## INTERFERENCE WITH POLICE COST \$10

About 1:30 a. m. on Tuesday morning officers Monaghan and Gleason found some men acting disorderly at the Central Railroad station, who said they were waiting for a freight on which to get a ride to Jersey City, where they worked on boats. They were placed under arrest, when some local youths attempted to interfere with the officers. This interference became so aggravated, that the officers let go of their prisoners, and caught Frank Leonard, Jr., claiming that he was one of the aggressors, and took him to the City Hall.

A hearing was held before Justice Birmingham on Tuesday, and the evidence was such that the justice imposed a fine of \$10 on Leonard, which was promptly paid.

## Jr. O. U. A. M. to Fight Change in School System

The board of managers of the State Council of the Junior Order of American Mechanics has declared against the passage of Senate Bill No. 258, providing for the abolition of the State Board of Education and the substitution thereof of a commissioner of education, and proposes to wage a vigorous campaign against the passage of the bill.

Letters have been issued to all councils of the order throughout the state, calling attention to the bill and urging them to pass resolutions against its adoption, to be forwarded to legislators of their counties.

Among the reasons advanced in opposition to the bill are the following: "It is autocratic, and un-American. It centralizes the control of the schools in a single head and takes away from the local authorities powers they should be permitted to exercise and violates the democratic principles of Home Rule."

"It is unnecessarily expensive and will cost \$28,000 for practically what is done now by the Superintendent of Public Instruction for \$5,000."

"It makes the Commissioner of Education, to be appointed under the new law, the judge of the efficiency of the school system, upon which educators all differ, and permits him to deprive the locality so condemned of State funds until in his judgment the system becomes efficient, thereby taking away the very means of improving the system."

"Sec. 19 of this act is both retrogressive and incomplete. It moves the hands of the school clock back fifty years."

"It permits the commissioner to deprive any community of a high school. It has been our pride that our school system is free from partisan politics. Under this bill it can be made a political machine at the hands of a partisan Governor."

"We object to the railroading of this bill through the legislature and feel that there should be the widest discussion and the most consideration of the measure before its passage."

## WANTS HIS \$250 BACK

By a Smart Ruse Victor Botinski Says He Was Swindled Out of His Money, and Accuses Frank Bealinski of Embezzlement and Larceny.

Victor Botinski through misplaced confidence is out \$250, and has entered a charge of embezzlement and larceny against Frank Bealinski, who was his boarding house keeper. Both men are Poles.

It appears that in January last Botinski had saved \$250, which he wanted sent to his sister in Poland to pay back some money he had borrowed from her before coming to this country. As he could not write nor read English he got Bealinski to prepare the Post Office order blanks, and they were sent away on January 16, supposedly to the right party.

Not hearing any word from the receipt of the money by his sister, Botinski became suspicious and went to the Post Office to inquire about the matter. There he learned that Bealinski had made out the order blanks payable to his wife's sister, instead of to Botinski's sister.

Botinski then consulted Lawyer J. A. Coan in the matter, and a warrant was issued for the arrest of Bealinski on a charge of embezzlement and larceny.

The case came up before Justice Birmingham on Saturday afternoon, with lawyer Francis P. Coan representing the defendant. After hearing the evidence the justice held Bealinski for the grand jury. Bealinski gave a bond in the sum of \$500 with Frank Kiunatskie as surety, and he was released.

Postmaster Haines has also taken up the matter with the postal department, and possibly the federal authorities may make a charge of fraudulent use of the mails.

### EASTER EXCURSION

#### TO ATLANTIC CITY.

During the past week the railroad passenger service has been rushed carrying people from all sections of the country to Atlantic City to spend the Easter holidays. The board walk along the shore front on Easter is generally thronged with people, and all of Fashion's latest creations may there be seen throughout the day. In order to meet a public demand to spend the day at Atlantic City, the Central Railroad of New Jersey has arranged to run a special excursion there on Sunday, leaving this city at 7:23 a. m. The fare is only \$2.25; children half price. No doubt the train will be well patronized.

### CHRIST CHURCH NEWS.

The annual congregational meeting will be held in the Parish House immediately after Divine service at 7:30 p. m. Monday, April 17. At this meeting the congregation is called upon to elect two wardens, ten vestrymen, and three deputies to convention.

The Boy Scouts had another great time last Saturday afternoon. In the evening they did some drilling under the direction of Scout Master Grimshaw.

The sermon of Rev. Mr. Burleson, last Tuesday was intensely inspiring. No sinner or more logical presentation of the Missionary cause was ever heard in Christ Church. The argument was convincing to the most rabid opponent of "missions," but whilst there was a good sized congregation, there were not a great many men present.

This Saturday at 4 p. m. bring all unbaptized children to Holy Baptism. All the Sunday schools of the parish will be combined in the Festival Service at 3 p. m.

If you are thinking of getting a gold ring, now is the time to secure one. Selling 14k and 18k rings, guaranteed, at very low prices.—C. McGonigle, Jeweler, Broadway.

### TO OUR SCANDINAVIAN FRIENDS.

The meetings in Bundensen's Hall on Main street continue as usual every Sunday at 2:30 p. m. H. P. Hanson, of Brooklyn, will speak on Sunday, April 16.

JOHN WILSON.

## Evangelistic Service at Theatorium.

The citizens of South Amboy will have a very interesting service at the Theatorium Family Theatre next Sunday afternoon at three o'clock. Mr. Daniel V. Berlage, of Brooklyn, a very earnest Bible student and lecturer, will give the first of a series of three Bible discourses here. He comes under the auspices of the International Bible Students Association, who are arranging these lectures to be given all over the country, and where they have already been delivered have aroused a great deal of interest.

The special object of this association is not to create new denominations, for there are already too many, but rather to stimulate bible study and aid Christians to a better and deeper insight into God's word.

The claim that if people could only see the reasonableness of the Bible teachings, such doctrines as Evolution and Higher Criticism, would find no advocates; and also that many honest skeptics and infidels, who have discarded the Bible would be reclaimed; for, what they found fault with is not the Bible as they have supposed, but some false theories advanced by man.

Mr. Berlage uses a large painted chart in colors, specially prepared; he claims that it is often easier to grasp important truths when presented in pictorial way to the eye as well as to the ear. Bible students, thinking Christians and honest skeptics cordially welcomed. No collection is to be taken at any of these services, and all seats are entirely free.

Walenty Lenerynski, who resides on Avenue one, Mechanicsville, near the bridge road, took a ride to Perth Amboy on Monday in a wagon owned by his son-in-law, Michael Surday, who keeps a butcher shop in Sayreville.

While Surday was in the Hammond Beef house on Fayette street, Lenerynski fell out of the wagon, striking his head on the curb. He was picked up in an unconscious condition, and an effort was made to get him to the City Hospital, but he died on the way. A fractured skull in said to be the cause of his death.

Lenerynski was employed on the coal piers in this city, and is said to have been a hard working man. By frugal habits he had been enabled to build a very comfortable home of his own. Besides a widow, he leaves six children. He was 64 years and 4 months of age.

The funeral took place on Wednesday morning from the Sacred Heart Church, and was largely attended. The Rev. A. B. Strenski, celebrated the solemn mass of requiem. Interment was made in the parish cemetery. J. J. Scully was funeral director.

## Mrs. Margaret McNeany.

Mrs. Margaret McNeany passed away at her home on George street on Saturday afternoon last at the age of 72 years. She had been complaining about six weeks, but was confined to bed only ten days. Chloresia of the liver was the cause of death.

Mrs. McNeany had resided in this city many years, and was a good neighbor and highly esteemed resident. She is survived by three sons, James, John and Frank.

The funeral took place from St. Mary's Church at 9 o'clock on Tuesday morning, and was largely attended by relatives and friends. Rev. Thomas Healey conducted the service, celebrating the solemn mass of requiem, and delivering an impressive sermon.

### SCULLY AFTER INCREASE FOR VETERANS.

Barzillai P. Irons, of Ocean county, gets the benefit of the first bill to be introduced by Congressman T. J. Scully. The Veterans will doubtless consider this as an auspicious opening of the new Congressman's career.—New Brunswick Home News.

### F. O. S. of A. DEGREE

#### TEAM ORGANIZED.

The numerous initiations recently held in Washington Camp, No. 36, F. O. S. of A., has prompted the more progressive ones to discontinue the invitations for other teams to visit them and perform the work, and to go into the degree work themselves. A team is being organized and every available member who could efficiently qualify is to be mustered into service, as militiamen or officers of the staff of the team. Costumes and arms will be supplied by the Camp when the work has been mastered, thus may No. 36 soon be heard from as an A-1 initiatory degree team.

### WANTED TO HEAR EVIDENCE.

(From New Brunswick Times.)

Frank E. De Graw, of South Amboy, is serving as a petit jurymen this term. Mr. DeGraw is not afraid to speak right out when he wants to know anything. Monday morning he was sitting in a note case and the lawyers and witnesses were talking back and forth in an easy conversational tone and the evidence was not reaching the jury. Mr. DeGraw stood right up and declared that the jury would like to hear something of what was going on. And after that the jury did hear. Mr. DeGraw is a former county freeholder and he looked after the affairs of South Amboy in excellent shape when he was on the board. And he always knew what was going on, too.

## NEW JERSEY NEWS CONDENSED.

Items of Interest From all Parts of the State as Gleaned From Our Exchanges Briefly Paraphrased.

**Putting the Owl to Use.**  
There is a choice old recipe, in which the owl figures, "to make any one that sleepeth answer to whatsoever thou ask," given in "Physick For the Poor," published in London in 1657. It says that you are to "take the heart of an owl and his left leg and put that upon the breast of one that sleepeth, and they shall reveal what soever thou shalt ask them."

The Hindus, however, declare that the flesh or blood of an owl will make a person insane who eats or drinks it. On this account men who are devoured by jealousy of a rival or hatred of an enemy come furtively to the market and purchase an owl. In silence they carry it home and secretly prepare a decoction, which an accomplice will put into the food or drink of the object of their malignant designs.

**Wanted a Supply.**  
"Politics," remarked a Washington official, "is a science as well as a circus. One of the funniest things I ever heard in that connection was about the cowboy delegate to the constitutional convention of Nevada when that territory was about to become a state. In the constitution was the stereotyped paragraph about the new state's having two senators to represent it in Washington. When it was read to the convention the cowboy delegate rose and yelled out: 'What's the use of limiting it to two? We're overwhelmingly Republican, and we can elect as many as we want.'—Washington Star.

**'Ambition.**  
I think I'll be a druggist when I am old and tough.  
And learn the name and purpose of all the drug store stuff.  
And I'll have a clerk  
For the brainy work  
And give him ice cream orders till I have had enough.

Heretofore the superintendents were elected annually, but the new Board of Education has adopted a rule that he shall be chosen for a three-year term and expects to do away with the unpleasant experience of boards in the past over these elections. That Prof. Eckels has made a success of his work was shown by his receiving the unanimous vote of the board.

After June 1 residents of Plainfield who keep chickens will have to pay \$1 a year into the city treasury for that privilege. who died recently. A baseball diamond will be laid out and the remainder of the tract will be fitted up for the amusement of the children.

Whether you move or not, don't you need new furniture?

Dear Amy:—

The old saying "Three movings are as bad as a fire," won't be true if you buy strong, reliable furniture where I got mine. When you buy any new furniture be sure to get the kind which will stand the strain of steady use and moving.

When you get a good place to trade keep on trading there; but look around until you find that place. You owe it to yourself to save money and worry.

I'm so anxious to see your children.

With love,  
Lou.

## FOR CONSTIPATION.

A Medicine That Does Not Cost Any-  
thing Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store. George W. Jaques, Broadway, South Amboy.

## A WHALE IN A HURRY.

The Truthful Mariner Tells How Fast the Big Fellow Went.

"Sometimes you can put an iron into a whale and he won't splash on the surface, but will start off like a rocket or perhaps will go right down and you have to cut loose and lose your line and irons," said the truthful old mariner.

"We were lying becalmed one day off the Cape of Good Hope. By and by we saw two or three whales coming up to blow about two miles away.

"The captain called the watch up, and a couple of boats started for the whales, which were lying still, as if sunning themselves. We raced with the other boat and got ahead, for my men were lithe and tough, and by and by we got alongside of one of the big fellows. The steering oar was pulled in, the oars were packed—that is, piled in so that they couldn't strike the water—then an iron was thrown into the floating island.

"The whale lay still for a moment, as if struck with amazement that any one should dare to touch him. Suddenly he made up his mind what to do. He started off like a locomotive, the rope whizzing around in a way to astonish a landlubber. When the rope was out we were rushing by the captain's boat like mad.

"All we could do in that double ended boat was to sit still and see her go through the water. I candidly believe that we went at the rate of a mile a minute, and the water was a very wonderful sight. It reminds me, now that I think of it, of Poe's description of the interior of the maelstrom, where the water went round so fast and was so black that it must have seemed like a wall of polished ebony.

"The pressure downward piled the water up on both sides of us so that it seemed to be at least three feet higher than the edge of the boat, but it couldn't run in, for we were going so fast it hadn't time.

"Every one's eyes were blurred with the wind, which seemed to be blowing a hurricane against us. It looked as if the whale would never get tired out, and we were going to sea at an amazing rate. The ship went away as if by magic, and we had lost sight of the other boat. Finally the line all at once slackened.

"The whale hadn't stopped and, for all I know, is going ahead at the rate of a mile a minute still, but the iron had come out.

"We rowed back to the ship, and as we came along the captain called over the rail:

"Where's the whale?"

"Oh," said I, "the iron melted out, he went so fast."

"Just what I thought," said the captain, and that night we all had plum duff and grog."—Chicago Inter Ocean.

How Queen Elizabeth Ordered a Coat. In a sale at Southby's, in London, the following document written on vellum and bearing Queen Elizabeth's sign manual was sold:

### For Visitors Only.

A young southern woman who moved to Buffalo sent to her mother for a cook who had been brought up in the family. Aunt Venetia's first public trying out was at a luncheon. The fish course was to be crabs; hence the necessity of a lecture on ptomaines and food poisoning. "Now, be sure, Venetia," said the young woman, "to see that the crabs are alive and healthy before you put them on the fire."

The day the luncheon came, bringing with it the crabs, which looked all that could be desired as they were brought to table. Pinned to one of them was a note from the cook reading:

"Miss Florence—They was all kicking alive except this one. Don't eat it yourself."—Buffalo Express.

### "The Laocoon."

The famous work "The Laocoon" was modeled by the great artists of Rhodes about A. D. 70. It represents the death of the Trojan hero Laocoon, priest of Neptune, and his two sons, as described by Virgil. It was discovered near Rome in 1506 and purchased by Pope Julius II. It is now in the Vatican. "The Laocoon," like "Hamlet," has provoked a world of comment, but all agree that it is one of the masterpieces of artistic expression.—New York American.

If that cut rate toll canal bill ever  
becomes a law and its provisions ad-  
hered to the Delaware and Raritan  
Canal will again be a busy scene of  
transportation. It is a disgrace that  
this important waterway should have  
been allowed to deteriorate.

It is expected the Legislature will  
adjourn in another week, and then it  
is probable that the people will have  
the pleasure of studying the Geran  
bill, the commission rule bill and the  
liability act.

Good Friday, April 14, was the an-  
niversary of the assassination of Presi-  
dent Lincoln. This is the first time in  
forty-six years, that Good Friday has  
fallen upon the day on which the  
Great Emancipator was struck down,  
in 1865.

Congressman Thomas J. Scully will  
please accept our thanks for copy of  
the "Constitution Manual and Digest  
and Rules and Practice of the House  
of Representatives."

The people of this county have  
cause to rejoice in the stand taken by  
Judge Peter F. Daly relative to  
"speakeasies" in the county. In court  
last Wednesday he let it be known in  
unmistakable terms that he was  
strongly opposed to the illegal sale of  
liquor and that all offenders against  
the law would be shown no mercy  
should they be brought before him.  
The people will also uphold Judge  
Daly in his position on the carrying  
of concealed weapons, and violators  
of the law will find no sympathy in  
his court. In passing of a sentence  
for this offence last Wednesday he  
said: "The carrying of concealed  
weapons is an act which is not just-  
ified here in America, except on the  
part of officials. It is not only dan-  
gerous, but cowardly. It must stop  
in Middlesex county. The court  
wishes it understood that men con-  
victed of this crime will not be per-  
mitted to compensate for the viola-  
tion by paying a fine. I want by this  
sentence to let everyone in the county  
know that the punishment for this  
crime will always be imprisonment."

The Citizen extends its thanks to  
Senator George S. Silzer for a copy  
of the Employers' Liability Act,  
recently passed by the legislature.

The voting machine that did your  
voting without you knowing what you  
voted is to be a nonentity in this State  
if Senator Bradley's bill passes the  
legislature. The people have pro-  
tested against this machine ever since  
it was introduced in this State at the  
useless expenditure of many thousands  
of dollars.

**PATTEN'S MILLIONS.**  
(From Philadelphia Bulletin.)  
It is quite possible that the scien-  
tists of the Northwestern University  
"School of Medical Research," which  
is established and endowed by  
millions of James A. Patten, the  
Chicago wheat speculator, may dis-  
cover a cure or preventive remedy of  
tuberculosis, although ample provi-  
sion in that sort of research seems  
already to have been made.

The endowment is a tithe of the  
money which is estimated to have  
been accumulated chiefly through the  
manipulation of the supply of wheat,  
and thus is full compliance with the  
requirements of Hebrew law on the  
stewardship of wealth. But it is a  
question whether this tenth, or all  
the millions of Patten, will ever be  
more serviceable to humanity than  
they would have been had they never  
been fished from the pockets of men  
and women by artificially increasing  
the cost of the necessities of life.

The aureole which is to shine above  
the head of this speculator in food-  
stuffs, now convinced that "social  
service is the one great thing in life,"  
will always be dimmed by the tarnish  
on the gold from which it is reflected.

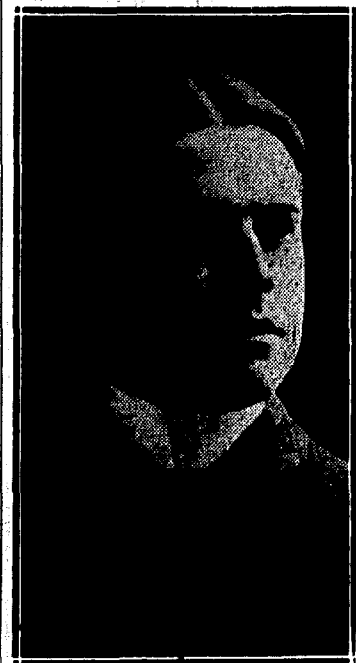

#### CARD OF THANKS.

The undersigned hereby extends  
his sincere thanks to all friends who  
kindly gave valuable assistance dur-  
ing the illness and at the funeral of  
his mother; and also to those who  
sent floral pieces as tokens of love.

## Reception Tendered To Rev. & Mrs. G. L. Allen

A very enjoyable reception was  
given to the new pastor of the First  
Baptist Church of this city, Rev. G.  
L. Allen and his family on last Friday  
evening in the Sunday school room of  
the church.

The room was filled to overflowing  
with members of the church and  
friends who desired to meet the new  
pastor and family and extend to them  
a hearty welcome to this city. Nearly  
two hundred were present and a very  
enjoyable program was given.

REV. G. L. ALLEN.

After a brief opening address by  
Deacon J. T. Dill the following  
original poem of welcome was recited  
by Senior Deacon Benjamin Green:  
Our dear Brother Allen, it yields us much joy  
To extend you glad welcome to old South  
Amboy:  
From the City of Brotherly Love you came  
here,  
Having parted with friends whom you love  
very dear;  
But the Master has called you to fields that  
are new,  
And He will supply you with friends good  
and true.

To yourself and dear wife we a welcome ex-  
tend,  
On our loyal support you may freely depend;  
As the seed of the gospel you sow on this field,  
May it spring into life and a hundred fold  
yield;  
As trophies of grace many souls you may win,  
From the snares of the tempter and bondage  
of sin.

May your labor amongst us be pleasant and  
sweet,  
As you feed some on milk and some on strong  
meat;  
Do not get discouraged, if clouds should  
appear,  
When the night is the darkest the daylight  
is near;  
A bright silver lining is back of each cloud,  
Even the dark frowning mountain with gems  
is endowed.

As you stand in the pulpit the cross to up-  
hold,  
Proclaiming God's riches more precious than  
gold,  
The whole council of God does not fail to pro-  
Present the Redeemer as the lamb who was  
slain;  
Whether men will then hear or whether for-  
bear,  
As a shepherdman you're clear, their guilt you  
won't share.

Here you'll find some nice people, also a few  
cranks,  
For most diligent labor you'll receive little  
thanks;  
Do not get discouraged you shall reap your  
reward,  
For being true to the trust of your Saviour  
and Lord;  
Advance the great kingdom of justice and  
love,  
And your home shall be sure in the mansion  
above.

As you visit the sick bringing comfort and  
May the bonds of affection and friendship  
increase,  
As you marry our sons and our daughters  
also,  
Much richer in pocket I am sure you must  
grow;  
It's the custom in Amboy, at least so I'm  
told,  
To pay for the nuptials in eagles of gold.

We would also bid welcome to you and dear  
wife,  
Into the famed circle of our charmed social  
hold,  
May the bonds of true friendship develop  
and grow,  
Like a river of peace in its calm tranquil  
flow,  
May our close social union be true and sin-  
cere,  
Causing you to exclaim I am glad I came  
here.

May your work in this vineyard advance  
and progress,  
May the wayward and erring their sins all  
sponge,  
And be buried with Jesus beneath the pure  
wave,  
Thus confessing Him Master the mighty to  
save,  
May you lead many wanderers into the fold,  
Where the glories of Zion their eyes shall  
behold.

As you preach the glad tidings of mercy and  
grace,  
And encourage poor sinners to start in the  
race,  
Which each Christian must run and earnest-  
ly try  
To reach the fair mansions beyond the blue  
sky,  
May your heart be made glad as sinners con-  
fess,  
And show by their lives they the spirit pos-  
sess.

May this church be united in sweet fellow-  
ship's bonds,  
As the pastor appeals and each member re-  
sponds,  
May a union of purpose and a common de-  
sire,  
The hearts of each member and pastor in-  
To work for the Master while daylight may  
hold,  
In gathering poor wanderers safe into the  
fold.

And now at the conclusion permit me to say,  
For your grandest success this dear people  
shall pray;  
We will hold up your hands until victory is  
won,  
And all foes of the kingdom are put on the  
run;  
And then we shall sing in loud anthems of  
Joy,  
The gospel has triumphed in old South Am-  
boy.

The balance of the program was as  
follows:  
Vocal Duet.....  
Messrs. Harold Orr and Lee Larue

Recitation.....Miss Chamberlain  
Solo.....Mr. Martin Baird  
Recitation.....Miss Chamberlain  
Selection.....Baptist Choir  
Recitation.....Miss Chamberlain  
At the close of the entertainment  
everyone went forward to the plat-  
form to extend a cordial handshake  
and a word or two of welcome to the  
new pastor and family. Refreshments  
of ice cream and cake were served and  
a very pleasant social hour was spent  
by all.

The decorations, forming a wisteria  
garden and archway in colors of  
lavender and white were considered  
by all present to have surpassed any  
previous effort. They were arranged  
under the direction of Mr. Louis Dill  
and the program was in the hands of  
Miss Bella Jackson.

In the few weeks Pastor Allen has  
been in this city he has made a host  
of friends both in and outside the  
church and his forceful and eloquent  
preaching has drawn large congrega-  
tions to all services of the church.  
One of the results of his labors is the  
organization of Boy Scouts which he  
has formed among the boys of this  
city and which is growing in numbers  
and interest each week.

## Many Good Turns By the Boy Scouts

There are 550,000 Boy Scouts in  
America. That means that there are  
500,000 good turns done daily by  
American boys. While the boys are  
taught to get as much out of the  
woods as did "Huck" Finn and Tom  
Sawyer, the idea of a daily service  
is impressed upon them. They are  
first to be helpful to one another,  
courteous to strangers, and helpful to  
women and children.

Hundreds of scout masters have  
sent to national headquarters re-  
ports telling of the good turns the boys  
are doing. Recently in Twenty-  
third street, New York, a half blind  
old man was walking along near  
where construction work was being  
carried out of the building. Three  
youngsters seeing the old man mak-  
ing his way feebly along and fear-  
ing he might be hurt, rushed up to  
him and helped him pass the danger-  
ous spot. When a lady asked them  
if they were boy scouts they said,  
"Yes, indeed, this is the third good  
turn we have done today." Straight-  
way they made a third knot in their  
necks. William Archibald, of 538  
W 142d street, a scout master, says  
that his youngsters have volunteered  
to lead the blind boys to and from  
the public schools.

Howard W. Baldwin, Great Bar-  
rington, Conn., reports that the boys  
are helping their fathers at business,  
and are assisting aged women to  
cross the streets. Frank W. Barber,  
of Amesbury, Mass., has taught the  
boys to pick up loose paper in the  
streets and thus prevent runaways.  
E. Victor Bigelow, of Lowell, Mass.,  
has got the boys to replace signs in  
the street, and to give up their seats  
in street cars to women.

John K. Berge, of Bristol, Tenn.,  
reports that the boys have done good  
work in stopping forest fires. Rob-  
ert D. Bussley, Centralia, Kansas,  
writes that his boys are fond of do-  
ing two things—namely, hunting  
possums and doing little turns for  
the poor boys' home. Frederick H.  
Bowen, of Springfield, Ill., is proud  
that his boys daily carry flowers to  
the sick in hospitals. J. Harold  
Bowen, Putnam, Conn., has taught  
his boys to protect dumb animals.  
Lester Brasefield, Oakland, Cal., says  
his boys help people cross streets.  
The scouts under T. J. Chipp, of Phil-  
adelphia, are helping their mothers  
with the housework. The tenderfoot  
of Henry S. Douglas, New London,  
Conn., do not accept any tips for  
courtesies to strangers. J. Herbert  
Darey, Sioux City, Ia., stationed his  
boys on Halloween to protect  
widow's haystacks. The boys under  
S. N. Foster, Lincoln, Nebr., wash  
dishes for their mothers.

Guy W. Gold, of Spring Valley,  
New York, has charged his boys to  
protect trees planted by the Civic  
League. Reports from other Scout  
Masters show that the boys are do-  
ing many things willingly and smil-  
ingly for their parents since they  
became Scouts that they used to do  
grudgingly before. One boy set free  
a trapped dove; another climbed a  
tree to rescue a cat; still another  
made a specialty of unchecking  
horses, and speaking to drivers about  
the harm of high checking. W. P.  
Butler, Floresville, Texas, speaking  
of the "daily good turns," writes that  
the "boys are visiting the sick, doing  
little acts of courtesy and kindness  
to each other and home folks. They  
tie horses for ladies, are charitable,  
thoughtful of language, run errands  
and help each other; sacrifice some  
pleasure, perform duties more cheer-  
fully, think of others rather than  
self and are kind to animals.

Edmond W. Fitz-Simon, The Rec-  
tory, Tuxedo, N. Y., writes about the  
daily good turns some of the boys  
the first to arise in the morning and

fight the fires for their mother.  
Others again are quick to find op-  
portunities of being kindly and help-  
ful, in giving strangers directions, of  
carrying burdens for small children  
or aged persons."

S. L. Roy McCaw, of Walla Walla,  
Washington, tells of scouts who car-  
ried cords of wood for women. P.  
A. Hamilton, of 600 W. 122d street,  
New York city, reports that a boy  
showed his knowledge of "First Aid"  
by bandaging his mother's scalded  
arm. Ernest A. Trabert, Pittsburg,  
Pa., tells of a boy who took charge of  
an intoxicated man and saw that he  
got home safely. S. G. Butcher, Red-  
lands, South Dakota, reports a high  
school girl came to him the other day  
and said: "I believe in the Boy Scout  
Movement." I asked her why, and she  
said "A boy threw a snow ball and hit  
me hard. He came to me in school  
and apologized." C. J. Kilbourn, of  
Connellsville, Pa., says that the boys  
are upholding the game laws by de-  
stroying traps and snares, and seeing  
that the streams are not polluted.

"Proper and Common."  
"What is the difference," said the  
teacher, "between a proper noun and  
a common noun?" The answer was  
not devoid of logic, but rather unex-  
pected. "A proper noun is a noun  
used properly, and a common noun is  
a noun used commonly."—Judge.

William Chapman will retire from the milk business after today, and engage in other employment.

H. F. Brown has sold his Jackson car to Charles Hardy, who expects to do some autoing the coming summer.

The head officials of the Jersey Central Traction Company went through this city on a special trolley car last Sunday afternoon.

The Euchre Club of Spotswood will resume their dances on Tuesday next. W. H. Martin, Jr., of this city, will furnish the music on piano and bells.

James Bloodgood on Tuesday completed the work of setting the new boilers and erecting the foundation for the smoke stack at the new coal dumper.

The dances at the Yacht Club will be resumed on Friday next, April 21. The committee hope to see a large number of members and their friends present.

Noticeable improvements have been made to the grounds around the Methodist Protestant Church. A few days effort on the part of the members of the congregation accomplished excellent results.

J. W. Willett has purchased the building at Morgan formerly occupied by the Tuesday Club of Newark. He has commenced the enlargement of his pavilion in anticipation of increased trade this summer.

S. L. Linden, who has been United States Express Agent in this city during several months past, has accepted the position as general agent at Matawan. His brother, Joseph Linden, will succeed him here.

The Ladies' Aid Society of the Methodist Protestant Church will hold an "April Supper" in the basement of the church on Tuesday evening, April 18. These ladies have won a reputation of furnishing everything of the best.

The members of the Baptist Sunday School will give an entertainment, "The Magic Mirror," in the Sunday School room on Wednesday evening, April 19. Admission 10 cents. There will be home-made candy for sale.

The Ladies' Aid Society of the Presbyterian Church will be ready on Saturday afternoon to supply you with bread, home-made; also cakes, pies, anything for Easter. Don't worry with baking, just go over Saturday afternoon. You are all welcome. Look at the date again, Saturday, April 15.

Recently a certain party bought two pairs of shoes out of town, and when brought home found them too small to fit the children. He then went to a local dealer with the request that he exchange the shoes for larger sizes. Of course the request was not granted, and it exhibited the "nerve" of some people. The moral is buy at home, and get satisfaction.

Contractor Jonathan Compton is not complaining of dull business, because he has more work than he can conveniently attend to. At present he is erecting houses at Highland Park, where he has so many demands for his services, that it has become almost annoying to him from the fact that he cannot comply immediately with the requests of the people of that prosperous borough.

BASEBALL NOTES.

The High School baseball team went to New Brunswick last Saturday and played a game with the High School of that city, and met defeat by the score of 9 to 4.

Today the High School expects to play the Metuchen school on the Stevensville grounds.

PENNSY STOCK PLAN.

The directors of the Pennsylvania Railroad at the regular meeting at Philadelphia on Wednesday fixed upon the method of allotting the \$100,000,000 of new stock, the issuance of which was authorized by the stockholders in annual meeting and confirmed by a stock vote. The stock to be issued at once amounts to ten per cent. of the present capital stock, or about \$41,000,000.

The privilege is extended to stockholders of subscribing for the new stock at par, \$50, between May 31 and June 5, the privilege ceasing on the latter date, to the extent of 10 per cent. of their holdings at the time of the subscription. Payment may be made in full at the time of making the subscription or in two installments of \$25 each per share, the first between May 31 and June 5 and the second between August 28 and September 1.

A copy of the resolution of the Board setting forth these and other details of the method of allotment will be mailed to each shareholder in the company. Aside from this action the Board transacted only routine business.

MADE GOOD IMPRESSION.

A dispatch from Washington to the New Brunswick Times contained in part the following:

"Congressman Scully has made a fine impression upon the hold-over Representatives here. He is looked upon as one of the strongest of the new material. Already he has been invited into the inner councils of the leaders and he promises to become a prominent figure in National affairs long before his term has expired. It is generally said that it takes a Congressman at least one term to get acquainted in Washington, but Congressman Scully is smashing that idea and before very long every State in the land will know that New Jersey has one Representative who knows how to represent."

THE PASSOVER.

Hebrew Festival Began Wednesday, and Will Continue Eight Days.

Pesach, the Hebrew festival of Passover, which celebrates the important events of 200 years of Biblical history when the Hebrews were freed from Egyptian slavery, and their subsequent stay in the torrid deserts of Arabia, began on Wednesday last.

For the period of eight days unleavened bread, known as Matzoth, is eaten to commemorate the hasty flight from Egypt, when as there was not sufficient time for the dough to be baked unleavened in the hot sun.

On the first two nights of Pesach the home service is observed in every Orthodox Hebrew home, reformed Hebrews observing only one. The Seder is a family reunion. The oldest sons of devout Hebrew families will fast until they sit down at the Seder, in remembrance of the deliverance of the first born of Israel from one of the ten plagues.

During the Passover festival household articles which contained leavened bread or other articles under the ban during the rest of the year, must be replaced by either new utensils or dishes which have been set aside for this occasion.

## NEW YORK AMUSEMENTS.

## "Little Miss Fix-It" at the Globe.

Another surprise success was sprung on New York last week when the clever song writers and Broadway favorites, Nora Bayes and Jack Norworth appeared at Charles Dillingham's Globe theatre in their laughing play "Little Miss Fix-It." Manager Werba and Luescher who already have to their credit the operetta success of the year in "The Spring Maid" at the Liberty theatre, are also the lucky managers of the new production. Bayes and Norworth have a dozen song hits in "Little Miss Fix-It" and before the end of the week every hotel orchestra in town was playing "Turn Off Your Light, Mr. Moon-man" or some other "catchy" ballad which the stars have written and are singing to a dozen encores each night at the Globe.

Two more popular entertainers have not appeared on Broadway this season and the Globe is said to have a success that will keep it packed to the doors until far into the hot weather period. The success of Bayes and Norworth is all the more remarkable as they are attracting crowds even in the face of "professional" reports that New York would not care for "Little Miss Fix-It."

The public seems to have taken the new piece exactly for what it claims to be—a breezy, rollicking entertainment that provides an excellent vehicle for the vivacious stars. There is a laugh or a song hit every minute through the performance and the critics credit it with a joyous, summery atmosphere that is suited exactly to the taste of theatre goers at the end of a strenuous season. Crowds pour out of the playhouse whistling and singing the tuneful melodies while the twin-stars are the most talked about favorites in all New York. The management announces mid-week matinees at popular prices.

## Pushing and Pulling.

It has been wisely observed that most operations can be more efficiently performed by drawing them along through their proper course than by attempting to push and jam them through, just as it is much easier to pull a rope than it is to push it. There are probably not many persons who have tried to push a rope, but very many have attempted things almost as perverse. In many manufacturing establishments, for example, there may be seen numerous examples of men wasting a large part of their energy endeavoring to move heavy pieces of work upon small trucks, pushing and laboring in the exertion of effort, a small fraction of which goes to cause the actual progression. Even when such an effective aid to transport as an industrial railway is installed it is often used at less than its proper efficiency because there is too much pushing and not enough pulling.—Cassler's Magazine.

## Bags That Last.

"The young chap whose morals I reprove for just now is my nephew," he city salesman remarked. "He has a position as errand boy in a banking house. He is a bright lad and as steady as they make 'em, but since he got that job in the bank his women relations are urging him into crime. They do not advise him to pick his employers' pockets or run away with the day's deposits, but the principle involved is just as reprehensible. They ask him to abstract a few bags that the silver money is carried in. The women want those bags for sofa pillow covers. They are made of material that will never wear out and feathers and down simply cannot sift through. By boldly asking for what he wanted the boy has secured enough to lounge his mother's sofa pillow, but if he supplies the rest of the filly I see nothing ahead of him but a career of crime."—New York Sun.

—My mother? Why, she, would near of such a thing!

## IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Margulous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, George W. Jaques, Broadway, South Amboy.

## An Experiment

By R. PEMBERTON SLADE

Copyright, 1910, by American Press Association.

When I was surgeon on board the Allemania, making trips between Bremen and Philadelphia, as I was taking my constitutional one after noon on the upper deck a lady sitting in a steamer chair accosted me.

"I believe you are the ship's medical man," she said.

"I am," I responded, raising my cap. "If you will kindly sit by me I will tell you of an operation I am thinking of having performed."

I dropped in the vacant chair beside her, and she began.

"My eyes are a natural freak," she said. "You will perceive that my right eye is black and my left is steel color. I, being a woman, am very sensitive to my personal appearance. Now, I wish to talk with you of the feasibility of making my eyes the same color."

"That is impossible," I said decidedly.

"Why?"

"Why—why, because it is impossible."

"I have thought much of the matter and have conceived a plan by which I think it can be done."

"You? Do you know anything about surgery of the eye?"

"Not professionally."

"Then why do you aspire to suggest a process that an educated oculist would not even consider?"

"Because I believe it is possible."

Thinking the woman might be insane, I looked her in both eyes—for the eye is a telltale on insanity—but could see no indications as to what I suspected.

"Very well," I said. "What is your process?"

"I propose to, tattoo my gray eye with India ink."

I was at first disposed to smile at the idea, but it soon occurred to me that if the India ink could be placed beneath the surface of the cornea, as it may be tattooed under the skin—Nonsense! Does not the pupil contract and dilate? When much contracted it would leave a ring of the original color.

"My dear young lady," I said, "your scheme is preposterous."

"Nevertheless I shall try it."

"And lose your eye."

"That is my only fear. But I have decided to take the risk."

Finding it impossible to dissuade her or induce her even to wait till she reached port, where she could be knocked out of her crazy idea by an oculist, in order to save her from the probable consequences of her experiment I said:

"The cornea of the eye is not sensitive. Indeed, it is really a casing to the eye, something like an onion. Now, I would suggest, since you will not listen to reason, that I tattoo some harmless fluid of the proper color on the eye as near as possible to the pupil. True, it will soon be absorbed, but it will be a test to guide us as to whether it will be safe to repeat the operation with a durable filling."

"How long will this experimental fluid remain?" asked the lady.

"Several days perhaps, possibly longer."

"The very thing! Will you perform the operation?"

"Not unless you refuse to promise that you will not do it yourself."

"I certainly shall do it myself unless you consent to do it for me."

"Well, then, whenever you are ready come to my office."

The lady did not come to me till the day before we were due in port. It seemed absurd to attend to a matter about which there was not the slightest necessity for haste, and I made a strenuous attempt to persuade her to defer the operation till after she had landed. But she resolutely persisted in her intention to perform it herself before a glass if I declined, and, knowing that this, especially on a rolling ship, might result in the loss of the eye, I finally gave in.

Taking a lot of needles, I tied them into a bundle, dipped them into a harmless vegetable preparation and tapped the eye with their points ever so lightly. This I kept up till the surface to be covered was so nearly of the hue of the other eye that the difference could not be easily detected.

The next day when the lady went ashore she was profuse in her thanks and volunteered to advise me of the success of the experiment. I told her I should be interested to hear it, though, to tell the truth, I never expected to hear from her again, regarding her one of those many cranks who appear to be perfectly sane, but in whose makeup some screw is loose.

A couple of weeks later I received a letter, the handwriting of which was not familiar to me. Indeed, it bore evidence of having been disguised. It read:

My Dear Doctor—I am happy to report to you that the experiment was admirably successful. The tattoo lasted about ten days, which was all that was required. The customs officers had a description of me, their attention having been especially directed to my one gray and one black eye. They were watching very carefully when I ascended the gangplank and spotted me for everything except the eyes. Thanks to you I got \$50.00 worth of diamonds through duty free. Your fee by express.

The letter was unsigned. The next day I received a package containing a fine diamond, which I had mounted for a solitary stud.

After that I refused any request of a passenger unless I understood the reason for its

### POINTERS FOR THE MOTORIST

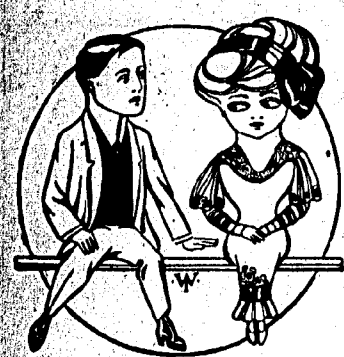

Washing tires and washing a car are two different propositions. Water alone should be used to wash tires and as little of it as necessary. After every run the envelope should be wiped clean with a damp sponge or well-wrung cloth.

A common mistake made by motorists is to mix kerosene with the water. This may be advisable when washing the body of a car to remove mud and dust from the varnish, but it should never be done when washing tires because kerosene eats rubber. This fact can be readily proved by immersing a small piece of rubber in kerosene and allowing it to soak. The rubber will soon swell and lose its elasticity. The reason for this is apparent. Kerosene is rich in fatty properties which remain after the evaporation of the gases. Every time a tire is washed with a kerosene mixture the rubber is deprived of more of its strength.

When washing tires it is best to simply dampen a sponge with clean water, care being taken that the sponge is not soaked and dripping. Then wipe the tires dry with a cloth or handful of waste.

This, and many other phases of the tire question are intimately covered in the "Book of Bibendum" sent free to motorists upon request by the Michelin Tire Company of Milltown, New Jersey.

## LOTTERY IN ITALY

Gambling Under the Auspices of the Government.

### THE DRAWING IN PUBLIC.

An Eager, Excited, Turbulent Crowd Watches This Ceremony With Intense Interest—The Prizes and the Chances of the Players.

King Humbert I. made the rules for the public lottery of Italy:

First.—The public lottery is temporarily maintained by the favor of the state under the following laws.

Second.—It is administered by the minister of finance, under whom the chiefs are chosen for their respective functions.

Third.—The lotto is formed by ninety, numbered from 1 to 90, inclusive, five of which drawn by chance determine the successful.

Fourth.—One can "play the lotto" in the following manner:

On one number (very rarely played).

On all five numbers (very rarely played).

On two numbers—the "ambo."

On three numbers, which is known as the "terno."

On four numbers, which is known as the "quaterno."

Fifth.—When one number is played the winner is paid ten times and a half his output; when two numbers are played the winner is paid 350 times his output; when three numbers are played the winner is paid 5,250 times his output; when four numbers are played the winner is paid 60,000 times his output. Therefore if one has by any chance bought a No. 1 ticket and wins the four numbers (quaterno) he wins \$60,000.

At 5 o'clock on every Saturday afternoon throughout all Italy the drawing of the lotto takes place. In Naples the ceremony is held at the end of a foul, filthy alley known as the Impresa, back in a great courtyard, in full view of the people on the balcony of an old palace. From early in the afternoon until the fatal hour the streets of Santa Chiara and the alley fill up with the crowd whose hope on this day is to be deceived. The streets are always so full of life that for this extra crowd, jostling, pushing and eager, there would seem to be no place. It is comprised of the very poor. The better classes watch for the telephone or the showing of the numbers in the various banks in the city to discover their fate, but in the Impresa the crowd of people is as dense as a shadow. There are many here who have paid their last cent for a ticket. There are many here who are in debt for the shoes they wear and will never be able to pay for them. But at the stroke of the church clock the blinds of the balcony open and the paraphernalia of the lotto are brought out—a long green table, on which is placed a crystal ball bound with silver, and an iron box containing ninety other little boxes, in which the ninety numbers are locked by the state. The officers of this performance are coolly indifferent, and the only figure deserving of note is that of the little orphan child, dressed in snowy white, chosen by law from the orphan asylum to draw up from the crystal ball the five magic numbers.

At the sight of these familiar, looked for objects the crowd begins to cry and chant, to beseech and evoke. It begs the little orphan child to draw well. And the child in his white robe, his innocent eyes on the mass of people, looks down on the beggars with their yellow locks and on the appealing mass. One by one the balls are taken out from their sealed boxes, displayed to the people and dropped into the big bowl.

They have blindfolded the little bambino, and he stands on a chair, for he is only eight years of age and is small, in full sight of the people. The balls having been shaken around for the last time, the child puts his hand in and draws. The first number that he pulls out is called forth—"No. 5." Now, every Italian who has bought No. 5 for place has either won or lost. No one holds this number in this crowd, however, and there is a murmur—and a fresh adjuration for the child to draw well. The people who have drawn for the terno and the quaterno still have their chance. The child draws again, this time No. 47, and the holders of the terno are now the interested ones, for the next will be their last chance. The enthusiasm breaks forth again with murmurs and cries and prayers, and the quiet child before the urn in his white dress hears them and trembles, for he knows that he is menaced. Before the people there is a blackboard, and a man posts up the numbers as they are drawn—5, 47, 11, 10 and 80. And this series of five is discussed, yelled at, challenged, cursed, for not one in the crowd has drawn a fortunate number. The child's eyes are unbound, and he is put down and set free. The balls are returned into their boxes sealed up and carried away under the eyes of the crowd, which after waiting for a moment, unable to believe its ill fortune, breaks up and disperses. Apathy is thrown upon the majority as much as such a state of mind is possible to a Neapolitan mass as they begin in groups to discuss the failure of their schemes and their combinations.—Marie Van Vorst in Harper's Magazine.

### Y. M. C. A. NOTES.

Envoy Eli. Heckman, of Corps No. 1, New York City, Salvation Army, delivered a strong convincing message to the usual large gathering at the Sunday afternoon meeting of the Y. M. C. A., using the subject "Fishers of Men," giving interesting illustrations and experiences. Mr. Heckman being a marine captain and also active in the Salvation Army work wherever they are located at or near ports he enters, is qualified to handle such subjects as "Fishers of Men" in a personal and practical way. The general feeling is, that much good is being accomplished in the line of personal work as a result of the work of the Y. M. C. A. meetings. The musical program in charge of the Methodist Protestant choir was very much appreciated, it being in harmony with the address. The solo rendered by Sadie Mourestock, a child under eight years of age, was an exceptional treat.

Sunday afternoon the 16th, Rev. J. L. Allen, of the Baptist Church, will give an Easter talk. Special musical program by the music committee and the boys' choir.

### Athletic Department.

The baseball game of last Saturday afternoon on Stevens was won by the Y. M. C. A.

A team some notes were made of plays. Krause's batting, Hartshorn's fielding and pitching, Martin's base running and work on short, Stults and Catter's fielding, James, Danzer, Haines and Bloodgood were the batting stars. The battery composed of Atkinson and Preston worked together and done good work but proper support would have won the game for them.

This Saturday afternoon a game will be played on the Stevensdale grounds between the local High School team and a strong Metuchen High School team, after which the Y. M. C. A. players will get together and do some final work in placing players to their positions.

The membership of the Tennis Club is growing and several fast and interesting games have been played and some match games have been arranged that are interesting to those who enjoy the game.

"Old Glory" is generally displayed about the city.

Automobile traffic through this city last Sunday was very large.

William Stephenson has purchased a Crow Elk-Hart touring car.

Extra guards have been placed in the railroad yards in this city.

Wyckoff & Rue, the grocers, are now sporting a very neat looking auto delivery truck.

The Public Schools were closed on Good Friday and will also be closed on Easter Monday.

Congressman Thomas J. Scully has again been placed on the rivers and harbors committee.

Motor boat owners are busy overhauling their craft preparatory for the coming season.

Next Sunday will be Easter, and special services will be observed in all the churches.

A number of bungalow owners at Morgan Beach are building extensions to their present headquarters.

Symmes H. Ingraham and Whitfield Albright are the grand jurors from this city for April term of court.

Soldiers are guarding the New York and Long Branch Railroad bridge over the Raritan river, between this city and Perth Amboy.

A prize waltz will be one of the features of the dance and reception to be held by Seneca Tribe No. 23, Imp'd O. R. M., on April 12.

The South Amboy Yacht Club is getting ready for the tennis season by erecting another court. Last year one court was not sufficient to accommodate all who desired to play.

Chief McDonnell gathered Steve Mashuski into the City Hall lockup Wednesday night for being drunk and disorderly, panhandling, so on, so forth, etc. Thursday morning Police Justice Birmingham held a hearing. Quick work resulted. Five dollars or sixty days was the sentence. Shortage of cash, therefore, sent Steve to the county seat to be the guest of Sheriff Houghton from now to sometime about Decoration Day.

It even costs money to get excited these days. The other day the children of William Rehffuss and Abe Bloodgood, who are neighbors, got mixed up somehow. The parents, as a matter of course, took sides in the controversy and the next thing is a scene in the Police Court. There Mr. Rehffuss was the defendant to a complaint entered by Mr. Bloodgood. Police Justice Birmingham listened to the versions of the affair. Then, when Mr. Rehffuss admitted that he had become excited and acted indiscreetly the Police Justice bound him over to keep the peace and fined him three dollars for the breach of peace committed.

At the Home Defense League meeting last Tuesday night a question arose as to how the flag that was being hung in the front of the room should be set, that is, whether the star field should be on the left or on the right as the audience faced it. The Mayor put it up to the audience and when responses were sparingly made referred it directly to Judge Mason, a veteran of the Civil War. He said to the Judge, "What do you say, Mr. Mason, is that flag right where it is?" "No, sir!" replied the Judge, "according to President Wilson that flag ought to be over in France where it belongs." There was of course a hearty laugh at the sally and a good deal of applause, too.

**EQUAL SUFFRAGE PRO AND CON.**

(Continued from Page One.)

Tion of questions from the audience addressed to the speakers who answered in turn thereto. Of these there were many thus further attesting to the active interest being taken by those present in the proceedings. These questions tended to bring out the attitude of the movements for and against the suffrage question toward the prohibition question, the effect of the approval or disapproval of the Federation upon the question at issue, the effect of such action upon the various individual clubs and also upon the Federation, the necessity for passing in some manner upon the suffrage question at the present time and the action taken by other Federations in other States than this upon the question under consideration. Then came the conclusion of the evening's program and the dispersal of the audience to their various domiciles, there to go over, perhaps, the various sides of the question as presented by the speakers, and there to arrive at a conclusion, probably, to guide them in casting their own individual ballot when the resolution, the purpose of which is to instruct the convention delegates as to the attitude of the South Amboy Woman's Club in the matter of Suffrage or Anti-Suffrage, comes before a meeting sometime in the very near future.

**FREE RUSSIA TO LIBERATE POLAND**

The announcement of a formal proclamation of the provisional government of a prospective Republic of Russia, offering freedom and virtual independence to a really united Poland, is strikingly impressive. Owing to the weakness and disloyalty of officials now thrown out of public life by the Petrograd upheaval, even Russian Poland is now largely in Prussian hands, under Prussian power. But when this war ends, as it seems certain to end in triumph for the Allies, London and Paris will be content to leave Russia to deal with her part of the original Kingdom of Poland as she pleases. That the Poles should themselves determine whether they want a republic or a limited monarchy is declared from Petrograd. It cannot be denied that this is rational. For some races, under some conditions, a limited monarchy may be better and safer.

But a united Poland means much more than Russian surrender of the power to tyrannize over the greater part of the old kingdom. Prussia got only 26,000 square miles and Austria only 35,500 square miles against 220,500 for Russia. Galicia, with Cracow as a center, has remained a center of Polish thought under Austria's flag. Bismarck, on the other hand, held strongly to the policy of flooding Prussian Poland with German colonists, buying up large Polish estates to put German farmers on them. His policy, not instantly followed since his time, has not been successful in changing the racial character of the popula-

ical extent and immensely strengthen its chances of surviving.

Every indication is that the best thinkers in Europe are puzzling over the problem of rearranging the lines of nationalism to make for race identification with nationalism. That is sure to be the keynote of any new map-making for Central Europe.—Brooklyn Daily Eagle.

Few men are able to follow their own walk of life; they usually get in somebody else's road.

**MEXICAN GETS THIRTY DAYS.**

It has often been said that Spanish was a musical language. Maybe that is why the Mexicans, who copy the Spanish quite closely, come pretty near singing their names. Frederica Calena, the way he said it sounded as though he were just starting to sing a song of some kind, drank himself into the Police Court for a hearing Thursday morning. Of course he didn't do it deliberately, but then ignorance is no excuse. Wednesday afternoon Special Officer Smith, of the Pennsylvania Railroad police force, found Calena, who is a Mexican quartered at the camp at Runyon, wandering about the local yards in a somewhat dazed and drunken condition. For the safety of the man himself the officer felt duty

bound to take him in charge and accordingly remove him to the City Hall lockup. Five dollars or thirty days was the sentence pronounced by the Police Justice. Calena, however, had been visiting some friends at the local camp the day before and was guiltless of any contamination so far as having any of the "filthy lucre" on him. Constable McCabe staked the prisoner to fifteen cents for the ride to the county seat.

## PRESBYTERIAN CHURCH

Very nearly two hundred in the congregation on Sunday morning! This is surely an inspiration to the pastor. It not only expresses to him, an appreciation of the splendid sermons he delivers, but also shows a willingness on the part of the people to co-operate with him in the work of the Master.

We are especially glad to welcome thirty-three new members into our church. Volunteers for the Master's services are needed to fight against the warfare of sin just as surely as our beloved country needs volunteers to fight for the defense of its honor and integrity and just in proportion as the citizen has heeded the higher call of the Christ will be his value in the national crisis. For human strength is of but little avail in any crisis of life.

The pastor impressed the thought at the Communion Service that although we were all unworthy to partake of the bread and wine, it was possible to partake of it worthily. If our motives were pure, if our attitude toward others were an attitude of love and good will, then surely we would be welcome at the table of the Lord.

Everyone make an extra effort on Sunday morning to come out and attend the Sunday School service. The service starts promptly at ten o'clock and there are classes for all.

Plans are being made to give our young people an opportunity to enjoy themselves. Already a tennis court has been marked out on the church property. The court will be completed just as soon as the weather is favorable. The Van Cleave's Men's Club is interested so of course all plans will be successful.

The Van Cleave Men's Club of the church is planning to give a reception to the new members of the church. The time for this event is not definitely fixed as yet. We are just telling you now, to give you the pleasure of anticipation.

## BAPTIST INKLINGS.

Sunday morning last being Palm Sunday, Pastor Tilton had previously arranged a special service. There was an opening chant by twenty-five children.

Sunday afternoon last Sunday School was opened at the usual hour of 2:30 o'clock. There was a fair attendance.

Sunday evening the Young Peoples' Society met in the Y. P. Room at 6:45 p. m.

Regular evening services were begun at 7:45 p. m. Pastor Tilton preached a sermon on "Counting the Cost." He emphasized the fact that many of us never count the cost of refusing to be Christian but still we always ask how much will it cost to be a Christian.

On Monday evening the Mission Circle met at the home of Mrs. F. L. Hawes.

Special Evangelistic services have been held each evening this week, in order to conclude a "Win My Friend" campaign which was begun several weeks ago.

On Friday afternoon (to-day), the Junior Christian Endeavor met in the Lecture Room.

Special attention is called to the announcement of a recital to be given by Miss Clarvenia Larew on the evening of April the eleventh at eight o'clock. This recital will be given under the auspices of the Ladies' Aid Society and a large attendance is expected.

The annual meeting of the Woman's American Baptist Home and Foreign Missionary Society of Monmouth Association will be held in the Baptist Church at Middletown, N. J., on Wednesday, April 11th, commencing at

For several years the CP and the American flag has played in the front of the day School room.

Last Sunday evening was an eventful evening. A large congregation, the American flag draping the pulpit and also another Old Glory draped gracefully back of the pulpit. An appropriate sermon by the pastor and also patriotic hymns were sung by the enthusiastic congregation. The following hymns were sung, "Onward Christian Soldiers," "My Country 'Tis of Thee," and the "Star Spangled Banner." Our flag will always be in evidence during these trying times.

At the last meeting of the Usher's Union a very good report of the work of the Union was read. Not only have the ushers been faithful to duty but within the past sixteen months this society of the church has purchased ninety new Church Hymnals.

Plenty of promise in the bud. We refer to the pleasing entertainment given by the Junior League last Thursday afternoon. The young folks are given proper training in leading meetings, thus giving them confidence. Encourage your children to attend the Junior League which meets every Thursday afternoon after school hours.

A large number of communicants partook of the Holy Communion last Sunday morning. The subject of the sermon was, "The Night of the Betrayal." Two united with the church, Mr. and Mrs. Henry Gaimo.

In connection with the evening service, the sacred rites of Baptism was administered to Mrs. Dora Adele Lowenberg. Following the baptism Mr. William Lowenberg, the husband, and his wife, united with the church. The service was very impressive.

We attended the stag entertainment given by the Railroad Y. M. C. A. A representative body of men were present and should be on such an occasion. A large number of young men were in evidence. The clam chowder repast proved to be a very popular part of the evening's program. The climax, however, was the entertainment given by Mr. Malcolm Shackelford. To say the least, he is very clever and has a personality and a humor that wins him, without effort on his part, his audience. So no matter what he put over it went, and the applause given him after each selection was an evidence that his hearers enjoyed his selections. Come again Mr. Shackelford.

One day last week while passing one of our grocery stores, we happened to spy a stray onion that evidently had fallen out of one of the baskets. A policeman was near by, otherwise it might have been kidnapped.

Next Sunday being Easter, the day will be appropriately observed as such. The pastor will preach an Easter sermon during the morning service and appropriate music will be sung by congregation and the choir. The Sunday School have been practicing on a splendid Easter program which will be given at the evening service. We advise you to come a trifle earlier than usual if you are to be assured of your favorite seat in the church.

The pastor desires to express his appreciation for the consideration shown him and his request that the members of the church move up a few seats farther front. Thank you.

The Every Member Campaign, now in operation among our good Presbyterian folks, meets our hearty approval. Your scheme is business like and why should not a church with business men as its members, have the same interest in the welfare of the financial success of the church as their own. "What is not that I must be about my Father's business?" So said our Savior. Let us get busy. Closing your eyes and looking solemn don't pay the coal bill.

Unless a woman is looking for trouble she has no business to look sympathetically at a married man whose wife is present.

After a girl gets married she begins to lose interest in curling her hair.

Love stories.

## CHURCH CHRONICLES

Holy Baptism will be administered immediately following the second lesson, at Evensong, in the parish church, to-day (Saturday, "Easter Even"), at 4 p. m.

The services for Easter Day are as follows:

Holy Communion—8.00 a. m.  
Holy Communion—9.30 a. m. (at Doane Memorial Chapel).  
Choral Eucharist and Sermon—10.30 a. m.  
Sunday School Service—3 p. m.  
Evensong and Sermon—7.30 p. m.

We call the attention of parents and children to the fact that there will be no morning session of the Sunday School, as we wish the children to attend the church services. There will be a service in the afternoon at 3 o'clock, however, at which time all of the members of the three schools of the parish will gather to present their mite-box offering for missions. Nevertheless, all the children, whether or not they are communicants, are urged to be in attendance at one of the celebrations of the Holy Communion. We hope that the sum total of the mite-box offerings will go much beyond the record of previous years.

Remember, that we want and need at least \$1,000 on our Easter offering. If we secure that amount, we shall go ahead with the work on the churchyard, and also proceed with an entirely new lighting system for the parish. Surely, such improvements are calculated to arouse the most enthusiastic and generous giving. Remember our slogan: "A 'greenback' from every wage-earning communicant in Christ Church parish!"

The Bishop comes for confirmation on Low Sunday (the first Sunday after Easter). There are yet a number of adults who are still "halting between two opinions" in this matter. Make up your mind now, and give your name to the Rector.

The annual parish meeting in the parish house on next Tuesday night should have at least 150 or 200 of the voters of the parish present. Amongst the items of business to be transacted are: The election of wardens and vestrymen, the election of delegates and alternates to the forthcoming diocesan convention and the hearing of written reports from every guild and society in the parish (particularly from the treasurers of such organizations). Those who are qualified to vote are as follows: All "baptized males, and all confirmed females of full age and good moral character, who adhere to this church and to no other religious body, and are habitual attendants upon the services of the church of the said parish and who for six calendar months next before said meeting, have contributed to the current expenses of said parish." The business meeting will be preceded by Evening Prayer at the church at 7:45 p. m., and after all business is transacted, there will be a social half-hour.

There will be a regular monthly meeting of St. Martha's Guild next Tuesday afternoon at 3 o'clock. Very few have made any response as to the selection of a booth at the fair.

Senator Henry E. Ackerson will address the Men's Club of Christ Church at its meeting, one week from next Tuesday.

Flowers for the Altar on Palm Sunday were given by Mr. John Henry Smith, in memory of his father.

## WEEKLY SUGGESTIONS FOR VEGETABLE GROWERS

(By R. W. DeBaun)

Spring is here and just as soon as the soil is in condition to be prepared for planting, certain of our vegetable seeds should be planted. Some crops, such as peas, spinach, lettuce, onions, etc., are cool season crops and do their best when they have an early start. In fact, many people say their peas did not yield well last year, or their lettuce went to seed, or their onions did not grow to good size, and this may have been just because they did not plant them early.

Every trucker or gardener should plant plenty of garden peas because this crop requires but little care, and in June a good money crop may be gathered for market or cannery. For the home garden, peas are most excellent as they are most luscious and nutritious. Besides that, peas are a legume and improve the soil in the same way that clover, soybeans or vetch would improve it. When these vines are worked into the soil about the last part of June, they become a most excellent form of manure for the succeeding crops of late tomatoes, cabbage, beets, celery or beans.

Asparagus should be planted as soon as convenient to do so. It is highly important to use only the strongest one-year old roots. By careful experiments at the Pennsylvania Experiment Station it was found that where they selected the roots into three grades before planting, the annual crop harvested from the strongest roots is worth \$125 per acre annually more than where the crop is growing from weaker roots. For that reason it is true economy to buy twice as many as you will need and plant only the best ones.

Potatoes are usually planted during the first part of April in Central Jersey. Most of the commercial growers prefer to apply all of the fertilizer (1,500 lbs. per acre) in the row with the seed, but when this is done care should be taken to mix the fertilizer through the soil so that the fertilizer will not prevent the seed pieces from sprouting. In spite of the fact that potato seed is high priced we must remember that it pays to use good sized pieces when planting. They are usually placed about 14 inches apart in the row and are covered from 1½ to 3 inches deep.

Early cabbage plants may be set in early April, provided they are well "hardened off" before they are to be set. By "hardening off" is meant that by constant exposure by removing the sash and by withholding water, the plants are made hard, stocky and used to the cold weather. When they are first set it may be well to put dirt up around the stem, as this will protect the stem from being split by sudden freezes. The cabbage maggot may be effectively prevented from getting to the roots of the early cabbage, provided a round piece of heavy tar paper about three inches in diameter is slipped around the plant when it is first set. These may be purchased for \$2.00 per thousand. They may be placed around the plants quickly because there is a little hole for the plant in the middle of the disc and a cut from it to the edge of the disc. Therefore, they may be quickly dropped into place.

Half barrels, butter tubs or boxes with no bottoms in them placed over the rhubarb hills at once will force the development of very long stalks. Try a few hills.

Everyone likes to grow large heavy heads of lettuce. The specialist in vegetable growing at the State Agricultural College states that he receives many letters from people who were disappointed because they got only seed stalks. This discouraging result can be avoided by planting early and by giving each plant almost one square foot of soil for itself. This seems like a waste of space but the results will reward the grower.
