LUKE A. LOVELY POST PLANS ANOTHER MOONLIGHT SAIL TO CONEY ISLAND

Decision Made Last Night To Run Excursion Again On Saturday, September 3rd, As Beginner For Labor Day Holiday—Need Funds For Charitable Activities

Those who sailed with the Luke A. Lovely Post of the American Legion on July 23rd enjoyed themselves immensely, but the heavy storm up to sailing time kept hundreds from making their annual visit to Coney Island. The Post has, therefore, arranged to charter the Iron Steamboat "Sirius" for another moonlight excursion to Coney on September 3rd. The date is the Saturday before Labor Day and the excursion will provide the beginning for a joyful start of a three day vacation.

The Post has, in past years, used the profits of its annual excursion in many humane and charitable enterprises, particularly in taking care of its quota toward the support of the Convalescent Home at Toms River. The storm of July 23rd ended whatever hope the Post had of showing a profit, and they have decided that it is necessary to raise the necessary funds by running another moonlight excursion. Since the inauguration of these excursions in 1923, the large patronage which has yearly sailed from South and Perth Amboy has attested to the excellent auspices under which the trip is conducted.

There appears to be an excellent demand for the excursion of the Legion on September 3rd, and the committee promises that this trip will be the best of all. Bus service, as usual, will be provided, a high class orchestra has been engaged, and the committee has let the catering privilege to one of the best catering concessions on steamboats in New York harbor.

RETAINING WALL PLAN APPROVED

Board Of Freeholders Approve Funds For Nearby Detours

At a regular meeting of the Board of Freeholders held yesterday afternoon at New Brunswick, the plans and specifications for the construction of the retaining wall at Mechanicsville, at the easterly side of the underpass of the crossing known as "Hole in the Wall" as prepared by W. Franklin Buchanan, county engineer, were approved.

Advertisements for bids on the new improvement, which will do away with the sand washing down into the "hole" during heavy storms, were authorized in the manner required by law.

To provide for the detours necessary while the road from Roses Corner toward Old Bridge is being paved, the board appropriated a sum of money to take care of the repair and maintenance of the detours. These included one from Ernoston to the Chesapeake road, one from Ernoston to the Parlin road, and one from Ned's Crossing to the Chesapeake road. Director Day introduced both of these resolutions.

BENEFIT CARD PARTY AUG. 19TH

At Seacroft Inn for Benefit of Local Needy Family.

A monster card party, the proceeds from which will be given to a needy family of the city, is being sponsored by two Knights of Columbus. The affair will be held at Seacroft Inn, on Friday evening, August 19th, the use of the Inn being donated by Henry Callaghan, manager of the place. The affair will be open to the general public and persons desiring individual tables should get in touch with Grand Knight Frank Hackett.

A large committee is already working for the success of the party and it is hoped a large sum of money will be realized. Where persons cannot attend and wish to purchase tickets, it is suggested that their names be written plainly on the back, so that they may take part in the awarding of the non-players prizes.

As an additional feature, refreshments will be served during the evening. The games will start promptly at 8:15 P. M. and bus patrons should leave this city shortly before eight o'clock. Entertainment will be furnished for the non-players. Returns for tickets and donations should be addressed to Street Commissioner John Connors, treasurer of the committee.

FINED \$53.10 FOR LUNCH WAGON FRACAS

Joseph Jesko, of this city, employed on a tugboat plying in New York waters, was taken into custody on Wednesday night by Roundsman McCormack and Officer Coughlin. His arrest was made on an old complaint outgrowing from a fracas in a Bordentown avenue lunch wagon. Two other men mixed up in the same affair were fined \$50.00 apiece. Jesko made his escape at the time and thus escaped a hearing and probable fine. At a hearing before Police Justice Van Cleaf last night, Jesko was fined \$50.00 and costs, the total amounting to \$53.10. The youth's father

WALTER RYERSON OUT ON BAIL NOW

As Result of Charge of Shooting Son in Law.

As a result of shooting his son in law Tuesday afternoon, Walter Ryerson, 73 years of age, of Morgan, is being held under \$1,000 bail for carrying concealed weapons, and \$1,000 for assault and attempt to kill, for the action of the grand jury.

The son in law, Paul Pfau, who lives on the heights at Morgan, received a slight wound on the neck and was treated at the office of Dr. E. A. Meacham in this city and then went to his home.

According to a statement given the Sayreville police by Ryerson, who lived in a boathouse along Morgan creek, he had gone to the home of his son in law where his wife had been living for some time, to get some papers, and while there got into an argument with Pfau. Ryerson claimed that Pfau made a rush for him and he then pulled the gun and fired.

The Sayreville police were notified of the shooting that was going on and Chief Gross, Officer Olsen and Officer Vineskie went to the Pfau home. By the time they arrived there both Pfau and Ryerson were gone. Pfau was at the office of Dr. Meacham in this city, and Ryerson was later found by Officer Vineskie on a Perth Amboy bus near the approach to the Victory Bridge. He explained that he was going to Newark to consult his attorney. Officer Vineskie, after stopping the bus, found the gun in Ryerson's back pocket.

Ryerson was taken to the county jail on Tuesday night and on Wednesday was released under bail.

12TH ANNUAL CAMPING TRIP

Local Boy Scouts to go to High Bridge Next Friday.

What is expected to be the best camping trip ever held by Troop No. 1, Boy Scouts of America, will start next Friday morning when the local boys leave by truck for High Bridge. Scoutmaster Tracy Dill has made arrangements for the affair, which is the twelfth annual camping trip of the local troop. For ten years the local troop made Avon-by-the-Sea the camping site and last year went to High Bridge.

The troop will remain at High Bridge until Saturday, August 20th, and they will then leave there for home. Visiting days for parents and friends will be Sunday and Wednesday. It is expected that twenty-five Scouts will enjoy the trip. Assistant Scoutmaster Dill will be Assistant Scoutmasters Carl and Arthur Skov and John Parker.

PAST COUNCIL'S OUTING TOMORROW

At Seidler's Beach—Baseball Game at 3 P. M.

The annual outing of the Past Councilors' Association of the Jr. O. U. A. M. will be held tomorrow afternoon and evening at Seidler's Beach. The program of the day will begin with a baseball game at three o'clock between the married men and the single men. Joan Applegate, of this city, will captain the married men and Otto Miller, also of this city, the single men. There will also be running races, potato races, a rifle contest, swimming races, etc.

The shore dinner will be served at 6:30 o'clock. Many members from this city are expected to attend.

CULVER—CAMPBELL

Mrs. Mary A. Campbell, of Main street, announces the marriage of her daughter Gertrude, to Mr. Frank M. Culver, of South River, N. J., on Saturday evening, July 30, 1927, at the First Presbyterian Church, South Amboy, the Rev. G. E. Schibred, Pastor of the church, officiating.

Miss Mary Elizabeth Campbell, a sister of the bride, acted as maid of honor, and Mrs. Fred Whitehead, a cousin, acted as bridesmaid. Mr. Fred Whitehead, of upper Main street attended the groom.

Both are well known in their respective cities, the groom having been a contractor and painter a number of years.

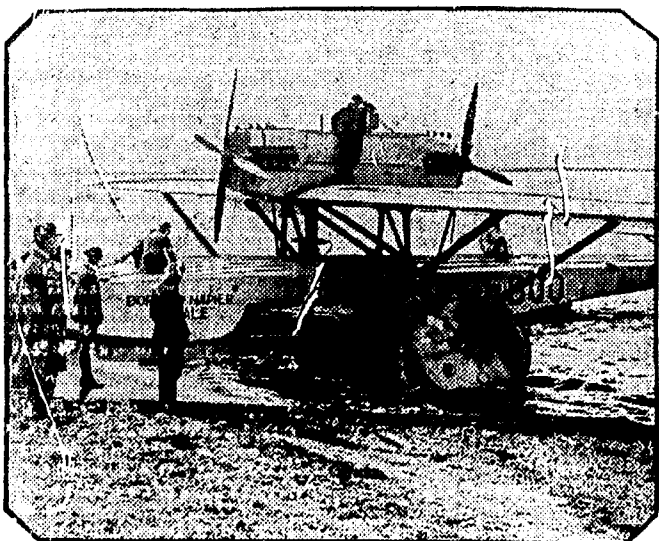

Best wishes are extended to the happy couple by their many friends.

OLD RESIDENT PASSES AWAY

Mrs. Margaret Connell Died Wednesday at Perth Amboy Hospital.

Another old resident of South Amboy passed into the Great Beyond on Wednesday when Mrs. Margaret Connell died at the Perth Amboy City Hospital of complication of diseases. Mrs. Connell was born and raised in South Amboy and lived here all her life up to about three years ago when she began making her home with a daughter, Mrs. Lester Underhill, of 272 W. Silzer street, Perth Amboy. The deceased was sixty years old and death came to her on the day after the twenty-third anniversary of the death of her husband.

Funeral services will be held on Saturday morning at nine o'clock from St. Mary's church in Perth Amboy and interment will be made beside her husband in St. Mary's cemetery in this city immediately following the Perth Amboy services. Undertaker Muller, of Perth Amboy has charge of the arrangements.

This old South Amboy resident is survived by a son, James Connell, of Kearny, and two daughters, Mrs. Lester Underhill, of Perth Amboy; and Mrs. William Weaver, of Chicago. There are besides, a brother, Patrick Dwyer and a sister, Mrs. Philip Purcell, both of this city. Two grand children, Virginia Underhill, and Marion Connell, also survive.

A King at 6

Here is Michael, the new king of all the Rumanians. The six-year-old boy was crowned following the death of his grandfather, King Ferdinand, and during the absence of his father, Prince Carol, who prefers Paris to the throne. While regents are "interpreting the royal wishes," King Michael continues to build sand castles at Maima, on the Black Sea.

NEW GASOLINE STATION HERE

At Broadway and Bordentown Ave. When Alterations are Completed.

Alterations are now being made to the building belonging to Lambertson & Reese at the corner of Broadway and Bordentown avenue for the changing of the store on the first floor into an up to date service station. It is understood that local people are interested in the business which will be known as the Broadway Service Station.

The building is being arranged so as to permit a double driveway, with two tanks on each side for the sale of gasoline. The outside will be of stucco, and there will also be a store to permit the sale of accessories. It is also understood that "Mileage" gas as refined by the Warner Quinlan Company will be sold. This gas sells for less than other grades of gasoline, and this company has already a number of stations in this section of the state selling their product.

The alterations will be rushed to completion by Lambertson & Reese, and as soon as they are completed, the station will open. An advertisement will appear in this paper announcing the date of the opening.

STORE HOLDS FIRST ANNIVERSARY SALE

Harry Oppenheim Offering Many Bargains to Shoppers.

Harry Oppenheim, proprietor of Oppenheim's 5, 10 and 25 cent store on Broadway, is celebrating the first anniversary of his entering business here with a gigantic sale which begins tomorrow, Saturday. Besides the usual stock of good merchandise offered at unusually low prices even for a sale event, considerable additional stock has been laid in of fresh new goods which are also offered at startling prices for the value and quality tendered.

Mr. Oppenheim, it will be recalled, about a year ago bought the business at the store he now occupies from a small chain store organization with Bound Brook headquarters. Since that time he has changed the type of stocks carried and quality offered and in general has improved the business to a point where it is hardly recognizable as the same establishment. This anniversary sale is but another effort on the part of the genial procreator something worthwhile for prior to, as he puts it, "give the thrifty money." The sale is to continue for several days and several very attractive specials are advertised for tomorrow for one day only.

WANTS ROAD WORK PUSHED

Senator Larson Urges Rushing of Chesapeake Road Paving.

The present traffic congestion on the state highway route through this city to Keyport might facilitate the starting of the proposed paving of the Chesapeake route to Matawan, which paving will start at the junction of Washington avenue and Main street.

Senator Morgan F. Larson, whose bill covering this improvement, was approved this year by the Legislature, is said to have been in touch with the highway department this week urging them to speed up its preliminary work on this work, and to advertise for bids as soon as possible. Although it would be impossible to complete this work this year, it would afford a relief next spring when it is expected that traffic will be heavier than ever in this section.

SURVEY FOR COUNTY AIRPORT TO BE MADE

George Delaney on Committee of Port Raritan Commission.

Commissioner George Delaney, of the Port Raritan Commission has been named as a member of a committee to make a survey for the establishment of an airport in this county. This action was taken at a meeting of the commission in Perth Amboy Monday night. Other members are Commissioners John F. McGuire and Asner Atkinson.

City Commissioner William V. Garretson, of Perth Amboy appeared before the commission and told what was being done in that city to further aviation. He also pointed out that Kearny's point, just above the Victory Bridge, was ideally situated for such a site, which might become one of the foremost aviation fields in this country.

Big Task Straightening River

A personal inspection of South River will be made by members of the commission some time this month, in order to ascertain just what steps need to be taken to straighten out the river. The commission hopes to eliminate many of the curves, and it is believed that the necessary legislation will be passed by the state and the government to provide the sum of \$400,000 to do this work.

The commission went on record as favoring Huddlefield as a permanent flying field for Middlesex county.

STARTS SUIT FOR \$50,000 DAMAGES

Chris Nicorvo, Complainant; Accident Happened on Parlin Road.

Chris Nicorvo, of Broadway, is the complainant in a suit for \$50,000 damages for injuries received in an automobile accident on the Parlin road on Sunday morning, September 27, 1925. The defendant is Walter Laiewasky, of 201 Catherine street, Sayreville, in whose car Nicorvo was riding when it crashed into a tree. In the same accident Gus Carlson, also of this city, was instantly killed. The two men were at that time working in the DuPont plant.

The local man claims he received a broken left wrist and sustained internal injuries. Thomas Brown, of Perth Amboy, is representing Nicorvo.

CHILD HIT BY MOTOR TRUCK

Four Year Old Alfred Medinets Escapes Fatal Injury.

Monday night four year old Alfred Medinets, son of Mr. and Mrs. Samuel Medinets, of Broadway, was badly injured when he was knocked down by a motor truck in front of his home. The truck, driven by Fred Allocci, of Keyport, is said to have been going quite slowly when in the vicinity of David street, the child ran into the roadway. The truck wheels, fortunately did not run over the little fellow and the truck was stopped within a few feet. The child was taken to the local hospital and attended by Dr. E. A. Meacham who found no serious injuries.

A summons was issued by local police and a hearing was held before Police Justice Van Cleaf the following night. The parents of the child were represented by counsel, a brother, Harry Medinets, who is a well known lawyer in Perth Amboy. Settlement as to the differences were arrived at without the aid of the police court.

Walking along the railroad tracks between David and Henry streets late Tuesday afternoon, Samuel Rogers of Henry street, was struck by a passing passenger train and so badly injured that he died a few hours later in the local hospital. Rogers resided just below the railroad on Henry st., and is supposed to have been on his way home from his work on the ferry boats of the Staten Island Rapid Transit operating between Perth Amboy and Tottenville. He had been standing chatting with a gateman on the David street crossing one Richard Parsons, for some little time prior to his fatal accident. As he turned to leave he was cautioned to watch out for the train and had walked only a few feet away when he was struck.

Rogers was unconscious when the gateman and train crew members reached him. Sergeant Quinlan, who was on Broadway at the time, had the man taken to the local hospital in the automobile of David Grover. The injured man was bleeding freely from wounds in the head and was found to have a broken arm and a broken leg. Death came without his regaining consciousness and it is believed that his skull was badly fractured in several places. That he was thrown away from the train and against a fence bordering the railroad tracks saved the man from being cut to bits under the wheels.

The train was number 4313 due here at 5:19 Daylight Saving Time and is not scheduled to stop. The train was late and did not arrive until 6:24. It was in charge of Conductor Jones and Engineer Maloney.

Funeral services are to be held from the home of a brother, Frank Rogers, of Catherine street at two o'clock tomorrow afternoon. The Rev. E. H. Reed, of the Methodist Episcopal church will officiate and interment will be made in Christ Church Cemetery under the auspices of Undertakers E. S. Mason and Son.

ALTERATIONS AT BROADWAY STORE

Tenenbaum's to Combine New Store With Old.

Alterations are being made to the interior of Tenenbaum's Broadway department store by Contractor Ellams. The old style shelving is being rapidly replaced with a newer type that will afford more storage room and present a more pleasing display of the merchandise stocked. Rearrangement of counters and show cases is also to be made, it is understood.

These alterations and rearrangement of the interior is necessitated mainly by the decision the owners to provide an exclusive department for the men's furnishings. This department is to be located on the right of the entrance door and in it will be contained the stock and service facilities heretofore maintained in the small separate store next door to the larger one. The same policies of service and satisfaction to customers is to be nurtured in the new department as has gained so many friends for the establishment through the operation of the separate men's furnishing store. In fact the added ease of serving patrons is expected to add still more to the local prestige of the Tenenbaum place of business.

STUART-WATSON
The residence of Mr. and Mrs. John Watson, Jr., David street, was the scene of a very pretty wedding on Wednesday evening, when their daughter, Anna D., was married to Mr. Chas. W. Stuart, son of Mr. Alexander Stuart, of Bayonne. The wedding was a quiet one, only the immediate relatives and a few most intimate friends being present.

Miss Margaret Jackson presided at the organ, and to the strains of the wedding march, the bridal party entered the parlor and took positions beneath a beautiful arch of red roses and greens, when the ceremony was performed by the Rev. A. W. Hopper, of Bath, N. Y., an uncle of the groom. The house decorations were large ferns. Miss Camille Felter, of Jersey City, was bridesmaid, and Mr. William Cornell, Jr., was best man. The bride looked real sweet in a handsome gown of crepe de chine over white silk, and carried a bunch of white roses. The bridesmaid's gown was one of white silk mull, and carried a bunch of pink roses. After congratulations had been extended to the happy couple, a fine wedding sup-

Expressing Contempt

The tongue has a single gesture, and everybody knows what it means. It is thrust out to express contempt. The little girl who "sticks out her tongue" does not realize that her action, so unladylike, harks back to the prehistoric. It is undoubtedly a most ancient mode of conveying the idea of intensified disrespect. Everywhere in the world, among savage and civilized peoples, the lingual gesture has the same recognized significance.

A NATION'S THANKSGIVING

At the gathering in of their first harvest our Mayflower Pilgrim went out and shot wild fowl that the little colony might feast to and give thanks unto Him. Hence the turkey is the common symbol of Thanksgiving Day.

It was not until the Revolutionary War that the feast became national and after it was over it was only occasionally observed by the people of New England. The first national proclamation was issued by President George Washington. It was dated January, 1795.

In 1857 Governor Wise, of Virginia, issued the first proclamation of the South. Next year, the governors of seven other Southern States issued Thanksgiving proclamations.

President Lincoln was the first President to follow Washington in this regard. He formally announced his determination to make Thanksgiving Day an annual national holiday. So, in the autumn of 1864 (October 20) President Lincoln issued a proclamation of thanksgiving, appointing and setting apart the last Thursday in November as a day of thanksgiving. Since that time the last Thursday in November has been firmly established as Thanksgiving Day. Every President since Lincoln's time has annually issued a similar proclamation and Governors of the States follow the President's lead.

Thanksgiving Day is not an ordinary holiday, but a "Holy day" and is so intended. It is a day of devotion—giving thanks for our many blessings from the hand of our Heavenly Father. The richest, the wisest man has no more power to foresee the handiwork of God than the poorest and humblest among us. Therefore we are held within the hollow of God Almighty's hand. Wherefore it is not wise to place too much stress on our self importance.

When you sit down next Thursday—and we hope you will—to enjoy that turkey, roasted to a chestnut brown, the cranberries jellied to a rare rich red, and the golden pumpkin pie; we know that you are going to have a good time.

The Citizen wishes all a happy day.

ST. MARY'S SCORE FIRST FOOTBALL VICTORY

St. Mary's high school football team scored its first victory of the season on Monday, when they defeated the St. James high school team at Red Bank by the score of 13 to 0. The aerial work of the local contenders was perhaps mainly responsible for their victory.

The work of John Grimes, who has been an outstanding figure on the team, was perfect again on Monday. Line plunging and forward passing

gave the locals their first touchdown in the second quarter, when Tom Lenahan dashed off tackle and scored. The try for extra point was unsuccessful. A twenty-five yard pass from Grimes to Wall in the third quarter counted for the second touchdown of the game. Wall did some brilliant running for this count.

This afternoon the local team will play the Red Bank aggregation a return game here.

Miss Mae Stewart, of Elmira, N. Y. is visiting in this city.

Be Featured Over WNJ

The Edwin Bent radio concert artists will broadcast the first consecutive weekly hour of music over the Hotel St. Frances Studios of Station WNJ at Newark, Monday evening during their usual hour between nine and ten P. M. This monumental series of excellent programs by New Jersey artists, all of whom are private pupils of Edwin Bent at the various branches of the Conservatory of Musical Art throughout New Jersey is attracting more than state wide attention for its varied programs, skillful artists and flawless interpretations. All these programs are given entirely from memory and in this one feature alone they have established a worthy precedent for unflinching accuracy in every mnemonic requirement. The programs of these concerts have been made up from the best musical literature of the world's master composers with due recognition of our own American composers.

Congressman Harold Hoffman arranged the recent local debut of Mae Freeman brilliant fifteen year old soprano of South Amboy, before a recent luncheon of the local Rotary Club and her singing won all hearers on this occasion. She will be the featured vocalist on the Edwin Bent hour over WNJ Monday, singing three varied groups of songs. Her featured presentation will be the complete rendition of the beautiful song cycle, "A Dream of Egypt" by Amy Woodforde-Finden. The five numbers that comprise this suite have most attractive melodies and their many vocal beauties will be fully accounted for by the young singer. Mae Freeman is a member of the choir of St. Mary's church and will sing the "Ave Marias" of Verdi and Millard and Wiegand's "O Salutaris Hostia" from her sacred repertoire. She will also sing a group of five ballads in English. She will be assisted at the piano on this occasion by her instructor, Edwin Bent.

Another young artist who appeared at the local Rotary Club several months ago will be the featured pianist on this program, playing an entire concert devoted to the compositions of Grieg. Master Donald Sinclair, the ten year old boy prodigy pianist has been specializing in the pianoforte compositions of Grieg in his studies with Edwin Bent. The ten solos that comprise his contribution to Monday's musical feast are among the best known of this great master's pianoforte compositions. The entire program on this occasion will be announced before the microphone by Edwin Bent.
