## BIG CAMPAIGN FOR FUNDS FOR NEW HOSPITAL TO CLOSE MONDAY NIGHT

With Nearly \$20,000 Subscribed To Date Big Effort Will Be Made To Reach Total Desired;—Big Meeting Of All Workers At High School Tonight.

With nearly \$20,000 subscribed, the next few days will mark a wonderful closing drive in the campaign to raise funds for the South Amboy Hospital, and Monday night the campaign will close at the High School Auditorium, where every team captain and worker is to make the final report at 7:30 o'clock. Tonight there will be an important meeting at the Auditorium at 7:30 o'clock. Final instructions will be given, and there will be special speakers upon the hospital subject. The committee expects every division commander, captain and worker will be present.

The outstanding event of the week in the campaign was a meeting of the whole organization in the High School Auditorium on Monday evening. Chairman John A. Coan presided and the principal speaker was Mayor Harold G. Hoffman. There were very few absentees and the utmost enthusiasm was displayed when it was pointed out that an analysis of the cards so far turned in indicated that the full amount required could be secured if the workers continued their efforts.

After the business meeting refreshments were served by the members of the South Amboy Woman's Club. The campaign now enters the final period and it is confidently predicted by Chairman Coan and his committee that the full quota of \$35,000 will be reached. Twenty-six hundred "Prospect Cards" were prepared by the committee in preparing for the drive and only half of these have been reported on. If the efforts of the team workers is sustained for the next few days, undoubtedly the results will prove to be all that was hoped for.

It has been decided to continue the soliciting for a few days more to give the teams an opportunity to make calls on all of their prospects. The loyalty of the workers has brought forth high praise from Chairman Coan and the committee. With enthusiasm, determination, zeal and often at a considerable sacrifice, early and late these devoted men and women have labored for the hospital. Often meeting with a cold reception from misinformed people, nothing dampened their ardor and when the last card is turned in and the debt wiped off the hospital, it will be with a feeling of strong personal satisfaction and pride that they will look back upon their part in this splendid achievement.

### BRIGGS-ALLSOB

Announcement has been made of the marriage of Miss Louise Allsob, only daughter of Mrs. Louise Allsob, of Woodside, L. I., to Mr. A. M. Briggs, son of Mr. and Mrs. James H. Briggs, of Main street, this city. The ceremony took place at the Universalist Church in New York City on Wednesday.

The couple are now enjoying a honeymoon trip to Niagara Falls. Upon their return they will make their home in a newly built and furnished cottage at 82 Cleveland avenue, Woodside, L. I.

### ALUMNI TO HOLD CARD PARTY

The Alumni Association of the South Amboy High School will hold a card party in City Hall, Thursday evening, June 4th.

Every one interested in this Association is expected to be present. Come out and meet former school mates; enjoy a social evening together and enter with zest into the sociability of the occasion.

The proceeds will be used toward making this year's banquet, which will be held at "The Pines" sometime during the Commencement season, a greater success than any that has preceded it.

Remember the date, June 4th; the place City Hall. There will be over one hundred prizes.

### OFFERS FREE SITE TO FIRE COMPANY

Judge Farrell, of Laurence Harbor has given a donation of two lots on Matawan Road, Section five, to the Laurence Harbor Fire Co., No. 1, Inc. There is already a building on this property which would serve at present as quarters for the fire truck. This proposition has been made to the fire company by Judge Farrell, who has offered to sell the building already mentioned at the actual cost. The proposition will be taken up at the next meeting of the Laurence Harbor Fire Company and given consideration.

Mrs. James Minnick has returned to her home on Main street much improved from her recent illness.

\$541.00 first payment will place a Hudson Coach in your Garage, balance in one year. Sexton's Garage, 15 Smith St., Perth Amboy. Adv.

## DENNIS HIGGINS DIES SUDDENLY

End Comes While Strolling Along Broadway Tuesday About Noon.

Death came very suddenly to Mr. Dennis Higgins, one of the very old residents of this city, on Tuesday shortly before noon. When strolling along Broadway, Mr. Higgins was seen to fall to the pavement near the corner of Augusta street. Officer Maliszewski saw the man drop and had him rushed to the local hospital in an automobile which chanced to pass by. At the hospital Dr. E. A. Mescham pronounced the man dead. Coroner Mason was immediately notified and gave permission for removal of the remains.

The deceased was born in County Kerry, Ireland, about sixty-five years ago. He came to this city, direct from his homeland some fifty years ago and has lived here ever since. For many years he was employed on the coal docks here, but of recent years has been retired. He was a member of the fire department for many years and at his death was an exempt fireman. He was also a member of the Holy Name Society of St. Mary's Church.

Funeral services were conducted from St. Mary's Church this morning at nine o'clock when a High Mass of Requiem was celebrated. Interment followed in St. Mary's cemetery under the auspices of E. S. Mason & Son.

The deceased is survived by one daughter, Mrs. Ed Oller, of Jersey City, and two sons, John and Edward, both of this city. Three sisters, Mrs. James Scully, Mrs. Thomas Ryan, and Mrs. Thomas Colford, all of Perth Amboy, also survive.

## NEW CLUB IS FORMED HERE

Polish American Citizens Hold Initial Meeting In Sacred Heart Hall.

The Polish American Citizens Club held their initial meeting in the Sacred Heart Hall on Monday last and the following members were elected officers:

L. Poloczky, President.  
V. Trzoniec, Vice-President.  
B. Kubinski, Secretary.  
P. Brylinski, Treasurer.

It is the intention of this Club to foster a feeling among its members that will make them, as well as non-members, more fully acquainted with America, American ideals, and in turn not only bring all their own people into a closer bond of friendship but also endeavor to have them exemplify this friendliness, in a true sense, at all times. For those who are not naturalized it will be the hope of the Club to instruct their brethren so that they too will want to become citizens, and so inform them in a manner that will make them worthy of citizenship. The Club, of course, will have its social activities, and as soon as membership warrants, the Club intends to carry out a program of social affairs as well as a course on a larger scale as mentioned above. The next meeting of this organization will be held on Monday, May 25, at which time prominent speakers from Perth Amboy and New Brunswick will be present.

The present membership of the Club is approximately 100 and applications indicate that it will have at least 250 after the next meeting.

## POLICE HUNT CAUSE OF HOSPITAL BLAZE

Still On Look-Out For Incendiary Who Tried To Burn New Bldg.

Local police are still investigating the malicious attempt to burn down the new hospital building on Bordentown avenue early last Friday evening. The blaze was discovered by a passerby who sent word to the Progressive Firehouse that there was a blaze in the new building, and this company rushed to the scene and with the aid of fire extinguishers the blaze was put down.

The fire was in one of the private rooms and it was found that someone had saturated a pile of burlap bags and that it was a deliberate attempt to burn down the new building being erected for the benefit of the people of this city and the vicinity.

Chief of Police Thomas Gleason, in an interview, expressed his opinion that the work was one of some demented person, and that every man on his force is on the lookout for some clue that might lead up to the capture of the incendiary.

Fortunately the fire was discovered and extinguished by the firemen before any damage had been done. Had the malicious attempt been made later in the night a serious conflagration might have resulted.

### "It's Really Economical"

Mrs. Smith writes: "I've learned that Blue Ribbon Butter is by far more economical than ordinary butter. The old way, I used to pay for the dish in which the butter was weighed. But whenever I buy Blue Ribbon Butter in the carton, I am assured of a full pound. No one could induce me to buy anything but Blue Ribbon." Make it a point to get a carton at your dealer's today! ## MANY INQUIRE FOR FACTORY SITES

Mayor Hoffman Asks For Lists Of Available Properties & Buildings.

A request is being made by Mayor Harold Hoffman for information as to available factory sites, with or without buildings, in or near South Amboy. Persons having land or buildings for sale or lease, are requested to file a description with the Mayor of their property, so that this information may be at hand in response to requests that are continually being made.

At the present time a site in or near South Amboy, without buildings, suitable for a tannery, is looked for.

A cement products concern wants 10,000 square feet of factory space on a railroad, near sand and gravel supply, employ about fifty men. Another company wants water front property on which to erect a Gypsum plant, using imported raw material.

## TO BE ORDAINED TO PRIESTHOOD

Aloysius Tomaszewski, of This City, Will Be Ordained This Sunday.

At St. Mary's Cathedral, Trenton, Saturday, June 6th, Right Reverend Thomas J. Walsh, D. D., will confer upon Aloysius Tomaszewski, a South Amboy young man who has just completed his education at Niagara University, the Ordination to Holy Priesthood.

Father Tomaszewski received his early education in the schools of South Amboy, always making a splendid record in his studies. He later attended St. Peter's High School in Jersey City. He entered service in the United States Army during the War, and later spent two years at Seton Hall College, East Orange, later entering Niagara University, where he has completed five years of study. His friends are greatly pleased that he will hold his First Solemn Mass at his home church, and wish him every success in his field of service. The first Mass will be said by Father Tomaszewski in Sacred Heart church, Sunday, June 7th, at 10:30 o'clock.

## FALSE ALARM

Late Sunday night a false alarm was turned in from Box 27, corner of Stockton and First streets. It is said that a nearby resident saw a car stop and a chap jump out and turn in the alarm. Then the man jumped back into the car and the car sped away. The license number of the car was not secured.

## MEETING OF DEMOCRATIC WOMEN HELD HERE

Assistant Prosecutor John E. Toolan and Mrs. H. N. Simmons, of Elizabeth, state committeewoman from Union county and president of the New Jersey State League of Women Voters were the principal speakers at the meeting of the Women's Democratic Club of Middlesex County held at the Bide-A-Wee Inn on Tuesday evening.

The meeting was largely attended, many members being present from all parts of the county. Miss Madge Mahoney was chairman of the arrangement committee for the affair and dainty refreshments were served after the speech-making.

\$366.00 down will place an Essex Coach in your back yard, balance in one year. Sexton's Garage, 15 Smith St., Perth Amboy, N. J. Adv.

## EFFORT MADE AT MEETING TO WORK OUT SOLUTION TO TRAFFIC PROBLEM

Interested Citizens, City Officers, Police Department And Special Officers Attend Meeting Last Night—Many Suggestions to Be Tried Out This Summer.

## POPPY SALE STARTS TONIGHT

Mayor Hoffman Will Buy First Poppy At Empire Theatre.

American Legion poppies for the Toms River Home go on sale the first thing tomorrow morning by members of the American Legion Auxiliary and volunteer workers. Headquarters have been established in the McCloud building on Broadway and anyone wishing to sell poppies tomorrow and again on Memorial Day can receive instructions by calling at the headquarters this evening between the hours of seven and nine o'clock.

Mrs. James McDonnell, who is the chairman of the Poppy Sale, will speak tonight at the Empire theatre prior to the selling of the first poppy. Mrs. McDonnell who is enthusiastic in this splendid work, asks the cooperation of the public in "putting over" this sale.

To inform the public the meaning of the drive four minute speeches have been made at the Empire Theatre by members of the American Legion nightly this week starting with Tuesday evening, and tonight Mayor Harold Hoffman will purchase the first poppy from little Katherine Triggs, daughter of Mrs. John L. Triggs, vice president of the Auxiliary.

Every poppy has been made, without expense by local women, and every cent collected from the sale of poppies tomorrow and Decoration Day goes direct to the home. This sale is also being held for the same purpose in Hunterdon, Mercer, Middlesex and Ocean counties.

## FATHER WELSH ADDRESSES MOTHERS

At Meeting of Parent-Teachers Association in St. Mary's School Hall

The final meeting of the school term of the Parent-Teachers Association was held in St. Mary's Hall on Wednesday afternoon with a large attendance.

In a short business session, Mrs. George Sullivan reported, a very tidy sum realized from the recent May Dance.

Rev. Father Welsh, a native of this city and a graduate of St. Mary's School, but now stationed at Rock Springs, Wyoming, was the principal speaker of the afternoon. Father Welsh spoke of life in the West, its climate, its chief occupation and his own experience at a Priest. He also told of the many privations endured in traveling over the rough and rugged roads to administer to the calls of his worthy little flock scattered over 150 miles of territory. Father Welsh surprised his hearers by telling of the great improvement in traveling in the West, saying that the bronchos were considered a thing of the past, giving place to the up-to-date motors for pleasure and business purposes. He felt safe in quoting "that every seven persons in Wyoming owned an automobile." His adieu to the mothers of St. Mary's was painfully accepted.

A pleasing program was rendered, as follows: "A Raccoon Lullaby (Neidlinger); "Spring Song" (Jarrett) Fifth and Sixth Grade Girls; Dance, Sophomore Girls; "Love Nest" K. Chessman, S. Abbatello; Solo Dance, Anna Connors, Helen Delaney; Crossword Puzzle, Junior Girls. At the close of the meeting Sister Aloysia reminded the mothers of the June examinations, which will commence next week with two subjects a week. Sister Aloysia advised the mothers to keep the children at home and exert their all to have their children fit for promotions.

### SMALL FIRE

A small fire of unknown origin broke out in the Atlantic and Pacific Tea Company's store on Broadway on Tuesday evening, at 6:30 P. M., shortly after the store had been closed by the manager, Milton B. Hammell. The firemen had to contend with a considerable amount of smoke before the fire was extinguished, but little damage was done.

Tomorrow afternoon at one o'clock the Woman's Missionary Society of the First Baptist Church will hold a Bakery sale at the church on Second street.

FOR SALE—House, 6 rooms, bath and improvements, brand new, now occupied on Bordentown avenue. Apply Peter J. Conkley, 234 John St., Phone 51 Extension Adv.

In an effort to work out a solution of the traffic problem in South Amboy, many residents of the city crowded the office of Mayor Harold Hoffman in the City Hall last night to participate in a discussion upon this important subject. Chief of Police Gleason, Councilmen Downs and Mullane, various special police officers and others interested in the situation attended the meeting, which was a most interesting one.

The Mayor, opening the meeting, stated that the traffic problem was a serious one, and that every effort should be made to handle the week end and holiday traffic in such a way that it would reach a maximum of efficiency, with the first consideration being the safety and convenience of our own people. He requested the cooperation of the special traffic officers and the citizens of the city in an effort to stop the unnecessary blowing of horns and klaxons and the blocking of cross streets.

All streets crossing Broadway and Stevens avenue are to be marked with white pavement paint at the sidewalk line, and the Council will be asked to support the movement by the passing of an ordinance making it a violation to block cross streets. Incorporated in this ordinance, which Councilman Mullane stated that he would have introduced, will be a provision against the unnecessary sounding of horns and klaxons. Drastic steps will be taken to enforce this ordinance, if it is approved by the State Motor Vehicle Department.

A number of new special officers have been appointed to assist in the direction of traffic. They will act under the direction of Chief of Police Thomas Gleason, and will be assigned to the direction of traffic at specific points.

The Mayor pointed out that the failure of the State Highway Commission to name an alternate route that might take some traffic out of South Amboy, and the failure to pass the bill that would have brought ten per cent of motor vehicle funds back to municipalities under heavy traffic burden, would work to the disadvantage of South Amboy. He stated that last year the use of motorcycles alone in the direction of traffic, excluding salaries of police officers and depreciation of machines was in the neighborhood of \$700.00 and that the city received no aid from the State. ## ROTARIANS HEAR REV. J. L. PITT

Local Club Plans For Annual Outing To Jamesburg.

It was the privilege of Rotarians who attended last Tuesday's luncheon at the Bide-A-Wee Inn to hear one of the finest talks ever delivered before the local club. Rev. J. Lawrence Pitt, of this city, Director of Religious Education for the Methodist Episcopal Church, spoke upon "The New Generation."

Mr. Pitt handled his subject in a masterly manner that made a splendid impression upon the Rotarians. He spoke of the advantages of the present generation, contrasting this period with past eras—the period of Greek ascendancy, at the time of the great Roman Empire flourished; of the Middle Ages, the days of Chivalry; of the period of the American Revolution. Pointing out the appeal that these past times might hold for a young man, he said that the present day with its inventions, its opportunities for education and the development of character, was the greatest in history and that its advantages should be used properly for the development of character that will mean much to the country. He discussed present day problems in a striking manner, and pointing out the fact that the example set by men successful in their various fields would be followed by the young people of today, he made a forceful plea for the upholding of Rotary ideals in the thought that service should be placed above self—that "he profits most who serves best."

Next week's luncheon will be in charge of Manuel Applegate. There will be special "stunts" by the entertainment committee, and a splendid program.

Annual Outing  
The annual outing to Jamesburg will be held on May 27th—next Wednesday. A number of Rotarians have made reservations for themselves and guests. Everyone is hoping for better weather conditions than upon the last pilgrimage to the home, as a splendid program has been arranged for the day. Local Rotarians and "Rotary-Anns" will leave South Amboy promptly at 11:30 o'clock. Tickets are one dollar and may be secured from Harold G. Hoffman, Secretary.

Thomas L. Wootton, Township Clerk of Madison Township, was a local business visitor last Saturday.

U. S. S. BRECK ASSIGNED HERE

(Continued from Page 1)  
"I should be most happy if you, your family and those of any other officials you may designate will honor us by a visit at any hour you may name either Friday after one p. m. or Memorial Day itself—Please advise me of the hour most convenient to you."

"It is my intention to sail from South Amboy Sunday morning, May 31st, at about ten o'clock, as I am under orders to proceed to the Navy Yard, New York, on that date."

"It is suggested that you advise me by communicating with the Commandant, Navy Yard, Brooklyn, N. Y. not later than Thursday, if possible, as to whether the above arrangements are satisfactory, and as to where the BRECK may expect to pick up the pilot. It is suggested that off the Red Gas Buoy "A" at the entrance to the dredged channel to eastward of Round Shoal—Raritan Bay, would be most convenient."

"Looking forward to the pleasure of our visit to your city and with warmest regards,

"Believe me Sir,  
"Most heartily,

"Lieutenant Com., U. S. Navy,

PROGRESSIVE CARNIVAL  
TO BE BIGGER AND BETTER

(Continued from Page 1)  
the award in prospect. Attendance at the carnival and block dance is the only requisite to getting in on the scheme. Further details as to the exact method of approach or manner of address, words to be spoken, etc., will be furnished in this paper in next Friday's issue. These final details are now being worked out by the committee, the members of which give assurance that the rules will be made as simple and as easy as possible in order that the award of a prize each evening may be most certainly assured.

A good orchestra of at least six pieces will furnish dancing music each evening throughout the affair. The dancing will be held on the pavement at the intersection of Bordentown avenue and Gordon street where a space will be enclosed, cleaned, polished and well lighted. Permission for the closing of Gordon street in order to provide for the necessary space for stands, dancing enclosure, etc., was obtained from the city authorities during the past week. The actual work of getting up the stands or booths, providing for the dancing space, etc., was begun by members of the fire company on Wednesday evening of this week. The work continues nightly until finished which is expected to be next Friday night.

Last year the success of the carnival was somewhat handicapped by unfavorable weather but this year the hope that a well earned promise of clear skies, according to members of the fire company. Therefore the preparations for this year's affair are much more elaborate than heretofore. There will be eight stands loaded with a choice selection of gifts to attract and hold the attention of the patrons. The stands themselves will necessarily be built much larger this year than in the past and each will display more costly and a more assortment than has been seen in this city as yet. Another change of interest is in the method of awarding the gifts to winners. There'll be a big prize on every spin and only thirty numbers, sometimes only twenty-four, and the practice of awarding small consolation prizes will be abandoned. Heretofore the individual chance of winning was only one in 150 to 180, now it will be one in thirty, and if by chance all the numbers are taken someone wins every time. This latter is the aim of the committee for thereby they figure on building a reputation that cannot be surpassed.

The blanket stand will be the center of interest again this year. On it will be displayed an assortment of comforters, blankets and robes that will completely erase all memories of last years assortment, choice though they may be. Then, of course there'll be the refreshment stand where the "hot pups", cold drinks, ice cream, etc., will be offered. Then there will be a candy stand where tempting boxes of goodies for the sweet tooth that tends to make the sweethearts (even of years of matrimony) smile approval will be available.

Felix, the cat of Sunday comic section fame, may be in the papers next Sunday and again he may not. But he surely will be at the carnival and will occupy a prominent place in one of the booths. With him will be associated small lamps and the sort of mechanical toys that have such a strong appeal for the childish heart. Other stands will display leather novelties and leather goods, umbrellas, pearls, floor lamps, aluminum utensils, sporting goods, baseball outfits, wagons, scooters, life sized baby dolls that literally ask to be taken to one's home, and many others.

Attendance on the part of the public will be an evidence of appreciation of and for the work that has already been and is yet being done by the aggregation of hustlers that travels on the so-called "Maxville Bedbug."

HARMONY CLUB PAID TRIBUTE

(Continued from page One)  
preamble on you Mrs. Dreisbach and myself will here offer only a brief, but one hundred percent sincere acknowledgment of your cordiality and fellowship that at once made a couple of strangers feel entirely at home. Small wonder to us that your singing rings wholesome and true."

"One need not depart from facts to find abundant encouragement for your musical future. With your permission I wish to say that I was most impressed with the maturity of your effects, your taste and your apparent feeling for balance. The latter is usually manifested to a like degree only in choruses composed of a single race, as the Welsh for example, who apparently are born with an instinct for ensemble work. These qualities along with a good and sufficient ability to grasp the technique of choral singing are yours. In what measure they are individual birthrights or have been instilled by the high grade conducting that you enjoy is a matter on which I pass."

"As to the conduct of your organization, you are obviously committed to a worthy policy of artistic advancement and territorial expansion. You have grown to where you cannot very well stand aloof and be the Harmony Club of South Amboy only, though fortunate indeed is the town that may call you its own. You are not isolated, but instead are part of the great national movement for choral music, the most fundamental and possibly the most beneficial of all musical manifestations. You no longer possess aspirations only. You can and should accept those artistic responsibilities for which you have proven qualified."

"It is yours to actually contribute to ideals, standards and achievements. Your President and Directors I know have caught this challenge. Possibly the rest of you likewise have. If you have not I feel that eventually you will, for harmony premeates you and actuates you, in word and fact."

I feel now that I have already taken too much of your time, and perhaps may have been presumptuous in offering and remarks or opinions. If so I ask your pardon and shall reply on my friends—Mr. Winegar—who is also your faithful courier, to advise me of my reinstatement in your good graces.

"In closing, I wish you God speed, and my hope is for the privilege of seeing you soon again.  
"Very truly yours,  
"A. G. DREISBACH."

Last Monday was the evening of the monthly social event of the Harmony Club. After rehearsal a splendid program of entertainment was presented and refreshments were served. The members remained until near the midnight hour, declaring the event to be one of the most enjoyable ever held by the Club.

AUXILIARY TO HELP FIREMEN

Besides the many attractions to be enjoyed at the carnival to be held by the Progressive Fire Co. on June 6th to 13th inclusive, the Ladies Auxiliary to the fire company wish to announce that they will award two beautiful prizes to holders of lucky numbers. One is a kitchen breakfast set, consisting of table, two chairs and server. The other is a hand made quilt. Shares for these articles may be bought from any member.

ST. MARTHA'S GUILD  
TO ELECT OFFICERS

On next Wednesday evening a meeting of St. Martha's Guild of Christ Church Parish will be held in the Parish House at eight o'clock. Among the items of business to be transacted is the election of officers; discussion of arrangements for the annual bazaar to be held in December. After the meeting refreshments will be served by the ladies of the Guild. Anyone having remnants are requested to bring them along so that they may be included in the plans that will be presented.

The interior of Mulrain's lunch, corner of Broadway and John street, has been given a fresh coat of paint and during the past week a new tile floor has been laid. The work will be completed shortly, workmen continuing to work at it daily. Business as usual has been the slogan, however while the work has been going on.

C. D. OF A. NOTES

At the regular meeting of the Catholic Daughters of America held on Thursday evening final arrangements were made for the annual banquet to be held at the Hotel Pines on June 10th. Grand Regent Miss Clara Cusick made known that final reservations must be made not later than Thursday evening next. Miss Cusick will be at the K. of C. rooms to receive reservations on Thursday evening at eight o'clock. Miss Margaret Coan will be toastmistress. Dr. M. Claire Flaherty has been chosen chairlady of entertainment and Mrs. John Crozier will take charge of favors. The members will travel by bus and private cars. After the business session a social hour was spent, which was greatly enjoyed. Miss Mary Nickerson was in charge of last night's programme and proved herself very capable. Miss Helen Monaghan rendered two recitations entitled "Her First Trip to a Butcher Shop" and "My Rosa." Miss Monaghan, who is very talented, delighted her hearers beyond words. Dr. Claire Flaherty rendered a vocal solo, Blue Eyed Sally and Miss Monaghan sang "Mighty Lak" a Rose. Refreshments of fruit salad, cake and coffee were served.

The following ladies will serve on the committee for the card party to be held next Monday evening: Mrs. Mary Keenan, Mrs. Margaret Kerwin, Miss Catherine Kelly, Miss Hodesta Kennedy, Miss Margaret Keenan, Miss Margaret Kress, Miss Annie Leonard, Mrs. Elizabeth Lenahan, Mrs. Nellie Lucitt, Miss Rosalie Linke, Mrs. Mamie Locks.

CHIMNEY FIRE

A chimney fire in the home of John Ehrlich on Augusta street brought out the fire department on Wednesday afternoon when an alarm was turned in from Box 36. All of the several apparatus of the city responded, the Independence truck reaching in extinguishing the blaze and but the scene first. Chemicals were used little damage was done to the building.

In Their Memory

Gone but not forgotten are the Heroes of the wars which were waged for and by this great country of ours, that we, as a nation, might survive throughout the ages to come. They gave unstintingly of their all, and it is only just and right that we bow our heads in silent tribute to them on this, our National Day of Memory. If you have no immediate relatives who made the supreme sacrifice, it is your opportunity to show your gratitude to those who did by decorating their last resting place in a fitting manner. Let us all join in a moment of silent tribute.

Y'S PARISH NOTES  
Y PLAY OF  
GRADUATING CLASS

Annual Commencement play Mary's High School was given May 18 and 19, when the Senior Class, assisted by the students of the High School, presented "Merely Mary," a modern musical comedy in two acts. The show was under the personal direction of Mr. Edward A. Keough and Mr. Daniel A. Hogan, Showcrafters of Philadelphia.

In was truly a musical comedy. From beginning to end, there was not a dull moment; every second was filled with catchy songs and attractive dances; every minute crowded with laughter and fun.

St. Mary's cast certainly brought their parts up to the standard. Amateurs became professionals in their zeal to make this, their play, the best ever produced, and it proved to be one that will long be remembered by an appreciative audience.

Following is a list of the characters in order of their appearance: Jack Keane, creator of "The Love Nest"; Salvatore Abbatiello.

Mrs. Keane, his ambitious mother, Evelyn Conway.

Madeline, a social butterfly, Margaret Kerwin.

Tom Boyd, in love with Madeline, James E. Wallis.

Mary, Mrs. Keane's social secretary, Kathleen Cheeseman.

Huggins, the butler, Edward Lucitt.

Mr. Goddard, executor of the Keane Estate, Francis Gelsinon.

Gaston Marceau, John Leonard.

Jean Snippen, a neighbor, Regina Doelling.

Incidentally, we take this opportunity to thank all those who helped in any way to make "Merely Mary" the wonderful success it was. The list of patrons and patronesses follows: Mr. and Mrs. Walter Mullen, Mr. John Connors, Henry street, Mrs. Walter Parker, Mrs. Timothy Duggan, Mr. and Mrs. Harvey Emmons, Mr. and Mrs. Patrick Grimley, Mr. and Mrs. James Rea, Miss Mary Finley, Mrs. Morris Lucitt, Mrs. Claffy, Hazel, J. STATE COLLEGE TO HOLD  
BIG FIELD DAY IN JUNE

Plans are nearing completion for the reception on Field Day, June 18, of the largest gathering of New Jerseymen ever held at the State College of Agriculture and Experiment Station, New Brunswick.

Invitations are being sent both to individuals and to organizations to attend the tours of the experimental field plots and laboratories where scientists are developing new ways of overcoming the handicaps to crop and livestock production. Special features have been included to make the program of interest to city folks as well as to farmers.

Kiwanis clubs from all parts of the state will send representatives to the meeting, and a special luncheon program for Kiwanians will be held.

Dedication of the new dairy and animal husbandry building is one of the chief attractions for breeders.

Judge Nelson Y. Dungan, of Somerville, will preside at the ceremonies and deliver an address.

Visitors will be shown the largest peach breeding orchard in the world, where 8 new varieties of peaches were perfected last year. This orchard, which contains varieties from every part of the world where peaches are grown, created much interest at the 1924 Field Day.

C. H. Connors, the scientist who recently announced the development of a 4-inch scarlet carnation, will conduct a tour to his dahlia plots where 350 varieties of dahlias are growing. Flower gardeners will have an opportunity to ask questions of Mr. Connors.

Growers of peas in south Jersey who have had serious trouble with root rot are expected to visit the trial grounds where Dr. C. M. Haensler has tested resistant varieties.

The poultry program includes a tour of the remodeled poultry plant. A number of talks on the latest developments in poultry management and disease control will be given.

## CLIFFWOOD

While the Ford touring car of Mrs. E. Jerome of Laurence Harbor was parked in front of the post office here between 8:30 and 9:00 P. M. Tuesday evening, sneak thieves stripped the car of its wiring, and the keys, and done other damage. It is understood that this is now the first time that automobiles have been robbed here and action should be taken to break up this sort of thing.

Miss Isabell Ivins spent the week end in New Brunswick with her brother George Ivins.

Mrs. S. Ivins is spending the week with Mr. and Mrs. George Ivins in New Brunswick.

Mr. and Mrs. H. Disbrow and daughter visited Mr. and Mrs. R. Heuser on Sunday.

William McCarthy and sons Walter and John, of Plymouth, Conn., spent the week end with Mr. McCarthy's sister, Mrs. Richard Fenick of Cliffwood.

THE NATIONAL SAFE  
DEPOSIT CONVENTION

The New Jersey State Safe Deposit Association will host this year to the Convention of the various Associations of the country. This is the first time that New Jersey has been so honored, and present indications show that this will be the most successful convention held up to this time. The New Jersey Association is very proud of being host, since it is the youngest Association, and the Executive Committee of the "Baby Association" is expecting the support of all of its members toward this end.

There will be two whole May Days of discussion, fun and good fellowship in the Play Ground of the World—that's what's in store for the Safe Deposit Associations' Convention at the Ambassador Hotel, Atlantic City, on Friday and Saturday, May 29th and 30th. It will be Decoration Day on the Boardwalk the ocean and golf links to lure.

There will be two sessions today, one at 10:30 A. M., and the other at 2:30 P. M. Tomorrow there will be one session at 10:00 A. M. and none at all in the afternoon. On Saturday evening at 7:00 o'clock the Annual Banquet will be held. Good speeches by men prominent in National, State and Banking circles will be made.

## Ton of Gold

Allowing 2,000 pounds to the ton, and 10 ounces to the pound, a ton of gold would be worth about \$640,000, for its assay weight is \$20, plus, per ounce. That would make the average person weighing 100 pounds worth about \$51,200, if they were given their weight in gold.

## ORDINANCE

**LAURENCE HARBOR****CARD PARTIES**

The card party of Mrs. Margaret Maclean, a member of the ladies auxiliary to the fire company was largely attended and was a financial success. The prizes were very attractive and many were awarded. After the games light refreshments were served and several vocal selections were rendered by Mrs. Margaret Maclean, contralto and Mr. T. Beechle, baritone, accompanied by Thomas Houlday at the piano.

The next card party will be given by Mrs. May Gilmore at Shoreland Circle, tonight at eight o'clock. A small admission will be charged and all proceeds will go towards the fire company for the fund to build a garage for the new engine. It is hoped that this party will be as successful as the preceding one.

Laurence Harbor Fire Company No. 1 held their semi-monthly meeting last Thursday night. At this meeting Nelson I. Keeney, of Laurence Harbor was received as a member. Their next meeting will be held the first Thursday in May.

The Pinochle Club of Laurence Harbor held their regular card party last Thursday night. Many prizes were awarded and light refreshments were served after the games.

**Battling Your Way Into Town**

It was a glorious trip. The setting sun proclaims the day about done.

And now the battle starts. It will be dark long before you reach home.

What a jam! You barely crawl along. You stop. You start. You creep ahead a few yards. Again you jam on the brakes.

Cars! Cars! Cars! Endlessly in front of you, endlessly behind you.

The driver just ahead stops suddenly. You barely miss bumping into his car.

On-coming cars honk an angry warning if you attempt to turn out. The road is too narrow.

Intersecting highways also are jammed with traffic. At every intersection again you wait, doggedly clutching the wheel in silent wrath.

At last, after literally fighting your way over the road, you swing into your own driveway.

Yes, it was a glorious trip, but—

\* \* \*

Don't blame your highway authorities. They are ready to do their part, but they must have your support. Tell them you are ready to invest in more and wider Concrete Highways now.

You know an early start means early relief.

**ELECTRICITY ON THE FARM!**

Economists say that the United States is prosperous above all other countries because America does mechanically so many things that other people do by hand. In other words, greater production provides wider distribution of property and wealth. Typical of the American spirit is the extension of mechanical operations to the farm, in which electricity, the power PAR EXCELLENCE, is playing an ever-increasing part. With its network of transmission and distribution lines covering the Nation's highway between New York and Philadelphia, Public Service puts electric energy at the service of cities, towns, villages and farms in the territory it serves.

As long as man has need of POWER, the production of electricity will be a basic industry. Wise investors realizing this truth are turning more and more to public utility securities as safe and sound. The opportunity to secure an unusually attractive public utility investment is open to you through our offer of

## THOMAS DELANEY

On Sunday morning last at ten o'clock the Grim Reaper claimed one of our oldest and most respected citizens, Mr. Thomas Delaney, of upper Augusta street. Mr. Delaney was born in Queen's County, Ireland, eighty-three years ago and came to this country at the age of 23. For the past sixty years he has been a resident of South Amboy during which time he gained for himself through honesty and good fellowship a host of friends. He was employed for many years by the Pennsylvania Railroad Company. At the time of his death he was receiving a pension from this company. Although complaining for quite some time Mr. Delaney was confined to his bed for only four days. He was always an active church member and is numbered among the first to help build up the magnificent property of St. Mary's Parish. He was a charter member of the Holy Name Society. He is survived by his widow, Mary, and nine children, five sons, Richard, Thomas, Pierre, Michael and William; four daughters, Elizabeth, Mary, Margaret, all of this city, and Mrs. E. J. Skiffington, of Carteret.

Funeral services took place on Wednesday morning at 9 o'clock when a High Mass of Requiem was celebrated by the Rev. Wm. Lahner. Interment was in the family plot in St. Mary's cemetery under the direction of Undertakers E. S. Masoh & Son. The pall bearers were the following: Edward McDonough, Thomas Britt, Sr., John Sutliff, Sr., John Connors, Thomas Lovely, and Robert Segrave.

## DRINKING FOUNTAIN GETS COAT OF PAINT

"Did you think it was a new one?" said a soft-spoken, fair visaged matron to a diminutive but neat girl off-spring while passing along Broadway the other day. "No dear. South Amboy is not rich enough to have a new one. It is the old one painted over."

The subject of this interesting conversation was the drinking fountain in the public square fronting the railroad station on Broadway. The cause of the comment was the fresh coat of gold leaf applied a day or two before under the direction of Water Commissioner John J. Braney. The work was done by the workmen of the plumbing concern of Sullivan & Wilhelm and it is understood there was no cost to the city for the job. A compressed air apparatus that literally blew the stuff on was used in the application of the gold coating.

Employees of the water department at the same time applied the various fixtures and turned on the water so that the fountain was once more in operation. During the winter months the water is shut off to guard against damage from the feed pipes freezing and the fixtures are removed as a protection from vandalism.

Recently the Civics Department of the Woman's Club requested the city authorities to have the fountain rehabilitated for Memorial Day.

## NEW TAXI BUSINESS STARTS OPERATION

The new, gayly-painted cream and blue colored taxi-cab that made its appearance on the streets of this city this week is the first of the fleet of cars put into operation by Messrs. Feldman and Schewelowitz, proprietors of the Apex Taxi Service. The headquarters of the new business is located at the intersection of Pine avenue and Louisa street. Besides the taxi service there will be maintained a tire, tube and accessories store, car washing depot and general service station. Service is available at any time, the building being kept open both day and night. "Call for us and we'll call for you," is the slogan that has been adopted by the new concern and it is the announced intention to win an enviable reputation and then continue to deserve it.

## HONOR DIRECTOR OF CHORAL SOCIETY

Woman's Club Choral Society Gives Party to R. Burns Elington.

The Woman's Club Choral Society gave a party in City Hall on Monday night in honor of Mr. R. Burns Elington, the director, as a "Grand Finale" to the season's work. Mrs. Elington the wife of the Director, and Miss Edna Agan, president of the Woman's Club were also guests.

The Choral Society sang several numbers, and Miss Eleanor Elington played three charming piano selections, which were very greatly enjoyed. Mr. Seldon Fitz-Herbert played for dancing, and the evening was spent in general merry making and sociability. A bountiful and delicious supper was served at a long table beautifully decorated with flowers, the menu being: fruit salad with whipped cream garnish, assorted sandwiches, cake, coffee and cream, salted nuts and mints.

After the supper Mrs. John Perkins, chairman of the Music Department of the Club, arose and thanked the members of the Choral Society for their continued loyalty to the Woman's Club and to Mr. Elington and to herself. She expressed her hopes that this loyalty would continue during the next year's work, to which all assented heartily. She paid a glowing tribute to Mr. Elington for his skill, his patience and faithful perseverance when discouragement might even have been condoned. She summed up by applying the following quotation to Mr. Elington:

"It is easy enough to be pleasant When life goes along with a song But the man worth while Is the man who can smile When everything goes dead wrong"

Mrs. Perkins then presented Mr. Elington with a purse of gold, as a token of esteem and appreciation from the members of the Choral Society.

He was genuinely surprised, and quite touched. He responded however, very pleasantly and with his usual humor.

Miss Edna Agan, the Club president also was called upon and made a brief speech.

More dancing followed the supper and the party reluctantly broke up at a late hour.

Great enthusiasm was shown for next season's work which Mr. Elington hopes to make of a more advanced and interesting character.

## BIRTHDAY PARTY

Helen Humphreys made a lively little hostess at a party held at her home, 112 John street, Saturday afternoon, in honor of her seventh birthday. Pink and blue was the color scheme employed in the decorations. Games were played and delicious refreshments were served.

The guests were Louise Preston, Eleanor Boice, Mary Elizabeth Dolan, Ruth Burlew, Anna Bunting, Olga Jerome, Gene O'Connor, Frances and Kathryn Kress, Loretta Weyman, Edith and Doris Thomas, Frances and Ester Bloodgood, Alice Gleason, Ruth Keene, Mary Corcoran, Alice Sullivan, Jean Leonard, Mary McCloud, Grace Ryan, Margaret and Monica McCoy, Eileen O'Ford, Mulford Bunting, Ruth, Helen, Mary and Billy Humphreys.

## SURPRISE SHOWER

A surprise miscellaneous shower was tendered Miss Jane Barich, an employee of the local terminal and shipping office, Monday evening at the home of Mrs. T. B. Ehrlich on Second street. Games, dancing and a general good time was had by those who attended, and tasty refreshments were served. Many beautiful and useful gifts were received by Miss Barich.

Among those present were the following: Mrs. C. Buckalew, Mrs. Lewis, Mrs. Condit, Mrs. Mundy, Mrs. Pearl Baum, Miss Rose Schmitberger, Miss Ruth Miller, Miss Charlotte Waldheim, Miss Francis Nicorvo, Miss Margaret Nicorvo, Miss Katherine Duder, Miss Clara Markowitz, Miss Claire Hamilton, Mrs. Laurence Barich, Miss Jane Barich.

## Began Great Literary Age

With the publication, in 1579, of "The Shepherd's Calendar," a pastoral poem in twelve parts, by Edmund Spenser, who later wrote "The Faerie Queene," the Elizabethan age of English literature may be said to begin.

## MAY DAY EXHIBITION

Before a very large gathering of interested parents and friends of the pupils of the local Public Schools, the Annual May Day and Physical Training Exhibition was held on Stevensdale yesterday afternoon. Despite a threatening gathering of heavy clouds at starting time the exhibition was begun and very successfully carried through. The brightening skies of the later hours added to the enthusiasm manifested by the youngsters in their demonstrations of the things they had learned. An interesting program was presented and very much enjoyed.

### BOYS CAMP, CAMP TAYLOR TO OPEN ON JULY 2ND

With the closing of school and the advent of hot weather comes the vacation problem which parents have been able to solve by selecting a good camp in which their boys may not only enjoy a fine outing but in which they also come into contact with a real character-building program. Almost every boy is interested in camp and parents have more and more come to realize that one or two weeks in camp does wonders for a boy after the long grind of the school year. New Jersey has many fine camps and the cost is so moderate that it is now possible for almost every boy to attend a camp for at least a week.

One of the finest of these, and according to state standards ranks among the three highest in New Jersey, is Camp Taylor, at High Bridge, in Hunterdon County. Four counties have united to make this the finest Boys' Camp in the State. The County Y. M. C. A. organizations of Middlesex, Morris, Hunterdon and Somerset counties join forces in promoting this summer camp for boys from 12 to 18 years of age. The County Secretaries of these four powerful organizations act as the directors and adult leaders of splendid character and training are provided for every tent of seven boys.

The 1925 season, which opens July 2nd, is the 11th season for Camp Taylor. It will run for 4 weeks, closing July 30. After which the girls of these four counties will use it for a four week period. Parents who have investigated many boys camps say there is no more beautiful spot than this site in the Poconos on beautiful Lake Solitude. Not only is it noted for its rare beauty but it is famous for its healthy climate and the fact that it is absolutely free from mosquitoes.

Less than fifty miles from Middlesex county, it is easy of access and transportation is reduced to a minimum. Any boy over 12 years of age may attend Camp whether he is a member of the Y. M. C. A. or not. The program is so varied that every boy may always find something to keep him interested and happy. From the bugle call in the morning until taps is blown at night there is never a dull moment.

Any boy who has not felt the thrill of awaking to the clear ringing call of a bugle after a refreshing night of sleep by the shore of a beautiful lake can experience it by attending Camp Taylor. After a brisk 10 minutes of calisthenics in the open under the leadership of one of the Camp Directors the cry of all in for the morning dip is given and the Lake is a mass of wildly shouting, laughing humanity for a period of five minutes. Of course there are always a few jillies who are either not fully awake as yet or else are too delicate to make the plunge and they often are gently persuaded to get acquainted with the joy of a morning swim. Next comes breakfast, and Oh, what appetites and what good things to satisfy them. No expense is spared to furnish not only the best of food but all the boys can eat and a great variety of food as well. As it is often quite cool at breakfast time, boys are encouraged to take sweaters with them to Camp, and Directors watch that no boy sits in the dining hall without the proper clothing.

Following breakfast comes the regular morning devotions, when every boy meets with the Director in charge of religious work and participates in the Bible discussions. After Chapel comes a short clean up period when every boy is pressed into service to put the camp in order. A half hour is consumed by these tasks and then the boys are split up into various groups or classes in which they have the choice of taking up Nature Study, First Aid, Camp Craft, Radio

and other things very near to a boy's heart. Thus the morning passes pleasantly until 11 o'clock at which time the whole Camp goes in for a real swim. At 12 o'clock comes Tent Inspection, followed by dinner. For an hour after dinner rest period is observed and then the Camp is all activity again. Baseball, volley ball, hikes, archery, boating and emblem tests are some of the more outstanding afternoon features. At 4 o'clock comes the afternoon swim and a little later when the bugle blows for supper a wild hungry army descends upon the dining room and the way these boys eat is praise enough for the splendid cooking of the chefs in charge of the kitchen.

After supper comes the evening entertainment period when a great variety of entertainment is provided. One night is designated as Stunt Night and each tent of boys with their leader is expected to put on a stunt. At other times minstrel shows are hastily organized among the boys and some nights are given over wholly to ghost stories around the camp fire. At 9:30 taps are blown and after a short period of tent devotions in which each tent leader conducts a short period of scripture reading and prayer, lights are put out and the Camp drifts into peaceful slumber.

Each day brings new delights and new friendships and it is always with regret that the boys turn their faces homeward and say good-bye to old Taylor for another year.

For the information of parents who are anxious to know about the health and sanitary conditions of Camp Taylor they will be interested to know that tested pure spring water is piped into the Camp and the Kaustine chemical sanitation system and the fact that there are no flies nor mosquitoes make it an ideal place for your boy's vacation. An expert swimming director will teach your boy to swim if he does not already know how. An efficient life saving crew is always on the job to supervise the swimming which is only allowed at stated periods as is also the boating.

Parents and friends will be welcomed in camp on the 11th, and the 25th of July. You may inspect the Camp and visit your boy. Camp Taylor is located at High Bridge, N. J. and is reached by the Central Railroad of New Jersey through Bound Brook, Somerville, Whitehouse, and the Rockaway Branch of the Central Railroad through Dover, Wharton, and Kenvil. Taxis (with reasonable rates) meet all trains. Automobiles can reach the Camp via New Brunswick, Plainfield, to Easton Highway and the new road through Flanders, Long Valley to it.

The cost of Camp is \$9.00 a week and a boy may register for one, two, three or four weeks. Registrations should be sent in now to County Y. M. C. A. Secretary Edward M. Dowling, New Brunswick, N. J.

Preceding the opening of Camp for the boys the men of Middlesex County will hold a big get-together starting Friday, June 26 and continuing until Saturday, June 28.

Beginning on Saturday, June 27, while the men's get-together is on, there will be held a Hi-Y conference to which will be invited all Hi-Y boys of the four Counties which are connected with the Camp. The Hi-Y Conference will last until July 2nd when the Camp opens for boys.

#### A Large Order

"No one," said Fox, "could really be in love with Mrs. Siddons. Her scale, the huge structure of her genius, precluded any tender approach. In the court of love, as humanity knows it, her head would be sticking out through the roof. You might as well cherish a passion for Ursula Major or for the East India company."—From "The Right Place," by C. E. Montague.

#### The Trackman

It is the job of The Trackman to keep in repair and renew when necessary the nearly 900 miles of track over which PUBLIC SERVICE street cars operate.

In a year he reconstructs with old rail an average of seven miles, lays an average of seventeen miles of new rail and renews thousands of joints and ties.

Of all the vehicles that use the public highways, the street car is the only one that provides its own track without expense to the general public, yet street cars transport more passengers than do all other vehicles combined.

Of the millions of dollars expended each year to maintain streets and roads only a small part is spent because of the use of public streets made by street cars.

From the standpoint of the general public and of the rider street cars are the backbone of the transit system and The Trackman helps to make them so.

But we used to have such trouble with that old-fashioned range of mine. Then Mrs. Jenkins told me about the new Thatcher 'Twin-Fire.' So I bought one—and my dear, we can cook a dinner for twelve in almost half the time. It's simply marvelous! And as convenient as can be!"

THE Thatcher "Twin-Fire" Range combines coal and gas in one unit. Coal and gas sections may be used separately or together. This Range has more gas equipment than many "all gas" ranges, having two large gas ovens in the upper part. The body top has five gas burners that are adjustable for the varying gas pressures in different localities.

## Looking Back Thirty Years

Issue of June 1st, 1895

The lodge rooms of the K. of P. Hall was the scene on Friday night last of the largest gathering ever held within its capacious walls. The occasion of this grand celebration, which filled every chair and called for additional seats to be brought in, was the first anniversary of Friendship Council, No. 16, Daughters of Liberty. In addition to the local Council there were present Councils from Perth Amboy and Tottenville, together with members of the Jr. O. U. A. M. of the above place and from Joel Parker Council of this borough.

Mr. Charles Dayton, of George street, presided over the meeting. The meeting opened with a prayer by Rev. J. G. Edwards. After singing of the opening ode by the Council an address of welcome by Councilor Mrs. Wm. Dayton, of Bordentown avenue, was given.

A dialogue including a march was the next number on the evening's program. The march was played by Miss Ethel Dayton and was led by Mrs. Chas. Dayton, followed by Mrs. Chas. Fox, Mrs. John Ward, Mrs. Thomas Havens, Mrs. John Straub, Miss Mary Thomas and Mrs. Wm. Adams. It was entitled "Liberty's Birthday" and was so well rendered that much applause was elicited.

Music on the mandolin by Mr. John D. Nichols was enjoyed greatly. Refreshments consisting of cake, lemonade and ice cream was then served and enjoyed by all. After a short season of social chat all took their departure feeling well pleased with the success of the first anniversary of Friendship Council No. 16.

The Citizens Cornet Band escorted the Polish societies of this borough to Perth Amboy on Thursday and took part in the grand Polish celebration at that city.

A popular proprietor of a hotel on Augusta street recently read in a paper that if a rat was caught and a bell tied around its neck and then allowed to go free it would leave the premises and take all the other rats in the neighborhood with it. Being bothered with this troublesome animal, the proprietor decided to try the above advice. He got someone to catch a rat and then chloroformed it, when a bell was placed around its neck. It was then taken to the stable, and allowed its freedom. The proprietor then felt serenely over the success thus far, and went to rest for the night with visions of myriad rats wending their way toward Raritan Bay to drown themselves. Imagine his surprise the next morning when he went to the barn and found the same rat caught in a trap that he had set. Next time he will try another way to get rid of the rats.

In a friendly match at blue rocks on Thursday, the Columbia Gun Club beat the Keyport Gun Club by twelve points. The Columbia boys naturally feel jubilant over their victory.

Lounging on the street corners is more prevalent this year than ever, much to the annoyance of ladies who are compelled to travel on our main thoroughfare. In many places groups of young men occupy about all the room there is on the sidewalk. If the young men do not take the hint, it would be well for our officers to compel them to "move on."

**Rain Fell in Torrents**  
Thick, black clouds hid the sun from view on Monday afternoon, causing the darkness of night, and a deluge of rain broke therefrom that caused our streets to be flooded. Cellars were filled and tons of sand were washed from the bed of the streets. B. Dominick's cellar was filled up to the floor of his store, and goods therein were damaged to the extent of about \$60. At the Raritan River railroad bridge on Bordentown avenue, the road bed and sidewalk was completely washed out.

**Perhaps Sneak Thieves**  
On Friday night of last week Marshal Minnick noticed two young men about 17 years of age acting in a suspicious manner, and kept his eye on the pair. About midnight they were seen loitering in the shadow of Firemen's Hall. Marshal Minnick with the assistance of Deputy Marshal O'Toole arrested them, and on searching them in Borough Hall eleven keys were found on them, ordinary door keys and night latch keys. The young men claimed to be residents of Newark and said they were looking for work. They were locked up and in the morning were sent out of the borough minus their stock of keys.

**Traded on Eclipse**  
Primitive man regarded an eclipse of the sun with great awe—for him it was an ill omen of impending disaster, a sign that the gods were angry. And, of course, as soon as the priests, who were the only astronomers (and astrologers) of antiquity, were able to forecast these happenings, eclipses afforded one of the best means of impressing fear upon the multitudes.

**Action of the Poles**  
While the north magnetic pole attracts the north end of the needle and repels the south end, the South pole repels the north end and attracts the south end. This is true, no matter in what part of the earth the needle is placed, and there is no reversal of the needle when the magnetic equator is crossed.

### What Will They Do With Thirty Cents?

Harry Savage, Jr., New Britain, Conn., fifteen-year-old captain of a baseball team, has received a dozen brand new big league baseballs instead of an old one for his team.

The youngster wrote Maj. John L. Griffith, executive vice president of the National Amateur Athletic Federation, which is conducting a campaign to revive amateur baseball among youths, asking for an old ball. The boy added that the finances of his organization had been reduced to 30 cents.

When George Huff, director of athletics at the University of Illinois, and a firm believer in boys' sports, was advised of the appeal he volunteered to send the balls.

### MANAGER M'GRAW IS VERY CONSERVATIVE

### Not Willing to Make Any Statement as to Final Standing of Giants.

"It is too risky a thing to pick a four consecutive-time winner of a pennant to repeat again," said Manager J. J. McGraw of the New York Giants to a representative of the Christian Science Monitor. "For that reason I shall decline to make any statement relative to the final standing of the Giants, although I will say that the club is as strong, if not stronger than last year."

This is the conservative stand taken by Manager McGraw and it is well warranted. There are too many things that might crop out in a team which has won four straight pennants, chiefly among these is overconfidence. Overconfidence in a team is nearly as detrimental as underconfidence for it makes the team play listless. However, with the leadership of McGraw as the biggest obstacle to overconfidence that one can think of, the Giants look as though they might repeat for a record for all time.

"There is one big reason why I might consider the Giants stronger this year," said McGraw, "and that is the extremely fine showing of our right-handed pitchers. Our strongest opponent will probably be Pittsburgh, but we cannot underestimate any of the clubs. It does not pay. Underestimation of other clubs gives overconfidence the chance to creep in, just as well as overestimation of one's own team's ability."

"I will continue the shifting of G. L. Kelly and William Terry from the outfield to first base, according to the pitching we face this year. Terry hit for only about .239 last season, but I expect him to improve tremendously. The veteran pitchers, A. N. Nehf and J. N. Bentley are fully as effective as a year ago."

### "Norway's Nurmi" Coming to the United States

Charles Hoff, Norwegian all-around athlete and holder of the world's pole vault record, plans to come to the United States to make his home in this country, according to word received from Oslo, capital of Norway.

Hoff, who was characterized during the last Olympics as the "world's greatest all-around athlete" by Head Coach Lawson Robertson of the American team, agreed to come here early in the winter for the Millrose A. A. indoor carnival. Complications in his affairs at home, however, prevented him from making the trip at that time.

Hoff, whose pole vault record is 13 feet 9 1/2 inches was unable to compete in his favorite event at the Olympics because of a heel bruise. He ran in the 800 meters, however, and was placed in the finals.

### McAuley Doing Well

Jimmy McAuley, veteran shortstop secured from Los Angeles of the Pacific Coast League, to fill the place made vacant by the injury to "Rabbit" Maranville, is making a decided hit with Chicago Club fans by his clever fielding and timely hitting.

### Jim Lavender Outpitched Rube Marquard in 1912

It was Jimmy Lavender, whose name conjures up memories of lavender and old lace, of flowery dells and gentle zephyrs, who stopped Rube Marquard in his remarkable run of consecutive victories back in 1912. Frank Chance, manager of the Chicago Cubs, selected Lavender to put the quietus on the rambling Rube, because the recruit had been going like wildfire for two weeks previous. Not a run had been scored off Lavender's pitching in 30 consecutive innings. The struggle took place at Chicago on July 8, 1912, and was fast and furious for three innings. The break came in the fourth when the Cubs added two runs to their score, making it 4 to 1. Marquard wavered, broke and sprinted for the showers.

The big southpaw seemingly took the defeat calmly, but underneath a smile was a badly dented heart, for that game would have given him the absolute title. Lavender, the victor, who had struggled long to make good, suddenly found himself famous. Strange to relate, both these celebrities fell from their lofty pedestal, the victor and vanquished fell flat and failed to do anything astonishing during the remainder of that season.

On July 27 these two limelighters again met in battle array; both were knocked out. After the game they shook hands and Lavender remarked that the peculiar angles of baseball were beyond all understanding.

### Rate in an Organ

The famous organ in the Trocadero in Paris, said to be worth \$125,000, is in danger. This magnificent instrument, the third finest in France, is suffering from old age. Five men could blow it at one time, but today it takes ten men to provide the necessary power. Many of the pipes are out of use because rats nest in them.

### Jenkins' Ear War

The loss of an ear by a British suitor—Robert Jenkins, a mariner, who claimed he had been seized and tortured by Spaniards—gave rise to a war between England and Spain in 1739.

New Price for HUDSON COACH (Was \$1345)

Today's Hudson Super-Six Coach costs less than half the price at which the open models have sold. With the world's largest production of 6-cylinder cars, quality is constantly improved and therefore Hudson is more than ever

### "The World's Greatest Buy"

Hudson's leadership is based upon ten years' concentration in refining a great car around the famous Super-Six motor. This exclusive invention added 88% to motor efficiency, yielding 76 horsepower without added weight, size or cost. It almost doubled car endurance. No design, however costly, has been found to excel Super-Six smooth-

ness, reliability and performance. There has been constant improvement in every detail. Easier steering, greater roadability, more comfort, better materials, finer workmanship, handsomer appearance, and more lasting finish. In all ways it is the greatest Hudson and the lowest priced Hudson.

## Eighteen Steel Towers to Carry Electric Wires Across Two Rivers Tying in Three Big Power Plants

One of Steel Transmission Towers With Portion of Kearny Super-Power Station.

CROSSING the Passaic and Hackensack rivers, the Kearny yards of the Pennsylvania Railroad and the main line of the Lackawanna Railroad, a series of eighteen steel towers, some more than 200 feet high, are being constructed by Public Service in preparation for a power line to completely interconnecting three big electric plants when the Kearny super-power station is completed.

The project will be known as the Essex-Kearny-Marion tie line and will harness together something

like 600,000 horsepower of electrical energy generated in these three stations to furnish power and light to the industries and residents of New Jersey.

The portion of the line which will cross the two rivers will have a minimum clearance above high tide of about 140 feet to the lowest transmission wire, necessitating towers on either side of the Passaic River about 217 feet high and 229 feet for the Hackensack River crossing. These spans are about 775 feet and 856 feet respectively.

The towers across the Pennsylvania property are 207 feet high, necessitated by future developments of the railroad which include the elevation of some of the tracks.

The electric distribution department, Electric and Gas Company, prepared the specifications for the line. The towers and foundations were designed by Archbold-Brady Company. Public Service Production Company is doing the construction work.

### Wives of the Past

Wives are not worse off today than they were 2,000 years ago. Two thousand years ago Rome had civilization, and in the words of Lecky, the scientist and historian, "The Roman family was constituted on the principle of the absolute authority of its head, who had a power of life and death over both his wife and his children, and who could repudiate the former at will." So the modern wife has something to be thankful for!

## BOARD ADOPTS SCHOOL CALENDAR

Public Schools Will Open Next Term Sept. 7th and Close June 25th.

The Board of Education at the meeting, held Wednesday evening acted favorably on the school calendar as recommended by Superintendent of Schools O. O. Barr. Mr. Barr explained, in reply to objections voiced by President Rue, that opening the schools after Labor Day was the general practice and simply meant that the schools would run later at the end of the year. It was also brought out that the long spring recess of other school in other cities kept the schools running longer than they did here. The school calendar as adopted was as follows:

1925  
Monday, September 7th, Labor Day.  
Wednesday, September 9th, schools open.  
Monday, October 12th, Columbus Day.  
Tuesday, November 3rd, Election Day.  
Wednesday, November 11th, Armistice Day.  
Thursday and Friday, November 26th and 27th, Thanksgiving Recess.  
December 24th-Jan. 3rd inclusive, Christmas Recess.  
1926  
Friday, February 12th, Lincoln's Birthday.  
Monday, February 22nd, Washington's Birthday.  
Friday, April 2nd, Good Friday.  
April 5th-9th inclusive, Spring Recess.  
Monday, May 31st, Memorial Day.  
Thursday, June 24th, Commencement Day.  
Friday, June 25th, school closes.

## AWARD CONTRACT FOR SEWER PIPE

Council Takes Action on Delinquent Water Bills—Other Business.

The Common Council on Tuesday evening awarded the contract for furnishing the concrete pipe for the new John Street storm sewer to the Lock Joint Pipe Company at the total figure of \$12,566.40. There was only one other bidder for the pipe contract, the Newark Concrete Pipe Company, whose total bid was \$13,165.88. The material wanted amounts to 1,596 feet of sixty inch pipe to meet three types of specifications as prepared by City Engineer John A. Conlogue.

As the result of a motion tendered by Councilman Kvist the City Clerk will endeavor to get in touch with Dog Catcher Baumgartner to invite him to return to his work of chasing stray dogs in this city with the assurance that adequate police protection will be forthcoming in connection therewith. According to Mr. Kvist the dog matter is becoming more troublesome than ever and should be attended to. It seems, according to the Fourth Ward representative, that when Mr. Baumgartner did work here and did succeed in catching a number of dogs the animals were let out of the pound by some unauthorized person. This, of course meant that the dog catcher got no pay for the apprehension of those particular dogs, to his apparent discouragement, for it is said he has not been back since.

Councilman Kvist suggested that the City Solicitor be requested to advise as to the possibilities of the city offering a reward for the arrest of guilty parties interfering with the dog pound, etc. He said the Mayor ought to be requested to have an officer visit the dog kennels every half hour, or even station one there continuously, if necessary, to insure that all dogs when they were caught remained in custody until officially released or else put to death.

Councilman Cozzens moved to authorize the clerk to advertise to the effect that unless delinquent water bills were paid within thirty days the service would be discontinued for the properties affected. In this connection Councilman Kvist remarked that he had noticed that certain property owners owed water rents dating back to 1916 and that he had also noted that where transfers of old accounts had been made from one book to a new one a hundred dollars had been dropped in one item, and

thought that the books should be gone over carefully before drastic action was taken in shutting off water.

Councilman-at-Large Downs spoke of there being about eleven thousand dollars outstanding in unpaid water rents on January 1st, but stated that that figure included the billing for the last quarter of 1924 from the readings made after January 1st. He also admitted, in response to a direct question, that it had not hitherto been the practice of charging interest on unpaid accounts. The water bills were a lien against the properties, he said, and as such were collectable, therefore just because they were not paid promptly was no reason for assuming that other water users who paid for their water were also paying for the delinquents.

Mayor Hoffman was invited to say something in regard to the water bill situation and in his remarks stated that there were a number of amounts now being carried that were really uncollectable. The deficit of the water department was added to, he said, by the borrowing charge on notes discounted to make up the unpaid water rents and there was therefore a carrying charge to the city for these unpaid accounts. "At the present time I am very much opposed to spending any money for improvements at the water works until we get a maximum of efficiency out of the present plant."

The council adopted the ordinances providing for the purchase of a truck for the use of the street and water departments and for the improvements on Raritan, Prospect and Gordon streets and ordered them referred to the mayor for his action.

Permission was granted the Progressive Fire Company to close the western end of Gordon street for the week of June 6th to 13th on account of the carnival to be held by that organization of fire fighters. An invitation for the council to participate in the Memorial Day parade being arranged by the American Legion was ordered accepted and it was decided to have all of the city officials represented. An invitation for the council to attend and enjoy the celebration affair being arranged by the Protection Engine Company was also accepted.

Permission was granted Russell Faulk to have a gasoline tank installed in front of his place of business on Bordentown avenue. The work of excavating for the new tank was begun on Wednesday morning.

Overseer of the Poor Stolle reported the total cost of caring for the city's indigent during the month of April totalled \$212.63 and the City Clerk and Treasurer were authorized to issue warrants in payment of interest charges and bond expirations totalling \$6,315, proper resolutions to that effect being adopted.

### CAR DESTROYED BY FIRE

Late Saturday night the Chevrolet coupe owned and being driven at the time by John Southard of First St., caught fire while being driven along the road near the Ernston station of the Pennsylvania railroad. Southard, alone at the time, was unable to cope with the blaze and the car was totally destroyed. The car was later towed to De Marco's Garage, on Bordentown avenue and the local police notified.

Everett, Mrs. Charles Eppinger, Mrs. Richard Dowling, Mrs. Timothy Duggan and Mrs. Joseph Doyle.

### EIGHTH YEAR GRADUATES TO BE PRESENTED WITH BOOK

The Board of Education will present each student in the local schools that graduates from the eighth grade henceforth with a book in which will be contained the Declaration of Independence, the Constitution of the United States and the Constitution of the State of New Jersey. This action was decided upon at a meeting of the school body on Wednesday evening and is in accordance with legislation adopted at the recent session of the State Legislature making it mandatory upon school authorities to do so.

The book with which each scholar is to be presented is in process of preparation by County Superintendent H. B. Willis, of New Brunswick, and is expected to be ready shortly. In addition to the mandatory requirements of the law, the book will include a number of interesting illustrations and other data of interest to and affecting those residing in Middlesex county.

city and has been the chief topic about town for the past few days. Less than an hour after the Board meeting was over the action was being condemned at more than one public place where entertainments were in progress.

The Board established another precedent in ordering payment of bills contracted by one of the teachers for medical services necessitated by injuries sustained while engaged in athletic activities in connection with school duties. The teacher was Mr. Tuston who sprained his back and was later confined to his bed for several days. The members of the board in discussing the matter reached the opinion that the compensation insurance recently placed by the City Council would not apply to the teachers of the schools and they also but decided to investigate the advisability of providing similar insurance for the schools.

The following members of the teaching staff of the schools applied for re-appointment for another year: Misses J. B. Delaney, R. C. McNeal, E. Hickman, Florence Neiltopp, Frances E. Barrett, Virginia Deats, Virginia Walker, Dora L. Forgoison, Blanche Brinaman, and Mr. J. F. Tuston. Applications were received from a number of applicants for appointment to vacancies presumed to exist in the local staff. Miss Reba A. Saunders, of Port Norris, was appointed as a commercial teacher to fill the vacancy left by Miss Underwood, the latter teacher not having applied for

reappointment. It is understood that Miss Underwood is leaving the local schools to enter the matrimonial field. The Board also acted to enter into a new contract with Professor O. O. Barr as superintendent of schools for a two year period dating from the expiration of the present contract on July 1st, which date is the beginning of the new school year.

The secretary, Mr. W. M. Emmons, received bids for the school supplies for next year from four firms and the Board decided to check over the bids before awarding the contract of furnishing them. The bids received were from the Gift and Stationery Shop, of Perth Amboy, \$643.95; Milton Bradley Co., New York, \$734.83; Peckam, Little & Co., New York, \$724.67 and J. L. Hammett Co.,

\$667.64. The latter concern was awarded the contract for last year and it is understood that the service has been so satisfactory that it is likely they will be the successful bidder for this year.

The Board acted to have a new speller adopted for use in the elementary grades. Mr. Barr said in his report that the present book was adopted in 1913 and since that time methods and word lists have changed considerably so that the text was now out of date. It was also brought out that the spelling books got more hard usage than any other book in use, hence practically an entire new supply has to be procured each year. The expense, therefore, of adopting an entirely new book will be but little greater than to continue using the older form.

## PARLIN NEWS

**DuPonts Win in Slugging Match**  
In a great slugging match in which the Michelin team excelled, the DuPont baseball team journeyed to Milltown last Saturday and defeated that team by the score of 16 to 15. It looked as if the DuPont team had an easy time of it. In the first inning after getting three men on the bases, up came Defort with a mighty bat, and he caught one of Headley's fast ones and knocked it to the club house for a clean home run. This seemed to be a good lead but the Michelin team kept on scoring until they evened it up. Again in the seventh inning with a score of 15 to 5 in favor of DuPont, it looked like an easy win but in the seventh, eighth and ninth innings the Michelin bats were again working and they managed to score ten runs, evening up the score, but DuPont scored one in the ninth and that closed the scoring for the day.

Michelin used three pitchers in order to check the DuPont team, and Molly pitched a good game for the Parlin team until the seventh inning when he was unable to locate the plate and issued several passes which combined with timely hits when needed accounted for the Michelin scoring in the last three innings. Charlie Grabel, the third baseman of the Michelin team had a perfect day at the bat getting four double and a single.

The DuPont Baseball Team will travel to Belmar on Memorial Day and play the Belmar team a double header, the first game to be in the morning and the second in the afternoon. The DuPont team have chartered Lyons six-wheel bus "Miss Olympia" and they will leave the DuPont Club at 8:15 A. M. and Main street and Stevens avenue, South Amboy at 8:30 A. M. The DuPont team have been playing good ball so far this season and hope to take the Belmar boys into camp, thereby increasing their list of victories. Two good games are in store as the Belmar team is composed of some very good baseball players. It will be well worth your while to see these games and at the same time enjoy the ocean breezes at Asbury Park in the evening.

## TO PAVE RARITAN STREET

A copy of a resolution from the Board of Freeholders authorizing the county engineer to prepare plans and specifications as to the laying of a concrete roadway on Raritan street was received by Mayor H. G. Hoffman recently.

This resolution called for a concrete road of about one thousand feet and with a width of twenty feet, to the city line. About two weeks ago Mayor H. G. Hoffman headed a large delegation of property owners from Raritan street at a meeting in New Brunswick in the office of the Board of Freeholders and brought to their attention the deplorable condition of Raritan street. Much credit must be given Mayor Hoffman for this improvement.

It is hoped that with the action of the county board, the city will begin work on the laying of sidewalks, gutters and curbing to the end of the paved road.

With the improvement of Raritan street the city fathers will be able to divert part of the traffic to this section.

Memorial  
Day  
1925

Again we have the opportunity to gather with our neighbors and friends and pay our reverent respects to those who have given their all that this nation might live. And so it is only fit that we lay aside our usual duties and cares for this day and dedicate it to their memory. As a visible token of our respect we dedicate this space to their memory.

MEMORIAL  
DAY

All stand upon a common ground this day, duty bound to make this nation a living monument to our soldiers of all wars who gave their lives in the cause of Liberty and the furtherance of our national ideals.

We want to join you in honoring our heroes and are happy to cease material tasks of the day and turn to the lofty and the spiritual. We bow in respectful silence and renew that prayer of freedom that this nation "shall not perish from the earth."

Ours is a nation free at last from all lines—no North—no South—no East—no West—a world leader in every great movement for peace and happiness. We are eternally grateful for our enviable position as a nation.

## Apples Important Food

Apples are one of the best sources of iron for the diet. Raisins have been advertised for their iron content. It is true that both fresh grapes and raisins as well as plums and prunes furnish this element, but the apple is the heaviest iron-carrying fruit that we can eat, having 30-100 per cent of iron in its makeup.

## GOOD WORK IN HANDLING TRAFFIC

Last Sunday afternoon and evening, when South Amboy was bearing the brunt of the shore traffic of the week end and holiday, the situation in South Amboy was handled in a way that reflected great credit not only upon the local police, but upon the special officers who have volunteered their services in this capacity.

Traffic was sent through Stevens avenue and Broadway in single lines, and street intersections, where officers were on duty were held open. Traffic was not allowed to block the Broadway firehouse, and when the alarm was turned in on Sunday evening there was no interference with the apparatus on the way to fires. There was little or no noise from the sounding of horns and klaxons, and on every hand there was favorable comment on the way in which the situation was handled.

The marking of street intersections during the past week is expected to further facilitate the handling of traffic.

The police officers and special officers are instructed to give every consideration to the safety and convenience of local pedestrians and motorists, and the general public can do much to aid in handling this difficult situation by co-operating in every way with the officers.

South Amboy is in no way responsible for the week end traffic jams. The solution is up to the State Highway Commission and the legislature. The congestion very apparently starts in Perth Amboy and upon the narrow State Bridge.

## LEWIS TAKES RAP AT "SMALL FRY"

At Rotary Club Dinner Here Last Tuesday.

The address made by Burdette G. Lewis, New Jersey State Commissioner of Institutions and Agencies, before the South Amboy Rotary Club last Tuesday noon, declaring that "small fry" go-betweens were responsible for the attitude of the Bright Legislative Investigation Committee in connection with state institutions, was widely circulated throughout the New Jersey press.

Commissioner Lewis, in his address, said:

"The record of the Department of Institutions and Agencies is entirely public and it is very clear. If I had had five minutes more I would have explained to the Legislative Investigating Committee last Wednesday that it is the 'small-fry' go-betweens who are opposed to going on with the program adopted in 1918. At that time the leaders of all parties agreed that the institutions should be taken out of log-rolling, job seeking politics and placed upon the same plane as 'Jersey Justice.' The leaders of all parties have been entirely faithful to this understanding. We have worked with them in season and out of season. We all have agreed to work for the wards of the State instead of ourselves. This is the reason for unanimity and progress.

"On the other hand, these selfish persons have complained to the leaders, whispering all sorts of stories while they never dare make public, because of their absurdity. These same individuals are trying to use the Legislative Inquiry Commission to broadcast what they themselves have never dared to speak out loud. They want to get their hands on some of the \$9,000,000 for which the people of New Jersey are taking themselves to provide proper treatment and training facilities for the wards of the State. Their mouths water for some of the \$4,000,000 expended for operating costs of State institutions, but Governor Silzer, Comptroller Bugbee, State Treasurer Read, the members of the State Board of Control and of local Boards, and of the Appropriation Committee of the Legislature have balked them.

"The present program of the small fry is to break up the Department by transferring the Division of Architecture and Construction, handling the \$9,000,000, to some other Department. They know they might not succeed in raking off any of the funds in the proposed new Department or in the Department of Labor, but there is a chance. They recognize they could not fare worse than at present. As preliminary to this transfer, they are trying to persuade the Legislative Committee to send persons in the guise of auditors to the institutions to check up every bill. Ostensibly they are to find if they can save any money; really with the hope either of establishing political control of State institutions at once, or at least of breaking down the cohesion of the Department, which is essential in any business enterprise. If our Superintendents can be made to feel that they cannot get a bill paid unless they do what is told them 'on the quiet' by some of these so-called auditors, one can see how quickly the cohesion of the State Department will be broken up. Cohesion saves money: fighting wastes money.

"There is no necessity for additional audit control in the Department of Institutions and Agencies. Every request is reviewed not less than six times before the Department can get a dollar and then its expenditure is reviewed from four to seven times before it can be expended. There is a constant careful review. Moreover, during the first year of our operation, we employed one of the best Public Accountants in the country to establish a complete modern system of accounting; second, to make a study of every position in every institution and agency of the Department including the Central Office; third, of each assignment to

duty of each and every person and thus to eliminate all duplication of work. This study was followed by a check-up of every paper report of the Department with a view to eliminating any possible wasted effort or wasted time. The whole accounting system was reviewed at the end of three years for any possible discrepancies. In the fourth place, the Central Office in its relations to the institutions was studied for possible duplication of effort and a national firm of accountants placed a valuation upon each piece of work the Department was undertaking.

"All these reports are available to the Legislative Committee. They serve as a basis for every budget request and for every budget review of the Department.

"The people of small vision who are whispering to the Legislative Committee show their inability to make a case against the Department by advising the Committee to make a long study by auditors before the responsible heads of the Department are put on the stand to testify. Why keep responsible officials off the stand if the 'small fish' can furnish the Committee with any ammunition that is worth while?

"The Department of Institutions and Agencies has made a tremendous record of real economy and real efficiency. It is handicapped by old-fashioned institutions, which are slowly being modernized, by poor salaries for very responsible positions, which are being increased too slowly. Crime is growing in New Jersey and our State Prison releases prisoners into the community too soon, because there isn't room enough to keep them for a long enough training period. We wonder how long we must keep urging the building of an intermediate reformatory so that we can take the young men out of the prison and keep them at Rahway, and give the present young men at Rahway more modern training, such as would restore them along approved lines as self-supporting members of the community."

## FIREMEN CELEBRATE 35TH ANNIVERSARY

(Continued from Page 1)

spersed with serious moments in which he stressed the necessity of cooperation as exemplified by this company and hoped that they would never cease from serving the people of the community.

Short talks were made by vice-president Corcoran, ex-chief J. Frank Miller, ex-chief Thomas Lovely, ex-chief P. F. Kenah, ex-chief Pierre Malloy, and E. J. O'Connor, all recalling interesting events in the history of the fire department in town and suggesting valuable ideas for betterments.

Music for the occasion was furnished by the Jolly Syncopators, with Henry Mehlender, conducting, and proved a real source of pleasure and enjoyment to everybody.

Vocal selections were rendered by Ed Farrell, Bob Mason, James Kenah and James W. Rea, which were intermingled with considerable community singing of the old time favorites.

The company pledged itself to keep up the record established in the past 35 years and the chairman expressed the hope that they would again be favored by the presence of the old "vets" at the next meeting.

## CATHOLIC DAUGHTERS OF AMERICA NOTES

Maher, Mrs. M. Mein, Mrs. John Mullane, Miss K. Monaghan, Miss Madge Mahoney, Miss Anna Miller, Miss Catherine Mullen, Miss Anna Munn.

## LOCAL FIREMEN BATTLE WITH MORGAN FLAMES

Local firemen played an important part in preventing the spread of a fire which destroyed the garage building at the former Morgan Loading Plant yesterday morning. The Seldon truck of the Independence Engine Company of this city, in charge of Driver D. Emmet Mahoney, was the first piece of fire apparatus to arrive on the scene in response to a plea for help.

The blaze was first discovered by employees of a contractor working nearby when smoke was noticed issuing from near the roof. The origin of the fire is unknown and while the building was completely destroyed at least two trucks stored in the structure were removed before they were damaged by the flames. The lack of a water supply proved a serious handicap to the firemen and the use of the chemical tanks was confined to saving the adjoining structures. Apparatus was on the scene from Sayreville and Keyport in addition to this city. The Laurence Harbor fire apparatus, the only one in this section equipped to fight fire without a pressure water supply did not arrive at the blaze. It was out of service for a temporary repair, it is said.

cat of Sunday paper fame, will be nearby and the candy booth on the other side. A refreshment stand will provide tempting dainties that will appeal to the inner man and the continuation of warm weather is expected to insure a heavy demand on the offerings of this particular booth.

With the advent of hot weather the spirits of the committee members has risen greatly and added preparations are being considered in order to take care of the unusually large attendance that will gather nightly in the firehouse vicinity. To those who are not interested in catching the Mysterious Fireman there will be plenty of other interests available. Announcement will probably be made each night when the Mysterious Fireman is identified, together with the name of the prize winner. It is expected that this feature will be one of the main attractions and one in which everyone will partake.

The Parlin A. C., defeated the Pirates A. C., of Sayreville on the Du Pont diamond last Sunday by the score of 9 to 1. Rupp pitched for the Parlin team and only allowed four hits while Kauratt, the Pirate pitcher, was nicked for fifteen hits, several of which were for extra bases. Nugent led in the hitting with three safeties. The Parlin team made four errors and the Pirates had six.

The DuPont's traveled to Belmar last Saturday and engaged in a double header with the Belmar team. The latter won the first game by a score of 5 to 4. Molly pitched wonderful ball for the Parlin team and held the Belmar's from scoring until the latter part of the game when a pair of hits with a few errors cost the Du Pont boys the game.

The afternoon game was won by the Parlin team by the score of 7 to 3. Dustal pitched for the DuPont team and was also in good form. The trip was made in Lyons' six-wheel bus, and those making the trip reported having had a good time. From Belmar they drove over to Asbury Park and stopped there a while and enjoyed the ocean breezes. The return trip home was started at eight o'clock.

**DuPonts Win Twilight Game**

## FRED C. SCHNEIDER

REPUBLICAN CANDIDATE FOR CONGRESS

The friends of this man, who for eight years as State Committeeman, has led his party to notable victories, ask your support in the Republican Primary Tuesday June 16th.

Born in a log cabin in Kansas, putting himself through Rutgers College by selling newspapers, occupying the Chair of Mathematics and Surveying at Trinity College, becoming City Engineer of New Brunswick, serving two terms as a member of New Jersey's War Legislature in 1917-1918, and today at the head of the Utility Construction Company, Mr. Schneider has a record upon which he is proud to stand.

He pledges support of President Coolidge in reduction of the tax burden, enforcement of laws, and the institution of common sense in government administration.

He will work faithfully for waterway improvements beneficial to the Third District, and pledges aid in bringing about an adjustment of freight rates that will aid the industrial development of this section of New Jersey.

Mr. and Mrs. Charles Maclean entertained Katherine Manning, Eleanor Dunn, Mary Dunn and Ella Dunn of Newark over the week end. On Saturday night they attended the dance at the Casino.

Mrs. H. Murphy and son are spending the summer with Mrs. Murphy's parents, Mr. and Mrs. John Crumy.

Mr. and Mrs. F. Phaff entertained many friends from Newark over the week end.

Mr. and Mrs. Ed Jerome were busy over the week end helping Mrs. Jerome's parents on their farm at Cheesequake. Mrs. Jerome's father, Mr. Walter P. Gaston has been confined to his home for some time on account of sickness.

P. Volk and son Vincent took in a fishing party on Saturday and did very nicely.

The next card party of the Ladies Auxiliary to the fire company will be held at the home of Mrs. E. Furch, of Matawan Road tonight. Games will start at 8 o'clock and the proceeds will go towards a garage for the new fire engine.

Mr. and Mrs. Feller were spending the week end at their bungalow on Shoreland Circle together with friends from Newark.

The local fire laddies received many donations Sunday toward their fire truck and new garage.

Many attended the dance at the Laurence Harbor Casino Saturday night. Starting with this month and continuing until further notice dances will be held every Wednesday and Saturday evening.

Mr. and Mrs. George Vohdin and family spent the week end at their bungalow here.

Judge Farrell has opened his stand on Matawan Road selling soda and candies.

Mr. and Mrs. William T. Madden entertained Charles Hammel over the week end.

Mr. and Mrs. J. B. Vreeland and Mr. and Mrs. Frank Cadmus spent the week end with their parents here.

Mr. and Mrs. M. H. Mayer and friends spent the week end at their bungalow here.

Mr. and Mrs. Ennen and family are now residing here for the summer at their bungalow on Prospect avenue.

All Records Broken for Crowds and Volume of Business at the Opening of the Gigantic Stock Clearance of

STERN & CO.

Smith Street, corner Madison Avenue, Perth Amboy, New Jersey

40% to 50% reductions

This ad is being written at the close of one of the most notable days in furniture selling. Hundreds of people have been here—thronging the aisle, viewing with intense interest all the beautiful stocks of furniture reduced 40% to 50% from the regular prices—keeping our enlarged salesforce on the go—establishing a new record for any single day's business.

The one dominant emotion of all who come here was AMAZEMENT! They were AMAZED at the ruthless slashing of prices, at the wonderful displays of handsome suites and occasional pieces—at the generous credit arrangements we are glad to offer all who wish to pay for their purchases out of income, a little each month.

Before we dispose of all present stock and all merchandise scheduled for future delivery thousands more will come here—eager to take advantage of our enormous savings.

FOR VALUES LIKE THESE ONLY COME ONCE IN A LIFETIME!

REMEMBER—This is no ordinary sale. It is the most gigantic clearance ever attempted—a business exigency to make room for extensive alterations to the building.

## Bonanza

"Bonanza" is a Spanish word meaning "fair weather" or a "favoring wind." The miners of Camstock lake, a gold and silver mine in Nevada, which yielded 340 millions worth of ore in 30 years, first used the word to signify an abundance of precious metal or ore. The word is now also used to mean any good fortune or successful

## LOCAL HAPPENINGS

Thomas E. Capner of John street underwent an operation on Tuesday morning at Perth Amboy on one of his eyes. The operation was performed by Dr. J. L. MacDowell.

In order to aid traffic officers to keep street crossings free of traffic on week-ends and holidays, "Stop" signs in large white letters have been painted on the pavements at every crossing on Broadway, and also in front of the fire-house. Last Sunday when traffic was very heavy and the fire-alarm sounded, the drivers of the fire apparatus found great difficulty in getting out of the fire house as well as at the congested crossings.

Miss Modesta Kennedy, of David street, is enjoying her annual vacation.

The hot weather of the past few days is only a reminder of the fact that it will soon be time for your "Annual Bath", the Union Sunday School Excursion will go to Asbury Park on July 17th and this will give you chance to take your choice of a bath either in the old ocean or the pool.

The members of the First Methodist Episcopal Sunday School are busily engaged in practicing for their Children's Day service which will be given on Sunday evening, June 14, starting with the Beginners and Primary Department exercises, then the Junior Department, followed by the pageant entitled "In His Garden" by the older scholars. The committee on decorations have been working too.

Mr. John Brennan, of David street, was a Newark visitor Tuesday.

The stork paid a visit to the home of Mr. and Mrs. Joseph Pribula, of Pine avenue, on Tuesday and left a smiling baby girl to grace the happiness of the couple. Both mother and babe are reported to be doing very nicely despite the heat spell.

Harry Covell, Steve O'Connor and John O'Leary, all of this city, entertained several sailors from the U. S. S. Breck last Saturday at the home of Mr. and Mrs. Covell on Stevens avenue. Tea and a light supper were served and vocal selections were enjoyed. Afterward the Empire Theatre was visited.

You should mark July 17th on your calendar in red as that's South Amboy's red letter day when all the kiddies of the city, with their parents and friends go to Asbury on the Union Sunday School excursion.

Mr. John Spencer, of David street, entertained his nephews from West Orange over the week end.

Mr. and Mrs. Wm. J. O'Toole, of Pine avenue, entertained a number of friends from Newark on Wednesday evening.

Mrs. Wm. Ryan, Miss Helen Stanton, of this city, and Miss Margaret Ryan, of St. Peters Hospital, New Brunswick, motored to Hornell, N. Y. on Tuesday of this week.

Mr. and Mrs. Leo Thompson, of Pine avenue, entertained relatives from Jersey City over the holiday.

Mrs. Catherine Roberts was the guest of Mrs. Gretchen Riggs, Democratic County Committeewoman, at her home in Highland Park on Tuesday evening of this week.

Mr. and Mrs. James Lenahan, of Main street, left this city on Tuesday morning to visit their son, James, who is a student of Notre Dame college in South Bend, Ind. They will also visit relatives in Chicago and the couple expect to return home about June 12th.

The June examinations are now under way in St. Mary's School.

William Bailey, of Pine avenue, will soon rank among the motorists of this city.

The Mission Circle of the First Baptist Church will serve a supper in the basement of the church on Thursday evening, June 18th.

W. P. Shields of the Hurley Machine Company, Chicago, Ill., manufacturers of the Thor washer and ironer spent Tuesday at the office of the Jersey Central Power and Light Company. Mr. Shields gave an interesting talk on the Thor machine. He expects to return to South Amboy some time before the end of June and will be glad to advise the people of South Amboy on the laundry problem.

Mrs. William Diehl of York, Pa., returned to her home on Monday after spending a week with her parents, Mr. and Mrs. W. M. Emmons of Second street.

Misses Maud and Helen Tice of First street were Camden visitors over the week end.

The Ladies Aid Society of the First Presbyterian Church were delightfully entertained by Mrs. E. C. Thomas and Mrs. Fred Bunting on Tuesday afternoon, in the lecture room of the Church. As this was the last meeting for the Summer, plans were made for the Fall activities, including the Annual Fair and Supper which will be held in the early part of December.

Contractor Downs of Augusta street is doing the cement and concrete work about the Sutliff store on Pine avenue.

A regular meeting of the Common Council will be held in the City Hall next Tuesday evening.

Wallace Emmons of Church street has purchased a new Willys-Knight sedan.

John DiSantis has purchased a new Stewart truck.

A new bakery has opened in the O'Hara building on Pine avenue.

Miss Teresa Triggs and Miss Mary Bolinsky visited a friend in St. Vincent's Hospital, New York City, on Sunday.

"Captain" Dick of Morgan, who was recently sentenced to serve a sixty day term in jail by Judge Rellstab in the Federal Court, has been transferred from the Essex County jail to the jail at New Brunswick.

Mrs. Mary Meinzer and daughter Irene, of Broadway, this city, and Thorvald Olsen, of Perth Amboy, motored to Conshohocken, Pa., and spent the Decoration Day holiday with Mr. and Mrs. Geo. Deivies.

It is expected that there will be a number of local Republican women in attendance at a meeting of the New Brunswick Republican Club at the George Street Headquarters next Tuesday afternoon. Former Attorney General Thomas F. McCran, candidate for governor, will address the meeting.

At a meeting of St. Martha's Guild held in the Parish House on Wednesday evening, the following officers were elected for the ensuing year: President, Mrs. B. Bennett; 1st vice president, Mrs. Masterson; 2nd vice president, Mrs. Till; 3rd vice president, Mrs. Locke; Secretary, Miss Mervy Hillman; Assistant secretary, Miss M. Brown; Treasurer, Mrs. John Ellams.

Tuesday evening Sergeant Quinlan broke up a game being played by a bunch of youngsters in the vicinity of the City Hospital. The lads made

so much noise in their activities that very much annoyed and a complaint the patients in the institution were made to police headquarters.

On complaint entered by Anton Kukaska, of Ridgeway avenue, Melrose, Anton Boyczyk, also of Ridgeway avenue, was held under a bond to keep the peace after a hearing before Police Justice Forgotson on Decoration Day. Kukaska claimed that Boyczyk had beaten him up.

Mr. and Mrs. B. Tunison and family of Westerly, N. J., Misses Grace and Lucy Hollowell of Tottenville, Fred Schleider and his pal Billy, of Newark, Mr. and Mrs. H. Layton, of New Brunswick, and Mrs. Frederick Bunting were the guests of Mr. and Mrs. W. R. Hollowell, of John street, over the holiday week end.

## STATE HIGHWAY GIVES OUT MAP

Trenton, N. J., June 5th—Newly designed to include all the roads improved during the past year, the 1925 map issued by the New Jersey State Highway Commission is now ready for distribution.

The careful attention given by the Highway Commission to the preparation of this publication for the convenience of automobilists has won general commendation and several motor clubs have written the Board that it is the most serviceable work of this nature that has ever been done.

Names of additional municipalities have been included in the 1925 map and the paved roads in counties and townships, as well as State routes, have been clearly designated. A succinct description of the routes has been interpolated and a clever selection made of views on the State highways. One of these is an airplane picture showing the progress on the \$4,000,000 Victory bridge under construction by the Highway Commission between Perth Amboy and South Amboy on Route 4. Photographs of signs adopted to show danger zones at crossings and curves have also been introduced. Of especial interest to many is the reproduction of a map of the State as it appeared in 1778 before the site of the now celebrated Atlantic City and other settlements were designated under their names.

All who desire may obtain a free copy of the 1925 map by writing to A. Lee Grover, secretary, State Highway Commission, Broad Street Bank Building, Trenton, New Jersey.

## WATSON'S RADIO RECALLS EARLY TELEPHONE DAYS

Man Who Assisted Dr. Bell in  
Experiments Is Enthusiast  
Over System's Growth.

Thomas A. Watson, the man who made the first telephone in the world, who assisted Alexander Graham Bell in his earliest experiments and who heard the first complete sentence ever transmitted over a telephone line, has perhaps as keen a personal interest in the development of radio as any man now living. Always interested in scientific and mechanical inventions, he was one of the first to have a radio set installed in his home. The impressions that radio has made on the man who was associated with Alexander Graham Bell in the invention of the telephone are of special interest. Referring to the wonders of radio and its fascinating interest, Mr. Watson says:

"As I sit in my study and listen to voices and music that come to me through the ether from far away places, my mind goes back to that hot summer day when Prof. Bell and I were thrilled by the first, feeble sound ever transmitted electrically—a sound from which the great Bell System has developed."

"Wonderful as the radio is, there is to me nothing in it more astounding than the everyday work of the Bell System—the transmitting of 46,000,000 telephone calls each day straight to the individual desired, regardless of time, distance or location. That is the stupendous achievement accomplished by telephone engineers."

"It is just fifty years ago next June when, working with Alexander Graham Bell, I happened to snap a little piece of steel clock spring near the end of an electro-magnet. It was apparently a trivial action on my part. Thousands of steel springs had been snapped and made to vibrate before that without any noticeable result. But that particular snap, although it was not a good shot, has been sounding around the world ever since and its effect will last as long as mankind exists."

Privileged to take part in the beginnings of the telephone, Thomas A. Watson now is able to watch each new step in the tremendous extension, by wire and by ether, of the range and power of the human voice. Wonderful as radio telephony is, he feels confident that far greater marvels are in store for the future.—The Telephone Review, N. Y. C.

### And Then What?

Mr. Meyer, smitten with the charms of an unknown, strove vainly to make her acquaintance. At last she entered a restaurant and Meyer boldly sat at her table and ordered two coffees with two portions of cake, tarts, etc. The woman remarked in a mild voice: "Make it three. My husband will be here in a few minutes!"—Munich Jugend.

### Ancient Anglo-Saxon

A glossary of Anglo-Saxon and Old Saxon, which is preserved at Epinal, France, is said to have been written about the end of the Seventh century. It was originally kept at the Moyer Moutier abbey, Lenones.

### Honor Accorded King

King Robert of France (a celebrated song writer by 1087 A. D.) was the first to introduce rhyme into the Latin songs of the church.

### HOT WATER AUTOMATICALLY!

Are you still putting up with inadequate hot water service? Stop losing time, money and patience trying to get along with out of date water heating methods.

### HEAT WATER WITH GAS!

The gas automatic storage water heating system makes hot water just a natural part of your home equipment.

It keeps a big tankful of water hot, for you to call on, at any hour day or night. It's controlled by a thermostat that turns on and off the gas. You don't have to light the gas—you don't have to turn it off.

The Gas Automatic Water Heating System has been giving first class service for a quarter of a century. It has been thoroughly tested.

Its operating costs are low—its service so convenient that you forget all about the heater in your cellar. Enough hot water for a bath costs less than three cents. Hot water for dishes at a very low cost. And think of the ease and comfort of ever ready hot water!

A size for every home. The best makes are found here. Ruud, Kompak and other good makes. Add another convenience to your home. Terms as low as

**HEATING CARES  
ARE NEEDLESS!**

Now is the Best Time

to change your house heating system. Before the cold weather comes again change over to gas for house heating.

Light the gas in the fall, turn it off in the spring. Meanwhile the thermostat controls the heat in your home, according to the temperature.

No coal to shovel—no ashes—no dust clouds—no tiresome trips up and down stairs. We'll be glad to give you full particulars.

## Dr. Domore states the case

"I've found that a lot of people suffer from winter colds and other ailments because they don't have the right kind of ventilation in cold weather. That's why I favor Warm Air Furnaces. They are fool proof. Even if the windows are tightly closed, fresh air is sent into the rooms, through the registers. I have a celebrated Thatcher Tubular Furnace in my own cellar. I get plenty of heat, splendid ventilation, and the rooms are never stuffy."

THE Thatcher "Tubular" Warm Air Furnace is a constant flow of pure, fresh air through every room in the house—air that has the necessary amount of healthful humidity. The large vapor pan has a broad evaporating surface. A convenient cover permits easy filling.

## Looking Back Thirty Years

Issue of June 8, 1895

Another tin type man is in town. Now is the time to get them taken.

A sum of money was found on Wednesday evening by a gentleman on his way home from K. of P. Opera House. He has not found an owner as yet.

Proprietor Ronan has been making improvements, alterations and additions to his hotel property on Augusta street. The entrance has been changed to the rear.

The home of Mr. and Mrs. E. B. Walker of Perth Amboy was the scene of a fire on Sunday last caused by an oil stove. Mr. and Mrs. Walker were in this borough at the time. It appears that his mother, who is residing with him, had turned the wick of the stove too high and it caught so that it could not be turned down, and the intense heat set fire to the oil. The flames were quickly extinguished by the firemen, and the damage was slight.

Another rat was caught at the "Boatman's Harbor" August street this week, for the purpose of tying a larger bell on its neck, with the hope that the experiment might yet be a success in driving these animals from the place. "Dr." Miller was called upon to chlorform the rat, and when its effect was assured, a large sleigh bell was tied on the animal's neck. This time it was a success, for the rat never moved afterward.

**Takes To Himself a Bride**  
Henry McCullough, the genial and popular manager of L. Briegs' clothing house of Perth Amboy has resigned from Bachelorhood and gone over into the ranks of the Benedicts. The happy bride is Miss Belle Kline of Sayreville. The ceremony took place at the Church of the Holy Communion, Paterson, on Tuesday, June 4th, 1895. Both parties are well known in this borough, and the Citizen joins their many happy friends in extending hearty congratulations.

**Married**  
Mr. William Breitner of Brooklyn and Miss Anna Applegate, of Jersey City were married on Monday, June 3rd by Rev. J. Edgar Franklin of the First Presbyterian Church at the home of the bride's parents Mr. and Mrs. Elias Applegate on Second street this borough. The wedding was a quiet one and only the relatives and friends of the couple were present. The bride was beautifully attired in baby blue silk. The brother and sister of the bride, Peter Applegate and Miss Belle Applegate, acted as bestman and bridesmaid respectively. After the ceremony a collation was served. Mr. and Mrs. Breitner will make their home at Jersey City.

### New Building and Loan Branch Organized

On Wednesday afternoon, June 5, several of our most enterprising, reliable and prominent business men met at the office of Disbrow & Slover and organized the South Amboy branch of the State Mutual Building and Loan Association of Camden. This is the strongest, safest, best paying and cheapest loan in the State. It is conducted on the most improved plan by the best financial men in New Jersey. Congressman B. F. Howell is one of the State Directors. The stock matures in 8 years and borrowers have no premiums deducted from their loans. The following gentlemen were elected to the local board of directors: Warren Disbrow, president; Geo. A. Maxfield, vice-president; Chas. S. Buckelew, secretary and treasurer; Wm. H. Albright, Peter Slover, J. E. Montgomery and J. C. Albright, M. D. Stock can be had at any time from the directors or the secretary. Meetings will be held on the third Tuesday of each month. Parties looking for a safe investment will do well to join this association.

### World's Greatest Needs

Among the greatest needs of the world today as listed by an eminent scientist are an alloy ferrous or non-ferrous, possessing higher tenacity than any known combination; a light that will penetrate a fog, refractory material for lining steel-melting furnaces, labels that will not erode or corrode, and a safe method of stopping the rolling of steamers in rough seas.

### The Machinist

In PUBLIC SERVICE car and bus repair shops, in its electric generating stations and gas works, and on every construction job of importance, you'll find The Machinist.

He operates the lathes, drills and the many other machines which make up the extensive shop equipment of PUBLIC SERVICE companies, and he has an important part in the great organization that furnishes gas, electricity and transit to New Jersey people.

PUBLIC SERVICE shops, such as the Newark shops of the railway company, are in themselves great industrial establishments employing hundreds of men and turning out an important part of the State's manufactured product.

And the PUBLIC SERVICE Machinist is representative of a large group of skilled artisans whose services are employed in the operations of PUBLIC SERVICE companies.

## Eat Lemons for Health

Lemons are a specific in biliousness  
—if eaten at first symptoms they will  
often avert the attack. They are recom-  
mended for rheumatism, colds and low  
fevers. They are excellent for liver  
complaints, and nothing will so satisfy  
the thirst in illness as lemons. A  
noted specialist made the statement:  
"If more lemons were eaten, there  
would be less work for the doctors."

The Easy Way to  
Own a Ford

Many thousands of families who missed the  
pleasure of having a car last year will soon be num-  
bered among the millions who find health and hap-  
piness in the great out-of-doors. By saving a few  
dollars each week, they will possess cars of their  
own. You, too, can own your own Ford this sum-  
mer. Your first cash payment need only be a few  
dollars. You can pay the balance weekly or  
monthly.

By taking advantage of our Weekly Pur-  
chase Plan, which has been worked out for your  
convenience, you can own a Ford even though you  
have not the ready cash to pay for it.

The value you get for your money is the best  
in the automobile field. The service you will get  
from its use day in and day out is unequalled for  
the price.

We are an Authorized Ford Dealer and are  
near you. We will sell you a Ford car on the  
Weekly Purchase Plan. See us today and let us  
give you the details of this easy way to buy a car.

## World's Greatest Buy

Hudson's leadership is the result of  
ten years' engineering concentration  
in refining a great car around the  
famous Super-Six principle. Its pat-  
ented, exclusive principle added  
80% to efficiency, yielding 76 horse-  
power without added size, weight  
or cost. Its simplicity has always  
meant a lower selling price than is  
permitted in complicated types. No  
design, however costly, has been

found to excel Super-Six smooth-  
ness, reliability and performance.  
Hudson quality has constantly been  
improved. Easier steering, greater  
roadability, more comfort, better  
materials, finer workmanship, hand-  
somer appearance and more lasting  
finish.

It is the greatest value offered in

## Human Ashes Weigh Little

Cremation is rapidly becoming a burial custom with many families who, a decade ago, were prejudiced against it. In the larger cities this is especially true. The ashes of a human body weigh about two pounds and a container equal in size to a two-quart measure is usually necessary to preserve the remains.

## SHERIFF'S SALE

SUPREME COURT OF NEW JERSEY—Christian Denzler, Plaintiff vs. Arica Chemical Company, a corporation, defendant. Fi Fa for sale of premises dated April 17, 1925.

By virtue of the above stated writ to me directed and delivered I will expose to sale at public vendue on WEDNESDAY, JUNE TENTH, NINETEEN HUNDRED AND TWENTY-FIVE

at two o'clock daylight saving time, in the afternoon of said day at the Sheriff's Office in the City of New Brunswick, N. J.

All the right, title and interest of the defendant, Arica Chemical Company, a corporation, of, in and to all the following described premises, to wit:

All the right, title and interest of the defendant, a corporation, of, in and to all the following described premises.

All those lots, tracts or parcels of land and premises, hereinafter particularly described, situate, lying and being in the Township of Madison, in the County of Middlesex and State of New Jersey.

FIRST TRACT—Shown and designated as lots numbers thirty-nine (39) to fifty-six (56), inclusive, in Block M on a certain map entitled "Map of Genoa, Addition 'A', Madison Township, Middlesex County, New Jersey," owned by Biondi Realty Co., made August 20, 1910, by Richard Heuser, C. E. Keyport, N. J.

Bounded by Columbus avenue on the north; by Biondi avenue on the south; by Strachan street on the east, and the property of the Biondi Realty Co. on the west through which the said Columbus and Biondi avenues are a continuation, Block M herein referred to is a continuation of Block M of the property of the Biondi Realty Co.

The foregoing described lots are conveyed subject to restrictions appearing in all former deeds in this claim of title, and also, to all other grants, titles, charges, estates, assessments and judgments, taxes and encumbrances of what nature and kind soever now existing thereon.

SECOND TRACT—Being lots 23 and 24 in Block M on a certain map entitled, "Map of Genoa, Madison Township, Middlesex County, N. J., owned by the Biondi Realty Co., made August 5, 1910 by Richard Heuser, Keyport, N. J.

## POLICE CATCH THE "PEEPING TOMS"

Peeping through the window of a Laurence Harbor home late Tuesday night landed Stanley and Anton Mazze, both of that place, in a lot of trouble at the hands of the police authorities. Just as a meeting of the Laurence Harbor Community Club was breaking up the nosey lads were discovered peeping through the windows and after a short chase were taken into custody by Special Officer George B. Shaw.

The lads were brought to the local City Hall and given a hearing before Police Justice Forgiotson. As the hour was late the pair were released under a bail bond of three hundred dollars each for a further investigation of the case. A final hearing is scheduled to be held tonight and is probable that the lads will be held for the action of the grand jury. The charge is trespassing, annoyance, etc.

## NEW LAW HITS LOCAL TRUCK OWNERS

A number of local truck owners are affected by a new law adopted by the legislature at the recent session and which becomes effective on July 4th. The new law requires that the truck or any commercial vehicle must bear the name and address of the owner. The letters of the painting prescribed are to measure three inches in thickness. A penalty for the violation of the law is prescribed as a fine of ten dollars or ten days in jail for failure to pay the fine.

As to the law Commissioner of Motor Vehicles Wm. L. Dill said: "This statement is given at this time for the purpose of calling attention to all commercial truck owners that the purpose of the law is to furnish the ready identity of the persons operating such vehicles for unlawful purposes, etc., and calling attention to the necessity of having the names and addresses on the trucks before the date mentioned, thereby avoiding the possibility of arrest and fines for any violation."

## LOCAL HOME GETS A NEW BROOKLYN OWNER

The local real estate firm of Reinhardt and Kurosky announce the sale of the home of Mr. and Mrs. Wm. J. Skehan of Ward avenue to a resident of Brooklyn. The Brooklynites will make their home here shortly.

The real estate dealers are in touch with a number of city people who are interested in locating in this city and vicinity. Inquiries are received almost daily for suitable houses both for renting and for selling purposes.

## START JOHN ST. STORM SEWER

Work on the new John street storm sewer will be begun next week by the Lock Joint Pipe Company, the concern that has the contract for furnishing the pipe for the sewer line. The concrete pipe will be made right on the spot where it is to be used and local labor is to be used if it can be secured for making the pipe sections. It is expected that it will take several weeks to finish the work of making the lengths of pipe required.

## SCHNEIDER HAS A FINE RECORD

"Extra! Extra! All about Dewey Heking 'em at Manila!"

Those who, during the Spanish-American War, eagerly purchased papers from the lanky, good-natured youth who ran a newspaper agency at the corner of George and Hamilton streets, New Brunswick, and who sold as many as two thousand papers a day, can hardly picture this youth now as the Frederick C. Schneider whom they hope to send to Congress to fill the vacancy caused by the death of T. Frank Appleby.

With a keen business insight, Fred Schneider, who is still a "go-getter" in every respect, determined, after finishing his course in the New Brunswick schools, to put himself through Rutgers College. He soon had the agency for leading metropolitan dailies, and the Spanish-American War came along to boost his sales and thus help carry him nearer the goal of his ambitions.

From the little office across from the Ballantine "Gym" at Rutgers, he soon had a hustling crew of newsboys carrying papers, but the youthful proprietor himself ran across with each edition to the late James Johnson, who was then starting the famous Johnson & Johnson surgical dressing company that is now the largest of its kind in the world. Delighted with the boy's enterprise, the kindly manufacturer bestowed a quarter upon him for every copy. The pennies, nickles, and quarters quickly grew into a fund that carried Schneider through College with two degrees. He obtained a position as civil engineer with the Pennsylvania Railroad Company and later as an instructor in mathematics and surveying at Trinity College. These experiences won for him an appointment as city engineer of New Brunswick, and he later used the practical knowledge gained in these positions in a contracting business of his own.

Today Fred Schneider is at the head of the Utility Construction Company; recognized as one of the leaders in his profession in the State, a former Assemblyman and Republican State Committeeman he has a leading political figure in the 1st Congressional District, and host of friends, won in a career that has been marked by fearlessness, hope to Washington as the representative of that district.

the citizen.

## APPLEBY FILES HIS CHALLENGER'S NAMES

Asbury Park, June 2.—Stewart Appleby candidate for the nomination to Congress from the Third Congressional district reports the filing of names for challengers from the three counties, Monmouth, Middlesex, and Ocean. He states that he is working every minute of the day and will continue to work till the final ballot is cast. The reports from his many supporters throughout the 3 counties is very favorable, stating they will stay on the firing line with him till final victory. Simply because the people want a real man to represent them in Congress and that means votes for Stewart Appleby on Primary Day. Mr. A. C. Clark, who is manager of the Raritan Copper Works at Perth Amboy and who is on Mr. Appleby's Committee on Vacancies is doing everything he possibly can to further the nomination of Mr. Appleby.

## FOURTH ALUMNI BANQUET JUNE 24, HOTEL PINES

On June 24th at Hotel Pines, Lincoln Highway, Metuchen, the South Amboy High School Alumni Association will hold its fourth annual banquet. A meeting of the committee was held last Wednesday evening, and details of the affair were arranged. Dinner tickets will be \$2.50 each. A splendid entertainment is being arranged and indications are that the affair will be the best ever held by the Association.

## ALUMNI CARD PARTY A SPLENDID SUCCESS

Braving the warm weather, many people attended the card party of the South Amboy High School Alumni Association last evening and helped make the affair a splendid success.

The City Hall was filled at 8:30, when the games were started. The prizes, numbering over one hundred, were unusually fine. The door prize was won by Mrs. Howard Dillon, while Miller Huff was awarded a gold piece, and a cake went to Mr. William Chasey.

## MECHANICSVILLE

Mr. and Mrs. William Masterson entertained a number of young people at their home recently in honor of the birthday of their son Richard. Dancing, singing and various games were enjoyed throughout the evening.

Mr. and Mrs. George Saunders and son Vernon spent several days at the "Georgeline" in Point Pleasant recently.

Mrs. John Render entertained friends from Matawan at her home during the week.

Thomas Dohoney and James Tedesco have purchased the confectionery business at the corner of Ridgeway avenue and Conover street from Charles Freeman.

Mrs. Richard Neiltopp, Jr., spent several days visiting relatives in the Bronx.

Thomas Burns, of Conover street, left Sunday for Flint, Mich., where he accepted a responsible position with the Du Pont Company.

Miss Elizabeth Render motored out of town with friends during the week.

Miss Ellen Quinlan was an out of town visitor during the week.

The many friends of Claude Longstreet will be pleased to learn that he is recovering from his recent illness.

## LOCAL LADIES

### ATTEND LUNCHEON

A luncheon was served at the Hotel Pennsylvania yesterday for the members of the Ladies Aid of the Pennsylvania Railroad Company and a wonderful entertainment rendered for their enjoyment.

The opening address was made by Mr. Morehouse, a Red Cross representative of the Hoboken Shops. Remarks by Mr. Lenhurst, supervisor of the Trenton Division followed.

Each lady present was presented with a white carnation. Those present from this city were as follows: Mrs. John Cosgrove, Mrs. J. O'Brien, Mrs. James Cleary, Mrs. Joseph Wienman, Mrs. J. J. Dwyer and Mrs. Edward Hardy.

A party will be given to the children who sold poppies on Memorial Day and the Saturday previous by the Ladies Auxiliary to the American Legion at the Legion rooms on Saturday afternoon, June 27th.

FRIDAY, JUNE 5, 1925

TRAP SHOOTING CHAMPIONS  
TO APPEAR AT LOCAL SHOOT

All roads lead to Rome, that is most any day but Saturday, June 13, and on that particular day every road in the state will lead to South Amboy. From Red Bank, comes Ivins, Grand American Champion 1920, and Eastern Zone Champion 1923; from Fords, we get Lybeck who already this year has seven County Championship cups to his credit, having won them at Bound Brook in May of this year with a 99 out of a possible 100; from Fords will also come Wm. Lybeck, Liddle, Dunham and Woods.

South River will send Doc. Hunt, Henry and Wright. The former two being Class "A" men. Bound Brook will send Stryker, "Abe" Price, Case and several others. Matawan will send one of the best in the state, none other than "West" Stillwagon, and Trenton will have on deck such men as Slocum, Tilton, Stillwagon, Terry, whose names appear on the State Championship cup. "Al" Waters, of Perth Amboy, the winner of the cup last year will also be on hand. Young and the Brunswick boys will also be on hand. Young, by the way, tied Waters for the cup last year and only lost it in the shoot-off. From South Amboy we will have the man who put and keeps South Amboy on the trapshooting map, Oscar Mundy, who won fourth place in the Atlantic Indian shoot at Rye, New York last year.

As an added attraction "Colonel" Walt Mundy will demonstrate that age makes little difference in the trap shooting sport. The usual contest between Grandpop, Son and Grandson will take place. The son has already delivered the goods, the father claims that he is the better and the grandson making both them hustle. Casey, Disbrow, Crane, Reh-zuss and Ryan will also be on hand to see that some of the prizes remain in town.

A ladies squad will also be in the lineup. Mrs. Price, Mrs. Oshler, Mrs. Stillwagon and Mrs. Ford will again try and settle their differences. Negotiations are being made whereby Mrs. Bill Piercey of Jersey City, State Champion of the Ladies Division will appear. Sayreville will be represented by Wilburn, Henshaw and Holzworth, who can give a good account of themselves at any time.

Valuable prizes have been secured by the Y. M. C. A. that will make this affair the first big shoot attempted here in recent years. No expense or pains has been spared to place the local traps on a par with others in this locality. Shooting will begin at 1 P. M., and shells, etc. will be had at the grounds for those who wish to try their hand.

Arrangements are under way for a match between South River and this

city. South River will be represented by George Henry and Doc Hunt, and this city by Oscar Mundy and G. F. Disbrow. The only hitch in the matter is the little matter of difference between the City Clerk and "The Colonel", "The Colonel" claiming that he is unbeatable either in class or age. Disbrow claims that the old man's "seventy-five years" of experience can be overcome by nerve and ability. It is hoped that this match will finally decide the championship of the Fourth Ward. If Mundy wins this match it will be the first time that a Democrat ever came close to winning in that section. The "old man" says that if the kid beats him he will vote a straight Republican ticket this year.

## HERE AND THERE IN THE FIELD OF SPORTS

By Chris Mulrain

Outdoor boxing is now in full sway with the passing of the Milk Fund bouts. Now comes the Gibbons-Tunney bout at the Polo Grounds tonight. At Elizabeth tonight Jack McFarland will have a tough assignment on his hands when he tackles Willie Harmon, rugged welter from New York, who is considered a contender for Mickey Walker's title. Long Branch will also open their season tonight with an all star card of bouts.

The City Twilight League games seem to be losing interest for the fans of this city but the participants themselves are working hard to put the league across. The leaders are leading by only one game and the result of the final standing will be in doubt up until the last few games. The teams are spurred on by the loving cup offered the winner of the league by Frederick Schneider, Congressional Candidate on the Republican ticket.

Buck Nesley took a jump forward in the sweater contest by getting three hits in last Sunday's game. He is two hits behind the leaders and sprung a surprise. Incidentally the Perth Amboy merchants are copying after South Amboy merchants and offering prizes for the Perth Amboy players. Phil McGuire won the first prize offered by lining out a home run in last Sunday's game.

Through these columns an effort is being made to stimulate interest in athletics in South Amboy, but more cooperation amongst those interested in athletics should be received. We will cite a few instances, where if we were informed of the events, a large attendance might have resulted. On Decoration Day the Knights of Columbus and St. Mary's School held a track meet, which was poorly attended, but was a great success from an athletic standpoint. If we had been informed of this event, publicity might have been given the meet and a larger attendance might have been assured. The same applies to the Sacred Hearts. Walter Rogers, manager of the Hearts wants publicity, but does not seem to want to put himself out and bring it to our office. We have to hunt him up to find out who is the attraction each week. We should be given some consideration as we were instrumental in having Jack McGuire and Green's Haberdashery offer prizes for the team in an effort to stimulate interest in the club.

The writer is in a position to hear a lot of comment on different subjects and the principal topic of discussion this week is the class of baseball that Rogers is bringing to this city. Last Sunday the Bloomfield Club played a ragged game of ball. The fans are not attending the games because of this kind of ball playing. I heard a number of fans say that they would not attend a game until some of the county teams were booked. Why wait until the Fall of the year before booking county teams? The chief squabble seems to be about the guarantee for bringing the county teams here. This could no doubt be arranged by booking a five game series with the different teams and when a game is played on a home ground let the proceeds go to the home club and if a fifth game is necessary, why split the proceeds fifty-fifty.

Phil McGuire slammed out a homer in Sunday's game against the Bronx Giants at Perth Amboy, thereby winning a Stetson hat offered by a Perth Amboy store for home runs made.

Jimmy Hyson tied Stretch Burke in the race for the sweater offered by Green's Haberdashery. Burke was leading before Sunday's game and Jimmy tied things up. They stand nine hits apiece.

### SACRED HEART JRS. ANNEX ANOTHER LEAGUE TILT

On Sunday afternoon the Sacred Heart Jrs. of this city traveled to Perth Amboy, where they met and defeated the fast going Oriole combine, who up till this date have copied the last three league games, the score of this game being 7 to 6.

Archie Zamorski, was on the mound for the Hearts and delivered in good fashion, allowing the home players eight well scattered hits, struck out six and walked one man.

The Orioles sent in all three of their pitchers, all of which were nicked for a total of 15 safeties. Tony Virgilio put the Orioles in front in the first inning by driving a homer over the right field fence with a man on base. They held the lead until the fourth frame, in this inning the Hearts put three runs across the plate putting themselves in the lead. They added three more runs in the sixth frame, in the seventh the Orioles tied the score putting over four runs. This was not enough to win the game and in the ninth inning the Hearts put over another run, which proved to be the run to win the game. Rocky Sardone in two great catches robbed the Hearts of what looked to be sure homers. Carp and Lagoda led the Hearts at bat with three hits apiece.

Next Sunday afternoon the Sacred Heart Jrs. will take into camp the Blue and Grays of Perth Amboy at Whitehead's Field. The game will start at one o'clock.

### TIGER NELSON TO RETURN TO RING

Mooney Poulsen is having difficulty in securing an open air arena. Negotiations were entered into for an arena near State and Smith street and Poulsen went ahead and signed fighters for next Monday night, and at the last minute the owners of the property where the arena was to have been located decided that they did not want an open air fight club on their property. Having the fighters signed and printing matter on the press, there was nothing for Poulsen to do but run in the Auditorium. Looking after the welfare of his patrons, Poulsen will sell all the bleacher seats on the ground floor and the balcony for a dollar a ducat. There will be only four rows of reserved seats. This seating arrangement will keep the balcony from being overcrowded and with all of the windows and doors open, it will not be too warm to witness the fine card of bouts that Mooney has arranged.

There will be two star ten round bouts, one six and two fours. In the opening star ten round bout Joe Colletti will meet Mickey Bellario, the only boy that holds a knockout over Joe. The other star ten will bring together Tiger Nelson, who has been on the suspended list for some time, and Andy Garry, of Elizabeth. This bout will be full of action as both Nelson and Garry are hard hitters. Gummy Snyder will try his hand out in the first six round letted. The show will be held on Monday with an opponent yet to be selected with an opponent yet to be selected Monday night at the Auditorium.

### SPORTING ACTIVITY AT LAURENCE HARBOR

At a meeting of the Laurence Harbor Community Club Tuesday evening, many points of interest were discussed, officers elected and both an athletic and social branch formed.

Henry Hess was elected by an unanimous vote as manager of the baseball team, James O'Leary was elected captain; John Schaeffer, booking manager; and John Lanning, secretary and treasurer.

Laurence Harbor is progressing with its sports just as with everything else. Vim and pep and the interest of the community at large seems to be imbedded in the hearts and minds of all who live in the vicinity, and with this spirit there is but one end in view, namely, success.

The Laurence Harbor lads have been giving their opponents some stiff action, winning four out of five games played thus far this season. As for baseball material it seems the community has the best obtainable and Manager Hess should find no trouble in getting a still faster team on the diamond.

### ATHLETICS FURNISH SURPRISE IN 1925 PENNANT RACE

The biggest surprise of the 1925 baseball pennant race is the rejuvenation of Connie Mack's Philadelphia Athletics. They got the jump on the rest of the American league teams and are now enjoying a comfortable lead over their nearest opponents, the world's champions Washington. This is the first prospective winning team that Mack has got together since his world beating team of 1912. The New York Giants of the National League are enjoying a big lead over their nearest opponents, the Brooklyn Dodgers. The New York Yankees seem to have missed Babe Ruth's presence in the lineup as they have been playing very poor baseball. In the International League, Toronto is furnishing the surprise by taking the lead over Baltimore. The Newark team has been shifted to Providence and the shift seems to have effected the playing of the team, as they have dropped into last place.

### SO. AMBOY FIRE DEPT. DEFEATS KEASBY DEPT.

On Wednesday evening at the Y. M. C. A. field, the pick of the different fire companies playing together for the first time defeated the fast Keasby Fire Department by the score of 10 to 8. Bill McCarthy of the Mechanicsville Hose Company did the twirling for the local team and pitched a wonderful game, allowing only eight hits and striking out nine of the visitors. He struck out three men in succession in the third inning. Henry Hess caught McCarthy in wonderful style. The local batters collected eleven bingles from Pfeiffer. Phil McGuire collected two triples and Lefty Lyons a double.

### The Possible Husband

"I was a little afraid of Colonel Race. Nevertheless I was enjoying myself. Colonel Race was really just my ideal of a stern Rhodesian. Possibly I might marry him! I hadn't been asked, it is true, but, as the boy scouts say: 'Be Prepared!' And all women consider every man they meet as a possible husband for themselves or for their best friend."—From "The Man in the Brown Suit," by Agatha Christie.

### Comes From the Romans

The expression, "He isn't worth his salt," found its origin in the fact that Roman soldiers were paid in salt rather than with money.

### ST. MARY'S H. S. DEFEAT K. of C. IN TRACK 1

St. Mary's High School track baseball teams both scored vict over the baseball and track team the "Caseys" in the first of annual field day to be held every orial Day. The track team coed ed the Caseys by a 67 1-2 to 1 score.

The Saints captured every place but the shotput which was taken by Hackett, Casey man.

Lefty Lyons was the starter of the events, while Jack McGuire timed each event. Some fast records of time were scored by the "Saints." Gelsinon did the 100 yard dash in 10 1-4 seconds, while he did the 440 yard dash in one minute flat. S. Francy did the 220 yard dash in 26 1-2 seconds.

The "Caseys" were without the services of Roland Kennedy but McDonnell did all he could to make up for his absence. The following is the score:

100 yard dash—F. Gelsinon, St. Mary's, first; G. Francy, S. M., second; McDonnell, K. of C., third; T. Francy, S. M., fourth.

Shot Put—Hackett, K. of C., first; O'Connor, K. of C., second; Luett, S. M., third; Lovely, K. of C., fourth. Mile run—Monaghan, S. M., first; Luett, S. M., second; Grimley, S. M., third; Ward, S. M., fourth.

The baseball team defeated New Brunswick High School in a six inning game on Monday afternoon by a 7 to 4 score. The Saints will take on St. Peter's on Friday afternoon at New Brunswick.

### And It Was Rubinstein!

Henry T. Finck in his book entitled "Musical Laughs" speaks of a lady living in a German hotel, who was greatly annoyed by persistent practicing in a room adjoining hers. Finally she wrote a note to say that she could not stand the racket and begged the pianist to stop. The maid who delivered the note came back with another, containing the following: "Very sorry to have annoyed you. Your request is granted. —Anton Rubinstein."
