

Funeral services were held on Tuesday at 11:30 a.m. at Maple Grove Park Cemetery, South Hackensack. The Rev. Phillip Ward, Pastor of the First Congregational Church of Little Ferry, officiated. Arrangements were by the Mason - Wilson Funeral Home.

FRED C. MUTH

Mr. Frederick C. Muth, 115 Madison St., Morgan, passed away on December 31 at the South Amboy Memorial Hospital. He was 71 years of age.

Born in New York City, he was the son of the late Charles L. and Alice Griffith Muth. His wife, Jean Hoffman Muth, passed away in 1959.

Mr. Muth had retired 12 years ago as Installation Supervisor with the N. Y. Bell Telephone Co. after 37 years of service.

Long active in civic affairs, Mr. Muth was a former Sayreville Borough Councilman; a member of the Central Planning Board; and an ex-president of the Board of Health. An active member of the Morgan Hose and Chemical Co., No. 1, he was an ex-chief of the Sayreville Fire Department having served as chief in 1941. He also was a member of the Telephone Pioneers of America and a life member of Monitor Lodge, No. 528, F. & A. M., New York.

Survivors include one son, Charles L. Muth; one daughter, Mrs. Florence MacDonald; two sisters, Mrs. Alice Brown and Mrs. Loretta Hadden, all of Morgan; 3 grandchildren; and 2 great-grandchildren.

Funeral services were held yesterday at the Mason - Wilson Funeral Home. The Rev. Eldrich C. Campbell, pastor of the Methodist Church, officiated. Interment was held in Moravian Cemetery, New Dorp, Staten Island, N. Y.

The Morgan Hose and Chemical Co. No. 1 and St. Stephen's Lodge No. 63, F. & A. M., conducted services at the funeral home on Tuesday evening.

NOTICE

The annual stockholders meeting of the South Amboy Savings and Loan Association of South Amboy, for the election of Directors to serve for the ensuing term, will be held at its offices, 115 South Broadway, South Amboy, New Jersey on Monday, January 9, 1967.

The polls will be open 7:30 p.m. and will remain open for one hour.

W. J. URBANIK
Secretary

12/22-12/29-1/5

LEGAL NOTICE

An appeal has been filed by SHORE CONTRACTING CO., INC., requesting a variance in the requirements of the Zoning Ordinance of the City of South Amboy, N. J. to permit the construction of four (4) unit two (2) bedroom apartment building on property known as Lots Nos. 9, 10, 11 and 12, Block 62 on the Tax Map of the City of South Amboy, which property is located on Henry Street.

For the purpose of hearing objections to or protests against the granting of said appeal, the City of South Amboy Zoning Board of Adjustment will hold a public hearing on January 18th, 1967 in the Council Chambers, City Hall, at 8:00 P.M.

By order of the Zoning Board of Adjustment.
MARY CICALA, Secretary
1/5/67 7.68

SOCIAL SECURITY NEWS

A stay in the hospital is no vacation, take it from me, says Howard G. Houghton, district manager of social security in Perth Amboy.

Besides hospitals need to use available beds for the more seriously ill. So the long-term trend for the elderly person who is "in-between" is going to be more extended care facilities for convalescence.

An extended care facility may be a separate wing of a hospital or skilled nursing home. In either case it must be oriented toward medical treatment, rather than custodial care. Medicare will begin to make payment for stays in extended care facilities beginning January 1, 1967, Houghton said, but payment for another type of posthospital care began July 1. Under the hospital insurance part of Medicare, he said, payment can be made for the visits of a nurse, physical therapist, or health aide from a home health agency who gives treatments in the older person's home.

Up to 100 home health visits following a hospital stay can be paid for under the hospital insurance part of Medicare. Persons signed up for the medical insurance part of Medicare are eligible for another 100 visits whether or not they have a stay in the hospital.

Here are two questions often asked about Medicare's home health services.

1.Q. What kind of home health services are paid for by Medicare?

A. The following services which must of course be recommended by your doctor: intermittent nursing services (including bandage changing), physical or speech therapy or help from other specialists.

Also covered are the services of a home health aide. She would be similar to a nurse's aide in a hospital, who could give you a bed bath or back rub.

To receive home care the patient must be confined to his own home and be certified for such services by a doctor.

2.Q. I've signed up for medical insurance which will cost me \$3.00 per month. This part of Medicare, I understand, also includes home health visits. Why should this be included under my medical insurance when it is already paid for under my hospital insurance?

A. Payment for home health visits under hospital insurance requires at least a three-day stay in the hospital before such services are paid. Under the \$3.00 a month medical insurance plan, you can get the home health visits without prior hospitalization if your doctor recommends. And if you do go to the hospital, your medical insurance gives you 100 additional home health visits beyond the 100 you get under your basic hospital insurance.

For further information about Medicare or your Social Security, contact your local office at 93 Smith Street, Perth Amboy, New Jersey, 08861. The telephone number is 826-4407.

"FANTASTIC VOYAGE," in color, starring Stephen Boyd and Raquel Welch will be co-featured with "BATMAN," also in color, starring Adam (Batman) West and Burt (Robin) Ward at Loew's "35" Drive-In beginning Friday, January 6.

"FANTASTIC VOYAGE," for the first time on the motion picture screen, visualizes the beautiful and strange world of "inner space" -- the living body of a man. The film tells the story of a group of scientists in a special nuclear submarine, all reduced to the size of a microbe, who are sucked into a man's neck and travel through the body, the brain where they must perform a delicate brain operation which can only be done from inside the body.

"BATMAN" tells the story of what happens when all of Batman's enemies (the Catwoman, Penguin, Riddler, and Joker) join together to "do in" Batman and Robin as their first step towards world domination.

Garden News

PROTECT
ORNAMENTALS

When winter winds begin to blow, you can go inside to a cozy warm house. But what about your ornamentals? During the winter, many ornamental plants are damaged and sometimes completely killed by winter injury. You can protect these plants from much of this damage.

Winter injury can be caused by a number of things. It might be excess loss of moisture, alternate freezing and thawing of the soil, stem girdling by animals, frost cracking, snow, sleet and hail, or any combination of these.

Excess loss of moisture causes the most damage to broadleaf evergreen shrubs such as rhododendron, boxwood, Oregon holly, grape and Japanese holly. Sweeping winds and direct sunlight make leaves lose water faster than roots can take it up. The problem can be serious if the ground is frozen more than a few inches deep.

MULCHING HELPS

You can prevent a lot of moisture loss by planting susceptible broadleaf evergreens only in protected locations. If the plants are already in an unprotected spot, you can put up a wind and sun screen

ORDINANCE NO. 765

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED: "AN ORDINANCE TO AMEND AN ORDINANCE OF THE CITY OF SOUTH AMBOY ESTABLISHING A POLICE DEPARTMENT, DEFINING AND REGULATING THE DUTIES OF THE MEMBERS OF SUCH POLICE DEPARTMENT, FIXING THEIR COMPENSATION AND FIXING PENALTIES FOR THE VIOLATION OF CERTAIN PARTS THEREOF." BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SOUTH AMBOY:

Section 1. That Section 1 of an ordinance to establish a Police Department in the City of South Amboy, approved September 9th, 1950, be amended to read as follows: That a Police Department be and the same is hereby established in and for the City of South Amboy, which department shall consist of the following officers and members, to wit: Police Chief, three Police Captains, four Police Sergeants, twelve Patrolmen, and a Jailkeeper.

Section 2. All ordinances or sections of ordinances, amendments thereof or supplements thereto, inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect upon its approval and publication as prescribed by law.

NOTICE

Public Notice is hereby given that at a regular meeting of the City Council of the City of South Amboy, County of Middlesex, New Jersey, held on the 3 of January 1967, the above ordinance was adopted on second and final reading.

Mile Square Talk

A Happy Birthday to Nancy Bloodgood of John St.

Birthday greetings go out to Mr. John S. Ksenicz of Grand Ave., Morgan.

One of the most eloquent addresses ever heard by this reporter was delivered by Councilman Frank Zebro at the New Year's Day meeting.

Frank, with great sincerity and feeling, expressed his thanks for the co-operation and helpfulness of the Welfare Board and the Recreation Commission. His silver-tongued oratory praised Mrs. Rupert Stratton and Mr. John Zdanewicz and the ex-members of these boards to the highest.

In his remarks, Zebro mentioned the fact that he was a "rookie", but Councilman John Connors took exception to this and classified Frank as a "Pro".

The New Year's meeting also had its moments of levity when Councilman Howley referred to Councilman Rush as the "Minority Leader". Said Rush, "As the Minority Leader I wish to congratulate the Council on its make-up, and I can't foresee any trouble in keeping it in line!"

We can't say exactly how long John McDonnell has covered the New Year's Council meetings, but as the Dean of the press, John was rightfully recognized by the Mayor and Council last Monday. Councilman Pete Rush thoughtfully provided Mac with paper and pencil.

Happy Birthday to Mrs. LeRoy Kurtz. Rose Mary is the Violations Clerk in Judge Everitt's Court.

SHORT AND SWEET

It's evident that Americans today display greater courtesy toward national figures and a greater veneration for national symbols than ever before in history. Consider Thomas Jefferson's fans: In the words of his steward at Monticello: "I have often sent a wagonload of hay up to the stable and the next morning there would not be enough to make a bird's nest. I have killed a fine beef and it would be all eaten in a day or two."

After Jefferson's death, his daughter was forced to sell Monticello to pay his debts... Or Andrew Jackson's fans, exhibiting their admiration at his inauguration; 20,000 of them followed the popular hero down Pennsylvania Avenue and into the White House itself. They clambered over silk chairs with muddy boots, became involved in fist fights, overturned delicate furniture, smashed china.

Currently recuperating at home after a stay in the South Amboy Memorial Hospital is John Ust of Madison St., Morgan. We wish him a quick recovery!

Good wishes also to Mrs. Barbara Franconero of Henry St. who this week was a surgery patient at the local hospital.

We are always happy to see Ray Leonard of Augusta St. when he is home on leave from the Moore-McCormack Lines and we are still chuckling about his encounters with the beautiful Russian commissar who wanted to know about the lost ice-cream truck key which Ray's ship had delivered to a Russian port. We think Ray's quick thinking and talking a gem of an answer! Ask him about that trip!

Probably the busiest guy over the New Year's Eve weekend was Lou "Firpo" Nemeth, who was in charge of refreshments for the firemen's open house following Chief Joe Keegan's swearing-in. It seems Firpo went to 10 a.m. mass Sunday and then got a little involved in discussing the next day's party, and then came home with some 7 firemen in tow... well, anyway, he's still explaining to wife Mary how it all was!

Mrs. Elnora Dexheimer is expected to resume her duties on the staff at Hoffman High this week after a time spent in Wills Eye Hospital at Philadelphia.

Best wishes for a speedy recovery go out to Mrs. Anna Slee of Morgan Ave., Morgan, who is currently a patient at the Perth Amboy General Hospital.

PUBLIC SHOOTING GROUNDS OPEN TO TRAPPERS

New Jersey Public Shooting Grounds are open to licensed trappers for the balance of the season, Commissioner Robert A. Roe of the State Department of Conservation and Economic Development announced this week.

Muskrat and mink may be trapped on any of these tracts until the season closes on March 15. Raccoon trapping on these areas is restricted to tidal meadows and impoundments.

No cage trap, metal box trap or diving trap is permitted on Public Shooting Grounds. All other trapping regulations listed in the 1966-67 Compendium of New Jersey Game Laws apply, as they do throughout the State.

Muskrat population are reported high on a number of shooting grounds, notably the Tuckahoe-Corbin City Tract on the Cape May-Atlantic County line.

Through the end of rabbit and pheasant seasons, trapping is not allowed on Public Shooting Grounds because of heavy hunting pressure. After 6 a.m. on January 1, trapping is permitted as a phase of the multi-recreational use of these tracts.

Management of Public Shooting Grounds by the Division of Fish and Game is accomplished entirely with sportsmen's money. These areas furnish many types of outdoor recreation and habitat for game and non-game species of wildlife, in addition to preserving New Jersey's natural beauty.

Police News

Anthony P. Albano of 117 Warden Ave., Hopelawn, pleaded guilty of operating a motor vehicle without a driver's license and was fined \$30.00.

He was also found guilty of driving too fast for conditions and was fined another \$20.00.

Robert Murphy of Rt. 1, Englishtown pleaded guilty to a charge of careless driving and was fined \$15.00 by Judge Everitt.

Thomas Hessner of C-26 Bayshore Drive, was found guilty on a complaint signed by Mr. Herbert Grover, of 142 David St. that the said Hessner did commit an assault and battery upon his minor son, Herbert Jr. To wit, did strike him about the head and face and slammed his head against a car causing a laceration that required 12 stitches to close.

Hessner pleaded not guilty to the above charge but was found guilty by Judge Everitt and fined \$100.00.

A William Stratton of Apt. 14, New Amsterdam Village, was found not guilty on the same complaint.

EXAMS SET FOR STATE POLICE

Written examinations for applicants to fill vacancies in the State Police will be conducted on Wednesday, January 11, at 7 p.m. at Sayreville War Memorial High School, Washington and Erntson Roads, Sayreville, New Jersey.

Attention is directed to the following minimum requirements: Citizen of the United States; not less than 21 nor more than 34 years of age (as of September 10, 1967); at least 5'8" in height; weight not less than 150 lbs.; vision not less than 20/30 in both eyes without glasses or contact lenses; normal hearing in both ears; good teeth with satisfactory restorations; applicants must have a valid driver's license.

All young men who meet the necessary requirements may take the written examination WITHOUT PRIOR APPLICATION. Those interested in the State Police as a career should simply report to the nearest examination point at the announced time. Applicants who take the exam will be notified of the results; those who pass will be instructed to report to Division Headquarters, West Trenton, for the medical and physical examination. Results of all examinations are held in the strictest confidence.

Successful applicants appointed to the academy for the twelve-week training period will receive \$168 biweekly salary plus meals and quarters. Upon graduation, the salary advances to \$3,499 plus \$1,416 maintenance allowance per annum. Yearly increments of \$275 are granted until the maximum of \$7,149 plus \$1,416 maintenance is attained (total \$8,565).

SERVICE SLANTS

Airman Apprentice Wayne E. Theurich, USNR, son of Mr. and Mrs. Bernard Theurich of 3129 Washington Road, Parlin, has completed 28 days of intensive training in the recruit phase of the Navy's "Four to Ten-Month" active duty program and was graduated from the Naval Air Reserve Training Unit at Memphis.

He will now be ordered to one of the Navy's Class "A" schools to learn the skills of the service trade or profession for which he is best suited. His period of active duty will depend on the length of the school program.

Upon completion of the active duty commitment, he will return to civilian life and train one week-end a month with a squadron assigned at the Naval Air Reserve facility nearest his home.

Navy Reserve Ensign Erwin A. Timm, son of Mr. and Mrs. Walter H. Timm of 9 Merritt Ave., South Amboy, has reported for a six-week airborne navigation course with Training Squadron 29 at Naval Air Station, Corpus Christi, Tex.

The course includes 15-hours of flight support lectures and 80-hours of in-flight navigation training. In addition to training flight navigators, Training Squadron 29 trains all Naval Aviators who will fly multi-engine aircraft.

Junketeers — "With the elections out of the way, the junketing season is in full swing," says Cong. H. R. Gross (R-Idaho). "One source he quoted said that some 150 members of Congress were on trips overseas, including several 'lame ducks'—members who will not be returning to the new Congress. I have repeatedly stated," he adds, "that I do not object to legitimate travel to foreign countries by members of Congress. On the other hand, there is no justification for a trip overseas by a defeated or retiring member at the expense of the taxpayers."

Flashbacks Of 1966

The older we get, the more aware we are of how quickly time passes... and so we are aware that another year is upon us. What were the news events of 1966? How many do we remember? Internationally, it was a year of continued war in Vietnam and constant struggles for balance of power by the strong and not so strong nations of the world. Nationally, New York City went through its worst transportation strike and millions of New Yorkers learned that walking could be fun as well as healthful. 1966 was also the year that Lucy Barnes Johnson got her man and became Mrs. Pat Nugent in a wedding ceremony viewed by millions of TV watchers. How about locally; how many news events both sad and happy do you remember? Let's reminisce together.

JANUARY

During the first few days of the year the Fire Department experienced two different events: a happy one was the swearing-in of Anthony Charmello as Fire Chief; the sad one was the death of fireman Thomas Adamecs of the Protection Engine Company who succumbed while answering a fire call... the Woman's Club adopted a proclamation heralding 1966 as International Cooperation Year with fund-raising programs to benefit international charities... St. Joseph's Falcons of Metuchen took top honors in the Msgr. Sullivan Invitational Christmas basketball tournament beating St. Mary's 69-41... an in-service workshop in remedial reading was started for the city's teachers under Title I of the Elementary and Secondary Education Act of 1965... John Stotle was named to head the Board of Public Works and Donald Reed was named head of the Planning Board... the South Amboy Free Public Library began the task of moving to new headquarters on Stevens and Second Sts... in an early morning fire the Thunderbird nightclub on Route 35 was leveled to the ground with, luckily, no one injured... the death of Dr. John Weber, who had retired to Wellesley Hills, Mass., saddened his many local friends and former patients... Miss Jan Dobzynski, a student at the University of Bridgeport, was named to "Who's Who in American Colleges and Universities"... Plans were formulated to begin an Evening School in South Amboy... Council members promised to take action against litterbugs who were cluttering up the local boat basin and landfill area... President Jack Kaplan of Spiral Metal announced the promotion of Frederick J. Fahrendorf to vice president of the firm... Sunday School children of the First Presbyterian Church announced the financial adoption of a 7 year old girl from Japan and a 12 year old boy from Syria... J. Stanley Steiner of Peterson's Pharmacy was named a new member of the Board of Directors of the South Amboy Trust Co... an unexpected east wind washed debris ashore and caused water damage in many local homes... Councilman John Howley left only Mayor Schultz in the city's government bachelor ranks when he and Miss Betty Salmon were married in St. Mary's Church... two local couples celebrated 50th wedding anniversaries: Mr. and Mrs. Frank Kallaz and Mr. and Mrs. Charles Polguy...

FEBRUARY

The Hoffman High School Governors copped the city basketball title by beating St. Mary's in 2 games 73-53 and 68-61... Arnold J. Sandberg was named Assistant Cashier of the Amboy-Madison National Bank... Mrs. Howard Ervin, following the Board of Education's re-organization meeting, was named president... Councilman Fred Henry, for the 7th year, headed the Heart Fund... The Board of Education named a Citizens Advisory Committee to study school expansion; Irvin House was named chairman... the 50th anniversary of Boy Scout Troop 91 was observed during Boy Scout Week... John E. Benyel and his wife Anna, both active with the N. J. Disabled American Veterans were named delegates to the annual legislative convention of the DAV... annual fishing awards were made by the Wet Ghost Surf Angler's Club with top honors Joe Shereyka, Sam Gutowski, Harold Cox and Ed Krolin... Ex-Fire Chief Frank Conroy was the guest of honor at a testimonial dinner... Mrs. Albert Heim, for the 11th year, was named Crusade Chairman for the American Cancer Society Annual April Crusade...
TO BE CONTINUED NEXT WEEK

California Fashions a Cornucopia of Wools

Colorful wool fashions designed to coast in total comfort through any temperate zone are spilling forth from California's cornucopia. Versatile, luxurious pure virgin wools, ideal for spanning all the "R" months, and then some, are front-running favorites in fashion's criss-cross country races or the at-home stretch.

Among the sure fashion signs of holiday events ahead are cocktail and dinner dresses, in both long-sleeved and sleeveless editions, of soft, fluid, bias-cut pure wool. Delicately beaded yokes and jeweled trims add a festive shimmer to gracefully draped fabrics and understated silhouettes.

Many low-belted, long-jacketed looks lend a gentle influence to double-breasted styling in both sportswear and couture "wool mark" designs. Neckline interest runs high with versatile turtle-necks and rolled-ring collars, or separate accent-colored scarves and ascots either artfully fluffed or loosely bow-tied.

lous comfort through any climate or occasion.

A newsmaker hallmark high on the fashion scene is the "wool mark" quality label awarded by the Wool Bureau to fabrics tested and approved as a consumer's assurance they are "the world's best... pure virgin wool." The emblem to look for on hangtags or sewn-in labels has a clover-like shape with continuous lines—twirled in constant movement symbolizing both the timelessness of pure wool and its modernity in our air-conditioned space age.

As political, professional and college footballs whiz through the air in western arenas, California-styled pure wools, adjustable to any fashion speed, are scoring decisive fashion points for outdoor rally-going or indoor jamborees.

BRIGGS OPENS SERVICE DEPARTMENT DIAGNOSTIC CENTER

John Ohliger, far right, Service Director of Briggs Chevrolet, explains the new Electronic Road to

Arthur H. Ross and J. J. Nyikos of Chevrolet Motor Division and Daniel Zack of Briggs.

Mr. Daniel A. Zack, president of Briggs Chevrolet in South Amboy, announced the opening of a Diagnostic Center within the Service Department of the dealership. Mr. Zack said: "With the United States automobile population now around the 70-million mark, and a forecast of 80-plus million by 1970, the existing shortage of trained automobile mechanics becomes more severe. The auto industry is acutely aware of the problem, and is constantly investigating ways to entice trainable young men into the field. The introduction of an automobile diagnostic center affords a creative answer, both for car owners and for aspiring mechanics."

According to Mr. John Ohliger, Service Director at Briggs, the diagnostic method introduces a scientific approach to auto repairs. It can raise the business of being an auto mechanic to a professional

status. For in addition to the considerable experience required, a diagnostician is given extensive training. It includes a sound and thorough training in the theory of the automobile and training in the use of specialized equipment -- the dynamometer and electronic console.

He must become familiar with established procedures for conducting over 75 visual and operating checks on each automobile. He must be able to use the manufacturer's standards for each make and model car, compare, and note the variance from the actual car which he is diagnosing. And he must be able to interpret the repairs needed to the customer. In essence, the diagnostician uses his training to take the opinions out of auto repairing. He deals with facts. He contributes to safety on the road and to peace of mind for the customer. And, economically, he helps to al-

leviate the shortage of auto service men by pinpointing the car problems specifically.

The complete diagnosis of an automobile at Briggs will take about 30 minutes. After his diagnosis, the auto mechanic can move with certainty and assurance, making only the necessary repairs in the shortest time possible. Actually, about 1 1/4 man-hours are required, but often two or more diagnosticians work as a team. Diagnosis will be done at Briggs Chevrolet by appointment only, thus eliminating needless waiting.

After the diagnosis is completed, customers are given a copy of the complete check list and a detailed explanation of the repairs which are needed. They are also given a written estimate for needed parts and labor which they can have done wherever they choose.

PROGRESSIVE LL TO HOLD PIZZA PARTY

The Progressive Little League Team will have a Pizza and Soda Party on Saturday evening, January 7, 1967 at 7 P.M. at the Progressive Fire House. All players, bat boys and their parents are invited to attend.

Sacred Heart Wins

Msgr. Wujek

Tournament

Sacred Heart took a 39-31 victory over St. Mary's of South River on December 30, 1966 in the championship final of the Msgr. Max Wujek Grammar School Invitation Tourney at the CYO Center, South River.

George Krzyzanowski was named the tournament's most valuable player.

Sacred Heart opened with a four point (9-5) margin in the first period and outscored St. Mary's 8-5 in the second quarter for a 17-10 halftime advantage. St. Mary's closed the gap to 24-22 with a 12-7 third period spread but the Hearts with Krzyzanowski hitting eight points, clinched the decision with a 45-9 last period effort.

Krzyzanowski was high man for the game having garnered 14 points and teammate John Kokoszka chipped in with 9.

Named to the all-tournament team were: George Krzyzanowski of Sacred Heart; Vinnie Buszko of St. Mary's, South River; Jim Egan of St. Peter's; Mike Amaniera of St. Matthew's; Sefafin Formola of St. Paul's; and James Rucki of Our Lady of Victories.

In the consolation game, Jim Egan, by his 20 point performance, spearheaded St. Peter's of New Brunswick to a 53-19 triumph over St. Paul's of Highland Park.

Making the day complete for Sacred Heart, the Sacred Heart cheerleaders took first place in the cheerleading contest. St. Peter's was runner-up and St. Paul's came in third.

SPORTS AFIELD

By Ted Kesting

For sportsmen in the field, it is no great problem to have suitable protection against wet weather. The old days of relatively heavy, sticky, unwieldy oilskins is gone -- for general use, anyway. You still see them occasionally, but most sportsmen are glad to be rid of them once and for all. In cold weather they turn stiff; in hot weather they become soft and tacky and exude an aroma not pleasing to everyone's nostrils.

For most outdoor use, the full-length slicker is not to be desired. It is noisy, it is apt to become tangled in the legs and the constant flapping and rustling is enough to drive a person to the bottle. A type or subtype of slicker is the saddle version. Saddle slickers, still preferred by many old-timers in the West, are longer than ordinary and even have a slit up the back (about to the crotch). With this commodious rig, on horseback not only will you yourself be protected from the elements -- but so will the saddle, saddlebags and rifle scabbard and the entire upper midsection of the

steed. This is all fine if you are going to stay in the saddle for hours on end (as many Westerners do). But if you have to dismount and walk frequently, as in big-game hunting, a saddle slicker is an abomination.

Much better are the newer lightweight rainsuits. Modern materials and know-how make it possible for these to be reasonably tough and enduring -- yet astonishingly light in weight.

A rainsuit, to be perfect for use afield, should always be cut very roomy, no matter what the material. The trousers must be able to go easily and quickly on or off over the biggest boots -- such as mountain boots or rubber hip boots. There are times, for instance in a canoe or boat, when it is an astute procedure to get rid of your rain gear in a hurry. Or conversely, to put it on without delay. "You should never get hung up while doing either of these things," points out John Jobson, Camping Editor of Sports Afield Magazine. "It could be irritating as well as downright dangerous."
