PIPE LINES INSTALLED FOR JOINT WATER TANK

Supt. Charles Thompson reported to the Board of Public Works at their meeting Tuesday evening that installation of water lines is being done along Raritan St. in preparation for the joint water tank that will be shared by South Amboy and Sayreville.

The new pipes will extend from the site of the new tank at the top of Raritan St. to Ridgeway Ave. where a valve and spur will be installed to allow for future expansion, if necessary.

The superintendent said that this work endangers breaking of current lines but repairs are made as rapidly as possible although on Monday it was necessary to shut the water off for approximately 2 hours for needed repairs. The street openings will be temporarily filled with gravel, stone and blacktop with concrete finishing to be done in the Spring.

A conference on the tank was held Tuesday by Sayreville Engineer Frederick Kurtz, South Amboy Engineer Edward Reilly, and HUD officials, and construction is expected to begin within 2 weeks.

MEETING HELD ON ZONING CHANGES

Chairman Woodrow McCarthy said a meeting had been held by board members with Building Inspector Joseph Kudelka, City Attorney John Mullane, and Supt. Thompson to review the new zoning ordinance prepared by the Planning Board. He said that approximately half of the ordinance had been gone over minutely and that completion should be done by the end of the month. Commissioner Richard Servis said that board members were "trying to get a more common meaning of the technical wording" from what could be "2 or 3 different interpretations" of the various articles.

The Board of Public Works, parent board of the Planning Board, will have the final decision on any new zoning changes and can, in effect, re-write any articles with which they disagree. Past statements by board members favors the zoning of the landfill area for industrial use, as opposed to the recommendation of the Planning Board in the new ordinance to zone this area for residential use.

A meeting with the Planning Board consultant, Thomas Carr, Reilly and Mullane, will be scheduled when review of the changes is completed.

AWAIT DECISION ON MCSA APPLICATION

Chairman McCarthy also reported that an application has been filed to join the Middlesex County Sewerage Authority but that state and federal authorities will probably recommend a joint application be filed by South Amboy and Sayreville as submitted plans show adjacent proposed sewer lines.

The fate of the current Sewerage Treatment Plant, located on Rosewell St. is unknown, as it is over 25 years old, the age considered obsolete by sewerage officials.

It is expected that some of the current Sewerage Plant employees will be relocated with the MCSA, who, with expanded facilities, will be in need of "experienced men".

Supt. Thompson was authorized to prepare bids for the purchase of chlorine for next year with opening of the bids scheduled for January 9.

Santa To Ride Firetruck

Santa Claus will arrive in the Melrose section of Sayreville on Sunday, December 17. After arriving from the North Pole by sled, he will then board the Melrose Fire House Company's firetruck for a tour of the Melrose area.

Santa will lead off the festivities planned by the Melrose Fire House Co. for the children of that section, since the company will hold its annual children's Christmas Party at 1 p.m. at the Melrose Fire House on Oak St. James Schack is in charge of arrangements, assisted by John J. Andrejewski and Cliff Ricci.

The company announces that those who were not at home when the contributions were picked up, may drop them either in the mail or at the fire house daily. Joseph Pero will be at the fire house to accept them.

Invited to attend the annual Christmas party were Sayreville's elect Mrs. Mary M. Kerr, and councilwomen - elect, Mrs. Florence Koval, Mrs. Dorothy Carter, and Mrs. Delores Zaccardi.

BLOOD BANK DISAPPOINTING

Seen above are some of the volunteers waiting to be screened for the South Amboy Bloodmobile visit on December 6 at Christ Church Memorial Hall.

A total of 91 pints of blood was received and Chairman Franklin English said the results were so disappointing that another blood bank drive will have to be scheduled for next May.

"For a town this size we should have more; at least 150 to 200 pints, and then we could schedule the blood banks only once a year," said the chairman. He reminds residents that one donor per family will insure the availability of whole blood and plasma for their entire families at any time and at any location where it is needed.

Since the blood realized at the local drive is stored by the Red Cross at their facilities in New York, some of this blood is also available for servicemen stationed in Vietnam, but blood for local donors is available on demand.

Mr. English is hopeful that those who have not been donors in the past will make the greatest effort to participate in the next Bloodmobile visit in May. (Another picture on page 2).

Rites Saturday For Postmaster

Postmaster George W. Stader died suddenly at his home, 221 George St., yesterday morning.

A native of South Amboy, he was the son of the late Mr. and Mrs. Philip Stader Sr. and had been postmaster for the last 12 years. He attended local public schools and South Amboy High School.

Long active in athletics, he had played semi-professional football with the South Amboy Tigers and was later the manager of the South Amboy Tigers Athletic Association. He was an organizer of the South Amboy Sabres Pop Warner League Football team, a charter member of the South Amboy Boat Club, and a member of the Hoffman H. S. Alumni Association. He was also a member of the Postmasters Association.

Before becoming postmaster he had been a member of the Carpenters Local of New Brunswick. Two years ago when retired carpenter Morgan "Beany" Lambertson completed a boat he had built himself, Mr. Stader helped at its launching and served as the boat's pilot, earning the nickname of "Captain".

A personal friend of the late Mayor Joseph Carmello for many years, he had been active in local Republican Organization activities.

A veteran of World War II, U. S. Army, he was a veteran of the South Amboy Chapter of the Veterans of Foreign Wars. Mr. Stader was a member of

Christ Episcopal Church. Surviving are his wife, Mary (Costigan) Stader; three daughters, Mary Ann, Suzanne, and Helen Mae; and a son, George, all at home; a stepson, Daniel O'Brien of New York City; and three sisters, Mrs. Helen Mae Brina, Perth Amboy; Mrs. Dorothy Bloodgood, Morgan; and Mrs. Josephine Helzheimer, Woodbridge.

Funeral services will be held Saturday morning at 10 a.m. from The Gun-drum Service (Home for Funerals) with the Rev. Edward R. Cook, rector of Christ Church officiating. Interment will be held at Christ Church Cemetery.

Duggan Studying New Police Methods

In keeping with the policy established by Police Chief O'Leary, John J. Duggan, a detective of the local police force, is attending the Police Academy of Middlesex County College.

Included in the curriculum is the tracing of fugitives, investigation methods, laws of arrest, extradition, surveillances and raids. Court testimony procedures, auto thefts, narcotic detection and the effects of recent court decisions on police investigations are also studied in the academy.

This advance training program, which is advocated by Colonel David B. Kelly, Superintendent of the New Jersey State Police, helps to prepare the municipal police officer in his day-to-day role in society and to improve his public image.

Instructors in the course are from the F. B. I., New Jersey State Police, New York City Police and Lawyers Associations.

This particular program will end on December 20, and courses in juvenile delinquency and basic police work will begin next month in the Raritan Arsenal establishment.

Henry Releases Statement On Ministerial Council

Council President Fred Henry has issued a release following the meetings with the South Amboy Ministerial Council.

"In the Mayor and Councils' effort to improve the services we render our citizenry, we encourage the cooperation of all civic groups and individuals who feel that they have some thoughts and ideas which will make our community a better place in which to live.

Along these lines, we recently held two meetings with the South Amboy Ministerial Council, a group composed of the City's religious leaders. This group showed a deep concern about the image of our Police Department resulting from indifference to the laws of our community, and to the apparent degeneration of moral values on the part of a few of our young citizens under the age of twenty-one.

In our efforts to bring the problem clearly into focus, vital assistance was given to us by our Magistrate, Superintendent of Schools, Attorney, Chief of Police, Detective and Juvenile Officers.

The responsibilities and obligations of local government, churches, law enforcement and particularly the parents, were discussed quite thoroughly. While, quite candidly and understandably no panacea was reached, some immediate problems were met and recommendations made. It is now up to the Mayor and Council to provide for the implementation of those recommendations under their jurisdiction. This will be forthcoming and included in our next budget.

There was unanimous agreement that there is a need for a City Prosecutor and the addition of at least one more patrolman to our Police Department. While the responsibilities and activities of our police have grown at an ever expanding rate, the complement of our police force has remained static. This was forcefully brought out by our Police Chief by citing the comparative statistics relating to the number of violations this year in relation to last year.

Limited manpower has made it physically impossible for our Police Department to render the enforcement of our laws. Everyone agreed that at least one more patrolman was needed.

After the police have summoned a violator it is necessary that their cases be properly and efficiently handled through the courts. Presently, this is where many problems arise. Many defendants are represented by attorneys, while our police are not.

Letter To The Editor

Dear Sir:

In reply to Mr. Boyce's comments of December 9, 1967 in THE DAILY HOME NEWS, if the union wants this aluminum plant in the County, it should get a new set of officials.

The INTALCO aluminum reduction plant at Ferndale, Washington, is one of the newest of its type, yet already there are indications of labor problems. An Intalco official admitted to a newswoman not long ago that the company was advertising as far away as the Great Lakes Region for laborers at the plant. "Northwesterners have had it too good all their lives," the company official said.

Richard Beebe of the Washington Industrial Development Division of the State Department of Commerce and Economic Development admits that "outdoor types can't work there", but he says that anyone who can work in the heat and dust can be trained quickly to the task such a plant demands.

Aluminum plants are attracted to regions with abundant cheap electrical power because it uses enormous amounts of it. But the return, considering the amount of power, is low in the ratio of employment it creates. An aluminum company employing a few hundred men might consume as much electricity as another manufacturing industry employing tens of thousands of workers.

Foreign interests run high in some aluminum companies. For instance Northwest Aluminum was organized in Delaware as a typical mid-twentieth century corporate child. It is the offspring of two other corporations, Bell Intercontinental of New York and the Yawata Eon Steel Company of Tokyo. A Northwest spokesman in Seattle said Yawata owns a third of the stock and Bell, two-thirds. Other reports indicate that the Japanese have a larger share of the firm. A report from Tokyo on September 29, 1966, said the major part of the machinery and steel for the plant would be designed in and purchased from Japan. The official quoted, R. N. Tessler, said about a third of the ingots produced would go to Japan.

Dr. Milton Melasner, chief executive officer of Northwestern, indicated that the number of people hired would be between 100 and 600.

Mr. Boyce might say, vituperatively, that the union wants this aluminum plant, but I don't think KNOWLEDGEABLE union officials would agree!

Of course, in the light of the preponderance of evidence against this plant as a health hazard, and a killer, the labor argument becomes academic.

Yours very truly,

HENRY

Continued from page 1.

Nor do they, understandably, have the legal knowledge to cope with this situation. Many cases have been lost because of this. One can readily see that this not only frustrates the efforts of our police, but can discourage them and have an adverse effect upon them as well. Knowing this, we must give them all the tools necessary to work with in order for them to be more effective and to give the City the protection it deserves. It was unanimously agreed that our City should retain a Prosecutor.

While the City can tighten up its law enforcement it was agreed that the churches can remind their members of each person's responsibility to live lives in keeping with their beliefs. The prime responsibility for a better City

still lies within the citizens themselves. It was agreed that neither the City nor the churches is charged with the care and raising of children. We call upon each parent to know what his children are doing and where they are. Parental responsibility never ends in the birth of a child, it then only begins.

We feel that these meetings have been fruitful and we want to have them periodically. The Mayor and Council are most gratified by the response of these people. They all have a sincere desire to help and they are all very capable and effective participants. We continue to encourage this attitude of involvement."

VIES FOR TITLE

Middlesex County College student, Miss Linda Cadmus, has been selected as the Manhattan Region nominee for the "Miss Young America Wears" title. Regional judging of all contests was based on appearance, poise, character and participation in extracurricular activities in high school.

Linda, who resides with her parents, Mr. and Mrs. Roy Cadmus at 2 Kress Drive, Parlin, is a graduate of Madison Township High School. She has two younger sisters, Dianne and Connie.

As the Manhattan Region winner representing all of New York, New Jersey and Connecticut, Miss Cadmus was awarded several outfits of clothing, a \$50 savings bond and the opportunity to compete for the national title with twelve other girls from all over the country. The national award includes a \$1,000 scholarship, a complete college wardrobe, and a trip to Florida to accept the national award. The judges for the national title will be U. S. Senators Robert Kennedy, Everett Dirksen and Abraham Ribicoff.

Linda enjoys such activities as chorus, student government and the theatre where she was active in high school. She chose Middlesex County College because as she says, "The Secretarial Science curriculum was exactly what I was looking for."

Linda is a freshman at the College.

Married At Local Church

Miss Gail Marie Pine, daughter of Mr. and Mrs. Richard Pine, R. D. #1, Disbrow Road, Madison Township, was married to Robert Arthur Young, son of Mr. and Mrs. Herbert Young, Jr., 99 Jordan Ave., Brunswick, Maine.

The 2:30 p.m. double ring ceremony took place in Sacred Heart Church, South Amboy, on November 18. The Rev. Joseph Banach officiated.

Given in marriage by her father, the bride wore a floor length A-line gown of skimmers satin with rosepoint lace and seed pearl appliques, with a Sabrina neckline. Her bodice was of rosepoint Chantilly lace, trimmed with seed pearls. Her flowing lace train was attached to the neckline, while the lace sleeves ended in a flounce at the elbow. She wore a 2-tiered veil of nylon illusion trimmed with petals of rosepoint lace and seeded pearls. The bride carried a cascade of gardenias.

Becky Susan Young, the groom's sister, of Brunswick, Maine, was the maid of honor. The bridesmaids were: Theresa Piotrowicz of Jersey City; Maureen Rooney of Union; and Marcia Mackiewicz of Jersey City.

The best man was Robert Gale of Athol, Mass. Ushering were: Richard Pine, the bride's brother, of Cheesequake; Terry Young, the groom's brother, of Brunswick, Maine; Herbert Young, another brother of the groom, of Brunswick, Maine.

The bride is a graduate of Hoffman High School, South Amboy, and was employed as a statistical clerk for the Prudential Insurance Co. of Newark.

The groom is a graduate of Brunswick High School and the I.B.M. School, Portland, Maine. He is a sergeant in the U.S. Air Force and is presently stationed in San Antonio, Texas.

The couple are residing at the Lackland Air Force Base, San Antonio, Texas.

AOH AUXILIARY ELECTS OFFICERS

At the regular meeting of the Ladies Auxiliary of the Ancient Order of Hibernians held on Tuesday, December 12, at the Protection Fire House, election of officers took place.

The following officers were elected:

President, Eva Novak; Vice President, Marcella DeMarco; Recording Secretary, Catherine Duggan; Financial Secretary, Mary McCloud; Treasurer, Theresa Kelly.

Following the meeting, a social followed and an exchange of gifts took place.

The group's next meeting will take place on Tuesday, January 16 at the Protection Fire House at 8 p.m.

LAURENCE HARBOR LIBRARY LISTS HOURS

The December meeting of the Board of Trustees of the Free Public Library in Laurence Harbor was held on Wednesday, and Mrs. David Watson, president, reported that during the month of November 652 books had been circulated—254 adult fiction, 48 adult non-fiction, 347 juvenile fiction, 3 juvenile non-fiction.

Also during November, 100 books were catalogued and added to the shelves, including several juvenile books about Christmas, and several 7-day books.

Many books which have been borrowed are long overdue, and the people having these books are asked to please return them so that they may be made available to other readers.

Members of the Board expressed their deep appreciation of the assistance being given by high school students Judy Gohmar and Diane Taylor.

Ornaments to decorate the Library Christmas Tree are needed, and the Board will appreciate receiving any donations of Christmas tree decorations.

The Library will be closed during Christmas week. It will be open on Saturday afternoon, December 23, from 1 to 3 p.m. and will then be closed until Wednesday afternoon, January 3, when it will be open from 3 to 5 p.m.

Engaged

Mr. and Mrs. John Joseph Bonalsky, 458 New Brunswick Ave., Fords, have announced the engagement of their daughter, Judith Victoria, to Anthony John Warn, son of Mrs. Mary F. Warn and the late Anthony L. Warn, 238 First St., South Amboy.

Miss Bonalsky was graduated from Woodbridge High School, Woodbridge, N. J., and received her B.A. from Jersey City State College. She is now working for a master's degree at Newark State College, Union. She is employed by the Scotch Plains-Fanwood Board of Education and is a third grade teacher in the H. B. Brunner School, Scotch Plains.

Mr. Warn, a graduate of H. G. Hoffman High School, South Amboy, served in the U. S. Marine Corps. He graduated from the Essex County Police Academy in West Orange, and is a patrolman with the South Amboy Police Department.

The wedding will take place on March 9, 1968 at Our Lady of Peace Church, Fords, N. J.

Woman's Auxiliary Extends Thanks

A Christmas Bazaar, under the auspices of the Woman's Auxiliary of the South Amboy Memorial Hospital, was held on December 8 at the Jesse Selover School, Morgan.

It was overwhelmingly patronized by the people interested in the hospital. All the booths did a land office business and each chairlady is to be congratulated for her splendid work. Special thanks go out to Mrs. Sally Bacek, chairlady, and Mrs. Fran Stratton, assistant chairlady, at the auction table. Also to Mrs. Edna Chase, and Mr. Frank English, both of whom did a yeoman's job handling the auctioneering. Our hats are off to you all. We hope Mr. English wasn't voiceless the next day. Thanks to each and everyone of you.

The next meeting of the Auxiliary will be on January 8 in Memorial Hall. The individual booth chairladies make their individual reports at that time.

The Woman's Auxiliary extends wishes for a Merry Christmas and Happy New Year to everyone.

The Student Council of H.H.S. is holding a used clothing and toy drive this week. All used clothes and repairable toys will be collected by the Council and will then be distributed to an orphanage. All students of Hoffman High are urged to help make this drive a great success so that homeless children may be able to have a merry Christmas.

On Friday evening, the Governors romped on to victory over Croydon Hall Academy 105-73. Coach Ray Tomaszewski's boys held the lead of 52-30 at the half. Curt Wood, a 6' 1" senior, led his team with 30 points. Bob Keegan tallied 23 while Greg Havlusch chipped in with 12 points.

Tuesday evening found the Governors, from Hoffman, travelling to South River High School. They scored their second victory of the season by downing the Rams 83-65. Curt Wood tallied 31 points while Bob Keegan helped the cause by adding 27 points.

Card of Thanks

We wish to thank our friends, neighbors and relatives for the kindness shown and sympathy extended during our recent bereavement on the death of our mother and grandmother, Mary Nemeth.

We are grateful to all who sent Masses, flowers, cards and spiritual bouquets.

We are especially grateful to the South Amboy First Aid Squad, the South Amboy Fire Dept., the staff of the Perth Amboy General Hospital, the Rev. George Brembos of St. Mary's Church, the pallbearers, and the Gundrum Service Home for Funerals for their kind attention.

Another phase of training, instituted by Colonel Kelly, is the data processing program he has set up, with the cooperation of Fort Monmouth. When New Jersey gets its "hardware," there will be trained men available for the operation of it. This is another example of the Colonel's foresight. When in operation, this computer will be able to compute all monthly reports, submitted by municipalities, within 15 seconds.

To aid him in all these phases of management and

many unusual jobs for various departments and agencies throughout the state and the nation."

In order to be properly prepared for the Colonel's in-training program, the troopers must have the basics, as previously mentioned. Where do they get these—at the Academy first, and then "in the Service."

The purpose of the Academy is to train personnel who have applied for the position of Trooper in the New Jersey State Police. Applicants, between

ting applicants," said the Colonel, "but it is rough getting the right ones for the State Police. Only 2% of the applicants become troopers. About 50% fail the written test; 30% fail the medical; 30% fail the physical and 50% fail the interview and investigation."

The Colonel continued, "Although we are criticized by educators and others, for our methods of selection, the results speak for themselves, we lose only 1% of our troopers, compared to 40 to 50% for other agencies."

It costs \$5,000 to train a man to be a Trooper, and once he is in the service, he becomes independent of other state structures. The Troopers have their own selective service, retirement program, promotional examinations and other benefits.

In the current class, now at the Academy, there are 41 in the tenth week of the course. With four more weeks to go, these are all that are left from the original 954 who had taken

and public relations are making the old "PULL OVER," a thing of the past.

A breakdown of the training hours in the Academy shows that since there are so many subjects to be covered, there isn't any time for foolishness, or, as the Colonel puts it, "non-sense". Talking isn't permitted except at stated times, and "on the double" prevails while crossing the campus.

Neatness and immaculate housekeeping are a must. The brass pipes on the plumbing fixtures in the shower room will never wear out from water erosion, i.e., from the inside out. The opposite will be the case; from the outside-in, from polish erosion!

Academic subjects require 348 hours, plus 138 hours for study. Practical exercises, 71 hours; physical training, 63 hours; special skills which include boxing, judo and gymnastics, 174 hours; automobile operation, typing, firearms, swimming, boating and grappling, 145 hours.

The printed matter, which is handed out to the trainee, for his perusal and study, makes a stack about 18 inches high! He is not expected to know this material verbatim, but he must be acquainted with it. Besides this library of law enforcement, he also has the full facilities of the Attorney General's office at his side.

With time running out, I was able to make only a quick pass at the State Bureau of Investigation. This vital department consists of the photography department, the analytical laboratory, the ballistics lab and the fingerprint section. Each of these could very easily contain enough material for several more columns, and perhaps at a later date, and through the good graces of our friend, David, I will be able to bring this to you.

Another source for a column would be Miss June Strelecki, the Director of the Division of Motor Vehicles, is everything you have heard of, or read about.

My thanks, and all that the phrase implies, go to Colonel David B. Kelly; his staff; Major John Butfin, Deputy Superintendent; Major Eugene Olaff, Operations Officer; Major Victor Galassi, Investigations Officer; Trooper James Sweeney; and especially to Sergeant Joseph Kobus of the Public Information Bureau, who besides furnishing me with the photographs accompanying this series of articles, took me on a personally conducted tour of the Division Headquarters and introduced me to Sergeant David Aaron of the Uniform Crime Reporting Division, under Detective William Zanielli; Trooper Donald Menzel of the National Crime Information Center; and Sergeant John Buhan of the Academy.

Engaged

Mr. and Mrs. James J. Coan, 228 David St., South Amboy, announce the engagement of their daughter, Mary Bernadette, to Sergeant John J. Starzynski U. S. A. F., son of Mr. and Mrs. C. J. Starzynski, 7 Lee Ave., South Amboy.

Miss Coan, a graduate of St. Mary's High School, South Amboy, attended Georgian Court College, Lakewood, and graduated from Katherine Gibbs School, New York City. She is an executive secretary employed by McDonnell & Co., New York City.

Sergeant Starzynski, presently stationed at McGuire Air Force Base, New Jersey, also a graduate of St. Mary's High School, attended Lincoln Technical Institute, Newark, and is now attending Mercer County College, Trenton. He was employed by the N. J. Highway Authority, Woodbridge, before enlisting in the Air Force.

DEADLINE SET FOR ROTC SCHOLARSHIPS

January 15, 1968 is the deadline date for submission of completed Army Reserve Officer Training Corps (ROTC) scholarship applications.

Young men who are currently high school seniors are eligible to apply for one of the 800 four-year scholarships.

The scholarships will be valid next fall at any of 247 colleges and universities offering Army ROTC. The successful applicant will receive full cost of tuition, textbooks and laboratory fees plus \$50 a month living allowance for four years.

Awards will be based primarily on scholastic standing, physical qualifications and leadership potential.

Applications and detailed information may be obtained by writing to: ROTC Scholarship, First U.S. Army, Fort Meade, Md. 20755.

planning, the Colonel has the "proper man in the correct place." This is accomplished by his program of high level training mentioned in our previous column. As of this writing, there are 24 troopers in various schools taking courses in management, administration, and data processing.

A \$5 million program in coordination with the National Guard, is underway at Sea Girt. Here, riot control and other new facets of police work are studied and taught. All these various programs of schooling are a must, because, as the Colonel said, "There are many aspects to the job of law enforcement, as practised by our department. We are called upon to supply all sorts of information and perform

the ages of 21 and 35, who have successfully passed entrance examinations, including mental, physical, medical and oral tests, along with a thorough investigation of background, are selected for training.

After graduating from the Academy, the trainees begin a Trooper-Coach training program. This program consists of the assignment of a probationary Trooper to an experienced Trooper for a two-month period of on-the-job training. During this time, the trainee applies the principles and procedures he has received during the pre-service training course. After the completion of the Trooper-Coach period, the trainee returns to the Academy for a two week in-service session.

"We have no trouble get-

ting the written test. If some of these 41 fail to graduate it is easily understandable, the law of the "survival of the fittest" really applies at the Academy.

The 14 weeks of instruction are crammed with subject matter such as radio procedure, typing, swimming, calisthenics, military drill, English, speech, firearms, first aid, law, investigation and other related subjects.

In speech instruction, the trainees are taught to speak in a monotone, and to control the focus of their eyes while giving testimony in court. Every recruit is taped about every two weeks and then has it played back to him. The would-be Trooper must learn to give 2, 3, 5 and 20 minute discourses on various subjects. The study of dictation

New Veterans Employment Program

Some nine hundred veterans from the Perth Amboy area, expected to be released from military service over the next year, will be offered personalized help under President Johnson's new veterans employment program, Joseph E. Sabol, manager of the local state employment service, announced today.

Every newly returned veteran is urged to visit the New Jersey State Employment Service Office at Maple and Fayette St., Perth Amboy, as soon as possible after his return home.

Each of the veterans who do not visit the office, will receive a telephone call or a personal visit from a representative of the New Jersey Employment Service to determine his or her particular job needs.

The employment service will then offer each veteran individual job-finding assistance, employment counseling and testing or referral to training educational help and advice, or other services to increase his employability, in addition to processing any unemployment insurance claim, service or pre-service.

Nationally, more than three-quarters of a million young men and women will leave the Armed Forces and return to civilian life over the next year, President Johnson said in unveiling the program in August.

He directed that the Secretary of Labor, in cooperation with the Secretary of Defense, assure each returning veteran "the greatest help possible in obtaining meaningful, rewarding employment."

In calling for a more "personalized" approach to help veterans readjust to civilian life, Mr. Johnson said: "These veterans have served their country well. It is only right that their country serve them as well."

The President asked that he be "kept advised" on the progress of the effort in which each veteran will be contacted by a representative of one of the Nation's 2,200 public employment service offices.

He called returning veterans "a prime source of manpower" and noted that: -- Their average age is just over 22 years.

-- More than 80 percent have a high school education or better.

-- Many learned job skills in the service which are badly needed by the civilian economy.

Last year, almost 100,000 of nearly 600,000 veterans reentering civilian life had difficulty landing jobs. They were jobless for an average of 9 weeks and received some \$30 million in unemployment compensation.

This personalized job assistance, said Mr. Johnson, will help "fulfill our obligation to those young

men and women who have served us so well while at the same time meeting a national economic need."

The local office is open Monday through Friday from 8:30 a.m. to 4:30 p.m. and a V. A. representative is available for special information on Mondays and Wednesdays. Veterans are welcome at any time.

Garden News

No need to puzzle about buying a gift for anyone who has a green thumb or hopes to have one.

Many garden centers are ready for you, whether you want to buy a trowel or a tractor. Or a set of trowels, because they come in many shapes, sizes, and qualities.

You can thank Don Lacey, extension home gardening specialist for this suggestion for ways to make a gardener happy at Christmas.

If your gardener friend or relative has time to read -- and many of them do their homework during the winter -- there are almost endless books on gardening from simple non-technical ones for the beginner to the more detailed works for the hobbyists such as the African violet, iris, holly and other devotees.

The same goes for magazines. In addition to the widely circulated ones that you find on the newsstands there are many that appeal to the more sophisticated groups.

A little browsing will turn up dozens of inexpensive stocking stuffers -- plant labels, bulbs, markers, twine, gloves and such.

Almost every wife would dearly love to have her own lady-size snow shovel or ice scraper. But don't tell her where you found out.

If you're thinking big for your gardener friend, why not get him the tractor he needs? Or a ton of lime, to be picked up at the appropriate time according to the terms of your gift certificate?

Loving Memories

Your gentle face and patient smile
With sadness we recall
You had a kindly word for each
And died beloved by all.

The Voice is mute and stilled the heart,
That loved us well and true,
Ah, bitter was the trial to part
From one so good as you.

You are not forgotten loved one
Nor will you ever be,
As long as life and memory last
We will remember thee.

We miss you now, our hearts are sore,
As time goes by we miss you more,
Your loving smile, your gentle face,
No one can fill your vacant place.

Mile Square Talk

Mrs. Evelyn Sullivan of Cedar Glen West, Lakehurst, formerly of Conlogue Ave., was recently elected treasurer of the Manchester Township Senior Citizens of Ocean County with a thriving membership of 740. Husband Dick is a retired boat captain of the Reading Railroad Marine Division. The Sullivans are truly delighted with their new home--we wish them much happiness there!

Two notes about the current hunting season: After 8 years of trying, Frank Wahler of John St. finally got an 8 point buck (one point for each year of trying?) while hunting in the vicinity of Frenchtown. For would be doubters, Frank has a colored photo to prove his catch! He'll be out again this Saturday and we wish him the best of luck!

It took a hospital bed in a Newark hospital to break Kosty Kizinkiewicz's 40-year record of bagging a buck each year. As one friend of Kosty's summed it up: "If the hospital was located near the deer woods, Kosty would certainly get his quota even if he had to shoot out of the hospital window." It was learned that he is now back home -- we all wish him a speedy recovery.

In last week's line-up of birthdays, we inadvertently left out a couple. Fred Rose had a birthday last Wednesday and Thomas J. Carool's was last Friday. Happy Birthday to you, Fred and "Cap".

And next week's list includes Joan Bloodgood and son, Jack, next Wednesday. Happy Birthday, you two John Streeters.

Why can't the Broadway Christmas lights be turned on earlier than 5 o'clock? Have you ever noticed how dark, dismal, depressive and gloomy it is along our main drag at 4 p.m.?

The "Luck of the Irish" was really running strong for Jay McKeon this hunting season. Jay landed a 6 point buck at Highbridge, on Saturday, which weighed in at 163 pounds. Jay also bagged a spike while on a hunting trip in Pennsylvania, as did his brother Bob.

Congratulations Jay!

Best wishes for a speedy recovery go out to Paul Mauro, son of Mr. and Mrs. Joseph Mauro of Washington Ave., who is currently a patient at the South Amboy Memorial Hospital. Get well quick, Paulie!

Belated birthday wishes go out to young Frankie Wojciechowski who was 11 years old yesterday. Happy Birthday, Frankie!

A very Happy Birthday, a little belatedly, goes out to City Clerk John J. Triggs who marked his 76th birthday last Friday, December 8. Many happy returns!

Birthday greetings also go out to Miss Christina DiPaolo of Bayview Ave., Morgan, who will be 5 years old on Sunday, December 17. By the way, Christina's favorite song is, "I'm five, I'm five, I'm a big girl now I'm five."

Happy Birthday, Nini!

Belated Birthday Greetings go out to young Steve Golembeski of 16 Evelyn Terrace. Steve was 13 yrs. old on Sunday, December 10.

NOVICE HUNTER BAGS 6 POINTER

Speaking of beginner's luck - young Joseph Kolakowski, Jr., certainly had it last week.

Joseph, the 10-year-old son of Mr. and Mrs. Joseph Kolakowski of 9 Thomas St., South Amboy, was out hunting with his father last Monday morning in the Mt. Olive region of Morris County when he bagged a 6 pointer, weighing 173 lbs.

Young Joseph is a student at St. Mary's Grammar School. Bet it makes some of you "oldsters" a bit envious.

Protection Engine Elects Officers

The regular monthly meeting of Protection Engine Co. of the South Amboy Fire Department was held on Friday, December 8.

At the meeting, the firemen were paid their yearly salary and the annual election of officers took place. The following were elected:

President, Martin Keays; Vice President, Joseph A. Carroll; Secretary, John D. Leonard; Treasurer, Arthur Draper; Custodian, Anthony Charmello; Chief Driver, George Krauss; Drivers, John Howley, Joseph Carroll, Edward Szatkowski, John Szatkowski, Arthur Thomas, Richard Schultz, Frank Zebro, and Henry Megill; Captain, Donald Riley; 1st Lieutenant, Ed Downs; 2nd Lieutenant, John J. Howley; 3rd Lieutenant, Robert Noble.

Named to the Firemen's Relief were: Trustee, Robert Noble; Representatives, W. McKeon, Ed Szatkowski and Art Thomas. Company trustees are: John Howley; Richard Schultz; Robert Munck; Edward P. Moran; and John Szatkowski.

Accepted as a Buffalo member was R. Vona. Letters of resignation were received from James O'Brien and Joseph Casey,

effective December 31, 1967, and were accepted. Edward (Ned) Moran and Edward Mackiel were appointed new prospective members to replace Messrs. O'Brien and Casey.

A vote of thanks was given to chairman Frank Zebro and his committee for the successful company banquet held on November 25. Plans have been completed for the children's Christmas party which will be held on December 23 at 2 p.m. at the fire house. The party this year is for members' relatives only, and each child must present a ticket to Santa.

The captain and his assistants will begin preparations for the company carnival which will be held again next year at the Sacred Heart grounds at a date to be announced later. The annual company dance will be held again this year after the Lenten season. Following the meeting, a corn beef and cabbage supper was served to the members and their visitors by the captain and his assistants.

Use Christmas Seals--a matter of life and breath.

Seaman Lawrence Shultz, USN, son of Mr. and Mrs. Raymond R. Schultz of 12 Vermeer Dr., South Amboy, participated in "Blue Lotus," the largest U. S. First Fleet Exercise in three years, aboard the destroyer USS Pickens.

The exercise was held off the coast of Southern California from November 28 to December 9. It involved 24,000 men in 45 ships, and six air units.

The strike force phase of the exercise involved maneuvers to train participating ships in the type of Naval warfare for which they were designed. The amphibious phase of the exercise involved an actual amphibious assault at Camp Pendleton, Calif., by an embarked Marine Expeditionary Brigade.

Exercise highlights included surface-to-air missile firings at drone targets, five rocket and bombing attacks on the San Clemente and Chocolate Mountain impact ranges, and Naval air strikes to sink target ships.

Marine Private Timothy J. Moynihan, son of Mr. and Mrs. John F. Moynihan of 3279 Washington Rd., Parlin, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Pvt. James Anderson, son of Mr. and Mrs. James Anderson of John St., has completed basic training at Fort Dix, N. J. After a 15 day furlough, he will report back to Combat Support Training School in Electrical Maintenance at Fort Dix.

His address is: Pvt. James Anderson R. A. 11761500, 1st Platoon, Co. D. C. St. 4th Bn B.D.E., Fort Dix, N. J.

LITTLE LEAGUE

REGISTRATION SET

The last day of regis-tration for Little League Basketball will be on Sat-urday, December 16, at 10 a.m. in the Hoffman High School gym.

Bosox Manager to Attend Popowski Feti

The "Buddy" Popowski Testimonial Dinner Com-mittee has announced that confirmation has been re-ceived from Boston Red Sox Manager Dick Williams. He will appear along with many others to pay tribute to the popular Red Sox infield coach on January 26, 1968 at the Jernee Mill Inn.

As most baseball fans know, Mr. Williams played major league baseball for a number of years and played for the Brooklyn Dodgers during their suc-cessful seasons of the fifties.

Before becoming a major league manager, Mr. Wil-iams earned a reputation as a successful manager by guiding Toronto of the In-ternational League to a championship. He was ap-pointed as Red Sox manager for 1967 as a reward for his success at Toronto.

As a freshman manager, he guided the Red Sox to their first American League pennant since 1946. Under his leadership, the destiny of the Boston team changed from perennial second division finishes to that of a hustling, never-say-die winning ballclub. The teams' desire is evi-dent when one considers the many clutch ballgames that were won with late inning rallies. Boston fans re-sponded to all of this as all past attendance records were broken.

The Red Sox success is a tribute to the leadership of this man and his coach-ing staff as they worked hard to instill a winning at-titude and spirit of cooperation in their ball-players.

Mr. Williams wishes to acknowledge the important role that Eddie Popowski played in the team's suc-cess by appearing at his testimonial. His comments on the past baseball season should interest all listeners on that evening.
