Hearty Cooperation In Plans For Local Unemployment Relief

Employment Bureau Established by Council. Basketball Game, Card Party and Golf Tournament All ready for Community Chest.

When the council threw its business meeting open to the discussion of the local unemployment problem last Friday evening, there was a keen desire expressed by the citizens and members of the council to help in whatever way possible.

Beside members of the council present were Mrs. A. J. Fenzel representing the local Red Cross chapter, George Gundrum, Sr., representing the Board of Public Works, Frances P. Coan, Grand Knight of the Knights of Columbus, Mrs. Mary Price, Overseer of the Poor, G. Frank Disbrow, Commander of the American Legion and Anton Walczak, Commander of the Veterans of Foreign Wars, and a number of others.

Various methods of relieving the sufferings caused by unemployment were brought forward during the discussions which ensued and as a result an unemployment bureau has been established at Police Headquarters in the City Hall and already a number of names have been filed.

After a discussion regarding the possibility of having necessary work in the city performed at this time, Mr. Gundrum was asked by the council to take up the question of having storm sewers installed west of Stevens Avenue. This question will be taken up by Mr. Gundrum at the next meeting of the Board of Public Works, which has at present an excess of several thousand dollars in its budget. The council is mapping out an improvement program which will include a number of street improvement projects on local streets. This work will be begun on the first of the year.

High Girls Now Romp In Rompers

Former Gymnasium Costume Supplanted by New Uniform at Local High School.

Rompers have supplanted the former gymnasium costume consisting of bloomers and middie blouses for girls in the High and Junior High classes in the local public schools to a great extent within the past few days. And it is expected that within a short time their use will be universal.

While the new costume is not mandatory, its use is being encouraged wherever possible and recently a representative of a large outfitting concern manufacturing these rompers visited the school and took orders for a number of these outfits.

Many Present At Casey "Italian Night"

"Italian Night" was held last night by South Amboy Council, No. 426, Knights of Columbus, in connection with the regular monthly social meeting in the club rooms on David Street. The affair was a decided success with many members present. Lunch was served Italian style and everybody seemed to enjoy it.

A number of members are planning on attending a testimonial dinner to be given to Assemblyman-elect John J. Rafferty by the citizens of Middlesex Borough. This dinner will be held at the Woodrow Wilson Hotel in New Brunswick on Wednesday evening, December 10, at 7:30 o'clock. Reservations locally can be made with Joseph McKoon, of 359 John Street.

MEN'S CLUB TO HAVE A COUNTRY STORE

Next Wednesday evening, the Men's Club of Christ Church will hold a country store night in connection with the regular meeting of the club.

O. H. Miller is chairman of the committee with Edward McKenna, John Seib, Arthur Semoneit and Geo. Mack assisting. The proceeds of the country store night will be donated to the poor of the parish.

Congressman Hoffman Now in Washington

Attends Opening of 71st Congress on Monday.

Early, very early, last Friday morning, Congressman Harold G. Hoffman, with Mrs. Hoffman and family, left this city for Washington. The Congressman was on his way to take his seat as the representative of this district as a member of the 71st Congress, third session, which assembled on Monday, December 1st. New Jersey's Motor Vehicle Commissioner will continue to serve as Congressman for the third District without salary until March 4th, when his term, along with the 71st Congress, will automatically expire.

In the 71st Congress, third session, there are some sixty-nine so-called "lame ducks" exclusive of the local man, who does not fall into this class because of the uniqueness of his particular circumstances. Twelve of the "lame ducks" are Senators, 58 are Representatives, or Congressmen as they are perhaps better known. The term lame ducks is applied to members of Congress who failed of reelection in the November elections but who continue to serve their districts despite the repudiation of the voters for over three months or until March 4th. Even then, by reason of the law remaining unchanged since the days when men—as well as people—traveled by horse power over most of this broad country, most of the successors of these lame ducks will not be given a chance to show their stuff until a year hence, hence there happens to be a special session of the 72nd Congress called by President Hoover. This applies therefore to Captain Sutphin, successful Democratic aspirant for the seat now occupied by the local man. Congress has refused five times to adopt legislation which would abolish the "lame duck" sessions. Time, the news-magazine, remarks that "Congressmen are, more tenaciously than almost any other class of professional men, jobholders. 'I think that many members of Congress,' Senator Borah is quoted as saying, 'will prefer a special session of Congress to joining the army of unemployed.'"

The present session of Congress is expected to give its chief attention to the question of unemployment.

Railroad Men's Night at M. E. Church Sunday

M. T. McMichael, Railroad, Y.M.C.A. Athletic Director Will Speak—Special Music Features Arranged.

Next Sunday evening will be observed as "Railroad Men's Night" at the John Street Methodist Episcopal Church and M. T. McMichael, Director of Activities of the P. R. R. Y. M. C. A., a speaker of particular interest to railroad men, will be the principal speaker.

For several years Mr. McMichael has been in charge of all athletics in the New York Zone of the Pennsylvania Railroad and for some time broadcast the morning exercises over radio station WGBA. The church choir will furnish special music appropriate to the occasion and Miss Thelma Stratton will render M. E. Abbey's beautiful hymn, "Life's Railroad to Heaven."

A special invitation has been extended to all railroad men and their families to be present. The usual Sabbath services will be held during the day and at the morning services the Sacrament of the Lord's Supper will be administered.

Extra Gasoline Tax In Effect Monday

Increase of One Cent Per Gallon Now Being Paid.

South Amboy automobile owners began paying an extra seven dollars or so per year in gasoline taxes on Monday of this week. On that date, December 1st, the tax imposed on gasoline was increased one cent per gallon, now being three cents for each gallon. The increase is in accordance with the legislative acts submitted to the voters at the November elections at which the bond issues for highways, watersheds and institutions and agencies were given approval by the citizens. Although none of the bonds are printed or sold yet, the state authorities lost no time in getting the tax increases in effect.

It is expected that from returns from the State under the numerous provisions of the bond issue legislation, South Amboy will receive about \$764 per million dollars of taxation valuations as the years roll on.

Bible Study Week to Close Sunday

Dr. Wm. L. Pettigill Who has been Heard at Baptist Church During Week to Preach Final Services Sunday.

On Sunday evening, Rev. William L. Pettigill, who has been in charge of services in the First Baptist Church during the past week, will conclude the series of Bible talks he has been giving.

In addition to the two regular services last Sunday, when he occupied the pulpit of the church, Dr. Pettigill has addressed large audiences every evening, except Wednesday, when he was the speaker at a Union service of members of the Kyport and local congregations in that borough.

This coming Sunday, Dr. Pettigill will talk on the subject "Where are the saved between death and resurrection?" at the morning service and in the evening his address will be on the subject "Where are the lost between death and resurrection?"

Well Known Railroad Man Passes Away

John Proctor for a Number of Years Employed by Railroad Buried on Tuesday.

On Friday last, John Proctor of 530 Alpine street passed away as the result of heart failure. Funeral services were held from Christ Episcopal Church on Tuesday afternoon with the Rev. E. Weston Grimshaw of Helmetta officiating. Interment was in Christ Church Cemetery under the direction of E. S. Mason & Son.

Mr. Proctor, who was 79 years of age, was well known in this city. He was born in Belfast Ireland and came to this country when a small boy. He was employed for a number of years in various capacities by the Pennsylvania Railroad and was for some time sexton of Christ Church.

He was a member of the Improved Order of Red Men and of the Knights of Pythias. Members of these organizations served as pallbearers.

Rotarians Inspect New Power Plant

Members Taken on Inspection Trip After Regular Noon-day Luncheon Tuesday.

Members of the South Amboy Rotary Club were taken on a tour of inspection through the new power plant of the Jersey Central Power and Light Company here on Tuesday.

The trip was part of the regular weekly luncheon of the club, and followed the dinner at Cady's. Twenty-four members and guests made the trip and were divided in two groups on the inspection of the plant. One group was led by Ray Ketchell, a member of the local club; and the engineer in charge of the construction of this plant, the most modern in the country. The other group was led by George E. Bromley, Production Superintendent, for the lighting company, and a new member of the local club.

On the trip through the plant, the different features were thoroughly explained by the leaders and the members were amazed at the thoroughness of the project. The inspection trip started about 1:15 and lasted for about an hour.

Mrs. Eugene Osborne of Belleville was a local visitor on Saturday.

This evening at the City Hall the Independent League of Women Voters will hold a regular meeting beginning at 7:30.

Mrs. Walker a member of the State Executive Board of the League will talk on "Women in Industry." Mrs. John Perkins will give another in her series of talks on county government and Mrs. Rhoda Jaques will speak on "Child Welfare."

During the meeting chairmen of several committees will be appointed and arrangements will be made for attendance of a local delegation at a conference to be held at the New Jersey State College next Friday. Mrs. Florence Forgeson, president of the local unit will attend a conference of the State League to be held at Newark on December 20th at which time she will formally receive the charter of the local organization.

The local unemployment situation and plans for the relief of local needy families will also be given consideration at tonight's meeting and it is expected that some plan will be adopted by which the League can assist toward furnishing funds for the local community chest.

Miss Beatrice Sprague Weds Fords Man

Ceremony Took Place Last Sunday Afternoon—Have Returned from Honeymoon.

Last Saturday afternoon Miss Beatrice Sprague, daughter of Mr. and Mrs. William Sprague, of Portia St., became the bride of Harold Fischer of Fords, at a pretty ceremony in the parsonage of the First Presbyterian Church of this city. The Rev. Dr. G. E. Schilbrede, pastor of the church, officiated at three o'clock and the attendants were Miss Margaret Thomsen, of Pine avenue, this city, and Nevin Arner, also of Fords. Only the members of the immediate families of the bride couple were present at the parsonage.

Following a brief reception at the home of the bride, the newlyweds left by automobile for a short tour to various points of interest in the State of Pennsylvania. They have now returned and are making their home temporarily with the bride's parents on Portia street.

Guests From Three Counties Will Attend Tri-County League Affair on December 17.

On December 17th, at Farley's Senecroft Inn at Morgan, the Tri-County Municipal League will hold its first Ladies Night. This will be the last meeting of the organization at which Mayor Andrew Kvist will attend in an official capacity.

A number of attractions have been secured for the entertainment of the guests during the evening. Mayor Kvist has received information indicating that there will be a large delegation present from Monmouth and Ocean counties as well as from Middex.

Edward Fleming, Sr. Is Elected Assistant Chief

Wins Over George Hart of Mechanicsville by 33 Vote Margin. Downs Chief, Quinlan First Assistant.

When the local fireman held their annual election of officers on Monday night and the votes were counted, Edward Fleming Sr. of the Independence Engine Company was declared elected second assistant chief and started on the upward climb to commander of the department. His opponent was George Hart of the Mechanicsville fire fighters, whom he defeated by a majority of 33 votes. Henry Mohrlander, the third aspirant for the honor, withdrew his name shortly before the election took place.

According to the usual custom, J. Raymond Downs is advanced from first assistant chief to head of the department to succeed Emmett Mahoney, chief during the past year. Second Assistant Chief James Quinlan moves up to the position of first assistant.

Frank Hackett of Progressive company was judge of the election, Lloyd Neitopp of Mechanicsville and John Leonard of Protection were tellers.

Otto Miller Heads Past Councillors

M. E. Magee Elected Deputy State Councillor and Inside Sentinel Last Night.

Joel Parker Council and its members were in the forefront at the regular monthly meeting of the Middlesex County Past Councillors Association held last night in Carteret.

Otto H. Miller of the local council was elected County Councillor of the Association, Marshall E. Magee was elected as Inside Sentinel and the council was awarded the banner for the largest number of members present. The appointment of Mr. Magee as a deputy state councillor in charge of the South River and Milltown councils was also announced during the evening.

The report of the county unemployment committee rendered during the evening was received with interest and indicates that the committee is accomplishing considerable in the way of placing unemployed members in positions.

Theodore T. Gottlieb, of Newark, chairman of the State Americanization committee was the principal speaker during the evening and delivered an interesting talk on the activities of the Communists throughout the country.

Mr. Gottlieb's talk which traced the growth of Communism from its foundation by Karl Marx, was received with intense interest. The speaker is one of the foremost authorities on this subject in the country and in his talk he explained in detail the various methods used by communists to undermine the three phases of modern civilization upon which their attacks are levied: the church, the government and the national moral standards.

The activities of the communists in American schools and colleges were also pointed out in detail and a vivid description of recent attempts by the Communists to incite a riot among members of the United States Army and the National Guard was given by the speaker who exhibited samples of the propaganda being circulated by this organization.

The next meeting of the association will be held in Dunellen on January 15th with William Holton council of that place as host.

Harmony Club Feature at Club Anniversary

Eighteenth Anniversary of Local Woman's Club Fittingly Observed Last Night.

There was a large attendance last evening at the eighteenth anniversary of the founding of the South Amboy Women's Club which took place at the High School Auditorium.

A huge club birthday cake upon which burned eighteen candles was the feature of the decorations arranged for the evening which were in the club colors of blue and white.

Members of the local Harmony Club rendered a group of three selections by German, "The Shepherd Dance," "The Torch Dance," and "The Morris Dance."

Madame Vanlieu, of Montclair, gave an interesting and instructive talk on the "Romance of Russia," and music for dancing was furnished during the evening by the Scarlet Troubadours of Rutgers University, who play nightly at the Elizabeth-Carteret Hotel in Elizabeth. Refreshments were served following the completion of the entertainment program. A number of friends of the club were guests during the evening.

Ordinance Authorizing A Land Exchange

Passed By Council

Ordinance Authorizing Exchange of August and David Street Ends Tuesday Night—Feltus Street Traffic Light Discussion.

There was no manifestation of appreciation for members of the Common Council in the performance of an act that the public expected and wanted them to do at the Council session in the City Hall Tuesday evening. The act, perhaps in their regular line of duty as public servants, was the passage of an ordinance which authorized an exchange of property of the Sun Oil Company in return for the ends of David and Augusta streets. At a previous session when an ordinance of somewhat similar intent was up and to which there was a great deal of opposition, the council chamber was filled to overflowing and there were speakers galore. But Tuesday night, there being no opposition, there were but few in attendance and only one speaker. That one gave the council the only pat on the back there was forthcoming for passing the ordinance, which passed by the way, by unanimous consent of the members of the governing body. The speaker was Leo J. Coakley, local attorney, and a previous advocate of the course taken by the council at the Tuesday night session.

The ordinance was signed by Mayor Kvist the next day and under its terms the necessary details of transferring ownership of the property involved are under way. By these terms the Sun Oil Company will come into possession of both David and Augusta streets from Rosewell street to the pier head line, a distance of over a thousand feet. The city in return, will take over a strip of ground adjoining the northerly side of Henry street from Rosewell street to the pier head line, the riparian rights in both cases going with the property title. The Sun Oil Co. is to pay all costs in connection with the transfer. The city will, when the transfer is (Continued on last page)

Santa Arrives Here Tuesday Afternoon

Will Make Fourth Annual Visit to Broadway Store From Two to Five Tuesday Afternoon.

"Arriving next Tuesday." Thus read a terse radiogram received last night at Tenenbaum's Department store from the far north. The sender as you have probably guessed was Santa Claus.

This will make the fourth year that Santa Claus has had Tenenbaum's on his list of those places he visits before Christmas, in order to meet his little friends personally and learn from them the messages they have for him.

Each year he has been at the Broadway store he has talked with a large number of local children and has received any number of notes and letters from them. During these three years he has come to know a number of local children well and always looks forward to the time when he can get away from his workshop where he spends a great part of his time making toys, and coming to South Amboy. Parents are urged to bring their children, the younger the better, as well as the older ones, to see Santa for themselves next Tuesday, December 9th, anytime between the hours of two and five o'clock.

For a small consideration Santa will present the little ones with a gift package that will furnish a great deal of pleasure as well as serve as a souvenir of their visit to the Tenenbaum establishment where they are certain every year of seeing Santa in person.

MISS BETTY FARRELL CELEBRATES A BIRTHDAY

French Talkie Farce

Coming to Empire

Adventures of Two American Ex-Doughboys and Three French Girls Highly Amusing.

"Those Three French Girls" with a cast which includes Reginald Denny, Fifi Dorsay, Cliff Edwards, Yola d'Avril, Sandra Ravel, George Grossmith, Edward Brophy and Peter Gawthorne will be the feature at the Empire Theatre starting Sunday matinee.

Information is that those who have never been to Paris will make up for lost time with this talkie farce which depicts the adventures of the son of a British peer, two American ex-doughboys and three fascinating French ladies, whose innocent attempts to have a good time result in a series of hilarious complications. In an effort to insure the dialogue being on a par with the amusing incidents of the plot written by Dale Van Every and Arthur Freed, Metro-Goldwyn-Mayer executed a master stroke in engaging P. G. Wodehouse to write the talking lines, which are reported to be as funny as any yet heard on the screen.

Similar discretion was used in the matter of securing an expert director, choice falling on Harry Beaumont, who had scored so successfully with this last two productions. "Our Blushing Brides" and "The Florodora Girl." Incidentally, Beaumont conceived another fashion show for this picture which will give American audiences a chance to view Paris fall creations designed by Rene Hubert, the noted Parisian stylist.

Pavements Bring

Direct Travelling

Usually Paving Programs Cause Shortening of Routes and Eliminate Crossings.

One of the first things a beginner in geometry learns is that a straight line is the shortest distance between two points. Those who laid out the vast majority of this country's 3,000,000 miles of rural roads, however, necessarily disregarded this truism and as a consequence American motorists now are yearly traveling millions of miles out of their way.

Fortunately when communities adopt progressive paving programs, highway builders consider not only the grade and safety factors of location, but also directness. To illustrate how motorists have been going out of their way, observe that Louisiana in building the new concrete Baton Rouge-New Orleans airline highway is shortening the road distance between the two cities by 38 miles.

In building her 1,040 miles of hard surfaced pavement this year Iowa reduced travel distances by wide margins, and in addition eliminated railroad grade crossings in large numbers, not only through under passes but also through elimination of crossings by straightening out road kinks. In one instance Iowa shortened the distance between two towns, by 3.15 miles, eliminated seven right angle turns and avoided the four railroad crossings of the old route.

These are only a few of the many items that make paving programs of inestimable value to a community. Professor T. R. Agg of Iowa State College has carefully calculated that where a highway carries 1,000 tons of vehicles a day, less than 1,000 cars, every foot of travel distance saved will justify an experience of \$60 to eliminate that foot.

Comprehensive planning and pavement building go hand in hand. In placing pavement of a permanent character it is clearly desirable that that pavement be located where it will do the most good. Modern road-builders, with every respect for the decisions of their forefathers, do not hesitate to obtain new rights-of-way.

Rutgers to Provide

Gas Industry Course

Correspondence Course for Employees of Gas Industry Announced by Extension Division.

A training course by correspondence for employees of the gas industry has been announced by the Rutgers University Extension Division. With the endorsement of the American Gas Association, the course in the "Manufacture, Distribution and Utilization of Gas" has been designed to afford the men in the industry a greater technical knowledge and increased efficiency.

The text to be used is by Charles E. Reinicker, assistant to the vice-president of the United Gas Improvement Company of Philadelphia. The course has the approval of the American Gas Association through an advisory committee consisting of: R. B. Harper, vice-president of the Peoples' Gas Light and Coke Company, Chicago, Ill.; F. S. Lydacker, general superintendent of distribution, the Gas Department of the Public Service Gas and Electric Company, Newark, and J. V. Postles, assistant to the vice-president, the Philadelphia Gas Works Company.

Subjects included in the course are: essential principles in the manufacture of coal gas, small and large capacity coal carbonizing equipment, the manufacture of blue and carburized gas, gas distribution, and numerous others.

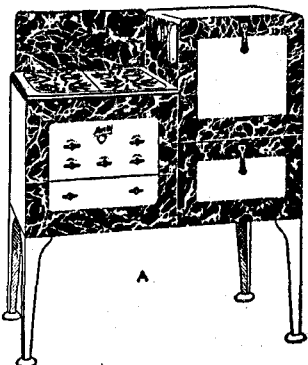

Sheffield Plate

Articles of Sheffield plate are made of copper and coated with silver by a process of fusion. About 1742 Thomas Boulsover discovered accidentally that an application of heat would fuse the two materials so that they could be worked as one. Joseph Hancock, a relative of the inventor, soon applied it to the making of candlesticks and other articles for domestic use. The first factory for production on an extensive scale was founded in 1760 by Ford and Lender.

Chevrolet Reports Indicate Heavy Sales

Reception Accorded New 1931 Chevrolet Six had Only One Parallel in Company's History.

Detroit, Mich., Dec. 4.—Pointed indications of a resumption of buying interest throughout the nation are manifest here today in hundreds of reports on file at the home office of the Chevrolet Motor Company revealing that the reception accorded the new 1931 Chevrolet Six during the early days of the national showing had only one parallel in the history of the company.

To meet the needs of dealers, the manufacturing organization consisting of twenty domestic plants is working on a tentative production schedule for the month of November of more than 60,000 cars. Despite the fact that this is a high goal for the month, the output of cars has already fallen considerably behind orders already booked, the sales division reported.

Telegrams from dealers and field officials in all parts of the country, offering an excellent cross-section of the public attitude, reveal that despite general business conditions unusual buying enthusiasm is being displayed. Particular interest is centering on the new sport models in the line, as well as the new commercial cars which are constantly accounting for a larger proportion of each year's output.

The price reductions, coupled with the increased size and improvements, attracted to dealer showrooms crowds estimated as second only to the attendance during the early showing of the new six at the time of the change-over from the four-cylinder car in 1928. Many points reported a greater number of appraisals than in any previous year, and when the tabulation of orders now being made is completed, the mark for the first fifteen days is expected to compare favorably with any similar period during a normal year.

A particularly significant feature of the reports reaching H. J. Klinger, vice-president and general sales manager, reveal that public interest shown in the new car is not confined to any one section, but seems general across the country. Not only in the larger centers but in the smaller communities, dealer showrooms were crowded for several days, and marked buying enthusiasm displayed.

A dealer in a small Kansas town reported that, because of the large number of rural visitors, a count of attendance at his showrooms the first day exceeded the population of the town. Great Falls, Mont., dealers, despite fourteen inches of snow, reported attendance for the first week equal to that of a year ago.

The Harrisburg zone, comprising several counties in the Keystone state, reported 100,000 showroom visitors. The city of Cleveland reported 59,000 visitors, and San Antonio, 20,000. Buffalo reported a larger crowd than last year, and Chicago wired that appraisals exceeded last year's figures.

The reception the new car received throughout the country lent substance to the statements of Chevrolet officials that business conditions during the year were due primarily to a "buyers' strike," and that an upward trend is imminent. To lend impetus to this move, Chevrolet advanced by seven weeks the date for the announcement of new models, and thus insured extraordinary activity during two normally dull months for the thousands of people directly dependent upon the company for a livelihood.

Hunters Have Been Forbidden to Smoke

Campaign Instituted to have Hunters Spread Seeds Instead of Forest Fires.

New York, Dec. 4.—Smokers hunting in the woods of Pennsylvania will convert their tobacco pouches into seed bags, spurn the worthy weed for sweet clover, sow rather than blow, revel only in curling visions of bounteous game, and otherwise show unmistakable evidence of jilting Lady Nicotine for wild Diana, if they join a campaign growing out of the recent state-wide ban on smoking in the woods.

Following closely on Gov. John S. Fisher's proclamation against smoking or building fires in or near any woodland of Pennsylvania, issued as an emergency measure to prevent forest fires after the drouth, the Board of Game Commissioners has asked hunters to leave their tobacco behind and take sweet clover seeds instead, it informs officials of the American Game Protective Association.

"A profitable solace to smokers at this pressing time of pipeless bereavement," quoth the commissioners, "can be found in a few handfuls of sweet clover seed. Costing no more than the same amount of tobacco, this should induce even better hunting dreams, while at the same time, if properly used, insuring their realization.

"By scattering clover seeds over likely places in the open woods, the hunter will be providing choice and much-needed food for deer, turkeys, grouse, rabbits and other game.

This plant, although eaten each year, will spring up again and seed the surrounding territory. And if 500,000 hunters distributed a half pint of seed apiece they would place a great amount of food in the woods for our game birds and mammals," the commissioners concluded.

Lobster Old Delicacy
There is record that lobsters were used for food in ancient times in Japan.

Physician's Favorites
We asked an old practitioner once how he doctored babies; that babies could not tell how they felt or where the pain was, or anything like that, writes Lew Valentine in the Clay Center Times. "I'd rather doctor a baby than a grown person," he replied. "And I get better results. Babies can't lie."

Freshman Enter College for Study

The average freshman selects his college for tradition and sentimental reasons, and in order to fit himself for business or professional leadership, according to the results of a study announced this week at Rutgers University. When the members of the present freshman class were asked why they chose Rutgers in preference to other colleges, sixty-six answered that they entered the New Jersey institution because of "the spirit and tone of the college." Under this heading were listed such reasons as the following: "It is a small college with democratic atmosphere," "it has colonial traditions" and "a reputation for turning out real leaders."

Fifty-seven freshmen mentioned "the excellence of courses desired" as the chief reason for their selection, naming specifically such courses as engineering, chemistry, agriculture, ceramics and Journalism. Twenty-five chose Rutgers because it was near home, twenty-two because of influence of relatives, and ten because of moderate cost. Only three boys mentioned athletics as a determining factor.

The report is significant inasmuch as only one freshman listed scholarship aid. In previous years, when sixty State scholarships were awarded to members of the incoming class, this item was one of the chief determining factors.

In reply to the question "How did you first hear about Rutgers?" more than fifty per cent of those answering replied that they had heard of the college through alumni, undergraduates or Rutgers relatives. Other factors were newspapers, high school teachers and principals, members of the faculty, and the debating program.

Governor Urges Bible Study Sun.

Larson Urges Observance of Universal Bible Sunday in New Jersey Churches Next Sunday.

Trenton, December 5th: Governor Morgan F. Larson urges the observance next Sunday, December 7, of Universal Bible Sunday in the churches throughout New Jersey. The American Bible Society, an organization which issues annually over eleven million copies of Bibles, Testaments and Portions in close to two hundred languages, has been sponsoring Universal Bible Sunday over a period of years. Thousands of churches throughout the United States as well as many Christian churches abroad point in this movement which was conceived and is promoted to emphasize the essential position which the Bible occupies in the spiritual life of men and women.

In endorsing Universal Bible Sunday Governor Larson says: "The eternal truths set forth in the Scriptures have been man's inspiration and comfort for ages past and are now the foundation of his hope for the spiritual and material betterment of mankind."

"I, therefore, heartily endorse any movement, which has for its goal the encouragement of Scriptural study and the bringing of men's lives into harmony with the truths thus revealed."

Poetic Qualification
Genius is mainly an affair of energy, and poetry is mainly an affair of genius; therefore, a nation whose spirit is characterized by energy may well be eminent in poetry—and we have Shakespeare. — Matthew Arnold, in "The Literary Influence of Academies."

"Unknown" Territory
Our Southwest was called the "Great Unknown North" by Spaniards of the sixteenth century.

Many Observation Points
The United States weather bureau has 500 stations where river stages are observed daily.

Hints For Homemakers
By Jane Rogers

ROAST lamb can be given a delightfully exotic flavor by basting every fifteen minutes with the following mixture: one teaspoon salt, one-half teaspoon sugar, one teaspoon mustard, one and a half tablespoons garlic vinegar, and six tablespoons salad oil.

Sour cream has many culinary uses. Pork tenderloin prepared with sour cream will delight the most exacting epicure. Place the tenderloin in a frying pan with a liberal amount of butter and chopped onion. Add salt and pepper. Baste with one-half cup sour cream and cook until tender.

Senator-Elect Morrow Accepts Christmas Seal Tree for Lindbergh Baby

SENATOR-ELECT MORROW accepts a Christmas Seal Tree for the first Christmas of his grandchild, Charles Augustus Lindbergh, Junior, presented by Mar guerite and Hannah Raymond grandchildren of State Senator A. Crozer Reeves, Christmas Seal Chairman for Trenton, on behalf of the New Jersey Tuberculosis League.

The design of the twenty-fourth Christmas seal is a Santa Claus with a Christmas tree on his shoulder. It is sold throughout New Jersey by the 28 county and community tuberculosis associations affiliated with the New Jersey Tuberculosis League. Funds received from the sale are used in the support of clinic, nursing and health education services available in every county.

Nickname in Politics
Quids was the name given to the followers of John Randolph of Roanoke when he became an insurgent against Jefferson's administration in 1804. The name is derived from the Latin phrase "tertium quid," a "third something," and alluded to the fact that the Randolph clique were neither Republicans nor Federalists.

Wool Fat in Commerce
Lanolin is wool fat or wool grease in a purified condition. It is a substance consisting chiefly of the esters of cholesterol with certain higher fatty acids. Prepared commercially from wool as a yellowish white, unctuous mass, it is miscible to a certain extent with water. It is used widely as a basis for ointments.

WHAT I SEE AND HEAR IN SPORTS

BY HYPE

Our prediction of Notre Dame by two touchdowns against Army was shot in the last few minutes of play but anyhow our team won and that is some consolation. We will predict the mid-west boys against Southern California to win by one touchdown over their rivals. To do this, one must have complete confidence in the astute Rockne to uncover another perfect play and we think he has a few more under his belt. This game should crown Notre Dame as the national champions as they have defeated the best in the East, the best in the mid-west and if successful against U. S. C. who are recognized Pacific Coast champs, the crown would fit perfectly.

The intense rivalry between two teams was again manifested at the clash between the Hearts and the Y. M. H. A. of Perth Amboy on the latter's court last Sunday night. After having a comfortable lead in the first half, the Hearts seemed to lose confidence in themselves and were swept into oblivion and defeat in the final period, much to the delight of 'Moosh' Shier, who was playing his first full game for the home boys. Capt. Barkev was out in front as the high scorer of the game and played his usual bang-up game but one man never made a team victorious. He must have help.

St. Mary's girls will be on the practice end for the balance of this month, opening their season the first week in January. In next week's issue, we will publish the schedule as arranged. A large squad answered Miss Jerome's call and with the talent from last year and the new comers for this year, a sensational season is looked for as the teams to be encountered include most of last year's opponents.

The South Amboy High girls are rapidly getting into shape through their inter-class games and some very good talent is being brought to the front under the expert tutelage of Miss Forgtson, director of athletics in the schools.

The South Amboy High School Alumni Association will trot out the following section shoe artists to represent them on the court this season: James, Oliver, Allen, Sheppard, Lambertson, Green, Morris, Kurtz, Holman and Fox.

Under the whip of Charlie Eppinger

High Alumni Basketeers Open Season Wednesday

New Local Aggregation Will Oppose Strong Polish Nationals Wednesday Evening.

On Wednesday evening, December 10th, at eight-fifteen o'clock, the St. Amboy High School Alumni team will open its basketball season on its home court in the high school auditorium. Furnishing the opposition will be one of the strongest contenders for the county championship, the Polish National Association of South River. The P. N. A. have already beaten several of the county's strong teams and have with them John McDonnell, popular local youth as an outstanding player; Larkin, mentioned several years ago for the all-state scholastic team and several other well known stars.

Coach Charlie Eppinger has been working hard with the local squad and has chosen the following men to make up the team: Sheppard, Lambertson, Allen James, Kurtz, Oliver, Monty Green and Morris. Sheppard was unanimously chosen to captain the team.

Managers Safran and Reed have been working to arrange a schedule and to date the following teams have been booked: Leonardo, away, Saturday, Dec. 6th; P. N. A., at home, Dec. 10th; Keyport A. A. at home, Dec. 17; Sacred Hearts at home, Dec. 19th. The last game mentioned, between the Sacred Hearts and the High School Alumni is the first of a series to decide the city championship and will be played for the benefit of the unemployed of South Amboy All funds realized from this first conflict are to be turned over to the Community Chest Fund.

The Alumni Association have placed season tickets on sale, which ticket is good for 15 games on the high school court. The price of these tickets is \$1.50 and may be purchased at any of the following places: Frank O'Connor's Confectionery; Cozy Corner, Gallagher's, the Busy Corner and Blue Acre restaurant. Tickets also may be secured from any member of the team or may be purchased at the door.

Wise Sanitary Regulations

The Egyptians filtered the water of the Nile, and the Chinese in remote ages clarified their water supply. Joseph's well, near Gizeh, driven through 800 feet of solid rock, is a model for obtaining purity. The Roman aqueducts, tapping mountain streams for a city population, are later examples. Ventilation was another Roman hobby. The soundness of Moses' health regulations, adopted into the moral code, is confirmed by present-day theories.

Water Purification

The first kind of water purification was by sand filtration. In 1805 the mechanical process was introduced which is 40 times as fast and removes from 98 to 99 per cent of the bacteria.

Historic Scottish Spot

The Witches' stone at Spott, near Dunbar, Scotland, which marks the place where many witches were burned, is to be preserved and a righting placed around it.

er, this team should give a good account of themselves. Managers Ira Safran and Don Reed are preparing a schedule that will bring the best in basketball to this section and are sparing no expense to give the fans a run for their money. The tickets for the season games, totalling fifteen are on sale now. The opening game will take place Wednesday night at the High School auditorium against the strong P. N. A. of South River.

We wish to compliment the two local basketball teams on their quick response to the appeal of the writer to stage a basketball game for the unemployed. We understand the game will be played in the high school auditorium on Dec. 19th, if arrangements can be made for the hall. The Hearts and the S. A. High Alumni should pack the hall for such a worthy cause and incidentally this would be one of a series of games that would decide the champs of the city.

On December 9th, St. Mary's High play a diocesan game with St. Rose of Belmar on the latter's court. Having won one and lost one, they are all prepared to take the boys from the shore into camp to start the Diocesan League off right.

A larger string of basket ballers we have not witnessed in a decade, than trotted out on the floor to uphold the Blue and Gold for St. Mary's on Tuesday night against the Sacred Heart team of Elizabeth for the second game of the season. The first bunch that threw the old ball around gave mid season flashes and were on the go all the time and bid fair to make any of the boys hustle for a steady berth on the regular team. Spit Nebus flashed old time form to lead with three from the field. McCloud and Budniak got two each from the floor. Fleming, Dowling, Bulman, Hensberger, Leonard and Rip Coan contributed one each while Dowling got one ringer and two from the free line. Fleming, Fitzmaurice and Stratton contributed one foul each and John Coan got two to make a total of thirty-three while the visitors were grabbing off 10 points.

What a fast bunch that first combine were. Passing, shooting and pep like nobody's business. Rip Coan and Fleming showed real class Coupled with Dowling and Claffy, they should be kept together as each seems to know what's on the others mind.

Next week from all that's doing, we should have almost a pageful. We hope this skipped the Editor's eye as an inch is anyhow an inch, until then ta-ta-toot.

Planning Ahead For The Holiday Food Budget

Demonstration on Making of Plum Pudding and Fruit Cake at Parish House Wednesday Afternoon.

Once a year the homemaker flings aside all ideas of caution and revels in the fact that because it is Christmas time she is privileged to spend a little more for the foods which otherwise she excludes from her daily and weekly menu.

The rich Plum Puddings and Fruit Cakes, the Fancy Cakes and Cookies and delicious homemade Candies are all things she has been longing to make but because of her economic consciousness has not permitted herself to do it.

Even with the alibi of Christmas time to ease our conscience many of us will feel this year that we should not spend too much money for foods of this type but we will want the Plum Pudding and the Fruit Cake even though we will leave out some of the nuts and raisins.

At the Public Service Class in Home Management and Cookery which will be held on Wednesday, December 10th, at two o'clock in Christ Church Parish House, Miss McNeill will demonstrate and lecture on "Planning Ahead for the Holiday Food Budget." Miss McNeill's demonstration will include the making of Plum Pudding and inexpensive Fruit Cake.

YOU, YOUR CAR AND THE MOTOR LAWS

By Harold Lloyd
Author of "Feet First"

XXIV. CARRYING PASSENGERS

A recent case before the New Jersey Board of Public Utility Commissioners which received considerable attention in the newspapers concerning the practice of an automobile owner who took a party of neighbors to work daily, charging them fare. Of course, the board ordered him to cease the practice forthwith, inasmuch as he had not received permission to operate a public carrier.

It should be pointed out for the benefit of other motorists who have been accepting compensation for transporting fellow-workers or friends or neighbors that such an act also violates the motor vehicle laws, and renders the owner of the vehicle liable to revocation of his driver's license.

The motor vehicle law makes it mandatory that the owner of every vehicle used as an omnibus for the transportation of passengers for hire, pay an annual fee of \$15 for vehicles having a carrying capacity of five passengers or less; \$17.50 for vehicles carrying from six to eight passengers; \$20 for vehicles carrying from nine to twelve, and a fixed scale for larger conveyances, the fees being limited only by the size of the vehicle.

Evasion of this tax is a serious offense, and the practice of illegally transporting passengers for hire is grossly unfair competition with established transportation companies which not only have heavy investments in their lines, but, what is more important from the standpoint of this Department and of the State, yield heavy revenue in taxes and fees which are promptly and conscientiously paid.

It is a violation of the Traffic Act of 1928 for any person to stand in a roadway to solicit a ride from the operator of any private motor vehicle. This provision of course places no responsibility upon the motorist if he chooses to grant the request, but the solicitor is liable to a fine of \$50 or imprisonment for five days or both.

Although the motorist is in no danger of punishment in this connection, he is liable under the New Jersey laws for any injuries his guest may receive while riding with him, and for this reason many an automobile owner has rued the day he stopped at the thumb-wagging signal of a roadside hitch-hiker.

Aside from the question of legal responsibility for the safety of his passengers, the motorist runs the still greater danger of personal injury or loss of property by picking up strangers.

As a bulletin recently issued by a motorist organization said, "it may seem callous to urge motorists to reject the overtures of walkers for free rides, especially in cold and inclement weather. Doubtless there are many deserving persons to whom a lift would be an act of charity, but unfortunately the motorist is in no position to judge the character of walkers who hail him, with the result that many kind-hearted drivers are attacked and robbed by pedestrians they have befriended. The practice of robbing motorists is becoming increasingly prevalent."

The club rightly feels it is its duty to warn motorists of this danger and I desire to add my own word of caution to unwary drivers whose sympathies may be won by a forlorn fellow, wistfully begging a ride. He may not be forlorn at all, and his wistfulness may conceal a sinister determination to reward his benefactor with a slug over the head, the loss of personal valuables, or perhaps even the theft of his car.

These two points may thus be summarized:

1. Ignore hitch-hikers.
2. Don't accept compensation for "lifts."

Harold Lloyd's Greatest Picture at Empire

"Feet First" a Side Splitting Comedy Romance Coming to Empire.

Harold Lloyd has accomplished what he set out to do. In "Feet First," his laugh-a-minute, thrill-a-second comedy at the Empire Theatre, he has surpassed the thrills of "Safety Last," the all-time criterion for hair-raising moving pictures. This time Lloyd has done it in talking pictures. He has made an all-dialog film that's action from start to finish with no time out for conversation.

"Feet First" is a joyous romance filled with convulsing Lloyd gags, according to West Coast critics who have viewed first rushes of the picture. Lloyd, as an ambitious but blundering shoe clerk, falls in love with Barbara Kent, social secretary to his wealthy employer's wife, and, mistaking her for a fashionable heiress, he turns himself inside out to reach a social plane which will permit him to make love to her.

His ambitious social climb carries him to the top of an unfinished skyscraper, projects him from a sky-lobby window, makes him a stowaway on an ocean-going liner, and, generally, provides him with enough daredevil comedy situations to keep young and old laughing continuously during the progress of the story.

The complete story of "Feet First" was carefully worked out before shooting. Lloyd's last picture, "Welcome Danger," demonstrated the need for a complete prefilming plan in talking pictures. Other Lloyd pictures were changed and revised during the progress of the filming.

STATE AND COUNTY ITEMS OF INTEREST

While walking home one night recently, Mrs. Anna Hutchinson of Woodbridge was confronted by a youth who walked up to her slapped her face and snatched her pocketbook.

Her story to the police indicated that the youth drew up to the curb alongside her, rushed from the car, and after slapping her face and grabbing her purse rushed into the car again and rode off in the direction of Rahway.

The recent announcement that passing motorists had observed a spectacle sporting around the old Quaker cemetery at Shrewsbury drew crowds to the graveyard for several nights recently but when they stood for several hours in the dark waiting for the spirits and none put in an appearance, the surrounding community lost faith in spooks.

Today five Monmouth County men will depart on what promises to be an exciting adventure, to the lost Inca cities of South America.

The Shippes-Johnson expedition as it is called, is headed by George R. Johnson, a former New York newspaperman, a fellow of the American Geographical Society and for two years chief photographer of the Peruvian naval air service.

The trip will be made in two Bellanca cabin monoplanes and the expedition hopes to gain information of great value concerning the former inhabitants of these lost cities.

When Mr. and Mrs. C. Fred Malser of Newark, recently sent out invitations to a luncheon-bridge the guests believed that no unusual significance was attached to the event.

During the luncheon however they were suddenly startled to hear the phonograph to which they had been listening announce the engagement of their host's daughter, Miss Ethel May Malser to Harold Edward Lester.

By the provisions of the will of Katie S. Esger, who died recently at Trenton, flowers will be placed upon her grave every Easter Sunday, Memorial Day and Christmas.

The will besides specifying that she be buried in the family plot beside her two former husbands, set aside a trust fund of \$300 for the purchase of the flowers.

In Newark, you may be able to throw the bull and get away with it, but when it comes to fighting the bull, it's quite a different matter.

Dave Mackey local promoter planned to stage a bull fight in the city at which Sidney Franklin, Brooklyn Matador would be featured. Director Egan however refused to grant permission for the fight even after Mackey assured him that the fight would be an exhibition of skill and grace. The Director didn't doubt Mackey's intentions in this direction but believed the bull had considerable to say about that.

When the case came before the New Jersey Supreme Court, Justice William S. Gunnere sustained the decision of the Director.

Darcy Wilson, 23 of Padburn recently decided that notwithstanding the announcement of the management that the show was for "women only,"

he wanted to see a performance in a local theatre.

Attiring himself in women's clothes he entered the theatre with his wife, but was discovered and arrested when an alert usherette noticed his unusually large feet and called the fact to the attention of the management.

When taken to police headquarters Wilson and his wife both insisted the whole thing was "merely a joke."

All South Jersey is interested in a recent announcement made that 9,000 acres of land has been purchased in Atlantic County for colonization purposes by a Russian religious sect called the Doukhobors.

The Doukhobors who plan to establish the New Jersey colony have for a number of years lived in Canada where they raised hemp as a means of gaining a livelihood. The increase in tariff duties on this product have made it unprofitable to raise it there any longer and as a result the Jersey sight, which recent tests have revealed as ideal for hemp growing has been selected.

Last Sunday Colonel Edward A. Parritt of Princeton celebrated his one hundredth birthday.

The Colonel who is a Civil War veteran and the oldest living graduate of Ohio Wesleyan stood close to President Lincoln when he delivered his famous Gettysburg address.

The first time Parritt saw Lincoln was when he was making a speech in Galena, Ohio, during a campaign for Congress. When "Honest Abe" delivered the Gettysburg oration Parritt stood but a few feet from him and says that at the time the speech

was made, it apparently made little impression upon the crowd assembled

Thomas Edison recently received from Pope Pius XI a gold medal in recognition of the inventor's contributions to the world. The medal was mailed to him from the Vatican City.

The Pope informed Edison that he was well pleased with two gold and ivory Ediphones recently installed in the Vatican as a gift from the inventor. The devices bear the Papal coat of arms.

BIGGER AND BETTER

THE NEW CHEVROLET SIX

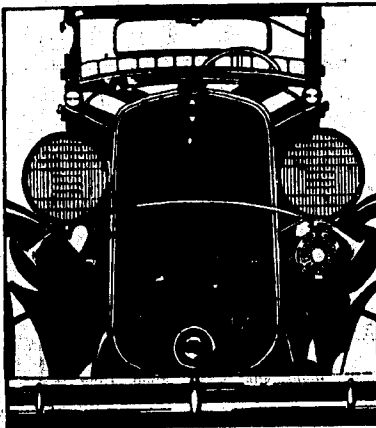

**Strikingly beautiful, fleet and smart
—a masterpiece of Fisher styling**

In the entire field of modern coachcraft no symbol has come to mean more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the *Bigger and Better Chevrolet Six*.

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, you will discover scores of refinements that stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar have been artistically grouped to create an unusually attractive and distinctive ensemble. Mouldings sweep back from the graceful new radiator in an unbroken line to blend with the smart new body contours. And new colors, in carefully devised combinations, lend a new individuality.

Front view of the new Chevrolet Sport Coupe

Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

The greater quality and beauty of the new Chevrolet-Fisher bodies have a counterpart in the many improvements which have been provided in the chassis of this *Bigger and Better Six*. Among these improvements are a longer, deeper, stronger frame; easier steering; a more durable clutch; a quieter, smoother-shifting transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The *Bigger and Better Chevrolet Six* is now on display in our showrooms. See it today—drive it—and learn for yourself that it is the *Great American Value*.

FRIDAY, DECEMBER 5, 1930

The splendid progress made since the meeting held last Friday evening to formulate plans for the relief of the needy of the city indicates what can be done when a group of public spirited citizens get out to accomplish a definite object.

The plan which has evolved is commendable and despite predictions from some quarters that nothing would come of the talk of relieving the local situation, a concrete plan for immediate relief has been established.

Already a number of affairs have been arranged to secure funds for the community chest and considerable more can be accomplished along this line.

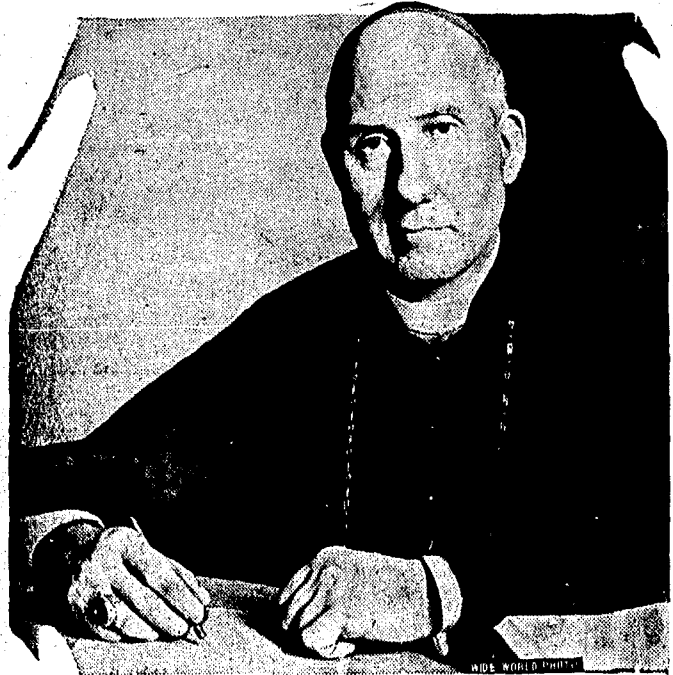

This is one of the most worthy projects that has ever been undertaken in this city in some time and should have not only the support of every citizen of the city, but those organizations that have not yet become actively affiliated with the movement should do so at once.

Sherman's Army Defeated Grant's

Using miniature golf links as a battlefield, and putters and golf balls instead of cannon and shrapnel, Civil war veterans of the National Military home at West Los Angeles, Calif., settled the "war" which has raged since 1865 concerning the question: Who had the better army, Grant or Sherman? The 27-hole battle ended in victory for General Sherman's forces. Coming through the arch of "golf course swords" is George L. Grinston, ninety-three, who defeated the Grant representative, Capt. Andrew J. Kimball, at the right.

Hear First Aid Talk

Miss Harriet W. Vanderveer addresses P. T. A. Association When it Meets Wednesday—Efforts Will be Made to Secure Local Child Nurse.

Wednesday's combined November-December meeting of the South Amboy Parent Teacher's Association was educational as well as interesting. Miss Harriet W. Vanderveer, the district supervisor of the Bureau of Child Hygiene of the State Department of Health was the speaker of the afternoon. She chose as her topic, "First Aid," in which she showed very clearly how mothers can exercise real first aid upon the child of pre-school age.

Many of the conditions found among the school children such as: contagious diseases, defective teeth, defective hearing, malnutrition and heart diseases can be prevented. They do not come on suddenly and can be avoided by a little first aid.

A child develops more quickly during the pre-school stage than at any other time, consequently that is the period when the child should be given the greatest hygienic care.

The toxin anti toxin treatment for instance is the first aid for preventing diphtheria. A tooth brush is the first aid for good teeth and so on.

The physical defects are very often the cause of retardation of a child in his school work. As our President, Mr. Hoover said at recent Health Conference at the White House, "One good nurse during the pre-school age will prevent twelve policemen later in life."

During the short business session over which Mrs. K. B. Humphrey presided in the absence of the president, a committee consisting of Mrs. Petty, Mrs. Irving M. House, and Mrs. K. B. Humphrey were appointed to confer with the Board of Education relative to the obtaining of a child hygiene nurse for South Amboy.

The attendance banners were awarded to the following classes: Miss Mary Mack's in School No. 1; Miss Julia Delaney's in School No. 2; and Miss Elizabeth Birmingham's in School No. 3.

The next meeting will be held on Wednesday, January 28, 1931.

"What's the use of growing up?" asked the gloomy one.

"Whusn matter?" asked the other one.

"Well," he growled, "when I was a kid, and had to eat the things my mother said were good for me, I thought when I grew up I could eat what I wanted, but now my wife treats me just like my mother used to."

Fourth Degree Knights
Met Last Night

A meeting of John F. Brady Assembly, Fourth Degree Knights of Columbus was held last night at 7:30 P. M. at the K. of C. home on David street.

Reports given on the Thanksgiving Eve dinner dance at the Woodrow Wilson Hotel in New Brunswick indicate that the affair was a financial as well as a social success. Discussion also centered on a program of winter activities for the assembly, but no definite program was decided upon. This will be announced later.

The regular monthly luncheons discontinued during the summer months, will be resumed in January. This one will be held on January 5th at the K. of C. rooms.

The members are planning to attend the major degree ceremonies of the order at Sayreville under the direction of Lady of Victory Council, which will be held in the near future.

Rutgers Quintet Opens
Winter Sports Season

New Brunswick, N. J., Dec. 5.—Basketball will open the winter sports program of Rutgers University when the Scarlet quintet travels to New York to meet the City College of New York courtsters tomorrow night. Last year the Lavender defeated an inexperienced Rutgers five by a score of 36 to 26.

With a well-balanced lineup of veterans and stars of last year's freshman team, Coach Frank Hill and his men face this initial contest of the hardest schedule in years with hopes of defeating this consistently strong C. C. N. Y. team. Eight lettermen and five numeral winners form the nucleus of the Scarlet quintet.

Daily workouts for the past month have seen Al Adler and Dutch Guiler, veterans of two seasons, at guard with Whitey O'Connell, last season's pivotman, at center. Two sophomores, Billy Eisenbach and George Chilson, will start in the forward berths. Vic Levin, a letterman, and Walt Wiggins, another sophomore, will be reserve forwards with Vic DiFilippo as alternate guard.

Following the City College game, the Rutgers five will meet Albright, New York University, University of Pennsylvania, Navy, Springfield, Holy Cross, Lafayette (two games), Fordham, Lehigh, Crescent A. C., Seton Hall, New York A. C. and Princeton in the order named. Albright, Penn. Navy, Holy Cross and the N. Y. A. C. are newcomers to the schedule.

Much Enthusiasm Over
Republicans Benefit

Plans for Card Party on December 11 Progressing Under Direction of Thomas Gleason, Jr.

Members of the South Amboy Republican Club are elated over the cooperation which has been accorded their plans for a monster card party to be held at the High School Auditorium on December 11th for the aid of local needy.

The committee which has been appointed will, in addition to arranging the details of the party, receive contributions for the Christmas season after the party has taken place.

The affair is non-partisan in character and all who care to assist in the cause are urged to get in touch with Thomas Gleason Jr., chairman of the committee. The committee will also be happy to receive information concerning any needy cases in the city and each case submitted will be given individual consideration.

Professor Describes
Model Child School

Children two to four years are constantly learning, instead of "giving a purely vegetable existence", according to Dr. Sidney A. Cook, head of the psychology department of the New Jersey College for Women, who talked over Station WOR yesterday afternoon on "A Day at a Nursery School".

Dr. Cook is one of the directors of a School for Child Study which recently was established at the New Jersey College for Women.

"It is not fatuous sentimentality", said Dr. Cook, "to speak of a three year old child as unconsciously acquiring poise, leadership, self-reliance and cooperation. A nursery school does not supplant the home; rather it supplements it, providing space, equipment and companionship of other children, under quiet supervision of those who have studied children at home, school and play."

A nursery school makes better parents, Dr. Cook says, since it encourages them to come to the school to talk over problems and add to their store of knowledge through the observation of children the same age as their own.

"The purposes of a nursery school," Dr. Cook concluded, "is to provide the best possible environment for the child. The physical surroundings, mental stimulation and emotional atmosphere are to be such that the child will be encouraged to develop to the limit of his ability."

Dr. Cook spoke on the second of twelve programs which are being presented by the New Jersey College for Women alternate Thursday afternoons at 3:30 o'clock. Mr. and Mrs. Justin Williams sang a number of duets on the same program.

When the South Amboy Lions assembled for their bi-monthly meeting at the Seacroft last night there was a large and enthusiastic attendance.

Community singing took place and solos were rendered by Steve Szobalowsky who sang a popular Hungarian ballad in that tongue and by Francis Coan and George Kress. Mrs. Regina McGovern presided at the piano.

Francis P. Coan chairman of the committee which has in hand arrangements for the annual ladies night, rendered an interesting report which indicated that the affair this year will be greater than ever before. Thomas Muir, of Plainfield, the blind assemblyman will be the principal speaker and music for dancing will be furnished by the Seacroft Orchestra.

The speaker of the evening last night was D. W. Bartholemew, of Perth Amboy, who was furnished by Christopher Nicholas. His talk on the growth of insurance was received with great interest. The various kinds of insurance developed since the founding of the business in the fourteenth century, when the first marine insurance company was founded until the present day were explained in detail in an interesting manner.

James Doukas, owner of the Marathon Bus Line, and a prominent member of the club, was given a hearty welcome back to the city by the members during the evening. Mr. Doukas recently returned from an extended trip to Greece.

Arrangements are being made for attendance of a large group of local Lions at the regional meeting to be held in the Masonic Hall in New Brunswick next Thursday night.

Mrs. Francis Slover
Heads Pythian Sisters

Annual Election Held Last Night at Wilhelm's Hall.

Mrs. Francis Slover was elected Most Excellent Chief of the local Pythian sisterhood when the lodge met for its annual election last evening.

Other officers elected were Excellent Senior, Evelyn Corbin; Excellent Junior, Tillie Mortenson; Manager, Mrs. Charlotte Hawse; Mistress of Records and Seals, Ada Hamilton; Mistress of Finance, Carrie Wilson; Protector, Helen Gleason; Guard, Ella Applegate; Trustee, Mamie Applegate; Installing Officer, Helen Kurovsky; Captain of Degree Staff, Ada Hamilton; Pianist, Catherine English.

The officers elected will be installed at the first regular meeting in January. At the next meeting, to be held on Dec. 18th, the annual Christmas party will take place. Mrs. Francis Slover, Tillie Mortenson, Helen Gleason, Charlotte Hawse, Louisa James have been appointed on the

committee to arrange for this party at which a covered dish luncheon will also be served.

LOOKING BACK 22 YEARS

Mr. and Mrs. George Lutes of Harborton spent Saturday and Sunday with Mrs. Melvin Nichols on David Street.

Robert P. Mason, Jr., spent from Thursday to Monday last with his uncle, the Rev. John R. Mason of Collingswood.

Miss Bertha Heath attended the golden wedding anniversary of Mr. and Mrs. J. D. Sickles, at Freehold, on Thanksgiving eve.

Miss Tillie Johnson, of Bordentown avenue, who has been suffering for the past week with tonsillitis, has fully recovered her health, and will be out in a day or two.

The P. R. R. Shipyard closed down indefinitely this week.

William S. Dey, of this city, has again been selected sergeant-at-arms for the coming session of the legislature.

The present Grand Jury will meet on Monday for their last session. The usual banquet time will probably be observed in the afternoon of that day. South Amboy is well represented on the new Grand Jury that has been selected.

Star of Bethlehem Lodge of the Order of Bethlehem held an initiation and banquet in their lodge room on Saturday night. The initiation team was from out of town. The work was nicely rendered. About one hundred guests partook of the banquet. Visitors were present from New Brunswick, Jersey City and Perth Amboy. The occasion was a very pleasant one.

Protection Engine and Hose Company held their annual election in the engine house on Tuesday. The following is a list of the principal officers elected.

Robert Seagrave, president, John Connors, vice-president, James Green, secretary, Michael Welsh, Treasurer, James Bailey, foreman, J. E. Price, first assistant, J. P. Connors, second assistant, H. S. Minnick, third assistant, James Mannion, fourth assistant.

Joel Parker Council No. 69, Jr. O. U. A. M. attended service last Sunday evening at the Presbyterian Church. A very good representation of members was out, and the church was well filled with a congregation. The Rev. George Kane preached an excellent sermon that pleased the members of the order and their friends. The music by the choir was an extra attraction that gave much satisfaction.

The Ladies Aid Society of the Methodist Protestant Church met at the church on Thursday afternoon and after quilting two quilts, Mrs. Charles H. Berrien treated the ladies to re-

freshments in celebration of her birthday. On behalf of the Ladies' Aid, Rev. N. E. Webb, in a few well chosen remarks presented Mrs. Berrien with a handsome ring. The afternoon proved exceptionally pleasant to all in attendance.

A good attendance gathered at the weekly meeting of the Republican Club held on Saturday night at the rooms in the Parison Building.

President Collin Stratton was in the chair. Reports of committees, receiving of dues and paying of some bills constituted the chief business that was transacted. Rules for the government of the club were read and adopted.

At the regular meeting of the borough council on Tuesday evening, the secretary of Independence Engine Company reported names of parties who had been members of the Fire Department for seven years and were entitled to exemption certificates. Upon motion certificates were granted and the clerk was instructed to forward them to the secretary of the company. The names were William S. Dey, Martin Shuler, M. Leonard and Walter Smith.

The collector offered the following report, showing balances on hand: Balance, borough account \$7,731.17 Balance, water account \$2,655.78 Balance, school account \$5,539.93

The recent school census discloses that there are 2578 children in South Amboy between the ages of one and seventeen years, inclusive. The total number of children coming under the school law, between the ages of seven and seventeen years, inclusive is 1581.

The total number of children attending schools in the borough is divided as follows, Public Schools 658, St. Mary's, 653, Polish School 270.

A total of 207 children of legal school age are not attending school in the borough. This number is made up as follows: Public Schools, 84, St. Mary's School 66, Polish School 57.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at Peterson's Pharmacy, the nearest Rexall Drug Store. Adv.

the Way
to Heat
Rooms
Quickly

APPLY a match to the gas steam radiator and in a few minutes the room is comfortably warm. Wherever heat is needed only on occasions, and where people have economy in mind, you will find the gas steam radiator. It is a popular way of heating stores, club rooms and public buildings. In some buildings the radiators are sufficient—in other buildings they are used in addition to furnace heat.

These gas steam radiators come in different sizes and different heights. The large sizes have two burners. Prices begin as low as \$29.25 cash. Payments may be made in monthly installments, but a slight increase over the cash price is charged.

St. Mary's P. T. A. Holds Card Party

Affair Held at Wilhelms Hall Tuesday Night Under Direction of New President.

On Tuesday night at Wilhelms Hall, the Parent Teachers Association of St. Mary's School held a card party under the direction of Mrs. John Keenan, newly elected president.

Prizes in the various games were awarded to the following:

Non-players: Mrs. John Quinn, Mrs. Joseph O'Brien, Mrs. Roger Leonard and Mrs. Regina McGovern.

Bridge: Mrs. James Dolan, Mrs. William O'Connor, Mrs. James Farley and Mrs. Maurice Lucitt.

Euchre: Mrs. Mary McDonnell, Mrs. John Cosgrove and Mrs. John Kerwin.

Fan Tan: Mrs. James Kelly, Mrs. B. Carroll and Mrs. Thomas O'Leary.

At the next regular meeting on December 9th, a chicken dinner basket will be disposed of on the cooperative plan. During the meeting the newly elected officers of the association will occupy their stations for the first time.

Mr. and Mrs. Klegman Celebrate Son's Birthday

Party in Honor of Joseph Klegman Held at Parents Home Recently.

A birthday party was held at the home of Mr. and Mrs. H. Klegman of Broadway in honor of their son, Joseph's twelfth birthday, recently. The rooms were beautifully decorated in pink and green and there were many games played and prizes awarded. Vocal selections were rendered by Mrs. D. J. Hayes and William Sullivan, accompanied on the piano by Mrs. W. Schwenk. Exhibition tap dancing was given by George Brennan.

Among those present were: Margaret Hughes, Alfred Tenenbaum, Sidney Rosenthal, Irving Rosenthal, Sambo Rosenthal, Samuel Rosenthal, Herman Klegman, Joseph Klegman, Theodore Medinets, Alfred Medinets, Mrs. W. Shwenk, Mr. and Mrs. H. Klegman, Theodore Laskiewicz, Mrs. D. J. Hayes, William Sullivan, Geo. Brennan and Edward Moran.

HEARTY COOPERATION IN PLANS FOR LOCAL UNEMPLOYMENT RELIEF

(Continued from page one)

cause of their close contacts with this type of work were able to furnish some interesting information concerning local needy families. Monsignor Griffin of St. Mary's parish also donated considerable information concerning cases of this nature.

During the meeting the information was received that the Jersey Central Power and Light Company had declared they would retain in their employ all the married men at present employed. Similar expressions of cooperation were received from the Sun Oil Company, which is expected to start work on its new plant in this city within a few weeks and from a number of industries in this vicinity.

A permanent organization known as the "Community Chest" has been organized for the emergency, with Councilman John Walczak president, and Mrs. A. J. Fenzel, chairman.

Councilman Walczak has extended an invitation to all organizations in the city to become affiliated with the chest and to appoint representatives to its meetings.

The idea has taken hold in the organizations already represented and considerable is being done in the way of securing funds. On Wednesday, the Ladies Auxiliary of the Veterans of Foreign Wars held a card party for the purpose of raising funds for the chest. The South Amboy Woman's Club will conduct a benefit miniature golf tournament at the Broadway Miniature Golf Course on December 10, 17 and 18th and arrangements have been made for a basketball game between the Sacred Hearts and the newly organized South Amboy High School Alumni team, which will be played at the High School Auditorium on December 19th, if the auditorium can be secured for that date.

Sacred Hearts Bow to Bayonne Tossers

Hill Team Loses to Strong Milo A. C. in Hard Fought Game on Local Court.

In a bang up game of basketball, the Sacred Hearts went down to defeat before the strong Milo A. C., of Bayonne Tuesday night.

Outscored in the first quarter, 8 to 5, the Hearts pulled up at half time with the score 14 to 9 against them. At the three-quarter pole, the Hearts were trailing 21 to 14. Putting on real spurts by dropping them in from all corners, the Hearts pulled up with a 30 to 28 score, outscoring the visitors in the last period 12 to 9.

The Sacred Heart Reserves took the Arrows of Keyport into camp by a 28 to 26 score. The three-quarter ended with the Reserves leading 19 to 10, but the visitors nosed under the wire at the finish in a dead heat at 24 all. After an extra five minute period the Reserves pulled away to a 28-26 victory.

The Reserves will meet the strong Pioneer club of Perth Amboy in the Preliminary game on Tuesday, Dec. 9, when the Sacred Hearts will meet the Keyport A. A. in the first of a series of games.

World's First Settlements

So far as history and archeology tell, the first cities or towns in the world were built by the Sumerians in the Tigris-Euphrates valley perhaps as early as 4500 B. C. Towns and villages exist today on some of these sites, but none can be pointed to as existing continuously.—National Geographic Society Bulletin.

Local Butcher Talks

Turkey About Turkeys

Vincent Nebus Explains Cause of Greater Popularity of Turkey This Year Than in Previous Years.

Another evidence of the unexpected developments of these queer times cropped up last week at one of the local grocery and meat stores. It is perhaps explained by the tendency on the part of local residents to more than ever before be soot of safe and sane in their spending.

The increasingly popular store of Vincent Nebus on Feltus street was the scene. The unusual feature of the Thanksgiving week's business was the heavy sale of turkeys. In the six years he has been in business on Feltus street, says Mr. Nebus, he never saw such a demand for turkey. Turkey has also been a regular item among his offerings to the public around the holiday season but this year the turkey sales exceeded the combined turkey sales of all the previous six Thanksgivings.

Of course the price of turkey this year was far below the quotations of last year's and years ago. So far down was it that it almost got into competition with chicken, duck, etc. And incidentally, Mr. Nebus naively admits that his sales of duck, chicken, etc. were far ahead of other years.

The fact that he had advertised his features in this paper may have had something to do with his unexpected and pleasing jump in sales we dunno.

Items of Interest From Mechanicsville

The Mechanicsville Hose Company held its regular annual election of officers on Tuesday evening at the fire house. J. Roy Freeman was elected president; Autin Stolte, vice president; John Norek, recording secretary; Charles Zientek, financial secretary; Edward Render, treasurer; John Jesko, sergeant at arms; George Sloum, assistant sergeant at arms; George Gamble, captain; Charles Zientek, first lieutenant; J. Roy Freeman, second lieutenant; Henry Kurtz, chief driver; Lloyd Neilltopp and Fred Leroy were elected as trustees and J. Leroy Freeman as janitor.

A special inspection of the company has been ordered for next Monday night, when Edward Render, the outgoing captain and George Gamble, the newly elected captain, will inspect the company and paraphernalia. All members of the company must be present in full dress uniform for the inspection.

Tickets are being disposed of rapidly for the drawing the company will hold at the fire house on December 22, when a turkey, a goose, a chicken and a duck will be awarded.

Walter Stolte, John Swalick and Francis O'Brien were Philadelphia visitors Wednesday.

Mike Nych of Raritan street has purchased a new Chevrolet.

Mrs. Bertha Dewan and family visited Mrs. Dewan's sister at Camden last Sunday.

John Jesko and John Coyle were South River visitors on Wednesday evening.

Wednesday evening the Pitt Club met at the home of Mrs. Philip Render on Conover street. Various card games were enjoyed and the members of the club enjoyed singing and dancing during the evening.

Among those present were Mrs. Charles Watson, Mrs. James Reilly, Mrs. Henry Kurtz, Mrs. Joseph Grigor, Mrs. Louis Tedesco, Mrs. George Hart and Mrs. Florence Stolte.

The next meeting of the club will take place next Wednesday at the home of Mrs. George Hart on Conover street.

Mr. and Mrs. Jack McGuirk and family of Perth Amboy visited with Mr. and Mrs. Thomas Dohane on Sunday.

Mrs. Louis Kurtz was a Bound Brook visitor last Sunday evening.

The next meeting of the Mechanicsville Hose Company will be held at the fire house on December 16th. This will be the last meeting of the company this year.

Philip Render Jr. of Conover street is recovering from a recent serious illness at his home.

Music Conservatory Newly Established At Perth Amboy

Italian Composer, Well Known in Local Circles Continues Career as Maestro.

A new conservatory of music has just opened in Perth Amboy. The maestro, Virgilio F. Cicala, is very well known amongst the Italian people of this vicinity as a composer of great excellence, and as a violin virtuoso among the leaders. At the close of the World War, in which he served with the Italian army for the entire duration, Cicala came to America, and since 1923 has built for himself a reputation as a teacher of music. His previous studios at Brooklyn, White Plains and New York City, were successful in every respect, and his pupils have appeared on many concert stages. Maestro Cicala has composed three symphonies which are about to be introduced to the musical world. His new studio is located at 354 New Brunswick avenue, Perth Amboy.

ORDINANCE AUTHORIZING EXCHANGE OF LAND PASSED BY COUNCIL

(Continued from page one)
complete, have a tract of land at the end of Henry street a thousand feet long and nearly two hundred feet wide. The tract, in the words of Mr. Conkley as voiced at the Tuesday night meeting, being very suitable for dockage, warehouse, sewerage disposal plant, or what-not that the future may develop a need for.

The council gave quite some time to a discussion of the proposed traffic light for the State Highway and Feltus street intersection City Engineer Conlogue had reported that the latest development he knew of was a request from the Commission for a ditions as they really are most of the count was to be made for two sixteen hour periods and the engineer suggested that the count be made on a Sunday and a Wednesday.

Councilman Malloy didn't like the idea of a traffic count at this time of the year because it wouldn't show covered in by both Councilmen Gallagher and Walczak, also developed that the traffic commission representatives had already made their own traffic counts at various periods. Mr. Malloy thought even less of the idea of making a count now upon which the decision as to the need of a light at the point might arise.

In the end it was left to have the police make the required traffic count and an attempt is to be made to explain that the count now does not show the real danger of the condition as it exists from the early spring through the summer and into the late fall.

Permission was granted to Mrs. A. C. Parlsen to have installed three thousand gallon gasoline tanks on her property on Pine avenue at Louisa street.

Police Justice Linwood Van Cleef reported that fines collected during November amounted to \$150 which had been turned over to the City Collector.

President Gallagher announced the appointment of Commissioners of Assessment on street improvements as

follows: Conover street, Charles Pearce, Michael J. Cleary and Jas. Manhattan; Louisa street, Edward Fleming, George Stenke, Cornelius McGonigle; Feltus street, Peter Dobrenski, Philip Purcell, Dominick Sorrentino.

For some reason, unexplained, Councilman Inman nominated Mrs. May Bowen for the office of city

collector. Mrs. Bowen is at present a hold over from a previous appointment by virtue of no successor having been appointed On a roll call vote, Messrs. Gallagher, Stanton and Walczak voted against the nomination and it was declared to be lost.

President Gallagher announced that a letter from Mayor Kvist had extended an invitation to the council

members and city officials to attend the Ladies Night event being arranged by the Tri-County Municipal Association at the Searcroft on Dec. 17. The association is composed of mayors of municipalities of Middlesex, Monmouth and Ocean counties. The affair promises to be quite entertaining with several prominent speakers, refreshments, music and entertainers.
