Mullane and Pierce Resign

City Council accepted the resignations of two major officials Tuesday night, and accepted also the Mayor's requests for replacements.

Thanking the board for past courtesies, City Attorney John E. Mullane, resigned in a written affidavit to be effective December 1, 1972.

Also resigning was City Engineer Richard Pierce, also effective December 1.

It was with regret that the council accepted these two resignations and indicated that the two personages would be greatly missed.

Named as a replacement for Mullane, at the request of Mayor William O'Leary was Municipal Judge John R. Everett. Also named was Frederick Kurtz to replace Pierce.

Joseph Hoffman, the son of Doctor C.W. Hoffman has been named to replace Everett at the Magistrate post.

"Mullane's been wanting to retire for years," Councilman Albert Sorrentino said after the meeting, "but we've been begging him to stay on."

Councilman James Inman had questioned the mayor regarding the salary to be awarded Everett, who will serve out the remaining two years of Mullane's term of office. O'Leary had commented later that a meeting will be held before the end of the year to determine whether or not it is possible to have Everett work on a flat salary rather than an individual fee basis. "And there is a good chance of that," said O'Leary. It was also noted that Mullane's fees over the last two years will be compiled to use as a basis for the negotiating.

During the voting on all three moves, Inman stuck to his "No" vote. He de-

clined to comment later as to why he had done so but said that a prepared press release would be made available shortly.

In other business Tuesday, Council was notified that \$2,153 has been allotted them from the state for construction and maintenance of roads.

Because the municipality operates on a calendar year basis, the funds will be available for use come July 1, 1973.

Also, Councilman Frank Zebro commented at a statement made by Inman several days ago. Inman had asserted that the reason the road bids were rejected was because there was no money available. Zebro indicated however, that the real reason was that Manzo Construction Co. had been convicted of certain charges and that legal advice had dissuaded them from granting Manzo the bid despite its low bid.

A letter from City Engineer Pierce was also received requesting that reconstruction of upper David Street be held off until early spring 1973. The reason for this move was that probable inclement weather conditions through the winter would probably cause delays anyway, in addition to the problem of correctly working under such conditions. The job should take about a month to complete and Manzo Construction is the operating firm.

Inman also complained Tuesday that the city mechanic Howard Connors was spotted driving a police car. The Mayor responded that he could have been road testing the vehicle but agreed to have the matter looked into. This is the second time this has happened, Inman said.

CAROLING NIGHT DECLARED

The Council has accepted the request of representatives of the United Methodist Church of South Amboy that December 16, be declared Caroling Night in the city.

According to Rev. Joel Wright, the church Minister, the evening will be spent in carolling by the churches of South Amboy, in all parts of town plus the hospital and nursing home.

This will be followed by singing in front of city hall and capped by the arrival of Santa Claus. Members of the Council will be present at city hall to be introduced and make a few remarks.

The Rev. Wright also made it known that Frank Jarrel of Mountaineer Construction Company has made the offer to sponsor the event and to supply gifts for children and other patients at the hospital and nursing home. Rev. Wright requested that the Council urge the businessmen of South Amboy to participate.

From 7:45 to 8:30 there will be carolling throughout the city. At 8:30 the ceremonies will take place at city hall, with Santa arriving at 8:45 p.m.

Members of the Methodist, Episcopalian, Sacred Heart and St. Mary's Churches will begin carolling at the Oakview Nursing Home at 7:00 p.m. and South Amboy Hospital at 7:30 p.m.

HOLIDAY FIRES

CHRISTMAS GIVING is continuous for these members of South Amboy Memorial Hospital Women's Auxiliary, who give of their time all year round so hospital may expand and improve. Putting finishing touches on tree at Battleground Country

Club, Freehold, scene of hospital's third annual Champagne Ball, are these committee members - left to right: Mmes. Irwin Keller, Robert Rehn, Frank Leccese, Charles Urbanski, John Thomas and Marvin Goldstein.

STUDENT MEDICAL ASSISTANTS PROGRAM ESTABLISHED AT LOCAL HOSPITAL

MADISON TOWNSHIP HIGH SCHOOL SENIORS have enrolled in first class for medical assistants sponsored by South Amboy Memorial Hospital and the high school. They are, (standing, left to right): Debbie Johnson, Beverly Dychkowski, Sharon Cornell, Barbara Serpos, Kathy Zavala, Ellen Amrein, Nancy McConville, Diane Gumino, Colleen

Welland, Marge Jandron and Debbie Toth. Seated left to right are: Mrs. Elizabeth Gilroy, R.N., B.S.N., Madison Township High School teacher in charge; Eugene J. Nieto, administrator; James P. Gaeta, principal; Madison Township High School; Mrs. Grace Crystal, R.N., N.A., director of nursing at South Amboy Memorial Hospital.

Dr. Joseph S. Bushinger, director of secondary education in Madison Township, and Eugene J. Nieto, administrator of South Amboy Memorial Hospital, have announced that the first class for medical assistants has started at the hospital. The class is for Madison Township High School senior girls who are seeking careers in the health field.

The 14 girls in the first class spent their junior year in a classroom program designed by school officials so that in their senior year practical experience could be gained at the hospital. The class has been assigned to the nursing department at the hospital; however, class instruction will be directed by Mrs. Elizabeth Gilroy, R.N., B.S.N., co-ordinator of the program at the high school. Classes at the hospital are conducted twice a week by Mrs. Gilroy, from 12:30 p.m. to 3:00 p.m., and will last for three months, at which time another class will be introduced.

Mrs. Grace A. Crystal, director of nursing at the South Amboy Memorial Hospital, addressed the students upon their arrival at the hospital. Mrs. Crystal and her staff were greatly impressed by the enthusiasm shown by the girls, who wore blue and white uniforms which they designed themselves.

C.W.V. CONTAINER COLLECTION PLANNED

Letter To The Editor

Dec. 4, 1972
146 David St.
South Amboy, N.J.

Dear Sir;

We had an outdoor light ornament on our porch. It
was stolen sometime late Sunday night, December 3,
1972.

It was a cherished keepsake of my father's who is
now dead. My mother was terribly upset by this. The
person or persons who took this had to cut through
wires attached to or mail box.

I'd like to ask if the person or persons who took it
would please return it as it doesn't mean anything to
them but it does mean a lot to my mother, sister,
my husband and myself.

I Remain,
Mrs. I.J. Callahan

TAX SALE NOTICE

OF REAL ESTATE IN THE CITY OF SOUTH AMBOY
FOR NON-PAYMENT OF TAXES AND ASSESSMENTS

Public notice is hereby given that the undersigned,

CELEBRATE ANNIVERSARY

The Baritan Bay Chapter of the National Secretaries Association will celebrate its Fifth Anniversary at a Christmas Dinner and meeting on December 13 at the Madison Restaurant on Route 9 in Madison Township. Gifts will be exchanged after the special planned program.

The Chapter has again earned its Chapter Professional Development Award for the second year. The award signifies professionalism achieved through educational programs. The certificate was presented to Miss Barbara Omur, President of the Chapter, by Mrs. Carolyn MacDonnell, Chairman of the N. J. Division, NSA, at the last meeting held at the Madison Restaurant.

Each month a member of the Chapter is in attendance at the meetings of the Sayreville War Memorial High School Chapter of the Future Secretaries Association (FSA). The FSA Chapter is sponsored by the Baritan Bay Chapter and has been in existence since the beginning of the current school year. All programs are planned for the girls by the sponsoring chapter.

Future plans of the Chapter include a CPS Mock Exam to be held in late February and a Chinese Auction in early April. Actual dates will be announced in future releases.

Meetings are always open to any secretaries wishing to attend. Programs scheduled are always interesting and of varied subjects.

Contact: Mrs. I. Cavanaugh, RD 1 - Box 106, Morganville, 07751, or call 201-591-9334.

LOCAL CHURCH TO PRESENT YULE PROGRAM

The First Presbyterian Church of South Amboy will present a Christmas Program on December 10 at 4 p.m., Sunday in the Sanctuary.

The program will feature a play entitled, "How Joey found Christ at Christmas". The entire Sunday School from Nursery to Junior High will participate in the program under the direction of Mrs. E. Newton.

Refreshments will be served following the program.

The regular meeting of the Junior High Fellowship will be held at 7 p.m.

N. L. INDUSTRIES DECLARE DIVIDENDS

N. L. Industries, Inc. announced today that its Board of Directors has declared a quarterly dividend of 25 cents per share on its common stock, payable December 22, 1972 to shareholders of record December 8, 1972.

This brings the total that has been paid as a dividend during 1972 to \$1.00 per common share.

N. L. Industries has paid cash dividends on its common stock for 66 consecutive years.

CLASSIFIED ADS GET RESULTS

TO MEET THE PARTY

The Sororist Club of Twin Light will have their Christmas Party at their December 14th meeting. They will host Freehold, Red Bank and Asbury Sororist Chapters at the Annual event, which will take place at Bahr's Restaurant in Atlantic Highlands.

Their recent Special Event in behalf of the South Amboy Memorial Hospital Expansion Program was a "Tricky Tray" which will add over \$800 to their growing fund for the hospital.

Next Special Event for the benefit of the hospital will be the Annual Charity Ball which will take place on April 28, 1973 at the Magnolia Inn and will be chaired by Mrs. Edna Gentile.

Handicrafts Sale

On December 12th, 13th, 14th the Middlesex County Welfare Office will sponsor a Handicrafts Sale at the YWCA lounge, 51 Livingston Avenue, New Brunswick, New Jersey, between the hours of 10 a.m. and 3 p.m.

The hand-made items to be sold, displayed or ordered include crocheted items (shawls, ponchos, dresses, dollies, bedspreads, stuffed animals, novelty items), children's clothing, knitting, embroidery, ceramics, paintings and hand-carved wood products.

Participating are about 60 people including women, children, senior citizens, disabled people as well as 3 nursing homes and the Hospital for the Chronically Ill. The show will be staffed by volunteers from the Welfare Office; all proceeds will go directly to the participating people.

It is hoped that the handicraft show will give exposure to the fine products (many of which take months to make) made by community people and allow some of them to start small businesses at home. The items are of the highest quality and reasonably priced for the holiday season.

Committee members are supervisors Pat Coles and Angela Bellizia, and Administrative Supervisor Mrs. Ina Sullivan.

Christmas Cheer

The New Jersey State Branch of the Shut-In Society, a National Organization with a membership of hundreds of invalids and handicapped people, will gladly furnish names and addresses of Shut-In members to those interested in sending cards or small gifts. These remembrances will bring much happiness to the recipients.

Mrs. M.B. Hamfeldt, of 47 Orange Avenue, Irvington, New Jersey, 07111, Chairman of the Appeals Committee, will be happy to supply names of Shut-In members to any who write, specifying the number of names they wish to remember.

This effort is greatly appreciated as there are many elderly members in nursing homes who are lonely especially at this season of the year.

"HAPPY HOLIDAYS" was the theme for the annual Calendar Dinner held by the Sacred Heart P.T.A. recently. Chairladies for the affair were Mrs. Joan English and Mrs. Dot Krosnowski.

The invocation was given by the Rev. Francis Klimkiewicz followed by the singing of the National Anthem by Mrs. Clarence Saunders.

The welcome address was given by Mrs. Patricia Rysinski, pres. of the P.T.A.

Dinner music was furnished by Mr. Robert Malinowski. "The Burgandies" supplied music for dancing after dinner.

The following is a list of captains, committees and their themes: Holiday: Christmas. Captain: Mrs. Carol Solfaro. Committee: Mrs. Patricia Dygalski, Mrs. Josephine Grzymalski, Mrs. June Klein, Mrs. Louise Marotta, Mrs. Rita Ruotillo and Mrs. Janet Ryan.

Holiday: St. Patrick's Day. Committee: Mrs. Joanne Durski, Mrs. Lorraine DiPaolo, Mrs. Theresa Meade, and Mrs. M. Picchini. Holiday: Thanksgiving. Captain: Mrs. Barbara Sebok. Committee: Mrs. Barbara Diem, Mrs. Agnes Dzienciol, Mrs. Joan Lovely and Mrs. T. Smith.

Holiday: Election Day. Committee: Mrs. Carol Jankowski, Mrs. Phyllis Madura, Mrs. Claire Moskwa, Mrs. Lorraine Zebro and Mr. Tom Madura.

The grand finale which was "Happy Days are Here Again" and "Those Were the Days" was sung by everyone.

Senior Citizens of St. Mary's S.A.

The St. Mary's Senior Citizens Club will hold a Christmas Party for members only on Monday, December 11, 1972 at the K of C Hall, Fourth St. at 1:30 p.m.

A buffet luncheon will be served, carol singing and games with prizes for the winners and the traditional Grab Bag will also be on the program.

The Afghan raffle will take place at 3 p.m. A request has been made for all raffle returns to be in prior to 3 p.m.

The committee invites members to come along and let's have a groovy afternoon you "Youngsters."

A New Look Comes To Sayreville

Excitement, a fresh magic in weight control, a new look--all are coming to Sayreville on Monday, December 4th, when Lean Line opens a branch at Polonaise Inn, 9 Crumb Street. This is an open and free meeting at 7:30 p.m., and Lolly Wurtzel and Toni Marotta, co-directors of this modern and forward-looking weight reduction club, will be on hand to welcome guests and explain the program.

In addition to the medically approved and nutritionally sound diet, Lean Line offers much more. Buzz sessions are encouraged at each meeting, where small groups of members discuss mutual problems in weight loss and control.

A built-in maintenance procedure, or "cruise dieting" is an integral part of the program. At each ten pound loss, the member practices maintenance for one full week with complete direction and supervision of the director. In this way, the dieter learns and understands the pitfalls of maintenance and is better equipped to handle it when goal is reached. Losing weight is a definite accomplishment, but losing it and keeping it off is the crowning achievement.

In keeping with their efforts to bring their members the most up-to-date techniques in dealing with weight problems, Lean Line has incorporated an exciting new dimension into its program. This innovation is a noted University Psychological Method for Weight Reduction, and involves an understanding and retraining of destructive eating habits.

While the main purpose of Lean Line is the reduction of weight, this is not the only concern. The individual member is extremely important, and much attention is given to mental attitude. How one feels

about oneself is a contributing factor in the success of any weight reduction program.

After fifteen consecutive weeks on the Lean Line program, and a weight loss of at least ten pounds, an award is presented to the member -- a lovely piece of jewelry especially designed for Lean Line. Upon reaching goal weight, a further award is given, representing the total weight loss. A free lifetime membership and figure conditioning program are also received at this time.

Become acquainted with Lean Line and its directors at this open meeting. Free diet recipes will be available, and drawings will be held with several free meetings as the prizes.

Lean Line is expanding rapidly and at present has meetings throughout New Jersey, Staten Island, Brooklyn and Long Island. Further information is available by calling 757-7677.

Talent Expo will present several seasonal offerings. Talent Expo is a search to discover the best young talent New Jersey has to offer.

Santa Claus will naturally make an appearance and adding to the good cheer of the season, the Howard Johnson and Holiday House Restaurants will provide hot chocolate, coffee and cookies for all.

In the event of bad weather the ceremony will be delayed until Saturday, December 16th at 7:30 p.m.

Chairman George M. Wallhauser, in extending an invitation to all New Jerseyans to join the happy occasion, stated, "In the true spirit of this season we'd like as many New Jerseyans as possible to drive out to the Arts Center for this delightful evening. With the Arts Center as a setting, it's truly a beautiful sight. The entertainment, the free refreshments and, of course, the opportunity for the kids to meet Santa and his attractive helpers all make for a delightful evening. Last year we had several thousand people, and we all hope it'll be even bigger this year."

The Garden State Arts Center grounds will once again this year be the setting for the 4th annual New Jersey Highway Authority Tree Lighting Ceremony. The event will be held Friday, December 15th at 7:30 p.m.

Last year, as in other years gone by, thousands of New Jerseyans joined in the caroling, enjoyed the free refreshments, and were entertained by the music of numerous choral groups. All the merriment took place near the beautiful Arts Center tree, which is located right on the mall in front of the Holmdel amphitheater.

Santa's Helpers (Arts Center secretaries) will once again distribute free candy canes and the like to all the tots who are there for the festivities.

Entertainment this year will be of the highest caliber. The beautiful voices of the Monmouth Civic Chorus and Children's Choir will be heard. Also in attendance will be the heralded Shrewsbury Chorus and the Brookdale Community Symphonic Band. In addition, Ann Hughes of Pennsauken, winning vocalist in the 1972 Arts Center sponsored

USE CHRISTMAS SEALS

A lot has changed since Granny's day. Polluted air. Cigarettes. Cramped superhighways. But Christmas is still beautiful. And so are Christmas Seals.

This year's Seals sport Granny's double-decker house, glassy skyscrapers, funny-old fashioned trains and sleighs, split-level suburban homes, snowball fights, and lamplight carolers. The mix is both modern and traditional.

One of the changes since Granny's day is a people explosion. Just 65 years ago, when the first Christmas Seal was printed to fight tuberculosis, there were only 87 million Americans. Today the figure has sped past 200 million and is headed skyward. In the old days, TB was a killer called the White Plague which spread like brushfires from person to person. Out of every 100,000 people, 174 died from TB in a single year. Today, only two out of the same number die from the disease. Modern drugs can treat and prevent the disease if it is detected in time.

Christmas Seals still fight TB because the disease itself hasn't died yet. Last year nearly 40,000 new active cases were found in this country. An unknown number of people have TB without knowing it. Coughing, fatigue, and weight loss can be suspicious symptoms. And today there's a new killer that wipes out the lives of 300,000 Americans every year -- cigarettes. Granny never heard of emphysema because cigarettes were not a deadly national pastime in her day. A little chewing tobacco didn't create lung cripples. Today Christmas Seals fight emphysema, TB, and air pollution because they're there.

Answer your Christmas Seal letter today. And to find out what can be done to fight off diseases that affect the lungs, contact your local tuberculosis and respiratory disease association. It's a matter of life and breath. Maybe even yours.

Room Comes to Life

THIS interesting basement recreation room, on a summer and unwinding, has come to life with a simple transformation inspired by a family with imagination.

The couple dressed up the bare concrete walls with pre-finished Masonite brand hard-board paneling having a printed woodgrain. This, as seen on the wall at left, added warmth to the recreation room.

At right, the observer might

think he was near a lake or ocean. But not so. This wall was covered with a realistic seascape mural which seems only a stone's throw distant.

Like the table tennis outfit in the foreground, it's all in fun. And this basement has become a fun place in actuality as well as appearance.

A U.S. Savings Bond on Christmas day is bound to please even the most discriminating of tastes.

THEO. B. QUACKENBOSS Funeral Director and Embalmer

The march of progress has wrought a complete revolution within the past few years in that business known to obsequies and interments, and the vocation of the modern furnishing undertaker has been practically elevated from a business to a profession. The subject of this sketch, Theo. B. Quackenboss, has represented this important profession here since March, 1901, when he bought out the interests of the late Edwin Appleget. Mr. Quackenboss is a brother of the present

sheriff of Middlesex County, a well-known undertaker of New Brunswick, and has had a life-time experience in the business, having practically grown up in it. His equipment is complete and one of the best in this section of the county, including a large modern, rubber-tired funeral car, church truck, grave lowering device, candelabras, and all other paraphernalia. Mr. Quackenboss is also a practical and experienced embalmer, and has successfully passed the examination required by the New Jersey State Board, as to ability and fitness, and been duly licensed to practice anywhere within the State. During the eight years he has been in South Amboy he has not only been successful, but has also established a high reputation for adaptability. He is thoroughly progressive and is classed among the active and public-spirited citizens who are doing what they can to promote the best interests of the city.

STILLWELL & MASON Furniture and Undertaking

The old-established and representative business house of this firm may be said to be one of the largest and most successful mercantile concerns of South Amboy. The present owners, Aaron Stillwell and Elias S. Mason, gained control in the winter of 1900 and have since by the adoption of progressive tactics greatly increased the business in every way and have just built a 25 foot addition to the property. The stock carried is particularly heavy and complete, making it entirely unnecessary for the people of this city to go out of town for house-furnishings. This embraces furniture of every description, bedding, wall paper, carpets, matting, linoleums and rugs. The firm is also well equipped in every way for conducting the undertaking business on first-class lines. Mr. Stillwell being a man of advanced years, the practical management of the business falls almost entirely on Mr. Mason, a gentleman who has demonstrated his ability as a progressive, go-ahead business man from the first day the new firm was organized, and to him is largely due the great success met with within the past eight years. Mr. Stillwell was formerly a well-known contractor here, while Mr. Mason, his son-in-law, was a locomotive fireman in the service of the P. R. R. Mr. Mason is a member of the Board of Trade, takes an interest in all progressive measures, and is to-day classed among the wide-awake and public spirited citizens of South Amboy.

P. F. KENAH, Saloon and Restaurant.

The nicely fitted-up and well-conducted saloon and restaurant of Patrick F. Kenah, on Broadway, is another that can be said to be among the better class of resorts of the kind in South Amboy. Mr. Kenah first engaged in the liquor business on Augusta Street nineteen years ago. In 1896 he bought the property now occupied and has since spent considerable money on improvements until to-day the place is second to none in the county as regards appointments, fixtures, neatness or class of patronage catered to. In the rear of a well-stocked bar has been fitted up a restaurant where oysters are served in every style, and Mr. Kenah has long enjoyed a reputation for preparing oysters that is indeed enviable. Mr. Kenah is one of the few men who have been successful in this business and has always aimed to conduct his place on strictly first-class lines. He is an active member of the Board of Trade, a director of the Star Building and Loan Association and is regarded as one of the energetic, go-ahead business men here who have met with success through their own efforts. He has always been prominent in fire department affairs, has been chief, and is now a member of the Board of Firemen's Relief Association of South Amboy and vice president of the New Jersey State Firemen's Relief Association.

OSCAR M. MUNDY Contractor and Builder.

Among the several responsible and successful contractors identified with the building interests of South Amboy should be included the name of Oscar M. Mundy, who is doing his full share of the work that is now being done here, and is regarded as one of the most reliable and capable builders in the city. Mr. Mundy learned his trade with his father, a former well-known contractor, and bears the reputation of being a fine mechanic as well as a man who never leaves a job until it is done right. Among his recent operations was the remodeling of the Dey Building, the erection of the Glenwood Hotel property, two houses for George Gundrum on John street, two for Chris Rehfuas and one for Ernst Nieltopp on Henry street, besides \$25,000 worth of work at the Stegmayer enameled brick plant. The facilities of Mr. Mundy are strictly first class in every particular for accepting contracts for the construction of all kinds of buildings, as well as for alterations, additions and repair work. Estimates and drawings are furnished upon request, with the assurance that all work will be completed in a manner satisfactory. Mr. Mundy is a native of South Amboy and a young man who is regarded here as a thoroughly reliable business man in every respect. While he has not as yet identified himself with the Board of Trade, he is classed among the progressive element,

Congressman Edward J. Patten called the Administration's decision to release only 40% of U.S. funds for building municipal waste treatment facilities in fiscal 1972 "a victory for politics, and a defeat for public health." Patten, who was one of the sponsors of the Water Pollution Control Act of 1972 - and who voted to override President Nixon's veto of the law - said he was "shocked and disappointed" over the Administration's

FLOWERS DECORATE PARKWAY BRIDGE

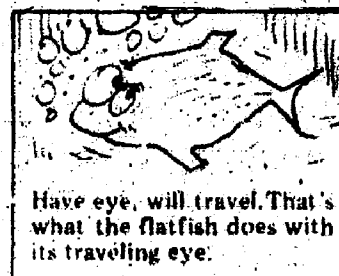

The ten lane Raritan River Bridge is the site of a unique beautification program being undertaken by the New Jersey Highway Authority which operates the Garden State Parkway. Potted artificial flowers have been installed right in the median of the bridge. The vast expanse of asphalt is now beautifully interspersed with ivy and poinsettias.

A month of work has gone into this program. The flower pots are all made from reclaimed wood is wood that was used in signs, or barriers and the like.

The work is all being done by Parkway personnel.

The flowers will be changed seasonal. Spring may see artificial tulips, summer will bring gladiolus, autumn chrysanthemums and winter poinsettias.

Currently various types of artificial flowers are being tested to see how they react to the elements. Those that survive the wind, snow and rain will be retained. Those that "die" will give way to a hardier breed.

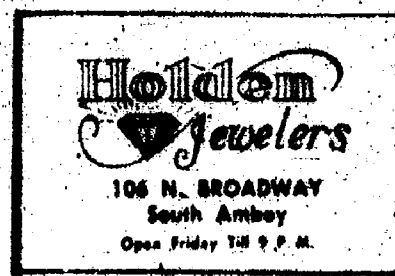

Secretary of the Interior, James Watt, said that the Administration's decision to release only 40% of U.S. funds for building municipal waste treatment facilities in fiscal 1972 "a victory for politics, and a defeat for public health." Watt, who was one of the sponsors of the Water Pollution Control Act of 1972 - and who voted to override President Nixon's veto of the law - said he was "shocked and disappointed" over the Administration's

Under the 1972 Water Pollution Control Act, the Federal Government is required to provide \$150 million in Federal funds for building improved municipal waste treatment facilities over the next several years. "I'm very disturbed by the Administration's decision," said Patten, a member of the House Appropriations Committee. "I'm not opposed to spending cuts in the right areas, but I don't consider pollution control an area where a 60% reduction should be made. That's ridiculous."

Patten claimed that when Congress voted to override the President's veto by an overwhelming margin in October, "members reflected the strong desire of most Americans to end contaminations of our natural resources. That desire has been arrogantly ignored by this Administration," he declared.

In Congress, Patten has long been active in helping to sponsor and vote for legislation to fight pollution. Among bills he helped sponsor into law, were:

- Creation of the Water Pollution Control Administration in 1965.
- Enactment of the Air Quality Act of 1967.
- The Water Pollution Control Act of 1972.

Save most
by not calling
person-to-person!

You always save on calls when you dial direct, without the services of an operator. But you save even more by dialing out-of-state calls in the evening or on weekends when rates are lower still.

There's also a low 1-minute rate on direct-dialed calls after 11 p.m. every night.

While we've only shown sample rates to other states, there are savings on direct-dialed calls within New Jersey, too. And additional savings during bargain calling times on New Jersey calls over 25 miles.

With dialing direct so easy and convenient, it makes sense to dial all calls yourself. Because the rates are always lower than for calls requiring the services of an operator, such as credit card, collect, third number billed, person-to-person, and toll-phones calls to other states.

* Direct dialing rates also apply to all calls made from areas where direct dialing facilities are not available.

Don't Forget Parents To Give Safe Toys For Christmas

With the Christmas shopping season at hand, the American Red Cross today urged parents and other purchasers of toys for children to exercise care in their selection.

It is estimated that 700,000 children are injured by toys every year in this country," said James E. Cannon, local chairman of Red Cross Safety Program. "Another 500,000 children are hurt while using swings and 200,000 on slides."

While most injuries are not fatal and many not serious, this is no consolation to the parents of children who are killed or seriously injured by defective or dangerous toys, he added.

Extreme care should be used in choosing toys for Christmas," Cannon warned. "Although most toys are considered safe, there are many with features below minimum safety standards which make them potentially dangerous."

"One of the most important considerations in choosing a toy is to carefully inspect its construction," he continued. "The toys you choose for your children should be durable

enough to stand rough treatment."

He cautioned that toys should be examined for wood that can splinter, metal with sharp edges, or plastic that can shatter. A toy should be made so that a child can't pull off a wheel or break it open to leave exposed sharp edges or small parts that can be swallowed.

Electrical toys can be dangerous and must be kept in good repair, he said. Electrical toys should be used under supervision and always carry the UL (Underwriters Laboratories) test label. "An electric train or race set should have a circuit breaker on the transformer, and a child should be taught the correct way to plug and unplug an electric toy," Cannon said.

Play stoves, irons, and metal moulding and wood burning devices get hot and should be handled with care he went on.

"Even soft stuffed animals and dolls may have button eyes that can be pulled off and swallowed. Wire used to form an ear on an animal can poke through the fabric and inflict scratches, and a poorly made doll can come apart at the seams and expose the stuffing, which youngsters might put in their mouths."

Cannon urged parents to take the time when they shop to examine the toys they plan to buy.

"Try to match the toy to the interests and abilities of the child," he advised. "Keep in mind how your child will use the toy. Is it durable enough to stand up under rough play, and what are the possibilities of misuse? Although consumer groups have brought dangerous toys to public attention, the primary responsibility to insure that a toy is safe is still that of the parents."

Parkway Prepared For Snow

The New Jersey Highway Authority is in a complete state of preparedness for the coming of snow to the Garden State Parkway.

The Authority's own equipment and maintenance forces are primed, necessary materials are stockpiled and outside contractors have been signed up for the annual competition with the white stuff, Authority Vice-Chairman Joseph C. Irwin said today. Seventy-six Parkway vehicles with plows and fifty-five salt spreaders are ready for the first line of defense against the snow and they will be augmented by sixty-eight contractors' tandem trucks with plows plus other equipment owned by the Authority and to be supplied by contractors, Vice-Chairman Irwin pointed out.

The Authority also has four roll-over snow fighters with huge blades and wing plows, six heavy-duty graders and 20 front-end loaders available for the clearance job, the Vice-Chairman said. Besides, for work in small areas, it has ten grass cutting tractors that were converted into snow plows, and contracts have been signed for the use of six additional heavy-duty graders.

Seven thousand tons of rock salt are on hand, stored in areas convenient to the Authority's Maintenance Division. Vice Chairman Irwin said. In addition, he noted, tons of calcium chloride and sand also are stockpiled, the calcium for use in extreme cold weather.

Have A Sweet And Happy Holiday!

Holiday time is happy when good friends get together to share their holiday joy. A buffet supper, a coffee and dessert party and an informal open house are typical ways of holiday entertaining.

When a thoughtful friend offers to bring dessert, entertaining is easier for the holiday hostess. And when the friend brings a Candy Cane Ice Cream Pie in a Tupperware Pie Taker, it becomes a sweet and pretty gift. If the thoughtful friend is bringing two pies, they'll arrive safely in a Tupperware Divide-A-Rack, a plastic container that can hold two pies either for freezing or carrying.

Candy Cane Ice Cream Pie is a new creation, simple to make and as gay as the holiday season itself. If the gift giver wishes, she could include the recipe so her friend can duplicate the pie for another occasion.

After the holiday entertaining is over and the pie but a memory, the party hostess will enjoy her plastic container all year round. It will be useful—and it will remind her of a sweet and happy holiday!

Candy Cane Ice Cream Pie	
1/2 cup evaporated milk, undiluted	1 teaspoon vanilla extract
1 package (16 ounces) semi-sweet chocolate bits	1 quart peppermint stick or vanilla ice cream
1 cup miniature marshmallows	1/2 cup chopped peppermint stick candy or candy canes
Dash of salt	Small peppermint candy canes

Line bottom and sides of buttered 9-inch pie pan with white brown edge or vanilla wafers. Combine milk, chocolate, marshmallows and salt in heavy saucepan. Place over moderate heat and cook, stirring constantly, until marshmallows and chocolate melt and mixture thickens. Remove from heat, stir in vanilla and cool to room temperature. Chill.

Spoon a layer of ice cream over cookies; sprinkle with chopped candy and top with chocolate mixture. Repeat process using remaining ice cream and candy, topping pie with ice cream. Place in Tupperware Divide-A-Rack. Seal and store in freezer until ready to serve or carry. Just before serving, cut into wedges and decorate each wedge with a tiny candy cane. Makes 1 pie, 8 to 10 servings.

Testimonial

An area author gave tribute to Mr. and Mrs. William E. Yeager and family of South Amboy with the completion of his first book which includes an acquaintance of theirs, the former Senior Executive Vice-president of a leading Oil Company. The writer, Robert A. Hoffman, tells some history of the firm by the integrity of its employees. His work is a partial narrative of a man's life and influence on friends. Throughout a 234 page manuscript the author compares this story to influences he has known and attributes a book to "friendships of all kinds" - in -

"Donaldson and Aye" Robert is the son of Mr. and Mrs. C. Howard Hoffman of 402 Prospect St. South Amboy. He is a graduate of H.G. Hoffman High School and began writing in his early school years.

He is Treasurer of the newly formed South Amboy Historical Society and has done considerable writing on South Amboy and neighboring cities.

Joseph C. Hoffman wishes to announce his association with the Law Firm of John E. Hoffman, Esq., 147 No. Broadway, South Amboy, N.J. Mr. Hoffman graduated from St. Anselm's College, Manchester, New Hampshire and Seton Hall University School of Law Newark, N.J. He, his wife Anne and son Thomas reside at 4 Edgemere Drive, Matawan, N.J. Mr. Hoffman is the son of Dr. & Mrs. Chas. W. Hoffman of South Amboy, N.J.

JUNIOR FIRE MARSHAL VS. HOLIDAY FIRES

Holiday fire safety tips are taught to some 3 million youngsters each year through Hartford Insurance Group's Junior Fire Marshal program. A Junior Fire Marshal is a child in kindergarten, first, second or third grade who has 1) checked his home for spec-

ified fire hazards and certified this by presenting a slip, signed by himself and a parent, to his teacher; and 2) made the Junior Fire Marshal Promise, a 10-point pledge to refrain from playing with matches, turning in false alarms and starting fires.

Today's Tip:

Rust, the enemy of the antique part, is after your car, too, especially in winter. Pick up a supply of wax and cleaners at a tire and auto center and forestall this danger to your car.

League play will start on Saturday, January 6, 1972.

ROUTE OF NO EVIL

To prevent tragedy from fire this Christmas, you and your family should practice these home fire drills suggested by The Hartford Insurance Group, sponsor of the Junior Fire Marshal program.

1. Determine exits from all parts of house.
 2. Decide alternate exits if way is blocked by flames.
 3. Choose home alarm—whistle, bell, gong, etc.
- If fire is suspected, don't open the door to hall; test it with hand; if warm, keep door shut.
- If clothing catches fire, roll up in rug or blanket on floor or ground.
- If room is smoke-filled, crawl along floor. Use wet cloth over mouth and nose if possible.

NIGHTS DEFEAT SABRE PEE WEE'S IN CHAMPIONSHIP GAME

Time ran out on the South Amboy Sabre Pee Wee's when they met their third undefeated team in succession but were found wanting in their task. Under ideal playing conditions, on the North Brunswick Field, the Sabres were defeated 13-0.

Tom Hill kicked off for South River and immediately the Sabres were in trouble. The ball sailed over the heads of the Sabre receivers and was downed on the Sabre 16 yard line. With Lenny Entrabartolo and Tom Weiman carrying the ball the Sabres were able to advance to their 28 yard line. Bobby Clayton was forced to kick and the ball was dead on the Sabre 40. Sabres held and K. Jackson kicked to the Sabre 2 yard line. Tom Donnelly made three yards on two carries as the quarter ended.

With the ball on the 5 yard line, Donnelly made only a yard and the Sabres were forced to kick. Bobby Clayton kicked to Hill on the Sabre 28. Hill cut up the center and then to his right and sped into the end zone for the touchdown. Hill's off tackle smash was stopped short for the extra point. Hill kicked off for South River. It was received by Joe Huryk who ran it back to the Sabre 45. Entrabartolo made 2 yards and then six but fumbled the ball and it was recovered by South River on their 46 yard line. Cole and Stout were stopped for no gain. Hill fumbled and the Sabres Walzak recovered on the SR 41. Entrabartolo fumbled on the first play and SR recovered on the Sabre 48. Hill burst around end and outdistanced the secondary into the end zone

for the touchdown. Jackson circled end for the extra point. Hill's kick-off was returned by Huryk to the Sabre 47. Clayton passed 12 yards to Weinman as the period ended.

Third period the defenses took over. Best ground gainers for South River were runs of 6 yards by Stout, 14 by Jackson. The Sabres were forced back to their 28 yard line and Clayton was forced to punt. Hill returned the kick to the Sabre 11 as time ran out.

With Billy McCoy leading the charge, the Sabres defense stiffened and took over on their 4 yard line. Clayton passed to Ted Pucchini for 14. Entrabartolo made 2, a Clayton pass to Jim Inman who in turn passed to Ted Pucchini was good for 28 yards. Clayton to Pucchini for 14. Clayton to Pucchini for 8. Sabres offense bogged down here and South River took over on their own 28. SR started to eat up the clock but the Sabres finally obtained possession on the SR 48. Clayton attempted to pass to Pucchini but it was intercepted by Stout on the south Amboy 49 yard line. This time they were successful in keeping control of the ball as time ran out ending the game and the Sabres hopes.

It was a most successful season for the Sabres who finished the season with a 7 won and 3 loss record. Mr. George Spelcker and his staff, wish to thank all the boys for their cooperation during the season and for the many enjoyable moments they shared together. With many of the boys returning next year, the future looks bright for the Sabres.
