South Amboy, N. J., Saturday, May 10, 1919

Price Three Cents.

## SOUTH AMBOY AGAIN IN LINE

**Has Subscribed Its Quota of \$225,000 for Victory Liberty Loan—Committee Anxious to Have Big Over-Subscription in Order to Secure German Trophy.**

For the fifth time since the declaration of war, South Amboy has gone "over the top" in this, the Victory Loan. The opinion of the majority of the people of the city at the opening of this campaign was that the loan would not be subscribed. With an exceptional number of our people out of employment at the present time and the harbor strike in progress it did indeed look black. However, excellent work on the part of the committee put this loan over in the face of all these odds. The aim of the committee at the present time is to secure one of the captured German trophies that are being offered by the Treasury Department. These trophies are being offered to every community which has oversubscribed its quota and at least twenty per cent. of its population has been subscribers.

The quota this time is \$225,000 and up to Thursday night \$160,000 had been actually subscribed and the balance pledged. However, it is not the time to lay down, if you have not bought bonds. With the U. S. Government paying four and three-quarters per cent. on four year notes the people should not hesitate an instant in making the investment. Just think! This is still better interest than is paid in the banks. The bonds are non-taxable with the exception of the excess profit tax and practically every subscriber in this city would be exempt from that. The notes are due in four years and may possibly be cancelled in three years.

The headquarters of the Liberty Loan Committee is in the old McGonigle building on Broadway and the ladies would certainly be willing to explain any or all the features of the loan. Every subscriber of one thousand dollars worth of bonds is to receive a "German Helmet" of the type shown in the window at headquarters. All subscribers after to-day are to be given a little red feather to show that they have "come across." Don't hesitate—act now.

### SUBSCRIBE \$5,000 IN VICTORY BONDS THROUGH LOCAL BANKS

The Fifth Liberty Loan Committee of this city are greatly pleased over a subscription of \$5,000 from the New Jersey Manufacturers Casualty Insurance Company of Trenton. This company has subscribed for one hundred thousand dollars of U. S. Victory Notes of which \$5,000 will be placed with and through the local bank. The local portion of the subscription was obtained through the kind offices of Mr. Charles W. Crane. This is indeed a splendid lift toward reaching our quota, and the people of this city will appreciate this kind act on the part of the company and Mr. Crane.

### DON'T FAIL TO ATTEND THE Y. M. C. A. MINSTRELS

Everything is in readiness for the Y. M. C. A. Minstrel to be held in the Empire Theatre on Thursday evening. This show is guaranteed to be something absolutely unique in the line of minstrels. The songs are all up to the minute and the jokes created for the occasion. The choruses have been rehearsed for the past two months, and contain several new features.

The opening scene will be a country court and not the old conventional semi-circle black faced minstrels of by-gone days. The second half of the program will be divided up among the best vaudeville talent obtainable. A feature of this part of the program will be the Y. M. C. A. quartette and the jazz band from New York to say nothing of Messrs. Triggs, Reilly, Dwyer and Scully.

A rehearsal was held in the Company Armory on Tuesday evening this being the final rehearsal before going to Camp Morgan and presenting it for the soldiers stationed there. Another show will be given at the Colonia Hospital later. The boys have shown their ability and should be given the support of the entire community, as this entertainment is worth the small entrance fee. The Y. orchestra will furnish the music.

## Commission Want the Hole-in-Wall Closed

On Tuesday evening representatives of the State Highway Commission were in this city and waited on the City Council. They informed that body that they were ready to pave the road known as the Pennsylvania "right-of-way" from the county bridge to Broadway and Main street and from Stevens avenue to the Morgan Road. This will give an entire paved roadway from New York City to the shore. Their purpose on being at the Council on Tuesday evening was to secure the council's attitude concerning the "hole in the wall." They cannot get the deed of the P. R. R. highway until that company is given reasonable assurance that the "hole-in-the-wall" will be closed. It is the desire of the highway commission to let the contracts for both ends of the road at one time so the quicker the city takes action the sooner we will have two excellent roads additional in our city.

The men intimated that if the council will give their sanction to the "hole" being closed that the P. R. R. will build a steel bridge from Alpine street in Mechanicville to Thompson street in this city which would cost in the neighborhood of \$135,000. They of course would construct the approaches to the bridge and take care of the surface water of that portion of the city. It was pointed out that it was one of two things for the city. The P. R. would either build the bridge and build additional tracks underneath for the new yards or extend the "hole" for several hundred feet and lay their track overhead which "indeed would be an unfortunate condition."

The men from the commission were set on their desire to come through the city by way of the P. R. R. "cut-out" and were anxious to start improvements so they can be completed this summer. They stated that the state intends to rebuild the long county bridge at the cost of one million dollars. These state improvements will greatly aid the city and give employment to hundreds of men.

The council could not see where their responsibility in the matter rested as it was a county road and the "hole" was over the county road. The men from Trenton stated that this was what was happening all around, everyone trying to shift the responsibility of the road. They suggested passing a resolution that as far as the city of South Amboy was concerned they were willing to have the road vacated. He suggested that the council get together and put in a statement just what the city would expect in event the "hole" was closed. He suggested that the P. R. R. be requested to build a twenty-four foot roadway bridge with sidewalks on either side. With the assurance that the council will take definite action on the matter the gentlemen left the meeting.

### NEW ICE PLANT.

George E. Applegate has commenced the erection of his artificial ice plant. It will be built on a plot of ground running between David and Henry streets. The capacity will be fifteen tons daily.

### JOHN W. DILL.

John W. Dill died last Sunday night at his home in Mechanicville after a lingering illness, at the age of 73 years.

Mr. Dill for many years worked in the section gang of the Pennsylvania Railroad, and was held in high esteem by all who knew him. A widow and six children survive him.

The funeral was held from the Methodist Protestant Church at 2:30 o'clock on Thursday afternoon, the Rev. Thomas H. Slater officiating at the service. Interment was made in Christ Church cemetery. E. S. Mason & Son were funeral directors.

### BOWLING TROPHY RECEIVED.

The beautiful cup presented by Mr. D. C. Chase has been received and is on exhibition at the Y. M. C. A. The trophy is of theilly model and stands nineteen and one half inches high. This cup was presented as a trophy for the Allied bowling league and was won by the team representing the Italians. Wm. Lamberton of the city Board of Health was captain, and defeated the team representing the Belgians by a half raising finish.

## \$1,000 MORE FOR HOSPITAL

**The Raritan River Railroad Company Donates This Handsome Sum—Finance Committee of Association Greatly Pleased and Consider the Gift Unusually Generous.**

The South Amboy Hospital Association again reports progress in soliciting subscriptions to its fund. Early in the week Mr. Filskov called a member of the finance committee on the phone and announced that the directors of the Raritan River Railroad had voted a donation of one thousand dollars to the hospital.

In view of the large disbursements of capital occasioned by the recent improvements to the company's property in this vicinity, this amount is considered unusually generous.

The corporation has always evinced the keenest interest in the welfare of the hospital and has gone on record as being willing to assist in any way possible.

It will be remembered that at the time a musical comedy was presented in the Empire Theatre for the benefit of the hospital the entertainment committee for a time was at a loss to know how to provide facilities for transporting the sixty members of the cast to and from New Brunswick. The question was brought to the attention of Mr. Filskov and without delay the Raritan River Railroad provided a special train to accommodate the troop without any charge whatever.

With the same gracious courtesy the company gave a ready response to the recent appeal which was made to their generosity and promised to forward a check for the full amount of the donation at the earliest possible moment.

The Hospital Association extends its cordial thanks to those instrumental in securing this handsome gift and congratulates the members of the company in providing assurance of the welfare of its employees whenever the ministrations of the hospital may be required.

### PUBLIC SCHOOL MAY DAY.

The second May Day and Physical Training Exhibition will be held at Stevensdale on Friday, May 16th, at 1:30 p. m. If the weather is unfavorable, it will take place on Monday of the following week. All of the children of both the schools and of the High School will take part. The numbers of the program will give a fair representation of the work done by them in the Physical Training Department this year. Miss Rae Booth Shaughnessy, Supervisor of Physical Education, will conduct the exercises, assisted by several members of the faculty.

The exercises and dances will be held on the upper field of Stevensdale, and the field events and contests on the lower field.

#### Upper Field.

Grand March.....130  
Singing of Patriotic Songs.....  
Lead by Miss Suzanne Yearick  
Free Hand Drill by Imitation.....  
Lead by Miss Louise Barr, First and Second Grades.  
Hoop Drill.....High School Girls  
Free Hand Drill.....  
Miss Agan and Miss Brown's Class  
Ace of Diamonds.....  
Danced by Miss Campbell's Class  
Flag Drill.....  
By the girls of the Seventh and Eighth Grades.  
Ward Drill by the High School Girls  
Minuet.....  
Danced by the High School Girls  
Lower Field.

Contest, Hopping over Ropes.....  
All up Relay.....  
Miss James and Miss Gallagher's Class.  
Human Wheelbarrow Race.....  
Boys of Miss Emmon's and Miss Buchanan's Class.  
Indian File Relay Race.....  
Girls of Miss Emmon's and Miss Buchanan's Class.  
Arch Ball Relay Race.....  
Boys of the Seventh and Eighth Grades.  
Field Events.....High School Boys  
The public is cordially invited to attend, and the parents and friends of the children are particularly urged to be present. All are welcome. All come!

Repairing, storing, cleaning, quick work. Central Garage, 108-110 Stevens avenue. Tel. 171.

## Give Permission to Run Siding Across Street

A special meeting of the Common Council was held in the City Hall on Tuesday evening. Owing to the fact that the Woman's Club was holding their annual reception in the Council Chamber the meeting was held in the Mayor's office. All were present with the exception of Councilman Delaney, who is still on the sick list.

The first part of the meeting was given over to discussion as to ways and means of collecting taxes and assessments due to the city. No definite action was taken, however.

A letter was read from Paul Bryllski requesting permission to cross the dead end of Center street with a siding. The letter stated that it was necessary for business improve; rents that he intends to make to his property there that he have this railroad connection. Councilman Kress introduced a resolution granting the request, which was adopted.

Councilman Kress reported that the light at the corner of Second street and Broadway had been out of commission for the past two weeks without any seeming effort on the part of the lighting company to have it repaired or replaced. Upon a motion by Councilman Kress the clerk was instructed to communicate with the Monmouth Lighting Company informing them of the existing conditions and request that they be remedied immediately.

The attention of the council was again called to the fact that the Public Service trolley company did not run their cars the full length of their right of way. A resolution introduced by Councilman Kress provided that the company officials be notified of the existing conditions and informed that if they did not use the track running through the city to the Sayreville line to have it removed. It is indeed a great inconvenience to have the cars run as far as the Central station switch and then have them turn back while people are waiting on the corner of George street and Bordentown avenue for the cars. The resolution was adopted. Adjournment followed.

### DANGEROUS STUNTS IN AIR.

The people of South Amboy were given their first exhibition of aerial gymnastics on Saturday when Lieut. Sewell Cathcart, formerly of the U. S. Aviation service, flew over this city enroute to South River in the interest of the Liberty Loan. Lieut. Cathcart was one of the best known athletes in the county and has competed in South Amboy in many contests. Before being discharged from the service Lieut. Cathcart was a "bombing instructor" in one of the largest Texas flying fields and was noted for his daring stunts while flying exceptionally low.

The machine he used was a New Curtiss Hispania Suiza Plane, equipped with a 150 horsepower engine made by the Wright Martin concern at New Brunswick. While over this city Lieut. Cathcart gave an exhibition of a "nose dive," "end over end," "tail spin," "loop the loop" and every other well known trick of aviation whereby the aviator fools his opponent.

### \$100 MORE FOR HOSPITAL.

The card party and reception by the Woman's Auxiliary of the South Amboy Hospital held in the City Hall recently was a success both financially as well as socially. Over one hundred dollars was turned over to the treasurer of the hospital by the ladies who are gratified by the support given them by the local people. This will probably be the first of a series of similar events that will be given for the benefit of the local hospital.

### SWAN HILL ICE RATES.

On and after, Monday, May 12, the price of ice will be as follows:  
Butcher Trade, 60c per 100 lbs.  
Stores and Saloons, 55c per 100 lbs.  
Stores and Saloons, less than 100 lbs, 60c per 100 lbs.  
Family Trade, 80c per 100 lbs.  
No pieces cut for less than 15c.  
George E. Applegate.

TOMATO PLANTS (early and late) For Sale—Apply to J. T. Dill, 332 Fourth street. 5-10-1

FOR HIRE—Closed, comfortable Limousine for all occasions. Apply to V. J. Abbatiello, 116 South Stevens avenue. Tel. 262.

## WELCOME HOME DATE CHANGED

**Committee Decides That August 9 Will Be Too Late for Celebration and Therefore Change Date to June, as it Now Learned That Boys Will All Be Home in May.**

At the meeting of the "Welcome Home" committee held in the Mayor's office on Thursday evening it was decided that the second Saturday in August was entirely too long to wait before welcoming the boys home officially. At the time August was set it was anticipated that the boys would not be home before the middle of July at the best, but official advice from Washington show that they will practically all be home during the month of May so in all probability the celebration will be held some time in June. It was the opinion of those present at the meeting Thursday evening that if the celebration was held off until the 9th of August the men would be out of their uniforms and it would be a mighty hard thing to get them to go back in the uniform on that occasion.

Some discussion as to the number of men from this city who entered the service took place. It was decided that the clerk should communicate with the heads of the various churches and ascertain the number from each church. It was the opinion of those present that practically every man was affiliated with some church.

It was then brought to the attention of the committee that no representatives were present from the Old Home Committee and the committee were unable to say to what extent they would co-operate. No one present had any idea of just what sort of celebration was desired as a "Welcome Home" so to make the matter concrete, Mr. Stephenson offered a motion that the chair appoint a committee of five with himself as an extra member to formulate some definite plans for the celebration and offer them at the next meeting of the committee which will be held on Monday evening. This motion met with the approval of the committee men and the following committee was appointed: Rev. L. A. Hayes, Councilman J. J. Shuey, R. C. Stephenson, William S. Day, and P. F. Kenah.

Upon a motion by Mr. Shuey the secretary was instructed to address a communication to Mr. J. D. Van Pelt to ascertain to just what extent the committee of Old Home Day would co-operate with the "Welcome Home" committee.

At the last meeting of the committee Mr. P. F. Kenah, treasurer of the Old Home Committee, was requested to submit a statement of expenses so that the committee could work accordingly. The following statement was submitted:

Publicity.....	\$400 00
Queen.....	225 00
Baby Parade.....	250 00
Prizes.....	225 00
Lighting.....	250 00
Decorations.....	250 00
Music.....	750 00
Fire Companies.....	250 00
Reception.....	175 00
Labor.....	130 00
Incidentals.....	100 00

The matter of Decoration Day was brought up. Representatives were present from the three schools and all reported that all the school children as far as possible would be in line on Memorial Day. This is indeed gratifying to the committee and a feature is expected to be made of their singing. The question as to whether the committee should march as a committee in the Memorial Day Parade or with other organizations was brought up. It was then decided that the committee should march as a body.

The matter of showing some respect to the parents of the boys who have lost their lives in the war was brought up. It was then decided to have the secretary communicate with the mothers and fathers of the boys and extend them an invitation to be the guests of the committee on that day.

Councilman Shuey brought up the matter of having a service flag with a gold star for every Amboy man who has died in the service. This was brought to a vote and the scheme adopted.

## Highway Commission Asks Freeholders to Act

The State Highway Commission are ready to pave Highway Route No. 4 which includes the route through this city. But there seems to be two points that are hindering the commission in its work—no title to P. R. R. right of way and the closing of the "hole-in-the-wall." The railroad will grant nothing unless the hole is closed. Members of the commission appeared before the common council Tuesday evening, when they were informed that all action on the closing of the "Hole-in-the-Wall" now rested with the Board of Freeholders. The commission being very anxious to start the improvement, sent an appeal to the Freeholders, which was read at their meeting Thursday. The letter was as follows:

STATE OF NEW JERSEY  
State Highway Commission  
Trenton, May 7, 1919.  
To the Board of Chosen Freeholders,  
County of Middlesex, New Jersey,  
Gentlemen:

Attention Wm. S. Day, Director. The plans of the State Highway Department are now ready and funds are available for the paving of that section of State Highway Route No. 4 in South Amboy between the north end of the brick pavement on the Morgan Road and the westerly end of Stevens avenue and between Scott avenue and Broadway, over what is known as the Pennsylvania Railroad Company's right of way. It was the intention of the State Highway Commission to pave this entire section early this summer. Right of way difficulties have arisen which make it necessary that the State Highway Commission secure assistance in removing the obstacles to the progress of the work. The route selected for the State Highway is from the Amboy Bridge through Scott avenue and the Pennsylvania right of way, thence over the Pennsylvania right of way to Broadway and Main street, South Amboy, thence through Main street to Stevens Avenue, through Stevens avenue to Bordentown avenue, to Pine avenue, thence to the brick pavement and Morgan.

The State Highway Department has made repeated efforts to secure from the Pennsylvania Railroad a conveyance of its right of way, between Scott avenue and South Amboy, to the State for the use of the State Highway Commission. The Pennsylvania Railroad is quite willing to convey to the State this right of way provided it may have definite assurance that the Hole in the Wall will be closed by the county or city, or joint city and county resolution, in order that a long standing obstacle to its yard development near Mechanicville may be permanently removed. It is unnecessary to recite to you the conditions attending the present status of the Hole in the Wall, as I think you are all quite familiar with them. It is our understanding with the officials of the Pennsylvania Railroad that they will build a bridge over their yards for the traffic between Mechanicville and the westerly part of South Amboy, and will convey to the State the right of way desired by it providing the Hole in the Wall is closed. We have been told that action in this matter must be taken with the City of South Amboy.

On Tuesday night, May 6, the State Highway Engineer and Mr. Robbins met with the Mayor and City Council of South Amboy to discuss the proposition, and requested a formal statement of the Council as to what it would require in the shape of a bridge or other means of communication between Mechanicville and South Amboy, as a conditional precedent to an agreement to closing the Hole in the Wall. It seems to be the preponderance of opinion in the Council that said Council had no jurisdiction in the matter. That it was one with which the County authorities would have to deal. I am, therefore, making an earnest appeal to your Board that it take such form of action to close the Hole in the Wall, or to put itself on record as to what it would require as condition precedent to closing the Hole in the Wall.

We were referred by the County to the City. We are again referred by the City to the County. I think you will agree with me that but little progress could be obtained if such conditions were obtained all over the State. The Hole in the Wall in itself is a reproach to the community with which fact it should not be permitted to the standing in the way as such an improvement as the State Highway Commission proposes to make between the Amboy bridge and the westerly end of South Amboy. Nothing can be done toward the improvement of that section until a decision is had in this matter.

I would respectfully request that if he be given your power to take action looking toward closing the Hole in the Wall, that you make a statement to the State Highway Commission under the conditions which it may be closed, so that the State Highway Commission may present to the Pennsylvania Railroad a clean cut proposition whatever the conditions may be.

Very truly yours,  
Signed, W. G. Thompson,  
State Highway Engineer.  
After some discussion it was decided that the Board, County and State Engineers meet with the Common Council.  
(Continued on Page Four.)

SATURDAY, MAY 10, 1919.

### RHUBARB IS A DISH FOR THE GODS, IF PROPERLY PREPARED

The first fresh rhubarb from our own garden comes as a welcome change just at this time when our stock of canned and dried fruits begins to run low and become monotonous. Stewed rhubarb and rhubarb pie are familiar to us as the coming of spring, but there are many other delicious ways of cooking it.

Try the following recipes, tested by the Home Economics Department of the New Jersey State Agricultural College and see if they're not good.

#### Baked Rhubarb.

Cut the rhubarb in small pieces. In a baking dish place a layer of rhubarb, sprinkle it generously with sugar and alternate in this way until the dish is filled. Sprinkle sugar over the top, add small pieces of butter and grated lemon rind or cinnamon. Bake the dish slowly until it is well done. Long slow baking gives rhubarb a rich red color.

#### Rhubarb Shortcake.

3 eggs  
3 tablespoons lemon juice  
1 cup granulated sugar  
1 cupful flour  
1 teaspoonful baking powder  
1/4 teaspoonful salt.

Beat the yolks of the eggs until they are light. Add the lemon juice and gradually beat in the sugar. Beat the whites of the eggs until they are dry, add them to the mixture, and beat it well. Sift together the flour, the baking powder and the salt. Fold the dry ingredients lightly into the egg mixture. Bake the cake in 2 layers in a moderate oven.

#### Filling.

3 teaspoonfuls gelatin  
1/4 cup cold water  
1 pint red rhubarb cut in small pieces.  
1 cup sugar.

Juice and grated rind of 1/2 orange. Soak the gelatin in the cold water to soften it. Cook the rhubarb with the sugar until the sauce is thick. Add the gelatin and the juice and rind of the orange, beating the mixture well. When it is cold place it between the layers of the cake and heap with whipped cream on the top.

#### Rhubarb and Pineapple Marmalade

3 pounds red rhubarb  
2 pounds sugar  
2 lemons, juice and grated rind  
1 cup pineapple, cut in pieces.  
Boil the mixture very slowly until it is thick and clear. Turn it into glasses and seal it when it is set.

### HONOR ROLL FOR APRIL.

Pupils of public schools not absent and over .90 in department.

#### Schools No. 2.

Sixth Year—Kenneth Albright, Nellie Lambertson, Mary Korka, Barbara Fitz, Elizabeth Fausser, Russell Van Hise.

Sixth Year—Eugene Bright, Willard Huff, James Kirk, Arthur Raynor, Merrill Sheppard, Alton Van Horn, Gladys Fitz, Lillian Fleming, Helen Greenleaf, Mary Kosh, Elizabeth Mount, Beatrice Sprague, Hannah Tice, Mildred Williams.

Fifth Year—Maude Petty, Oscar Reiner, Fred Allen, Madeline Wedell.

Fifth Year—Ralph Abel, Grace Harris, Virginia Nodine, Stanley Moskal, Ethel Taylor.

Sixth Year—Catherine Albright, Mildred Harris, Ruth Nieltopp.

Fifth Year—Winifred Dieker, Dorothy Fouratt, Eleanor Jaques, Grace Raynor, Shirley Spice.

Fourth Year—Dorothy Tewes, Helen Reskowak, Elizabeth Martin, Anna Donahue, Sarah Paaras, Emma Longstreet, Cornelia Reed, Wm. Gominger, Joseph Smith, Harold Bartz, Richard Masterson, Stanley Hoffman.

Fourth Year—Edna Reinhardt, Walter Harris, Lillian Parisen, Gladys Bischoff.

Third Year—Alberta Bright, Hester Miller, Hazel Rasmussen, Charles Lukle.

Second Year—Ansel Morriss, Everitt Sheppard, Joseph Martin, Mary Donohue, Richard Carney, Margaret Paaras, Helen Stoltz, Ruppell Stratton, Frederick Lukle, Angelo Nicorvo, Edgar Harris.

First Year—Harry Brown, Charles Stoltz, Jack Kramer, Avilda Jacobson, Anna Lyons, Florence Tarbox, Frances Burns, Margaret Kurtz.

#### School No. 1.

First Grade—Earl Applegate, Donald Dayton, Reinhold Dextheimer, Albert Fixler, William Lambertson, Stephen Rafe, Joseph Lawrence, Mildred Dieker, Hazel Merrill, Marlon Marshall, Eula Gregory, Edna Mae Clark.

First and Second Grades—Alice Armstrongs, William Cox, Raymond Dextheimer, Edward Dill, Hilda Galley, Alice Henry, George Jaques, Irene Lambertson, Leon Medinets, Sidney Medinets, Arax Paranak, Andrew Peterson, Virginia Rehfuess, Russell Rogan, Evelyn Semonett, Gladys Wolfe.

Second Year—Edna Dennen, Mary Dill, Margaret Henry, Grace Nelson, Evelyn Samuelson, Margaret Thomson, Eugene Dennen, Carlton Merrill.

Third Grade—Manvel Applegate, Merrell Condit, Alton Davis, William Ellingor, Fletcher Hartmann, La Mont Ingraham, Charles Johnson, Bowen Lawrence, Carl Rafe, William French, Jon Abel, Doris Applegate, Helen Mary Henry, Marlon Hess, Viola Howard, Anna Johnson, Ruberta

Jones, Thekla Kamps, Anna Reeder, Ruth Clark.

Fourth Year—Chester Cox, Harry Rushworth, Johannes Thomsen, Manvel Semonett, George Carr, Laura Buckalew, Irma Dayton, Dorothy Frischknecht, Myra Mills.

Morris Steiner, Irene Fleming, Mildred Parisen, Estelle Smith, Mabel Selover, Elizabeth Senker.

Seventh Grade A.—Donald Reed, Ira Safran, Alan Brown, Ruth Brown, Dorothy Browning, Emma Fleming, Doris Berrien, Margaret Campbell, Norma Baldwin, Lola Buckelew.

Eighth Grade B.—Norma Cassidy, Mildred Hagar, Myrtle Thorpe, Harry Romeo.

Eighth Grade A.—Vernon Albright, Morrill Blum, Raymond Grace, George Mahoney, Fred Mundy, George Nellus, Jay Oliver, Harold Semonett, William Sprague, LaRue Wyckoff, Evelyn Brown, Grace Deiker, Marguerite Korka, Bernice Kirk, Ruth Smith.

### LIFE ABROAD A HUN

#### SUBMARINE LIKE LIVING IN A ROW OF HAT BOXES

If you would like to have a new experience suppose you do this:

Take a series of hat boxes and knock the bottom out and take the covers off. Then join them together until you have, say, a dozen in line. Smear the interior with grease as thick as possible. Cover the walls with gages, pumps, little wheels and fill the centre spaces with machinery. In any odd corners place a few bunks.

Then crawl in, eat in one of the little compartments, and sleep in another and all the while have someone violently rock the joined boxes.

If you do this you will have a fair idea of the life led by the American crews which recently brought to this port for the benefit of the Victory Liberty Loan Campaign five ex-German submarines, during the days of their passage across the ocean.

The lives of the officers and men aboard the vessels of the regular navy are so many days spent in paradise compared with the days of the crews aboard the five ex-Hun pirates. The men of the regular navy can have baths whenever they want them. Aboard the submarine there is no such thing as a bath. Huns not usually caring much for bathing, as is the custom among savage tribes.

So when the U 148 and the U 88 got to Sandy Hook the other day ahead of the U C 97 and the U 117 officers made haste to land and go to Fort Hancock where with one accord they demanded the bath tubs of the fort's garrison.

"And I can tell you that that bath was the best of my life," said Lieutenant-Commander Edward O'Keefe of U 148 in describing the voyage.

The U Boats numbered five when they set out with the submarine tender Bushnell from Harwich, England, the U 111 being the fifth. Each had a crew of approximately 27 men and three officers, all Lieutenant-Commanders.

The U 148 was commanded by Lieut-Commander Harold Smith, the U 88 by Lieut-Commander J. L. Nielson, U 117 by Lieut-Commander Dibblell and the U C by Lieut-Commander Holbrook Gibson. The start was made April 3 and the last of the arrivals reached New York April 27.

The largest of the U Boats is the U 117. She is 215 feet long with a beam of 22 feet and draws twelve feet and eight inches. She has a deep interest for America, as she is believed to be the U Boat which made a raid off the American coast, attacking with true Hun chivalry a barge with women and children aboard off the New England coast. She is a combined mine layer and cruiser having apparatus for laying mines and discharging torpedoes.

The others are 190 feet long with a beam of 18 feet 10 inches and draw 11 feet and 4 inches of water when they are navigating on the surface.

The little fleet was manned for the trip across by men detailed from other ships and not of necessity familiar with submarines. Hence it was decided to make the voyage on the surface. The fleet set out, five U-Boats and the submarine tender Bushnell from Harwich, England, on April 3. They kept together and reached the Azores on April 10. They remained together until within three days of New York when the U C 97 cracked a piston and had no power as only one engine was running.

The sea was high and rough but the U C 97 signalled to the Bushnell that she would make repairs. She did so and no sooner were they completed and the boat able to proceed under her own power than a storm developed. The crews had to fight the seas night and day and it took the most careful navigation and handling of the boats to carry them through. Their low lying decks were constantly under water and only the conning tower high above the decks was dry. There were only two days of the latter part of the voyage that the crews could be on deck.

The U 111 and the U 117 reached port ahead of the others, having been separated during the storm. The U 148 and 88 followed, lying at Sandy Hook while the U C 97 with the Bush-

nell passed into the port of New York and eventually found their way to the Brooklyn Navy Yard. The U 111 left for New England ahead of the arrival of the others and so four U boats were there together when the U 88 and 148 reached the Navy Yard.

In England, at the present time, is the U 140 which has been assigned to the United States. She has no engines aboard and will not come to this country for sometime. The other five were sent here at the request of Secretary Glass for the purposes of the Victory Loan Campaign. They will, however, be exhibited in American ports long after the Victory Loan Campaign closes.

New York will be especially interested in the U 148 as she is to be exhibited on this part of the seaboard and along the Hudson River. The U 88 goes to the Gulf of Mexico, up the Mississippi and finally to the Pacific Coast for exhibition purposes while the U 117 will visit southern ports, stopping at Philadelphia on the way. The U C 97 will appear on the Great Lakes and visit all of the principal ports, spending considerable time in Chicago.

Reporters who visited the former Hun pirates at the Brooklyn Navy Yard the other day did not envy the crews their voyage. There is a typical submarine smell. It is a mingling of odors. Entrance to the craft is through hatches of iron which are securely fastened in place when the boat submerges. So the smell is retained. It is made up of oil smells, the smells from the batteries, the machinery, the electrical apparatus, and the food which the crew get in a more or less canned shape. Practically the only cooking aboard a submarine is the heating of coffee. The typical submarine smell is a cross somewhere between the smell of a new Manhattan subway and that of a jail. Perhaps it partakes a little of the character of each. In any event it is not pleasant.

Students in efficiency and concentration would do well to visit a submarine. All of the operation is assembled in one of the little compartments in the centre of the craft in a room immediately under the conning tower with an opening in the floor of the conning connecting. All of the ship is in a series of compartments with steel doors which may be securely fastened in case of accident or leakage in any one compartment. So the ship is divided naturally into stove pipe sections.

In the room from which the operations are directed are assembled a multitude of valves. Through a use of these water is admitted into the tanks on the sides of the vessel, so that by using the sinking rudder the craft can be run beneath the surface of the sea. Most of the submarines have a reserve buoyancy. That is if their engines were stopped they would come to the surface of their own volition, being in reality driven beneath the surface. Some of them, however, have extra tanks which when filled with water destroy that reserve buoyancy and the submarine sinks like a stone. When the desired depth is reached air is forced into tanks in the proportion desired to maintain her at any designated depth.

Within the operating compartment are many gauges. On their dials can be read the revolutions of the engines, the depth of the craft and the direction in which she is travelling. The steering is done here and the periscopes are also located here.

When they are on the surface the submarines are driven by oil engines of the Diesel type but when they are submerged they are driven by electric motors which are fed from storage batteries.

Usually in war time a submarine runs at an average depth of 30 feet with her listening apparatus active. When she heard the sound of some approaching craft she rises only far enough to project her periscope when she takes a look and then either rises to discharge her torpedo or discharges it without rising to the surface.

The visits of the captured Hun pirates, harmless and toylike now, will do much to call to the attention of the people the daring of our men who fought these undersea dastards and the right they have to ask that we finally settle the bills of the war and help the country to a peace basis.

#### What is Theory.

It may be defined as everything, but the actual production of sound. For example, the performer should know the following items connected with the music to be interpreted. The key it is in, time, marks of expression, relative value of notes, pitch of notes, introduction of accidentals, intervals, accent, phrasing, syncopation, directions referring to speed, slurs, special marks for emphasis on certain notes, intervals and many other things too numerous to mention. A knowledge of theory is essential to the proper interpretation of any music worthy of the name.

## THE OLD TOP HAT AND ITS LESSON

There's a New One for Man Who Guesses Its Connection With the Victory Liberty Loan

In the winter of 1917-18 in New York, men wearing top hats were as scarce as opera and big social affairs as were wheat and sugar in the retail grocers a few months later; a full-dress suit was looked upon with scornful wonder, and a woman ran the gauntlet of audible criticism in wearing diamonds or flowers with her evening gown.

Gorgeous raiment, big dinners, and many servants were looked upon with open disfavor as outward evidences of a lack of proper spirit toward our fighting men at the front and in a way, as disloyalty to our Government. Even at church, the top hat was a stench in the nostrils. America as a nation was expected to save every ounce of food, every dollar, and to conserve every stroke of labor for the prosecution of the war.

Result: the patterns for the old top hat were probably lost in the scuffle and there was no demand for new ones. Mankind has just begun to remember that all outdoor celebrations of great moment require the added dignity of a top hat. There must have been an awful scramble through cedar closets and band-boxes placed high on closet shelves the day before the parade of the Twenty-seventh Division. For the city father and the legislative body of the Empire State trotted out their old top hats without shame or guile. Was there a new silk hat among the hundreds? Not on a bet.

Isn't there some connection between the old top hat and the Victory Notes? There is. The one who guesses it gets a new top hat.

Buy Victory Liberty Notes!

### SOUTH AMBOY HIGH

#### WIN TWO STRAIGHT

The first two games on the South Amboy High School baseball schedule proved easy victories for the locals. On Wednesday of last week the Keyport High School baseball team journeyed to this city and were handed a defeat they will long remember. The locals started things going in the first inning, at which time they collected two runs and not an inning passed in which they did not score. At the end of the first half of the fourth inning the visitors had collected nine runs in all and thus tied themselves with the locals. The locals retaliated in their half of the same inning by helping themselves to seven runs. After which the visitors failed to score and Amboy gained three more points.

Score by innings:  
S. A. H. S. .... 2 5 2 7 1 2 x—19  
K. H. S. .... 0 2 5 2 0 0 0—9

#### South River Easily Defeated.

The second victory was received on Friday last. At this time the locals journeyed to South River and easily defeated the team of that place by the score of 16 to 2. The first two innings played resulted in neither side scoring and a close game was predicted. In the third Amboy scored two runs and maintained the lead thereafter. At the close of the game Amboy had captured sixteen runs, while her opponents had managed to collect two.

Score by innings:  
S. A. H. S. .... 0 0 2 6 2 0 0 1—16  
S. R. H. S. .... 0 0 0 1 0 0 0 1—2

### BURDENS DEFEAT

#### BERGEN HILL JRS.

On Sunday morning the Burdens defeated the Bergen Hill Jrs. by the score of 15 to 11 which the Burdens played hard to win. Moran and F. McCarthy were stars of the Burdens, while Triggs was the star of the defeated team.

Runs  
McCarthy, catcher ..... 2  
Moran, pitcher ..... 3  
McCarthy, first base ..... 4  
O'Leary, second base ..... 1  
Phillips, third base ..... 1  
McGuire, short stop ..... 1  
Leonard, right field ..... 1  
Flanigan, centre field ..... 2

Total ..... 15

Apply for games to Charles Moran, Catherine street, South Amboy, N. J.

#### WANT GAMES.

The St. Anthony Baseball Club of Perth Amboy would like to hear from a few fast teams around the county. Address, William J. Maloney, manager St. Anthony's, 429 Park avenue, Perth Amboy, N. J.

#### OPEN FOR CHALLENGES

The Seaside A. C. of South Amboy are looking for games with all nines whose ages run from 17 to 19 years. All challenges should be addressed to Elmer S. Parisen, manager, No. 208 Henry street, South Amboy, N. J. 3 w

### AMERICANS ALL!

You have all seen it—that poster for the Victory Liberty Loan in which an American artist sought to symbolize for Americans the land of birth or adoption, endeavored to convey to their consciousness the sacrifice made by men of names divergent, and the service demanded by them of men and women of names strangely alien, the one to another, who stayed at home.

But Howard Chandler Christy, in introducing De Bois, Smith, O'Brien, Pappadriopolous, Levy, and the others, himself had not read the roster of those who participated in what was probably the most wonderful exploit of any small body of Americans in the war.

In the current issue of The Saturday Evening Post of Philadelphia, under the title "The Second Elder Gives Battle," George Pattullo tells how a mountaineer from Tennessee named Alvin C. York, a member of Company G, 328th Infantry, killed twenty Germans, captured 132 prisoners including a major and three lieutenants, put 35 machine guns out of business, and so broke up an entire enemy battalion which was about to attack in the Argonne sector on October 8.

York did the fighting and killing single-handed, but there were others who had to do the thing which made it possible for him to pick off his men, and compel so many to surrender in batches—namely, to guard the prisoners as they came in.

Who did this? What were the names of these Americans to whom the German major, almost bereft of speech when he watched the operations of his captor, ejaculated "Good Lord?"

Read them. Cutting and Dymowski, Savage and Weller, Waring and Swanson, Donahue and Konotaki, Beardsley and Muzzi, Wills and Sacina, Johnson and Sak.

Americans all!

From them, who did so much for America, comes the call to us to do our duty to our country—from them and from thousands of others whose stilled tongues startle us to action with the thunders of silence.

Pine to palmetto, and ocean to ocean, Tho' of strange nations we get our increase, Here are your worshippers, one in devotion.

Whether the bugles blow battles or peace, Take us and make us your patriot band, Flag o' my land! Flag o' my land!

### SALVATION ARMY'S HOME SERVICE FUND CAMPAIGN

Newark, May 9.—County Clerk Bernard G. Cannon has been selected as chairman of the Salvation Army's Home Service Fund campaign for Middlesex County. The announcement was made through State headquarters here by former Governor Edward C. Stokes, chairman for New Jersey. The quota for Middlesex is \$75,000. The State of New Jersey will be called upon to subscribe \$750,000 of the national quota of \$13,000,000.

The high esteem in which the Salvation Army is held in New Jersey is evidenced by the character of the men and women who have consented to take active part in the campaign for funds to enlarge its activities for the work of extending a helping hand to humanity in distress. Here is a list of those who have accepted positions as vice presidents:

Dr. John Grier Hibben, president of Princeton University; former U. S. Senator David Baird of Camden, Dwight W. Morrow of J. P. Morgan & Co., a resident of Englewood; Mrs. James F. Fielder and Judge William H. Spoor of Jersey City, Burdette G. Lewis of Trenton, State Commissioner of Institutions and Agencies; Col. Lewis S. Thompson of Red Bank, Harry W. Leeds of Atlantic City, Calvin H. Kendall of Princeton, State Commissioner of Education, and M. Byrne and Louis V. Aronson of Newark.

Persons of equally high character have been selected for county chairmen. The list so far includes, in addition to Mr. Cannon:

State Comptroller Newton A. K. Bugbee, Mercer; Judge George G. Tennant, Hudson; George M. LaMonte, former Commissioner of Banking and Insurance, Somerset; Assemblyman Walter G. Winne, Hackensack; Mrs. E. Burd Grubb, wife of the late ex-Minister to Spain, Burlington; Assemblyman Ralph N. Kellam of Merchantville, Camden; Major Arthur F. Foran, Mayor of Flemington, Hunterdon; State Senator Arthur Whitney, Morris; Judge William H. Jeffery, Ocean; Charles F. H. Johnson, Passaic; Thomas E. Collins, City Engineer of Elizabeth, Union.

Ford supplies of all kinds. Central Garage, 108-110 Stevens avenue. Tel. 171.

## PRESBYTERIAN CHURCH NEWS

Next Sabbath is Mother's Day, and the subject for the morning discourse will be: "What A Mother Did," and in the evening "A Mother's Influence," as seen in three mothers of Scripture.

One man of the church has made the offer to the pastor to bring to church in his automobile any mother who is unable to get out to Mother's Day services in any other way. Very likely others will call up the pastor at once, making a similar offer, as soon as this reminder meets their eye. Do it, gentlemen, for the sake of these mothers whom we desire to honor this coming Sabbath.

Upon Wednesday evening we will take up the third evening of Study of Jesus' Miracles—the "Draught of Fishes" recorded in the first eleven verses of the fifth chapter of Luke's Gospel. Look it up and read it before you come to the prayer meeting.

The Board of Trustees will meet in monthly session on next Tuesday evening at 8 o'clock. A full attendance of all Trustees is urged. Special items for consideration.

A meeting of the congregation is called for May 21st, Wednesday evening, at 8.15 o'clock in the Lecture Room of the church, for the election of an additional Elder to complete the unexpired term of one year of Mr. Blakeley, resigned.

Gather your old paper together; tie them securely; and mention the fact that you have done this to the pastor, and he will see that they are called for by some of his assistants, the boys of our church and Sabbath School.

Watch the leaflet of next Sabbath for an item regarding our church windows. The trustees are anxious to make final arrangements regarding the memorial features.

By Sessional action Mr. Paul Prather continues as Clerk of Session, while Mr. Leroy J. Bergen assumes the duties of Sessional Treasurer once more.

Now that the warmer days are coming on, let not your interest slacken in the Sabbath School. There are interesting classes for everyone, and studies worth while. It lasts but one hour, and begins promptly at 10 a. m. every Sabbath. Mr. Paul Prather is the superintendent, and he is leaving nothing undone to make it one of the best Sabbath Schools in this community.

Ask some of the men who attend as to the value of this hour in the study of Genesis. You suffer a distinct loss every time you are absent from this enjoyable class.

Don't forget your white carnation for Mother next Sabbath, and let us have two of the best attended services in our church that we have had for many a day. Every Presbyterian should be in his or her place at the local church next Sabbath morning and evening. Be there, for mother's sake! And take her with you, if possible!

\*\*\*\*\*  
TEST OF AMERICANISM.  
\*\*\*\*\*  
This Victory Liberty Loan is a test of Americanism. Looked at from any angle, we have to finish the job in real American fashion or confess that we are not worthy of our heritage of citizenship.  
There is no need to theorize or to use learned arguments to demonstrate that the obligation should be recognized. Look at the matter from the everyday point of view of the average business man.  
We authorized a certain corporation in which we all have stock to do certain things for us, to spare no expense, only to get them done in the quickest possible time and with as little danger to the active partners as possible.  
The directors lost no time in getting busy. They sent a large force abroad.  
Are there Americans who refuse to pay the expense account of their representatives?  
There is the whole matter in the language of day to day business, and we might just as well face it.  
Don't talk about what the boys did for the grand old arm and then refuse to pay for what they did.  
You sent them abroad. Bring them home. Buy Victory Notes.

### JOHN STREET METHODIST EPISCOPAL CHURCH

George W. Abel, Pastor.

The services on Sunday will be as follows: preaching 10.30 a. m. topic, "The Stewardship of Property." The fourth subject in the Centenary program. The aim of which is to show that faithful stewardship of property is generally the test of faithfulness in the larger stewardship; that from the beginning God has recognized that the giving of money is the truest index of a sincere human interest; that the study of the scriptural teaching about covetousness shows that this sin is classed with the hideous sin of adultery; that the payment of the tithe has been God's safeguard against this sin.

The Sunday School session will be at 2.30 o'clock in the afternoon. The opening exercises of the school will be a review of the Heroes of one hundred years ago.

In the evening at 7.30 o'clock Mrs. Stephen J. Herben will speak in the interest of the W. C. T. U. and the W. F. M. S.

Mrs. Herben is a well trained and cultured speaker. She is a graduate of the Northwestern University and has a Master's Degree from the Allegheny College. She was a delegate to the World's Missionary Conference in 1910 held in Edinburgh, and now Jubilee supervisor of the W. F. M. S. war work, also the only woman on the committee on Americanization.

Mrs. Herben is forceful, compelling and sympathetic in her presentation. Dr. Stockdale of Baldwin New York, says "Her appeal was irresistible when presenting the combined cause of the Woman's Christian Temperance Union and the Woman's Foreign Missionary Society."

You are invited to be present and hear her on Sunday night.

The regular devotional meeting of the Epworth League will be held on Tuesday evening, led by Mrs. H. Stratton. Thursday afternoon at 4 o'clock Junior League. Thursday evening at 7 o'clock Young People's Class. Prayer meeting Thursday evening at 7.45.

### LET US RESOLVE.

"Thrift is an attitude of mind brought about primarily by circumstances and continued and increased by resolve."—N. Y. Times.

Note:—The man with this point of view will have no difficulty in being able to afford at least one Victory Note.

### NOT A LOAN OF SACRIFICE.

"I deny that it is a sacrifice for any American citizen to invest his earnings in American securities at a fair rate of interest."—Secretary Glass of the Treasury Department.

### Carter Glass Says—

"While the best among us may presently witness in our own minds and hearts a singular contest between avarice and that better element of human nature which makes us willing to believe that man was created in the image of God—the right will eventually prevail."

Of all fine words of tongue or pen, The finest are:—"I'll buy again!" The sentiment of course applies To Victory Notes the patriot buys!

### FOR THOSE WHO GAVE THEIR ALL.

By GRANTLAND RICE,

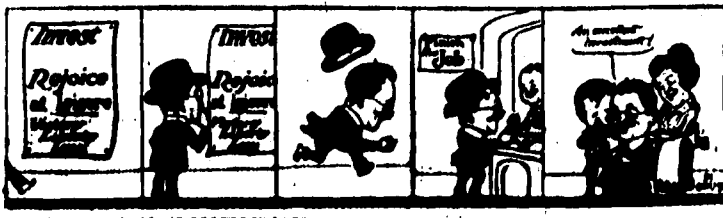

First Lieutenant Field Artillery, U. S. A.

Through the wooded depths—in the reedy turn—  
Where the winds of spring are blowing,  
Their crosses wait by the Oureq and Murne  
And on where the Veste is flowing;  
Their rifles rust where rank weeds spawn  
And endless night enfolds them,  
But poppies flame in the fogs of dawn  
To light the Inn that holds them.

By the Argonne Trail—their helmets wait  
To guard the goal they sought for;  
But never a ghost shall pass the Gate  
That leads to the home they fought for;  
And never a dream shall near the sleep  
That followed their last endeavor,  
But the Night is long and the Silence deep  
Where the home road's barred forever.

In the wooded depths where the branches toss  
No mate shall hear their story;  
But mounds by mound—and cross by cross—  
Life's lost winds slug their glory;  
They gave their all—to the final debt—  
On down to the soul's last ember,  
And they will know if the clans forget—  
Or whether the clans remember!

### YOUR LAST CHANCE—DO IT NOW.

## THE REAL ECONOMIC VALUE OF THE WAR

Expert Declares That World Conflict Taught Public to Beware of "Work and Money Fallacies."

By PROF. IRVING FISHER.  
(Famous Political Economist of Yale.)

One of the chief lessons of the war, both in Europe and America, is to compel attention to the fundamental factors of economic welfare.

The "save and serve" slogan used in appeals for subscriptions to Liberty Bonds illustrates this, as does the "goods and services" slogan in England. Both replaced the "business as usual" cry with which the war began.

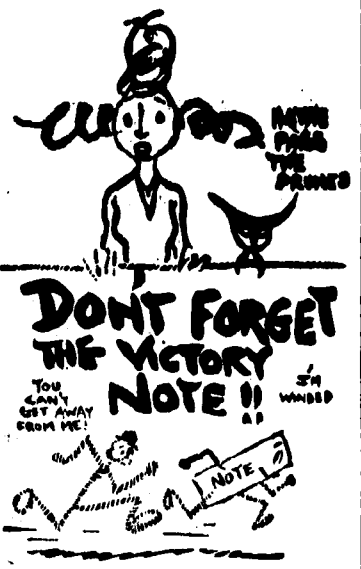

The public learned to beware of many common economic fallacies such as that the way to pay for the war is to keep everybody at his usual job "so as to earn money." Instead of diverting labor and capital to needed war work; or such as that we should spend so as to "keep business going and make money circulate" instead of save; or such as that we should limit output so as "to raise wages."

The British Labor Program actually repudiated the fallacious doctrine of limitation of output generally held by the trades unionists.

If workmen will really give up this fallacy completely they will thereby increase their real wages—in bread and butter, shoes and clothing, shelter and amusements, because, as a whole, they will be making more of these things which constitute real wages.

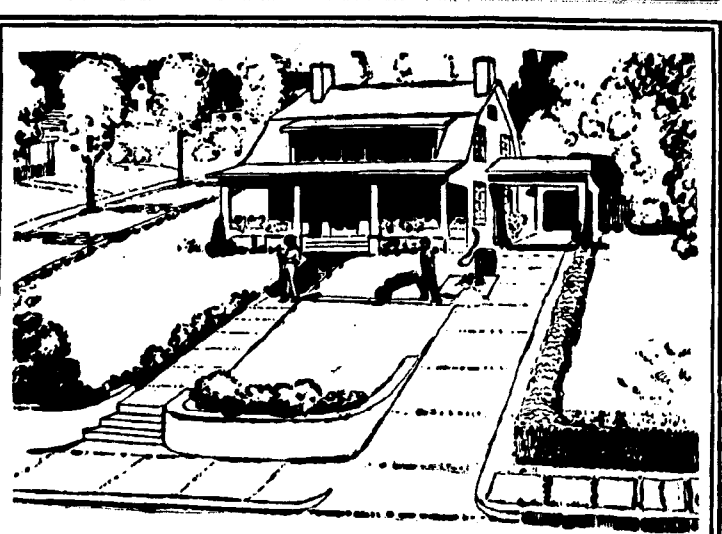

The eight hour day is good if it adds to leisure, lessens fatigue and increases product; but it is a delusion and a snare if it is used simply to lessen output and "make work."

The "make work fallacy" and the "money fallacies" are pitfalls to entrap unwary workmen and betray the real economic interests of us all. Buy Victory Notes!

\*\*\*\*\*  
A LOAN OF PATRIOTISM.  
\*\*\*\*\*  
"I may have put the Loan on a commercial basis, that I do not undertake to say. But this I do undertake to say, that it does not require a commercial loan to excite the patriotism of the American people."—Secretary Glass of the Treasury Department.

## "Keep Off The Grass"

Such a disfiguring sign on your lawn would be unnecessary if, instead of that muddy path, you laid down a cement walk for pedestrians' use.

And the appearance of your entire property can be greatly improved at moderate cost by building driveways, steps, porch floors and retaining walls of concrete, with Atlas Portland cement.

We not only have the cement but can tell you how best to build with it—for you can do it yourself if you like. Just tell us how we can serve you.

Corsets are taxed if a luxury, not if a necessity. Soda water is taxed in a drug-store or candy shop, not in a restaurant. Dealers guilty of overcharging on account of a tax difficult to interpret may be fined \$1,000. The luxury tax is a good example of measures admirable in principle, but so difficult and costly to execute as to be of doubtful wisdom.—New York World.

#### BELGIUM NEAR RECOVERY.

It is encouraging to learn that Belgium is so far on the road to recovery as to make it possible for the Commission for Relief to suspend operations in that territory. The Belgian Government will now take over on its own account the provisioning and distribution of food supplies under a national system pending the restoration of local industry.

Since the beginning of the war over 5,000,000 tons of food, costing more than \$750,000,000, have been shipped by the Commission for Relief in Belgium. In addition to contributions passing through England, 950 full cargoes have been sent from the ports of this country. To-day the Port of Antwerp is open and its piers are crowded with traffic. Belgium is rapidly getting on its feet.

But the cessation of relief measures in Belgium will only give to the American Relief Administration, of which Mr. Hoover is Director General, fuller opportunity to direct its energies to succoring the stricken people of other parts of Europe to whom access is now possible. Their needs are pressing and no effort can be spared to save them from famine and destitution.—New York World.

#### JUNIOR BASEBALL TEAM.

The committee of management of the local Y. M. C. A. voted to form a junior baseball team for the season just starting. This will develop the younger material and furnish teams for the future.

Almost the entire High School squad will be out for it just as soon as the High School season is over. We hope to provide double headers on Saturdays to keep up the sporting instinct of the city. Just as soon as we can obtain a spell of dry weather from the weather man the Yard Field will be put into condition for the regular games.

There is no reason why South Amboy should not be represented by a strong Junior team on Saturday afternoon. This team will be uniformed.

#### ST. MARY'S BOY SCOUTS TO PLAY ORIOLE A. C. OF RAHWAY

On Sunday, May 11th, the St. Mary's Boy Scouts will cross bats with the Oriole A. C. of Rahway, on Whitehead's Field, which is near lovers' lane.

Although the Scouts have lost their first two games of the season they still have confidence in themselves and expect to come out on top before the close of the season.

The scouts have with them for this Sunday, Alphonsus Lyons, who is one of the best first basemen in South Amboy. Lyons played with the Scouts last season and played splendid ball. Stanton and Carroll will be on the mound while Keenan will be behind the bat; Segrave will cover 3rd, Mantion 2nd, Lenahan ss., Moran rf., Fitzmorris cf., and Carroll lf. With this lineup the scouts will endeavor to put up a good game.

#### MRS. ANNIE L. CASEY.

Mrs. Annie L. Casey, wife of Robert A. Casey, departed this life on Monday morning last at 7 o'clock at the Memorial Hospital, Newark, at the age of 34 years.

Mrs. Casey had been complaining for some time and she was taken to the hospital to undergo an operation, but her weakened condition would not allow it at the time. In the meantime pneumonia took hold of her and caused her death. Besides a husband, two sons, Robert and Walter, survive her.

The funeral was held from St. Mary's Church at 9 o'clock on Wednesday morning, and was largely attended by relatives and friends. High mass of requiem was celebrated by Rev. Father Quinn, after which interment was made in the parish cemetery. Brothers of Mr. and the late Mrs. Casey acted as pall bearers. J. J. Scully was funeral director.

Subscribe for The Citizen.

#### HIGHWAY COMMISSION ASKS FREEHOLDERS TO ACT

(Continued from Page One)  
Council next Tuesday evening, and take definite action on the matter, so that the Highway Commission can commence work on the improvement at once.

#### ODDS AND ENDS.

E. J. O'Connor is giving his Broadway property a new dress of paint.

"Mothers' Day" will be observed at the Baptist Church on Sunday. In the evening at 7:30 o'clock, Rev. George W. McCombe will take as his topic, "An Old-fashioned Mother."

Another case of reckless driving on the part of the Government employees at Morgan was brought to the attention of the police Thursday evening, when another automobile attempting to turn down John street was struck head on by a Government machine from Morgan which tried to pass the other car on the left hand side of the street. Fortunately no one was injured, but both machines were badly damaged. A few minutes later another of the same type machine was seen coming over Stevens avenue at rate of about forty miles an hour. Is it any wonder that they have all kinds of accidents? The people of South Amboy should have protection against this kind of driving and some one should take steps to stop it.

Israel Mount of the 18th Ordnance Casual Company arrived in this country on Tuesday and is now at Camp Upton awaiting his discharge.

On Wednesday evening a number of members of the South Amboy Council, K. of C., travelled to New Brunswick and there witnessed the exemplification of the Major Degree at the Columbia Hall of that city. The trip was made in automobiles. The Knights report a good time.

The Y. M. C. A. tennis courts are being put into shape and the tennis fans are beginning to appear regularly at the courts. In the near future it is expected that the St. Mary's court will be put into playing condition, and some good matches should be expected.

We extend thanks to First-class Private John Wortly, of 307th Field Artillery, Battery D, A. E. F., for copy of "The Flash" of April 10, 1919.

Mr. and Mrs. Charles Pearson of George street were made happy on Saturday last by the arrival of a charming young daughter at their home.

#### K. OF P. HALL SOLD.

Good Samaritan Lodge No. 52, K. of P., have entered into a contract for the sale of their hall on First street. The hall at present is being now conduct a factory on Gordon street. The hall as present is being used as an Armory by Company F.

#### MAY WIDEN ROAD.

Included in the plans to pave Pine avenue from Bordentown avenue to the county road at Morgan will be the widening of the road in front of the cemetery. This is an exceptionally bad spot at the present time and it is the hope of the commission to eliminate it. The double curve will be eliminated and the trolley Y will be removed and from ten to twenty feet of property purchased along the road from the cemetery association.

The Freeholders are taking action toward having Bordentown avenue from Broadway to Stevens avenue paved. The upper section from Pine avenue to the city line will also be paved. From Stevens to Pine will be done by the State.

"THE HEART OF HUMANITY."  
"The Heart of Humanity," Allen Holubar's super-production, will be shown at the Empire Theatre on Monday and Tuesday next. This picture features Dorothy Phillips, America's foremost emotional actress. In order to give all an opportunity to see this great picture that has won so much popularity, there will be two shows nightly, 7 and 9 p. m. Seats for this great production have been placed at 25 cents.

#### HOUSES WANTED.

Miss Sayre, of the W. C. C. S., is still giving assistance to the soldiers in regard to housing. Applications have been received for houses and apartments which rent from \$12 to \$25 dollars a month. Any information of such places may be sent to her at Room 10, Parison Building, where a list is kept on file.

A dance of the War Camp Community Service was held in Company F armory on Tuesday evening.

James Harkins of First street has purchased a Cadillac touring car.

#### SENATOR FREELINGHUYSEN ON STORING OF EXPLOSIVES

Senator Freelinghuysen is keeping the safety of his constituents uppermost in his mind, and therefore is in touch with the War Department in regard to storing explosive materials in this vicinity. Following is a copy of a letter recently sent by him to Benedict Crowell, acting secretary of war, Washington, D. C.

The Honorable Benedict Crowell, Acting Secretary of War, Washington, D. C.,

My dear Mr. Secretary:

I have several times invited the attention of the War Department to certain vitally important conditions in my State, in which are involved the matter of life and death. I refer to the storage of high explosives on a large scale, at a number of plants belonging to or under the supervision of the War Department.

It is needless to dwell upon the "Black Tom" disaster, or the more recent one at the Morgan plant. Resulting from the latter, the destruction of property, public and private, was very great, but this was of minor importance compared with the distressing loss of life which ensued. Not only were eighty-seven persons killed outright, or so maimed that death ensued, but many, who were rendered homeless, and were compelled to remain without shelter for hours, improperly clad, died subsequently from exposure.

As a member of the Senate Committee which investigated the disaster, the horrible details of the affair were brought so clearly to my mind, that I should consider myself supremely derelict if I did not employ every endeavor to prevent any such catastrophe hereafter.

By reason to her proximity to the Port of New York, New Jersey, during the war, was more largely utilized than any other State, as the base for the establishment of munition plants and arsenals. While the War was on, and every citizen and every community was called upon to play its part, and take its share of risk, in the scheme of national defense, my constituents made no complaint over existing conditions. Now, however, that hostilities have been over for months, there is no legitimate reason why the citizens of New Jersey should be subjected to undue jeopardy from this cause.

As far back as December 4, 1918, the Secretary of War wrote me that the work of removing this dangerous material from New Jersey would be pushed to the limit. Nevertheless the menace still remains.

I have heretofore urged, and I now repeat the request, that every agency at the Government's command be employed to get rid of the vast quantity of explosives in the numerous plants in New Jersey where they are stored in such large quantities. I especially refer to those in Middlesex County, at the Morgan plant, and at Raritan Arsenal, which are located in populous, congested communities, where the disaster to life and property would be widespread, should a similar accident to that of last October occur.

I emphatically protest, in behalf of my constituents, against any further delay in the removal of this menace to their peace of mind and to life itself. I beg to urge the highest measure of expedition in the direction indicated, and I will be glad to have prompt assurances at your hands that the War Department is leaving no stone unturned to accomplish the end desired. I will, moreover, be glad to have a detailed statement, especially as to the two plants specified, regarding the tonnage shipped out of the State each day, and the estimated length of time required to remove all the high explosives from said territory.

Your very truly,  
(Signed) J. S. Freelinghuysen,  
U. S. S.

#### UNCLAIMED LETTERS.

List of letters remaining in Post Office uncalled for the week ending May 10:

Mrs. Bertha Geant, Mr. and Mrs. James Farley, Mrs. Jesse E. Donnelly, D. Cullen, Mr. and Mrs. Orville Bucklew, Lewis Bowing, Jesse Bremer, Frank Prestige, Hols Miles, Arthur Larson, J. D. Masden, Antonio Marando, Frangapine Gaetane, Raffale Petuso, Ciccariallo Bartolo, (2); Sous Leocoline, Peter Jensen, Arid Janson, Sgt. C. G. West, Toney Frokis, D. Fergusson, Thomas Clifford, Schr. A. M. Jagger, Thomas O'Leary.

These letters will be sent to the dead letter office in 30 days. When calling for the above letters please say "Advertised." J. W. REA, P. M. \*

#### CARD OF THANKS.

The undersigned takes this method of extending his thanks to all who rendered kind assistance during the illness and at the burial of his wife; also to those who sent floral pieces as tokens of love.

ROBERT A. CASEY.

Kindly mention Citizen when patronizing Advertisers.

#### NOTICE TO CREDITORS.

A. ROBERT GORDON, Administrator, of William R. Hubbard, deceased, by direction of the Surrogate of the County of Middlesex, hereby gives notice to the creditors of the said William R. Hubbard to bring in their debts, demands and claims against the estate of the said deceased, under oath or affirmation, within nine months from this date, or they will be forever barred of any action therefor against the said administrator. Bills to be presented to John A. Lovely, Proctor, South Amboy, New Jersey.

Dated May 8, 1919.  
A. ROBERT GORDON,  
Administrator.

#### The Patriotic Story of the LOAN

Tell it to the children who will profit by its thrift

Tell them how the First and the Second, the Third and the Fourth helped win the War. Tell them how the Fifth finished the work.

Tell them of the benefits derived from money safely invested—the way in which it works for them year after year until every cent has been returned.

They will learn the value of saving.

And then—show them the Bonds—all five of them!

## ODDS AND ENDS

Items of Interest Presented in Short Paragraphs for Busy Readers.

There is still time to invest in the Victory Loan. The best investment offered by any government and the best security in the world. South Amboy cannot fail in this campaign after doing so splendidly in the others. Even the explosion did not stop us in the fourth loan.  
Practically every afternoon now troop trains pass through this city enroute for Camp Dix. The men land at Hoboken and New York and are then transferred to Camp Dix for demobilization and classification.  
William Christian, after many months of service in France, is spending a short furlough with his parents in this city.  
Francis O'Leary was a local visitor on Sunday last. He returned to Camp Upton on Sunday evening and later in the week was transferred to the Lakewood base hospital, where he will undergo treatment for deafness caused by the detonation of high explosive shells.

Word received in this city states that the 114th Infantry, which includes New Jersey boys from the old third and fifth New Jersey National Guards, have arrived in Newport News. Several Amboy men belong to this regiment and expect to be transferred to Camp Dix for discharge about next Monday. Wm. P. Moss is one of them.  
Enroute from Perth Amboy to Prospect Plains the famous 11th Cavalry passed through this city on Tuesday morning. The troop certainly made a fine appearance, it being quite a novelty to the people of South Amboy to see mounted soldiers.  
The Citizen was pleasantly surprised by a visit from Thomas Lingle of Perth Amboy on Friday of last week. Mr. Lingle in the active days of the Camden & Amboy Railroad was master mechanic in the shops at this city in which at that time many mechanics were employed. Notwithstanding Mr. Lingle is approaching his ninetieth year he is very active and enjoys life.  
Fred Dunting has purchased the property at 119 John street from Mrs. Lottie Gough through Wm. H. Parison's agency.

Frank Shults has purchased a house and three lots on David street from Mrs. Sarah J. Mills of New York, formerly of this city.  
Owing to there being a Central Garage in Perth Amboy, Hyman Shipkin has decided to change the name of his garage, 112 Stevens avenue, to the "Victory Garage."  
Hans Miller, of John street, has resigned his position at the Morgan General Ordnance Department and accepted a more lucrative one at the Aeromarine Plane & Motor Co. at Keyport.  
Michael Welsh was at Atlantic City this week attending the convention of the State Liquor Dealers' Association.

Lorenz Barich, the barber, has moved with his family to Totenville, N. Y., where he purchased a home. He will continue his shop in this city commuting daily.  
The Sewing Society of the Swedish Congregational Church, of Perth Amboy, met at the home of Mrs. Joel Magnuson on upper Main street last Thursday afternoon. After regular routine of business, refreshments were served and an hour or so spent in a social manner. All present greatly enjoyed the afternoon.  
Mrs. D. W. Read, Mrs. O. O. Barr, Mrs. W. S. Dey, and Mrs. George Gundrum were in attendance at the State Federation of Women's Club held at Atlantic City this week.

Can you look the returning soldier straight in the eye unless you, too, have bought "Victory Bonds?"  
The entertainment in the Empire Theatre Thursday evening under the auspices of the High School was a great success. Owing to the unsettled conditions this year no class play was held, but the money raised in this way.  
An opportunity is now given those that have been waiting for a welcome home celebration. A number of persons have been heard to say "Well I've got five dollars for the commit-

tee when they get together for a Welcome Home Celebration." Let us now see how many of this type of men are in town. Richard M. Mack is the secretary of the committee, and would be glad to receive all subscriptions, that the boys may be given a fitting "homecoming celebration."  
With the first real warm day of the season last Sunday came thousands of automobiles through this city. Portentown avenue is in very poor condition and the heavy traffic makes the situation a whole lot worse. It is understood that the Freeholders will take steps in the near future to have this street paved.  
Mrs. George Duncan of Portia street, recently entertained a few friends in honor of Mr. and Mrs. Wm. Hays who have left town to make their home in Newark. Those present were: Mrs. George Clark, Miss Mollie Burkhard, Mrs. Wm. Hays, Miss Duncan, of this city, Mrs. James D. Van Pelt of Asbury Park, N. J.

The men of Company F are making a strenuous recruiting campaign to fill up the ranks of the company. The loss of men is due to the number who were in this city working in the munition plants and when these closed down of course they moved away. Lieut. Havens is recruiting officer.  
A number of South Amboy men have enlisted in Company E of the 22nd Infantry now stationed at Morgan. This outfit has a recruiting station at the Arsenal and is ready to receive additional recruits at all times. The men of this contingent expect to be sent to France in the near future and at the present time are being put through a very strenuous training schedule.  
The St. Mary's Boy Scouts are still on the losing side of the column having been handed defeats two weeks in succession. Their opponents on Sunday were the Landing A. C. of New Brunswick who administered the defeat to the tune of 14 to 4.

Another of the periodical dances will be held in St. Mary's Hall this Friday evening under the auspices of the Boy Scouts, Troop 3 and 4. These dances are about the best known social diversion for the young folk of the city.  
Capt. E. C. Roddy and Lieut. Hasslacher of Company F visited the Caldwell range on Sunday and spent the day in shooting. Capt. Roddy was successful in securing a "Marksman's Medal" and expects next Sunday to

**HELP WANTED.**  
GIRLS WANTED—Steady Work, Full Time, Good Pay, Pleasant and healthful shop conditions. Good board and room at company's hotel for girls. Recreation and educational features, and a girls' club room provided. Company furnishes free insurance and medical attention. A splendid opportunity to learn the profitable trade of making rubber shoes. Applicants must be of good moral character and able to give references. Apply or address Employment Dept., BEACON FALLS RUBBER SHOE CO., Beacon Falls, Conn. 4-20-3

complete for a sharpshooter's emblem. Owing to the large number of men visiting the Caldwell Range on Sunday last the men of Company F were denied the privilege of making the trip. However, this Sunday a party of about fifteen men will go to this range, the largest in the world.  
On Monday evening a number of young people of this city attended the "employees dance" at Morgan. The affair was a most enjoyable one the music being rendered by Howland's Jazz Kings.  
The Citizen acknowledges receipt from Corporal Nicholas Nelson, Company G, 310th Infantry, A. E. F., for copy of "The Flash," and a booklet of "The Engagements of Company G, Second Battalion, 310th Infantry, 78th Division in the World War." Among the members in Company G from South Amboy are Corporal Nicholas Nelson, First-class Private Leo Heston, First-class Private Leo J. Whalen, and Private Domonico Cesare.  
The ruffians who marred the bulletin board in the Presbyterian Church yard early Monday night should feel happy over their act of desecration. What impulse led up to this damage is hard to imagine, and the perpetrators should feel deeply ashamed of themselves if they have a spark of decency in their body.  
S. J. Dillon, master mechanic of the Trenton Division, P. R. R., gave a dinner to the officials and foremen of the shops on Saturday last at his home at Riverton, N. J., in celebration of his forty years of continuous service with the railroad. There were about thirty guests present, among whom were Mr. and Mrs. Joseph Walters of this city.  
The W. C. C. S. will hold a dance in the Recreation Hall, Camp Morgan, on Tuesday, May 13.  
M. A. McCarthy has purchased a fine Chandler sedan, which he will use in his undertaking business.  
It is reported that a number of Mechanicsville boys participated in the street fighting in Perth Amboy on Tuesday evening.  
Have you bought your Victory Bond? Help get the men back from France. They went over of their own accord, now it is up to you to get them back. Advertise in The Citizen.

## HOW A YOUNG HUSBAND HELPED.

**Forced to Manage Home Alone, Latham Finds His Wife Needs Square Deal.**

When his wife, ill from the drudgery of her housework and the care of their little daughter, goes to the country to recuperate, a certain young husband, who is the hero in "A Square Deal for His Wife," a delightful two reel photoplay produced by Universal, comes face to face with a very serious problem. This little drama will be shown at the Empire Theatre on Thursday, May 29.

In the days prior to his wife's sudden illness, he had listened with disdain, and unbelief to her relation of aggravating incidences and occurrences throughout the day, and had shrugged his shoulders in an inconsiderate manner, offering merely suggestion that she adopt "system" in the management of the household.

"Run your house like I do my office," he insisted. "Anything can be accomplished if one is systematic."

In spite of his insistent suggestion, the wife continues to lose her charm of personality and appearance—to say nothing of disposition—which causes the young husband to selfishly ridicule her on the subject. Finally, the drudgery of the house caused the inevitable—the little woman collapsed, became very ill, and upon the advice of the physician, was sent to the country to recuperate.

Very manfully, the young husband undertook to maintain the home while she was away. But he found things very much not to his liking, and before many days had passed admitted that "system" worked out all right when applied to the cold mechanics of the downtown office, but was not appropriate in the home.

He burns his toast, eggs and ruins his coffee on the old fashioned range, scorching his trousers with the old fashioned flat iron, blisters his hands, and wrenches his back with an old straw broom. All of which convinces him that the little wife needs a square deal, since it was painfully apparent that the work of the household was drudgery pure and simple, compared with the easy going work at the office.

How he sets about to make things more convenient in the home, how he wins back the youth and beauty of the wife, and how he finds "a square deal" for her, compose one of the most absorbing and appealing domestic comedy dramas ever presented in this city.

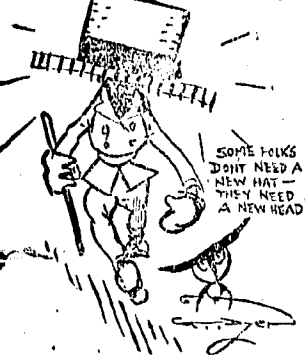

"A Square Deal for His Wife" was produced by the Universal Industrial department under the direction of Harry Levey, general manager. It is being shown through the courtesy of the Western Electric Company.

## Here's YOUR Chance.

Jacob H. Schiff, in a recent speech, said it is hard to satisfy the people. For years, said the famous banker, the wealthy class has been charged with hypothecating to itself all government bonds and issues, while the less wealthy man had to put his money into investments far less secure.

Said Mr. Schiff: "In the Victory Liberty Note the people, not the banks or large financial institutions, are given first chance to put their money in a well paying promissory note of Uncle Sam. The banks are actually discriminated against by the government, in the effort to attract the poorer man to invest and save his money. Yet many of that class are not content."

**BUY A VICTORY NOTE**  
YOU CAN BUY A STRAW-  
HAT LATER IN THE  
SEASON?

## JOIN THE CHORUS.

The new French loan is called "The Loan of National Restoration." That's a fine phrase. Think it over. You can translate it into American without any trouble. It is synonymous in meaning with Victory Loan. The French are splendid phrase makers. They know how to put one word to the tune of the Marseillaise. Well, be that as it may. We have set our new loan to as fine a key. It is the note of Victory. So join in the chorus. Sing Victory Notes.

Advertise in the Citizen.

## JUST LIKE MOTHER USED TO DO.

One of the games Y. M. C. A. girls play with the doughboys over in France is "Buttons, buttons—who has no buttons?" For the American soldier to still the same man he always was, with the same talent for losing buttons and having all kinds of dire things happen to his clothing. And right there is where the "Y" girl comes in. She is always ready to supply the ditch in time, which is one reason perhaps that the members of the A. E. F. have such a reputation for being well-groomed. Just at present the Y. M. C. A. women at debarcation ports in France are keeping their needles hot with fast and furious last-minute sewing, making the soldiers' caps and span for the trip to the United States. They want to get all dressed up because at last they have some place to go, the best place of all, home.

## SONGS SPEED RECOVERY OF THE SHELL SHOCKED.

Paris, April 19.—"Just a Baby's Prayer at Twilight," sung in a sweet, low soprano, sounded beyond the doors of the shell-shock ward in a base hospital near one of the old camps.

"That," said the surgeon who was conducting the visitor through the hospital, "is our new cure for shell-shock."

The song ended, but after a moment the singer resumed with "The Little Gray House in the West," and then continued with a lullaby, the kind that all American mothers croon as they soothe their little ones held in their arms. Occasionally a few thin masculine voices joined in the singing, their brave efforts becoming stronger as the melody shifted gradually to songs of a more spirited kind. Then from the ward, followed by a faint cheer, came the singer—smiling.

She was Miss Paula Lind Ayers, formerly on the New York concert stage. She wore the uniform and insignia of a

PAULA LIND AYERS.

Y. M. C. A. entertainer in France, but the surgeon introduced her as song-physician to the shell-shocked doughboys of the A. E. F.

Miss Ayers' career as a song-physician began by accident. While touring a number of American camps to sing to the doughboys, she visited a base hospital one afternoon and sang to the patients in the various wards. "No need to go in there," she was told, in front of one closed door. "The shell-shock patients are in there. They are making so much noise that they probably wouldn't hear you."

"I should like to try, anyhow," she said. Before the end of Miss Ayers' first stanza, all but three or four of the worst cases had been quieted, and were listening to the song. By the time she had sung half a dozen songs, a few of the men were joining in the chorus. It was the first time that some of them had spoken since they had been stricken with shock.

After that, she visited the hospital daily, upon the request of the commanding officer, and went to the other hospitals in the region. Without exception it was found that the patients responded more readily to her singing than to almost any other treatment.

"I have to begin with the softer, quieter melodies," she says. "Anything spirited or rhythmic seems to frighten the men at first, just as any loud sudden noise does. As the boys' condition improves we go on to other songs, and soon most of the patients are singing with me."

"I believe that in the colleges this sort of thing is called 'musicotherapy,' though I discovered it by accident. Some of the boys have had very little treatment except music, and are recovering fast." Novel as this use of entertainment is, it is pronounced highly essential by army officers, and one of them, besides commending Miss Ayers for her work, has ordered this "song treatment" for all the shell-shock cases in his command. This is one reason why the "Y" has called for 375 more entertainers to go overseas.

## "Y" SPORTS FOR SOLDIERS.

From August, 1918, up to the present date 900,000 members of the A. E. F. have participated in baseball games in France under the direction of Y. M. C. A. athletic directors and over 3,000,000 spectators have attended these games. The ball games staged by the "Y" are easily the most popular form of sport among the American soldiers, but other games have had unexpected popularity. The following figures give the number of players and spectators in various other games, all given as part of the Y. M. C. A.'s gigantic athletic program: Football, 700,000 players and 3,000,000 spectators; soccer, 637,495 players and 670,519 spectators; basketball, 528,574 players and 438,957 spectators; volleyball, 458,584 players and 433,456 spectators; boxing, 389,515 participants and 3,733,163 spectators.

## POST-WAR ACTIVITIES OF "Y."

Latest figures compiled by the Eastern department of the Y. M. C. A., which comprises New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia and West Virginia, tell a story of continued post-war service to the returning troops by passing through the Eastern states in never-ending streams during the process of debarkation and demobilization. Although there are 500,000 men in Eastern department camps there were before the armistice, the staff of Y. M. C. A. officers is almost as large as it was during the war, and every effort is being made to increase and extend "Y" service. There are now 1,195 Red Triangle men actively engaged in providing for the wants of home-coming soldiers. The figures show:

At "Y" huts and service buildings there is an average monthly attendance of 5,000,373 men. These men buy every month \$50,517.13 worth of postage stamps over the "Y" counter, send home in money orders \$191,837.70, and use 3,837,495 Red Triangle envelopes. They attend 1,907 lectures and entertainments other than movies given by the Y. M. C. A., 8,515 moving picture shows, and 334 parties at which no entertainment program is given. There are 71,102 men participating in compulsory athletic every month, about 50,000 who engage in formal athletics and 367,958 in informal athletics, all staged by the Y. M. C. A. Nearly 3,000 class meetings are held monthly for vocational instruction, attended by 35,373 men. In addition there are 3,070 lectures with an attendance of 255,267 men. About 50,000 books are loaned each month, and 19,256 newspapers and magazines are kept constantly in circulation. Last month there were 2,018 religious meetings with a total attendance of 215,100.

## PLAYS FOR THE WAR WEARY.

When the Y. M. C. A. first began to act as theatrical manager and producer for the A. E. F. in France the equipment consisted of one trunkful of costumes, four banjos and two guitars. But the doughboy soon proved that all the world's a stage, even a world at war, for the "soldier shows" rapidly became the favorite indoor sport of American soldiers, and the "Y" service grew correspondingly fast. Professional coaches are now organized under the direction of Miss Dorothy Donnelly, one of America's favorite actresses, and Mr. Joseph Lindon Smith, head of the Overseas Theater League, with offices in Paris, has increased that first trunkful of properties to the following proportions: 6,119 costumes, 1,944 musical instruments, 1,822 plays, including serious dramas; 15,956 pieces of sheet music, 1,893 make-up sets and 400 wigs.

## FULL MILITARY HONORS AT "Y" WORKER'S FUNERAL

Miss Marjorie Vrooman, Y. M. C. A. canteen worker, who recently died in France, was one of the few welfare workers abroad who at death were honored with a full military funeral. She was accorded all military honors paid officers of the A. E. F. who died in France. Miss

MARJORIE R. VROOMAN.

Vrooman came from Clyde, N. Y., and had been abroad at Caunter, a "Y" leave area in the Pyrenees, since November.

Immediately following the death of Miss Vrooman, who was a most beloved member of the "Y" staff canteenets, Col. F. D. Evans, commanding officer, ordered the flag at half-mast and all entertainment in the village incident to Mardi Gras suspended. A military guard was placed at the modest little peasant's cottage where the young girl had died.

Services were conducted at army headquarters. Evergreens and flowers, many of them picked from the mountain sides by soldiers, made a beautiful floral setting for the flag-draped casket. The entire Y. M. C. A. staff and more than a thousand soldiers attended the funeral, after which the remains were carried down the mountain. Informant was at Bordeaux, in the American military cemetery.

## AGE REQUIREMENT FOR ENLISTMENT CHANGED

The office of the United States Marine Corps, Eastern Recruiting Division, 190 Market street, Newark, is in receipt of an order from Headquarters, U. S. Marine Corps, Washington, D. C., authorizing the Eastern Recruiting Divisions to accept men between the age of 17 and 40. Heretofore, the age-limit was 18 to 35. The period of enlistment is four years.

Young men who have not reached their 18th birthday must have the consent of their parents or guardians, those living in Newark must bring one of their parents with them before they can take the physical examination, those living out of the city must bring a letter from their parents stating that they are willing to have them enlist and that they will sign the necessary papers in case they are accepted.

Do you want a change of jobs? One that is full of adventure and with opportunities to travel in many parts of the world? Because the World War has practically come to a close, does not mean that duties in Foreign Countries have ceased, as many Red-blooded Americans are needed to protect the interests of this grand and glorious United States. Marines are now serving in Cuba, Haiti, Santo Domingo, China, Porto Rico, Nicaragua, Hawaii, Guam, Philippine Islands, etc.

If you are a mechanic and found qualified, there is an opportunity of being transferred to the Aviation Section of the Corps, after completing the training at Paris Island, S. C. If you would be a Commissioned Officer you must first enter the ranks, then if found qualified, you will be transferred to our big new Officer's Training School at Quantico, Va., which is the largest and best Marine Camp in the world.

The pay varies from \$30.00 to \$75.00 a month according to rank and length of service. It is practically clear as there is no expense and medical attention free. You can save money by depositing it with the paymaster and receive 4 per cent. interest. Opportunities to see the World are better than ever before. Why not join the Marines now?

For full information apply to Sergeant E. F. Holzhauser, U. S. Marine Corps, Recruiting Station, 190 Market Street, Newark, N. J.

ALL PERSONS CONCERNED WILL take notice, That all debts owing to the estate of James H. Gordon, or to the firm of Howell & Gordon, are now due and payable. Notice is further given that the proper and legal settlement of the Estate of James H. Gordon, deceased, will require the collection of all the above mentioned debts, by legal action, if necessary. Payment may be made to Francis H. Gordon, at the store corner of Broadway and David street, or to the undersigned.

WILLIAM J. BOWEN,  
Administrator of James H. Gordon,  
deceased.

## BOARD OF HEALTH.

Ordinance Regulating Sanitary Sewer Connections.

AN ORDINANCE OF THE BOARD of Health regulating Sanitary Sewer Connections.

Section 1. Be it ORDAINED by the Board of Health of the city of South Amboy, that the owners of property located on the line of the Sanitary Sewer System shall be compelled to connect their houses with said sewer system whenever the Board of Health or the Health Inspector shall deem it necessary or conducive of better health conditions.

Section 2. Said connections shall be made after at least thirty days notice in writing, given by the Health Inspector and signed by the President of the board and the Health Inspector. Such notice shall contain the name of the owner or owners of the property together with the street address or lot number where connection is to be installed and shall fix a date not less than thirty days, exclusive of Sundays and legal holidays, in which such connection must be made.

Section 3. Said notice shall be served upon such owner or owners personally or by leaving at his or her usual place of abode with a member of his or her family above the age of eighteen years.

Section 4. Any person or persons violating the provisions of this ordinance, shall upon conviction pay a fine of Twenty-five dollars and an additional fine of Ten dollars for each and every day on which the terms of the notice as aforesaid are not complied with.

Section 5. This ordinance shall take effect upon its publication.

THOMAS LOVELLY,  
President.

Attest:  
M. J. Sullivan, Secretary.

## SOCIETIES

Gen. Wm. S. Trux Post, No. 57, G. A. R., meets first Wednesday afternoon of each month at 3 o'clock, in Michael Welsh's Hall. Commander, Aaron Stillwell; Adjutant, George Seward.

St. Stephen's Lodge, No. 62, P. A. M., meets at K. of P. Hall, first and third Mondays, of each month (excepting July, August and holidays) at 7:30 p. m.

Joel Parker Council, No. 60, Jr. O. U. A. M., meets every Friday evening in Knights of Pythias Hall. Councilor, J. T. Dill; Recording Secretary, J. L. Applegate.

Good Samaritan Lodge, No. 54, E. of P., meets every Wednesday evening at 8 o'clock, at K. of P. Hall corner of First and Stockton streets. Chancellor Commander, William Brisas; Keeper of Records and Seal, F. H. Chapman.

Janine Council, No. 4, D. of P. Imp'd. Order of Red Men, meets every second and fourth Thursday of the month at 2:30 p. m., in K. of P. Hall. Pocahontas, Miss Pearl Coward; K. of R., Edith Newman.

Friendship Council, No. 16, D. of L., meets on alternate Fridays of each month, at 2:30 p. m., Knights of Pythias Hall, First and Stockton streets. Councilor, Lillian Bloodgood; Recording Secretary, Mrs. Ada Ward.

Seneca Tribe, No. 23, Imp'd. O. R. M., meets every Thursday evening at 8 o'clock, in Knights of Pythias Hall. Sachem, S. N. Skow; Chief of Records, Andrew Kvist; Collector of Wampum, Stephen Miller.

General Morgan Lodge, No. 98, L. O. O. F., meets every Tuesday evening at 7:30 o'clock, at Knights of Pythias Hall, Noble Grand, Edgar C. Brower; Secretary, Charles P. Thomas; Financial Secretary, Sig. Emilussen.

Paul Dedraw Hamilton Lodge, No. 55, R. of M. T., meets every second and fourth Sunday of each month at K. of P. Hall. President, Philip Purcell; Secretary, William Bullman; Treasurer, Thomas J. Kennedy; Agent of Official Publication, Edward McDonough.

Gorm Lodge, No. 84, B. B. S., regular meeting fourth Friday of each month at 8 p. m., in Welsh's Hall, First street, President, Neil Martinson; Secretary, A. L. Johnson; Financial Secretary, George Mortensen; Treasurer, John S. Lund.

South Amboy Lodge No. 1554, Loyal Order of Moose, meets at Welsh's Hall, 224 First street, at 8 o'clock p. m., on the second and fourth Monday of each month. Past Dictator, J. R. Downs; Dictator, A. C. Winant; Vice-Dictator, George L. Kross; Treasurer, J. J. Hanaway; Prelate, John D. Mullaney; Secretary, James A. Minick; Sergeant-at-arms, Edward Covell, Jr.; Inner Guard, John Falk; Outer Guard, C. H. Van Dusen; Trustees, M. I. Hussey, J. E. Rathbun, John Mullaney.

Independence Engine & Hose Co. No. 1, meets third Monday in each month at 7:30 o'clock p. m. Foreman, Charles Grover; President, John B. Woodward; Secretary, N. N. Pearce.

Italian American Citizens of South Amboy—Meets at Welsh's Hall, first and third Monday of month, at 8 p. m. President, Fred Tedesco; Recording Secretary, A. Quattrocchi; Financial Secretary, G. Spina.

Sterling Castle, No. 50, K. G. E., meets first and third Saturday evening of each month, at 7:30 o'clock at Knights of Pythias Hall. Noble Chief, Burden Golden; Master of Records, C. H. Edwards.

Court Harlan, No. 44, F. of A., meets on the second and fourth Wednesdays of each month, at 8 p. m. in Protection Hall. Chief Ranger, J. T. Doyle; Sub-Chief Ranger, P. Kosmoski; Financial Secretary, P. N. Banks; Treasurer, James Minick; Recording Secretary, Martin Kane; Senior Woodward, Fritz Dalks; Junior Woodward, P. Malloy; Senior Beadle, Mr. Stultz; Junior Beadle, M. Lucitt; Trustees, N. Banks; Aaron Hyer, Sr.; L. Hartman.

Protection Engine Company meets on the fourth Thursday of each month at Engine House, Feltus street, at 7:30 p. m. President, William Birmingham; Vice-President, Robert Segrave; Treasurer, Michael Welsh; Secretary, Frank D. Stanton; Foreman, John Triggs.

Star of Jersey Lodge, No. 484, R. of L. F. and E., meets in K. of P. Hall, first and third Sunday of each month at 2:30 p. m. A. V. Daner, President; L. D. Wortley, Financial Secretary and Treasurer; A. T. Hartshorne, Recording Secretary.

Washington Camp No. 36, P. O. S. of A., meets every second and fourth Monday of the month in K. of P. Hall corner First and Stockton streets. Elmer Wright, President; Elmer Coward, Master of Forms; John H. French, Financial Secretary; W. M. Anderson, Treasurer; M. E. Magee, Recording Secretary.

Star Building and Loan Association, of South Amboy, N. J., meets in City Hall, on the fourth Monday evening in each month. President Thomas C. Gelsion; Secretary, John J. De lahey; Treasurer, John J. Cookley.

### SCHOOLS FOR SOLDIERS.

More than 200,000 soldiers in the American forces overseas are enrolled in the schools which the Government has established to equip them for better positions and wages when they return to civil life. To most of these young men these schools offer a greater opportunity for cultural and vocational training than would have been theirs if they had not entered the army.

These schools are so graduated that they afford instruction in elementary subjects, academic courses and training in a great university established near Paris, and post-graduate careers in the foremost French and British universities. While serving their country as soldiers these young men may at the same time benefit themselves as students. They are combining mental improvement with physical well-being and wholesome discipline that will safeguard them from the evils of life in barracks.

Reports to the War Department show that these young Americans are testifying to their appreciation of the advantages presented to them by their attention to their studies. Those whose commands are ordered back to the United States may apply for transfers to continue their education.

This is the first time in history that provision has been made by the United States for the education of its soldiers.

There have been at least three sets of opinions among Republicans in respect to the league of nations. Some wanted no league, others favored half a league, and a third group—the largest of all—favored the league advocated by President Wilson. Those in the last category are now not only the most numerous, but also the most insistent. The others have become singularly still and inconspicuous.

It only required a word from the President to effectually check the report that he was attempting to commit Americans to a secret alliance. No level-minded man would allow himself to be deceived by such a rumor, and its circulation shows to what limit his enemies will go in their attempt to discredit him.

Some Republican papers are saying that the Republicans and the "Progressives" will "get together" during the next session of Congress. Judging the factions wholly by their exchanges of "courtesies," it is pretty certain that if they do "get together" some one will have to call the police.

### COAL THAT IS RICH IN OIL.

For many years lignite mined near Lone, Calif., has been used as fuel, though it contains a large quantity of moisture and therefore does not burn very well. Recently, however, on account of its resemblance to some oil shales that are apparently similar to cannel coals, this lignite has been tested by the United States Geological Survey, Department of the Interior, to determine whether it would not yield oil on destructive distillation. The results of the tests show that the best of the lignite, when destructively distilled, will yield 62 gallons of oil to the ton and, as a by-product, at least 18 pounds of ammonium sulphate, which is a valuable fertilizer. This lignite is remarkably "fat." Although it contains 46 per cent. of moisture, analysis made by the Bureau of Mines shows that it contains also 31 per cent. of volatile matter and 16 per cent. of fixed carbon. The ash amounts to only 7 per cent. and the heating value is 6,060 British thermal units.

Although the bed containing this lignite does not appear to underlie a large territory, it is doubtless destined to receive attention sooner or later as a possible source of oil and gasoline.

### Keeping the Watch.

One last word on hymn jokes: In a homely chat on favorite hymns the son and her said he liked that one best where the little Jew boy stole the old gentleman's watch! The hymnal index was useless here, and the reference took some searching for. Here it is, familiar to all:

The old man meek and mild,  
The priest of Israel, slept;  
His watch the Temple child,  
The little Levite, kept.  
—London Chronicle.

### TIMELY TIPS FOR GARDENERS.

#### Transplanting Into the Garden.

"Just as the twig is bent, the tree's inclined." Much of the success of a plant depends on the kind of a start it gets when transplanted from the hot-beds to the garden soil.

The more hardy plants such as cabbage, kohlrabi, etc., may safely be transplanted at once, but tomatoes, peppers, and eggplants should wait until May 15, at least, when late frost will be out of the ground and it will be thoroughly warmed.

Spade up the ground a little where the plant is to be set, especially if the soil is hard. The roots of tender plants just out of a hot-bed will stand plenty of coddling.

#### Give the Young Plant Plenty of Food.

Were you able to secure that stable manure which we advised a few weeks ago, and has it been plowed under? If not, a commercial fertilizer, containing about 4 per cent. of nitrogen and 8 per cent. phosphoric acid can be purchased from your local seed store or supply dealer. Two tablespoonfuls of this, thoroughly mixed with the soil where the plant goes in will give splendid results. Caution: Sheep or poultry manure will burn the plants if it comes near enough to touch. If you do use them, a good plan is to spread the manure on the surface of the ground, being careful that it does not touch the tender stem of the plant. Depend on the rain to take the plant-food down to the roots.

Nitrate of soda is a capital tonic, and when applied around the plant, will start it growing and give a better color. One pound is enough for 200 square feet of garden surface, as it allows about a teaspoonful of nitrate for such plants as tomatoes or eggplants.

#### Look Out For Disease.

The nice spot where you planted cabbage last year is the worst place in the world for it this year. Since disease remains in the soil 2 or 3 years, to get best results you must rotate your plantings. Good application of lime raked into the soil will help kill the disease.

#### Last Call for Planting Peas.

Are you one of the last minute gardeners who hasn't put his peas in yet? Hurry up and do it! When the weather gets hot, the pods will not fill out. The soil, too, is pretty warm for them now so when you plant this time, open up a furrow 6 inches deep and sow the peas not closer than an inch apart, then fill in with about one inch of soil, leveling the rows off even with the rest of the garden as the plants grow. This keeps the roots in a cool soil and gives surprising results. Loosen the soil thoroughly in the bottom of the furrow before sowing, as peas must have a finely pulverized seed-bed.

Issued by the New Jersey State College of Agriculture, May 5, 1919.

### NEVER BELOW PAR.

Even Wall Street picked up its ears when such a financial authority as Francis Sisson, Vice President of the Guaranty Trust Company, predicted the Victory Liberty Note would never go below par. Mr. Sisson expressed pity for those who have rid themselves of their previous investments in Liberty Bonds. Uncle Sam, he said, was ready to meet any obligations incurred in this line, and any drop in Liberty Bond values should be charged to misfortune of the investor rather than to unsteady financing by the United States.

Victory Liberty Notes will be so secure, according to Mr. Sisson, that any concerted effort to put them on the market will create a demand and send the values upward.

### Victory Loan Campaign Brings Out New Invention

Victory Way, the big feature of the Victory Loan drive in Manhattan, has been the Mecca for countless Victory Note buyers during the past fortnight. An outstanding attraction at the great open air temple was the "loud speaking telephone," a special telephone apparatus installed at Victory Way by the American Telephone and Telegraph Company. With the aid of highly sensitized receivers and 200 transmitters hanging down at various points of the Way from wires strung across the thoroughfare, the tones of a speaker's voice were carried in all directions to the thousands of listeners.

So effective has it proved that now many of the chief addresses at Victory Way are delivered by persons who never had the fortune to see it. Connecting the long distance telephone with the wires leading to the sound amplifiers does the trick. Last week General March, Chief of Staff, sat at his desk in Washington and delivered an oration to a Victory Way audience. Every word filtered down distinctly to the astonished hearers.

## BOY SCOUT DOINGS.

### Troop No. 1.

Due to bad weather again the outdoor meeting of Monday, May 5th, was postponed. The meetings until after the scout benefit performance will be held indoors. The meeting therefore was called to order at 6.45 p. m.

The tickets for the Scout benefit performance were distributed among the scouts. At the Empire Theatre under the auspices of Troop No. 1 Boy Scouts of America Thursday, May 22nd, Charles Chaplin will be shown in one of his many successes, "The Pile Driver," with the Pathe News. A brief exhibition of scout work will be given by the Troop followed by W. S. Hart in "The Lone Avenger." Admission including war tax will be 20 cents. The proceeds will help pay expenses at the summer camp.

The scoutmaster announced that the Fifth Victory Loan blanks had been received. Streets were assigned to the scouts so that the whole city will be covered.

The assistant scoutmaster announced that a Scout Rally is going to be held in New York on May 17th. Sir Baden Powell, the man who started the Boy Scout movement, will be there to give an address. The Scouts of Troop No. 1 attended a rally in November at Central Park, New York, where 10,000 scouts from all over New Jersey and New York states assembled and paraded.

The scouts were requested to present themselves at the scout farm on Tuesday afternoon. Through the kindness of Mr. Charles Safran the scouts received seven lots for their farm this year.

After the meeting was adjourned the scouts went to Stevedale and played baseball. The manager announced that he has received a game with the Keyport scouts.

The great aim of the Boy Scouts of America is to make every boy scout a better citizen. It aims to touch him physically in the camp craft and woodcraft of the outdoor life in order that he may have strength in after days to give the best he has to the city and community in which he lives as well as to the nation of which he is a part.

It seeks to develop him by observation and the knowing of things far and near, so that later on when he enters business life he may be alert and keen and so be able to add to the wealth of the nation. It teaches him chivalry and unselfishness, duty, charity, thrift and loyalty so that no matter what should happen in the business, social or national life, he may always be a true gentleman, seeking to give sympathy, help, encouragement and good cheer to those about him. It teaches him life saving in order that he may be able to dire accidents and peril by land and sea, to know just what to do to relieve others of suffering. It teaches him endurance in order that he may guard his health by being temperate, eating pure food and keeping himself clean he may always be ready to serve his country in the hour of her need. It teaches him patriotism by telling him about the country he lives in, her history, her army and navy, in order that he may become a good citizen and do those things which every citizen ought to do to make the community and land that he lives in the best community and land in the world.

Good citizenship means to the boy scout not merely the doing of things which he ought to do when he becomes a man, such as voting, keeping the law and paying his taxes, but the looking for opportunities to do good turns by safeguarding the interests of community and by the giving of himself in unselfish service to the town or city and to the nation of which he is a part. It means that he will seek public office when the public office needs him. It means that he will stand for the equal opportunity and justice which the Declaration of Independence and the Constitution guarantees. It means that in the every duty of life he may be on the right side and loyal to the best interests of the state and nation. By the "good turn" that he does daily as a boy scout, he is training himself for the unselfish service that our cities and land need so much.

### Score One for Professor.

He was the keenest student in the class, and when an unpopular professor said: "Gentlemen, your next subject for composition will be 'manners,'" he at once rose and asked: "Can we write on bad manners, sir?" The professor looked over his spectacles at the all-conquering youth and quietly answered: "Certainly; you can write about whatever you are best acquainted with."

## Zone Fares for Street Cars (No. 6)

In announcing its findings on the application of Public Service Railway Company for the restoration of the seven cent rate of fare the Public Utilities Commission said, in part:

"\* \* \* If the company is to continue to render service to the public, all of the evidence in the case justified the Board in concluding that it is necessary to permit the company to immediately revert to the tariff providing for a seven cent fare and a charge of one cent for the initial transfer, subject to the Board's jurisdiction to modify the same if and when conditions may warrant.

"It is urged by the municipalities that this Board, having under consideration the putting into effect of a zoning system, shall necessarily require a revision of rates, should not act upon the present application but should dispose of the matter with the zoning plan. This is manifestly unfair. With full proof before the Board that the railway company is daily piling up a deficit, to refuse relief for the comparatively short period would be a flagrant failure of justice and a violation of duty."

The Board directed that until the pending zone fare case is disposed of the company shall be permitted to charge seven cent fares instead of six cent fares and one cent additional for each initial transfer issued.

Much testimony has already been taken in the zone fare case. As the subject is highly technical the testimony is, of necessity, of a technical character. The facts could not otherwise be developed.

The company has given the subject the most thorough and painstaking study. It wants the truth known. It is to its interest as well as to the interest of the public to have it known.

Being in possession of all the facts and applying them to the actual operation of the property, the company is convinced that the fairest and most equitable zone fare rates that can be devised are five cents for the first zone mile, one cent for each additional zone mile and one cent for each transfer.

With these rates every passenger would pay only for what he gets.

# PRaise BESTOWED UPON THE LATE LAWRENCE LENEHAN

It will be recollected that Lawrence Lenehan, brother of Luke Lenehan of this city, lost his life by the sinking of the U. S. S. "Freehold," when she was sunk in New York Harbor on April 17 by the steamship "Saxonia." Lenehan in warning the crew staid too long on the vessel, and sacrificed his life to save others. His brother, Luke Lenehan, has received the following note of sympathy and War Service Certificate:

May 3, 1919.

Mr. Luke Lenehan,  
112 Broadway,  
South Amboy, N. J.

Dear Sir: It is with the deepest regret that we find it necessary to enclose herewith War Service Certificate, certifying to the honorable active service of your brother, Lawrence Lenehan, Chief Machinist's mate, U. S. N. R. F., who died in the performance of duty on board the U. S. S. "Freehold," when she was sunk on April 17, 1918, by the "S. S. Saxonia." The sympathy and respect of the entire station is with you and your family in your great loss, which is also the loss of the U. S. Naval Reserve Force, when it is taken into consideration that your brother had already been recommended for a commission in the U. S. N. R. F. on the strength of the record he had earned during the period of his active service, from November 5, 1917, up to the date of his death.

Very respectfully yours,

L. A. Cory,

Ensign, U. S. N. R. F., Executive Officer.

The following is a copy of the War Service Certificate.

War Service Certificate

United States Navy.

Service No. 181-05-25

No. 273161

This certifies that Lawrence Lenehan, Chief Machinist's Mate, U. S. N. R. F., performed honorable active service in the United States Navy from November 5, 1917, to April 17th, 1918, on board the following ships and stations: Mine Sweeping Division, Third Naval District, New York, N. Y., and Naval Overseas Transportation Service, New York, U. S. S. "Freehold."

C. Boone,  
Commanding Officer.

## HAND WENT TO RED BANK.

The Third Battalion Band of this city went to Red Bank on Tuesday afternoon and there participated in the Welcome Home celebration in honor of the Red Bank Ambulance Corps just returned from France. This unit was New Jersey's contribution to the Rainbow Division and their record in France is covered with honor. One South Amboy man, Joseph Weber, is a member of this unit and was wounded in action early in the war. However, he is able to be with his comrades again.

## JERSEY CITY Y. M. C. A. VS.

THE LOCAL Y TO-DAY

On account of the bad weather during the week past the Y. M. C. A. has not been able to get its field into condition for the game here Saturday against the strong team from the Jersey City Y. M. C. A.

Jersey City is bringing down her aggregation of veterans to meet John Applegate's local lads, who have had their lineup shifted to increase the strength of the team. The game will be played on Stevensdale at 4 p. m.

The Y. M. C. A. has gone to a considerable expense to provide a strong team to represent the city on Saturday afternoons and desires the support of the people of the town in order that it might keep up the high-class sport as this city has had in the past.

## MEMBERSHIP CAMPAIGN.

During the week of May 16 to 24 all the railroad Young Men's Christian Associations in North America are conducting a membership campaign with the expectation of bringing the membership of the railroad department up to one hundred and fifty thousand members. The local Association has undertaken to provide thirty new members which added to those who have so lately joined will give the Y. M. C. A. the largest membership it has ever attained.

Mr. G. W. Crane will be the campaign director and Mr. Ellisha Lee will have charge of the entire lines East. Mr. Lee is now Federal Manager for the Pennsylvania Railroad. There have been two tennis appointed, with Mr. E. C. Thomas, as admiral of the Navy team, and Raymond Perkins, general of the Army team.

These team will begin on the eighteenth and complete their work on the twenty-fourth. Posters are being put up around the town and railroad yards and Y. M. C. A. authorities are planning for a good time when it is over.

The Association is now open to all men at three dollars a year which is less than a cent a day for the various programs which the Y has to offer. Entertainments for men and their families, shower baths, library and reading rooms, all kinds of athletic teams both indoor and outdoor, baseball field and tennis courts. Get ready to come in now.

Service and satisfaction obtained at Central Garage, 108-110 Stevens avenue. Tel. 171.

# PERSONAL

Brief Items Concerning People We  
Know that Prove Interesting  
Reading.

Mrs. David Stern and sons, of Stevens avenue, are spending a few weeks in Birmingham, Ala.

Mr. and Mrs. Frederick Isely, Jr., are the proud parents of a bouncing baby girl.

Mr. George S. Mills of New York City was a local visitor on Monday.

Mr. Fauns Nelson of this city was a Tottenville visitor on Sunday evening.

Mr. and Mrs. F. C. Hoffman motored to Rahway on Sunday afternoon.

Miss Ray B. Shaughnessy was a Yonkers visitor over the week end.

Mr. and Mrs. Carl Larson of Trenton were local visitors on Sunday.

Mrs. James Nicholas was a Jersey City visitor on Saturday evening.

Miss Sara Delbert was a visitor over the week-end with relatives in Newark.

Fred Truett, of Newark, spent Sunday visiting with friends in this city.

Mr. and Mrs. Herbert R. Dix were visitors to Caldwell on Sunday.

The Misses Alva Compton and Vivia Magee, members of the choir of the First Baptist Church of this city, sang at the East Baptist Church of Elizabeth last Sunday, at which time the ordinance of baptism was administered by Rev. E. R. Tilton.

Mrs. Mary C. Slagle, of Long Branch, spent the past week with Miss Bertha Heath of First street.

Mr. A. Desner and daughter, of Montreal, Canada, have returned to their home after spending the week with Mr. and Mrs. J. Desner of this city.

The Misses Myra and Vera Dietrick left this city Wednesday morning for an extended visit at Pittsburg, Pa., Chicago, Ill., and points in Indiana. Their many friends wish them a very merry trip.

## ANNUAL RECEPTION.

The annual reception of the Woman's Club held in the City Hall on Tuesday evening was a decided success in the estimation of all who were present. This reception comes at the end of a very successful and eventful year. During the greater part of the year the energy of the club has been devoted to war work and social relief. The members sponsored the organization of the War Camp Community Service in this city and are doing everything in their power along these lines. The explosion of course greatly hindered their plans and it was some time following this terrible event that they were able to hold a meeting.

The club has progressed wonderfully since its organization. When first organized instead of having the backing of the city at large it was counted more or less of a joke. However now the club is a permanent fixture in the city and just as much a part of it as the Red Cross or other community organizations.

The club has really been the Mayor's woman's committee in all the War Drives of the past two years. At the present time they are actively engaged in the Liberty Loan Campaign and are doing a wonderful work.

After a short address of welcome by the Chairman, Mrs. D. W. Reed, the following program was rendered: Instrumental Solo.....Miss C. Alpine Vocal Solo.....Mrs. J. Harkins Vocal Solo.....Mrs. R. Williams Recitation.....Miss J. Delaney Vocal Solo.....Mrs. G. Kress Recitation.....Miss E. Mason Vocal Solo.....Miss S. Yearick Instrumental Solo.....Miss C. Alpine Vocal Solo.....Miss J. Delaney Character Songs.....Miss E. Mason

Following this splendid program refreshments were served and a social hour enjoyed.

## SOUTH AMBOY RETURNED

Soldiers, Sailors, Marines, register at the W. C. C. S., Office-Room 10 Parkers Building. The Home Service Section of the American Red Cross desires a complete list of all men who have been in the U. S. Service.

Office hours 9 to 5 week days—except Saturday 9 to 12.

Leonard Tice has shown progressiveness by adopting the "sanitary soda fountain and ice cream service."

## SOUTH AMBOY AGAIN IN LINE

**Has Subscribed Its Quota of \$225,600 for Victory Liberty Loan—Committee Anxious to Have Big Over-Subscription in Order to Secure German Trophy.**

For the fifth time since the declaration of war, South Amboy has gone "over the top" in this, the Victory Loan. The opinion of the majority of the people of the city at the opening of this campaign was that the loan would not be subscribed. With an exceptional number of our people out of employment at the present time and the harbor strike in progress it did indeed look black. However, excellent work on the part of the committee put this loan over in the face of all these odds. The aim of the committee at the present time is to secure one of the captured German trophies that are being offered by the Treasury Department. These trophies are being offered to every community which has oversubscribed its quota and at least twenty per cent. of its population has been subscribers. The quota this time is \$225,600 and up to Thursday night \$160,000 had been actually subscribed and the balance pledged. However, it is not the time to lay down, if you have not bought bonds. With the U. S. Government paying four and three-quarters per cent. on four year notes the people should not hesitate an instant in making the investment. Just think! This is still better interest than is paid in the banks. The bonds are non-taxable with the exception of the excess profit tax and practically every subscriber in this city would be exempt from that. The notes are due in four years and may possibly be cancelled in three years. The headquarters of the Liberty Loan Committee is in the old McGonigle building on Broadway and the ladies would certainly be willing to explain any or all the features of the loan. Every subscriber of one thousand dollars worth of bonds is to receive a "German Helmet" of the type shown in the window at headquarters. All subscribers after to-day are to be given a little red feather to show that they have "come across." Don't hesitate—act now.

### SUBSCRIBE \$5,000 IN VICTORY BONDS THROUGH LOCAL BANKS

The Fifth Liberty Loan Committee of this city are greatly pleased over a subscription of \$5,000 from the New Jersey Manufacturers Casualty Insurance Company of Trenton. This company has subscribed for one hundred thousand dollars of U. S. Victory Notes of which \$5,000 will be placed with and through the local bank. The local portion of the subscription was obtained through the kind offices of Mr. Charles W. Crane. This is indeed a splendid lift toward reaching our quota, and the people of this city will appreciate this kind act on the part of the company and Mr. Crane.

### DON'T FAIL TO ATTEND

**THE Y. M. C. A. MINSTRELS**  
Everything is in readiness for the Y. M. C. A. Minstrel to be held in the Empire Theatre on Thursday evening. This show is guaranteed to be something absolutely unique in the line of minstrels. The songs are all up to the minute and the jokes created for the occasion. The choruses have been rehearsed for the past two months, and contain several new features.

The opening scene will be a country court and not the old conventional semi-circle black faced minstrels of by-gone days. The second half of the program will be divided up among the best vaudeville talent obtainable.

A feature of this part of the program will be the Y. M. C. A. quartette and the jazz band from New York to say nothing of Messrs. Triggs, Reilly, Dwyer and Scully. A rehearsal was held in the Company F Armory on Tuesday evening this being the final rehearsal before going to Camp Morgan and presenting it for the soldiers stationed there. Another show will be given at the Colonia Hospital later. The boys have shown their ability and should be given the credit of the entire entertainment.

## Commission Want the Hole-in-Wall Closed

On Tuesday evening representatives of the State Highway Commission were in this city and waited on the City Council. They informed that body that they were ready to pave the road known as the Pennsylvania "right-of-way" from the county bridge to Broadway and Main street and from Stevens avenue to the Morgan Road. This will give an entire paved roadway from New York City to the shore. Their purpose on being at the Council on Tuesday evening was to secure the council's attitude concerning the "hole in the wall." They cannot get the deed of the P. R. R. highway until that company is given reasonable assurance that the "hole in the wall" will be closed. It is the desire of the highway commission to let the contracts for both ends of the road at one time so the quicker the city takes action the sooner we will have two excellent roads additional in our city.

The men intimated that if the council will give their sanction to the "hole" being closed that the P. R. R. will build a steel bridge from Alpine street in Mechanicsville to Thompson street in this city which would cost in the neighborhood of \$135,000. They of course would construct the approaches to the bridge and take care of the surface water of that portion of the city. It was pointed out that it was one of two things for the city. The P. R. R. would either build the bridge and build additional tracks underneath for the new yards or extend the "hole" for several hundred feet and lay their track overhead which "indeed would be an unfortunate condition."

The men from the commission were set on their desire to come through the city by way of the P. R. R. "cut-out" and were anxious to start improvements so they can be completed this summer. They stated that the state intends to rebuild the long county bridge at the cost of one million dollars. These state improvements will greatly aid the city and give employment to hundreds of men.

The council could not see where their responsibility in the matter rested as it was a county road and the "hole" was over the county road. The men from Trenton stated that this was what was happening all around, everyone trying to shift the responsibility of the road. They suggested passing a resolution that as far as the city of South Amboy was concerned they were willing to have the road vacated. He suggested that the council get together and put in a statement just what the city would expect in event the "hole" was closed. He suggested that the P. R. R. be requested to build a twenty-four foot roadway bridge with sidewalks on either side. With the assurance that the council will take definite action on the matter the gentlemen left the meeting.

### NEW ICE PLANT.

George E. Applegate has commenced the erection of his artificial ice plant. It will be built on a plot of ground running between David and Henry streets. The capacity will be fifteen tons daily.

### JOHN W. DILL.

John W. Dill died last Sunday night at his home in Mechanicsville after a lingering illness, at the age of 73 years.

Mr. Dill for many years worked in the section gang of the Pennsylvania Railroad, and was held in high esteem by all who knew him. A widow and six children survive him.

The funeral was held from the Methodist Protestant Church at 2.30 o'clock on Thursday afternoon, the Rev. Thomas H. Slater officiating at the service. Interment was made in Christ Church cemetery. E. S. Mason & Son were funeral directors.

### BOWLING TROPHY RECEIVED.

The beautiful cup presented by Mr. D. C. Chase has been received and is on exhibition at the Y. M. C. A. The trophy is of the lily model and stands nineteen and one half inches high. This cup was presented as a trophy for the Allied bowling league and was won by the team representing the Italians. Wm. Lambertson of the city Board of Health was captain, and defeated the team representing the Belgians by a hair raising finish.

Subscribe for The Citizen.

## \$1,000 MORE FOR HOSPITAL

**The Raritan River Railroad Company Donates This Handsome Sum—Finance Committee of Association Greatly Pleased and Consider the Gift Unusually Generous.**

The South Amboy Hospital Association again reports progress in soliciting subscriptions to its fund. Early in the week Mr. Fliskov called a member of the finance committee on the phone and announced that the directors of the Raritan River Railroad had voted a donation of one thousand dollars to the hospital.

In view of the large disbursements of capital occasioned by the recent improvements to the company's property in this vicinity, this amount is considered unusually generous.

The corporation has always evinced the keenest interest in the welfare of the hospital and has gone on record as being willing to assist in any way possible.

It will be remembered that at the time a musical comedy was presented in the Empire Theatre for the benefit of the hospital the entertainment committee for a time was at a loss to know how to provide facilities for transporting the sixty members of the cast to and from New Brunswick. The question was brought to the attention of Mr. Fliskov and without delay the Raritan River Railroad provided a special train to accommodate the troop without any charge whatever.

With the same gracious courtesy the company gave a ready response to the recent appeal which was made to their generosity and promised to forward a check for the full amount of the donation at the earliest possible moment.

The Hospital Association extends its cordial thanks to those instrumental in securing this handsome gift and congratulates the members of the company in providing assurance of the welfare of its employees whenever the ministrations of the hospital may be required.

### PUBLIC SCHOOL MAY DAY.

The second May Day and Physical Training Exhibition will be held at Stevensdale on Friday, May 16th, at 1.30 p. m. If the weather is unfavorable, it will take place on Monday of the following week. All of the children of both the schools and of the High School will take part. The numbers of the program will give a fair representation of the work done by them in the Physical Training Department this year. Miss Rae Booth Shaughnessy, Supervisor of Physical Education, will conduct the exercises, assisted by several members of the faculty.

The exercises and dances will be held on the upper field of Stevensdale, and the field events and contests on the lower field.

#### Upper Field.

## Give Permission to Run Siding Across Street

A special meeting of the Common Council was held in the City Hall on Tuesday evening. Owing to the fact that the Woman's Club was holding their annual reception in the Council Chamber the meeting was held in the Mayor's office. All were present with the exception of Councilman Melaney, who is still on the sick list. The first part of the meeting was given over to discussion as to ways and means of collecting taxes and assessments due to the city. No definite action was taken, however.

A letter was read from Paul Brylinski requesting permission to cross the dead end of Center street with a siding. The letter stated that it was necessary for business improvements that he intends to make to his property there that he have this railroad connection. Councilman Kress introduced a resolution granting the request, which was adopted.

Councilman Kress reported that the light at the corner of Second street and Broadway had been out of commission for the past two weeks without any seeming effort on the part of the lighting company to have it repaired or replaced. Upon a motion by Councilman Kress the clerk was instructed to communicate with the Monmouth Lighting Company informing them of the existing conditions and request that they be remedied immediately.

The attention of the council was again called to the fact that the Public Service trolley company did not run their cars the full length of their right of way. A resolution introduced by Councilman Kress provided that the company officials be notified of the existing conditions and informed that if they did not use the track running through the city to the Bayville line to have it removed. It is indeed a great inconvenience to have the cars run as far as the Central station switch and then have them turn back while people are waiting on the corner of George street and Bordentown avenue for the cars. The resolution was adopted. Adjournment followed.

### DANGEROUS STUNTS IN AIR.

The people of South Amboy were given their first exhibition of aerial gymnastics on Saturday when Lieut. Sewell Cathcart, formerly of the U. S. Aviation service, flew over this city enroute to South River in the interest of the Liberty Loan. Lieut. Cathcart was one of the best known athletes in the county and has competed in South Amboy in many contests. Before being discharged from the service Lieut. Cathcart was a "bombing instructor" in one of the largest Texas flying fields and was noted for his daring stunts while flying exceptionally low.

The machine he used was a new Curtiss Hispania Suisa Plane, equipped with a 150 horsepower engine made by the Wright Martin concern at New Brunswick. While over this city Lieut. Cathcart gave an exhibition of a "nose dive," "end over end," "tail spin," "loop the loop" and every other well known trick of aviation whereby the aviator fools his opponent.

### \$100 MORE FOR HOSPITAL.

The card party and reception by the Woman's Auxiliary of the South Amboy Hospital held in the City Hall recently was a success both financially as well as socially. Over one hundred dollars was turned over to the treasurer of the hospital by the ladies who are gratified by the support given them by the local people. This will probably be the first of a series of similar events that will be given for the benefit of the local hospital.

### SWAN HILL ICE RATES.

On and after, Monday, May 12, the price of ice will be as follows:  
Butcher Trade, 50c per 100 lbs.  
Stores and Saloons, 55c per 100 lbs.  
Stores and Saloons, less than 100 lbs, 60c per 100 lbs.  
Family Trade, 80c per 100 lbs.  
No pieces cut for less than 15c.  
George E. Applegate.

**TOMATO PLANTS** (early and late) For Sale—Apply to J. T. Dill, 332 Fourth street. 5-10-1

**FOR HIRE**—Closed, comfortable Limousine for all occasions. Apply to V. J. Abbate, 116 South Stevens avenue. Tel. 262.

## WELCOME HOME DATE CHANGED

**Committee Decides That August 9 Will Be Too Late for Celebration and Therefore Change Date to June, as it Now Learned That Boys Will All Be Home in May.**

At the meeting of the "Welcome Home" committee held in the Mayor's office on Thursday evening it was decided that the second Saturday in August was entirely too long to wait before welcoming the boys home officially. At the time August was set it was anticipated that the boys would not be home before the middle of July at the best, but official advice from Washington show that they will practically all be home during the month of May so in all probability the celebration will be held some time in June. It was the opinion of those present at the meeting Thursday evening that if the celebration was held off until the 9th of August the men would be out of their uniforms and it would be a mighty hard thing to get them to go back in the uniform on that occasion.

Some discussion as to the number of men from this city who entered the service took place. It was decided that the clerk should communicate with the heads of the various churches and ascertain the number from each church. It was the opinion of those present that practically every man was affiliated with some church.

It was then brought to the attention of the committee that no representatives were present from the Old Home Committee and the committee were unable to say to what extent they would co-operate. No one present had any idea of just what sort of celebration was desired as a "Welcome Home" so to make the matter concrete, Mr. Stephenson offered a motion that the chair appoint a committee of five with himself as an extra member to formulate some definite plans for the celebration and offer them at the next meeting of the committee which will be held on Monday evening. This motion met with the approval of the committee men and the following committee was appointed: Rev. L. A. Hayes, Councilman J. J. Shuey, R. C. Stephenson, William S. Dey, and P. F. Kenah.

Upon a motion by Mr. Shuey the secretary was instructed to address a communication to Mr. J. D. Van Pelt to ascertain to just what extent the committee of Old Home Day would co-operate with the "Welcome Home" committee.

At the last meeting of the committee Mr. P. F. Kenah, treasurer of the Old Home Committee, was requested to submit a statement of expenses so that the committee could work accordingly. The following statement was submitted:

Publicity.....	\$400 00
Queen.....	225 00
Baby Parade.....	250 00
Prizes.....	225 00
Lighting.....	250 00
Decorations.....	250 00
Music.....	750 00
Fire Companies.....	250 00
Reception.....	175 00
Labor.....	130 00
Incidentals.....	100 00

The matter of Decoration Day was brought up. Representatives were present from the three schools and all reported that all the school children as far as possible would be in line on Memorial Day. This is indeed gratifying to the committee and a feature is expected to be made of their singing. The question as to whether the committee should march as a committee in the Memorial Day Parade or with other organizations was brought up. It was then decided that the committee should march as a body.

The matter of showing some respect to the parents of the boys who have lost their lives in the war was brought up. It was then decided to have the secretary communicate with the mothers and fathers of the boys and extend them an invitation to be the guests of the committee on that day.

Councilman Shuey brought up the matter of having a service flag with a gold star for every Amboy man who has died in the service. This was brought to a vote and the scheme adopted.

## Highway Commission Asks Freeholders to Act

The State Highway Commission are ready to pave Highway Route No. 4 which includes the route through this city. But there seems to be two points that are hindering the commission in its work—no title to P. R. R. right of way and the closing of the "hole-in-the-wall." The railroad will grant nothing unless the hole is closed. Members of the commission appeared before the common council Tuesday evening, when they were informed that all action on the closing of the "Hole-in-the-Wall" now rested with the Board of Freeholders. The commission being very anxious to start the improvement, sent an appeal to the Freeholders, which was read at their meeting Thursday. The letter was as follows:

STATE OF NEW JERSEY  
State Highway Commission  
Trenton, May 7, 1919.  
To the Board of Chosen Freeholders,  
County of Middlesex, New Jersey.  
Gentlemen:

Attention Wm. S. Dey, Director. The plans of the State Highway Department are now ready and funds are available for the paving of that section of State Highway Route No. 4 in South Amboy between the north end of the brick pavement on the Morgan Road and the westerly end of Stevens avenue and between Scott avenue and Broadway, over what is known as the Pennsylvania Railroad Company's right of way. It was the intention of the State Highway Commission to pave this entire section early this summer. Right of way difficulties have arisen which make it necessary that the State Highway Commission secure assistance in removing the obstacles to the progress of the work. The route selected for the State Highway is from the Amboy Bridge through Scott avenue and the Pennsylvania right of way, thence over the Pennsylvania right of way to Broadway and Main street, South Amboy, thence through Main street to Stevens Avenue, through Stevens avenue to Bordentown avenue, to Pine avenue, thence to the brick pavement and Morgan.

The State Highway Department has made repeated efforts to secure from the Pennsylvania Railroad a conveyance of its right of way, between Scott avenue and South Amboy, to the State for the use of the State Highway Commission. The Pennsylvania Railroad is quite willing to convey to the State this right of way provided it may have definite assurance that the Hole in the Wall will be closed by the county or city, or joint city and county resolution, in order that a long standing obstacle to its yard development near Mechanicsville may be permanently removed. It is unnecessary to recite to you the conditions attending the present status of the Hole in the Wall, as I think you are all quite familiar with them. It is our understanding with the officials of the Pennsylvania Railroad that they will build a bridge over their yards for the traffic between Mechanicsville and the westerly part of South Amboy, and will convey to the State the right of way desired by it providing the Hole in the Wall is closed. We have been told that action in this matter must be taken with the City of South Amboy.

On Tuesday night, May 6, the State Highway Engineer and Mr. Robbins met with the Mayor and City Council of South Amboy to discuss the proposition, and requested a formal statement of the Council as to what it would require in the shape of a bridge or other means of communication between Mechanicsville and South Amboy, as a conditional precedent to an agreement to closing the Hole in the Wall. It seems to be the preponderance of opinion in the Council that said Council had no jurisdiction in the matter. That it was one with which the County authorities would have to deal. I am, therefore, making an earnest appeal to your Board that it take such form of action to close the Hole in the Wall, or to put itself on record as to what it would require as condition precedent to closing the Hole in the Wall.

We were referred by the County to the City. We are again referred by the City to the County. I think you will agree with me that but little progress could be obtained if such conditions were obtained all over the State. The Hole in the Wall in itself is a reproach to the community with which fact it should not be permitted to the standing in the way as such an improvement as the State Highway Commission proposes, to make between the Amboy bridge and the westerly end of South Amboy. Nothing can be done toward the improvement of that section until a decision is had in this matter.

I would respectfully request that if it be given your power to take action looking toward closing the Hole in the Wall, that you make a statement to the State Highway Commission under the conditions which it may be closed, so that the State Highway Commission may present to the Pennsylvania Railroad a clean cut proposition whatever the conditions may be.

Very truly yours,  
Signed, W. G. Thompson,  
State Highway Engineer.  
After some discussion it was decided that the Board, County Engineers meet

SATURDAY, MAY 10, 1919.

### RHUBARB IS A DISH FOR THE GODS, IF PROPERLY PREPARED

The first fresh rhubarb from our own garden comes as a welcome change just at this time when our stock of canned and dried fruits begins to run low and become monotonous. Stewed rhubarb and rhubarb pie are familiar to us as the coming of spring, but there are many other delicious ways of cooking it.

Try the following recipes, tested by the Home Economics Department of the New Jersey State Agricultural College and see if they're not good.

#### Baked Rhubarb.

Cut the rhubarb in small pieces. In a baking dish place a layer of rhubarb, sprinkle it generously with sugar and alternate in this way until the dish is filled. Sprinkle sugar over the top, add small pieces of butter and grated lemon rind or cinnamon. Bake the dish slowly until it is well done. Long slow baking gives rhubarb a rich red color.

#### Rhubarb Shortcake.

3 eggs  
3 tablespoons lemon juice  
1 cup granulated sugar  
1 cupful flour  
1 teaspoonful baking powder  
1/4 teaspoonful salt.  
Beat the yolks of the eggs until they are light. Add the lemon juice and gradually beat in the sugar. Beat the whites of the eggs until they are dry, add them to the mixture, and beat it well. Sift together the flour, the baking powder and the salt. Fold the dry ingredients lightly into the egg mixture. Bake the cake in 3 layers in a moderate oven.

#### Filling.

2 teaspoonfuls gelatin  
1/4 cup cold water  
1 pint red rhubarb cut in small pieces.  
1 cup sugar  
Juice and grated rind of 1/2 orange.  
Soak the gelatin in the cold water to soften it. Cook the rhubarb with the sugar until the sauce is thick. Add the gelatin and the juice and rind of the orange, beating the mixture well. When it is cold place it between the layers of the cake and heap with whipped cream on the top.

**Rhubarb and Pineapple Marmalade**  
3 pounds red rhubarb  
2 pounds sugar  
2 lemons, juice and grated rind  
1 cup pineapple, cut in pieces.  
Boil the mixture very slowly until it is thick and clear. Turn it into glasses and seal it when it is set.

### HONOR ROLL FOR APRIL.

Pupils of public schools not absent and over .90 in deportment.

#### Schools No. 2.

Sixth Year—Kenneth Albright, Nellie Lambertson, Mary Korka, Barbara Fitz, Elizabeth Fauser, Russell Van Hise.

Sixth Year—Eugene Bright, Willard Huff, James Kirk, Arthur Raynor, Merrill Sheppard, Alton Van Horn, Gladys Fitz, Lillian Fleming, Helen Greenleaf, Mary Kosh, Elizabeth Mount, Beatrice Sprague, Hannah Tice, Mildred Williams.

Fifth Year—Maude Petty, Oscar Reiner, Fred Allen, Madeline Wedell.  
Fifth Year—Ralph Abel, Grace Harris, Virginia Nodine, Stanley Moskal, Ethel Taylor.

Sixth Year—Catherine Albright, Mildred Harris, Ruth Nieltopp.

Fifth Year—Winifred Deiker, Dorothy Fournat, Eleanor Jaques, Grace Raynor, Shirley Spice.

Fourth Year—Dorothy Tawes, Helen Reskowski, Elizabeth Martin, Anna Donahue, Sarah Pearas, Emma Longstreet, Cornelia Reed, Wm. Gominger, Joseph Smith, Harold Bartz, Richard Masterson, Stanley Hoffman.

Fourth Year—Edna Reinhardt, Walter Harris, Lillian Parlsen, Gladys Bischoff.

Third Year—Alberta Bright, Hester Miller, Hazel Rasmussen, Charles Lukie.

Second Year—Ansel Morriss, Everitt Sheppard, Joseph Martin, Mary Donohue, Richard Carney, Margaret Pearas, Helen Stolte, Ruppel Stratton, Frederick Lukie, Angelo Nicorvo, Edgar Harris.

First Year—Harry Brown, Charles Stolte, Jack Kramer, Avilda Jacobson, Anna Lyons, Florence Tarbox, Frances Burns, Margaret Kurtz.

#### School No. 1.

First Grade—Earl Applegate, Donald Dayton, Reinhold Dextelner, Albert Fixler, William Lambertson, Stephen Rafe, Joseph Lawrence, Mildred Deiker, Hazel Merrill, Marion Marshall, Edna Gregory, Edna Mae Clark.

First and Second Grades—Alice Armstrong, William Cox, Raymond Dextelner, Edward Dill, Hilda Galley, Alice Henry, George Jacques, Irene Lambertson, Leon Medinets, Sidney Medinets, Arax Parank, Andrew Peterson, Virginia Rehfuss, Russell Rogan, Evelyn Semoneit, Gladys Wolfe.

Second Year—Edna Dennen, Mary Dill, Margaret Henry, Grace Nelson, Evelyn Samuelson, Margaret Thomson, Eugene Dennen, Carlton Merrill.

Third Grade—Manvel Applegate, Merrell Condit, Alton Davis, William Ellinger, Fletcher Hartmann, La Mont Ingraham, Charles Johnson, Bowen Lawrence, Carl Rafe, William French, Ion Abel, Doris Applegate, Helen Mary Henry, Marion Heas, Viola Ward, Anna Johnson, Ruberta

Jones, Thekla Kamps, Anna Reeder, Ruth Clark.

Fourth Year—Chester Cox, Harry Rushworth, Johannes Thomsen, Manvel Semoneit, George Carr, Laura Buckalew, Irma Dayton, Dorothy Frischknecht, Myra Mills.

Morris Steiner, Irene Fleming, Mildred Parlsen, Estelle Smith, Mabel Selover, Elizabeth Senker.

Seventh Grade A.—Donald Reed, Ira Safran, Alan Brown, Ruth Browning, Dorothy Browning, Emma Fleming, Doris Berrien, Margaret Campbell, Norma Baldwin, Lola Buckelew.

Eighth Grade B.—Norma Cassidy, Mildred Hagar, Myrtle Thorpe, Harry Romeo.

Eighth Grade A.—Vernon Albright, Morrill Blum, Raymond Grace, George Mahoney, Fred Mundy, George Nellus, Jay Oliver, Harold Semoneit, William Sprague, LaRue Wyckoff, Evelyn Brown, Grace Deiker, Marguerite Korka, Bernice Kirk, Ruth Smith.

### LIFE ABOARD A HUN SUBMARINE LIKE LIVING IN A ROW OF HAT BOXES

If you would like to have a new experience suppose you do this:

Take a series of hat boxes and knock the bottom out and take the covers off. Then join them together until you have, say, a dozen in line. Smear the interior with grease as thick as possible. Cover the walls with gages, pumps, little wheels and fill the centre spaces with machinery. In any odd corners place a few bunks.

Then crawl in, eat in one of the little compartments, and sleep in another and all the while have someone violently rock the joined boxes.

If you do this you will have a fair idea of the life led by the American crews which recently brought to this port for the benefit of the Victory Liberty Loan Campaign five ex-German submarines, during the days of their passage across the ocean.

The lives of the officers and men aboard the vessels of the regular navy are so many days spent in paradise compared with the days of the crews aboard the five ex-Hun pirates. The men of the regular navy can have baths whenever they want them. Aboard the submarine there is no such thing as a bath. Huns not usually caring much for bathing, as is the custom among savage tribes.

So when the U 148 and the U 88 got to Sandy Hook the other day ahead of the U C 97 and the U 117 officers made haste to land and go to Fort Hancock where with one accord they demanded the bath tubs of the fort's garrison.

"And I can tell you that that bath was the best of my life," said Lieutenant-Commander Edward O'Keefe of U 148 in describing the voyage.

The U Boats numbered five when they set out with the submarine tender Bushnell from Harwich, England, the U 111 being the fifth. Each had a crew of approximately 27 men and three officers, all Lieutenant-Commanders.

The U 148 was commanded by Lieut-Commander Harold Smith, the U 88 by Lieut-Commander J. L. Nielson, U 117 by Lieut-Commander Dibblell and the U C by Lieut-Commander Holbrook Gibson. The start was made April 3 and the last of the arrivals reached New York April 27.

The largest of the U Boats is the U 117. She is 215 feet long with a beam of 22 feet and draws twelve feet and eight inches. She has a deep interest for America, as she is believed to be the U Boat which made a raid off the American coast, attacking with true Hun chivalry a barge with women and children aboard off the New England coast. She is a combined mine layer and cruiser having apparatus for laying mines and discharging torpedoes.

The others are 190 feet long with a beam of 18 feet 10 inches and draw 11 feet and 4 inches of water when they are navigating on the surface.

The little fleet was manned for the trip across by men detailed from other ships and not of necessity familiar with submarines. Hence it was decided to make the voyage on the surface. The fleet set out, five U-Boats and the submarine tender Bushnell from Harwich, England, on April 3. They kept together and reached the Azores on April 10. They remained together until within three days of New York when the U C 97 cracked a piston and had no power as only one engine was running. The sea was high and rough but the U C 97 signalled to the Bushnell that she would make repairs. She did so and no sooner were they completed and the boat able to proceed under her own power than a storm developed. The crews had to fight the seas night and day and it took the most careful navigation and handling of the boats to carry them through. Their low lying decks were constantly under water and only the conning tower high above the decks was dry. There were only two days of the latter part of the voyage that the crews could be on deck.

The U 111 and the U 117 reached port ahead of the others, having been separated during the storm. The U 148 and 88 followed, lying at Sandy Hook while the U C 97 with the Bush-

nell passed into the port of New York and eventually found their way to the Brooklyn Navy Yard. The U 111 left for New England ahead of the arrival of the others and so four U boats were there together when the U 88 and 148 reached the Navy Yard.

In England, at the present time, is the U 140 which has been assigned to the United States. She has no engines aboard and will not come to this country for sometime. The other five were sent here at the request of Secretary Glass for the purposes of the Victory Loan Campaign. They will, however, be exhibited in American ports long after the Victory Loan Campaign closes.

New York will be especially interested in the U 148 as she is to be exhibited on this part of the seaboard and along the Hudson River. The U 88 goes to the Gulf of Mexico, up the Mississippi and finally to the Pacific Coast for exhibition purposes while the U 117 will visit southern ports, stopping at Philadelphia on the way. The U C 97 will appear on the Great Lakes and visit all of the principal ports, spending considerable time in Chicago.

Reporters who visited the former Hun pirates at the Brooklyn Navy Yard the other day did not envy the crews their voyage. There is a typical submarine smell. It is a mingling of odors. Entrance to the craft is through hatches of iron which are securely fastened in place when the boat submerges. So the smell is retained. It is made up of oil smells, the smells from the batteries, the machinery, the electrical apparatus, and the food which the crew get in a more or less canned shape. Practically the only cooking aboard a submarine is the heating of coffee. The typical submarine smell is a cross somewhere between the smell of a new Manhattan subway and that of a jail. Perhaps it partakes a little of the character of each. In any event it is not pleasant.

Students in efficiency and concentration would do well to visit a submarine. All of the operation is assembled in one of the little compartments in the centre of the craft in a room immediately under the conning tower with an opening in the floor of the conning connecting. All of the ship is in a series of compartments with steel doors which may be securely fastened in case of accident or leakage in any one compartment. So the ship is divided naturally into stove pipe sections.

In the room from which the operations are directed are assembled a multitude of valves. Through a use of these water is admitted into the tanks on the sides of the vessel, so that by using the sinking rudder the craft can be run beneath the surface of the sea. Most of the submarines have a reserve buoyancy. That is if their engines were stopped they would come to the surface of their own volition, being in reality driven beneath the surface. Some of them, however, have extra tanks which when filled with water destroy that reserve buoyancy and the submarine sinks like a stone. When the desired depth is reached air is forced into tanks in the proportion desired to maintain her at any designated depth.

Within the operating compartment are many gauges. On their dials can be read the revolutions of the engines, the depth of the craft and the direction in which she is travelling. The steering is done here and the periscopes are also located here.

When they are on the surface the submarines are driven by oil engines of the Diesel type but when they are submerged they are driven by electric motors which are fed from storage batteries.

Usually in war time a submarine runs at an average depth of 30 feet with her listening apparatus active. When she heard the sound of some approaching craft she rises only far enough to project her periscope when she takes a look and then either rises to discharge her torpedo or discharges it without rising to the surface.

The visits of the captured Hun pirates, harmless and toylike now, will do much to call to the attention of the people the daring of our men who fought these underseas dastards and the right they have to ask that we finally settle the bills of the war and help the country to a peace basis.

#### What Is Theory.

It may be defined as everything, but the actual production of sound. For example, the performer should know the following items connected with the music to be interpreted. The key it is in, time, marks of expression, relative value of notes, pitch of notes, introduction of accidentals, intervals, accent, phrasing, syncopation, directions referring to speed, slurs, special marks for emphasis on certain notes, intervals and many other things too numerous to mention. A knowledge of theory is essential to the proper interpretation of any music worthy of the name.

## THE OLD TOP HAT AND ITS LESSON

There's a New One for Man Who Guesses Its Connection With the Victory Liberty Loan

In the winter of 1917-18 in New York, men wearing top hats were as scarce at operas and big social affairs as were wheat and sugar in the retail grocers a few months later; a full-dress suit was looked upon with scornful wonder, and a woman ran the gauntlet of audible criticism in wearing diamonds or flowers with her evening gown.

Gorgeous raiment, big dinners, and many servants were looked upon with open disfavor as outward evidences of a lack of proper spirit toward our fighting men at the front and in a way, as disloyalty to our Government. Even at church, the top hat was a stench in the nostrils. America as a nation was expected to save every ounce of food, every dollar, and to conserve every stroke of labor for the prosecution of the war.

Result: the patterns for the old top hat were probably lost in the scuffle and there was no demand for new ones. Mankind has just begun to remember that all outdoor celebrations of great moment require the added dignity of a top hat. There must have been an awful scramble through cedar closets and band-boxes placed high on closet shelves the day before the parade of the Twenty-seventh Division. For the city father and the legislative body of the Empire State trotted out their old top hats without shame or guile. Was there a new silk hat among the hundreds? Not on a hat.

Isn't there some connection between the old top hat and the Victory Note? There is. The one who guesses it gets a new top hat.

Buy Victory Liberty Notes!

### SOUTH AMBOY HIGH

#### WIN TWO STRAIGHT

The first two games on the South Amboy High School baseball schedule proved easy victories for the locals. On Wednesday of last week the Keyport High School baseball team journeyed to this city and were handed a defeat they will long remember. The locals started things going in the first inning, at which time they collected two runs and not an inning passed in which they did not score. At the end of the first half of the fourth inning the visitors had collected nine runs in all and thus tied themselves with the locals. The locals retaliated in their half of the same inning by helping themselves to seven runs. After which the visitors failed to score and Amboy gained three more points.

Score by innings:

S. A. H. S. .... 2 5 2 7 1 2 x—19  
K. H. S. .... 0 2 5 2 0 0 0—9

#### South River Easily Defeated.

The second victory was received on Friday last. At this time the locals journeyed to South River and easily defeated the team of that place by the score of 16 to 2. The first two innings played resulted in neither side scoring and a close game was predicted. In the third Amboy scored two runs and maintained the lead thereafter. At the close of the game Amboy had captured sixteen runs, while her opponents had managed to collect two.

Score by innings:

S. A. H. S. .... 0 0 2 6 2 0 0 5 1—16  
S. R. H. S. .... 0 0 0 1 0 0 0 1—2

### BURDENS DEFEAT

#### BERGEN HILL JES.

On Sunday morning the Burdens defeated the Bergen Hill Jes. by the score of 15 to 11 which the Burdens played hard to win. Moran and F. McCarthy were stars of the Burdens, while Triggs was the star of the defeated team.

Runs  
McCarthy, catcher ..... 2  
Moran, pitcher ..... 3  
McCarthy, first base ..... 4  
O'Leary, second base ..... 1  
Phillips, third base ..... 1  
McGuire, short stop ..... 1  
Leonard, right field ..... 1  
Flanagan, centre field ..... 2

Total ..... 15  
Apply for games to Charles Moran, Catherine street, South Amboy, N. J.

#### WANT GAMES.

The St. Anthony Baseball Club of Perth Amboy would like to hear from a few fast teams around the county. Address, William J. Maloney, manager St. Anthony's, 429 Park avenue, Perth Amboy, N. J.

#### OPEN FOR CHALLENGES

The Seaside A. C. of South Amboy are looking for games with all nines whose ages run from 17 to 19 years. All challenges should be addressed to Elmer S. Parlsen, manager, No. 208 Henry street, South Amboy, N. J. 3 w

## ODDS AND ENDS

Items of Interest Presented in Short Paragraphs for Busy Readers.

There is still time to invest in the Victory Loan. The best investment offered by any government and the best security in the world. South Amboy cannot fail in this campaign after doing so splendidly in the others. Even the explosion did not stop us in the fourth loan.

Practically every afternoon now troop trains pass through this city enroute for Camp Dix. The men land at Hoboken and New York and are then transferred to Camp Dix for demobilization and classification.

William Christian, after many months of service in France, is spending a short furlough with his parents in this city.

Francis O'Leary was a local visitor on Sunday last. He returned to Camp Upton on Sunday evening and later in the week was transferred to the Lakewood base hospital, where he will undergo treatment for deafness caused by the detonation of high explosive shells.

Word received in this city states that the 114th Infantry, which includes New Jersey boys from the old third and fifth New Jersey National Guards, have arrived in Newport News. Several Amboy men belong to this regiment and expect to be transferred to Camp Dix for discharge about next Monday. Wm. P. Moss is one of them.

Enroute from Perth Amboy to Prospect Plains the famous 11th Cavalry passed through this city on Tuesday morning. The troop certainly made a fine appearance, it being quite a novelty to the people of South Amboy to see mounted soldiers.

The Citizen was pleasantly surprised by a visit from Thomas Lingle of Perth Amboy on Friday of last week. Mr. Lingle in the active days of the Camden & Amboy Railroad was master mechanic in the shops at this city in which at that time many mechanics were employed. Notwithstanding Mr. Lingle is approaching his ninetieth year he is very active and enjoys life.

Fred Bunting has purchased the property at 119 John street from Mrs. Lottie Gough through Wm. H. Parson's agency.

Frank Shults has purchased a house and three lots on David street from Mrs. Sarah J. Mills, of New York, formerly of this city.

Owing to there being a Central Garage in Perth Amboy, Hyman Shipkin has decided to change the name of his garage, 112 Stevens avenue, to the "Victory Garage."

Hans Miller, of John street, has resigned his position at the Morgan General Ordnance Department and accepted a more lucrative one at the Aeromarine Plane & Motor Co. at Keyport.

Michael Welsh was at Atlantic City this week attending the convention of the State Liquor Dealers' Association.

Lorenz Barich, the barber, has moved with his family to Totenville, N. Y., where he purchased a home. He will continue his shop in this city commuting daily.

The Sewing Society of the Swedish Congregational Church, of Perth Amboy, met at the home of Mrs. Joel Magnuson on upper Main street last Thursday afternoon. After regular routine of business, refreshments were served and an hour or so spent in a social manner. All present greatly enjoyed the afternoon.

Mrs. D. W. Read, Mrs. O. O. Barr, Mrs. W. S. Dey, and Mrs. George Gundrum were in attendance at the State Federation of Women's Club held at Atlantic City this week.

Can you look the returning soldier straight in the eye unless you, too, have bought "Victory Bonds?"

The entertainment in the Empire Theatre Thursday evening under the auspices of the High School was a great success. Owing to the unsettled conditions this year no class play was held, but the money raised in this way.

An opportunity is now given those that have been waiting for a welcome home celebration. A number of persons have been heard to say "Well I've got five dollars for the commit-

tee when they get together for a Welcome Home Celebration." Let us now see how many of this type of men are in town. Richard M. Mack is the secretary of the committee, and would be glad to receive all subscriptions, that the boys may be given a fitting "homecoming celebration."

With the first real warm day of the season last Sunday came thousands of automobiles through this city. Bordentown avenue is in very poor condition and the heavy traffic makes the situation a whole lot worse. It is understood that the Freeholders will take steps in the near future to have this street paved.

Mrs. George Duncan of Portia street, recently entertained a few friends in honor of Mr. and Mrs. Wm. Hays who have left town to make their home in Newark. Those present were: Mrs. George Clark, Miss Mollie Burkhardt, Mrs. Wm. Hays, Miss Duncan, of this city, Mrs. James D. Van Pelt of Asbury Park, N. J.

The men of Company F are making a strenuous recruiting campaign to fill up the ranks of the company. The loss of men is due to the number who were in this city working in the munition plants and when these closed down of course they moved away. Lieut. Havens is recruiting officer.

A number of South Amboy men have enlisted in Company E of the 22nd Infantry now stationed at Morgan. This outfit has a recruiting station at the Arsenal and is ready to receive additional recruits at all times. The men of this contingent expect to be sent to France in the near future and at the present time are being put through a very strenuous training schedule.

The St. Mary's Boy Scouts are still on the losing side of the column having been handed defeats two weeks in succession. Their opponents on Sunday were the Landing A. C. of New Brunswick who administered the defeat to the tune of 14 to 4.

Another of the periodical dances will be held in St. Mary's Hall this Friday evening under the auspices of the Boy Scouts, Troop 3 and 4. These dances are about the best known social diversion for the young folk of the city.

Capt. E. C. Roddy and Lieut. Hasslacher of Company F visited the Caldwell range on Sunday and spent the day in shooting. Capt. Roddy was successful in securing a "Marksman's Medal" and expects next Sunday to

#### HELP WANTED.

GIRLS WANTED—Steady Work, Full Time, Good Pay. Pleasant and healthful shop conditions. Good board and room at company's hotel for girls. Recreation and educational features, and a girl's club room provided. Company furnishes free insurance and medical attention. A splendid opportunity to learn the profitable trade of making rubber shoes. Applicants must be of good moral character and able to give references. Apply or address Employment Dept. BRACON FALLS RUBBER SHOE CO., Brakon Falls, Conn. 4-20-3

#### FINANCIAL.

ALLIED OIL CORPORATION paying one per cent. a month dividend, now drilling in the famous Texas Ranger Field, with prospects of getting very large producing wells, selling at \$1.25 per share now. Send check today for number of shares wanted, and if price has advanced before received will return check to you. Act quick, as wells likely to come in any day now, and your opportunity gone. Write L. R. SIMS & CO., No. 207 Fourth Avenue, Pittsburgh, Pa. 4-20-4

compete for a sharpshooter's emblem. Owing to the large number of men visiting the Caldwell Range on Sunday last the men of Company F were denied the privilege of making the trip. However, this Sunday a party of about fifteen men will go to this range, the largest in the world.

On Monday evening a number of young people of this city attended the "employees dance" at Morgan. The affair was a most enjoyable one the music being rendered by Howland's Jazz Kings.

The Citizen acknowledges receipt from Corporal Nicholas Nelson, Company G, 310th Infantry, A. E. F., for copy of "The Flash," and a booklet of "The Engagements of Company G, Second Battalion, 310th Infantry, 78th Division in the World War." Among the members in Company G from South Amboy are Corporal Nicholas Nelson, First-class Private Lee Heston, First-class Private Leo J. Whalen, and Private Domonico Cesare.

The ruffians who marred the bulletin board in the Presbyterian Church yard early Monday night should feel happy over their act of desecration. What impulse led up to this damage

is hard to imagine, and the perpetrators should feel deeply ashamed of themselves if they have a spark of decency in their body.

A. J. Dillon, master mechanic of the Trenton Division, P. R. R., gave a dinner to the officials and foremen of the shops on Saturday last at his home at Riverton, N. J., in celebration of his forty years of continuous service with the railroad. There were about thirty guests present, among whom were Mr. and Mrs. Joseph Walters of this city.

The W. C. C. S. will hold a dance in the Recreation Hall, Camp Morgan, on Tuesday, May 13.

M. A. McCarthy has purchased a fine Chandler sedan, which he will use in his undertaking business.

It is reported that a number of Mechanicsville boys participated in the street fighting in Perth Amboy on Tuesday evening.

Have you bought your Victory Bond? Help get the men back from France. They went over of their own accord, now it is up to you to get them back.

### HOW A YOUNG HUSBAND HELPED.

**Forced to Manage Home Alone, Little Finds His Wife Needs Square Deal.**

When his wife, ill from the drudgery of her housework and the care of their little daughter, goes to the country to recuperate, a certain young husband, who is the hero in "A Square Deal for His Wife," a delightful two reel photoplay produced by Universal, comes face to face with a very serious problem. This little drama will be shown at the Empire Theatre on Thursday, May 29.

In the days prior to his wife's sudden illness, he had listened with disdain, and unbelief to her relation of aggravating incidences and occurrences throughout the day, and had shrugged his shoulders in an inconsiderate manner, offering merely suggestion that she adopt "system" in the management of the household.

"Run your house like I do my office," he insisted. "Anything can be accomplished if one is systematic."

In spite of his insistent suggestion, the wife continues to lose her charm of personality and appearance—to say nothing of disposition—which causes the young husband to selfishly ridicule her on the subject. Finally, the drudgery of the house caused the inevitable—the little woman collapsed, became very ill, and upon the advice of the physician, was sent to the country to recuperate.

Very manfully, the young husband undertook to maintain the home while she was away. But he found things very much not to his liking, and before many days had passed admitted that "system" worked out all right when applied to the cold mechanics of the downtown office, but was not appropriate in the home.

He burns his toast, eggs and ruins his coffee on the old fashioned range, scorching his trousers with the old fashioned flat iron, blisters his hands, and wrenches his back with an old straw broom. All of which convinces him that the little wife needs a square deal, since it was painfully apparent that the work of the household was drudgery pure and simple, compared with the easy going work at the office.

How he sets about to make things more convenient in the home, how he wins back the youth and beauty of the wife, and how he finds "a square deal" for her, compose one of the most absorbing and appealing domestic comedy dramas ever presented in this city.

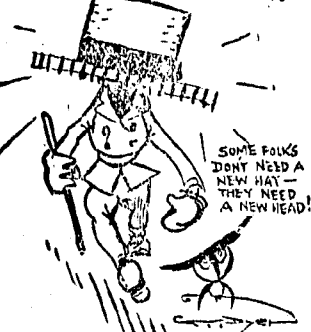

"A Square Deal for His Wife" was produced by the Universal Industrial department under the direction of Harry Levey, general manager. It is being shown through the courtesy of the Western Electric Company.

### Here's YOUR Chance.

Jacob H. Schiff, in a recent speech, said it is hard to satisfy the people. For years, said the famous banker, the wealthy class has been charged with hypotheating to itself all government bonds and issues, while the less wealthy man had to put his money into investments far less secure.

Said Mr. Schiff: "In the Victory Liberty Note the people, not the banks or large financial institutions, are given first chance to put their money in a well paying promissory note of Uncle Sam. The banks are actually discriminated against by the government, in the effort to attract the poorer man to invest and save his money. Yet many of that class are not content."

**BUY A "VICTORY NOTE"**  
YOU CAN BUY A STRAW HAT LATER IN THE SEASON!

### JOIN THE CHORUS.

The new French loan is called "The Loan of National Restoration." That's a fine phrase. Think it over. You can translate it into American without any trouble. It is synonymous in meaning with Victory Loan. The French are splendid phrase makers. They know how to put one word to the tune of the Marcellaise. Well, be that as it may. We have set our new loan to as fine a key. It is the note of Victory. So join in the chorus. Sing Victory Notes.

Advertise in the CITIZEN.

## JUST LIKE MOTHER USED TO DO.

One of the games Y. M. C. A. girls play with the doughboys over in France is "Button, button—who has no button?" For the American soldier to still the same man he always was, with the same talent for losing buttons and having all kinds of dire things happen to his clothing. And right there is where the "Y" girl comes in. She is always ready to supply the stitch in time, which is one reason perhaps that the members of the A. E. F. have such a reputation for being well-groomed. Just at present the Y. M. C. A. women at debarcation ports in France are keeping their needles hot with fast and furious last-minute sewing, making the soldiers epic and span for the trip to the United States. They want to get all dressed up because at last they have come home to go, the best place of all, home.

### SONGS SPEED RECOVERY OF THE SHELL SHOCKED.

Paris, April 19.—"Just a Baby's Prayer at Twilight," sung in a sweet, low soprano, sounded beyond the doors of the shell-shock ward in a base hospital near one of the old camps.

"That," said the surgeon who was conducting the visitor through the hospital, "is our new cure for shell-shock."

The song ended, but after a moment the singer resumed with "The Little Gray Horse in the West," and then continued with a lullaby, the kind that all American mothers croon as they rock their little ones held in their arms. Occasionally a few thin masculine voices joined in the singing, their brave efforts becoming stronger as the melody shifted gradually to songs of a more spirited kind. Then from the ward, followed by a faint cheer, came the singer—singing.

She was Miss Paula Lind Ayers, formerly on the New York concert stage. She wore the uniform and insignia of a

PAULA LIND AYERS.

Y. M. C. A. entertainer in France, but the surgeon introduced her as song-physician to the shell-shocked doughboys of the A. E. F.

Miss Ayers' career as a song-physician began by accident. While touring a number of American camps to sing to the doughboys, she visited a base hospital one afternoon and sang to the patients in the various wards. "No need to go in there," she was told, in front of one closed door. "The shell-shock patients are in there. They are making so much noise that they probably wouldn't hear you."

"I should like to try, anyhow," she said. Before the end of Miss Ayers' first stanza, all but three or four of the worst cases had been quieted, and were listening to the song. By the time she had sung half a dozen songs, a few of the men were joining in the chorus. It was the first time that some of them had spoken since they had been stricken with shock.

After that, she visited the hospital daily, upon the request of the commanding officer, and went to the other hospitals in the region. Without exception it was found that the patients responded more readily to her singing than to almost any other treatment.

"I have to begin with the softer, quieter melodies," she says. "Anything spirited or rhythmic seems to frighten the men at first, just as any loud sudden noise does. As the boys' condition improves we go on to other songs, and soon most of the patients are singing with me."

"I believe that in the colleges this sort of thing is called 'musicotherapy,' though I discovered it by accident. Some of the boys have had very little treatment except music, and are recovering fast. It is pronounced highly essential by army officers, and one of them, besides commanding Miss Ayers for her work, has ordered this 'song treatment' for all the shell-shock cases in his command. This is one reason why the 'Y' has called for 375 more entertainers to go overseas."

### "Y" SPORTS FOR SOLDIERS.

From August, 1918, up to the present date 800,000 members of the A. E. F. have participated in baseball games in France under the direction of Y. M. C. A. athletic directors and over 3,000,000 spectators have attended these games. The ball games staged by the "Y" are easily the most popular form of sport among the American soldiers, but other games have had unexpected popularity. The following figures give the number of players and spectators in various other games, all given as part of the Y. M. C. A.'s gigantic athletic program: Football, 700,000 players and 2,000,000 spectators; soccer, 637,000 players and 678,819 spectators; basketball, 120,524 players and 438,067 spectators; volleyball, 494,384 players and 493,040 spectators; boxing, 109,115 participants and 3,115,341 spectators.

### POST-WAR ACTIVITIES OF "Y."

Latest figures compiled by the Eastern department of the Y. M. C. A., which comprises New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia and West Virginia, tell a story of continued post-war service to the returning troops who pass through the Eastern states in never-ending streams during the process of debarkation and demobilization. Although there are 100,000 less men in Eastern department camps than there were before the armistice, the staff of Y. M. C. A. centers is almost as large as it was during the war, and every effort is being made to increase and extend "Y" service. There are now 1,156 Red Triangle men actively engaged in providing for the wants of home-coming soldiers. The figure shows: At "Y" huts and service buildings there is an average monthly attendance of 8,000,000 men. These men buy every month 100,017.13 worth of postage stamps over the "Y" counter, send home in money orders \$101,827.76, and use 2,887,400 Red Triangle envelopes. They attend 1,007 free entertainment other than movies given by the Y. M. C. A., 2,818 moving picture shows, and 934 parties at which no entertainment program is given. There are 71,102 men participating in compulsory athletics every month, about 50,000 who engage in formal athletics and 21,102 in informal athletics, all staged by the Y. M. C. A. Nearly 3,000 class meetings are held monthly for vocational instruction, attended by 15,375 men. In addition there are 3,970 lectures with an attendance of 33,537 men. About 6,000 books are loaned each month, and 19,256 newspapers and magazines are kept constantly in circulation. Last month there were 2,018 religious meetings with a total attendance of 215,100.

### PLAYS FOR THE WAR WEARY.

When the Y. M. C. A. first began to act as theatrical manager and producer for the A. E. F. in France the equipment consisted of one trunkful of costumes, four banjos and two guitars. But the doughboy soon proved that all the world's a stage, even a world at war, for the "soldier shows" rapidly became the favorite indoor sport of American soldiers, and the "Y" service grew correspondingly fast. Professional coaches are now organized under the direction of Miss Dorothy Donnelly, one of America's favorite actresses, and Mr. Joseph Lindon Smith, head of the Overseas Theater League, with offices in Paris, has increased that first trunkful of properties to the following proportions: 6,119 costumes, 1,844 musical instruments, 1,822 plays, including serious dramas; 15,956 pieces of sheet music, 1,893 make-up sets and 400 wigs.

### FULL MILITARY HONORS AT "Y" WORKER'S FUNERAL.

Miss Marjorie Vrooman, Y. M. C. A. canteen worker, who recently died in France, was one of the few welfare workers abroad who at death were honored with a full military funeral. She was accorded all military honors paid officers of the A. E. F. who died in France. Miss

MARJORIE R. VROOMAN.

Vrooman came from Clyde, N. Y., and had been abroad at Caunteries, a "Y" leave area in the Pyrenees, since November.

Immediately following the death of Miss Vrooman, who was a most beloved member of the "Y" staff canteens, Col. F. D. Evans, commanding officer, ordered the flag at half-mast and all entertainment in the village incident to Miss Vrooman suspended. A military guard was placed at the modest little peasant's cottage where the young girl had died.

Services were conducted at army headquarters. Evergreens and flowers, many of them picked from the mountain sides by soldiers, made a beautiful floral setting for the flag-draped casket. The entire Y. M. C. A. staff and more than a thousand soldiers attended the funeral, after which the remains were carried down the mountain. Interment was at Bordeaux, in the American military cemetery.

### AGE REQUIREMENT FOR ENLISTMENT CHANGED.

The office of the United States Marine Corps, Eastern Recruiting Division, 190 Market street, Newark, is in receipt of an order from Headquarters, U. S. Marine Corps, Washington, D. C., authorizing the Eastern Recruiting Divisions to accept men between the age of 17 and 40. Heretofore, the age-limit was 18 to 35. The period of enlistment is four years.

Young men who have not reached their 18th birthday must have the consent of their parents or guardians, those living in Newark must bring one of their parents with them before they can take the physical examination, those living out of the city must bring a letter from their parents stating that they are willing to have them enlist and that they will sign the necessary papers in case they are accepted.

Do you want a change of jobs? One that is full of adventure and with opportunities to travel in many parts of the world? Because the World War has practically come to a close, does not mean that duties in Foreign Countries have ceased, as many Red-blooded Americans are needed to protect the interests of this grand and glorious United States. Marines are now serving in Cuba, Haiti, Santo Domingo, China, Porto Rico, Nicaragua, Hawaii, Guam, Philippine Island, etc.

If you are a mechanic and found qualified, there is an opportunity of being transferred to the Aviation Section of the Corps, after completing the training at Paris Island, S. C. If you would be a Commissioned Officer you must first enter the ranks, then if found qualified, you will be transferred to our big new Officer's Training School at Quantico, Va., which is the largest and best Marine Camp in the world.

The pay varies from \$30.00 to \$75.00 a month according to rank and length of service. It is practically clear as there is no expense and medical attention free. You can save money by depositing it with the paymaster and receive 4 per cent. interest. Opportunities to see the World are better than ever before. Why not join the Marines now?

For full information apply to Sergeant E. F. Holzhauer, U. S. Marine Corps, Recruiting Station, 190 Market Street, Newark, N. J.

### BOARD OF HEALTH.

**Ordinance Regulating Sanitary Sewer Connections.**

**AN ORDINANCE OF THE BOARD of Health regulating Sanitary Sewer Connections.**

Section 1. Be it ORDAINED by the Board of Health of the city of South Amboy, that the owners of property located on the line of the Sanitary Sewer System shall be compelled to connect their houses with said sewer system whenever the Board of Health or the Health Inspector shall deem it necessary or conducive of better health conditions.

Section 2. Said connections shall be made after at least thirty days notice in writing, given by the Health Inspector and signed by the President of the board and the Health Inspector. Such notice shall contain the name of the owner or owners of the property together with the street address or lot number where connection is to be installed and shall fix a date not less than thirty days, exclusive of Sundays and legal holidays, in which such connection must be made.

Section 3. Said notice shall be served upon such owner or owners personally or by leaving at his or her usual place of abode with a member of his or her family above the age of eighteen years.

Section 4. Any person or persons violating the provisions of this ordinance, shall upon conviction pay a fine of Twenty-five dollars and an additional fine of Ten dollars for each and every day on which the terms of the notice as aforesaid are not complied with.

Section 5. This ordinance shall take effect upon its publication.

THOMAS LOVELLY,  
President.

Attest:  
M. J. Sullivan, Secretary.

## SCHOOLS FOR SOLDIERS.

More than 200,000 soldiers in American forces overseas are enrolled in the schools which the Government has established to equip them for better positions and wages when they return to civil life. To most of these young men these schools offer a greater opportunity for cultural and vocational training than would have been theirs if they had not entered the army.

These schools are so graduated that they afford instruction in elementary subjects, academic courses and training in a great university established near Paris, and post-graduate careers in the foremost French and British universities. While serving their country as soldiers these young men may at the same time benefit themselves as students. They are combining mental improvement with physical well-being and wholesome discipline that will safeguard them from the evils of life in barracks.

Reports to the War Department show that these young Americans are testifying to their appreciation of the advantages presented to them by their attention to their studies. Those whose commands are ordered back to the United States may apply for transfers to continue their education.

This is the first time in history that provision has been made by the United States for the education of its soldiers.

There have been at least three sets of opinions among Republicans in respect to the league of nations. Some wanted no league, others favored half a league, and a third group—the largest of all—favored the league advocated by President Wilson. Those in the last category are now not only the most numerous, but also the most insistent. The others have become singularly still and inconspicuous.

It only required a word from the President to effectually check the report that he was attempting to commit Americans to a secret alliance. No level-headed man would allow himself to be deceived by such a rumor, and its circulation shows to what limit his enemies will go in their attempt to discredit him.

Some Republican papers are saying that the Republicans and the "Progressives" will "get together" during the next session of Congress. Judging the factions wholly by their exchanges of "courtesies," it is pretty certain that if they do "get together" some one will have to call the police.

## COAL THAT IS RICH IN OIL.

For many years, lignite mined near Lone, Calif., has been used as fuel, though it contains a large quantity of moisture and therefore does not burn very well. Recently, however, on account of its resemblance to some oil shales that are apparently similar to cannel coals, this lignite has been tested by the United States Geological Survey, Department of the Interior, to determine whether it would not yield oil on destructive distillation. The results of the tests show that the best of the lignite, when destructively distilled, will yield 62 gallons of oil to the ton and, as a by-product, at least 18 pounds of ammonium sulphate, which is a valuable fertilizer. This lignite is remarkably "fat." Although it contains 46 per cent. of moisture, analysis made by the Bureau of Mines shows that it contains also 31 per cent. of volatile matter and 16 per cent. of fixed carbon. The ash amounts to only 7 per cent. and the heating value is 6,060 British thermal units.

Although the bed containing this lignite does not appear to underlie a large territory, it is doubtless destined to receive attention sooner or later as a possible source of oil and gasoline.

## Keeping the Watch.

One last word on hymn books: In a homely chat on favorite hymns the son and heir said he liked that one best where the little Jew boy stole the old gentleman's watch! The hymn index was useless here, and the reference took some searching for. Here it is, familiar to all:

The old man meek and mild,  
The priest of Israel, slept;  
His watch the Temple child,  
The little Levite, kept.  
—London Chronicle.

## TIMELY TIPS FOR GARDENERS.

### Transplanting Into the Garden.

"Just as the twig is bent, the tree's inclined." Much of the success of a plant depends on the kind of a start it gets when transplanted from the hot-beds to the garden soil.

The more hardy plants such as cabbage, kohi rabi, etc., may safely be transplanted at once, but tomatoes, peppers, and eggplants should wait until May 15, at least, when late frost will be out of the ground and it will be thoroughly warmed.

Spade up the ground a little where the plant is to be set, especially if the soil is hard. The roots of tender plants just out of a hot-bed will stand plenty of coddling.

### Give the Young Plant Plenty of Food.

Were you able to secure that stable manure which we advised a few weeks ago, and has it been plowed under? If not, a commercial fertilizer, containing about 4 per cent. of nitrogen and 8 per cent. phosphoric acid can be purchased from your local seed store or supply dealer. Two tablespoonfuls of this, thoroughly mixed with the soil where the plant goes in will give splendid results. Caution: Sheep or poultry manure will burn the plants if it comes near enough to touch. If you do use them, a good plan is to spread the manure on the surface of the ground, being careful that it does not touch the tender stem of the plant. Depend on the rain to take the plant-food down to the roots.

Nitrate of soda is a capital tonic, and when applied around the plant, will start it growing and give a better color. One pound is enough for 300 square feet of garden surface, as it allows about a teaspoonful apiece for such plants as tomatoes or eggplants.

### Look Out For Disease.

The nice spot where you planted cabbage last year is the worst place in the world for it this year. Since disease remains in the soil 2 or 3 years, to get best results you must rotate your plantings. Good application of lime raked into the soil will help kill the disease.

### Last Call for Planting Peas.

Are you one of the last minute gardeners who hasn't put his peas in yet? Hurry up and do it! When the weather gets hot, the pods will not fill out. The soil, too, is pretty warm for them now so when you plant this time, open up a furrow 6 inches deep and sow the peas not closer than an inch apart, then fill in with about one inch of soil, leveling the rows off even with the rest of the garden as the plants grow. This keeps the roots in a cool soil and gives surprising results. Loosen the soil thoroughly in the bottom of the furrow before sowing, as peas must have a finely pulverized seed-bed.

Issued by the New Jersey State College of Agriculture, May 5, 1919.

## NEVER BELOW PAR.

Even Wall Street pricked up its ears when such a financial authority as Francis Sisson, Vice President of the Guaranty Trust Company, predicted the Victory Liberty Note would never go below par. Mr. Sisson expressed pity for those who have rid themselves of their previous investments in Liberty Bonds. Uncle Sam, he said, was ready to meet any obligations incurred in this line, and any drop in Liberty Bond values should be charged to misfortune of the investor rather than to unsteady financing by the United States.

Victory Liberty Notes will be so secure, according to Mr. Sisson, that any concerted effort to put them on the market will create a demand and send the values upward.

## VICTORY LOAN CAMPAIGN BRINGS OUT NEW INVENTION.

Victory Way, the big feature of the Victory Loan drive in Manhattan, has been the Mecca for countless Victory Note buyers during the past fortnight. An outstanding attraction at the great open air temple was the "loud speaking telephone," a special telephone apparatus installed at Victory Way by the American Telephone and Telegraph Company. With the aid of highly sensitized receivers and 200 transmitters hanging down at various points of the Way from wires strung across the thoroughfare, the tones of a speaker's voice were carried in all directions to the thousands of listeners.

So effective has it proved that now many of the chief addresses at Victory Way are delivered by persons who never had the fortune to see it. Connecting the long distance telephone with the wires leading to the sound amplifiers does the trick. Last week General March, Chief of Staff, sat at his desk in Washington and delivered an oration to a Victory Way audience. Every word filtered down distinctly to the astonished hearers.

## BOY SCOUT DOINGS.

### Troop No. 1.

Due to bad weather again the outdoor meeting of Monday, May 5th, was postponed. The meetings until after the scout benefit performance will be held indoors. The meeting therefore was called to order at 6.45 p. m.

The tickets for the Scout benefit performance were distributed among the scouts. At the Empire Theatre under the auspices of Troop No. 1 Boy Scouts of America Thursday, May 22nd, Charles Chaplin will be shown in one of his many successes, "The Pile Driver," with the Pathe News. A brief exhibition of scout work will be given by the Troop followed by W. S. Hart in "The Lone Avenger." Admission including war tax will be 20 cents. The proceeds will help pay expenses at the summer camp.

The scoutmaster announced that the Fifth Victory Loan blanks had been received. Streets were assigned to the scouts so that the whole city will be covered.

The assistant scoutmaster announced that a Scout Rally is going to be held in New York on May 17th. Sir Baden Powell, the man who started the Boy Scout movement, will be there to give an address. The Scouts of Troop No. 1 attended a rally in November at Central Park, New York, where 10,000 scouts from all over New Jersey and New York states assembled and paraded.

The scouts were requested to present themselves at the scout farm on Tuesday afternoon. Through the kindness of Mr. Charles Safran the scouts received seven lots for their farm this year.

After the meeting was adjourned the scouts went to Stevensdale and played baseball. The manager announced that he has received a game with the Keyport scouts.

The great aim of the Boy Scouts of America is to make every boy scout a better citizen. It aims to touch him physically in the camp craft and woodcraft of the outdoor life in order that he may have strength in after days to give the best he has to the city and community in which he lives as well as to the nation of which he is a part.

It seeks to develop him by observation and the knowing of things far and near, so that later on when he enters business life he may be alert and keen and so be able to add to the wealth of the nation. It teaches him chivalry and unselfishness, duty, charity, thrift and loyalty so that no matter what should happen in the business, social or national life, he may always be a true gentleman, seeking to give sympathy, help, encouragement and good cheer to those about him. It teaches him life saving in order that he may be able to dire accidents and peril by land and sea, to know just what to do to relieve others of suffering. It teaches him endurance in order that he may guard his health by being temperate, eating pure food and keeping himself clean he may always be ready to serve his country in the hour of her need. It teaches him patriotism by telling him about the country he lives in, her history, her army and navy, in order that he may become a good citizen and do those things which every citizen ought to do to make the community and land that he lives in the best community and land in the world.

Good citizenship means to the boy scout not merely the doing of things which he ought to do when he becomes a man, such as voting, keeping the law and paying his taxes, but the looking for opportunities to do good turns by safeguarding the interests of community and by the giving of himself in unselfish service to the town or city and to the nation of which he is a part. It means that he will seek public office when the public office needs him. It means that he will stand for the equal opportunity; and justice which the Declaration of Independence and the Constitution guarantees. It means that in the every duty of life he may be on the right side and loyal to the best interests of the state and nation. By the "good turn" that he does daily as a boy scout, he is training himself for the unselfish service that our cities and land need so much.

### Score One for Professor.

He was the keenest student in the class, and when an unpopular professor said: "Gentlemen, your next subject for composition will be 'manners,'" he at once rose and asked: "Can we write on bad manners, sir?" The professor looked over his spectacles at the all-conquering youth and quietly answered: "Certainly; you can write about whatever you are best acquainted with."

## Zone Fares for Street Cars (No. 6)

In announcing its findings on the application of Public Service Railway Company for the restoration of the seven cent rate of fare the Public Utilities Commission said, in part:

"\* \* \* If the company is to continue to render service to the public, all of the evidence in the case justified the Board in concluding that it is necessary to permit the company to immediately revert to the tariff providing for a seven cent fare and a charge of one cent for the initial transfer, subject to the Board's jurisdiction to modify the same if and when conditions may warrant.

"It is urged by the municipalities that this Board, having under consideration the putting into effect of a zoning system, shall necessarily require a revision of rates, should not act upon the present application but should dispose of the matter with the zoning plan. This is manifestly unfair. With full proof before the Board that the railway company is daily piling up a deficit, to refuse relief for the comparatively short period would be a flagrant failure of justice and a violation of duty."

The Board directed that until the pending zone fare case is disposed of the company shall be permitted to charge seven cent fares instead of six cent fares and one cent additional for each initial transfer issued.

Much testimony has already been taken in the zone fare case. As the subject is highly technical the testimony is, of necessity, of a technical character. The facts could not otherwise be developed.

The company has given the subject the most thorough and painstaking study. It wants the truth known. It is to its interest as well as to the interest of the public to have it known.

Being in possession of all the facts and applying them to the actual operation of the property, the company is convinced that the fairest and most equitable zone fare rates that can be devised are five cents for the first zone mile, one cent for each additional zone mile and one cent for each transfer.

With these rates every passenger would pay only for what he gets.

**PRaise BESTOWED UPON THE  
LATE LAWRENCE LENEHAN**

It will be recollected that Lawrence Lenehan, brother of Luke Lenehan of this city, lost his life by the sinking of the U. S. S. "Freehold," when she was sunk in New York Harbor on April 17 by the steamship "Saxonia." Lenehan in warning the crew staid too long on the vessel, and sacrificed his life to save others. His brother, Luke Lenehan, has received the following note of sympathy and War Service Certificate:

May 3, 1919.

Mr. Luke Lenehan,  
112 Broadway,  
South Amboy, N. J.

Dear Sir: It is with the deepest regret that we find it necessary to enclose herewith War Service Certificate, certifying to the honorable active service of your brother, Lawrence Lenehan, Chief Machinist's mate, U. S. N. R. F., who died in the performance of duty on board the U. S. S. "Freehold" when she was sunk on April 17, 1919, by the "S. S. Saxonia." The sympathy and respect of the entire station is with you and your family in your great loss, which is also the loss of the U. S. Naval Reserve Force, when it is taken into consideration that your brother had already been recommended for a commission in the U. S. N. R. F. on the strength of the record he had earned during the period of his active service, from November 5, 1917, up to the date of his death.

Very respectfully yours,

L. A. Corya,

Ensign, U. S. N. R. F., Executive Officer.

The following is a copy of the War Service Certificate.

War Service Certificate

United States Navy.

Service No. 181-05-26

No. 273161

This certifies that Lawrence Lenehan, Chief Machinist's Mate, U. S. N. R. F., performed honorable active service in the United States Navy from November 5, 1917, to April 17th, 1919, on board the following ships and stations: Mine Sweeping Division, Third Naval District, New York, N. Y., and Naval Overseas Transportation Service, New York, U. S. S. Freehold.

C. Boone,

Commanding Officer.

**BAND WENT TO RED BANK.**

The Third Battalion Band of this city went to Red Bank on Tuesday afternoon and there participated in the Welcome Home celebration in honor of the Red Bank Ambulance Corps just returned from France. This unit was New Jersey's contribution to the Rainbow Division and their record in France is covered with honor. One South Amboy man, Joseph Weber, is a member of this unit and was wounded in action early in the war. However, he is able to be with his comrades again.

**JERSEY CITY Y. M. C. A. VS.**

**THE LOCAL Y TO-DAY**

On account of the bad weather during the week past the Y. M. C. A. has not been able to get its field into condition for the game here Saturday against the strong team from the Jersey City Y. M. C. A.

Jersey City is bringing down her aggregation of veterans to meet John Applegate's local lads, who have had their lineup shifted to increase the strength of the team. The game will be played on Stevedale at 4 p. m.

The Y. M. C. A. has gone to a considerable expense to provide a strong team to represent the city on Saturday afternoons and desires the support of the people of the town in order that it might keep up the high-class sport as this city has had in the past.

**MEMBERSHIP CAMPAIGN.**

During the week of May 16 to 24 all the railroad Young Men's Christian Associations in North America are conducting a membership campaign with the expectation of bringing the membership of the railroad department up to one hundred and fifty thousand members. The local Association has undertaken to provide thirty new members which added to those who have so lately joined will give the Y. M. C. A. the largest membership it has ever attained.

Mr. G. W. Crane will be the campaign director and Mr. Elisha Lee will have charge of the entire lines East. Mr. Lee is now Federal Manager for the Pennsylvania Railroad. There have been two teams appointed, with Mr. E. C. Thomas, as admiral of the Navy team, and Raymond Perkins, general of the Army team.

These team will begin on the eighteenth and complete their work on the twenty-fourth. Posters are being put up around the town and railroad yards and Y. M. C. A. authorities are planning for a good time when it is over.

The Association is now open to all men at three dollars a year which is less than a cent a day for the various programs which the Y has to offer. Entertainments for men and their families, shower baths, library and reading rooms, all kinds of athletic teams both indoor and outdoor, baseball field and tennis courts. Get ready to come in now.

Service and satisfaction obtained at Central Garage, 108-110 Stevens avenue. Tel. 171.

Mr. and Mrs. Carl Larson of Trenton were local visitors on Sunday.

Mrs. James Nicholas was a Jersey City visitor on Saturday evening.

Miss Sara Delbert was a visitor over the week-end with relatives in Newark.

Fred Truett, of Newark, spent Sunday visiting with friends in this city.

Mr. and Mrs. Herbert R. Dix were visitors to Caldwell on Sunday.

The Misses Alva Compton and Vivia Magee, members of the choir of the First Baptist Church of this city, sang at the East Baptist Church of Elizabeth last Sunday, at which time the ordinance of baptism was administered by Rev. E. R. Tilton.

Mrs. Mary C. Slagle, of Long Branch, spent the past week with Miss Bertha Heath of First street.

Mr. A. Beaser and daughter, of Montreal, Canada, have returned to their home after spending the week with Mr. and Mrs. J. Besner of this city.

The Misses Myra and Vera Dietrick left this city Wednesday morning for an extended visit at Pittsburg, Pa., Chicago, Ill., and points in Indiana. Their many friends wish them a very merry trip.

**ANNUAL RECEPTION.**

The annual reception of the Woman's Club held in the City Hall on Tuesday evening was a decided success in the estimation of all who were present. This reception comes at the end of a very successful and eventful year. During the greater part of the year the energy of the club has been devoted to war work and social relief. The members sponsored the organization of the War Camp Community Service in this city and are doing everything in their power along these lines. The explosion of course greatly hindered their plans and it was some time following this terrible event that they were able to hold a meeting.

The club has progressed wonderfully since its organization. When first organized instead of having the backing of the city at large it was counted more or less of a joke. However now the club is a permanent fixture in the city and just as much a part of it as the Red Cross or other community organizations.

The club has really been the Mayor's woman's committee in all the War Drives of the past two years. At the present time they are actively engaged in the Liberty Loan Campaign and are doing a wonderful work.

After a short address of welcome by the Chairman, Mrs. D. W. Reed, the following program was rendered: Instrumental Solo.....Miss C. Alpine Vocal Solo.....Mrs. J. Harkins Vocal Solo.....Mrs. R. Williams Recitation.....Miss J. Delaney Vocal Solo.....Mrs. G. Kress Recitation.....Miss E. Mason Vocal Solo.....Miss S. Yearick Instrumental Solo.....Miss C. Alpine Vocal Solo.....Miss J. Delaney Character Songs.....Miss E. Mason

Following this splendid program refreshments were served and a social hour enjoyed.

**SOUTH AMBOY RETURNED**

Soldiers, Sailors, Marines, register at the W. C. C. S., Office-Room 10 Parison Building. The Home Service Section of the American Red Cross desires a complete list of all men who have been in the U. S. Service.

Office hours 9 to 5 week days—except Saturday 9 to 12.

Leonard Tide has shown progressiveness by adopting the "sanitary soda fountain and ice cream service."

AND ALL!

seen it—that poster  
ry Liberty Loan in  
frican artist sought to  
Americans the land of  
tion, endeavored to con-  
consciousness the sacri-  
y men of names divergent,  
service demanded by them  
women of names strangely  
one to another, who stayed

Howard Chandler Christy, in-  
ing De Bois, Smith, O'Brien,  
driopolous, Levy, and the  
s, himself had not read the  
er of those who participated in  
it was probably the most wonder-  
exploit of any small body of  
Americans in the war.

In the current issue of The Satur-  
day Evening Post of Philadelphia,  
under the title "The Second Elder  
Gives Battle," George Pattullo tells  
how a mountaineer from Tennessee  
named Alvin C. York, a member of  
Company G, 328th Infantry, killed  
twenty Germans, captured 132 prison-  
ers including a major and three lieut-  
enants, put 35 machine guns out of  
business, and so broke up an entire  
enemy battalion which was about to  
attack in the Argonne sector on  
October 8.

York did the fighting and killing  
single-handed, but there were others  
who had to do the thing which made  
it possible for him to pick off his  
map, and compel so many to surren-  
der in batches—namely, to guard the  
prisoners as they came in.

Who did this? What were the names  
of these Americans to whom the  
German major, almost bereft of speech  
when he watched the operations of  
his captor, ejaculated "Good Lord?"

Read them. Cutting and Dymowski,  
Savage and Weller, Waring and Swan-  
son, Donahue and Konotaki, Beardsley  
and Muzzi, Willis and Sacina, John-  
son and Sak.

Americans all!

From them, who did so much for  
America, comes the call to us to do  
our duty to our country—from them  
and from thousands of others whose  
attiled tongues startle us to action  
with the thunders of silence.

Pine to palmetto, and ocean to ocean,  
Tho' of strange nations we get our  
increase,

Here are your worshippers, one in  
devotion.  
Whether the bugles blow battles or  
peace,  
Take us and make us your patriot  
band,  
Flag o' my land! Flag o' my land!

SALVATION ARMY'S HOME  
SERVICE FUND CAMPAIGN

Newark, May 9.—County Clerk Bern-  
ard G. Gannon has been selected as  
chairman of the Salvation Army's  
Home Service Fund campaign for  
Middlesex County. The announce-  
ment was made through State head-  
quarters here by former Governor  
Edward C. Stokes, chairman for New  
Jersey. The quota for Middlesex is  
\$75,000. The State of New Jersey  
will be called upon to subscribe \$750,-  
000 of the national quota of \$13,-  
000,000.

The high esteem in which the Sal-  
vation Army is held in New Jersey  
is evidenced by the character of the  
men and women who have consented  
to take active part in the campaign  
for funds to enlarge its activities for  
the work of extending a helping hand  
to humanity in distress. Here is a  
list of those who have accepted posi-  
tions as vice presidents:

Dr. John Grier Hibben, president of  
Princeton University; former U. S.  
Senator David Baird of Camden,  
Dwight W. Morrow of J. P. Morgan  
& Co., a resident of Englewood; Mrs.  
James F. Fielder and Judge William  
H. Spoer of Jersey City, Burdette G.  
Lewis of Trenton, State Commissioner  
of Institutions and Agencies; Col.  
Lewis S. Thompson of Red Bank,  
Harry W. Leeds of Atlantic City,  
Calvin H. Kendall of Princeton, State  
Commissioner of Education, and  
M. Byrne and Louis V. Aronson of  
Newark.

Persons of equally high character  
have been selected for county chair-  
men. The list so far includes, in ad-  
dition to Mr. Gannon:

State Comptroller Newton A. K.  
Bugbee, Mercer; Judge George G.  
Tennant, Hudson; George M. LaMonte,  
former Commissioner of Banking and  
Insurance, Somerset; Assemblyman  
Walter G. Winne, Hackensack; Mrs.  
B. Burd Grubb, wife of the late ex-  
Minister to Spain, Burlington; Assem-  
blyman Ralph N. Kellam of Merchant-  
ville, Camden; Major Arthur F. Foran,  
Mayor of Flemington, Hunterdon;  
State Senator Arthur Whitney, Mor-  
ris; Judge William H. Jeffery, Ocean;  
Charles F. H. Johnson, Passaic;  
Thomas E. Collins, City Engineer of  
Elizabeth, Union.

Ford supplies of all kinds. Central  
Garage, 108-110 Stevens avenue. Tel.  
171.

PRESBYTERIAN  
CHURCH NEWS

Next Sabbath is Mother's Day, and  
the subject for the morning dis-  
course will be: "What A Mother  
Did," and in the evening "A Mother's  
Influence," as seen in three mothers  
of Scripture.

One man of the church has made  
the offer to the pastor to bring to  
church in his automobile any mother  
who is unable to get out to Mother's  
Day services in any other way. Very  
likely others will call up the pastor  
at once, making a similar offer, as  
soon as this reminder meets their  
eye. Do it, gentlemen, for the sake  
of these mothers whom we desire to  
honor this coming Sabbath.

Upon Wednesday evening we will  
take up the third evening of Study  
of Jesus' Miracles—the "Draught of  
Fishes" recorded in the first eleven  
verses of the fifth chapter of Luke's  
Gospel. Look it up and read it be-  
fore you come to the prayer meeting.

The Board of Trustees will meet in  
monthly session on next Tuesday  
evening at 8 o'clock. A full attend-  
ance of all Trustees is urged. Special  
items for consideration.

A meeting of the congregation is  
called for May 21st, Wednesday  
evening, at 8.15 o'clock in the Lecture  
Room of the church, for the election  
of an additional Elder to complete the  
unexpired term of one year of Mr.  
Blakeley, resigned.

Gather your old paper together;  
tie them securely; and mention the  
fact that you have done this to the  
pastor, and he will see that they are  
called for by some of his assistants,  
the boys of our church and Sabbath  
School.

Watch the leaflet of next Sabbath  
for an item regarding our church  
windows. The trustees are anxious  
to make final arrangements regarding  
the memorial features.

By Sessional action Mr. Paul Pra-  
ther continues as Clerk of Session,  
while Mr. Leroy J. Bergen assumes  
the duties of Sessional Treasurer  
once more.

Now that the warmer days are com-  
ing on, let not your interest slacken  
in the Sabbath School. There are in-  
teresting classes for everyone, and  
studies worth while. It lasts but one  
hour, and begins promptly at 10 a. m.  
every Sabbath. Mr. Paul Prather is  
the superintendent, and he is leaving  
nothing undone to make it one of the  
best Sabbath Schools in this commu-  
nity.

Ask some of the men who attend  
as to the value of this hour in the  
study of Genesis. You suffer a dis-  
tinct loss every time you are absent  
from this enjoyable class.

Don't forget your white carnation  
for Mother next Sabbath, and let us  
have two of the best attended ser-  
vices in our church that we have had  
for many a day. Every Presbyterian  
should be in his or her place at the  
local church next Sabbath morning  
and evening. Be there, for mother's  
sake! And take her with you, if  
possible!

TEST OF AMERICANISM.

This Victory Liberty Loan is  
a test of Americanism. Looked  
at from any angle, we have to  
finish the job in real American  
fashion or confess that we are  
not worthy of our heritage of  
citizenship.

There is no need to theorize  
or to use learned arguments to  
demonstrate that the obligation  
should be recognized. Look at  
the matter from the everyday  
point of view of the average  
business man.

We authorized a certain cor-  
poration in which we all have  
stock to do certain things for  
us, to spare no expense, only to  
get them done in the quickest  
possible time and with as little  
danger to the active partners as  
possible.

The directors lost no time in  
getting busy. They sent a large  
force abroad.

Are there Americans who re-  
fuse to pay the expense account  
of their representatives?

There is the whole matter in  
the language of day to day busi-  
ness, and we might just as well  
face it.

Don't talk about what the  
boys did for the grand old firm  
and then refuse to pay for what  
they did.

You sent them abroad. Bring  
them home. Buy Victory Notes.

Kindly mention "N. J. Citizen" when pat-  
ronizing Advertis

JOHN STREET METHODIST  
EPISCOPAL CHURCH

George W. Abel, Pastor.

The services on Sunday will be as  
follows: preaching 10.30 a. m. topic,  
"The Stewardship of Property." The  
fourth subject in the Centenary pro-  
gram. The aim of which is to show  
that faithful stewardship of property  
is generally the test of faithfulness  
in the larger stewardship; that from  
the beginning God has recognized  
that the giving of money is the truest  
index of a sincere human interest;  
that the study of the scriptural teach-  
ing about covetousness shows that  
this sin is classed with the hideous  
sin of adultery; that the payment of  
the tithe has been God's safeguard  
against this sin.

The Sunday School session will be  
at 2.30 o'clock in the afternoon. The  
opening exercises of the school will  
be a review of the Heroes of one  
hundred years ago.

In the evening at 7.30 o'clock Mrs.  
Stephen J. Herben will speak in the  
interest of the W. C. T. U. and the  
W. F. M. S.

Mrs. Herben is a well trained and  
cultured speaker. She is a graduate  
of the Northwestern University and  
has a Master's Degree from the  
Allegheny College. She was a dele-  
gate to the World's Missionary Con-  
ference in 1910 held in Edinburgh,  
and now Jubilee supervisor of the W.  
F. M. S. war work, also the only  
woman on the committee on Ameri-  
canization.

Mrs. Herben is forceful, compelling  
and sympathetic in her presentation.  
Dr. Stockdale of Baldwin New York,  
says "Her appeal was irresistible  
when presenting the combined cause  
of the Woman's Christian Temperance  
Union and the Woman's Foreign Mis-  
sionary Society."

You are invited to be present and  
hear her on Sunday night.

The regular devotional meeting of  
the Epworth League will be held on  
Tuesday evening, led by Mrs. H.  
Stratton. Thursday afternoon at 4  
o'clock Junior League. Thursday even-  
ing at 7 o'clock Young People's Class.  
Prayer meeting Thursday evening  
at 7.45.

LET US RESOLVE.

"Thrift is an attitude of mind  
brought about primarily by circum-  
stances and continued and increased  
by resolve."—N. Y. Times.

Note—The man with this point of  
view will have no difficulty in being  
able to afford at least one Victory  
Note.

NOT A LOAN OF SACRIFICE.

"I deny that it is a sacrifice for  
any American citizen to invest his  
earnings in American securities at a  
fair rate of interest."—Secretary Glass  
of the Treasury Department.

Carter Glass Says—

"While the best among us may pre-  
sently witness in our own minds and  
hearts a singular contest between a-  
rice and that better element of human  
nature which makes us willing to be-  
lieve that man was created in the im-  
age of God—the right will eventually  
prevail."

Of all fine words of tongue or pen,  
The finest are:—"I'll buy again!"  
The sentiment of course applies  
To Victory Notes the patriot buys!

FOR THOSE WHO GAVE THEIR ALL.

By GRANTLAND RICE,

First Lieutenant Field Artillery, U. S. A.

Through the wooded depths—in the reedy tarn—  
Where the winds of spring are blowing,  
Their crosses wait by the Oured and Marne  
And on where the Vesle is flowing;  
Their files rust where rank weeds spawn  
And endless night enfolds them,  
But poppies flame in the fogs of dawn  
To light the line that holds them.

By the Argonne Trail their helmets wait  
To guard the goal they sought for;  
But never a ghost shall pass the Gate  
That leads to the home they fought for;  
And never a dream shall mar the sleep  
That followed their last endeavor,  
But the Night is long and the Silence deep  
Where the home road's barred forever.

In the wooded depths where the branches toss  
No mate shall hear their story;  
But mounds by mound—and cross by cross—  
Life's lost winds sing their glory;  
They gave their all—to the final debt—  
On down to the souls' last ember,  
And they will know if the clans forget—  
Or whether the clans remember!

YOUR LAST CHANCE—DO IT NOW.

THE REAL ECONOMIC  
VALUE OF THE WAR

Expert Declares That World Con-  
flict Taught Public to Beware of  
"Work and Money Fallacies."

By PROF. IRVING FISHER,  
(Famous Political Economist of Yale.)

One of the chief lessons of the war,  
both in Europe and America, is to  
compel attention to the fundamental  
factors of economic welfare.

The "save and serve" slogan used in  
appeals for subscriptions to Liberty  
Bonds illustrates this, as does the  
"goods and services" slogan in Eng-  
land. Both replaced the "business as  
usual" cry with which the war began.

The public learned to beware of  
many common economic fallacies such  
as that the way to pay for the war is  
to keep everybody at his usual job "so  
as to earn money" instead of diverting  
labor and capital to needed war work;  
or such as that we should spend so as  
to "keep business going and make  
money circulate" instead of save; or  
such as that we should limit output so  
as "to raise wages."

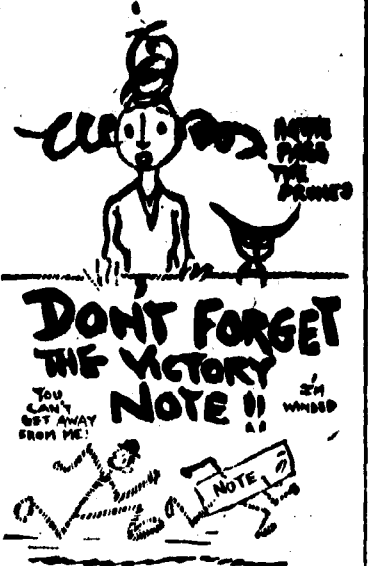

The British Labor Program actually  
repudiated the fallacious doctrine of  
limitation of output generally held by  
the trades unionists.

If workmen will really give up this  
fallacy completely they will thereby  
increase their real wages—in bread  
and butter, shoes and clothing, shelter  
and amusements, because, as a whole,  
they will be making more of these  
things which constitute real wages.

The eight hour day in good if it  
adds to leisure, lessens fatigue and in-  
creases product; but it is a delusion  
and a snare if it is used simply to  
lessen output and "make work."

The "make work fallacy" and the  
"money fallacies" are pitfalls to en-  
trap unwary workmen and betray the  
real economic interests of us all.

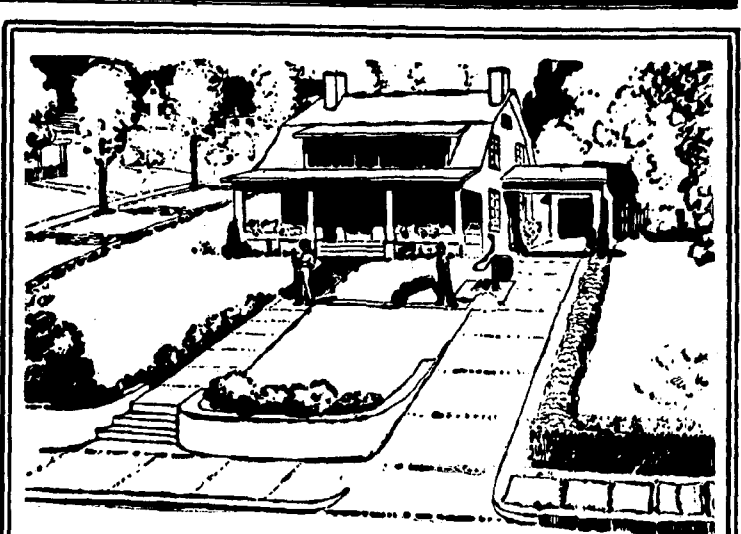

Has Victory Notes!

A LOAN OF PATRIOTISM.

"I may have put the Loan on a  
commercial basis, that I do not  
undertake to say. But this I do  
undertake to say, that it does  
not require a commercial loan to  
excite the patriotism of the  
American people."—Secretary  
Glass of the Treasury Depart-  
ment.

BUY VICTORY NOTES! THEY  
ARE CONSTRUCTIVE RECON-  
STRUCTION.

"Keep Off The Grass"

Such a disfiguring sign on your lawn  
would be unnecessary if, instead of that  
muddy path, you laid down a cement  
walk for pedestrians' use.

And the appearance of your entire prop-  
erty can be greatly improved at moder-  
ate cost by building driveways, steps,  
poreh floors and retaining walls of con-  
crete, with Atlas Portland cement.

We not only have the cement but can tell  
you how best to build with it—for you can  
do it yourself if you like. Just tell us  
how we can serve you.

SOUTH AMBOY, N. J.

Corsets are taxed if a luxury, not if a necessity. Soda water is taxed in a drug-store or candy shop, not in a restaurant. Dealers guilty of overcharging on account of a tax difficult to interpret may be fined \$1,000. The luxury tax is a good example of measures admirable in principle, but so difficult and costly to execute as to be of doubtful wisdom.—New York World.

#### BELGIUM NEAR RECOVERY.

It is encouraging to learn that Belgium is so far on the road to recovery as to make it possible for the Commission for Relief to suspend operations in that territory. The Belgian Government will now take over on its own account the provisioning and distribution of food supplies under a national system pending the restoration of local industry.

Since the beginning of the war over 5,000,000 tons of food, costing more than \$750,000,000, have been shipped by the Commission for Relief in Belgium. In addition to contributions passing through England, 950 full cargoes have been sent from the ports of this country. To-day the Port of Antwerp is open and its piers are crowded with traffic. Belgium is rapidly getting on its feet.

But the cessation of relief measures in Belgium will only give to the American Relief Administration, of which Mr. Hoover is Director General, fuller opportunity to direct its energies to succoring the stricken people of other parts of Europe to whom access is now possible. Their needs are pressing and no effort can be spared to save them from famine and destitution.—New York World.

#### JUNIOR BASEBALL TEAM.

The committee of management of the local Y. M. C. A. voted to form a junior baseball team for the season just starting. This will develop the younger material and furnish teams for the future.

Almost the entire High School squad will be out for it just as soon as the High School season is over. We hope to provide double headers on Saturdays to keep up the sporting instinct of the city. Just as soon as we can obtain a spell of dry weather from the weather man the Yard Field will be put into condition for the regular games.

There is no reason why South Amboy should not be represented by a strong Junior team on Saturday afternoon. This team will be uniformed.

#### ST. MARY'S BOY SCOUTS TO PLAY ORIOLE A. C. OF RAHWAY

On Sunday, May 11th, the St. Mary's Boy Scouts will cross bats with the Oriole A. C. of Rahway, on Whitehead's Field, which is near lovers' lane.

Although the Scouts have lost their first two games of the season they still have confidence in themselves and expect to come out on top before the close of the season.

The scouts have with them for this Sunday, Alphonsus Lyons, who is one of the best first basemen in South Amboy. Lyons played with the Scouts last season and played splendid ball. Stanton and Carroll will be on the mound while Keenan will be behind the bat; Segrave will cover 3rd, Manion 2nd, Lenahan ss., Moran rf., Fitzmorris cf., and Carroll lf. With this lineup the scouts will endeavor to put up a good game.

#### MRS. ANNIE L. CASEY.

Mrs. Annie L. Casey, wife of Robert A. Casey, departed this life on Monday morning last at 7 o'clock at the Memorial Hospital, Newark, at the age of 34 years.

Mrs. Casey had been complaining for some time and she was taken to the hospital to undergo an operation, but her weakened condition would not allow it at the time. In the meantime pneumonia took hold of her and caused her death. Besides a husband, two sons, Robert and Walter, survive her.

The funeral was held from St. Mary's Church at 9 o'clock on Wednesday morning, and was largely attended by relatives and friends. High mass of requiem was celebrated by Rev. Father Quinn, after which interment was made in the parish cemetery. Brothers of Mr. and the late Mrs. Casey acted as pall bearers. J. J. Scully was funeral director.

subscribe for The Citizen.

#### HIGHWAY COMMISSION ASKS FREEHOLDERS TO ACT

(Continued from Page One)  
Council next Tuesday evening, and take definite action on the matter, so that the Highway Commission can commence work on the improvement at once.

#### ODDS AND ENDS.

E. J. O'Connor is giving his Broadway property a new dress of paint.

"Mothers' Day" will be observed at the Baptist Church on Sunday. In the evening at 7.30 o'clock, Rev. George W. McCombe will take as his topic, "An Old-fashioned Mother."

Another case of reckless driving on the part of the Government employees at Morgan was brought to the attention of the police Thursday evening, when another automobile attempting to turn down John street was struck head on by a Government machine from Morgan which tried to pass the other car on the left hand side of the street. Fortunately no one was injured, but both machines were badly damaged. A few minutes later another of the same type machine was seen coming over Stevens avenue at rate of about forty miles an hour. Is it any wonder that they have all kinds of accidents? The people of South Amboy should have protection against this kind of driving and some one should take steps to stop it.

Israel Mount of the 18th Ordnance Casual Company arrived in this country on Tuesday and is now at Camp Upton awaiting his discharge.

On Wednesday evening a number of members of the South Amboy Council, K. of C., travelled to New Brunswick and there witnessed the exemplification of the Major Degree at the Columbia Hall of that city. The trip was made in automobiles. The Knights report a good time.

The Y. M. C. A. tennis courts are being put into shape and the tennis fans are beginning to appear regularly at the courts. In the near future it is expected that the St. Mary's court will be put into playing condition, and some good matches should be expected.

We extend thanks to First-class Private John Wortly, of 307th Field Artillery, Battery D, A. E. F., for copy of "The Flash" of April 10, 1919.

Mr. and Mrs. Charles Pearson of George street were made happy on Saturday last by the arrival of a charming young daughter at their home.

#### K. OF P. HALL SOLD.

Good Samaritan Lodge No. 52, K. of P., have entered into a contract for the sale of their hall on First street. The hall at present is being now conducted a factory on Gordon street. The hall as present is being used as an Armory by Company F.

#### MAY WIDEN ROAD.

Included in the plans to pave Pine avenue from Bordentown avenue to the county road at Morgan will be the widening of the road in front of the cemetery. This is an exceptionally bad spot at the present time and it is the hope of the commission to eliminate it. The double S curve will be eliminated and the trolley Y will be removed and from ten to twenty feet of property purchased along the road from the cemetery association.

The Freeholders are taking action toward having Bordentown avenue from Broadway to Stevens avenue paved. The upper section from Pine avenue to the city line will also be paved. From Stevens to Pine will be done by the State.

#### "THE HEART OF HUMANITY."

"The Heart of Humanity," Allen Holubar's super-production, will be shown at the Empire Theatre on Monday and Tuesday next. This picture features Dorothy Phillips, America's foremost emotional actress. In order to give all an opportunity to see this great picture that has won so much popularity, there will be two shows nightly, 7 and 9 p. m. Seats for this great production have been placed at 25 cents.

#### HOUSES WANTED.

Miss Sayre, of the W. C. C. S., is still giving assistance to the soldiers in regard to housing. Applications have been received for houses and apartments which rent from \$12 to \$25 dollars a month. Any information of such places may be sent to her at Room 10, Parison Building, where a list is kept on file.

A dance of the War Camp Community Service was held in Company F armory on Tuesday evening.

James Harkins of First street has purchased a Cadillac touring car.

#### SENATOR FRELINGHUYSEN ON STORING OF EXPLOSIVES

Senator Frelinghuysen is keeping the safety of his constituents uppermost in his mind, and therefore is in touch with the War Department in regard to storing explosive materials in this vicinity. Following is a copy of a letter recently sent by him to Benedict Crowell, acting secretary of war, Washington, D. C. The Honorable Benedict Crowell, Acting Secretary of War, Washington, D. C.

My dear Mr. Secretary: I have several times invited the attention of the War Department to certain vitally important conditions in my State, in which are involved the matter of life and death. I refer to the storage of high explosives on a large scale, at a number of plants belonging to or under the supervision of the War Department.

It is needless to dwell upon the "Black Tom" disaster, or the more recent one at the Morgan plant. Resulting from the latter, the destruction of property, public and private, was very great, but this was of minor importance compared with the distressing loss of life which ensued. Not only were eighty-seven persons killed outright, or so maimed that death ensued, but many, who were rendered homeless, and were compelled to remain without shelter for hours, improperly clad, died subsequently from exposure.

As a member of the Senate Committee which investigated the disaster, the horrible details of the affair were brought so clearly to my mind, that I should consider myself supremely derelict if I did not employ every endeavor to prevent any such catastrophe hereafter.

By reason to her proximity to the Port of New York, New Jersey, during the war, was more largely utilized than any other State, as the base for the establishment of munition plants and arsenals. While the War was on, and every citizen and every community was called upon to play its part, and take its share of risk, in the scheme of national defense, my constituents made no complaint over existing conditions. Now, however, that hostilities have been over for months, there is no legitimate reason why the citizens of New Jersey should be subjected to undue jeopardy from this cause.

As far back as December 4, 1918, the Secretary of War wrote me that the work of removing this dangerous material from New Jersey would be pushed to the limit. Nevertheless the menace still remains.

I have heretofore urged, and I now repeat the request, that every agency at the Government's command be employed to get rid of the vast quantity of explosives in the numerous plants in New Jersey where they are stored in such large quantities. I especially refer to those in Middlesex County, at the Morgan plant and at Raritan Arsenal, which are located in populous, congested communities, where the disaster to life and property would be widespread, should a similar accident to that of last October occur.

I emphatically protest, in behalf of my constituents, against any further delay in the removal of this menace to their peace of mind and to life itself. I beg to urge the highest measure of expedition in the direction indicated, and I will be glad to have prompt assurances at your hands that the War Department is leaving no stone unturned to accomplish the end desired. I will, moreover, be glad to have a detailed statement, especially as to the two plants specified, regarding the tonnage shipped out of the State each day, and the estimated length of time required to remove all the high explosives from said territory.

Your very truly,  
(Signed) J. S. Frelinghuysen,  
U. S. S.

#### UNCLAIMED LETTERS.

List of letters remaining in Post Office uncalled for the week ending May 10:

Mrs. Bertha Geant, Mr. and Mrs. James Farley, Mrs. Jesse E. Donnelly, D. Cullen, Mr. and Mrs. Orville Buckelew, Lewis Dowling, Jesse Bremer, Frank Prestlage, Hols Miles, Arthur Larson, J. D. Masden, Antonio Marando, Frangapine Gaetano, Raffae Petuso, Ciccarialle Bartolo, (2); Sous Leocoine, Peter Jensen, Arid Janson, Sgt. C. G. West, Toney Frakis, D. Ferguson, Thomas Clifford, Schr. A. M. Jagger, Thomas O'Leary.

These letters will be sent to the dead letter office in 30 days. When calling for the above letters please say "Advertised." J. W. REA, P. M.

#### CARD OF THANKS.

The undersigned takes this method of extending his thanks to all who rendered kind assistance during the illness and at the burial of his wife; also to those who sent floral pieces as tokens of love.

ROBERT A. CASEY.

#### The Patriotic Story of the LOAN

Tell it to the children  
who will profit by its thrift

Tell them how the First and the Second,  
the Third and the Fourth helped win the War. Tell  
them how the Fifth finished the work.

Tell them of the benefits derived from money safely invested—  
the way in which it works for them year after year until every  
cent has been returned.

They will learn the value of saving.

And then—show them the Bonds—all five of them!
