## SCHOOL BOARD TO FORCE ISSUE

Will Appeal to Commissioners of Education For Advice to Compel Common Council to Approve of Bond Issue for New School Building—Committees Appointed.

The Board of Education gave further evidence of a desire for the speedy erection of an entirely new building to replace the present condemned structure on George street at a special meeting held on Wednesday evening. A resolution was unanimously adopted appealing to the State Commissioner of Education in an endeavor to hurry along the issue of bonds, thus insuring the immediate start of the construction work.

The resolution above referred to was introduced by Mr. Mason and is as follows:

Whereas, The Board of Education of the City of South Amboy on November 24th, 1916, did adopt a resolution calling for the sum of \$85,000 for the erection and furnishing of a new school house, and

Whereas, The Board of School Estimate on December 1st, 1916, did adopt a resolution fixing the sum of \$85,000 as necessary for the erection and furnishing of a new school building, and

Whereas, A certificate setting forth the action taken by the Board of School Estimate in the matter of a bond issue was transmitted to the Common Council of the City of South Amboy under date of December 1st, 1916, and

Whereas, The Board of Education under date of January 5th, 1917, did communicate with the Common Council of the City of South Amboy, urging prompt action in the matter of a bond issue in the sum of \$85,000.00 for the erection and furnishing of a new school building, and

Whereas, The Board of Education under date of January 24th, 1917, adopted a resolution calling the attention of the Common Council to Section 83 (75) of the School Laws of 1914, which makes it mandatory upon the body having the power to make appropriations of money raised by tax, to cause the amount to be raised by tax or to borrow the same and secure its repayment by an issue of bonds, when the Board of School Estimate has fixed and determined the amount necessary for the erection of a school house, and

Whereas, The Common Council of the City of South Amboy has failed to take action in the matter of the bond issue in the question, be it

Resolved, That the Board of Education appeal to the Commissioner of Education as provided for in Section 15 (10) of the School Laws of 1914, and request that he advise as to further action to be taken in this matter.

Mr. Coan moved the adoption of the above resolution and it was unanimously adopted upon a roll call vote being taken. The matter will, therefore, go before the Commissioner of Education and it is expected that he will make an investigation of the matter and then hand down a decision to the Board of Education. There is no doubt in the minds of the Board members as to what the decision will be. In the event of the appeal to the Commissioner failing to bring forth action upon the part of the Council the next step which it will be necessary for the Board of Education to take along the lines of compulsory compliance with the demands of the Board of School Estimate on the part of the governing body would be recourse to the courts in mandamus proceedings.

The meeting was attended by the entire board with the exception of Mrs. A. R. Miller. The Superintendent of Schools and the Medical Inspector were also in attendance.

The president, Mr. Grace, appointed the various committees of the Board for the ensuing year as follows:

Buildings and Grounds—F. P. Coan, C. T. Mason, C. I. Bergen.  
Teachers and Instruction—C. T. Mason, Mrs. A. R. Miller, F. P. Coan.  
Books and Supplies—C. I. Bergen, P. Coan, Mrs. A. R. Miller.  
Finance—Mrs. A. R. Miller, C. I. n, C. T. Mason.

—Mrs. A. R. Miller, C. T. Mason.

tention and proper action. The motion carried unanimously.

Previous to adjournment being taken the new member, Mr. Bergen, asked several questions relative to the new school proposition, evidently to completely familiarize himself with the details of the matter so far as it had gone.

## Big Passenger Traffic on Raritan River R. R.

From time to time various railroads are publicly commented through the press for their record in transporting passengers from place to place without injury to any of the patrons so carried. The figures often-times mount to such heights that they are not really at all comprehensible to the average mind, the average mind being incapable of conceiving what a million, for instance, really is.

The figures in connection with the passengers business of the Raritan River Railroad for the year 1916 were given out on Thursday of this week. According to their statistics the railroad in question carried during the year a total of 1,511,133 passengers on the road. The number of passengers carried one mile amounts to 6,364,696. This record is unblemished by a single accident to a single passenger while on the trains of the company. The record, considering difference in mileages, trains, and other features entering into the matter, compares equally favorably with the record of even the largest of the large railroad systems of the United States. Figures on a basis of a fifty per passenger the returns for the passenger business for the year just past is at least \$75,556.65 or about seventy per cent. of what the road spent for new locomotives during the same period.

## MASQUERADE PARTY BY ST. MARTHA'S GUILD

On next Wednesday evening, in Christ Church Parish House, St. Martha's Guild will give a "Masquerade Party." Prizes are to be given to the ones who have the most unique costume. The hall will be decorated with hearts and valentines. The committee have issued the formal poetic announcement:

"In honor of St. Valentine,  
We are going to give a party;  
Our invitation's cordial,  
And your welcome will be hearty."

There will be games, music, dancing and simple refreshments. Each one is to have his or her fortune told. Admission will be only 15 cents, and the net profits, if any, will be turned over to the "Christ Churchyard Improvement Fund."

Mrs. C. S. Stults is chairman, and she is being assisted by the following women: Mrs. C. S. Parker, Mrs. W. A. Chapman, Mrs. C. H. Mack, Miss Charlotte Muirhead, Miss Mary Campbell, Mrs. Sigvard Emilussen, Mrs. S. T. Bastedo, Mrs. W. F. Hayes, Mrs. George Clarke, Miss Dora Fredericks and Miss Alice Van Sandt.

## COYNE—GERIGHTY.

On Thursday evening at five o'clock in St. Agatha's R. C. Church, West Fifty-ninth street, Brooklyn, Mrs. Bertha Gerighty of Brooklyn and Mr. John Coyne of this city were united in holy matrimony. Miss Alice Gunkel, a sister of the bride, was bridesmaid, and Mr. Frank Scully best man.

While no invitations were issued, a large number of friends of the bride attended the church to witness the ceremony, and sent the bride and groom on their journey with the usual shower of rice and confetti. After a honeymoon through the South, Mr. and Mrs. Coyne will take up housekeeping in Perth Amboy, where Mr. Coyne is manager of a large and growing business. Mrs. Coyne was formerly Bertha Gunkel of this city and has a host of friends both here and in Brooklyn.

The bride and groom received numerous telegrams of good wishes, and many beautiful presents.

## "HAM" LEWIS IS COMING

Will Be At The Testimonial Dinner To Congressman Scully Next Monday Night And Give An Address—Demand for Tickets So Large That Reservations Were Increased

The testimonial dinner to Hon. Thomas J. Scully which will be held in St. Mary's Hall next Monday night, Lincoln's Birthday, promises to be a most successful affair.

At first it was the intention to limit the reservation to 300, but the demand for seats has been so large that the committee has thought it best to increase the limit to 400, which is about all the hall can accommodate at table sittings. At the present time 335 tickets have been sold, and many requests to hold reservations have been received. It is not a political affair, and both Democrats and Republicans have secured seats. The idea is to make the occasion one of true friendship for Congressman Scully.

The committees in charge have completed all arrangements, and the indications are that the dinner will prove a most enjoyable one. The Hildebrecht Catering Company, of Trenton, will do the catering, and has had employees here during the week making the preliminary arrangements for serving the dinner.

Among the speakers of promise who have promised to be present are: United States Senator J. Ham Lewis, of Illinois; topic, "Citizenship" or "Lincoln."

Hon. James Thomas Hefflin, M. C., of Alabama; topic, "True Democracy." Hon. George Francis O'Shaunessy M. C., of Rhode Island; topic "United States."

The above are speakers of National reputation who will speak, but others of State, county and local fame will also enliven the event with brief talks. Assistant Prosecutor John A. Coan will be toastmaster, and he will prove, as usual, the right man in the right place.

The liberal demand for tickets has proven most gratifying to the committee in charge, and evinces the esteem in which Congressman Scully is held by the people of his district and home town.

## BIG SHOW AT EMPIRE THEATRE NEXT TUESDAY NIGHT

The anticipations are that next Tuesday night will be one of the biggest nights that the Empire Theatre has ever had. There will be one of the biggest vaudeville shows staged that the theatre has ever billed and the excellence of the show is guaranteed by the reputations of the performers.

The occasion is the benefit entertainment under the auspices of the British Isles Relief Association for the relief of disabled soldiers, and sailors of Great Britain and Ireland. Tickets have been on sale with various members and at the Union News Stand for some time. A big advance sale is reported and there is every evidence of a large audience being on hand to greet the actors.

In the last issue an outline of the history and intentions of the association was given. Tickets for the performance next Tuesday night may be had at the small sum of thirty-five cents each.

## BIRTHDAY PARTY.

Miss Helen Sullivan, of this city, entertained a number of friends at her home last Thursday evening in honor of her eleventh birthday. A happy evening was spent in playing games and having music by a new Victrola that was presented to her. Refreshments were served at 9.30 and in the centre of the table was a large birthday cake with eleven sparkling candles on it. The room was nicely decorated and made a very pretty affair. Many nice presents were received and departed at a her many hal day. Among the Misses Evelyn and Norma Casida

## Truex Post Unable to Provide For Cannon

Pretty much every town and city has a soldier's monument of some kind somewhere within its borders. A good many of them consist of a cannon or two mounted in a suitable place as a memorial to the brave lads that went away and failed to return. Congressman Scully endeavored to get some discarded cannon for this city and although he succeeded in having the cannon awarded to the local G. A. R. veterans it does not appear that the veterans will be able to take advantage of the generosity of the genial congressional representative.

The G. A. R. veterans held a meeting Wednesday afternoon and took action which tended toward the dropping of the matter. The Post was in receipt of a communication from G. S. Nitcher, of Governors Island, stating that he had authority to turn over two obsolete twelve pound bronze cannon to the order of Post Commander W. H. H. Dey. Some time ago the Post claims to have written to the Common Council soliciting aid in the mounting of the cannon and the selection of a suitable site for the mounting thereof. It is said that the council took no action upon the request of the veterans and they having no ground upon which to mount the guns nor funds with which to do the mounting decided to abandon the matter.

The Post officers for the ensuing year were installed as follows: Commander, W. H. H. Dey; senior vice commander, Frank Reeder; junior vice commander, Frank Lester; quartermaster, R. P. Mason, Sr.; chaplain, G. H. Seward; officer of the day, Aaron Stillwell; officers guard, Jacob Buckalew.

## The Apollo Quartet Gave Splendid Program

On Thursday evening the first of the course of Lyceum entertainments under the auspices of the Senior Class of the High School was given in the K. of P. Hall. The entertainers were The Apollo Male Quartet, of Newark. The quartet consisted of Messrs. J. Franklin Thomas, Lester A. Palmer, Roland F. Randolph, and Arthur G. Balcom, accompanied by Miss Mabel L. Baldwin. Their programme consisted of sacred, patriotic, reminiscent and devotion songs, plantation melodies, piano solos and operatic selections.

There was a small but appreciative audience in attendance upon the affair and the efforts of the entertainers met with round after round of applause. Basing expectations of the future entertainments upon the first one presented the holders of tickets for the entire course are due to get their dollar's worth and then some.

The next entertainment will be given on Tuesday evening, February 20th, in the K. of P. Hall. The feature of the evening on that date will be a lecture by Dr. Newell Dwight Hillis, a lecturer of national repute. A big treat is assured to all that go to hear the lecturer.

At least a majority of those in the audience Thursday night felt that they had gotten a full dollar's value out of the first entertainment alone, but it is now apparent that unless the sale of tickets continues in generous numbers the remainder of the course will necessarily have to be cancelled. It behooves all, therefore, to liberally patronize the future entertainments.

## MRS. ELIZABETH CUMMINGS.

Mrs. Elizabeth A. Cummings, a well known resident of this city, passed away at her home on Henry street, about ten o'clock Thursday morning. She was formerly Miss Elizabeth Rea and was in her fifty-third year at the time of her death.

Funeral services will be held at St. Mary's Church on Monday morning at nine o'clock. Interment will be made at Bridgeport, Conn. Undertaker J. J. Scully has charge of the arrangements.

The deceased was born and spent her life in this city. After her death in this city. After her death in this city. After her death in this city.

## NEW SCHOOL VS. CITY WATER

Impression Prevailing That Council Will Insist That City Water Must Be Given First Consideration if It Should Come to a Bond Issue—School Board Claims Priority.

When the Common Council holds its bi-weekly meeting next Tuesday it is expected that the City Solicitor will have a report ready for the body on the matter of the bond issue for the new school building, which was referred to him at the last meeting of that body. In view of the anxiety of the Board of Education to get the new structure under way and the reluctance on the part of the Common Council to incur the necessary expense to the taxpayers because of the delicacy of the water situation at the present time the result of a controversy along similar lines between the Board of Education and the Common Council of the City of Bridgeport may be of timely interest.

In the controversy above mentioned an appeal was taken to the Commissioner of Education and to the State Board of Education by the Board of Education. Their appeal was sustained in all cases and the final decision amounted to an order, in everything but the actual wording thereof, to the Council to provide the money requested by the Board of Education and approved of by the Board of School Estimate. There is a striking similarity all through the case to the situation now existing in this city. Especially so in view of the action taken by the local Board of Education at the special meeting of that body on Wednesday evening, at which time action was taken to appeal the matter to the State Commissioner of Education for action. This action, it is said, was taken as the result of an unofficial assurance that the Common Council did not intend to grant the bond issue of eighty-five thousand dollars for the new building that the board contemplates if there was any way of wiggling out of it.

In the case referred to the Board of Education requested the Board of School Estimate to approve of the sum of seventy-five thousand dollars for a new high school. The Board of School Estimate did approve of the amount and certified its approval to the Common Council. Notwithstanding that there was no apparent irregularity in the proceedings the Common Council resolutions to the effect that it was the opinion of that body that being responsible for the city finances and for the tax burdens placed upon the people, that they were entitled to have full and accurate knowledge of a situation which demanded an addition to the large annual school expenses. It is presumed that by the full and accurate knowledge of the situation the Council wanted to see plans, specifications, architects' certificates, etc., covering the proposed new structure. It is rumored that the Common Council of this city has decided upon requesting similar information from the Board of Education before they contemplate taking action upon the bond issue for the school.

In the decision handed down the Commissioner said: "It is evident from the above quotations that the City Council is mistaken as to its powers and duties with reference to the public schools. It appears to be under the impression that the Board of Education is a department of the city government and, therefore, subject to the supervision of the City Council. There are two classes of school districts, known respectively as City School Districts and Township, Incorporated Town and Borough School Districts. City School Districts are governed by the provisions contained in Article VI. of the School Law. \* \* \* the Board of Education is incorporated under Section 45 of the School Law, and is a municipal corporation separate and distinct from city government."

After going on to quote the law showing that the Common Council has no control over school monies and that whatever powers and duties it has in relation to the public schools are such as are conferred or imposed upon it by the School Law the decision goes on to quote as follows: "In the case of the Town Council of Melclair vs. the State Superintendent, 68, the Superintendent was when the

## Rivies Will Play Company H Team

When the Riversides tackle their old Monmouth County rivals, the crack Company H team of Asbury Park, this Friday night in the K. of P. Hall, local fans will get their first chance to see Jerry Harrigan, the latest addition to the Rivie ranks, in action. Harrigan, although known in Eastern basketball ranks as a guard, will likely be found at the center position, for Harold Evans, with his injured knee, is still unable to get into the game. Harrigan has been in the Rivie uniform a couple of times, but was not used before.

## Beat the Rivies in 1916.

Last year the Asbury Parkies, in defeating the Rivies at Asbury Park, achieved a double distinction. It was the first time in two years that the Rivies had been defeated on an out of town court, and the first time in four years that the Rivies, with their full regular lineup, had tasted defeat. Consequently, the Rivies, who are setting a wonderful record in the basketball arena this year, are mighty anxious to even up the score, and they are ready to put up a hard game to-night.

Company H. of Asbury Park, is considered the cream of the New Jersey State regiments. Although comparatively a new company, the seashore boys have repeatedly taken the highest honors for drilling and for marksmanship, and their basketball team, too, is without a doubt the best soldier quintet in the State. Captained by Lieutenant Gordon Knapp, the "H" team will send on the floor Wylie, Farry, Sanderson, Gracey and Knerim. Knerim is a crackerjack guard—one of the shooting variety. He almost invariably holds his man scoreless and usually hangs up five or ten baskets.

The Rivies are booked to play in Asbury Park on March 17, and again on April 14, the date of the big Monmouth county benefit game and the closing game of the basketball season. When the Rivies go to the seashore they will remain over Saturday and Sunday as the guests of the soldier boys.

## Harrigan Has Big "Rep."

Harrigan, who has been endeavoring to land a job with the Rivies since the start of the season, has been rated by Sam Crane and Tom Thorp, two of the New York Journal sporting writers, as one of the professional stars of the East. He has discontinued playing with the Carbondale (Pa.) team of the Inter State League so that he may be with the Rivies on Friday nights. By playing with the Rivies he will not have to do so much traveling. Before coming here Harrigan was acquainted with some of the Riverside boys. He camps during the summer at the Highlands, where he met Scott Burns.

Harrigan has played with the Montclair Holy Name Five, the Elizabeth team of the Inter State League, the Bayonne Points, and the Bay View Wheelmen.

There will be no preliminary to to-night's game, giving the patrons of the game an opportunity to enjoy more dancing than last week's game afforded. While a big crowd is expected, there will not be as large attendance as at last Friday's game, and so everyone will get an opportunity to see the big attraction.

## THE INCOME TAX.

A systematic canvass of the eleven northern counties of New Jersey, comprising the 5th Internal Revenue District of New Jersey, Charles V. Duffy, Collector, is under way. The purpose of the canvass is to round up all persons who should file income tax returns.

The new Income Tax Law allows an exemption of \$3,000.00 to a single man, and \$4,000.00 to a married man, or the head of a family. The fact that net income is less than the specific exemption does not relieve one of the obligation to file a return.

The Income Tax Law specifically requires the filing of a return when the net income is \$3,000.00 or more.

Many persons have found that their failure to file a return resulted in a fine although there was no tax due on their incomes.

Many tradesmen figure their business on a cash basis without regard to sales and inventories, while a proper accounting of sales and cost of goods with due regard to inventory beginning and end of year would bring them under the scope of taxpayer. Many professional men who are lax in keeping books are given over to the cash basis idea of figuring net income, namely, a service is rendered and no payment is made for same. The professional man keeps account of the cash received and also charges against this his bad accounts when, in order to get credit for his bad debts he should have included the same in gross income. Others who are lax in keeping books figure only on the amount of cash received and disregard the amount of business done during the year.

The withholding at the source has been very effective in locating delinquent individuals. Every person, firm or corporation paying an individual \$3,000.00 or more for wages, salary, rents or interest is required to report same on U. S. Treasury Form 1042, showing the name and address and amount paid.

Persons having incomes of \$3,000.00 or more are the ones being sought after by the Revenue Agents making the canvass. When a delinquent with an income of \$3,000.00 fails to file a return, he is proceeded against.

Where the U. S. Government is put to an expense in rounding up delinquent income tax payers, there is small likelihood of said delinquent receiving much consideration.

The voluntary rendering of a return by a delinquent, of course, would be treated more leniently if the delinquent appeared before the Collector and produced evidence that there was no intent to defraud the U. S. Government.

The fact that some have temporarily escaped paying income taxes during the few years the law is in force is no guarantee that they can continue to escape the payments.

Persons who are required to file an income tax return may be penalized for every year of their delinquency, as the Income Tax Law became effective March 1, 1913.

Income Tax Agent H. F. Smith, will be at the Post Office building, New Brunswick, on Tuesdays, February 6th, 13th, 20th and 27th, to give any and all information regarding Income Tax and Internal Revenue Laws.

## News Items Briefly Mentioned for Quick Reading.

## Funeral of George McDowell.

The funeral of George McDowell, seventy-three years old, who died Wednesday was held Saturday from the Union Valley Methodist Church. Burial was in Cedar Hill Cemetery, Hightstown. Mr. McDowell for half a century had been a justice of the peace. He served as member and president of the Township Board of Education and chairman of the Township Committee. His wife, a daughter, two sisters and two brothers survive.

## Standard, Bayonne, Adds 300.

The Standard Oil Company added 300 guards to its plant at Bayonne Sunday night, and its action was followed quickly by similar increases at the Tidewater Oil Company.

Both companies have many large tanks of naphtha, benzene, gasoline and kerosene from which ships are loaded for the Entente Allies. There are three vessels now loading at the Standard Oil plant.

Many guards were placed about the plants of the International Nickel Company, the Babcock & Wilcox Co., makers of boilers, and the Electric Launch Company.

## Munition Plants Doubly Guarded.

Extra precautions have been taken by the munition plants in this county. Each of the three plants, the Nixon Nitration Works at Millville, Union Powder Works at Gillespie and the R. I. du Pont de Nemours & Co. plant at Parlin, have increased the guard, having fifteen men each in reserve. Double guards have been placed at the gates to the plants. The armory of Company H, Second New Jersey Infantry, at New Brunswick has been placed under guard, four armed men taking turns in doing picket duty.

## Ballot Recounters Get \$10 a Day.

Justice, Samuel Kallisch has fixed the compensation to be received by the election officers of the county boards in Middlesex, Monmouth and Ocean counties who conducted the recent recount of the ballots in the Scully-Carson election contest at \$10 a day each. The Middlesex County Board of Election was in session thirty-two days, so that the recount, with the fees for the stenographer and other expenses, will cost Middlesex County \$1,500.

## Bill Appropriating \$100,000 For Guard Passes Senate.

As a precautionary measure the New Jersey Senate on Tuesday rushed through to final passage, under suspension of rules, a bill appropriating \$100,000 to cover the expense of the National Guard and Naval Reserve forces of the state to safeguard state property. At the same time a resolution was adopted adjourning the Senate from day to day until Monday night, so that at a moment's notice the legislators could be brought together to take whatever action any emergency might demand.

## Work on \$1,000,000 Factory of Westinghouse Is Begun.

Excavation work has been started for the \$1,000,000 factory to be erected at Pennington avenue and the Philadelphia & Reading Railroad, Trenton, by the Westinghouse Lamp Company. The building will be of reinforced concrete, four stories in height, and cover a plot 80x500 feet. The plant will have a floor space of 200,000 square feet. The company owns a five-acre tract at the site adjoining the railroad.

About 500 persons will be employed when the factory is completed next fall. The estimated daily output of the plant will be 50,000 lamps. The company has four other plants, Bloomfield, Milwaukee and two in New York. It is a subsidiary concern of the Westinghouse Electric & Manufacturing Co., which recently announced its plans for the construction of a new group of buildings at Essington, Pa., which will cost \$7,000,000.

## Carnegie Gives \$80,000 for Long Branch Library.

Mayor Marshall Woolley, head of the Free Library at Long Branch, has received word that the Carnegie Corporation at a meeting in New York last Saturday had allotted \$80,000 to be used in the erection of a library building in the Slocum lot

adjoining city hall. The gift is \$5,000 more than was expected. The old Slocum homestead will be raised at once. The books now in use will be added to the new library.

## Judgment Against Motor Vehicle Inspector.

Judgment for \$500 against State Motor Vehicle Inspector William H. Havens of Trenton was returned by a jury before Judge Nelson Y. Dungan in the Circuit Court at Freehold on Tuesday at the suit of Joseph Wain of Davis Station, who sued for \$1,100 damages to his automobile and injuries to his wife and nine-year-old daughter, Isabelle, when the inspector's car collided with the Wain machine on the Yardville-Allen-town road the night of July 4 last.

Inspector Havens contended that the accident was due to the negligence of Mr. Wain in turning too far to the left after meeting and passing a car driven by Theodore Tams of Trenton. This contention was upheld by Mr. Tams and Miss Ruth Donaldson, who was riding in the Tams car ahead, also by Richard P. Stockton, state commissioner of charities and corrections.

## "THE WANDERER" SCORES A TRIUMPH IN NEW YORK

"The Wanderer," the great big Biblical pageant and drama which was produced last week at the Manhattan Opera House in New York, has proven the biggest sensation in years, and crowds are flocking to the mammoth playhouse in West 34th street. This story of the Biblical parable of the prodigal son is one of the greatest stage productions in recent years. It follows the story in the Bible closely, but full advantage is taken of the great opportunities for scenic and pictorial display in the second act showing the young boy wasting his money and his substance in riotous living in wicked Jerusalem of three thousand years ago. This scene, showing the 'evil friends and gorgeous surroundings of a resort of pleasure in Jerusalem, has been much talked of since the first performance. In this scene there is a gorgeous ballet of ninety girls, attired in the Oriental costumes of the period. In the first act, showing the home of Jether in Judea, there is a flock of 120 sheep together with many other domestic animals who lend color and atmosphere to the scene.

The big cast seen in "The Wanderer" contains many notable stars chief among them being Nance O'Neil as the mother; James O'Neil as the father; William Elliott as the son; Charles Dalton as the elder brother; Florence Reed as a siren of Jerusalem; Janet Dunbar as the boy's sweetheart; Beverly Sitgreaves as the keeper of a house in Jerusalem; Pedro de Cordoba as the Prophet; and many others.

A bargain matinee is given every Wednesday, when the best seats are only \$1, and in spite of the enormous production and the big cast engaged, the scale of prices for this play ranges only to \$1.50 for the best seats.

## HIGH SCHOOL MENTIONINGS

The first number of the Lyceum Course, given under the auspices of the Senior Class, the Apollo Male Quartet of Newark, was a decided success. The Knights of Pythias Hall, which was used for this entertainment was well filled, and the excellent program rendered was highly appreciated by the audience. The class is much gratified with the result of this their first attempt on such a large scale. This success is greatly due to the assistance rendered by the members of the Woman's Club, who so generously aided the class in placing before the public such a splendid series of entertainments as is planned in the course. The second entertainment will be on Tuesday, February 20, when Dr. Dwight N. Hillis, of Brooklyn, N. Y., will deliver a lecture. This lecture should not be missed by any one, as it will prove a rare intellectual treat such as is not always obtained.

Who is the Junior who wears chrocheted over-shoes?

Fresh: "S'matter, bloody nose?" Senior: "No! I'm trying to see if I can do this without spilling my collar."

Seems as though the boy's basketball team suddenly came to life; that is if one can judge by appearances. Last Thursday afternoon, February first, they choose to exhibit their prowess to the boys from Keyport H. S., and having so chosen they executed their desire by only 25, 17.

has among its members several of the feathered tribe. No gentle reader, we do not mean chickens but birds. One may hear them singing at almost any time of the day. It is sort of an encouragement, or it should be, to the Freshmen. A well known writer has said; "Give me the man who sings at his work." That ought to be the motto of every freshman, or for that matter, of every high school student. Mental good cheer above all else is necessary for efficient work. The Freshies would do well in following the example of the cheery sparrow, persecuted by cold, rain, hunger and vicious boys, singing withal; and in adopting that good old fashioned motto above any Latin or Greek one that ever was "Invented."

The Senior Class appreciates the action taken by the VanCleve Men's Association of the First Presbyterian Church, in postponing their regular monthly meeting to a later date, in order not to interfere with the entertainment in the K. of P. Hall.

Last Friday afternoon a special meeting was held by the pupils of the Freshman Class for the purpose of sending Mr. Howard King a bouquet of carnations. He has been ill for some time but is now improving rapidly. He is greatly missed by the Freshmen, and they hope that he may soon rejoin them.

The monthly meeting of the Freshman Class was held last Wednesday afternoon. The resignation of Mr. Roy Bennett, our treasurer, was accepted. Mr. Francis McCarthy was then elected by a majority vote.

Miss Helen Kwilinski, Miss Anna Hickey and Mr. Carl Emmons were then appointed by the president, Miss Helen Crow, for the purpose of requesting the chairmen for a class motto and flower.

## BOY SCOUT DOINGS.

## Troop No. 1.

On Thursday, February 8, the Boy Scout organization is seven years of age. The anniversary week of this organization begins on that day and continues until the following Thursday. On every day of that week there is a program for each scout to carry out. In the United States there are one thousand and thirty-four troops of Boy Scouts of America.

The meeting on Monday evening was attended by a goodly number of scouts. It was opened with the salute of the flag. The minutes were then read and accepted. A report on sickness was then read. The roll of honor or the demerits given to each scout for his conduct were read next and no scout was found subject to fine for the month of January.

The program for the anniversary week was read to the scouts by the scoutmaster. He then made a short address to the scouts explaining the program. The roll call was then read.

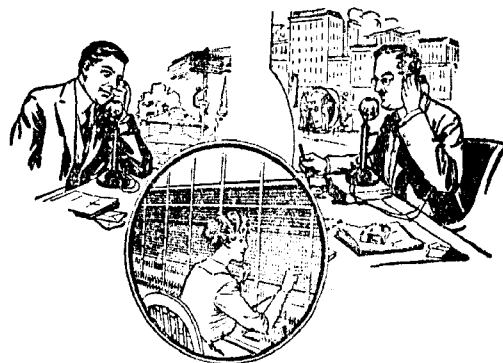

Some equipment is to be purchased for the gun class as soon as possible.

Two examinations were given to the scouts.

"Don't forget to do a good turn."

## THE MONOPOLY SCOUNDRELS.

Stories of wanton destruction of foodstuffs by monopolists to maintain the prevailing high prices come from various parts of the country. Such manipulators are in the same moral category as pirates and highway robbers and ought to be treated the same way. According to a South Whitley, Ind., paper a farmer near that place sold seven car loads of pumpkins to a stranger who paid him cash, but left the pumpkins to rot in the field, to reduce the supply, that would have tendency to lower the price to consumers. Similar stories of wanton waste of apples, potatoes and other produce have been sent out from the same region. Near Peoria, Ill., 20 car loads of potatoes were dumped into a river to prevent a slump in the market, and as already widely published about 40,000,000 dozen eggs were held in cold storage at Chicago to boost prices. At Boston and San Francisco fish speculators dump whole cargoes into the ocean when market prices sufficiently. peaches by the dumped into the outrageous pur on this method that in China

## Thrift Pays the Bills

This world is full of bills. The grocer sends them, the butcher, the baker, the coal man, the ice man and the tailor.

To some people bills mean worry and unhappiness. To others who practice Thrift, who spend less than they earn and regularly save a stated sum, bills have no terror.

Is it not better to have dollar bills in the bank than dunning bills in the mail-box?

## SCHOOL BOARD TO FORCE ISSUE

Will Appeal to Commissioners of Education For Advice to Compel Common Council to Approve of Bond Issue for New School Building—Committees Appointed.

The Board of Education gave further evidence of a desire for the speedy erection of an entirely new building to replace the present condemned structure on George street at a special meeting held on Wednesday evening. A resolution was unanimously adopted appealing to the State Commissioner of Education in an endeavor to hurry along the issue of bonds, thus insuring the immediate start of the construction work.

The resolution above referred to was introduced by Mr. Mason and is as follows:

Whereas, The Board of Education of the City of South Amboy on November 24th, 1916, did adopt a resolution calling for the sum of \$85,000 for the erection and furnishing of a new school house, and

Whereas, The Board of School Estimate on December 1st, 1916, did adopt a resolution fixing the sum of \$85,000 as necessary for the erection and furnishing of a new school building, and

Whereas, A certificate setting forth the action taken by the Board of School Estimate in the matter of a bond issue was transmitted to the Common Council of the City of South Amboy under date of December 1st, 1916, and

Whereas, The Board of Education under date of January 5th, 1917, did communicate with the Common Council of the City of South Amboy, urging prompt action in the matter of a bond issue in the sum of \$85,000 for the erection and furnishing of a new school building, and

Whereas, The Board of Education under date of January 24th, 1917, adopted a resolution calling the attention of the Common Council to Section 83 (75) of the School Laws of 1914, which makes it mandatory upon the body having the power to make appropriations of money raised by tax, to cause the amount to be raised by tax or to borrow the same and secure its repayment by an issue of bonds, when the Board of School Estimate has fixed and determined the amount necessary for the erection of a school house, and

Whereas, The Common Council of the City of South Amboy has failed to take action in the matter of the bond issue in the question, be it

Resolved, That the Board of Education appeal to the Commissioner of Education as provided for in Section 15 (10) of the School Laws of 1914, and request that he advise as to further action to be taken in this matter.

Mr. Coan moved the adoption of the above resolution and it was unanimously adopted upon a roll call vote being taken. The matter will, therefore, go before the Commissioner of Education and it is expected that he will make an investigation of the matter and then hand down a decision to the Board of Education. There is no doubt in the minds of the Board members as to what the decision will be. In the event of the appeal to the Commissioner failing to bring forth action upon the part of the Council the next step which it will be necessary for the Board of Education to take along the lines of compulsory compliance with the demands of the Board of School Estimate on the part of the governing body would be recourse to the courts in mandamus proceedings.

The meeting was attended by the entire board with the exception of Mrs. A. R. Miller. The Superintendent of Schools and the Medical Inspector were also in attendance.

The president, Mr. Grace, appointed the various committees of the Board for the ensuing year as follows:

Buildings and Grounds—F. P. Coan, C. T. Mason, C. I. Bergen.  
Teachers and Instruction—C. T. Mason, Mrs. A. R. Miller, F. P. Coan.  
Books and Supplies—C. I. Bergen, P. Coan, Mrs. A. R. Miller.  
Finance—Mrs. A. R. Miller, C. I. Mason, C. T. Mason.  
—Mrs. A. R. Miller, C. T. Mason.

tention and proper action. The motion carried unanimously.

Previous to adjournment being taken the new member, Mr. Bergen, asked several questions relative to the new school proposition, evidently to completely familiarize himself with the details of the matter so far as it had gone.

## Big Passenger Traffic on Raritan River R. R.

From time to time various railroads are publicly commented through the press for their record in transporting passengers from place to place without injury to any of the patrons so carried. The figures often times mount to such heights that they are not really at all comprehensible to the average mind, the average mind being incapable of conceiving what a million, for instance, really is.

The figures in connection with the passengers business of the Raritan River Railroad for the year 1916 were given out on Thursday of this week. According to their statistics the railroad in question carried during the year a total of 1,511,133 passengers on the road. The number of passengers carried one mile amounts to 6,364,696. This record is unblemished by a single accident to a single passenger while on the trains of the company. The record, considering difference in mileages, trains, and other features entering into the matter, compares equally favorably with the record of even the largest of the large railroad systems of the United States. Figures on a basis of a fifty per passenger the returns for the passenger business for the year just past is at least \$75,556.65 or about seventy per cent. of what the road spent for new locomotives during the same period.

## MASQUERADE PARTY BY

### ST. MARTHA'S GUILD

On next Wednesday evening, in Christ Church Parish House, St. Martha's Guild will give a "Masquerade Party." Prizes are to be given to the ones who have the most unique costume. The hall will be decorated with hearts and valentines. The committee have issued the formal poetic announcement:

"In honor of St. Valentine,  
We are going to give a party;  
Our invitation's cordial,  
And your welcome will be hearty."

There will be games, music, dancing and simple refreshments. Each one is to have his or her fortune told. Admission will be only 15 cents, and the net profits, if any, will be turned over to the "Christ Churchyard Improvement Fund."

Mrs. C. S. Stults is chairman, and she is being assisted by the following women: Mrs. C. S. Parker, Mrs. W. A. Chapman, Mrs. C. H. Mack, Miss Charlotte Mulrhead, Miss Mary Campbell, Mrs. Sigvard Emilussen, Mrs. S. T. Bastedo, Mrs. W. F. Hayes, Mrs. George Clarke, Miss Dora Fredericks and Miss Alice Van Sandt.

## COYNE—GERIGHTY.

On Thursday evening at five o'clock in St. Agatha's R. C. Church, West Fifty-ninth street, Brooklyn, Mrs. Bertha Gerighty of Brooklyn and Mr. John Coyne of this city were united in holy matrimony. Miss Alice Gunkel, a sister of the bride, was bridesmaid, and Mr. Frank Scully best man.

While no invitations were issued, a large number of friends of the bride attended the church to witness the ceremony, and sent the bride and groom on their journey with the usual shower of rice and confetti. After a honeymoon through the South, Mr. and Mrs. Coyne will take up housekeeping in Perth Amboy, where Mr. Coyne is manager of a large and growing business. Mrs. Coyne was formerly Bertha Gunkel of this city and has a host of friends both here and in Brooklyn. The bride and groom received numerous telegrams of good wishes, and many beautiful presents.

## "HAM" LEWIS IS COMING

Will Be At The Testimonial Dinner To Congressman Scully Next Monday Night And Give An Address—Demand for Tickets So Large That Reservations Were Increased

The testimonial dinner to Hon. Thomas J. Scully which will be held in St. Mary's Hall next Monday night, Lincoln's Birthday, promises to be a most successful affair.

At first it was the intention to limit the reservation to 300, but the demand for seats has been so large that the committee has thought it best to increase the limit to 400, which is about all the hall can accommodate at table sittings. At the present time 335 tickets have been sold, and many requests to hold reservations have been received. It is not a political affair, and both Democrats and Republicans have secured seats. The idea is to make the occasion one of true friendship for Congressman Scully.

The committees in charge have completed all arrangements, and the indications are that the dinner will prove a most enjoyable one. The Hildebrecht Catering Company, of Trenton, will do the catering, and has had employees here during the week making the preliminary arrangements for serving the dinner.

Among the speakers of prominence who have promised to be present are: United States Senator J. Ham Lewis, of Illinois; topic, "Citizenship" or "Lincoln."

Hon. James Thomas Heflin, M. C. of Alabama; topic, "True Democracy."

Hon. George Francis O'Shaunessy M. C. of Rhode Island; topic "United States."

The above are speakers of National reputation who will speak, but others of State, county and local fame will also enliven the event with brief talks. Assistant Prosecutor John A. Coan will be toastmaster, and he will prove, as usual, the right man in the right place.

The liberal demand for tickets has proven most gratifying to the committee in charge, and evinces the esteem in which Congressman Scully is held by the people of his district and home town.

## BIG SHOW AT EMPIRE THEATRE NEXT TUESDAY NIGHT

The anticipations are that next Tuesday night will be one of the biggest nights that the Empire Theatre has ever had. There will be one of the biggest vaudeville shows staged that the theatre has ever billed and the excellence of the show is guaranteed by the reputations of the performers.

The occasion is the benefit entertainment under the auspices of the British Isles Relief Association for the relief of disabled soldiers and sailors of Great Britain and Ireland. Tickets have been on sale with various members and at the Union News Stand for some time. A big advance sale is reported and there is every evidence of a large audience being on hand to greet the actors.

In the last issue an outline of the history and intentions of the association was given. Tickets for the performance next Tuesday night may be had at the small sum of thirty-five cents each.

## BIRTHDAY PARTY.

Miss Helen Sullivan, of this city, entertained a number of friends at her home last Thursday evening in honor of her eleventh birthday. A happy evening was spent in playing games and having music by a new Victrola that was presented to her. Refreshments were served at 9.30 and in the centre of the table was a large birthday cake with eleven sparkling candles on it. The room was nicely decorated and made a very pretty affair. Many nice presents were received and many nice party departed at an early hour. Among the guests were Misses Evelyn B. Norman and Cassidy.

## Truex Post Unable to Provide For Cannon

Pretty much every town and city has a soldier's monument of some kind somewhere within its borders. A good many of them consist of a cannon or two mounted in a suitable place as a memorial to the brave lads that went away and failed to return. Congressman Scully endeavored to get some discarded cannon for this city and although he succeeded in having the cannon awarded to the local G. A. R. veterans it does not appear that the veterans will be able to take advantage of the generosity of the genial congressional representative.

The G. A. R. veterans held a meeting Wednesday afternoon and took action which tended toward the dropping of the matter. The Post was in receipt of a communication from G. S. Nitchon, of Governors Island, stating that he had authority to turn over two obsolete twelve pound bronze cannon to the order of Post Commander W. H. H. Dey. Some time ago the Post claims to have written to the Common Council soliciting aid in the mounting of the cannon and the selection of a suitable site for the mounting thereof. It is said that the council took no action upon the request of the veterans and they having no ground upon which to mount the guns nor funds with which to do the mounting decided to abandon the matter.

The Post officers for the ensuing year were installed as follows: Commander, W. H. H. Dey; senior vice commander, Frank Reeder; junior vice commander, Frank Lester; quartermaster, R. P. Mason, Sr.; chaplain, G. H. Seward; officer of the day, Aaron Stillwell; officers guard, Jacob Buckalew.

## The Apollo Quartet Gave Splendid Program

On Thursday evening the first of the course of Lyceum entertainments under the auspices of the Senior Class of the High School was given in the K. of P. Hall. The entertainers were The Apollo Male Quartet, of Newark. The quartet consisted of Messrs. J. Franklin Thomas, Lester A. Palmer, Roland F. Randolph, and Arthur G. Balcom, accompanied by Miss Mabel L. Baldwin. Their programme consisted of sacred, patriotic, reminiscent and devotion songs, plantation melodies, piano solos and operatic selections.

There was a small but appreciative audience in attendance upon the affair and the efforts of the entertainers met with round after round of applause. Basing expectations of the future entertainments upon the first one presented the holders of tickets for the entire course are due to get their dollar's worth and then some.

The next entertainment will be given on Tuesday evening, February 20th, in the K. of P. Hall. The feature of the evening on that date will be a lecture by Dr. Newell Dwight Hillis, a lecturer of national repute. A big treat is assured to all that go to hear the lecturer.

At least a majority of those in the audience Thursday night felt that they had gotten a full dollar's value out of the first entertainment alone, but it is now apparent that unless the sale of tickets continues in generous numbers the remainder of the course will necessarily have to be cancelled. It behooves all, therefore, to liberally patronize the future entertainments.

## MRS. ELIZABETH CUMMINGS.

Mrs. Elizabeth A. Cummings, a well known resident of this city, passed away at her home on Henry street, about ten o'clock Thursday morning. She was formerly Miss Elizabeth Rea and was in her fifty-third year at the time of her death.

Funeral services will be held at St. Mary's Church on Monday morning at nine o'clock. Interment will be made at Bridgeport, Conn. Undertaker J. J. Scully has charge of the arrangements.

The deceased was born and spent her childhood in this city. After her death she was buried at Bridgeport, Conn. The death was due to a long illness.

## NEW SCHOOL VS. CITY WATER

Impression Prevailing That Council Will Insist That City Water Must Be Given First Consideration if It Should Come to a Bond Issue—School Board Claims Priority.

When the Common Council holds its bi-weekly meeting next Tuesday it is expected that the City Solicitor will have a report ready for the body on the matter of the bond issue for the new school building, which was referred to him at the last meeting of that body. In view of the anxiety of the Board of Education to get the new structure under way and the reluctance on the part of the Common Council to incur the necessary expense to the taxpayers because of the delicacy of the water situation at the present time the result of a controversy along similar lines between the Board of Education and the Common Council of the City of Bridgeton may be of timely interest.

In the controversy above mentioned an appeal was taken to the Commissioner of Education and to the State Board of Education by the Board of Education. Their appeal was sustained in all cases and the final decision amounted to an order, in everything but the actual wording thereof, to the Council to provide the money requested by the Board of Education and approved of by the Board of School Estimate. There is a striking similarity all through the case to the situation now existing in this city. Especially so in view of the action taken by the local Board of Education at the special meeting of that body on Wednesday evening, at which time action was taken to appeal the matter to the State Commissioner of Education for action. This action, it is said, was taken as the result of an unofficial assurance that the Common Council did not intend to grant the bond issue of eighty-five thousand dollars for the new building that the board contemplates if there was any way of wiggling out of it.

In the case referred to the Board of Education requested the Board of School Estimate to approve of the sum of seventy-five thousand dollars for a new high school. The Board of School Estimate did approve of the amount and certified its approval to the Common Council. Notwithstanding that there was no apparent irregularity in the proceedings the Common Council resolutions to the effect that it was the opinion of that body that being responsible for the city finances and for the tax burdens placed upon the people, that they were entitled to have full and accurate knowledge of a situation which demanded an addition to the large annual school expenses. It is presumed that by the full and accurate knowledge of the situation the Council of this city has decided upon requesting similar information from the Board of Education before they contemplate taking action upon the bond issue for the school.

In the decision handed down the Commissioner said: "It is evident from the above quotations that the City Council is mistaken as to its powers and duties with reference to the public schools. It appears to be under the impression that the Board of Education is a department of the city government and, therefore, subject to the supervision of the City Council. There are two classes of school districts, known respectively as City School Districts and Township School Districts. City School Districts are governed by the provisions contained in Article VI. of the School Law. \* \* \* the Board of Education is incorporated under Section 45 of the School Law, and is a municipal corporation separate and distinct from city government."

After going on to quote the law showing that the Common Council has no control over school money and that whatever powers and duties it has in relation to the public schools are such as are conferred or imposed upon it by the School Law the decision goes on to quote as follows: "In the case of the Town Council of Bridgeton vs. the State Board of Education, 68, the Supreme Court when the

## Rivies Will Play Company H Team

When the Riversides tackle their old Monmouth County rivals, the crack Company H team of Asbury Park, this Friday night in the K. of P. Hall, local fans will get their first chance to see Jerry Harrigan, the latest addition to the Rivie ranks, in action. Harrigan, although known in Eastern basketball ranks as a guard, will likely be found at the center position, for Harold Evans, with his injured knee, is still unable to get into the game. Harrigan has been in the Rivie uniform a couple of times, but was not used before.

## Beat the Rivies in 1916.

Last year the Asbury Parkites, in defeating the Rivies at Asbury Park, achieved a double distinction. It was the first time in two years that the Rivies had been defeated on an out of town court, and the first time in four years that the Rivies, with their full regular lineup, had tasted defeat. Consequently, the Rivies, who are setting a wonderful record in the basketball arena this year, are mighty anxious to even up the score, and they are ready to put up a hard game to-night.

Company H, of Asbury Park, is considered the cream of the New Jersey State regiments. Although comparatively a new company, the seashore boys have repeatedly taken the highest honors for drilling and for marksmanship, and their basketball team, too, is without a doubt the best soldier quintet in the State. Captained by Lieutenant Gordon Knapp, the "H" team will send on the floor Wyllie, Farry, Sanderson, Gracey and Knierim. Knierim is a crackerjack guard—one of the shooting variety. He almost invariably holds his man scoreless and usually hangs up five or ten baskets.

The Rivies are booked to play in Asbury Park on March 17, and again on April 14, the date of the big Monmouth county benefit game and the closing game of the basketball season. When the Rivies go to the seashore they will remain over Saturday and Sunday as the guests of the soldier boys.

## Harrigan Has Big "Rep."

Harrigan, who has been endeavoring to land a job with the Rivies since the start of the season, has been rated by Sam Crane and Tom Thorp, two of the New York Journal sporting writers, as one of the professional stars of the East. He has discontinued playing with the Carbondale (Pa.) team of the Inter State League so that he may be with the Rivies on Friday nights. By playing with the Rivies he will not have to do so much traveling. Before coming here Harrigan was acquainted with some of the Riverside boys. He camps during the summer at the Highlands, where he met Scott Burns.

Harrigan has played with the Montclair Holy Name Five, the Elizabeth team of the Inter State League, the Bayonne Points, and the Bay View Wheelmen.

There will be no preliminary to to-night's game, giving the patrons of the game an opportunity to enjoy more dancing than last week's game afforded. While a big crowd is expected, there will not be as large attendance as at last Friday's game, and so everyone will get an opportunity to see the big attraction.

## TEXT OF PRESIDENT WILSON'S ADDRESS BEFORE CONGRESS ON BREAK WITH GERMANY

The severance of diplomatic relations with Germany was formally announced to the country and the world by President Wilson, at a joint session of Congress, at 2 o'clock on Saturday, February 3, 1917. The President said:

"Gentlemen of the Congress: 'The Imperial German Government, on the thirty-first of January, announced to this Government and to the governments of the other neutral nations that on and after the first day of February, the present month, it would adopt a policy with regard to the use of submarines against all shipping seeking to pass through certain designated areas of the high seas, to which it is clearly my duty to call your attention.

"Let me remind the Congress on the 8th of April last, in view of the sinking on the 24th of March of the cross-channel passenger steamer Sussex by a German submarine without summons or warning and the consequent loss of lives of several citizens of the United States, who were passengers aboard her, this Government addressed a note to the Imperial German Government, in which it made the following declaration:

"If it is still the purpose of the Imperial German Government to prosecute relentless and indiscriminate warfare against vessels of commerce by the use of submarines, without regard to what the Government of the United States must consider the sacred and indisputable rules of international law, and the universally recognized dictates of humanity, the Government of the United States is at last forced to the conclusion that there is but one course it can pursue.

"Unless the Imperial Government should now immediately declare and effect an abandonment of its present methods of submarine warfare against passenger and freight-carrying vessels, the Government of the United States can have no choice but to sever diplomatic relations with the German Empire altogether.

**The German Government's Reply.** "In reply to this declaration, the Imperial German Government gave this Government the following assurance:

"The German Government is prepared to do its utmost to confine the operations of war, for the rest of its duration, to the fighting forces of the belligerents, thereby also insuring the freedom of the seas, a principle which the German Government believes now, as before, to be in agreement with the Government of the United States.

"The German Government, guided by this idea, notifies the Government of the United States that the German naval forces have received the following orders: In accordance with the general principles of visit and search and destruction of merchant vessels recognized by international law, such vessels, both within and without the area declared a naval war zone, shall not be sunk without warning and without saving human lives, unless these ships attempt to escape, or offer resistance.

"But," it added, "neutrals cannot expect that Germany, forced to fight for her existence, shall, for the sake of neutral interest, restrict the use of an effective weapon if her enemy is permitted to continue to apply at will methods of warfare violating the rules of international law. Such a demand would be incompatible with the character of neutrality and the German Government is convinced that the Government of the United States does not think of making such a demand, knowing that the Government of the United States has repeatedly declared that it is determined to restore the principle of the freedom of the seas from whatever quarter it has been violated."

"To this the Government of the United States replied on the eighth of May, accepting, of course, the assurances given, but adding:

"The Government of the United States feels it necessary to state that it takes it for granted that the Imperial German Government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the Government of the United States and any other belligerent government, notwithstanding the fact that certain passages in the Imperial Government's note of the 4th instant might appear to be susceptible of that construction. In order, however, to avoid any misunderstanding the Government of the United States notifies the Imperial Government that it cannot for a moment entertain, much less discuss, a suggestion that respect by German naval authorities for the rights of citizens of the United States upon the high seas should in any way, or in the slightest degree, be made contingent upon the conduct of any other government, affecting the rights of neutrals and non-combatants. Responsibility in such matters is single, not joint; absolute, not relative."

"To this note of the 8th of May, the Imperial Government made no reply. "On the 31st of January, the Wednesday of the present week, the German Ambassador handed to the Secretary of State, along with a formal note, a memorandum which contained the following statement:

"The Imperial Government, therefore, does not doubt that the Government of the United States will understand the situation thus forced upon Germany by the Entente Allies' brutal methods of war and by their determination to destroy the Central Powers, and that the Government of the United States will further realize that the now openly disclosed intention of the Entente Allies gives back to Germany the freedom of action which she reserved in her note addressed to the Government of the United States on May 4, 1916.

"Under these circumstances, Germany will meet the illegal measures of her enemies by forcibly preventing after February 1, 1917, in a zone around Great Britain, France, Italy, and in the Eastern Mediterranean, all navigation, that of neutrals included, from and to England and from and to France, etc., etc. All ships met within the zone will be sunk.

"I think that you will agree with

me that in view of this declaration, which suddenly and without prior intimation of any kind, deliberately withdraws the solemn assurance given in the Imperial Government's note of the 4th of May, 1916, this Government has no alternative consistent with the dignity and honor of the United States but to take the course which, in its note of the 18th of April, 1916, it announced that it would take in the event that the German Government did not declare and effect an abandonment of the methods of submarine warfare which it was then employing and to which it now purposes again to resort.

"I have, therefore, directed the Secretary of State to announce to His Excellency, the German Ambassador, that all diplomatic relations between the United States and the German Empire are severed, and that the American Ambassador at Berlin will immediately be withdrawn; and, in accordance with this decision, to hand to His Excellency his passports.

"Notwithstanding this unexpected action of the German Government, this sudden and deeply deplorable renunciation of its assurances, given this Government at one of the most critical moments of tension in the relations of the two governments, I refuse to believe that it is the intention of the German authorities to do in fact what they have warned us they will feel at liberty to do.

"I cannot bring myself to believe that they will indeed pay no regard to the ancient friendship between their people and our own or to the solemn obligations which have been exchanged between them, and destroy American ships and take the lives of American citizens in the willful prosecution of the ruthless naval program they have announced their intention to adopt.

**"Only Overt Acts Can Make Me Believe It."**

"Only actual overt acts on their part can make me believe it even now.

"If this inveterate confidence on my part, in the sobriety and prudent foresight of their purpose, should unhappily prove unfounded, if American ships and American lives should in fact be sacrificed by their naval commanders in heedless contravention of the just and reasonable understandings of international law, and the obvious dictates of humanity, I shall take the liberty of coming again before the Congress to ask that authority be given me to use any means that may be necessary for the protection of our seamen and our people in the prosecution of their peaceful and legitimate errands on the high seas. I can do nothing less. I take it for granted that all neutral governments will take the same course.

"We do not desire any hostile conflict with the Imperial German Government. We are the sincere friends of the German people and earnestly desire to remain at peace with the government which speaks for them. We shall not believe that they are hostile, to us, unless, and until we are obliged to believe it, and we purpose nothing more than the reasonable defense of the undoubted rights of our people. We wish to serve no selfish ends. We seek merely to stand true alike in thought and in action to the immortal principles of our people, which I have sought to express in my address to the Senate only two weeks ago—seek merely to vindicate our right to liberty and justice and an unmolested life.

"These are the bases of peace, not war. God grant that we may not be challenged to defend them by acts of willful injustice on the part of the Government of Germany."

To avenge our wrongs costs more than to protect our rights.

**That's Different.**

## Inspired by Lincoln's Words

IN a letter to the New York Times Mortimer Lampson of Mountain Lakes, N. J., late assistant surgeon Thirty-sixth United States Volunteer Infantry, Army of the James, told how a few words from Abraham Lincoln in the White House aided him in serving the Union in civil war days. Mr. Lampson wrote:

I remember how I thrilled as I met those deep brooding eyes looking down at me. What he said I could never accurately remember, but it was in substance nearly as follows:

"Well, my young friend, what are you doing for your country in these days?" There was considerable more to the interrogation, but I was so startled that I became almost speechless. Recovering myself, I told him that I was very desirous of serving my country that my ancestors had fought to establish as a free and independent nation; that I was a young medical student, and that I was in Washington to undergo an examination for appointment as medical cadet and hoped to pass the ordeal. He then put his hand very kindly on my shoulder, still keeping my hand, and patted me and said: "That is right. You will never regret it." And again: "That is good! Every young man should do something. You will be proud in the future. I wish you every success now and in the future."

With another pat on my shoulder I passed on, how or whether I could never remember. I know that I was much elated and full of courage. I went at once to the office of the examining board, where I was placed on the rack. But now, strange to say, the answers to the questions seemed to be on the end of my tongue almost before they were finished, although the examination was a pretty stiff one. But my troubles were over, and my mind worked as though just oiled up. I was released finally, after a couple of hours.

With a complimentary observation and told to present myself at the surgeon general's office the next day. I did so and was informed that I had passed. That is my story, and it is not much. But so long as I live I shall continue to thrill with pride when I recall that hot July day when Abraham Lincoln, one of the great figures of history, put his hand on my small shoulder and wished me luck.

## LINCOLN

By JOHN VANCE CHENEY, in Chicago Interior

The hour was on us. Where the man? The fateful sands unfaltering ran, And up the way of tears He came into the years,

Our pastoral captain. Forth he came, As one that answers to his name, Nor dreamed how high his charge, His work how fair and large,

To set the stones back in the wall, Lest the divided house should fall And peace from men depart, Hope and the childlike heart.

We looked on him. "Tis he," we said,

"Come crownless and unheralded, The shepherd who will keep The flocks, will fold the sheep."

Unknightly, yes, yet 'twas the mien Presaging the immortal scene, Some battle of His wars Who scaleth up the stars.

Not he would take the past between His hands, wipe Valor's tablets clean,

Commanding greatness wait Till he stand at the gate;

Not he would cramp to one small head

The awful laurels of the dead, Time's mighty vintage cup, And drink all honor up.

No flutter of the banners bold Borne by the lusty sons of old, The haughty conquerors Set forward to their wars.

Not his their glare, their pageantries, Their goal; their glory was not his. Humbly he came to keep The flocks, to aid the sheep.

The need comes not without the man.

The prescient hours unceasing ran, And up the way of tears He came into the years,

Our pastoral captain, skilled to crook

The spear into the pruning hook, The simple, kindly man, Lincoln, America--

Senator Stevens of Cape May has introduced into the Senate a bill making it unlawful to catch any crabs from November 1 to May 1. This is a good bill and should pass. During the winter the crabs bury themselves into the sand, and these are caught by drag nets with prongs that dig the crabs out of their winter berths. In this way thousands of crabs are destroyed by being frozen in the icy waters. Only a small portion of those so disturbed are caught in the nets. Stop this practice for two or three years and our bay will again be alive with crabs as in years gone by.

Senator McGlennon of Hudson county has introduced a bill in the Senate providing that the cost, charges and expenses incurred by municipal clerks for election expenses shall be borne by the municipality, instead of by the Board of Chosen Freeholders. Should this bill become a law it will place an additional burden directly upon this city.

NO HALF-WAY MEASURES.

Let us have no half-way measures if war comes, no mincing about ankle-deep in the hope that "something may happen." Let us go ahead right from the start as we expected that war would call for the totality of America's best efforts.

We have before us a full realization of what modern warfare is. For more than two years we have watched the other powers of the world, and their struggles have meant nothing to us unless we have learned how to avoid the mistakes they made which have cost them so dearly. Especially must we compare what England did at first and what she is doing now. There is neither prudence nor mercy in half-way measures at a time like this.

We have heard much of American ingenuity and adaptiveness and ability to do things on a great scale of organization. If we go to war, those capacities will be put to the test. But we must not leave to improvisation to make up what experience and foresight should have guarded against.

In the first place, we should cheerfully consider the immediate application of universal service, and the rapid creation of an army adequate for a long campaign if necessary. We should consider this because it is democratic, because it is the least likely to dislocate our necessary industries where the government may pick and choose between those who can serve best in the field and those who would be most useful in problems of transportation, munitions and supplies.

Further, the problem of officers will confront us. And it should be considered whether those who have had military training should not be utilized as far as possible as officers, for the training of those who have not. It takes long enough to create a soldier, but still longer to make a good officer.

For immediate participation we should ascertain from the Entente at present in the field in what respect we can be the most useful rather than, by hastening, to take the field ourselves and possibly handicapping them by overzealousness.

We must have no war profits and no panic prices. In the day of a common calamity we should be able to look to our government to take promptly and decisively and to the limit all those steps necessary to see that none of us profit out of the sorrows of the rest of us, but that every man is doing his share unselfishly.

It goes without saying that we must have no extravagance. Expenditures, other than those connected directly with the prosecution of war, must be held to the minimum of necessary repair and maintenance by all our branches of government. Individuals must do the same.

We feel perfectly confident that the government at Washington is of that mind and nature that if the test comes it will take immediately and thoroughly all steps necessary to bring out America's best efforts. And we have equal confidence that the government can rely on the hearty co-operation and personal assistance of every American citizen.

There lies before our government the most severe of tests and possibly a wide change from the easy going practices to which we have been accustomed. Let us hope that the government has the courage and foresight to meet itself as it should.

and that our public will take up its service in a common patriotism. Certainly enough lies behind us to indicate that the common prosecution of a war can only reach its highest efficiency through thoroughness. Let us live up to our lesson.—Newark News.

NEW SCHOOL VS. CITY WATER.

(Continued from Page One.)

for the purchase of land and erection of a school house, it is mandatory upon the body having the power to make appropriations of money raised by tax, to cause the amount to be raised by tax or to borrow the same and secure its repayment by the issue of bonds.

"The Board of Education and the Board of School Estimate having complied with all the requirements of the law, and the amount of the appropriation having been determined by the Board of School Estimate, the failure of the Board of Education to forward to the Common Council the information requested in the resolutions above referred to does not constitute a valid excuse for the failure of the Common Council to perform the duty imposed upon it by Section 76 of the School Law."

The decision then goes on to state: "The Common Council has no power to increase or decrease the amount certified, the right to determine the amount necessary to be raised for school purposes being vested solely in the Board of School Estimate, neither is it in anywise responsible for expenditure of school moneys. It is the duty, therefore, of the respondent (which is the City Common Council) immediately to raise and place to the credit of the appellant the sum of seventy-five thousand dollars for the erection of a high school building."

There have been a number of such cases taken to the State Board of Education for action and the decisions are usually based upon the merits of the cases. From a reading of the case of the Board of Education of the City of Lambertville versus the Common Council of that city it is evident that little consideration is given to technicalities. In that case the amount determined upon by the Board of School Estimate was in excess of the amount to which the laws limited the issue of bonds. The decision ordered the issue of bonds up to the amount permitted by the law and the raising of the remainder by means of tax.

FULL SUPPORT FOR PRESIDENT PLEDGED

Confidence in His Wisdom, Patriotism and Ability Unanimously Expressed by the Legislature.

Introduced by the Republican leaders in the New Jersey Senate and House, and seconded by the Democratic leaders, both branches of the Legislature Monday night unanimously adopted resolutions of confidence in the "wisdom, patriotism and ability of the President in preserving the honor, traditions and ideals of the American people."

Just as soon as the resolutions had been adopted in the Assembly the members and all visitors in the galleries, men and women, rose to their feet and joined in singing "America" under the leadership of Assemblyman Runyon of Union County. Back of the Speaker's rostrum was draped a large flag, and the whole atmosphere of the Capitol was permeated with patriotic enthusiasm.

The full text of the resolutions as adopted was as follows:

"Whereas, The rights of humanity and the ideals of peace, which have ever been the inspiration of our national policy, are at the present time threatened with unlawful attack; and

"Whereas, This nation, the foremost guardian of liberty and equal opportunity, is now confronted with imminent peril in their defence; and

"Whereas, New Jersey has ever stood in the forefront of the states of this union in the struggles for those rights and ideals and in loyalty to the national union; and

"Whereas, His Excellency, the President of the United States, in the maintenance of American rights and the national honor, has found it necessary to sever diplomatic relations with Germany; and

"Whereas, His Excellency, Governor Edge, has pledged the support of the state of New Jersey to the President in whatever action the President may take;

"Be it resolved, by the House of Assembly, that we express our confidence in the wisdom, patriotism and ability of the President in preserving the honor, traditions and ideals of the American people and of the Governor and those with him in authority in placing at the disposal of the National Government the strength and resources of the state."

There was no singing in the Senate after the resolutions were adopted but there was evident a feeling that the whole body was enthusiastic in its unbroken support of the declaration, which was fostered by Senator McCran of Passaic County.

Club Notes

At the next meeting of the Woman's Club which is to be held at the City Hall on Thursday, February 15th, at 3.30 p. m., Miss Elizabeth Dayton will render a piano solo, Miss Gladys Emmons will read a paper on "Northern Tropical South America," and Mrs. Charles Safran will read a paper on "Simeon Boliver, the Washington of South America." These papers are in line with the educational work taken up this year. South America, our sister country of which we seem to know so little.

For the benefit of the women of South Amboy who are not familiar with the work, aims and purposes of the Woman's Club of South Amboy and for the new-comers in the town, we take this opportunity of making known a few facts about the club.

The Woman's Club was organized in 1912, by the women of South Amboy, for the women of South Amboy, and it is open to any woman in South Amboy who will agree to live up to its constitution and pay her dues of twenty-five cents per month. Its meetings (through the courtesy of the different Mayors and Councils since 1912) are held in the City Hall at 3.30 p. m. on the first and third Thursday of each month with the exception of June, July and August.

The work of the club is along civic, educational and social lines. At each meeting civic matters are discussed, reports of work planned or work accomplished are made, a paper or talk along educational lines is given either by club members or out-of-town speakers, and frequently vocal or instrumental music adds to the afternoon's pleasure. At several meetings during the year a social hour is enjoyed while tea is served. Two musicals are given in the afternoon and at least two receptions at night, when good talent is engaged to entertain the members and their friends.

The Woman's Club of South Amboy is a member of the Federated Clubs of New Jersey, and enjoys the privilege of attending its wonderfully instructive and interesting meetings, and helping in the many fine movements for the betterment of conditions in New Jersey.

The Club motto is: "To look up and not down To look forward and not back To look out and not in, To lend a hand."

And it stands ready not only to lend a hand but to work for anything which may benefit South Amboy.

There are only three subjects which are tabooed in the Woman's Club, of South Amboy, religion, politics and scandal.

The club at present has one hundred and two members. If you are a stranger in town join it and become acquainted with its members. If you are an old resident of the town, join it and give us the benefit of your ideas and help. If you have no ideas to give come and let us give you some. The Woman's Club is open to every woman in the town, and its members will be glad to have you visit our club and become a member of it.

We are glad to say that the recent card party will add a nice little sum to the amount we are trying to accumulate for civic work in the spring.

Appropos of the new Shade Tree Commission that we are hoping to have, a large shipment of Norway maples has been ordered. The chairman of the Civic Department has been able to secure these at a surprisingly low price and will sell them at just enough to cover cost of shipment, etc., 75c each, or \$1.00 each planted to residents of South Amboy only, who wish to beautify their grounds or the street in front of their property. The trees average from 8ft. to 10ft. While the Norway maple is a little slow in growing it is especially adapted to this soil and climate and there is no tree to compare with it for hardiness and beauty.

HELD FOR GRAND JURY.

"Happy" Hayes and "Humphrey" O'Brien, a pair of celebrated local characters, went to New Brunswick last week to take up their abode in the county jail until such time as the Grand Jury gets around to the consideration of their case.

The two were apprehended upon a warrant sworn out for their arrest last Wednesday. The complaint was made by Miss Stella Spillman, of Washington road, for stealing a phonograph of considerable value. The arrests were made by Chief of Police James J. McDonnell. At the hearing before the Police Justice the pair were unable to satisfy the officer as to the reason for their sudden musical inclination. Bail was fixed at a hundred dollars each but was not forthcoming.

TO IRA C. GOODNOW, HIS HEIRS, devisees and personal representatives. By virtue of an order of the Court of Chancery of New Jersey made on the date hereof in a cause wherein Frederic M. P. Pearse is complainant, and you and others are defendants, you are required to appear, plead, answer or demur to the Bill of Complaint on or before the twenty-sixth day of March next or the said bill will be taken as confessed against you.

The said bill is filed for the purpose of foreclosing the right of redemption under a certain sale of lands for taxes held by the Collector of Taxes of the Borough (now City) of South Amboy on the thirty-first day of December, 1907, the complainant being the purchaser at said sale of the following described premises, situate, lying and being in the Borough (now City) of South Amboy, County of Middlesex and State of New Jersey, known and distinguished on the duplicate tax assessment book of said Borough (now City) of South Amboy as aforesaid, as lots numbers 43 and 44 in Block 42.

And you are made defendants because you claim or are claimed to have some title, interest or estate in the said premises.

Dated, January 24th, 1917. DANIEL W. APPELATE, 2-10-6 Solicitor for Complainant.

# ODDS AND ENDS

Items of Interest Presented in Short Paragraphs for Busy Readers.

Chickenpox is quite prevalent about town, and many children are kept from school.

The many friends of Al Reed will be pleased to learn that he is recovering from an attack of pneumonia.

Mr. C. E. Applegate, of Prospect street, attended the funeral of an aunt, Mrs. Cornelius Pierson, at Jamesburg on Monday.

The Board of Freeholders will on February 26 receive bids for the paving of Main street and Washington avenue in this city.

Don't fail to attend the entertainment under the auspices of the Junior League of the M. E. Church at K. of P. Hall on Monday night. Advance sale of tickets has been large.

The First National Bank is sending out monthly articles of timely interest on various subjects of interest to all citizens. Do you read yours with the thought and consideration which it deserves?

The regular bi-weekly session of the Common Council will be held as usual next Tuesday evening. At this time the ordinance governing the shipment of munitions through this city will come up for a second reading.

William, the four year old son of Mr. and Mrs. William Lettis, of Brich Creek, died on Sunday morning. Interment was made in St. Mary's cemetery on Tuesday morning under the direction of Undertakers E. S. Mason & Son.

Two bills will be introduced into the Legislature this session affecting this city, one to take in the section of Sayreville township through which the new P. R. R. road to the Amboy bridge runs and the other to annex the property of the Wesco Realty Company to this city.

A horse owned by Martin Wiatr backed off the city dock last Wednesday afternoon and went overboard into the icy water. Fortunately the water was not very deep at the time. After some difficulty the horse was gotten ashore, being somewhat bruised but not seriously injured.

The Ladies' Auxillary of the Methodist Episcopal Church have decided to hold a social on February 28, commencing at 7.45 p. m., at which time each lady present will contribute a dollar and tell how they earned same. The ladies can bring their husbands or sweethearts. A silver offering will be taken. Refreshments will be served.

The warm spell has left the roads in the vicinity of this city in an extremely rough shape because of the softening of the surface and then freezing the ruts into hard projections and hollows. The road leading to the "hole-in-the-wall" has suffered considerably in this respect and the private right of way cut off road is in no better shape. If anything, the latter is somewhat less bumpy than it used to be in the summer time when it was full of holes.

### "SOCK SOCIAL" WAS A MOST ENJOYABLE AFFAIR

A very enjoyable social was held in the lecture room of the First Presbyterian Church on Tuesday evening, February 6th. Judging from the financial returns, the people attending all have good sized feet. In the miniature sock sent out with the invitation, twice the size, worn by the recipient was supposed to be represented by the coins placed in the small sock and returned the evening of the social. The young people were delighted with the returns.

An evening of fun was guaranteed by the young people, and they faithfully lived up to that promise. Everyone present had a good time and thoroughly enjoyed the presentation of the following attractive program.

The president of the Y. P. S. C. E., Miss Dorothy Bergen, the chairman of the Social Committee, Miss Anna Bennett, and all the young people who so ably assisted in the preparations for this successful event, are to be cordially congratulated.

### WOMEN OCCUPY TIME OF THE POLICE COURT

The Police Court is an interesting place for there are all sorts of unusual things coming up pretty much all of the time. The fact that the cases are sometimes morbid and disgusting detracts not at all from the interesting phases of the place.

Wednesday morning there was a hearing given a woman calling herself the wife of Walchettier Booras. She had been apprehended for refusing to leave the home of an acquaintance living near the gas works. With her was a six year old boy that she claimed as a son. The woman's story was that she had married her husband and had lived with him in Perth Amboy. He was employed in that city at one of the railroad freight houses. He used her cruelly and often beat her. The boy was hers by a previous husband and the boy came in for a great deal of cruel treatment at the hands of her husband and this she did not like.

Finding herself unable to put up with his treatment that both she and her boy were receiving the woman said she finally decided to leave her husband and seek work to support herself. This she had done and had secured a position in a local factory.

The neighbors said that they couldn't vouch for the truth of these statements for they didn't know, but they did know that it was a hard job to get rid of her once she was comfortable within their homes, especially if there was any possibility of any hop juice being passed around.

With a sagacity that might well be devoted to better things the Police Justice saw through the woman's tale of woe and acted accordingly. Police Officer Gleason took her to Perth Amboy and turned her over to the tender mercies of Chief Burke for an adjustment of her martial difficulties.

"High-ball" Sadie fell into the toils of the law again on Tuesday of this week. Last Friday she was up before the Police Justice on a drunk and disorderly charge and when asked by the Justice whether she'd care to take the pledge said she'd rather have a high-ball. A trip to the county sent under the genial escort of Constable McCabe was the result.

On Tuesday she was again arrested for being drunk and disorderly and breaking a pane of glass in the window of a saloon in the lower section of the city. A hearing before the Police Justice on Wednesday morning proved quite interesting. Somebody said that both the Old Judge and the Young Judge enjoyed it considerably.

The saloon keeper wanted a dollar and half for his window. The Police Justice wanted five dollars as bail for the injured saloon of law. Neither of them got anything but the woman got fifteen days in the county jail. She is a boat woman

and claims to hail from somewhere in the state of Connecticut. Her husband sent up the price of her release from the jail for the previous offense.

SPORTING COMMENT.

RIVIES WIN SECOND GAME OF SERIES WITH ST. PETER'S Y. M. C.

The St. Peter's Y. M. C. lost to the Riversides in a hotly contested game at the K. of P. Hall last Friday night. The game ended with the Rivies on the long end of a 27 to 12 score and their win was the result of superior ability as basketball tossers.

The game was late in getting started but when it did the fans were fully repaid for their long and expectant wait. The contest was full of personal antagonism between the players that cropped out every now and then and made the game intensely interesting. The attendance was somewhat limited in an attempt to gain additional playing space but the sacrifice was hardly worth while so far as the management was concerned.

The work of the referee, Berse was not entirely satisfactory to the fans and the visitors are said to have considered the decisions pretty poor in the majority of cases. Even the Riversides admitted that his work was not up to standard and it was the Rivies that choose Berse to handle the whistle for the game.

There is not much ground for excuses on the part of the defeated team for they were held to a pair of field goals and succeeded in making but eight out of the twenty-five free throws which were handed them by the referee. If they had made all of the foul shots which they were awarded they would have won over the Rivies. As it was the Rivies scored twelve times from the field and scored but three foul goals.

The series between the two teams is now an even break and it is likely that the deciding contest will be arranged in the near future. It is certain that a neutral court will be selected and in all probability the Y. M. C. A. in Perth Amboy will be the particular court decided upon.

The Rivies seem to have recovered from the sudden slump which they took after being defeated by the Newark National Turners. To the enthusiastic rooters its a foregone conclusion that the Rivies will lose no more games this season.

The score of the Friday night is as follows:

Rivies	St. Peter's Y. M. C.
McCreary	forward
Cantlon	forward
Thomas	center
Allen	guard
Burns	guards
Field Goals—Thomas, 4; McCreary, 3; Cantlon, 3; Burns, 1; Allen, 1; Copeland, 1; Parker, 1.	
Fouls—Y. M. C., 8; Rivies, 3.	

BASKETBALL

There was a game of basketball on Saturday afternoon between the Jrs. of the M. E. Sunday School and the Midgets of the Y. M. C. A. The Jrs. won by the score of 34 to 9.

Gominger put up a great game of floor work while Bennett and Perkins kept rolling them through the basket. James put up a good game of defence and King held his opponent scoreless. Waterman pooled most of the baskets for the other side, although Hammell was knocked out and Compton was put in his place. J. Parker was also hurt. Box score was:

Juniors	Midgets
C. James	guard
B. Gominger	guard
W. King	center
R. Bennett	forward
R. Perkins	forward
Field Goals—Bennett, 6; Perkins, 5; Gominger, 4; Waterman, 2; J. Parker, 1; Compton, 1.	
Foul Goals—Perkins, 1; Gominger, 1; James, 1; King, 1; E. Parker, 1.

A Valentine Poem

I'll build a house of lollypops,  
Just suited, sweetheart, to your taste;  
The windows shall be lemon drops,  
The doors shall be of juiube paste,  
Heigh-o, if you'll be mine!

With peppermints I'll pave the walks;  
A little garden, too, I'll sow  
With seeds that send up sweetened stalks  
On which bright candied violets grow,  
Heigh-o, my valentine!

Some seats of sassafras I'll make  
Because I know you think it's nice;  
The cushions shall be jelly cake  
Laced all around with lemon ice,  
Heigh-o, if you'll be mine!

We'll have a party every day  
And feast on cream and honeydew,  
And, though you're only six, we'll play  
That I am just as young as you,  
Heigh-o, sweet valentine!  
—Anna M. Pratt in St. Nicholas.

Helping St. Valentine

HAVE you forgotten about St. Valentine's day? It is coming, you know. Of course you cannot really have forgotten, with all the foolish, sentimental, happy things cluttering up the show windows, but you may have forgotten that St. Valentine's day is something more than a window display and that you are a part of it, says the Indianapolis News.

It is no good saying that you are not; that you had nothing to do with it in the beginning and have nothing to do with it now. If you have forgotten and if you haven't a valentine stuck away in your market basket, it is time you were remembering.

It is time you were remembering every sweetheart you ever had and every one you ever wished you had. It is time you were remembering every bit of proof you ever cherished that anybody, anybody at all, loved you. There is no sense in being ashamed of it.

Living in a world without sweethearts would be a dismal thing, and you would be a dismal sort of person if you never had one—if you haven't one now.

St. Valentine as we know him is very likely a sentimentalist, but he is a useful sort of person at that. He makes it very easy for you to tell folks that you love them, and that is a thing that has to be told somehow some time, although nobody is supposed to know who is telling it.

Of course, like all sentimentalists, St. Valentine is likely to make many mistakes, and that is the reason it is so necessary for you to do your part. He is likely to fill one pretty girl's room with flowers and give her more candy than is good for her, forgetting all about the girl across the street, who really needs a little candy. He loves to stuff the mail boxes with valentines for the children, forgetting that old ladies like them too.

not quite so young, to be sure, who sits at the end of the table who wants a valentine.

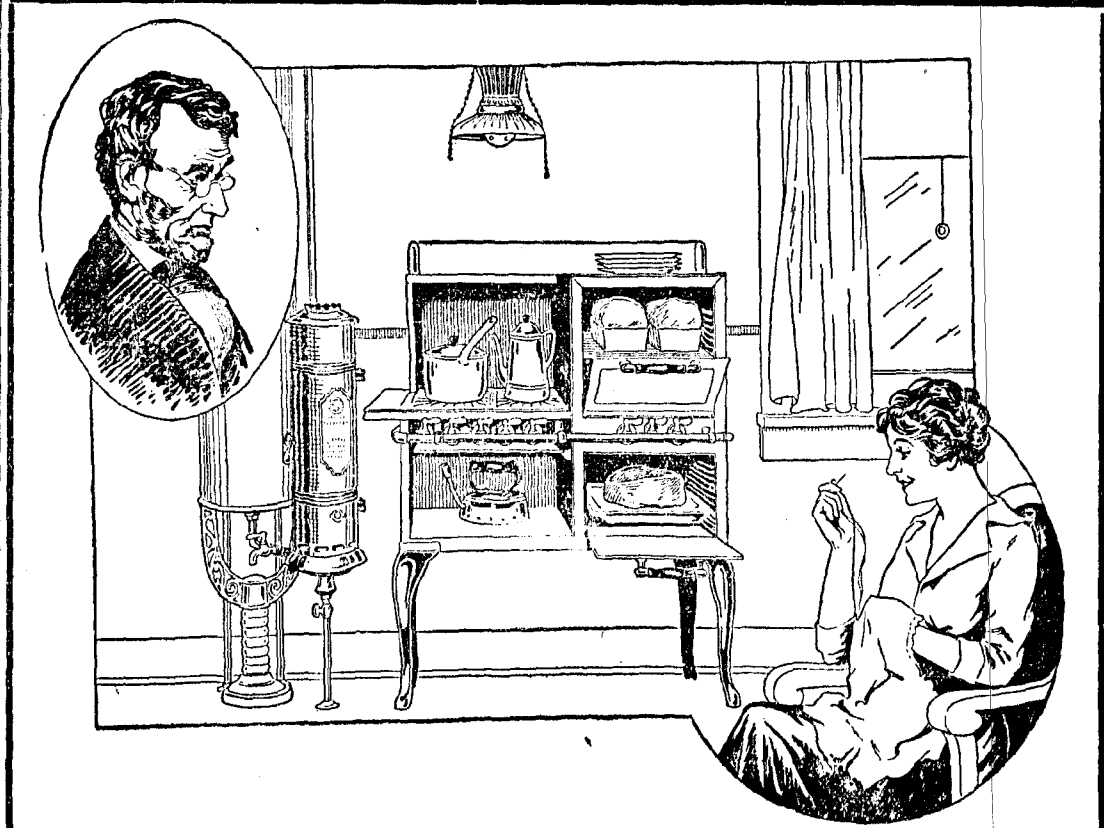

It is a sad thing to want a valentine and not get one, but probably a sadder thing not to send a valentine at all. And the only possible remedy for St. Valentine's mistakes is for everybody to send a valentine to somebody he loves.

Valentine Party Supper Menu

- First.—Toast hearts spread with some potted relish, as anchovy paste.
- Second.—Creamed oysters in heart shaped patty shells or paper cases.
- Third.—Cold beef tongue or ham sliced and cut into heart shaped figures with a corky cutter, bread and butter sandwiches, lettuce with mayonnaise, coffee.
- Fourth.—Grapefruit filled with pineapple and chopped cherries and nuts. Valentine cakes and almonds.
- Another menu which makes a very relishing supper:
  - First.—Toasted bouillon, toast hearts.
  - Second.—Creamed chicken and mushrooms decorated with tiny hearts cut from red peppers, wheat bread sandwiches filled with cress and mayonnaise.
  - Third.—Cold macedoine of vegetables decorated with hearts, beets cut in heart shape, served in heart lettuce; toasted crackers with hearts shaped on their surface of cream cheese and raspberry jam.
  - Fourth.—Strawberry parfait with whipped cream in lady finger cases, pink cakes and candies and salted almonds, coffee.

Before St. Valentine's Day. Long before Rome was converted to Christianity the youths and maids on Feb. 15 annually drew names from two sacred urns in the temple, of those of the opposite sex who fate decreed were to be their sweethearts for the coming year. The early fathers of the church, finding they were powerless to entirely eradicate the pagan practices of the Lupercalia, changed it from Feb. 15 to St. Valentine's day, the 14th.

Valentines Books. In 1797 a small book, "The Young Men's Valentine Writer," was published for the use of ardent swains who were unable to do their own rhyming. In 1812 a less modest volume appeared, "The Cabinet of Love, or Cupid's Repository of Choice Valentines," a very complete compendium.

The Gas-Kitchen Has Abolished the Bondage of the Old-Time Kitchen

Lincoln was the emancipator of his time. The Cabinet Gas Range, self-heated Gas Iron and Gas Water Heater today free womankind from the needless bondage of the old-time kitchen.

- From building fires and the constant tending necessary to keep them burning properly.
- From the tiresome shoveling of coal and ashes.
- From the continual cleaning up of dust and dirt.
- From countless unnecessary steps.

In these days of high priced coal and wood there is no reason for any woman to cook with coal when her home is heated by a furnace, since it is a waste of time, money and even health itself.

Why continue doing so longer?

Let a Gas Kitchen be your emancipator from kitchen bondage. The articles shown sell at prices and on terms as noted.

Cabinet Gas Range \$37.00—\$3.00 payable April 2, balance \$3.00 monthly.

Gas Water Heater \$18.50—\$2.00 payable April 2, balance \$2.00 monthly.

Gas Iron, sold at 75c per month.

5% discount for cash.

You will avoid delay and possible disappointment by placing your order now, as manufacturers and railroads are experiencing difficulties in making deliveries.

You will also save money, as all material used in constructing gas ranges and water heaters is constantly increasing in price.

## PRESBYTERIAN CHURCH NEWS

The sermon on Sunday morning was based on Eph. 5, 1; "Be ye therefore followers of God, as dear children." Children are naturally imitators, it is through the instinct of imitation that they develop. Older people are, also, much given to imitation. There are three essentials to all good imitation, namely knowledge, admiration and appropriation. The Altheist says there is no God, he has no knowledge of Him, the Agnostic questions the existence of God, he also has no knowledge of Him, but the followers of Christ can say with St. Paul, I know in whom I have believed and am persuaded that He can keep that, which I have committed unto Him, against that day. Older people imitate the persons whom they admire, never those inferior to themselves. When we take, as a copy any person on earth we copy their faults, but those who aim to copy Christ have a perfect pattern. It is entirely possible to know and admire a person or characteristic and yet, not to improve in character. In order that a thing may be come a part of us, we must appropriate it. We must appropriate Jesus Christ in order that he may be a part of us and His spirit may dwell in our hearts and live. We must remember if we are followers of Christ, that we are His Ambassadors on earth. Imagine the chaos, the cruelty, the confusion, if diplomatic relations were severed between earth and Heaven and all the ambassadors recalled! Where would our boasted civilization be, if all knowledge of Christ were withdrawn from the world? If we try to imagine this we will realize faintly the influence of the Christ, and our responsibility, as His followers.

The evening sermon was the first of a series on "The Parables of Jesus." The parable dwelt on, was that of "The Unjust Steward," Luke 16, 1 to 8. The three previous parables given by Jesus were to the Pharisees but this parable was to his disciples. This parable is said to be the most difficult to interpret. This is probably because of the statement that the Lord commended the unjust steward, because he had done wisely. This does not mean that our Lord commended him. It means that the rich man, the master of the steward, commended him for his keenness, his farsightedness, in providing for the future. It would be well if the church showed the same wisdom, keenness and farsightedness, not only in business affairs but spiritual affairs also. The wicked are zealous, the men in secular business spend much time and money in advertising, they are persistent in their demands upon your attention. It would be well if the church were just as persistent in its effort to advertise. The children of this generation, that is, the children of the world, are indeed wiser, than the children of the light—that is the children of the church.

But the keynote of the parable is the responsibility of stewardship. The money, talents, or possessions of any kind, used by the Christian, should not be used for selfish ends, for self-aggrandizement, but, rather for the extension of Christ's Kingdom here on earth. We should all be, "Fervent in spirit, diligent in business, serving the Lord." No matter what our gift, we must remember that we must render an account of our stewardship.

Remember Sunday School calls at ten o'clock. The Men's Class is certainly a great success, but we are anxious to see the attendance increase. Do not miss this opportunity to study the Bible under able leadership.

The attendance at prayer meeting is splendid, even on stormy nights. This shows the quality of the meetings better than anything else could. Come out on Wednesday evening at 7.45.

The Ladies' Aid Society of the church are diligently working to make their St. Patrick's Supper the "Best Yet." Fancy work will be on sale, and the ladies meet every other week to sew. Many beautiful and useful articles are nearing completion. Be sure to arrange to eat your supper in the lecture room of the First Presbyterian Church on that evening. The fancy work on sale will be so tempting, you will be sure to buy something. This will be a very good way for you and your friends to celebrate the anniversary of the Patron Saint of Ireland.

Every member of the congregation has been presented with "The Handbook of the Presbyterian Church," through the courtesy of the Van Cleave's Men Club of the church. This booklet gives the doctrines and history of Presbyterianism of which we are all justly proud. Many thanks to the Men's Club.

## CHRIST CHURCH CHRONICLES

Burial:—In Christ Church Cemetery, on Saturday, February 3, John Lounsbury, age 17 years. John was a member of the confirmation class of 1915. God grant him the rest, peace and progression of paradise!

Congregations were fairly good last Sunday, not withstanding the cold weather. The Rector did not preach at the late morning service on the subject announced—"Men Who Will Stand Without Being Tied"—but delivered a sermon on "Meeting Angels of God in Life's Way."

It is worth while remembering, when we are disposed to complain in bitter cold weather of the church being not altogether comfortable, with the temperature registering 75 degrees or more, that only a generation or so ago, heat in churches was practically unknown. Those were the days, too, when sermons were not "over" in 20 or 30 minutes, but were generally from one to two hours in duration. Those were the days, however, when the churches were filled. Zeal, earnestness and enthusiasm made a warmth which we need to-day.

On next Sunday night the Rector will give an illustrated lecture on "David the Hero of Israel." The stereopticon slides will show all the places connected with David's life as a shepherd, a soldier, a fugitive, an outlaw, a crowned prince, a conquering king, a poet, a worshipper.

Next Sunday morning "Missionary Day" will be observed in the Parish Church School. Besides the "American and Christian Flag Service," the Rector will project about one-half of the "David" slides.

Holy Baptism will be administered in the parish church on next Sunday morning, immediately following the late service.

A special meeting of the Vestry is called for next Sunday morning at 11.45, to consider matters pertaining to the Christ Church Foundation. Let every member of the Vestry be present.

We hope our people will liberally patronize the "Benefit For the Relief of the British War Sufferers" to be given on next Tuesday night. We are pleased and proud to note that Mr. Herbert Bicknell and Mr. and Mrs. Ashton C. Gardner, three of our parishioners, are at the head of the enterprise. We trust that the affair will be a great success.

The Men's Club will hold a "Mock Trial" at their meeting on next Tuesday night. All of the men in the parish are invited. We can promise an evening of uproarious mirth.

The net receipts from the Benefit given by the Men's Club have now passed the \$40 mark. We believe that enough tickets have not yet been paid for to raise this amount to nearly \$50. Please hand the money for your tickets to Mr. Edward McKenna, the treasurer of the Men's Club.

There was a meeting of the Upper Division of the New Jersey Branch of the Woman's Auxiliary in Holy Cross Church, Plainfield, on last Wednesday. Bishop Beecher, of Western Nebraska, was the preacher. A "Day of Devotion" for the Auxiliary has also been announced for next Wednesday, in Christ Church, Elizabeth. The conductor will be the Very Rev. F. L. Vernon, D. D., Dean of the Cathedral of St. John, Portland, Maine. Those who desire to attend are requested to communicate at once with Miss Caroline S. Simpson, 64 Parker Road, Elizabeth, N. J.

Miss Margaret Zepp is conducting a weekly study class for the Junior Auxiliary, using the text-book on Latin American gotten out by the Board of Missions for the Juniors. It is a most interesting little book and is entitled, "Manana" (To-morrow). The Rector is giving some assistance by the occasional use of the stereopticon.

Forget your dignity for a while, and come to the "Masquerade Party" in the parish house on next Wednesday night (St. Valentine's Day). A prize each will be given to man and woman wearing the most striking costume. Groom yourself now for that race—you may be the winner. Remember, too, that every cent of the profits will go to swell the "Churchyard Improvement Fund." Admission 15 cents.

The Rector has received a letter from Mr. E. B. Fisher (of 112 John street) written at Fort Wayne, Indiana, in which he warmly expresses his gratitude for and appreciation of kindness shown him and his family

during his recent illness by the people of Christ Church parish. We are pleased to learn that his health is improving. We regard his recovery as little short of marvelous.

The Rector hopes to organize a confirmation class soon. It is high time that some of the unconfirmed in the parish begin to "show some speed." The King's business requires haste. See the Rector at once.

St. Martha's Guild will hold a meeting on next Tuesday afternoon, at 3.30, as there was not a quorum present at the meeting last Tuesday. Attention is again directed to the payment of dues.

## BAPTIST INKLINGS.

Sunday being the first day of the month, the Lord's Supper was celebrated. Attendance was quite large. Pastor Tilton preached an able sermon on "With Christ You Should Not Fear for the Morrow," taking his text from the "Sermon on the Mount."

Sunday afternoon, Sunday School was held at 2.30. The attendance is steadily increasing here.

Sunday evening at 6.45 Y. P. Society met in the Y. P. Room. Attendance is steadily increasing here also. Mildred Rolfe led the meeting.

At 7.30 the evening service began with a short song service and then the sermon which Pastor Tilton delivered so ably. It was sort of an evangelistic sermon. The pastor held evangelistic meetings at Keansburg last week.

On Monday evening the Missionary Circle met at the home of Mrs. J. T. Dill.

On Wednesday evening an entertainment given by the Taylor Memorial Class to the Greene Memorial Class, was held in the lecture room of the church. Several good readings were delivered also a number of instrumental and vocal solos were rendered. Several unique games were played. A novel idea was sprung for the selection of partners. The "Feed" was excellent. All enjoyed the entertainment exceedingly.

Thursday evening the usual prayer meeting was held. After the meeting the Teacher Training Class met. There was a short business meeting preceding this which was held for the purpose of adopting certain resolutions for the increasing of the efficiency of the church's business.

Edward Kirk who was appointed as one of the three delegates to the Older Boy's Conference has declined from acting as such. The other two delegates left this afternoon (Friday) for Camden. The conference will last four days. A program of the same will appear under this heading next week.

Friday afternoon the Junior C. E. Society met in the lecture room. Mrs. Mundy, the president, surely is a faithful leader.

All are asked to try and attend Sunday services.

## Why Fry Fish in Animal Fats?

The sea offers its food with a delicate flavor. Time or heat makes all animal fats "strong." The odor testifies to bacterial decomposition.

Fried in hog-fat or cow-butter, it is not the fish but the fat which offers its flavor.

## SAWTAY 100% Pure Butter of Nuts For Baking Shortening Frying

is wholly without flavor or odor. Fish, oysters and fritters fried in SAWTAY are not robbed of their delicate, sea-tang flavor.

SAWTAY is readily digested and wholly assimilated. For those who are distressed with digestive or intestinal disorders, SAWTAY robs the frying pan of its terrors.

SAWTAY is Economical—

Use one-fifth less and over and over.

RECIPE FOR FRYING FISH  
 All pan fish such as perches, small blue, small weak, small flounders, butter fish, herring, etc.  
 Dry the fish thoroughly and season with salt and pepper, roll in bread crumbs or corn meal. Dip in beaten eggs. Roll again in bread crumbs or corn meal and fry in deep hot SAWTAY, just as you would fry doughnuts. When the fish is cooked it will rise to the top and should be taken out immediately.

Send for "Sawtay Kandy Kids," a Picture Book of Recipes for Children's Parties.

## PERSONAL

Brief Items Concerning People We Know that Prove Interesting Reading.

Messrs Walter and Ralph White, of Newark, visited friends in this city on Sunday last.

Mr. Allan Keith of Newark was a visitor in this city on Sunday last.

### Some Advantages Gained by the City

Success has attended the efforts of the members of the common council within the last few days so far as their efforts toward the betterment of the city is concerned. The city has been successful in securing at least one extension of gas mains by the Public Service Gas Company and it is understood that arrangements are now practically completed for the relief of the conditions which exist at the corner of Broadway and Henry street in times of heavy storm.

On Wednesday there was a hearing before the Public Utilities Commission on the complaint or petition of the city against the Public Service Gas Company on the failure or refusal of the said company to give gas service to various residents along streets down which gas mains were not laid. Among these streets were Conover, in the Mechanicville section, Highland in the Maxville section, and Fourth. A hearing was held before the Commission at Trenton some time ago, following which the Gas Company agreed to give the desired service to Conover street by at once extending its mains down that street. In view of this assurance on the part of the Gas Company the petition for Conover street was withdrawn and the hearing at Newark was on the Highland and Fourth street petitions.

Those who represented the city at the hearing were: City Engineer A. T. McMichael, City Solicitor Leo J. Coakley, former city solicitor F. P. Coan, Councilman James Hackett and Charles Young. Mr. McMichael was, of course, the principal witness for the city, although Mr. Hackett, who was the instigator of the petition for Highland street, proved himself a clever and able witness. The case was not concluded on Wednesday because the commissioners did not hand down any decision, but it is confidently expected that their decision will be an order to make the necessary extensions on Highland street and probably upon Fourth street as well. It is said that the city presented an excellent case to the commission. Both the City Engineer and Councilman Hackett have been very active in the matter for some time past. Between them they secured the signature of practically every resident along the streets affected and the petitions carried with them a great deal of weight.

On Thursday morning the City Engineer, City Solicitor and Councilmen Rue and Parlsen, of the street committee, were granted an audience with Mr. L. W. Berry, the Superintendent of the New York and Long Branch Railroad, at Long Branch, in reference to the Henry street drain pipes under the tracks at that point. The outcome of the conference was that the railroad agreed to stand the expense of putting the pipes under their tracks, but no more. The city will, therefore, stand good for the expense incurred in making alterations which may be necessary to accommodate the pipes on both sides of the tracks and will also have to stand the expense of extending the pipes on either sides of the tracks. This is practically the same proposition which the railroad was willing to concede to the city before the appeal to the Public Utilities Commission was taken in an effort to force the railroad to stand the entire expense of the pipes. It will be recalled that the Public Utilities Commission a few weeks ago ruled that the city had not made a case of their petition and had failed to show where the commission had jurisdiction in the matter.

### FINALLY PAID FINE.

Usually a hearing before the Police Justice has more or less effect upon a prisoner in impressing upon them the advantage which they would derive from refraining from transgressing from the straight and narrow path. Not so with Mrs. Rose O'Neil, however, who was given a hearing last week before Police Justice Birmingham upon a charge of being drunk and disorderly. The Police Justice, after listening to the complaint of the officer and the alibi offered by the woman, asked her if she would take the pledge. She replied that she'd take a high ball gladly if she could get one. Then the

Police Justice offered her the choice of paying a ten dollar bill for the chance of getting a high ball or of going to the county jail where they don't serve such things, for a ten day period. She didn't have the money so Constable McCabe was called upon to escort her to the county seat. After arriving there the woman's husband helped her out of her plight by sending up the amount of the fine imposed and the woman was then released.

### M. P. CHURCH NOTES

The Thursday evening service last week was a repetition of past weeks, only that the impressiveness of worship seemed greater. The services the past two weeks on Thursday evening were held in the main audience room and it seemed more like a regular church meeting.

Choir practise was resumed again at the church last Friday evening, rather than at the parsonage, where it was held during the cold

morning found the usual congregation present and some who were absent the past Sunday, on account of affliction and death in the family. The pastor preached what was an appropriate sermon on Romans 5, 3-4, showing that the Christian life is one of hope and trust although tribulations and sorrows come. The choir followed with special hymn, also appropriate, "He'll make it plain to me."

At the most timely and instructive addresses to the Juniors that we had in quite a while was delivered at the 2 p. m. Junior C. E. Sunday by Miss Ethel Superintendent on the outlined and what true could enable to historical every day life. This young credit, suffering with a cold, yet she came to the church her Sunday School the pain.

Attendance at the Sunday School was a very interesting lesson. Superintendent Blood-attendance at the Bible School at Perth Amboy. Contribution to the county work was voted. An offering given.

On account of Children's Day falling on the second Sunday in June, which is parsonage fund day, the home banks, etc., will be turned in with and special funds on the first Sunday in June, 7th, giving us four weeks since the last offering for the fund. Let us prepare.

It is expected to distribute envelopes next Sunday for the annual offering for Foreign Missions. The evening offering is for conference benevolences. It seems as we help others God helps us through others.

Ushers' Association will meet next Sunday evening at 7 o'clock.

The pastor is trying to arrange for something very new to take place in the church on the morning of children's day, June 14th. Definite announcement will be made later.

The Inter-Township Conference of Bible School Workers at Perth Amboy was attended by six delegates of the Methodist Protestant Sunday School last Wednesday afternoon consisting of pastor, superintendent, three teachers and a male member of the bible class, the only school of South Amboy represented in the afternoon. There was also representatives in the evening and good things learned. Echoes next Sunday in Sunday School.

#### NOTICE.

TO WHOM IT MAY CONCERN:  
Take notice that the report of the Commissioners of Assessment showing the assessments of benefits for the laying of side-walks of Augusta street on both sides thereof between Rosewell street and Stevens avenue, was ratified and confirmed at the regular meeting of the Common Council of the City of South Amboy held on Tuesday evening, May 12, 1914, and that such assessment has been duly returned to me for collection. All such assessments shall draw interest from the date of confirmation and, with the cost of collection, shall be and become, from the date of confirmation, a first and paramount lien upon the land and real estate so assessed, which lien shall remain until such assessment is paid.  
The payment of this assessment may be made in equal yearly installments, not exceeding five, to commence on the first day of June, 1914. The party assessed shall have the privilege of paying the whole of such assessment or any balance of installments with accrued interest thereon at one time. In case any such installment shall remain unpaid for thirty days from and after the time the same shall have become due and payable, the whole assessment or the balance due thereon shall become and be immediately due and payable, and shall draw interest at the rate of one per cent. per month.  
Dated May 22, 1914.  
JOHN SUTLIFF, Collector.

## THE EXPRESS IS IN THIS TOWN AND IN TO STAY

FOR seventy-five years—three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The Express came to South Amboy in 1872 and it came to stay. For 42 years it has been the right-hand of commercial South Amboy.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From

whom this protest—the express companies? No! The merchants of the country—shippers everywhere—petitioned Congress that no action be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

For seventy-five years in the past and for a good many more years in the future Express Service will mean

## High School Mentionings

A number of girls, chaperoned by Miss Fulton, hired an automobile and went to Old Bridge last Saturday to see the ball game. But they got disgusted about the seventh inning and left for a joy ride.

There will be an informal dance in the High School this Friday night.

The Seniors took their final and farewell examinations last week and the others will take theirs this coming week.

Gee, olive oil is "fierce," we heard one of the freshmen say and he ought to know.

The pupils are working hard, under the instruction of Mrs. Cozzens, to learn the new songs for the graduation exercises which will be held on Friday, June 12.

The reception will be held on the night before the graduation exercises, Thursday June 11.

The Juniors took an examination in the Vicar of Wakefield last Wednesday.

Everybody keep their eyes on Master Kerr on Sunday.

### WILL GO TO PHILADELPHIA.

A large number from Seneca Tribe, No. 23, Improved Order of Red Men, also sisters of Ianthie Council No. 6, Degree of Pocahontas, expect to take part in the large demonstration to be given in Philadelphia on June 10, at which time 35,000 Indians of the order, tribes and councils will participate.

### BALL GAME CANCELLED.

Manager Quinlan, of the Sheridans, has received a special delivery letter from the Orioles of Red Bank cancelling the game scheduled on Stevensdale on Memorial Day.

Love is a disease, but not chronic.

### AUTO RUNS AMUCK.

Paddy Fallon had an exciting time last Tuesday evening. It seems that Paddy had his ancient automobile out to give a couple of his friends a ride. While bowling merrily down Augusta street the car suddenly took a notion to balk. Under the circumstances there is only one thing to do and Paddy did it—crawled under the car. Pretty soon he crawled out again and climbed aboard and away they went. Not a great distance was traversed when the car again stopped and the same procedure was again repeated. This time when the owner cranked the engine the car started off before he could get out of the way and gave Paddy quite a butt before he finally did manage to get clear. The auto continued to move on a somewhat

## South Shore League Getting In Swing

The South Shore Industrial League was the name finally agreed upon by the board of managers of the South River, Sayreville, Parlin and South Amboy at a meeting held in South River last Monday evening.

The list of officers of the league is as follows: Richard Skane, president; James Warchall, vice-president; William Switzer, treasurer; and Edwin Cordes, secretary. The managers of the different teams are James Crammar, International Smokeless Powder and Chemical Co. of Parlin; A. J. Watson, Y. M. C. A. of South Amboy; Harry Olsen, Sayre & Fisher of Sayreville; Arthur Heighberger, American Brick and Tile Works of South River; John Long, Middlesex Embroidery Works of Sayreville; and James Weischadle, Herman-Aukman Co. of South River.

It was finally agreed that the Parlin team should claim Star Field as their home grounds both to make their home games more conveniently accessible and also to balance the schedule, while the Middlesex Embroidery people were transferred to Sayreville as their home grounds, because most of the players on this team live there and also to make the schedule balance. Each team is to furnish a new ball for every game and the gate receipts are to be split half and half.

Each team is allowed a list comprising fifteen players who are eligible. Others may be added if approved by the board of managers and the Spaulding ball was selected as the official ball of the league.

The question of umpires was settled that each team might have two umpires, to be used in rotation if desired, and each team is to furnish one umpire for every game, two official umpires being necessary for every league game. The selection of the umpires was left to the discretion of the individual managers.

Another meeting of the board of managers will be held at the home of our local manager, Watson, next Monday night.

To-day, Decoration Day, our local team will play the Herman-Aukman on Star Field in the morning about 9:30. The Middlesex Embroidery Works will pair up against the American Brick and Tile aggregation in South River and the Sayre & Fisher combination will tackle the Parlin team on Sayre & Fisher field in Sayreville. The question of whether games should be played in the morning or afternoon was left to the managers to settle.

In making up the list of eligible players it was decided that each player's name must be on the rolls of the organization he represents. Following is the eligible list handed in by Manager Watson: Tyler, Hardy, Applegate, McGee, Ingraham, Shinn, Rehfs, Martin, Hoffman, Bloodgood, Whalen, Roberts, Leonard, Manaker. There may be other changes, if found advisable.

## Yacht Club Victorious Over The Aquehongs

On Friday night, May 22, the Aquehonga Bowling Team of Tottenville came to this city to get the scalp of the South Amboy Yacht Club team, the same as they did when the yacht club visited their alleys recently. But this time they were disappointed as the Yacht Club gave them a serve thrashing, not allowing the visitors to get a single game, and cleaning up three straight. An abundance of refreshments had been provided, and during the game the players had the opportunity to drown their disappointments or sustain their jubilation in devouring the excellent lunch. The Tottenville boys are a lot of excellent fellows and the Yachtsmen are glad to class them among their friends. The scores of the game were as follows:

Aquehonga.			
J. McDonald	125	154	140
R. Carfoot	131	124	131
C. Bennett	150	169	153
J. Slaght	124	138	125
A. Lehman	124	172	171

Totals 654 737 720

Yacht Club.			
M. Lamberton	125	167	163
R. C. Stephenson	198	191	167
J. M. Parker	159	126	156
G. W. Crane	169	156	175
P. Cunningham	201	168	170

Totals 852 808 831

After the game was over that Scholastic nine was hungry and they nearly cleaned out the confectionery shop in their raid.

## Sporting Comment.

### Sheridans Will Clash With Orioles To-Day

One of the many attractions that will be at the disposal of sport-lovers in this vicinity on Memorial Day will be a game of our National pastime on Stevensdale. The principals will be the local Sheridan Club and the Orioles of Red Bank. It might be well to remark in passing that these same Orioles are about the best of the Monmouth County teams and the Sheridans figure that they have their work cut out for them if they are to come out of the tussle on the top of the heap. In any case it promises to be an interesting game. This game has been arranged for a long time and as it is the first game the Sheridans have played at home this year it is to be hoped that the patrons of sport will turn out in force and help the boys to bear the enormous expense entailed in bringing this team here. When the game was booked Manager Quinlan didn't expect that there would be any other games on this date and of course being a game sport he wants to go through the program and give at least one good game on the home grounds.

Of course Nut will do the hurling in his usual brilliant form and will be received by Witzak. Witzak is a newly discovered player and he and Nut make a pretty fast couple. Eddie Doolin will take care of most anything that comes within a mile or so of the initial corner and Chick Callahan is scheduled to cover second. Mox Connell will cavort around in the short-stop position and of course Eddie Connors will be very much in evidence at third to cover what ground that Mox don't get started soon enough to take care of. The outer gardens will be populated by Quinlan in left, Manaker in center and Hardy in right. Hensberger will take his turn at filling the utility position on the bench.

The Orioles beat Matawan and other teams of like calibre with monotonous regularity last year and have started off this year in equally as brilliant style. This team was artfully trimmed by the Sheridans two seasons ago at their last meeting and they will, of course, endeavor to repeat the performance again today. In that aforementioned game two seasons ago the Sheridans came out on the long end of a two to one score in a ten inning battle. Whether its too much to hope for a like occurrence on Stevensdale remains to be seen, and if so lets hope it will be seen by many.

### JAYCOX AND LEHMAN DEFEAT

#### INGRAHAM AND WHALEN

The Ingraham-Whalen combination's reputation as a bowling duo was scattered far and wide at the local Y. M. C. A. alleys last Saturday night when Jaycox and Lehman, the Aquehonga bowlers from Tottenville were the ones who did it all. They capped the match by winning four out the seven games bowled.

It is rather peculiar that both Whalen and Ingraham each defeated their individual opponents in four games. Whalen started rather weak but waxed stronger as the match progressed and got two of his scores over the two hundred mark. Mert took a spurt every now and then and climbed over the double hundred point and then dropped back. In the second frame he ran six strikes in a row and then fluked in the seventh. The match was full of high scores, the visitors hanging close to and even topping the high mark. There were eight tallies above the two hundred mark which is supposed to be very unusual in a match of this kind.

The champions from Staten Island were very quiet in the work and although they won the match it was by the narrow margin of thirty-eight points.

Following are the detailed scores: Y. M. C. A.

Ingraham	150	214	211	165	194	220	142
Whalen	121	163	167	171	183	208	201

Secretary Deacon complains of having a terrible tired feeling these days. Too tired to keep score last Saturday yet he ran at least twenty miles in his capering around the field and not satisfied with all that expenditure of perfectly good energy he nearly yelld his pivot tooth loose. Guess there's some hope for us after all.

### Y. M. C. A. GRAB OPENING GAME

Elusive hurling by Ed. Hardy and a terrific bombardment by his teammates enabled the local Y. M. C. A. to grab the opening game of the new league on Star Field last Saturday, by the highly one-sided score of 13 to 3.

Almost the whole wonderful tale of the conflict might be told by reciting the doings of about two of the players. Ed. was making a personally conducted affair out of the defensive measures, while Deats was attending to about all there was left to do with the attack. And about all there is to the science of baseball anyway, is keeping the other fellows from getting runs while you are gathering a bundle of them yourself. Beyond this point the technicalities of the game are fairly simple.

Be that as it may, Hardy just went out there last Saturday and struck out seven of the International Smokeless Powder and Chemical Company batsmen. Until the ninth and last period of the conflict they had amassed not a lone tally off his delivery and the only way they could cluster any at all happened to be a fluke. Ed. issued only two free passes to first in the entire game and they happened to come together in the last inning. This and a lucky double scored the only runs made by the visitors.

And while Ed. was attending to the defense in a manner that threw the enemy's attack back on its haunches, Deats was running all over the field, hitting one out now and then and coaching all the time whether there happened to be anyone on the paths or not. Although Deats and the lads he so efficiently advised climbed all over the opposing pitcher so completely that Glynn was hovering over the abyss all the time until he finally fell over in the sixth inning. The tale of conflict might have been more krewsome yet if those visitors had persisted in trying out Patty Applegate's throwing wing. Fatty, you know, can chuck 'em down to second so neatly that the decisions aren't usually even close. Shinn was the heavy stick man and when he caught one on the trade mark one time there he rode it for three bases. Roberts also doubled.

On the whole, Ambrose, the manager, is tickled nearly to death over the outcome and already in his mind's eye he can see the pennant flying from a pole that he intends to erect in the pitcher's box for that purpose while the trophy—well he hasn't exactly decided just what he will do with that yet.

Following is a detailed score of the game:

### BALL GAME TO-DAY.

This Saturday morning the local Y. M. C. A. team will meet the Herman-Aukman team from South River in a game on Star Field. The game will start about half-past nine, if possible, or as near that time as possible so that the players can get through in time to go away in case any of them so desire.

About the same lineup as last Saturday will be used although there may be some changes as to position. Manager Watson is confident of winning this game and would like to see the crowd turn out in force to inspire his boys. Deats will be a role circus in himself in his endeavoring endeavors and Hardy's pit' ag is worth seeing too. As this is the starting of the new league the people should lend the boys a little encouragement in their efforts to have some attractions for the city.

### Sheridans Lost at Jamesburg.

The Sheridans went to Jamesburg with a patched up lineup last Saturday and lost the game by a 5 to 1 score. Most of the substitutes were new players and they fared pretty badly at the hands of the Jamesburg A. C. The game started off bad for the locals as several costly errors gave their opponents a three run lead right in the opening stanza.

Quinlan made the only run scored by the Sheridans but after that first inning the boys tightened up and put up a good game during the remainder of the contest.

### NEPTUNES LOSE BY ONE RUN.

The Neptunes journeyed to Keyport last Sunday and lost a fairly well played game to the A. C. of that place by a single run. The game was close all through and when the ninth inning opened the teams were tie on the score. Two bad errors lost the game by letting the much needed run to cross the pan. McDonald, a local youth, pitched for the Keyport lads and got fifteen strike-outs to his credit. Bowling caught for him. Render pitched for the locals and Witzak, the Sheridan catcher, caught. Render got eleven opposing batsmen to whiff the wind before taking their seat on the bench.

### Y. M. C. A. DOWN KEYPORT.

In one of the closest games ever bowled on the local alleys the Ingraham-Whalen combination of Y. M. C. A. nosed out Maurer and Ackerson of the Keyport Yacht Club last Tuesday night. The local boys took four games straight and won the first game by only three points. The next game was even closer yet, only one point deciding who was the winner. In this game it looked as if the Keyport boys had the game cinched up to the fifth frame when lanky Mert took a spurt and made seven strikes in a row. In the third game there was a margin of two points in the victors favor but in the last frame Pop and Mert ran away from their opponents and cleaned up with some forty-six points to the good. Mert was the only one to run the score over the two hundred mark. As the contest was to have been the best out of seven played and the locals taking the first four in a row no more were bowled.

Following is the detailed score:

### SPORTING NOTES.

In beating the Parlin team last Saturday the Y. M. C. A. team certainly over-joyed their manager, because, he figures that was about the hardest proposition they are likely to run up against in the league.

Shinn was the boy that started all the trouble when he lammed out that triple in the first inning. He put so much heart into that wallop that the pitcher's goat began to get awful restless.

The other players have undoubtedly come to the conclusion that Deats is certainly some coacher. The line of stuff he got off was both entertaining and exciting.

Shinn won further glory for himself and brought the crowd to its feet when he stole home in the fifth. He did it so slick that it was all over before anybody woke up.

For a fat man Fatty Applegate is about as supple as they make 'em. And he don't use any breast protector either. What's the use, the ball bounces just as far as with one. And it don't make much more of an impression either.

Our boys had the high sign hung on that Parlin pitcher in three innings, but they didn't see it until the sixth.

As a ground coverer Rehfs surpassed all expectations. The way he chased himself around in left was gratifying to Ambrose.

The visitors played a good, but the luck breaks didn't happen to come their way was the trouble. Next time there may be a different story for we poor scribes to write about.

The Parlin team won't need any water-boy while they have their present catcher. Whiskey puts up a good brand of baseball in spite of his peculiar John Hancock.

The way Bob Manaker handled Nut's shoots at Jamesburg showed that strange pastures have no effect on him. Bob evidently hasn't forgotten how to act behind the plate and there's a lot of credit coming him

for his good work in putting ginger into the others.

After awhile the Sheridans are going to quit making so blamed many vital errors; then you'll see some ball playing. We know this for a fact cause their manager told us so.

Nut, that Sheridan "come-back" only allowed one hit last Saturday and then lost the game on the errors the men behind him made. Tough luck that.

If it hadn't been for that first inning—Oh well, that's the beauty of baseball, you never can tell what's going to happen.

Young Clarke showed good prospects for so young a player last Saturday.

Quinlan, the manager by the way, saved his team from ignominious defeat by scoring the lone tally they got.

We understand that the Oriole pitcher is supposed to be of league timber. Wonder what league—South Shore?

Hoffman stole second coming up to the train last Saturday, and not having any further use for it he heaved it up on a nearby roof.

## ODDS AND ENDS

## Items of Interest Presented in Short Paragraphs for Busy Readers.

Mrs. Ambrose Newman is on the sick list.

This week has certainly ushered in the good old summer time.

The pool parlor at Broadway and First street will open to-day.

Do your shopping early as most of the stores will close at noon to-day.

On account of a holiday the Public Library will be closed to-day (Saturday).

The Post Office will close to-day at 10 a. m. and will not open again during the day.

This week oil was put on Borden town avenue and also upon Main street to allay the dust.

Rev. E. R. Tilton, of Phillipsburg, will preach in the Baptist Church as a candidate on Sunday, May 31, morning and evening.

Rev. J. Edward Shaw attended the re-union of Class 1907, Theological Department, Rutgers College, New Brunswick, last week.

A number of members of the M. E. Church visited Mrs. David Hulitt this week, and remembered her with a donation, combined with best wishes.

For the first time in many years there will be no trains in the freight department annulled this Memorial Day on the Trenton Division of the P. R. R.

Former Assessor Hackett is again chopping meat along Broadway, and it seems like old times to have him with us again serving meat to his friends.

A new low water mark for slackness of business in the coal shipping line in the local yards last Monday night, there being only three crews working.

The Nautical Gazette says that The Scully Transportation Company has contracted to deliver 100,000 tons of coal at Providence, all of which will be loaded in Philadelphia.

A new fire alarm box was installed on the corner of Pine avenue and Henry street by the city electrician last Sunday. The box is of a new type to those used heretofore.

The new city superintendent of schools is certainly on his job. Last Wednesday the afternoon session of the schools was cut short on account of the excessive heat, because the laws forbid school when the temperature gets too high.

The cops have troubles of their own, like the rest of us, it seems. Every night the officer on duty finds it necessary to jog the memories of the crowd that collects in front of the Post Office. Why make it so unpleasant for the gentlemen in blue?

Six delegates represented the Presbyterian Church at the Bible Teachers Instruction Conference held in the M. E. Church at Perth Amboy on Tuesday afternoon and evening. Some very able and interesting speakers took part.

In his joy at seeing the rain last Wednesday one of the high school pupils took off his hat and stood out where the rain could fall upon him. He got pretty well soaked, but said he didn't mind because it is such a delightfully cooling sensation to have water running down the back.

Last Monday night a youth passing along Broadway resented remarks made by some one in a crowd of young fellows that he was passing and went back to tell them about it. His nerve was all to the good, but he made the mistake of picking out about the smallest lad in the bunch to hit and of course this lad was a great deal smaller than he was. One of the fellows started in to act the part of a peacemaker and the young man who resented the fancied insult started in to fight. The would be peace-maker contrary to expectations didn't reply in kind for any one of several reasons, one of which was that he might have laid the other out cold most any time he wanted to. The excitement lasted quite a while and only ceased when a representative of the law in all his majesty of blue cloth and gold buttons hove in to view a couple of blocks away. Funny thing how far a cop can be seen on an occasion like that. The youth made his get-a-way under es-

cort, as he was considerably riled up and ready for almost anything. In the words of an onlooker he beat it while he was altogether.

Samuel Kinstlinger, the jeweler, has again shown sign of prosperity by installing a new polishing lathe and special bench for the repairing of jewelry. The lathe is run by an electric motor. He has a large electric fan running and patrons find his store very cool.

J. M. Willett has enlarged his pavilion at Morgan, and it now presents a very attractive appearance, and ought to draw greatly increased trade this summer.

The degree team of Seneca Tribe, Imp'd O. R. M., and others expect to travel to Freehold Decoration Day to take part in a parade there. A good time is expected.

Inathe Council, No. 6, Degree of Pochanobas, are anticipating two or three big meetings in the near future.

## Mrs. M. E. Greene Bequeathed \$500

The will of Mary L. Van Wagenen, who died at 74 West 103d street, New York City, on January 23, was placed on file for probate on Tuesday. It disposes of her very large estate to a score of relatives, friends and charitable institutions. Among the beneficiaries is Mrs. Mary E. Greene, of Plainfield, formerly of this city, who is to receive \$500 in cash and a "Marine picture and water color view marked, 'M. E. G.' painted by her sister, the late Miss Addie Dolan.

## YOUR DOGGY IS IN DANGER

Mayor Dey has issued a proclamation which was read at the meeting of the council last Tuesday evening and by that august body received, approved and filed. The proclamation provides a means of exercise for those men who have to have some excuse for taking a walk or anything like that. If you've got a dog you'll have to keep him tied up during the months of June, July and August for if he is caught running-at-large after June 15th, he is liable to be impounded and dealt with at the discretion of the governing body. The dog can, however, be taken out for a stroll provided a leash is used and someone has charge of him. Councilman Stanton wanted to know if the city had appointed a dog warden. They didn't know of any having been appointed, but thought that the matter would be taken care of before the date set in the proclamation and the matter rested there.

## War Veterans Attend Divine Service

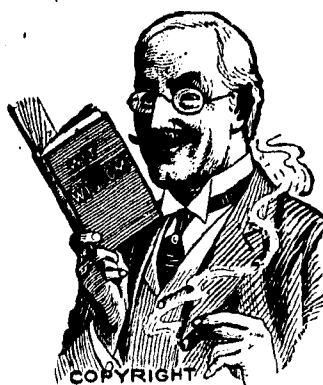

A large congregation attended the Methodist Episcopal Church last Sunday evening, the occasion being a special service in honor of the members of William S. Truex Post, No. 118, G. A. R. As the veterans filed into the church the organ pealed forth sweet strains of marshall music, which proved pleasing to the ears of the old soldiers. Rev. J. E. Shaw delivered a grand patriotic sermon, which was listened to with rapt attention throughout. The choir sang several patriotic hymns, and the Misses Vera and Myra Deltrick rendered a beautiful duet, most appropriate to the occasion.

The church was artistically decorated with the stars and stripes, presenting a scene to enthrall patriotism into all present. As the veterans filed out of the church at the close, the congregation stood as one body.

## HUNT-SNOW.

The Methodist Episcopal parsonage was the scene of a pretty wedding at 3 o'clock on Wednesday afternoon, the contracting parties being Mr. Frederick Hunt, of New Brunswick, and Miss Hazel Snow, daughter of Mr. and Mrs. John Snow of this city. The ceremony was performed by Rev. J. E. Shaw, the pastor.

George A. Sproot and Miss Estelle Madsen, of New Brunswick, acted as bestman and bridesmaid respectively.

## THE SENSE OF SATISFACTION

comes from many sources but there is none greater than that derived from a perfect pair of glasses, and especially after many trials and tribulations with imperfect ones. If you are seeking after glasses that will suit you in every way, you need go no farther than our store. We will test your eyes properly and furnish you with a pair that will be exactly what you need.

## DANCING AT MORGAN TO-DAY.

The new dancing pavilion at Morgan will be thrown open to the public to-day, and it is expected that crowds will hie to this famous resort for the express purpose of tripping the light fantastic toe. The managers have engaged first class

music, and to hear the sweet notes echo through the Cheesapeake valley will prove refreshing to the tent and bungalow colony. Dancing from 2 to 5 and 8 to 12 p. m.

There are no freckles on the good opinion a man has of himself.

It's high time for a low Regal! Anybody can make an "Oxford," but not everybody can make it fit. And—you don't pay money for conscientious effort, but for confident efficiency. Regal "Oxfords" are the lump sum of over twenty-years' "strive-and-succeed."

We have them in Patent, King Calf, King Kid and Tan Calf, button or lace.  
Women's Oxfords and Pumps, \$2.00 to \$4.00.  
Men's Oxfords \$3.00 to \$4.50.  
Women's Rubber Sole and Heel Tan Calf Oxford \$3.00.  
Men's \$4.50.  
White Footwear.  
Children's Pumps, Sandals and Play Shoes.  
Tennis Oxfords and Shoes.

If you have a leaning toward made-to-order clothes, you don't need to pay "\$50 and up." A Royal tailored-to-order suit, expressing the highest results in custom-tailored workmanship, style and fit, will cost you, at this store, but \$16, \$17, \$20, \$25, \$30 or \$35.

Cool Underwear for Warm Days—Porous Knit, Olus and B. V. D. Union Suits, B. V. D. Shirts and Drawers, Athletic Shirts and Short Drawers to match, Balbriggan and medium weight.
