

Speeches and Music Will Herald the Starting of Ferry Terminal

The Jersey Coast Ferry Company has purchased the terminal site in this city, situated on the easterly side of Rosewell street, extending from John street to Henry street. The property was taken in the name of the Jersey Coast Ferry Company, Inc., and was purchased by William J. Parlsen, Jr., and his wife, Mary Ann Bell, Arthur J. Bell, George E. Parlsen, Katherine E. Stevens, George A. Stevens, William J. Parlsen, Josephine Parlsen and Walter A. Parlsen.

The company announces that with the taking title of this property, work will be begun immediately on the ferry terminal at South Amboy. The work on the terminal at Tottenville is nearly complete and it is expected that the ferry service will now be in operation earlier than was anticipated. The real estate purchased by the company last week and the slips and improvements to be erected thereon immediately are included in the property which secures the Jersey Coast Ferry Company 8% First Lien Ten Year Sinking Fund Gold notes now being offered investors at par.

Mr. Charles A. Marshall of Tottenville, one of the Company's directors, when interviewed regarding the Jersey Coast Ferry Company, said in part as follows:

"I have assumed a part of the responsibility of its management by accepting a place on its directorship. I do so because I honestly think that another ferry between Tottenville and New Jersey is much needed. I believe it will be not only a very great benefit to all the people of New York City, but it will materially enhance real estate values in the southernmost part of Richmond County.

"I have looked into this ferry project very closely and as a result I have unhesitatingly invested some cash.

"I reside on the street leading to the present ferry to Perth Amboy, now operated by the Baltimore and Ohio Railroad Company, and am very familiar with the large number of automobiles and passengers carried over that ferry and I feel positive that the new ferry will prove most profitable to those who may be fortunate enough to buy notes and acquire stock.

"Furthermore, I wish to state that the men associated with me on the Board of Directors are men of high character and possessed of business ability by reason of their training and experience in many enterprises."

Mr. Campbell, President of the Broad Street National Bank at Red Bank, New Jersey, when interviewed, stated:

"The Jersey Coast Ferry Company, Inc., have established a ferry line from Staten Island to South Amboy. They are selling \$50,000 8% notes which are secured by a franchise secured from the City of New York for the Staten Island side of the ferry and property at South Amboy, which they were to take title yesterday.

"From the proceeds of these bonds they are to build two ferry boats accommodating from sixty to eighty cars and also build a ferry-house at South Amboy. New York City is building, in fact has almost completed, the Staten Island side upon which the ferry company pays them percentage rental.

"The company has also deposited a city of New York \$25,000 of New York City bonds as guarantee of good faith. These franchises, property and boats when completed have been assigned for the benefit of the note holders to secure this issue.

"Mr. Stephenson, Cashier of the First National Bank of South Amboy is Treasurer of the company and the proceeds of all the notes are deposited direct to the company's credit in his bank. I consider this ferry line a great advantage to our county, especially the shore section and from statistics of the Tottenville ferry there does not seem to be any reasonable doubt but that the company will prove not only a profitable investment, but will be a big money-maker for the stockholders. I have known Mr.

Van Brunt many years and consider him a most capable man in his line, and he is giving his entire attention to this work."

Mr. A. Gordon Murray, 26 Pine street, New York City, who has been interested in the ferry company since its inception, stated in part as follows:

"I take this opportunity to express my personal gratification with the manner in which you have handled the financing of the Jersey Coast Ferry Company. My personal belief is that it offers a rare opportunity to conservative investors and one that is presented seldom in a life time.

"You will remember that at the launching of the Company's business I advanced \$25,000 for the purpose of enabling the Company to receive the New York City franchise and I am glad that I was in a position to assist this much needed public improvement. I believe it is a public utility with the greatest possibilities.

"You have now completed an organization of men thoroughly familiar with the local conditions, which in my opinion will militate greatly to the advantage of the company and an efficient and successful management.

"The two new and modern ferry boats and the terminal facilities with their highway approaches should in my opinion render the privilege granted under the franchise extremely valuable.

I procured the advice of an eminent transportation expert and he unhesitatingly reported to me that in his opinion the company should get nine-tenths of the traffic to the Jersey Coast and Central New Jersey and that the Company should make money eight months in the year and pay its expenses the other four.

"I think you will see from what I have said that I have the greatest confidence in this enterprise."

C. C. Taylor & Company, bankers for the company, announce that on and after October 1st subscribers to the Company's 8% secured notes would receive in addition to their notes, certificates evidencing their right to purchase 8 shares of the company's preferred stock (\$100 par value) at \$30 a share for each \$100 note subscribed for. It was explained that these rights were optional rights on the part of the purchaser of notes, the purchaser being granted six months in which to exercise the option.

It was announced that on Saturday, September 30th, there would be a meeting of the business men of South Amboy to celebrate the start of the building operation of the terminal on the Jersey side.

In order to make the event memorable a program has been prepared, whereby the people will have the opportunity of witnessing the driving of the first piling. President James D. Van Pelt of the Chamber of Commerce will be in charge of the arrangements. Addresses will be made by Hon. D. C. Chase, nominee for mayor; Rev. A. B. Strenski, rector Sacred Heart Church; Harry C. Perrine, President First National Bank; W. T. Van Brunt, and D. T. Garber, of New York. A band of fifteen pieces under the direction of A. T. Kerr, will furnish music, and a short parade will be made previous to the exercises. The program will start at 3 p. m.

DEMOCRATIC CLUB SECURES NEW HEADQUARTERS

The South Amboy Democratic Club, in order to facilitate the carrying on of the campaign, and for better convenience of its members has rented a store in the McCloud Building, where all campaign work will be carried on. The rooms will be open every night, and friends are invited to stop in and spend a few hours in discussing the political situation.

On Tuesday night the committee-men are requested to meet for organization. Thursday night an open meeting will be held, to which the public is cordially invited. All the county and local candidates are expected to be present and give short talks. The club hopes that there will be a large attendance at this meeting. Every member of the club is expected to put on more steam from now on and exert all the powers that within them lies for the success of the party this fall.

Great Interest Taken in the Primary Election in This City

That the Republican party in this city is unusually active for the support of candidates was fully evinced at the Primary on Tuesday, when they got out the largest vote ever recorded at a primary election. Heretofore the Republican vote at a primary has been very light, but this year with a live lot of workers they more than doubled the usual vote.

While the Republicans had no candidate's name for Mayor printed on the ticket, Hon. D. C. Chase, Independent Citizens candidate, received 788 votes, to G. F. Disbrow's 30 votes. Disbrow desired to be nominated on this ticket, but he was given but little support.

Harold G. Hoffman, for Assembly, ran high, securing 991 votes, while Edwin L. Tice for Councilman-at-Large, received 936 votes.

On the Democratic ticket the contest for Councilman in Second Ward brought out a large vote in this ward. Thomas Lovely, the or-

ganization's candidate, defeated Philip Downs by about 70 votes. Downs worked like a trooper all day, but he had the regulars of his party working against him, and the odds were too much. He made a good fight under the circumstances and showed that he had a big following.

The ballots were marked in all shapes, showing the voters selected their choice, and it was seldom that a ballot completely marked was presented. This gave the poll Clerks much work in their tally. D. C. Chase received about 37 votes for Mayor on the Democratic ticket.

Edward J. O'Connor for Freeholder received great support from the Democratic voters of the city, which helped him greatly in getting the regular nomination on the Democratic ticket. After several years of quietness politically, he has shown that he has not been forgotten by his friends. He will now hustle to elect the entire ticket.

EVANGELISTIC MEETINGS AT PRESBYTERIAN CHURCH

Evangelistic meetings under auspices of Rev. Thomas Houston, the blind evangelist, are being held in the Presbyterian church, and will continue every night until Sunday evening, October 8. The services begin with a song service, and the evangelist sings solos, reads scripture with his fingers, and gives an interesting message. To-night, (Friday) his theme will be a love story entitled, "The Kidnapped Girl."

Saturday night at 9 o'clock, Mr. Houston will conduct an open air service, from the stoop of the church.

On Sunday next the morning theme will be "The Only True Religion," evening, "When the Boys Came Home," to which the members of the American Legion are specially invited.

Monday night will be "Sunday School Night," and on Friday night, October 6, Mr. Houston will tell the story of his life, how he lost his sight and became a Christian and a preacher.

The meetings thus far have been greatly appreciated.

MONAGHAN—CARR

Among the early Fall weddings of note was that of Miss Catherine Carr and James A. Monaghan, which took place at St. Mary's on Wednesday, September 27, at 9 o'clock a. m. The nuptials and nuptial mass were both said by the Rev. Dr. E. C. Griffin. The Church was filled with the friends of the contracting parties. The bride wore her honors well in a charming dress of white Canton Crepe, wearing a veil and carrying a shower bouquet of roses and lilies of the valley. The bridesmaid, Miss Catherine McKee, was dressed in pink taffeta, wearing a black hat and carrying a bouquet of Tea Roses. The groom was attended by his brother, Mr. Francis A. Monaghan, as best man.

After the wedding the friends and relatives attended a reception at the home of the bride, where all the good things of such an occasion were participated in and all the wedding presents were displayed, which were very numerous. At a late hour Mr. and Mrs. Monaghan departed on an extended wedding trip through the Eastern states. On their return they will take up their residence at their newly furnished home on David street.

PYTHIAN SISTERS TO RESUME MEETINGS

Good Samaritan Temple, No. 5, Pythian Sisters, will reopen their regular meetings Wednesday afternoon, October 4th. Mrs. Carrie Wilson, who represented the local Temple, at the grand Temple sessions held in Trenton, September 20th, will be present, and give her report. It is hoped that every member will be present to hear it.

Good Samaritan Temple was again honored at the Grand Temple session by having one of its members, Mrs. Clara Bucklew, elected to the office of Grand Mistress of Finance.

REPUBLICAN CLUB WILL SUPPORT CHASE FOR MAYOR

The South Amboy Republican Club held their regular weekly meeting on Wednesday evening, September 27th. It was largely attended, they were very enthusiastic over the successful primary of the preceding day.

The primary proved to be the largest ever held in this city by any political party, over one thousand votes being cast. Harold G. Hoffman, one of our local boys, received almost the entire number. The Hon. D. C. Chase received about eight hundred votes by having his name pasted or written in. It shows that the Republican party heartily endorses the candidate of the Independent Citizen's Party. A resolution was passed unanimously by the club, in which they endorse the actions of the Republican party in selecting Mr. Chase as their candidate for Mayor. They pledge their loyal support to him in the ensuing general election.

Considerable discussion was entered into, relative to several mass meetings, which will be held prior to the general election. Arrangements were made in part for these meetings, it being the determination of the club to continue its successful work.

Granting of Plumbers' Licenses Discussed by the Board of Health

The application of the Trenton Fitting and Heating Company of Trenton for a plumbing license in this city precipitated a lively discussion at the regular monthly meeting of the Board of Health held in the City Hall on Thursday evening. The question was raised by Dr. J. F. Weber as to the advisability of granting licenses to out-of-town concerns without examination or recommendation. Other members of the board expressed themselves that there were sufficient plumbers in the city to handle local work and some steps should be taken by the Board to protect men engaged in this line of business.

The unanimous opinion of the Board was that in the future some provision should be made for a special license fee for out of town concerns. Steps were also taken to provide an ordinance calling for an examination of all applicants, thus keeping out men unqualified to do plumbing work. This application was granted.

All members of the board with exception of the president were present. In his absence, Dr. J. F. Weber presided.

Inspector Howley made his monthly report showing but three cases of contagious diseases in the city and all three mild cases. His report showed an active month's work in which some definite conclusion was made in each nuisance reported.

At a recent meeting of the board a complaint was made relative to the sanitary conditions about the houses owned by the Central Railroad and Whitehead Brothers at the foot of Bordentown avenue. At this meeting the property owners were ordered to construct cesspools or otherwise make

Mail Slot or Receptacle Required

Postmaster Rea has received the following information from the First Assistant Postmaster General:

"On account of the delays caused to carriers at dwelling houses where no door-slot or mail receptacle is provided, and the fact that a large number of dwellings are thus supplied already, it seems timely, within a reasonable period, to require all who are to receive mail by street carriers at their dwellings provide such accommodations, the sense of the same being small. Postmasters are therefore thus instructed. The length of notice should not exceed four months, although there may be exceptional cases where postmasters should use reasonable discretion or ask for instructions."

"It is not the Department's desire, of course, that any shall be deprived of delivery by this requirement, but rather it is earnestly hoped that all will see the reasonableness of it and its advantage to themselves as well as to the carriers. But if it finally becomes necessary, mail delivery will be discontinued where no door-slots, (preferably) or mail receptacles, are provided."

This applies alike to all who receive mail by street carriers in cities and villages where there is delivery service. It will be noted that a slot of proper size to receive the usual run of letter mail, papers, and magazines, cut through door or otherwise placed so as to be readily accessible to the carrier, is preferable and should therefore be urged, but any suitable box is acceptable.

You should put into effect at once a plan for locating the dwellings without slots or receptacles, and through the carriers or otherwise bring to the attention of the occupants the advantages of providing a slot or receptacle for the receipt of their mail; delivery of mail without the necessity for responding to the carrier's ring at inconvenient moments; prompt and safe delivery of mail in the absence of occupants, thus avoiding delay through return of mail to post office when there is no one to receive it, and does away with the unsafe practice of placing mail under doors in vestibules and on window sills.

It will be noted that the order of the Department contemplates that by December 31, 1922, at the latest, all dwellings shall be provided with slots or receptacles, and it is important that all householders in dwellings not now so equipped should have due notice. In addition to specific notice from time to time to delinquent householders, the matter should be given publicity through articles in the local press without cost to the Department, setting forth what is proposed and its advantages.

As soon as all dwellings are provided with slots or receptacles you will report the fact to this office. There will be published in the Postal Bulletin, in the order as reported, the first cities in each state which report every dwelling house in the city equipped with slot or receptacle.

It is desired that a spirit of competition or friendly rivalry be stimulated among the carriers to see which can first secure a slot or receptacle at every dwelling on their routes. The name of the first carrier in each city accomplishing this will be published in the Postal Bulletin, as well as on the bulletin board in the post office, and the names of the other carriers will be posted on the office bulletin board as their routes are completed.

Your best efforts in obtaining the wholehearted co-operation of your patrons and making the installations in your city complete at the earliest possible time will be greatly appreciated.

Respectfully yours,

JOHN H. BARTLETT,

First Assistant Postmaster General.

Through wireless means, supplemented by an instrument somewhat resembling in its mechanism the human eye, we shall be able before long to talk to a person hundreds or thousands of miles away, and at the same time see that person's face. Conversation by radio will thereby be rendered more intimate and agreeable. We can even watch the other person's changes of expression while he talks—see him smile at a joke while we hear him laugh, etc.

NEWARK WILL FIGHT FOR ELIMINATION OF BAY BRIDGE

Elimination of the railroad bridge of the New Jersey Central across Newark Bay, from Elizabethport to Bayonne, and substitution of a tunnel or another route, to be forced by a fight in the courts if necessary, is the present plan of the City of Newark. This was learned at Trenton Monday when the State Board of Commerce and Navigation at a meeting adopted a resolution pledging itself not to make a decision on the bridge proposition until it had held a public hearing. The resolution was adopted to give Newark a chance to be heard.

The city, it is understood, has employed legal counsel who is investigating a report to the effect that the present bridge, which the railroad wants to replace, was erected under a permit which was only temporary in character, and was revocable "after the war" in 1865. Besides, the city is investigating through a corps of experts the probable cost of building a tunnel instead of a bridge, and also re-routing the tracks of the Jersey Central further up the bay.

The idea of the Newark authorities is to eliminate the present bridge because of its obstruction to navigation, and make it more of a port. Just how much effect any decision of the New Jersey Commission may have is not clear. Chairman Smith, of the Board, inclined to the idea that his board is powerless to prevent the replacing of the bridge because it has been authorized by Congress. The authority of the board, he felt, extended only to approving or disapproving the plans adopted.

The board approved of changes in the grades and structure of the new Perth Amboy-South Amboy highway bridge, as requested by the State Highway Commission. Colonel Walter F. Whittemore, of the Highway Commission, and Clarence W. Hudson, chief engineer for the bridge, appeared to answer any questions, but there was no objection to the change, and approval of the Commerce and Navigation body was given.

PACERS WISH TO PLAY

ALL JUNIOR TEAMS

Perth Amboy, September 27.—The Pacers, who have won the Junior basketball championship of Perth Amboy for the last three seasons, have reorganized for the coming season and would like to book all strong Junior teams in Middlesex county, especially the St. Mary's seconds, the Boy Scout Juniors and the Sacred Heart Juniors of this city.

The Pacers will be a neat looking team when they appear on the floor as they have been outfitted in new uniforms. The players who will sport the colors of the Pacers are familiar to the sporting public of this city as they have performed in various branches of sports on numerous occasions in this city. One of their forward positions will be taken care of in capable fashion by "Spike" Schultz. Schultz in addition to being an excellent basketball performer is the Pacer's star pitcher, fullback on their football team, and boxer who represents them in amateur boxing tournaments. His sidekick at forward will be Jerry Kaplowitz, foul shooter extraordinary. Kaplowitz's foul shooting has on more than one occasion pulled victory out of the jaws of certain defeat. At center will be lanky Abe Levine a member of this year's high school track team. The guarding positions will be occupied by "fal" Dohin, "iron man" Brinsko and "horse lips" Shihler. Dohin distinguished himself on the varsity grammar school baseball nine last season by having a batting grand average of .621 in the twenty-one games in which he participated. Among the many achievements of "iron" Brinsko is that of throwing a carnival wrestler in two out of three falls. "Horse lips" Shihler at the age of thirteen is a senior at high school and next fall will enter Rippen's college. But what Shihler lacks in age, weight and height he makes up in ability and experience. Shihler also takes great pride in having the largest lips in Perth Amboy. Managers wishing to book this team of great athletes can do so by communicating with Walter Adams, 173 Washington street, Perth Amboy.

Marvin, age nine, from Darlington, was visiting his aunt in Frankfort, when she overheard a playmate ask him whether the boys played marbles in Darlington. He replied, "I'll say they do; there's a boy there got 25,000."

Thinking he might have the number 1,000 or more too high, his aunt said: "No, no, Marvin you don't mean 25,000, you mean—"

DAY OF ATONEMENT FALLS ON MONDAY NEXT

The Day of Atonement, or Yom Kippur as it is named in Hebrew, falls due this year Monday, October 2, and is observed by the Jewish people in all parts of the world with unvarying solemnity from sunset Sunday evening, October 1, until sundown of October 2. No other holiday of the Synagogue is invested with such importance as is attached to this day of soul-searching and repentance. It is perhaps the most distinctly Jewish holiday of the Synagogue, one that is most pervasive and states in fullest measure the ultimate goal and purpose of Israel's striving. The Messianic fulfillment of the Jews as well as humanity's destiny is fore-visualized in the liturgy of this service.

The ceremonial observance of the Day of Atonement requires the worshipper to withdraw from all worldly cares, and, forgetful of the workaday affairs which have occupied him during the year, give himself unto God in the thoughts of prayer and repentance. The devout tarry in the synagogue from morning till evening, abstaining from food and drink, so that by affliction their souls they may the better purge themselves of sin. Under the severe discipline of this introspection and fasting the worshipper exercises a larger degree of self-control in his relations with humanity and thus becomes reconciled to man and God.

Set high as life's great throbbing star, the ideals for which the Jews have lived and died are on the Day of Atonement again proclaimed. In the poetic ritual of the service, some passages of which are acknowledged to be of unparalleled sublimity, this confidence is vouchsafed that all men and women as well as the children of the house of Jacob are factors and processes in the hands of the Creator of the Universe who fashions the careers of men and women according to a divine plan whose ultimate goal is the establishment of an era of peace and good will among men. To impress upon each individual worshipper the responsibility of his life and action and make him duly conscious of his importance as an agent in furthering the purposes of God on earth, is among the many lofty conceptions unfolded in the liturgy of the Day of Atonement.

Yom Kippur has a long ancestry, and like many of the holidays and ceremonials of the Synagogue has undergone changes during the centuries of unbroken historical existence in which the Jews have sojournd among men. In the Mosaic Code, for example, on this day the high priest in the Temple performed the important function of expiation for the sanctuary, the priesthood and the people.

In contrast to this priestly monopoly of service with its external forms of expiation, the rabbis of the Synagogue clothed this holiday with the mantle fallen from the shoulders of the prophets of Israel and invested it with the doctrines of God's mercy and paternal love. It is due to the teachers of the Synagogue that the Day of Atonement was divested of its sacrificial features as those detailed in Leviticus 16: 2-24 and Ezekiel 45: 18-20. According to their preachment the conception of atonement was altered to enforce on the worshipper the truer verdict that all repentance must be effected in the heart and soul of the sinner, the individual worshipper. Only through his own efforts could a genuine reconciliation with God and man be obtained.

One phase of the ritual in the modern synagogue is devoted to the remembrance of dear ones called to their eternal reward. The memorial services usually held in the afternoon of the Day of Atonement are solemn and impressive and are intended to remember not only those members of the Jewish community who have passed away but to commemorate all good and noble men and women who have served the cause of humanity and increased peace in the world.

A PARTY LEADER

The Newark Sunday Call in "Jersey Men You Know" column last Sunday, presented the following:

"William S. Day, of South Amboy, president of the Republican Club of that borough, is an ardent supporter of the G. O. P. He is one of the 'life-long' variety, and as Director of the Board of Freeholders for several terms he has displayed exceptional ability in guiding the affairs of the county fathers. Day is an ardent deepwater advocate, although a railroad man by occupation. He knows the value of having a deeper channel in the Raritan and would like to see the plans for the big municipal dock for South Amboy put through successfully. He has a host of friends in that part of Middlesex."

BOARD OF EDUCATION

HOLDS BUSY MEETING

Only one bid for supplying coal for the public schools was secured by the Board of Education at regular meeting on Wednesday evening, it being from Howard D. Littell.

Those present at the meeting were: President Richard Mack, Francis P. Coan, Daniel Delaney, R. U. Rue, Secretary James S. Holton, Superintendent Barr, and Principals Crane and Dawson.

The Secretary read the call for bids on coal. Only one bid was received, it being from Howard D. Littell, who agreed to furnish 300 tons of anthracite coal for \$14.00 net ton. He would furnish semi-bituminous coal at \$10.25 delivered at the schools.

On motion of Mr. Coan, the bid was referred to committee on buildings and grounds.

A communication from the New Jersey Fuel Commission was read and referred to committee on buildings and grounds.

A communication from the Department of the Interior was read. It stated that the publication of School Life would be resumed. It was received and referred to superintendent, on motion of Mr. Coan.

Mrs. Coan of teachers committee, approved of the employment of Miss Marie Cowan as teacher in School No. 2. On motion of Mr. Delaney the report was received.

Mr. Rue, of Buildings and Grounds committee, reported the schools in good order. On motion of Mr. Delaney the report was received and filed.

The report of Superintendent Barr was presented. In part it was as follows:

On account of an over-crowded condition in Miss Nieltopp's room, School No. 2, I transferred five pupils to the first grade class in School No. 1.

There are 128 pupils enrolled from Sayreville Township of which number 17 are in the High School, 22 in grades seven and eight, and 89 in grades one to six.

Teacher's Absences
Miss Herr, teacher of Latin and French, has been ill since the latter part of August. Mr. E. B. Bostwick has been substituting for her. She reported for work on Tuesday the 26th.

Miss Edna Agan was absent two days, September 17th and 18th, attending the American Legion Convention. Mrs. McCormick was substitute teacher. Mrs. Nichols substituted in the sixth grade of School No. 2 during the first three days of the school term or until such time as a regular teacher was secured.

For the vacancy in school No. 2, sixth grade, we have secured the services of Marie Cowan of South Orange. She is most highly recommended by the Superintendent of Schools of West Orange where she taught for several years.

I desire to discuss with you in regular meeting a few conditions in our upper school which need readjustment if we wish to maintain standards and quality of work.

1. Miss Kerchner, our Commercial teacher has more work and pupils to handle than is possible for any one teacher.

2. Our seventh grade arithmetic classes are over-crowded—45 in one section and 48 in another.

There are eight boys residing in South Amboy who attend the County Vocational School in Perth Amboy. May the Secretary be authorized to draw a warrant for school trolley tickets for their transportation?

After the opening of schools I found that we did not have enough typewriters to accommodate our pupils in the commercial classes. Upon the approval of the President of the Board of Education and the chairman of the Instruction Committee, I ordered three rebuilt and one new L. C. Smith machines. The contract price is \$40 for each rebuilt machine and \$70 for the new machine.

I wish that we could provide the ways and means to put our athletics and physical training for the boys on a more satisfactory basis. The work now is handled by the three men teachers in the schools, but since their time is taken up with regular academic instruction, it naturally follows that results can not be very great.

I believe that our commercial problem and the physical training problem can be solved if we can find some one qualified to assist Miss Kerchner and give the greater part of his time to the boys' work in physical training. We shall need more of Mr. Dawson's time to handle an extra section in seventh grade Arithmetic and Mr. Thomas has every period taken up with his work in mechanical drawing and manual training.

Mr. Edgar Brower made a request to the board that his children be admitted to school in October, as

could be of school age. After some discussion, it was thought best not to break the rules of the school as it would form a bad precedent and upset the routine work of the school. A motion by Mr. Coan that the children be admitted was rejected.

The secretary reported securing \$25 for rent of auditorium, which was received and ordered turned over to custodian of school moneys.

On motion of Mr. Coan, the matter of raising rent of auditorium on account of price of coal was referred to Building and Grounds committee to report at next meeting.

A representative of a school savings system was given the floor and he took up considerable time in trying to convince the board that it should be adopted in the schools. On motion of Mr. Rue the matter was referred to Prof. Barr, to confer with the teachers, Mr. Coan voting against.

Mr. Littell explained the merits of his semi-bituminous coal, and the board decided to give it a test. The superintendent's report was again taken up, and various recommendations approved.

A current events leaflet was submitted to the board, and its adoption was left with the superintendent.

Mr. Barr reported that a Boys' Athletic Association had been formed, and that a football outfit would cost about \$200. Part of this money had been raised, and he asked the board to appropriate \$75.00 toward the equipment.

On motion of Mr. Coan, it was ordered that \$75 be appropriated, if needed, toward the equipment.

Permission was granted to Thomas Houston, the blind evangelist, to address the children, along educational lines, especially referring to the education of the blind.

A VISITOR FROM CHINA

The people of South Amboy are to have a great privilege in meeting George W. Waters, of China. Mr. Waters has been a resident of China since 1916 and will be able to give us an interesting account of what was going on in China during the time in which the world was engaged in the great war. Mr. Waters is an eloquent speaker and speaking as an eye-witness, those who are fortunate to hear him will enjoy a great treat. Mr. Waters will speak at 11 a. m. in the Baptist church on Second street. All the seats are free. This will be the only opportunity that the people of South Amboy will have to hear him, as his engagement is for only one service. Remember Sunday at 11 a. m. in the Baptist Church on Second street. Everybody invited. No reserved seats.

High School Athletic Association

You hear on all sides that South Amboy is dead. Just listen! On Friday, October 6, at 8 p. m. a dance will be given by the Athletic Association of South Amboy High School, and its going to be about the best ever. The music will be Tonghini's new six piece orchestra. "Nuff said."

The tickets may be purchased from any High School student, and they are 50c.

The proceeds will be used to meet the many expenses of this organization. Everything will be done to make this affair a howling success. (Chaperones will be in attendance).

P. Taylor Branson, of the U. S. Marine Band, Washington, D. C., paid a visit to Mr. and Mrs. P. F. Kenah on Wednesday. Mrs. Branson also spent the evening at the home of Mr. Kenah.

THE FOOTBALL GAME

For the first time in about ten years South Amboy High School is able to boast of owning a football team. How good this team is will be proven October 6, on Whitehead's field at 3:45 p. m., when our team will meet that of South River. The South River team has already met and defeated the teams of Flemington and East Rutherford.

Our boys have been practicing almost continuously for the last two weeks under the supervision of Coach Thomas, who is an excellent football player. The good spirit with which the boys have entered into the practicing makes Mr. Thomas feel very confident of them.

The field has been surveyed through the kindness of Mr. McMichael, the city engineer, and is ready with the exception of the goal post which we hope to have in a few days.

Tickets may be purchased at the field at twenty-five cents each. We hope everyone will turn out in full force to witness the first football game of the season.

DEMOCRATIC MEETING

NEXT THURSDAY NIGHT

The opening gun of the 1922 election campaign will be fired by the Democrats of the city on Thursday night when they will hold a public meeting at which time all county candidates will be present and meet local voters. The meeting will be held in the newly established headquarters in the McCloud building and is the first of a series of meetings which will mark their very active campaign this year.

On Tuesday night a meeting of the committeewomen will be held in headquarters to outline plans for rounding up the Democratic women voters of the city.

Joel Parker Council, No. 89, Jr. O. U. A. M., is making preparations for basketball games the coming season at the High School Auditorium. L. L. Stratton will be the manager of the team, and he expects to have one of the best in the county.

EXECUTOR'S SALE OF REAL ESTATE

THE UNDERSIGNED WILL offer for sale at public auction on WEDNESDAY, OCTOBER 25, 1922, at 2 p. m. on the premises, the two-story frame house and adjoining lot known as 212 Catherine street, South Amboy, N. J.
Terms: Cash.

ORDINANCE

AN ORDINANCE OF THE CITY of South Amboy to regulate blasting and blasting operations within the corporate limits of said City of South Amboy.

Be it ordained by the Common Council of the City of South Amboy: Section 1. That from and after the passage and going into effect of this ordinance no person or persons, firm or corporation shall do any blasting, or engage in any blasting operation or operations within the corporate limits of the City of South Amboy unless and until a permit therefor has first been obtained from the Common Council of the City of South Amboy, provided, however, that this section shall not apply to the Chief of the Fire Department, or any person who shall, under the direction of the Chief of the Fire Department, engage in blasting operations for the purpose of preventing the spread of fire.

Section 2. Any person offending against the provisions of section 1 shall, upon conviction, be punished by fine or imprisonment, and the Police Justice is hereby authorized and empowered to levy any fine not to exceed one hundred dollars, or to sentence imprisonment in the County Jail or County Workhouse or in the City lock-up for any period not to exceed thirty days on any person or persons convicted before him of a violation of Section 1 hereof.

Section 3. This ordinance shall take effect on its publication.
Passed September 28, 1922.
Approved September 28, 1922.

ODDS AND ENDS

Mr. and Mrs. John Heath and
Miss Bertha Heath were visitors at
the Trenton Fair on Thursday.

Mr. and Mrs. Norman Miller and
son, Alfred, and Mr. and Mrs. Sam-
uel Doude of Burlington; Mr. and
Mrs. William McKenna, and daugh-
ter, Helen, of Bordertown, were
the guests of Miss Addah Hamil-
ton of First street on Sunday last.

The American Legion Auxiliary
will meet next Monday night. All
members requested to be present.

Mr. and Mrs. M. F. Nagle spent
the week-end at Atlantic City, dur-
ing which time Chief Nagle attend-
ed the State Firemen's Convention.

The next meeting of the Woman's
Club will be held Thursday, Octo-
ber 5th, at 3:30 p. m. in the City
Hall. Mrs. J. E. Perkins, chairman
of the Music Department, has charge
of the program, which promises to
be exceptionally fine. Mrs. George
Mack will read a paper on "Fre-
neau, Poet of the Revolution," and
Mrs. J. D. Van Pelt will discuss
recent plays.

All members of Washington Camp,
No. 36, P. O. S. of A., are urged to
be present at our next regular
meeting, October 9, as we are ar-
ranging for the entertaining of the
Middlesex County Past Presidents
Association.

Miss Eleanor Wilson of Second
street enjoyed the week-end at At-
lantic City.

Chief Nagle, attended the State
Fireman's Convention at Atlantic
City on Friday and Saturday last.

The committees in charge of the
hospital bazaar will meet at the
home of Mrs. J. Arthur Applegate,
John street, at 3:30 o'clock next
Friday afternoon.

Europe is trembling in the bal-
ance. What will the Turks do is
the thought ever uppermost in the
National house. America wonders
why, so much commotion on the
other side. Who is to blame for
the disorder and confusion? "The
Terrible Turk," will be the sub-
ject of Mr. McCombe's address at
the Baptist Church, Sunday even-
ing at 7:30. All seats are free and
you will be made welcome.

Rev. George W. McCombe visited
his brother J. Ross McCombe in
Jersey City Saturday. Mr. McCombe
has been associated with State Sen-
ator Alexander Simpson in law prac-
tice for the past five years in Jer-
sey City, but has now opened an
office and entered the law business
for himself. Mr. McCombe is a
member of the bar, qualified to prac-
tice in the courts of New Jersey,
New York and the state of Maine.
Mr. McCombe's office is located at
586 Newark avenue, Jersey City, just
opposite the court house.

Miss Mary Snedeker of North
Wales, Pa., is spending a vacation
at the home of H. M. Dill in Main
street.

ily of Henry street, motored Sat-
urday to Long Branch to spend the
week-end with Mrs. Hulse's mother
who resides in Long Branch.

Mr. and Mrs. W. E. Morrow and
son, who have been visiting with
Mr. and Mrs. E. C. Roddy of John
street, returned to their home in
Elizabeth Sunday. Mrs. Morrow
when a resident in South Amboy,
was a member of the Baptist choir.

Eileen Maher, daughter of Mr.
and Mrs. Stephen Maher of John
street is doing nicely in Newark
hospital, where she underwent an
operation Friday of last week.

Camp, No. 11, P. O. of A., will
re-open their regular meetings
Thursday afternoon, October 5th.
All members are requested to be
present, as business of importance
is to be transacted.

Councilman Charles Stockton has
been quite ill the past week. From
latest reports he is improving nice-
ly.

Miss Beatrice Conroy of Ocean
Grove, was the guest of her sister,
Mrs. John J. Delaney of Broadway
on Tuesday last.

St. Martha's Guild will meet the

first Wednesday evening in every
month, next meeting Wednesday,

home after spending two months
with her sister at West Somerville,
Mass.

Miss Bertha Heath of First street
spent Saturday and Sunday last with
friends in New Brunswick.

ENCOURAGING REPORT
BROUGHT FROM THE PORTLAND
CONVENTION BY MR. CHASE

Former Senator D. C. Chase has
returned from attendance at the
Convention of the Atlantic Deep
Waterways Association held at Port-
land, Maine. Mr. Chase was dele-
gated to represent both the Inter-
coastal Canal Association, and the
South Amboy Chamber of Commerce
at that convention. At the regular
meeting of the Chamber of Com-
merce held on Wednesday, Sept. 20,
Mr. Chase made an interesting re-
port that greatly encouraged the
membership present, and consider-
ably increased their hopes in the
final success of the deep waterway
project that all are so deeply in-
terested in.

It will be remembered that the
projected New Jersey Intercoastal
Canal, connecting the Raritan Bay
with the Delaware river, has been
recommended by the War Depart-
ment, and the right of way has
been guaranteed, and the federal
survey has been monumented by the
State of New Jersey. Congress has
not yet enacted legislature to ap-
prove the project, and to accept the
right of way from this State. To
secure this legislation by the federal
government is the supreme work of
the Atlantic Deep Waterways As-
sociation. This work is in enthu-
siastic and able representative hands,
and the Association is making fa-
vorable progress in its efforts to-
wards its important purpose.

Delegates were present from every
large city along the Atlantic coast,
making the convention a great suc-
cess, and irradiating enthusiasm
that has been carried by the dele-
gates to every Chamber of Com-
merce along the Atlantic coast.
Every large city along the coast
was anxious to have the next con-
vention held within its limits. A
debate of three hours on this point
resulted in accepting the invitation
of the City of Norfolk, Va.

The honor of making the most
appealing address to the convention
was awarded to State Senator S.
Roy Heath of Mercer County.
The delegates were handsomely
entertained by the city of Portland.
Among the pleasures shown the dele-
gates was a sixty mile auto tour
through the most attractive routes
encircling that city, and a steam-
boat excursion to inspect the prin-
cipal waterways about Portland.

From both a business and a social
standpoint the convention made a
most favorable impression upon the
delegates, and considerably encour-
aged them to hope for good results
from the convention.

ORDINANCE REGULATING

BLASTING PASSED BY COUNCIL

The Common Council of the City
met in special session on Thursday
night for the consideration of an
ordinance to regulate blasting and
the use of explosives in the city.
This ordinance was read on second
reading and then on its third and
final reading and ordered published
in accordance with law.

The only other order of business
was the receipt of a communication
from W. H. Parisen calling atten-
tion to the almost continual block-
ing of the city cross streets by
automobile traffic on Sunday after-
noons and holidays. He called at-
tention to the fact that in case
of fire it would be absolutely im-
possible to get the fire apparatus to
the fire without delay of several
minutes. He suggested that proper
steps be taken to keep the cross
streets open as well as in front of
the fire houses. This matter was
placed in hands of the police com-
mittee.

THE A. A. DANCE

The opening dance of the school
season will be given by the Ath-
letic Association of the South Am-
boy High School on Friday evening,
October 6, at 8 p. m. It is very
fitting that this dance is held on
the same day as the first home
football game. This dance will be
held to raise sufficient funds to
cover the expenses of uniforms for
the football team. Why not, you
alumni, friends and fellow students
encourage the football team and
show your school spirit by your
presence at this dance? Good
music is assured and the tickets
which are only fifty cents are ob-
tainable from any member of the
student body of the South Amboy
High school.

DELEGATES TO MONMOUTH
BAPTIST ASSOCIATION

The Monmouth Association of
Baptist Churches will meet with the
First Baptist Church in Freehold,
on October 6th and 7th. The dele-
gates from the Baptist Church in
South Amboy are: Mrs. B. T. Lam-
bertson, Mrs. G. W. McCombe, Mrs.

E. C. Roddy, Mrs. L. T. Dill, Mrs.
W. S. Edwards, Mrs. Sadie Clayton,
Rev. George W. McCombe.
The association is made up of the
churches in Middlesex, Ocean, and
Monmouth Counties.

CARD OF THANKS

The undersigned wishes to thank

his friends and the Demo-
cratic voters in general, both in his home
city and Middlesex county for the
splendid vote given him on Primary
Election and hopes to gain further
support on Election Day, November
7th.

ST. MARY'S PARISH NOTES

Next Sunday will be the seventeenth Sunday after pentecost and also the first day of October. October is the month which is dedicated to the devotion of the Rosary, and the Angels Guardians.

Every morning at the 8:15 mass and again in the evening at 7:45, there will be the public recitation of the Rosary, followed by Benediction of the Blessed Sacrament, in the evening.

Either in public or in private, every Catholic worthy of the name, will make a special effort to find a quarter of an hour in the day to tell his beads and meditate upon the mysteries of the Rosary.

Sunday afternoon, coinciding with the meeting of the Rosary Society, there will be a reception of the little girls, who have made their first Holy Communion, into the Sodality of the Holy Angels. This should be made a memorable occasion for these little ones and should be honored by the presence of their mothers.

Our school opened this month, under the most favorable auspices, inaugurating the opening of our addition to the school building, in which there are six class rooms and a gymnasium which will be devoted to the High School classes.

Up to date our enrollment numbers 560 in the grades, and 175 in the High School. It was particularly gratifying to be able to have so many enter the High School in the Freshman year, as to make it necessary to have two sections, numbering forty pupils each, for the first year classes.

New desks were installed for the third and second year classrooms, as well as for the Eighth grade, at an expense of nearly \$900. Since the studies have been resumed, we have found it necessary to add another expense in the purchase of a laboratory table for chemistry, which will cost \$350.

These items are mentioned in order that the parents of the children may realize that nothing is spared to give their children up-to-date equipment in classroom furniture.

Some few additions are to be made before the new wing is thoroughly completed, and when these have been installed, it is our intention to invite the members of the parish to inspect this section of our recent building operations.

Next Wednesday evening, there will be a moving picture entertainment in the School auditorium, produced under the direction of the Pathoscope Company, who are interested in having us install one of their machines in our school. A charge of 10 cents in the afternoon for the children and 20 cents in the evening for adults will be made and the proceeds will be devoted towards the fund for school books.

We congratulate the parents upon the hearty response to our recommendation to give some of their children an opportunity to take up the study of the violin. There were more applicants than the teacher had allotted time, so that it was necessary for him to give another afternoon in the week.

The following have already been enrolled as pupils of Mr. Warren Jones for the violin:

Edward Carroll, Mary Ryan, Francis McCarthy, Catharine Keenan, Robert Casey, Thomas Scully Loretto Nicorvo, Edward McDonnell, Mary Quigg, Alice Kennedy, Thomas Manion.

PROTECTION FOR BOBOLINK

The recent Audubon Society questionnaire, asking each candidate for nomination and election to the Legislature his general attitude on reasonable bird protection policies and whether if nominated and elected he would give full support for complete legal protection to the bobolink has elicited favorable replies from the following Middlesex County candidates: Franklin B. Ritchie, Harold G. Hoffman, and Wilton T. Applegate on the Republican side, and Fred W. DeVoe and James Cunningham of the Democrat candidates. Candidates who have failed to answer and who are therefore, according to the terms of the questionnaire, classed as non-committal are: Thomas L. Hanson, George B. Anderson, Republicans, and Andrew J. Wight and James A. Murray, Democrats.

The results of the questionnaire are being made public by the Audubon Society, for the benefit of voters and the general public, particularly those who love birds and appreciate their value to man.

WHOM DO YOU 'TAKE AFTER'?

Men Who Resemble Their Mothers Said to Be More Intelligent—Reverse True of Women.

Do you resemble your father or mother?

Men who resemble their mothers are always more intelligent than men who resemble their fathers, according to William Windsor, psychologist.

"If a man resembles his father, his skull is usually not symmetrical and he is not as intelligent as one who resembles his mother," said Mr. Windsor. "But if a woman resembles her father, she is usually more intelligent than the woman who resembles her mother. When a girl resembles her mother she becomes too effeminate to be intelligent. Most girls, very fortunately, resemble their father."

Mr. Windsor has examined more than 50,000 heads in all parts of the North American continent.

"You see this skull," Mr. Windsor held up a specimen. "This was the head of a negro beggar woman in New Orleans. One can easily tell that she lacked intelligence by the dimensions of the skull. This skull, however, (he held up another), 'belonged to 'Poker' Meyers of Pittsburgh. He distinguished himself by seizing a red-hot poker from the stove and ramming it through a man's stomach." The skull was short and thick, while that of the negro woman was long and narrow.

CHOOSE POOR TIME TO LISTEN

Small Donald Got Very Little Satisfaction Out of What Elders Called "Intermission."

The family was encircled about the radio listening to WLK's program. The receivers were being interchanged at intervals so that each member got a fair share of the entertainment.

"What's on now?" was a frequent remark and father with the receivers clamped on his ears would talk loud, saying, "Plano, Plano! Fine!" Then after a pause, "Here, mother, you want to hear this vocal number now?" and mother would take over the receivers. It came Betty's turn. She enjoyed a number and then she heard intermission announced. "What's on now, Betty?" someone asked, and smilingly she said, "It is intermission now."

At once eight-year-old Donald put out his hands appealingly for the receivers saying, "I want to hear some of that."

Everybody laughed and some tried to explain, but he insisted on hearing "some of it." Mother said, "Let him," so Donald listened to intermission and finally announced rather disgustedly, "Why, I don't hear nothin'!"—Indianapolis News.

To Protect Christian Missions.

The new political status of Egypt carries with it certain provisos whose exact limits are not yet defined, but whose general character and scope are known. The first proviso, however, seems to insure the permanency of the Christian missionary work. Under the new constitution all religions are free and are protected by the state, in so far as they do not interfere with public order or morals. All Egyptian citizens are declared equal before the law and all are eligible for public offices and honors.

This situation presents to all of the Christian missionary work in Egypt an unusual opportunity. The Christian educational work is especially face to face with a challenge seldom equaled.

Sunshades That Sit Over the Hat.

Tourists in Greece during the last summer have been struck by the "hot hats" offered in the streets of Athens. They are of light silk or muslin without a crown of any description, as they are built over a large, light frame that fits over the regulation hat. Though known under the name of hats, they are in better truth sunshades. They are said to lessen materially the discomfort of the Mediterranean sun, and to be in general use in Greece. Perhaps we shall yet see them on this side of the ocean.—Scientific American.

Misplaced Energy.

"Son, I'm afraid you are not trying to make yourself useful about the office."

"But father—"

"I'll admit that the gallantry of your conduct toward our prettiest stenographer could not be improved on. Raising a window to give her fresh air and putting one down to prevent her from catching cold; fetching her a glass of water at frequent intervals and taking her out to lunch is all very well in its way, but it's no great help to the business."—Birmingham Age-Herald.

Yukon Timber in Demand.

For all the timber produced in the Yukon there is a local demand, so that there is no export. During the great rush of mines in 1898 there was a pressing demand for lumber for the building of houses, sluice boxes and the other equipment of mining camps. Sawmills were established at Dawson, Selkirk and Whitehorse. Large quantities of wood were required for fuel, and that demand continues. Mining also still calls for large quantities of timber for shafts and tunnels.

Human Hair as a Commodity.

Forty bales of human hair is one item of a cargo reaching Seattle from China. Each 133-pound bale is worth more than \$400 here; our annual imports exceed \$500,000, and most of the hair goes into hair nets.—Scientific American.

HER PREFERENCE

Maude—I've seen "Hamlet" several times with famous actors.

Mabel—I have, too.

Maude—But whose "Hamlet" do you like best?

Mabel—Why, Shakespeare's, of course.

HANDS OFF

Judge—Do you mean to say that you stood by and let the prisoner beat your mother-in-law without doing anything?

Witness—Well, I didn't think he needed any help.

TOO MUCH WASTE TIME

Mrs. Letsem—My Bertie loves to study the stars. I think I'll let him be an astronomer.

Mrs. Dunn—Yes, but what's he going to do in the daytime?

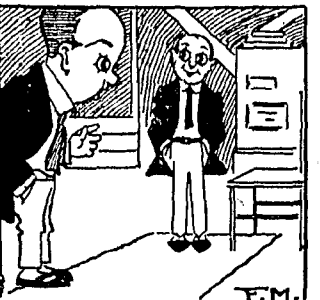

HIPPOCRITICAL

Mr. L. E. Fant—Although Miss Hippo professes to be a friend of mine, she's saying mean things about me all the time.

Mr. Beetle—My dear fellow, she's the biggest hypocrite in the world!

TOIL REWARDED

Thurston—You keep a wonderfully neat cellar. Do you do all your own work down here?

Wetmore—Sure thing! I've got ten cases of hooch cached here and I have to have some excuse for visiting it.

"CHEEK BY JOWL"

Miss Peachblow—Toddle with you! I must say I like your cheek.

Mr. Misset—And I like yours. That's why I asked you.

MRS. LILLIAN C. SOIT

Lillian C. Soit, wife of Russell Soit of Perth Amboy, departed this life at the Bonale Burns Sanitarium, Plainfield, on Saturday last, after an illness of two months, at the age of 25 years. The body was brought to this city by The Gundrum Service and taken to the home of the deceased's mother, Mrs. Edward Burns, 112 South Pine avenue. Besides a husband the deceased leaves a two-months' old son; also a sister, Miss Madeline Burns.

The funeral was held on Tuesday last at 9 a. m. from St. Mary's Church and was largely attended. High mass of requiem was celebrated by Rev. E. C. Griffin, D. D., after which interment was made in the parish cemetery. The pall bearers were George, Frank and Edward Cheeseman, Leo Whalen, Francis Coakley and James Quinlan.

MORTGAGING OUR HOMES FOR TAXES

Alarming Increase in Bonded Debt, Assessments and Tax Rates.

Judge George S. Silzer, Democratic candidate for Governor, who at the request of Farmers' Chautauques and others has addressed a number of meetings on the Tax question, being asked to further elaborate his views made the following statement:

The farmers were the first to call attention to the high tax rate. One said to me, that after paying 6 per

JUDGE GEORGE S. SILZER

cent on his mortgage, and 6 per cent for taxes, there was little, if anything left from his earnings.

Tax-payers generally have been surprised at the size and rapid growth of their tax-bills, but few have taken the trouble to analyze them or look for a remedy.

In 1914, the highest tax-rate in New Jersey was \$3.12 per hundred of valuation, now it is \$9.37, a 300 per cent increase.

Not only has the tax-rate grown, but the assessments have grown tremendously. In 1914 the total assessments were about \$2,481,000,000; now they are about \$3,800,000,000; an increase of about one billion and four hundred millions.

No doubt there has been some natural increase in valuations, but a large part is due to raising the assessments so as to keep the tax-rate down as much as possible. If we took the 1914 valuations as a basis our tax-rate

would no doubt be five or six times as high as then.

There must be some reason for this. The reason is plain—our public officers are spending too much money. During and after the war, everybody spent more money, because there was more to spend. But now that the war is over, the individual is economizing. This is not true of public officials, because they are not spending their own money, but other people's. I do not say they are spending it dishonestly, but in view of the burden that the average tax-payer is carrying, they are not spending wisely.

We cannot stand still, and must make progress, but for the present we should put on the brakes for a while, until our burdens are less.

Many a man has bought a home, thinking thereby to avoid being a rent-payer. Now he pays rent too, and it is called taxes.

The State should set an example of economy by reduction of appropriations and abolishing useless offices; and legislative pressure should be applied to check municipal expenditures. Only in this way can we help the tax-payers.

Debts Are Growing Enormously

While people have been complaining of their tax bills, they have not realized how deeply we have been going into debt. This requires heavy payments of interest and of principal.

In 1914 our counties owed about forty-two million dollars; now they owe ninety-two million, an increase of fifty million dollars in seven years, over 100 per cent.

In 1914 our counties and minor municipalities owed about one hundred and forty million dollars. Now they owe three hundred and sixty-three millions. In seven years, they have gone into debt two hundred and twenty-three million dollars. An enormous sum. An increase of nearly 300 per cent.

It must be plain to everyone, that New Jersey cannot afford to travel much longer at this rate of speed. If we do we are headed for bankruptcy.

When shall we stop piling on the debt? So long as it continues, we must pay interest on it, and principal, and our tax bills will continue to grow bigger.

It is high time that the people of New Jersey awakened and applied the remedy. As Governor I shall do my share to prevent any further increase and to secure a reduction of taxation. The following figures have particular application to

NEW STATION GAUGES

FLOW OF RAMAPO RIVER

One of the most important stream gauging stations to be established in New Jersey has recently been opened at Mahwah by the State Department of Conservation and Development in co-operation with the U. S. Geological Survey. It will be largely from data gathered at this station that the future development of the Ramapo as a source of water supply for the Metropolitan district will be determined.

Bayonne has been granted the right to develop the Ramapo for herself and other North Jersey municipalities to yield 50 million gallons of water daily. This, however, is said to be only one-half of the capacity of the watershed.

The station is the re-establishment of one originally placed at Mahwah by the U. S. Geological Survey in 1903. The new one is equipped with an automatic gauge which traces on a chart each fluctuation of the stream. Mahwah is the twenty-seventh stream gauging station to be established in New Jersey, and the tenth one to have an automatic gauge.

Custom and Teaching

FROM time immemorial, a feeling of sacred reverence has taken possession of those who have been called upon to commit to its final resting place the body of their loved one. And this instinct carries humanity farther than merely the care of their own loved ones.

This feeling is universal. Only under conditions of extreme necessity are men willing to treat the human form from which the spirit has departed other than tenderly and reverently. Why this is so, might perhaps be difficult to explain, though we know that it certainly exists, and that it seems to be practically age-long, world-wide, time honored, and ineradicable.

Customs and teachings no doubt play their part in the cultivation of this feeling, but it is due also to an instinctive feeling that this "earthly house" in which the immortal soul has dwelt for a time, must not be treated with other than solemn respect.

BLOW AFFECTS THE NERVES

Sudden Shock to Brain Causes Sensation Known to Many of Us as "Seeing Stars."

Each of the five senses has its special set of nerves through which sensations are recorded in the brain.

With the exception of the nerves of touch, which extend to all parts of the body, these perform special functions for certain individual organs, the nerves of sight being connected with the eyes, those of smell with the nose, those of taste with the mouth, and those of hearing with the ears.

Whenever the brain receives a sudden shock, such as would follow a blow on the head, the vision nerves are disturbed in such a way as to produce the effect of seeing flashes of light, or "stars."

The sensitive eye-nerves cannot be jarred without producing this effect of light, while a severe blow will often react in a similar manner on the nerves of hearing, thus leading the person who is struck to imagine that he is listening to unusual noises.

Fresh Water in the Sea.

A spring of fresh water, which wells up through the sea off Elbury cove, Churston Ferrers, in Torbay, off the British coast, is attracting a large number of visitors.

This is the best time of the year to locate the spring, and yachts are being anchored at the spot, so that visitors may taste the water.

The real source has never been found. It is surmised that the waters from the rainfall near Elbury and the northern hills finds a course in the same valley, and then forces itself up through the sea at a distance of 90 to 100 yards off the beach.

The circular space of the fresh water is plainly visible from the rocks, and the white pebbly beach at all stages of the tide.

Preparedness.

In one of the Southern states the negroes are great patrons of a matrimonial agency. One darky, anxious to find a wife for his son, went to this agent, who handed him a list of lady clients. Running through this the man came upon his own wife's name, entered as desirous of obtaining a husband between the ages of twenty-eight and thirty.

Forgetting about his son the darky hurried home to announce his discovery to his wife. She was not at all disturbed.

"Yes," she said. "I done give him my name. I puts it down when you was so sick in de winter and de doctor he says we must prepare for de worst."—Saturday Evening Post.

Cumulative Effect.

Some years ago there sat as a member of the state legislature in Colorado a quaint character known as Uncle Boggs. In a speech delivered by one of the members a gentleman of the other party was hotly assailed, the latter, however, declining to reply to the castigation. The speaker concluded his remarks by pointing to the object of his attack:

"There he sits, Mr. Speaker—there he sits, mute, silent and dumb!" "Yes Mr. Speaker," interrupted Uncle Boggs, "and he isn't saying a word."—Pittsburg Leader.

THE FIRST METHODIST

EPISCOPAL CHURCH NOTES

The regular services will be held in the First Methodist Episcopal church on Sunday at the usual hours. Class meeting led by Mr. L. E. Rice at 9:30. Preaching by the pastor, George W. Abel, at 10:30, subject, "Sabbath Observance."

Sunday School at 2:30 in the afternoon, with classes for all ages. This is always an hour of good fellowship with lots of good singing. This is the regular Missionary Day in the school.

The evening service will begin at 7:30 with a good live song service. Familiar Gospel songs will be used which will enable all to take part in this service. Come and bring your singer with you. We will furnish the song book.

The subject for the evening sermon will be: "Immortality," or "The Question of the Ages."

The regular weekly devotional meeting of the Epworth League will be held on Tuesday evening at 7:45. Leader Mr. Elbert Selover. Topic: "When is Courage Needed?" This is a service at which every one has a chance to discuss the topic.

The regular monthly business meeting of the Ladies Aid Society will be held on Tuesday evening at the parsonage at 7:45. Each member is urged to be present at this meeting and turn in a dollar with an explanation how it was earned. No doubt this will be an interesting meeting. Members be sure and be there.

Wednesday afternoon at 3:45 the Junior Epworth League will meet in the Lecture room.

The mid-week prayer and praise service will be held on Wednesday evening at 7:45. This is an hour of Praise, Prayer and Fellowship.

The members of the choir will meet on Friday evening at 7:30 for rehearsal.

Next Sunday evening, April 25th, the speaker will be a converted Indian Chief. Chief Manitowog, Indian Lecturer and Evangelist. Chief Manitowog is a full-blooded Indian of the Shwaseh Tribe from the State of Washington. He will speak in his full Indian Costume. Come and hear how God saved an Indian.

It is the aim of the First Church to make all the services helpful and to have all who will come. Why not come to the services on Sunday?

Attention! Watch for April the twentieth. The Epworth League is planning for a good time on this date. Watch for further announcement.

"FREE MOVIES" DISTRIBUTED BY THE STATE MUSEUM

The people of New Jersey will be greatly benefited by an arrangement made by the State Museum, whereby its service for the distribution of moving picture films will be greatly increased.

Mrs. Kathryn B. Greywacz, Acting Curator, has arranged for the State Museum to become sole distributor in New Jersey of the films of the Bureau of Commercial Economics of Washington, D. C.

Starting next fall, films covering over 600 subjects of world-wide interest will become available for use by schools, libraries, granges, churches and other public and private institutions throughout the State. These films, like those now being distributed, will be loaned for use only where they are displayed to audiences admitted free.

The Bureau of Commercial Economics is not a government Bureau, but an altruistic association using the facilities and instrumentalities of governments, manufacturers and educational institutions in the dissemination of useful information by means of motion pictures.

The State Museum is already a distributor of Ford films and of educational films provided by the various State Departments and manufacturers. It also has over 6000 lantern slides, covering a wide range of interesting subjects, many of which are arranged in lecture form.

The demand for this and other lending material has increased threefold within the last year. These lending collections may be obtained from schools, libraries, granges, etc., at cost, except for the small expense of shipment. Requests for loan should be directed to the Museum, Dept. of Conservation Development, State House, Trenton.

PRESBYTERIAN PARAGRAPHS

Presbytery has come and gone, but the influence toward greater work and worship will be a stimulus to us for many months to come. Their expressions of appreciation were truly from the heart of the Presbyterians, and had it not been for the unsettled railway conditions the sessions of Presbytery would have meant even more to us all.

A very felicitous congregational meeting upon yesterday evening, (Thursday) gives promise of a progressive year for this church during 1920-1921.

The subject for Sabbath morning is: "Does God Care?" an answer to the feeling of unrest characterizing our people today.

The Lord's Day evening subject: "The Christian Ideal of Duty" gives some rather plain instructions on the fundamental requirements involved in acceptance of Christ.

Upon Wednesday evening, at the mid-week "Church Night" service, we shall discuss "The Heavenly Race."

The most interesting matter to local Presbyterians that came out of the visit of Presbytery, was the assignment of our benevolent quota, \$1,298.90. Does it look impossible? Well, all that Presbytery asks is that we shall do our best; and angels could do no more than that, could they? This is not an assessment, it is only a goal, which we are asked to attain, and then to exceed even that. It is a complement to this church to think that Presbytery estimates this our ability in the matter of a No. 1 Era quota. Practically thirteen hundred dollars for benevolence alone; that means about five cents a day per communicant member of the Presbyterian Church.

About the price of two sodas or two visits to the movies, without the war tax for every Presbyterian member. Apportionments, quotas, campaign canvasses, and even old-fashioned collection plates are very necessary mechanical devices for swelling the total and lifting the level of the average gift. There is only one dynamic total that will make the machine go. It is the recognition of God's ownership and man's stewardship.

The church is the only institution that costs anything to an individual to belong to it. Of course! It doesn't cost you any fee to join a lodge. And there are no dues! Certainly not!

Too often we think in terms of the cost of an enterprise, but do not consider the benefits. Do we stop to consider our resources? Do we ever sit down to consider our expenditures? Millions upon millions of dollars spent for amusements and luxuries by Americans. Half a billion for theatre tickets for 1919. \$275,000,000 for jewelry the same year, and \$175,000,000 for perfume. While during the same time there were thirty-six million young people in American without religious training! One billion souls in the world without God and without hope! Half the world without a physician! One hundred million people in pagan lands the direct responsibility of the Presbyterian Church in the U. S. A. Think it over!

Raisins with rhubarb! Try it in sauce or pie; it's a perfect combination.

If the juvenile members of the family insist on expressing their musical genius with sticky and grimy fingers, don't worry. Piano keys are easily cleaned by rubbing with alcohol.

One thrifty household saves its butter papers to grease its baking tins.

Simplicity—The watchword of good dressing for men, women and children!

"To see ourselves as others see us," it is sometimes necessary to stand in front of a long mirror and take a long critical look at ourselves. At no time is the long mirror more essential than when we are choosing a hat to combine with a certain costume.

AMERICAN LEGION NOTES.

(Continued from Page One)
did come out this Saturday. The
call is made by Athletic Officer Emil
Anderson.

Attend County Meeting.

Michael Nagle, County Finance Of-
ficer, and Harold Hoffman, Com-
mander of the local Post, attended
the meeting of the Middlesex County
Executive Committee at the East
Jersey Club in Perth Amboy last
Saturday afternoon, and were later
guests at an informal banquet. Lec-
tures were delivered on "Mexico" by
Captain Thomas J. Buchanan-Lang
and on "Americanism" by Robert S.
Earle of New Brunswick, who is a
member of the National Americanism
Association, headed by Colonel Ar-
thur B. Woods, of New York City.

The statement was made at the
meeting by County Commander Ray-
mond P. White and others that Luke
A. Lovely Post of South Amboy was
the "liveliest" Post in the county. Mr.
Crammer, of the Woodbridge Post,
asked that some of the members of
the Woman's Auxiliary to Luke A.
Lovely Post come to Woodbridge and
assist in organizing the Auxiliary
there.

One of the most important topics
of the meeting was that of finance,
and several good plans were offered
to raise funds for financing the coun-
ty organization. Mr. Nagle as Coun-
ty Finance Officer, and Mr. Crammer,
County Entertainment Officer, were
appointed upon a committee to give
these plans further consideration.
The local Post Commander was
made chairman of the Resolutions
Committee of the County.

When an inspecting officer down
at Camp McClellan, Alabama, was
inspecting a company he noticed that
Private Bill Kitchen, who belongs to
the local Post, was minus one mess-
knife in his equipment.

"What's the matter?" demanded the
Captain. "Do you know you are shy
a knife?"

"Never use one, sir."
"Don't you ever eat meat?"
"Yes sir," replied Bill, "but I
never got a piece big enough to
cut." Bill passed inspection.

POULTRY ASSOCIATION MEETING.

The regular monthly meeting of
the Middlesex County Poultry Asso-
ciation will be held Monday evening,
April 19, in the New Brunswick
library at 8 o'clock. Local poultry-
men including C. A. Cornell, Presi-
dent of the Association and manager
of the poultry establishment at
Forsgate Farms, and C. H. Chandler,
of Monmouth Junction, will lead in
the discussion of brooding and rear-
ing problems.

This will be an excellent oppor-
tunity for poultrymen to bring up
any particular difficulties they may
have had and find out how other
poultrymen have solved them.

The meeting is open to all who
wish to come.

Where the Feathers Go.

"A man might succeed in feathering
his own nest," remarked the Observer
of Events and Things. "If so much of
his money didn't go toward putting
them on his wife's hats."

Flight of Geese.

When flocks of wild ducks and
geese have to go long distances they
form a triangle to cleave the air more
easily, and the most courageous bird
takes position at the forward angle.
As this is a very fatiguing post, an-
other bird ere long takes the place of
the exhausted leader.

Refused to Indignant Protest.

It had been the custom to give the
twins, Jane and John, presents almost
alike. One day they got into a quarrel
and John became quite angry, exclaim-
ing: "I can't have anything by my-
self; I can't even have my own birth-
day in peace!"

WOMEN VOTERS
HAILED BY WOOD

Their Advent in Politics Will Bring
Wholesome Effect, He
believes.

Leonard Wood has welcomed heartily
the advent of women to active par-
ticipation in our political life. He has
been impressed, in the course of a car-
eer that has shown him many varied
phases of the modern widening of wo-
man's influence, that the coming of the
so called gentler sex into public affairs
is a gain for civilization and will re-
sult in renewed hope for the world at
large. Wood has endeared himself to
American women for his humanitarian
achievements in various fields of en-
deavor, in which he was enabled to
bring vastly improved conditions to
the homes, schools, hospitals and chari-
table institutions under his influence.

In connection with this subject Wood
says: "Women are bringing an elevating
influence into public life that will tend
to correct many of the evils to which
our present unrest is due. One of the
reasons for the growth of undesirable
tendencies in our country has been the
regrettable fact that countless men,
qualified by education and character
for public service, have wantonly ne-
glected their civic duties.

"With the coming of women to the
polls, these men will be ashamed to
disregard the political duties they for-
merly shirked. A man who spends
election day at his club while his wife
was at the polls is sure to forfeit the
respect of the community.

"I believe woman suffrage will have
a vast and uplifting effect upon our na-
tional life. Public morality will be in-
creased, housing conditions improved,
the problems of child labor satisfactorily
solved, sweat-shop evils minimized
and the training given to children in
our schools purged of its present de-
fects.

"Our women must take up the ques-
tion of the social evil. To that and to
other of our vital problems they now
come with the power of the ballot.
Women realize that our American civi-
lization can never be what it should be
until we give as much care to the
upbringing of our children as we do to
the breeding of our cattle.

Women's Great War Service.
"In short, the difficulties that ap-
parently beset our national future
would confront us as immensely more
insuperable if we could not look for-
ward to overcoming them through the
assistance of voting women. The
granting of suffrage to women gives us
the promise of an amazingly better
world in the years to come.

"There is one field into which the
women are coming that can be called
the big field. It is the field of national
politics. Personally, having seen what
the women did during the war, both at
home and abroad, I feel very confident
that the entrance of American women
into the field of American politics is
going to have a very helpful and good
influence. I think they are going to
bring a healthy influence, one which
will make our politics cleaner and in-
troduce a better spirit into the political
field.

"We have reason to be proud of the
American women during the war. I do
not know of any part of the country
where American women did not take
hold of the situation with keen energy.
I know from personal experiences in
the Middle West and neighboring
states the women did everything hu-
manly possible to send our men over-
seas sound in body and clean in soul.
They looked after the men in the towns
near the camps; they maintained ex-
cellent conditions of public morality;
they looked after the men when they
were en route to the sea; they were
at the ports of embarkation to give the
last help they could give, and when the
men arrived on the other side they
found American women scattered at
various points of activity from the
ports of debarkation up to the fighting
line. We found the women of the Red
Cross, the women of the Salvation
Army and others actually in the battle
area doing work. In fact the work of
women in all kinds of war activities
was wonderful."

ORGANIZED LABOR
STRONG FOR WOOD

New York.—Organized labor is lin-
ing up strong in support of General
Wood's candidacy for the nomination
for President on the Republican ticket.
Three of the leading labor journals
of the United States have come out
unqualifiedly for General Wood and
are urging working men throughout
the nation to back him as "labor's
true friend."

Carl Young, president of the Michi-
gan State Federation of Labor, says:
"The working men saw through the
efforts of the Democratic administra-
tion to kill General Wood politically
by assigning him to cities where there
were labor troubles, hoping and be-
lieving the friendship of labor would
thus be alienated. Instead of losing
the friendship of labor, General Wood
increased his already high standing
with the working men by his frank-
ness, fearlessness, and fairness, and
has the support of the best element
in the ranks of American toilers in the
contest for the Republican nomina-
tion."

The strong endorsements from the
labor papers in Flint, Michigan,
Chicago and Buffalo, together with
President Young's statement should
be sufficient answer to the question
"How is labor going to stand on
Wood?"

Arkansas in First Place.
Arkansas is first among the states
in America in the production of two
minerals, bauxite and novaculite, the
former being the ore of aluminum and
the latter the source of the larger
part of the oilstones produced in the
United States.

Danger in New Coin.

The harpist was heaving and snort-
ing with indignation. "Look at this
story!" he cried, handing us a copy of
the Fourth Estate. The story con-
cerned the campaign for 2½-cent
pieces. "If they get this new coin
minted," he moaned, "the concert
managers are sure to offer it to harp
soloists as a fee."—Musical America.

Not Merely Ordinary Hunger.
My aunt, who is noted for her skill
at baking cakes and cookies, is very
popular with the younger members of
our family. One day while my small
brother, aged 4, was visiting her he
mentioned that he was hungry. Upon
being presented with a piece of bread
and butter, he said, "Oh, thank you;
I'm not that kind of hungry, I'm only
cake hungry."—Exchange.

Far-Seeing Youth.

Robert had been angry at James
for several days and I was surprised
to hear him call over to James and in-
vite him to come and ride on his new
sled. Later I questioned him as to
his forgiveness of James and Robert
explained: "Well, Bill told me Jim
was going to have a party next week
and I didn't want to lose out."—Ex-
change.

SAYS A WORD FOR

J. ALFRED JOHNSON

J. Alfred Johnson, a popular shoe and gent's furnishing merchant, who has been associated in business in town for the past eleven years, has achieved success in that field of endeavor and has won a multitude of friends by his magnetic personality and good naturedness, and giving to the general public a square deal pertaining to their business relations with him, and who appreciates their trade very much.

Business men throughout the community who have won success in their various fields of activities, like Mr. Johnson, deserve the respect and aid of all good citizens. Mr. Johnson is universally known throughout New Jersey and his friends are legion everywhere and he appreciates their friendship in the highest estimation of friendship both in word and deed. He is affiliated with the Masonic Fraternity, Imp'd O. R. Men, and I. O. O. F., Whitney Lodge 191, Spotswood, N. J., and is a devoted officer and brother of these fraternal organizations. Mr. Johnson stated recently that fraternal societies not only broaden the minds and enlarge the hearts of those connected with them, but directly and indirectly influence the whole community for good by precept example and profitable result. Mr. Johnson feels proud, likewise of the people of South Amboy and throughout the country who deemed it a pleasure to assist and co-operate in every way possible when funds were required during the recent World's Great War for the benefit of humanity and our brave lads overseas and those at home by Salvation Army, and various organizations, and the American Red Cross of true charity, gentle and sympathetic women who are ready at all times to soothe the ills of humanity with tender voice and soothing hand.

The writer of this article has known Mr. Johnson for many years and deems it a pleasure to enjoy his friendship and who knows as well as his wide circle of friends, he is a straight forward business man and a credit to the community.

HIGH SCHOOL BASEBALL PLANS.

Practice has already been held by the South Amboy High School baseball squad in preparation for the coming season which is expected to be the greatest in the history of the school. Fourteen games have already been booked by Manager of Athletics Raymond C. Dowdell, who is endeavoring to schedule eighteen games for the 'varsity to meet this season.

The season will be launched Tuesday, April 20th, when the 'varsity meets the Jamesburg High school nine on the Jamesburg diamond. The first home game will be staged on the Y. M. C. A. diamond on Tuesday, May 4th, the Jamesburg combination being the opponents of the local sluggers.

The lineup for the first game is not known as yet, as several positions are vacant. The team will start off with nine veterans of last year's pace-making team which won seven out of eight games played, and advanced a very plausible claim to the Middlesex County championship. A noticeable feature will be the appearance of Lakewood High School in this city. This team has held its own with the best in the state for many years, and was a runner up for the state championship last year.

The schedule is as follows:
Tuesday, April 20—Jamesburg High School at Jamesburg.

Friday, April 23—Matawan High School at Matawan.

Friday, April 30—Woodbridge High School at Woodbridge.

Tuesday, May 4—Jamesburg High School at South Amboy.

Friday, May 7—Bound Brook High School at South Amboy.

Friday, May 14—Metuchen High School at Metuchen.

Tuesday, May 18—Matawan High School at South Amboy.

Friday, May 28—Metuchen High School at South Amboy.

Tuesday, June 1—St. Peter's High School at South Amboy.

Thursday, June 3—Lakewood High School at South Amboy.

Saturday, June 5—Rahway High School at Rahway.

Tuesday, June 8—Bound Brook High School at Bound Brook.

Friday, June 18—Woodbridge High School at South Amboy.

In addition to the above, negotiations have been opened for a home and home series with Leonardo High School. An athletic meet has been arranged with St. Peter's High School to take place on Neilson field, New Brunswick.

MINISTERS NEED FREE HOSPITALS

Survey by Interchurch World
Movement Reveals Pulpit's
Poverty.

\$1,242 HIGH AVERAGE SALARY FOR PROTESTANT PREACHERS

Clinics and Homes for Aged and Infirm and Better Salaries for Pastors Are Part of New Co-operation Program.

As a result of the campaign now being made by the Interchurch World Movement the combined Protestant churches of America will provide many more hospitals, clinics and homes for the aged and infirm. An interesting feature of these Protestant hospitals will be free treatment for ministers, a recent survey made by the Interchurch organization have made the need for special dispensations very obvious.

The following startling facts were divulged as to the average salaries in the various denominations. Starting with the highest, the average for Episcopal ministers is \$1,242; the average for Presbyterian (North), \$1,177; for the United Presbyterians, \$1,090; for the Reformed Church (Dutch), \$1,170; for the Methodist Episcopal (North), \$1,176; Congregational, \$1,042, and for the Baptists (Northern), \$950.

With government experts announcing that \$1,500 is the lowest salary upon which a family can be decently maintained and suggesting budgets for none lower, ministers have a discouraging outlook. Such things as hospital bills are almost impossible to meet, and yet every normal family has some illness in its midst every year. Accordingly the Interchurch Movement, while on its way to obtain higher averages in salaries, will assist by providing free care in its institutions.

NOTICE OF PRESIDENTIAL PRIMARY ELECTION.

NOTICE IS HEREBY GIVEN THAT A primary election will be held in the City of South Amboy, in the County of Middlesex on Tuesday, April 27, 1920, between the hours of twelve-thirty o'clock and nine o'clock P. M. (standard time), for the purpose of electing four delegates-at-large and four alternate delegates-at-large to the National Convention of the Republican and Democratic parties, and two delegates and two alternate delegates to said convention, from the third congressional district; also for voters to express their preference for President of the United States.

Section 22 of the laws of 1911, Chapter 153 (Revision of 1908) approved April 4th, 1908, reads viz: "Every voter whose name shall appear on the poll book of the last preceding general election, in the election district in which he offers to vote, or who has been registered by affidavit, as hereinafter provided, shall be entitled to vote in the election of his political party, held under this act, for the election of delegates and alternates to the National Convention."

Section 23 of said Act reads, viz: "Any voter qualified to vote at a general election in this state, who did not vote at the general election preceding any primary election, to be held under this act, for the election of delegates to national conventions, may register for said primary election and be entitled to vote thereat, by filing with the municipal clerk of his municipality, at least ten days prior to the day of the primary, an affidavit in the form now required by law, registering voters for any general election."

The following named places given below have been selected as polling places in the City of South Amboy for the above named primary election, viz:

First Ward—First and Second districts at School No. 2.
Second Ward—First district at Protection Engine house, second district at office of Thos. J. Burden, First street.

Third and Fourth Wards—All districts at School No. 1, George street.

PETER J. COAKLEY, City Clerk.

A complete set of teeth makes one look natural. It is astonishing how good teeth will change a person—make old look young, the young look more attractive.

Then, too, not only are good teeth essential to masticate food, but they aid in the proper articulation of words.

ODDS AND ENDS

Gen. Wm. S. Truex Post, G. A. R., will visit the graveyards at Cheesequake on Sunday morning, May 30, and decorate the graves of comrades resting there.

"When the Clouds Roll By," featuring Douglas Fairbanks, will be presented at the Empire Theatre, Thursday, April 29, under the auspices of the letter carriers. It is a magnificent production, one sure to delight the audience. A two-reel comedy will also be shown. Tickets are selling rapidly at 25 cents each.

Daylight saving legislation was killed in the New Jersey Senate Monday night. The bill is not likely to be taken up again.

Charles O. Hommann has been re-appointed by Governor Edwards as Judge of the District Court of Perth Amboy.

G. O. Edwin Tice requests that all members of Oriental Court No. 34 attend a special meeting to be held after the regular meeting of Joel Parker Council No. 69, Jr. O. U. A. M., tonight (Friday). Arrangements are to be made for a social and a class initiation.

It is said that the police committee of the City Council is considering the advisability of stationing a special motorcycle policeman on Stevens avenue on Saturdays, Sundays, and holidays during the summer months to regulate the traffic on that thoroughfare.

With an attendance of twenty-five past councillors, Joel Parker Council No. 69, Jr. O. U. A. M., won the attendance banner "hands down" at the meeting of the Middlesex County Past Councillors' Association, held at Plainsboro Monday evening. The local council, having won the banner six times straight, thus becomes the winner of a set of ivory gavel, which will probably be presented at the next meeting of the Association. The local past councillors went to Plainsboro in one of the Banker buses, accompanied by several private cars. There were sixteen visitors present from the local Post.

On Thursday afternoon Mrs. John J. Scully entertained a few friends at a card party at her home on Stevens avenue, which proved a most delightful occasion. Among those present were Mrs. James Rea, Mrs. R. M. Mack, Mrs. D. C. Chase, Mrs. Conover, Mrs. A. E. Worthing, Mrs. F. M. Little, Mrs. A. H. Furman, and Mrs. Wm. S. Dey.

It is earnestly requested that all members of Friendship Council No. 16, Sons and D. of L., be present at the next regular meeting to be held Friday, April 23rd, for the purpose initiation.

All members of the Ladies' Auxiliary to the B. of R. T. are requested to send in their books on the drawing for the five dollar gold piece, as this drawing will take place at the next regular meeting to be held Thursday night, April 22nd.

Report has it that there will be band concerts Sunday evenings during the summer in St. Mary's grove.

Lieut. and Mrs. William G. Marshall, of Cincinnati, Ohio, are spending a few days in this city, as the

guests of the latter's mother, Mrs. A. C. Parison, of Pine avenue. Early last Sunday evening the stork presented Lieut. and Mrs. Marshall with a fine young son, who will be known as William G. Jr., and friends are extending congratulations to the parents.

That Bachelors' Club dance will be held in the High school auditorium on Tuesday, April 27, and the advance sale of tickets promises a good attendance.

Hans Miller has secured the services of Wm. H. Martin of First street as pianist in his orchestra. Mr. Martin is considered one of the best pianists in this city.

Prof. O. O. Barr, City Superintendent of Schools, has been on the sick list the past week.

The Girls' Club of the High School will tender a reception to the teachers and friends at the auditorium this (Friday) evening.

Mrs. A. M. Cole is having extensive additions and alterations made to her house on Church street. Ferd. Tedesco is doing the work.

Secretary George A. Kress has issued a call for a special meeting of the Edward I. Edwards Democratic Club to be held in Welsh's Hall on Thursday evening, April 22, when matters of importance will be brought forward. Every member is desired present.

CONCERT BY BORSCHKE.

A Grand Concert will be given by
the Pianist-Composer, Adolphe Bor-
schke, in St. Mary's Auditorium,
South Amboy, N. J., on Friday
evening, April 23, 1920, at 8.15
o'clock.

Adolph Borschke

Adolph Borschke, the pianist-com-
poser, is Viennese-born, of Polish
parentage. While still a child he
was graduated with exceptional
honors from the Vienna Conserva-
tory of Music, having been first in
rank, while least in years, in all
his classes. A course followed under
Liszt's famous pupil Emil Sauer,
with supplementary lessons from
Leschetizky, while studying compo-
sition with Robert Fuchs.

Armed with highest credentials
from these masters, young Borschke
went to Paris, making his perman-
ent home there. His concert
tours have taken him around the
globe; he has been decorated by
many potentates, and everywhere
he has been acclaimed a virtuoso of
the first order. In person, at the
piano, Mr. Borschke reminds the
observer of portraits of the young
Liszt, or perhaps, the young Chopin.
Artistically, however, his style is ab-
solutely individual, as original as it
is powerful, magnetic and compell-
ing. Educated in the finest musical
traditions, to the temperament of the
Slav he brings the distinction of the
cosmopolitan. His playing is beauti-
fully balanced; it combines an un-
erring sense of nuance and purity
of tone with a technical brilliancy
that is positively sensational, nota-
bly in his own transcriptions.

Above all he is endowed with a
rare poetic charm. To hear Adolphe
Borschke is always an event; his
audiences never fail to realize that
they are in the presence of one of
the world's great pianist-composers.

JOHN LYONS.

John Lyons, one of our oldest and
highly respected citizens, departed this
life on Sunday at his home on
Church street, after only a brief
illness of pneumonia at the age of
82 years.

Mr. Lyons was on the honor roll
of the Pennsylvania Railroad, and was
a member of the Relief Association.
For many years he was a trustee
of St. Mary's church, and the clergy
and parishioners have lost a devoted
member, one ever ready to partici-
pate in church work.

Relatives and friends assembled
at his late residence in Church street
on Wednesday morning to pay their
last respects to the deceased. The
funeral service was held from the
Sacred Heart Church at 10 o'clock,
solemn high mass being celebrated
by Rev. E. C. Griffin, D. D., as cele-
brant; Rev. W. F. Quinn, as deacon;
and Rev. Wm. Lannary as sub-dea-
con. Interment was made in St.
Mary's cemetery. The pallbearers
were Messrs. Michael Welsh, Patrick
Campton, Thomas Gilchrist, John
Woods, John Connors and James
McDonnell. M. A. McC... was
funeral director.

When a man is in trouble, his
thirds of his alleged friends are
willing to help him stay in it.

CHANGES AT EISNER'S FOLLOW- ED BY LARGE CONTRACTS

With the radical changes made
in the management and methods of
producing the manufactured garments
at Sigmund Eisner Co., in South
Amboy, many large garment con-
tract have been received and a great
amount of work is assured for
months to come.

Mr. Gordon Armstrong has suc-
ceeded Mrs. Cora Rugg as manager.
Mrs. Rugg has been transferred to
the personnel Service department at
the office in Red Bank where her vast
amount of experience is aiding her
to do valuable special work among
the new workers at their large fac-
tory.

Because of the great quantities of
work which it is anticipated to put
through the factory at South Amboy,
a number of operators will be given
steady employment, which will pay
them a salary large enough to pro-
vide a substantial living.

SPRING DANCE OF DELTA KAPPA SORORITY NEXT FRIDAY

One of the most delightful social
events of the season will be held in
the High School Auditorium on
Friday evening, April twenty-third,
in the form of a Spring Dance, under
the auspices of the Delta Kappa
Sorority.

Every effort has been put forth
by the young ladies of the commit-
tee to make the affair a brilliant
success. The patronesses for the
event are: Mrs. O. O. Barr, Mrs. J.
Cleary, Mrs. J. Coan, Mrs. W. S.
Dey, Mrs. F. H. Gordon, Mrs. G.
Gundrum, Mrs. R. Mack, Mrs. J. Ma-
guire, Mrs. E. A. Meacham, Mrs. A.

Kathryn Mullen.

Music for the dancing will be
furnished by Johnson's College or-
chestra, of New Brunswick.

CHARLES VAN DE GRIFT.

Charles VanDeGrift, a former res-
ident of this city, departed this life
at the home of his daughter, Mrs.
George Esery, No. 69 Sterling street,
East Orange, on Friday, April 9, at
the age of 79 years.

Mr. Van DeGrift when residing in
this city carried on the carpentering
business, and many houses now
stand as monuments to his memory.
His many friends in this city will
regret to learn of his death. He was
a member of Sterling Castle, No.
50, K. G. E., and Good Samaritan
Lodge No. 52, K. of P., both of this
city.

He is survived by two daughters
and one son, viz.: Mrs. George
Esery of East Orange; Mrs. Mary
V. Ruck and Dwight O. VanDeGrift
of Palmyra.

ORGANIZATION MEETING.

John W. Herbert Re-elected Chairman State Highway Commission for Fourth Term.

The regular annual organization meeting of the New Jersey State Highway Commission was held in Trenton on April 8. Mr. John W. Herbert, who has been Chairman of the Commission ever since its establishment, was unanimously re-elected to the office to serve his fourth consecutive term. Mr. Herbert in accepting re-election expressed appreciation of the confidence reposed in him by his colleagues and assured them that he would continue to give to the State the same liberal expenditure of time and energy which has characterized his work in the past. He also spoke in the highest terms of the helpful co-operation constantly given him by the other members of the Commission and voiced the hope that former Commissioners Watson G. Clark and Walter J. Buzby whose terms recently expired would soon be reappointed to office so that the Commission and the State could again avail themselves of their valuable highway ability and experience.

In appointing the various committees for the year the Chairman named Robert S. Parsons and Samuel Haverstick to serve with himself as an ex-officio member on the Executive Committee. Commissioners Anthony R. Kuser and Samuel Haverstick were placed on the Legislative Committee and Samuel Haverstick and L. C. Duncan on the Cities Relations Committee. Mr. A. Lee Grover, the present Secretary of the Commission, and Harry Melkell, Jr., the clerk to the Chairman, were both reappointed to office without a dissenting vote.

After the organization was completed, the Commission gave several hearings to county and municipal highway authorities who sought help and advice on local highway matters and then took up the regular schedule of business. First in order and importance was consideration of the advisability of taking early steps to rebuild that portion of Route No. 1, lying between the Pennsylvania Railroad crossing over St. George's avenue at Rahway and the city line of Elizabeth. This is an Amesite pavement on a macadam base and was built by Union City in 1915, less than five years ago. The Commission assumed control of it on July 1, 1919, and that in spite of the severe winter which it was subjected, it gave adequate and proper maintenance without reconstruction for

several years more. Recent tours of inspection and reports of investigations made by the State Highway Engineer convince them, however, that the highway is beyond repair and that any attempt to maintain it would be an unjustifiable waste of money.

In consequence it was voted that owing to the vital importance of Route No. 1 the 1920 building program should be modified to provide for the reconstruction this year of that portion of the route in question. During the discussion of this matter the fact was developed that the Warrenton pavements on Route No. 1 between Metuchen and New Brunswick and New Brunswick and Cranbury were in similar condition and that numerous other stretches of patent pavements lying on State Highway Route, although constructed by the counties only a few years ago, were in a state of disintegration which made it doubtful economy to attempt to patch them up and try to maintain them any longer.

Next in order of importance the Commission considered the bids which had been submitted for the construction of the Cape May Court House-Swanton Section of Route No. 14, the Smith Mills to Charlottsville section of Route No. 8 and the Mullica Hills to Woodstown section of Route No. 6. The Commission reported the bids submitted as too high and in the first two cases mentioned rejected them and in the last case referred the bid to the Executive Committee for investigation and report at the next regular meeting of the Commission.

On the other hand the low bid of Philip Jannarone for the construction of the White's Bridge to Bloomingdale section of Route No. 8 at the cost of \$88,867.62 was adopted as were the low bids for the building of five bridges on Route No. 6.

After attending to numerous matters of departmental routine, the Commission voted to recess to meet again at the call of the Chairman.

Providing Against Trouble.

The twins, Fred and Joseph, were the same age as their cousin Richard, at whose home they were to spend the holidays. A few weeks before Christmas Richard wrote a long letter to Santa Claus, then added this postscript: "You had better bring three of everything, or I will have to fight the two of 'em at once."

Mexican War Losses.

The number of men engaged in the Mexican war on the American side consisted of 42,545 regulars and 73,770 volunteers. The losses of regulars were: Killed, 530; wounded, 2,102; died of wounds, 408. Volunteers killed, 513; wounded, 1,818; died of wounds, 100. This does not include deaths by disease.

Warm Rooms and a Cool Basement

With black diamonds at present prices, you want all the heat energy from your coal to concentrate on the job of sending warmth into living quarters. Boynton Square Pot boilers are built for free steaming with little fire. Only in intense cold will the rated capacity be needed. It's there when wanted.

The fire comes in direct contact with interior water surfaces. The unique shape of the fire-pot drops the ash from the sides freely and this contact point is as hot as the center of your fire. The perfect draft, extra large fire surface and upward trend of water surfaces keep the steam pressure high enough to heat all radiators daily.

Boynton Square Pot are noticeably economical. Ask your dealer to write us.
